Subject: Cottage Hospital's Annual Legislative Town Hall Meeting

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Good morning Governor Ayotte-

Cottage Hospital is hosting our Annual Legislative Town Hall Meeting on Friday March 28, 2025 from 8:00am – 9:30am. We would like to invite you to attend and update the group on the important issues you are working on.

We have planned a comprehensive agenda starting with our President & CEO, Holly McCormack DNP, who will be presenting an update on Cottage Hospital. The New Hampshire Hospital Association's President Steve Ahnen and VP of Government Relations, Ben Bradley will be speaking as well. Time has been allotted for additional legislators to share important topics, as well as a questions and answers period.

The meeting will be hybrid again this year and we welcome you either in person or via Zoom.

We understand you have a busy schedule and we would like to work with you to allow for your participation.

A light breakfast will be provided beginning at 7:45am.

Please RSVP by February 7, 2025. I will forward the agenda and any additional information closer to the meeting date.

Thank you for your time and we look forward to see you.

Thank you,
Missy Lund, CAP
Executive Assistant
Cottage Hospital
Office Hours: 730am-4pm

BONJOUR MME LA GOUVERNEURE DU NEW-HAMPSHIRE.

FÉLICITATION POUR VOTRE ÉLECTION=CONGRATULATION FOR YOUR ELECTION.

CE COURRIEL VRAIMENT FRANC ET HONNÊTETE, COMME DANS LE BON VIEUX TEMPS, SEMBLABLE À CELUI QUI NOUS MANQUE CE BON VIEUX TEMPS, ENCORE TOUT LE TEMPS. ON NE PEUX PAS DIRE QU'EN CETTE ÈRE OU ÉPOQUE OPAQUE, QUE LA CONFIANCE RAIGNE AUTANT QU'AVANT QUAND NOS GRANDES-MAMANS, ÉTANTS DE GRANDEURS PLUS GRANDES QUE TOUTES LES BONS MOMENTS, QUE CES GRANDES TRÈS GRANDES GRANDS MOMANS, PRÉPARAIENT TELLEMENT DE BONS DÉSERTS SUCCULENTS, TELLEMENT, QUE NOS GRANDS-MÈRES SOURIAIENT TELLEMENT DE NOUS VOIRENT DÉGUSTER LEURS SUCCULENTS DÉSERTS SI SUCCULENT, ET....

DÉGOULINANT, QUE CEUX-CI CE RETROUVÈRENT AVALÉS EN DEUX TEMPS, 3 MOUVEMENTS, TELLEMENT NOS GRANDES BOUCHES TELLEMENT VRAIMENT FRANCHEMENT OUVERTES, QUE NOS TROP PETITS ESTOMACS, CE RETROUVAIENT VRAIMENT TELLEMENT TROP VITEMENT TOUT SIMPLEMENT TROP VITE REMPLIS DE TELLEMENT DE SUCCULENTS DESSERTS DE NOS GRANDS-MOMANS, QUE PLUS UN MÊME TELLEMENT DE TRÈS PETITS DESSERTS N'AURAIT PUS ENTRER DANS NOS ESTOMACS TELLEMENT VRAIMENT TOUT LE TEMPS DE TROP PETITS ESTOMACS D'ENFANTS TROP P'TIT POUR EN MANGER NORMALEMENT, COMME LES GRANDS, DEVENUE GRAND.

MAUDIT QUE CES PLATE MME LA NOUVELLE GOUVERNEUR DE LA NOUVELLE LÉGISLATION DE 2025 AU NEW-HAMPSHIRE, LA TERRE D'ACCUEIL DE VOS ANCÊTRES QUÉBÉCOISES ET QUÉBÉCOIS, ANCIENNEMENT CANADIENNES ET CANADIENS, PARTIS

AVEC LEURS TROP GRANDES FAMILLES, VENUS AU ZÉTAZUNIES POUR AVOIR DE MEILLEURS CONDITIONS DE VIES, QUE DANS LEURS PAYS, DE CE QU'IL EN RESTES DE SON ANCIENNES SUPERFICIE, QUI COUVRAIENT LA MAJEUR PARTIE DES ZÉTAZUNIES PLUTÔT TROP DÉSUNIES À MON AVIE.

EN TOUT CAS, JE SUIS FRANC, CELÀ DEVRAIT PARAÎTRE UN PEU AROGANT MAIS, JE NE SUIS QU'UN TANANT, QUI A GRANDIS TRÈS PRÈS DE MADAWASKA, MAINE, OU À 100 MILES DE PRESQU' ÎLE-CARIBOU, MAINE. EN TOUT CAS, MME LA GOUVERNEUR DU NEW-HAMPSHIRE,

I WANT TO TALK TO YOU ABOUT MY PLAN=MOUNT-WASHINGTON'S NEW DEPARTMENT PLAN. I'M WRITING IN A DEFRENT WAY THEN REGULAR MORE CONVENTIONAL PEOPLES BECAUSE I'M ALSO A WRITER AND A SONG WRITER SO, I'M ABOVE ALL=AN ARTIST. I MAKE ALL KINDS OF SONGS. VERY ECLECTICS. I DID A SONG FOR AMERICANS. IT TALKS ABOUT HOW 2001 HAD A VERY IMPORTANT IMPACT ON EACH AMERICAN WHO LOST TRUST IN THE FUTURE TO COME. IT AFFECTED ALSO THE IMAGE OF A PEACEFUL SECURED IMPRESSION THAT COLLAPSED THAT DAY AND NEVER CAMED BACK EVERSINCE. THEY ARE WAITING FOR THE COUNTRY THEY USED TO LOVE TO COME BACK AGAIN. MAKES AMERICA GREAT AGAIN IS THE RESULT OF THIS LOST OF APPRECIATION OF THEIR COUNTRY THEY HOPE TO GET BACK. I THINK IT IS REALLY POSSIBLE FOR YOUR COUNTRY TO BE HOT AGAIN=MAKE AMERICA HOT AGAIN OR MAKING AMERICA ROCK AGAIN WOULD AT LEAST GIVES HOPE TO AMERICANS. MY SONG SOUNDS LIKE AN HIPPIES SONG. VERY SLOW. IT STARTS LIKE THIS "SINCE 2001, AMERICANS... THE SONG TITLE IS:"AMERICANS WITHOUT TOO MUCH ☺, SUN! I HAVE MORE SONG ABOUT EVERYTHING INCLUDING AGAINST RACISM= "MELANINE"=THE PROTEIN THAT PIGMENT ALL ANIMALS. ITS LEVEL DIFFERENCES BETWEEN HUMANS AS AN EXAMPLE, IS WHAT IS MAKING US HAVING ALL DIFFERENT SKIN, EYE, HAIR COLORS. OUR DIVERSITY. EVEN ON OUR SELF, WE CAN HAVE A REDDISH BEARD, DARK HAIR, BLUE OR BLACK EYES, LIGHT FAIR OR BLACK WITH ULTRA WHITE SKIN OR MUCH DARKER. MY COUSINS SON IS BLUE EYES AND HIS FATHER IS 1/2 AFRICAN SUB SAHARIAN BLACK. ANYWAY, MELANINE IS A VERY CLASSIC STYLE SONG. THE MESSAGE IS VERY COME. THE RESULT IS THERE TO REMOVE PREJUDICE...

ANYWAY, I GOT CARRIED AWAY. IT IS MY STYLE. CAN'T HELP IT AT MY AGE. 🙄

HERE IS THE CONCEPT FOR 2 EXISTING PARCS HAVING A BUSINESS MODEL DATING WHEN CAESAR WAS THE EMPEROR, WOULD CREATE AT LOW CUST, A WORLD CLASS SUPER INTERACTIVE PARK.

THIS PARC SHOULD OF BEEN ALREADY THERE BUT...

I'M THE VERY FIRST ONE THAT THOUGH OF USING THEM FOR THE WORLD CLASS DOUBLE PARCS THAT ARE SATURATED AT BOUTH EXTREMITY OF A VALLEY.

I CALLED "THE OVAL VALLEY" (LA VALLÉE OVALE), IN NORTH NEW HAMPSHIRE AND MAINE.

AN AIR SHUTTLE BETWEEN THE TWO MOUNTAIN=MONT-DE-LA-NOUVELLE-FRANCE (still MOUNT-GOSFORD=a British governor in QUÉBEC CITY, that... I'LL EXPLAIN...

YOUR FAMILY HISTORY ARE CONCERNED HERE...

I'LL EXPLAIN), AND MOUNT WASHINGTON.

IN CASE YOU DON'T SPEAK FRENCH, I'LL WRITE YOU IN ENGLISH. I NOW A LOT ABOUT EVERYTHING BUT I'M AN EXPERT IN HISTORY. I UNDERSTAND VERY WELL YOUR FAMILY HISTORY. NOT ONLY THE FRANCO-AMERICAN, BUT THE IRISH.... ETCETERA.

I HAVE THE NEW-FRANCE ATTORNEY GENERAL THAT HAVE =(FATHERS AND SON) THAT FIGHTED GOVERNOR FRONTENAC AND ITS CORRUPTED BEHAVIORS DURING MAYBE ON A PERIOD OF OVER 30 YEARS.

THE ATTORNEY GENERAL OF NEW-FRANCE=MOST OF NORTH AMERICA ON A 229 YEARS PERIOD UNTIL THE BRITISH TAKE OVER, AFTER 1763.

THE ATTORNEY OF NEW-FRANCE=THE DAUTEUIL=FIRST STREET IN THE OLD WALLED QUÉBEC CITY, THEN, THE CAPITAL OF NEW-FRANCE.

THIS STREET=DAUTEUIL, IS NAMED AFTER BOUTH ATTORNEY GENERAL, IN NEW FRANCE BACK THEN. IF YOU WANT MORE="DAUTEUIL PROCUREURS" on the WEB.

HERE ARE A TRAILER ABOUT A TV SERIE HERE 1989 WHERE THE STORY IS COMPLETELY, LINKED WITH YOUR EXISTENCE.

THE MILLS OF POWER IS THE FRANCO AMERICANS HISTORY. MAYBE YOU HEARD ABOUT IT.

SO, HERE IS MY LAST 4 YEARS IVG STORY AND HOW I CAME UP WITH ALL THE CONCEPT.

I'M A REAL DEVELOPER. I AM WELL EQUIPPED. I AM 59 AND HAVE AN ENORMOUS APPETITE FOR ALL KNOWLEDGES.

I'M NOT EXAGGERATING.

I CAN LEARN ANYTHING. TOO MANY SCIENCES, AND MORE ORDINARY KNOWLEDGES.

THAT MAKES ME DO, RICH CONCEPTS USING ALL USEFUL ASSETS THAT I CAN DECRYPT AND USES TO DEVELOP A MORE SYNERGISTIC COMPLETE GLOBAL PROJECTS.

SINCE THE LAST 4 YEARS (4 YEARS AGO, I TOOK A YEAR OFF 😊), I'VE BEEN WORKING ON R/D EXCLUSIVELY AT MY OWN EXPENSE\$\$\$\$ 🙏.

I DID HAVE MADE MANY CONCEPTS AND WORKED ON SO MANY LOW CUST PROJECT, WORKING ON DEVELOPING LOGICALLY, USING EVERYTHING THAT CAN OPTIMIZE THE FINAL RESULT.

MY CONCEPT FOR THIS INTERACTIVE INTERNATIONAL SUPER WORLD CLASS BI NATIONAL INTERACTIVE PARKS, IS VERY REALISTIC.

WE WOULD NEED, ONLY FEW INVESTMENTS AND THE MAGIC, MAGNETISM THAT THESE SMALL CHANGES WOULD DO, WILL CREATE A NEW MORE NOBLE AMBIENCE THAT WILL MAKE OUR BOUTH TOURISM INDUSTRY AND IMAGE, WILL FUELED THE WORLD TO COME TO MOUNT WASHINGTON TO SEE MOUNT OF NEW-FRANCE LIGHTED COLORED LIGHT SHOW MONUMENT (AS THE GEORGE WASHINGTON LIGHTED COLORED MONUMENT), AND BY LIGHT FLIGHTS BETWEEN THE DISTANCE BETWEEN THE TWO MOUNTAINS=120 KM=75 MILES, WILL GET TO SEE MOUNT-WASHINGTON FROM MOUNT-OF NEW FRANCE=THE 3rd highest in QUÉBEC, 1st OF SOUTHERN QUÉBEC, but the MOST VALUABLE FOR DEVELOPMENT BECAUSE THE MOUNTAIN IS QUITE CLOSE FROM MONTRÉAL AND QUÉBEC CITY.

THE HIGHEST IN QUÉBEC IS IN ITS ARTIC=NO AIRPORTS=JUST LIKE IN THE WILD=MONT-D'IBERVILLE=FOUNDER OF LOUISIANA=SON IN LAW OF THE ATTORNEY DAUTEUIL. D'IBERVILLE DIED IN CUBA. HIS WIFE REMARRIED IN FRANCE, HAD A DAUGHTER THAT HAD MARRIED THE RICHEST MAN IN FRANCE, JEAN PÂRIS DE MONTMARTEL SEE WIKI, GOT FATHER AND MENTOR OF THE FAMOUS LOUIS XV MISTRESS MARQUISE DE POMPADOUR, THAT PROVOKED THE COLLAPSES OF THE FRENCH EMPIRE ALL OVER THE WORLD. PONDICHERY INDIA, NEW FRANCE IN AMERICA... THE MARQUISE WAS IN CHARGE OF THE FRENCH AFFAIRS. LOUIS XV

PREFER SEX DRUG AND ALCOHOL AND FUN...

SO ANYWAY,
FOR THE SACOND HIGHEST MOUNTAIN IN QUÉBEC, IT IS LOCATED FAR IN THE
GASPESIAN PENINSULA=MONT JACQUES CARTIER=FOUNDER OF THE FRENCH NORTH
AMERICA'S SETTLEMENT IN CANADA IN 1534.

THEIR ARE ONLY 2 MAJOR MAIN ENTRANCES ON THE NORTH AMERICAN CONTINENT
THAT WAS ESSENTIAL AT THE TIME TO HAVE ALL ROUTES FOR COLONISATION AND
DEFENSE. AROUND 70 FORTS, FORTINS. FORTRESSES, COMPOSED THE FRENCH
DEFENSE SYSTEM IN AMERICA. ALSO US. THE PLUG HOLES IN BOUTH MAIN
ENTRANCES DEFENCE NETWORKS. NOUVELLE-ORLÉANS, ST-LOUIS, CHICAGOU,
CRÈVE-COEUR, FORTS DAUPHIN in MANITOBA, DÉTROIT, FORT ROUILLÉ=TORONTO,
FORT FRONTENAC=KINGSTON ONTARIO... A REALLY BIG EMPIRE THE FRENCH IN
EUROPE, TO DEVELOP AN ENORMOUS NEW BIGGER EMPIRE IN AMERICA. MORE
EQUIPPED AND 5X MORE POWERFUL THAN ENGLAND AT THE TIME=IF FRANCE
WOULD OF DONE WHAT IS SHOULD OF HAD DONE, OUR BOUTH ANCESTORS WOULD
OF BEEN THE PIONEERS OF A MUCH BIGGER EMPIRE THEN THE ONE AMERICAN HAVE
RIGHT NOW BUT AGAIN=WITH NO FRESH AIR COMMING IN=WHEN BIG=NOT
ENOUGH EXTERNAL INFLUENCES=STAGNATION=DECLINE=COLLAPSE... THE OSCAR
NOMINEE AND GREAT MOUVIE "LE DÉCLIN DE L'EMPIRE AMERICAIN" IN 1986, THAT I
STILL CAN SEE AGAIN AFTER 10 X BECAUSE SO MANY INTERESTING INFORMATIONS
ARE DISCUSSED IN THIS VERY CRUCIAL AND FUNDAMENTAL MOUVIE BRINGS TO
HAVE REFLECTIONS ABOUT. IT HAVE A 2ND PART CALLED THE BARBARIANS INVASION
CAME 20 YEARS LATER IN 2003.

AGAIN DEAR GOVERNOR AYOTTE, I GOT CARRIED AWAY AGAIN.

MONT-DE-LA-NOUVELLE-FRANCE IS ONLY A SECTION OF A BIGGER PAR ON OUR SIDE.
THERE ARE 3 PARCS POSSIBLE. ONE IS ALL READY A PARK=PARC DU MONT-
MÉGANTIC, A CALDERA LIKE MOUNTAIN WHERE AN UNIVERSITY ASTRONOMY
OBSERVATORY. A PARK WELL DEVELOPED ALREADY. THE THIRD IS VERY INTERESTING
FOR BOUTH OF US FOR TOO MANY REASONS TO NOT START A NEW COMPLICATED
DESCRIPTION. I WILL KEEP IT FOR LATER.

ANYWAY, THE TRIOS OF SECTORS WOULD ALL BE IN THE GLOBAL PARK=
PARC HENRI IV. IN FRENCH IT RHYMES=PARC HENRI 4.

HENRI IV WAS THE MENTOR OF CHAMPLAIN, FOUNDER OF NEW-FRANCE, HAVING FOUND ACADIA, CANADA'S FIRST 2 COLONIES IN 1605 FOR ACADIA, AND IN 1608=CANADA WITH QUÉBEC CITY.

UNFORTUNATELY, CHAMPLAIN HAVE LOST HIS MENTOR IN 1610. HENRI IV OF FRANCE AND OF NOUVELLE-FRANCE, WAS MURDERED IN A STREET OF PARIS, BY A RELIGIOUS FANATIC. THE COLONY OF BOSTON (1626?) CAME LATER, IN THE 1630'S, A NEW VISIONARY CAME AND THE NEW COLONIES STARTED TO DEVELOP.

BUT... ENGLAND HAD MORE VISION AND HAD DEVELOPED IT VERY DIFFERENTLY, WITH THE WAYS THEY COULD AFFORD, BECAUSE 5 X SMALLER THAN FRANCE=NO BIG FORTRESSES FOR THE HAIRY GOLD, BUT A BETTER COLONY DEVELOPMENTS.

INDUSTRIES, GREATER IMMIGRATION INSTALLATIONS DEVELOPMENT PROGRAM. NO VISION=NO EYES TO UNDERSTAND THE BEST DEVELOPMENT PROGRAMS. TO ME, EXPERTS ARE THE OPPOSITES OF VISIONARIES.

REMEMBER, MORE YOU GET DIFFERENT REALITIES, MORE YOU GET TO INTEGRATE GOOD IDEAS. WHEN YOU NEED OTHER EXPERTS THAT UNDERSTAND MAINLY ALSO ONLY THEIR EXPERTISES, ALL PROJECTS ARE AT RISKS TO HAVE NOT ALL REALITIES TAKING IN CONSIDERATIONS=THEY THEN, CAN ONLY PUT OUT FIRES THAT THEY PREVIOUSLY HAVE CREATED.

THE SCENERY FROM MONT DE LA NOUVELLE FRANCE, OVER THE WHITE MOUNTAINS IS JUST WONDERFUL. MOUNT WASHINGTON, BECAUSE OF ITS SIZE, LOOKS ONLY AT MAYBE 30 KM AWAY. 1 MILE=1.6 KM.

DIFFERENT LIGHT FLIGHT FESTIVAL TO LINK BOUTH SECTIONS OF THIS OPEN INTERNATIONAL PARKS=DELTA PLANE... ETC...

I KNOW THAT CONCEPT CAN MAKE A BORDER SECURITY CHALLENGE BUT, MAYBE, CUSTOMS OFFICE BEFORE ENTERING THOSES PARKS GATES, WOULD DO AN EXCELLENT SOLUTION FOR BOUTH NATIONAL SECURITY STANDARDS AT THE SAME TIME.

MAYBE THE REGULAR RULES CONCERNING CUSTOMS CAN BE MORE RIGOROUS AS THE SECURITY STUDIES CONCLUSIONS FOR THIS NEW TYPE OF BI NATIONAL PARK, WOULD REQUIRE ADJUSTMENTS FOR THIS PURPOSE. NOTHING IS IMPOSSIBLE.

IF WE REALLY WANT THIS WORLD CLASS FANTASTIC ALL INTERACTIVE PARK TO REALLY FLOURISH, WE WILL MAKE SHURE ALL IS WELL DONE AND UNDERSTAND SO WE CAN BUILT IT IN A PERFECT HARMONIOUS WAY SO NO SURPRISE COMES TO IMPEACH ITS GREAT SUCCESS ON BOUTH SIDES OF OUR RESPECTIVE COUNTRY.

MONT-DE-LA-NOUVELLE-FRANCE AND MOUNT WASHINGTON=MDLNF ♥ MW=AN EXEMPLE OF THE RICHNESS OF WORKING SYNERGISTICALLY WITHIN NATURAL AND CULTURAL DIVERSITY.

DISTANCE FROM;

MDLNF-----75 MILES-----MW

= AROUND 45 MINUTES FLIGHT WITH A CESSNA THAT IS FLYING AT 130 MPH.

I WILL WAIT FOR YOU TO REACH ME.

MAYBE YOU'RE SO BUSY BUT, THIS PARC, I'M STILL ADDING LOW CUST DEVELOPMENT SOLUTIONS SO, MOST OF YOUR MONEY, WILL BE FOR THE 1st PRESIDENT INTERACTIVE LIGHT SHOW MONUMENT THAT IS THE KEY FOR THIS SUCCESS STORY AT EXTRA LOW CUST. WE MAKE 2 PARKS WITH 2 EXISTING UNDERDEVELOPED PARKS. YOU'RE LUCKY TO HAVE IN YOUR BORDERS, THE FIRST PRESIDENT OF THE UNITED STATE MOUNTAIN.

WE ARE LOCKY THAT FROM OUR MOUNTAIN, THIS MOUNT WASHINGTON IS CENTERED AT THE BEST PLACE IN THIS OVAL VALLEY'S OTHER END. OUR MOUNTAIN IS REALLY MAGIC. FROM GOOGLE EARTH, FROM THE AIR, YOU CAN SEE A FLEUR DE LYS. ALSO, IT IS ROUND AND TRAILS AND... ALL POSSIBLE... EVEN HOTEL BUILDINGS ON ITS ROUND MAJOR PART... VERY UNIC MOUNTAIN=LA PERLE BLANCHE, DES MONTAGNES BLANCHES=MONT-DE-LA-NOUVELLE-FRANCE. LA PERLE BLANCHE=THE WITH PERL OF NEW-FRANCE=MOUNT OF NEW FRANCE. NO OTHER MOUNTAIN HERE HONORS THE 229 YEARS OF OUR OLD BIG NORTH-AMERICAN EMPIRE. DEVELOPED BY THE 3 LOUIS 0 VISIONARY=FRANCE WAS 20 MILLIONS INHABITANT IN 1763= THE BRITISH TAKE OVER. THE PEANUT OF EUROPE=ONLY 4 MILLIONS INHABITANT. 0 VISION=NOW THE SITUATION. ENGLISH HAD VISION FOR THEIRS NEW ENGLANDS 13 SMALL COLONIES=1 MILLIONS IN 1763. NÉO-FRANÇAIS=ONLY 60 000 OVER 229 YEARS OF DEVELOPMENT IN THE 4 NEW FRANCE COLONIES=ACADIA, PART OF NEW FOUNDLAND, CANADA=ALL THE ST-LAWRENCE GREAT LAKES NO. ENTRANCE + THE BIG LOUISIANA COVERING THE HEART OF CENTRAL NORTH AMERICA, INCLUDING COEUR D'ALÈNE, WA., PART OF TEXAS, PART OF FLORIDA, OHIO VALLEY,

PITTSBURG=FORT DUQUESNE. FORTRESSES=QUÉBEC CITY, LOUISBOURG IN CAP BRETON ISLAND, FORT NIAGARA= THE SAME GREAT MILITARY ARCHITECT=CHAUSSEGROS DE LERY= SEE ON WIKI.

FRANCE EMPIRE WHEN WE GOT HERE, WAS THE EQUIVALENT OF THE AMERICAN EMPIRE UNTIL 1763. BEFORE, THEY HAD CONTEMPT TOWARDS BRITISH FROM WILLIAM THE CONQUEROR UP TO THIS FAMOUS DATE WHERE ALL THEIR ARROGANCE HAD LEFT THEM BROKEN FOR EVER.

TO ME, IT IS A VERY GOOD EXAMPLE ON HOW A LACK OF VISION CAN LEAD TO THE COLLAPSE OF AN EMPIRE, THAT EXPORTS ITS INFLUENCE, BUT BECAUSE IT IS SO INFLUENTIAL, IT RECEIVES NO MORE SUBSTANTIAL IMPORTANT EXTERNAL INFLUENCES=1 VISION=NO CONTRADICTIONS, DISCUSSIONS=NO RETHINKING=NO EVOLUTIONS=NO VISIONARY DECISIONS, MISSING ALL OTHER REALITIES TO BE CONSIDERED=MANY BAD DECISIONS=DECLINE=BREAK OF UNIONS=COLLAPSES OF TOO INFLUENTIAL EMPIRE. I HAVE FOUND A WAY TO RESTART EMPIRE. I DID GET TO UNDERSTAND THE SIMPLE REASON OR MAGIC KEY THAT EXPLAINS THE LONGIVITY OF THE ROMAN EMPIRE. I HAVE A SIMPLE RECIPE. YOU'LL LIKE IT. TWO INTERACTIVE INTERACTIVE CULTURAL DOMES UNITED IN AN HETERO=DIFFERENT. SO THE UNION OF TWO ALLIED CULTURALLY DIFFERENT EMPIRE FOR EVER AS THEY WISH, KEEPING THEIR FULL SOVEREIGNTY BUT UNIFYING WHAT MAKES IT MORE SYNERGISTIC...

THIS SCIENTIFIC BREAKTHROUGH, I CALL IT. THE HETEROFUSION OF NATIONS CONCEPT. IT COMES WITH ALL THE TOOLS THAT REQUIRES LIKE FOR ALL MY CONCEPTS=NO CHANGES LIKE FUSIONS=NO CUSTS. JUST GOOD FREE IDEAS, AND GOOD WILLINGNESS.

I WILL STOP HERE. I WILL WAIT TO SEE YOUR INTEREST TOWARDS IVG. IVG IS THE SHELL=THE COMPANY I BUILT ON PAIPER. IT WILL EXIST, AS I EXIST. I HAVE VERY STRONG CONVICTIONS. I WILL KEEP BATTLING FOR IT. I GOT THE SAME TAMPER AS THE ONE JUDGE JUDY HAVE. EVEN WORST.

MY JUDGMENT IS ALMOST ALWAYS ACCURATE BECAUSE I NEVER CONCLUDES WITHOUT MANY OBSERVATIONS PERMITTING ME TO DISCOVER ALL REALITIES THAT I'M ABLE TO CONSIDER BEFORE CONCLUDING ON ANYTHING. I WOULD BE SCARED TO BE JUDGED BY A JURY. I OFTEN NOTICE HOW PEOPLE SOMETIMES TOO OFTEN, BELIEVES IN APPEARANCES. THEY TOO OFTEN CONCLUDES WITHOUT LOOKING BEHIND THE MIRRORS OF APPEARANCES.

MY FRIEND LAWYER NEVER GETS THE LAST WORD... HE KNOWS ONLY LAW TEXTS... AND HIS NORMAL LIFE KNOWLEDGES.

GENERAL KNOWLEDGES IS IN DECLINE IN OUR BUSY SOCIETY. NOT ALL ARE INTELLECTUALLY DIVERSIFIED. TOO BAD THEIR DECISIONS LACKS OF TAKING ALL REALITIES IN CONSIDERATIONS FOR THEIR DECISIONS. TAKING CARE OF THIS NEW PROBLEM IN EXPERTS SOCIETIES=AN ENORMOUS ECONOMY WHEN THE SOLUTIONS FULFILLED ALL THE NEEDS FOR LONGER APPLICATIONS THAN NEW WAYS OF DOING THAT HAVE MISSED 90% OF ITS TARGETS...

\$\$\$\$\$THAN\$\$\$\$€€¥£\$\$\$FOR READJUSTMENT OR NEW ASSAYS...=PUTTING OFF FIRES MEANWHILE...

EXPERTS CAN BE VISIONARIES ONLY IF THEIR KNOWLEDGES ARE MUCH GRATER THAN THEIR EXPERTISES. BIT STILL, ALL AROUND THEM, ARE PEOPLES THAT ARE ÉQUIPED TO BE. SO AS MY GOD UNCLE SAYS, WHEN YOU NEED EXPERTISES, YOU GET THEM.

I'M NOT TALKING ABOUT THIS FOR ME TO BECOME YOUR PERSONNAL VISIONNAIRES OR VISIONARY BUT IN YOUR COUNTRIES THERE ARE VERY CERTAINLY, PLENTY OF THOSES...

I UNDERSTAND THIS WORLD IN 3D. I HAVE ALWAYS KILLED MY IGNORANCES ON A DAILY BASES=WEB, ALEXA, RADIOS HERE AND AROUND THE WORLD FOR OTHER VISIONS=EUROPE 1 IN FRANCE, LBC LONDON, USA, ETC... SO I GOT TO LEARN NEW THINGS AS THEY SHOWS.

INDONESIA AND ALL COUNTRIES ARE LIKE IN MY BACK YARDS. I HAVE AN EXTRAORDINARY DETAILED MEMORY FOR WHAT INTERESTS ME=ALL.

SOCIAL PROBLEMS, ADDITIONS AND ITS MECHANISM, ARCHITECTURE, ENGINES LIKE PLANE REACTION MOTORS AND SO ON. JUST LIKE MY YONGER BROTHER WHO AT 24 Y/O WAS THE FATHER OF NOWO A TELECOM COMPANY IN PORTUGAL THAT WORTH 1 BILLION MAYBE WHEN HE LEFT IN 2001. NOW ONLY 130 MILLIONS CDN. LESS THEN WHAT HE BORROWED ON WALL STREET BACK IN 1996=200 MILLIONS USD... NO VISION=DECLINE OR BANKRUPTCY...

I DIDEN'T REALIZE THAT I WAS DIFFERENT FROM OTHERS UNTIL RECENTLY, THE FACT THAT I WAS NOT LIKE EVERYONE. I DID A NORMAL LIFE BUT, I ALWAYS LOST MY AUDITORS BECAUSE I TRANSFORM QUICK ANSWERS IN A COMPLETE UNIVERSITY COURSE. I TRY TO MAKE IT SIMPLE BUT MOSTS STAYES LOSTS... I'M NOT STARTING SUBJECTS THAT PASSIONNATES ME TOO MUCH BECAUSE DEAR GOVERNOR, I GET

ALWAYS CARRIED AWAY IN AN ALMOST UNIVERSITY'S COURSE.

THAT GREAT MEMORY I HAVE, HELPS ME IN RESEARCHS, IN HISTORICAL INQUIRIES.

THE SOUTH EAST QUEBEC REGION THAT I'M STUDYING IN ALL HISTORICAL PERIODS, HAD MADE ME UNDERSTAND BETTER ITS ASSETS HISTORICAL, FUNDAMENTAL IN A POLITICAL GEOPOLITICAL SCENERY, SO NOTHING IS LEFT BEHIND SO ALL ASPECTS ARE CONCENTRATED MAKING THE DEVELOPMENT PLAN THAT WILL LAST MAYBE FOR EVER AND CERTAINLY MUCH CHEAPER EVIDENTLY. IN 1806, NAPOLEON 1st. BY RICOCHET, HAD SAVED FRENCH CANADIENS FROM THE PLAN (EASTERN TOWNSHIPS=ALL QUÉBEC SURROUNDED BY TOWNSHIPS READY FOR INVASIONS OF BRITISH IMMIGRANTS TO SETTLE THOSE READY.

AFTER 1812-1814=THEY PREPARED OUR ANCIENT QUÉBEC WESTERN PART OF QUÉBEC, DIVIDED IN 1791 FOR THOSE TWO ZONES OF BRITISH COLONISATIONS TO ERASE THE CANADIENS TOTALLY BY 1900. SO BECAUSE THE BRITISH ALMOST LOST WHAT IS NOW CALLED ONTARIO (ANCIENT WESTERN PART OF THE PROVINCE OF QUÉBEC, AND WHAT'S WESTWARDS TO IT, THE BRITISH VULNERABILITY IN THIS REGION HAD TO BE RESOLVED. BETWEEN 1815 TO 1830, THEY HAVE SPENT LOTS OF MONEY IN 3 IMPORTANT CANALS=LACHINE IN MONTRÉAL, RIDEAUX BETWEEN OTTAWA AND LAKE ONTARIO, WELLAND BETWEEN THE LAKE ONTARIO AND ÉRIÉ BECAUSE THEIR BRITISH LOYALISTS FROM THE STATES=FIRST RECRUITED IN USA=ONLY 10 000 OF THE 95 000 INHABITANT LIVING IN ONTARIO. IN QUÉBEC AT THIS TIME, THE POPULATION WAS 325 000 INHABITANT IN 1812. THE 85 000 INHABITANTS LEFT IN ONTARIO IN 1812, WHERE PREVIOUSLY RECRUITED BY BRITISH RECRUITERS IN AMERICAN TERRITORY ON THE OTHER SIDE OF THE GREAT LAKES. THEY CAME PREVIOUSLY TO ONTARIO FOR 5X TIMES CHEAPER LANDS THAN IN USA. NOT SO LOYALISTS SO, IN 1812. IN ONTARIO=THE BRITISH COULD OF BEEN FACING A CHANGE OF ALLEGIANCE=TURNING THEIR WEAPONS TOWARDS BRITISH SOLDIERS AND JOINING THE UNION.

SO, YOUR FATHER FAMILY WOULD OF HAD LOTS ITS NÉO-FRENCH BEFORE IMMIGRATING TO USA. THEY WOULD OF BEEN AMERICAN READY IN A WAY.

THE EASTERN TOWNSHIPS WAS DESIGN TO MAKE BRITISH FEEL AT HOME, IN OUR HOME. JUST A COPY OF THE ONE CALLED THE IRISH PLANTATION IN IRELAND.

IN 1831, MY ULSTER SCOTCH ANCESTOR WAS GOING TO ONTARIO WHEN HER BARK ACADIA WREACKED IN ÎLE-VERTE QUÉBEC. LAVINIA MC EACHERN AND PASCAL DUBÉ=ME. ROBERT DECENT, THE CAPTAIN WAS DRUNK THAT NIGHT OF OCTOBER

1831. So, my CONCLUSIONS are... I'M A MIRACLE CAUSED BY ALCOHOL. OTHERWISE... LAVINIA WOULD OF GET MARRIED TO A HARRIS, MC TRAVIS IF IT EXISTS...

ANYWAY, IN INQUIRIES,
WHEN SOMETHING IS THERE AND NO ONE ELSE HAD NOTICE,... TO ME, IT IS LIKE A FLUORESCENT BRIGHT RED FLAG, THAT MOST IF NOT ALL OTHERS, HAVE JUST GONE BY WITHOUT NOTICING ANYTHING SPECIAL...

TO MAKE AN END WITH THIS LONG PERSONAL email;

I WISH YOU AN INTERESTING MANDATE. WHAT IF YOU WOULD MAKE IT MORE INTERESTING THEN YOUR MOST BEAUTIFUL DREAM WOULD OF EVEN COULD IMAGINE.

MISS AYOTTE, I ALSO WISH YOU AN HAPPY NEW YEAR.

HERE IS SOME LINKS THAT YOU MIGHT APPRECIATE AND THAT CAN MAKE YOU GET OUT OF YOUR REGULAR DUTIES.

TAKING A BREAK OF THE TURMOIL... I SUGGEST THIS SORT OF VACATION IN HISTORY TO FORGET A LITTLE BIT, YOUR NEW DUTIES.

HOPE MY WRITING STYLE WAS NOT TOO INFORMATIVE AND TOO OUT OF NORMAL FORMALITIES AND TOO FAMILIAR BUT, I DON'T SPEAK "LA LANGUE DE BOIS"=THE WOOD LANGUAGE=meaning THE POLITICIAN'S LANGUAGE THAT IS SOMETIMES NOT SPEAKING AT ALL. THIS EXPRESSION IS COMMON HERE TO DESCRIBE HOW THE MEDIATIC SCENERY IS FAR FROM REALITY. I UNDERSTAND THAT IT IS DONE TO AVOID UNLIMITED QUESTIONING FROM JOURNALISTS BUT THE RESULTS ARE THAT PEOPLE NEVER GETS WHAT'S DECIDED BEHIND CLOSED DOORS=LOST OF TRUST IN THEIR ELECTED PEOPLES. I WOULD NEVER BE, A GOOD POLITICIAN. I WOULD NAVIGATE BETWEEN CONTROVERSIES. 🤖

AGAIN, HETEROFUSIONS ARE POSSIBLE IN PARKS, NATIONS, COMMERCIAL PROJECTS AND SO ON...

UNDERSTANDING THE CONCEPT OF HETEROFUSION IS UNDERSTANDING THAT WITH UNIONS OF DIFFERENT ASSETS, WE CAN DEVELOP FOR CHEAP, GREAT PROJECTS. WE TAKE WHATS ALREADY THERE, AND ADD WHAT LINKS ALL IN ONE GLOBAL AND A MORE WONDERFUL PROJECT.

Canadiens are an asset to Americans. WE THINK DIFFERENTLY. OUR CULTURE IS STILL INFLUENCED BY FRANCE ON MUSICS, FILMS MAKING, ETC... ENGLISH CANADIANS ARE ALMOST AMERICANS ALIKE. EVEN ABSORBED, IT WILL NEVER INFLUENCE AMERICA LIKE CANADIENS WOULD DO. TOO SIMILAR TO MAKE A REAL DIFFERENCE. NO MATTER HOW BIG IS THE COUNTRY, THE SAME UNIC FUNDAMENTAL VISION CAN ONLY BE ONLY ONE VISION. EUROPE INTER INFLUENCE HAS MADE EUROPE'S ADVANCED MULTIPLE CULTURES TO EVOLVE. I'M NOT SAYING AMERICA WILL COLLAPSE SOON BUT, WITHOUT EXTERNAL INFLUENCE LIKE A FRESH NEW AIR IN ITS CULTURAL TOO HERMETIC DOME, I'M COMPARING WITH OTHER FAMOUS EMPIRE FINAL DAYS, IT SEEMS THAT THEIR PROBLEMS WAS A PROBLEM OF EXTERNAL INFUX OF INFLUENCES LACKING AT THEIR FINAL DAYS. EMPIRES ARE LIKE PEOPLES, WHEN YOU FEEL REALLY BIG, YOU'RE NO LONGER AWARE OF YOUR REAL TREAT=COLLAPSE LIKE THE FRENCH EMPIRE, THE BRITISH EMPIRE, THE GREEK, THE HITTITE AND SO MANY OTHERS. THE ROMANS NEVER ASSIMILATED THE GREEKS=2 CULTURAL SYNERGISTIC DOMES=HETEROFUSIONS LAST MUCH LONGER THAN A SIMPLE CIVILIZATION WITHOUT CONTRADICTIONS=NO ÉVOLUTIONS OR TOO LITTLE EVOLUTIONS TO MAINTAIN ITS GOOD ADMINISTRATION.

THIS WAS MY VISION ABOUT EMPIRE=DANGER FOR TOO MUCH POWER AND INFLUENCE=THE INFLUENCERS ALWAYS FALLS AFTER A PERIOD OF TIME AND GETS WEAKER BEFORE THE NEXT TO TAKE OVER WILL DO THE SAME MISTAKES AGAIN OVER TIME. NO MATTER THE SIZE YOU ARE, WHEN YOU HIT A WALL, YOU FALL.

HOPE AMERICA WILL UNDERSTAND THIS FUNDAMENTAL LAW, BECAUSE TIME WILL PROUVE ME RIGHT UNFORTUNATELY. IF AMERICA DON'T PLEASE ANYMORE, NO ONE WILL LOOK AT IT OUTSIDE ITS DOORS, LIKE AN IDEALISTIC INFLUENCE THAT NATIONS WOULD LIKE TO COPY.

I DON'T WANT TO HEART ANYBODY IN YOUR COUNTRY. I'M ONLY CONCERN ABOUT ITS FUTURE THAT SEEMS NOT GOING TOWARDS THE SUN LIKE IT COULD BE. WE WILL ALL HERE BE AFFECTED BY ITS DESTINY. WE LIVE BESIDE AN EMPIRE THAT IS GOING IN A DIRECTION THAT I DON'T IMAGINE TO BE THE BEST ONE IT COULD OF HAVE TAKEN. THE PROBLEM IS CONFORMISM. OUR SOCIETIES ARE MANAGED BY EXPERTS ON ONLY ONE FIELD=LIKE MY HAIR DRESSER. NO WORLD HISTORY, NO GEOGRAPHY, NO ANTHROPOLOGY, BASIC KNOWLEDGES=IF NO VISIONARY=OUR STAGNANT SOCIETY RETHINKED CONSTANTLY BY EXPERTS ...

THE SAME METHOD FROM THE SAME THAT HAS CREATED THE PROBLEMS=AGAIN THE ONES THAT TRY TO RESOLVE IT... THAT IS THE REAL PROBLEMS. NOT THE CONSTANT CHANGING CONDITIONS IN SOCIETY. WE HAVE TO UNDERSTAND MOST REALITIES TO

REALLY CHANGE AN OLD WAY OF THINKING. WHY REPEATING AN OLD RECIPE THAT ALL EXPERTS HAVE ALL GOT FROM THEIR UNIVERSITY STUDYS. SAME WAY=SAME SOLUTIONS=WE TURN AROUND THINKING THEY WILL DO BETTER EVERY TIME. THEY ARE EXPERTS IN THEIR OWN EXPERTISES BUT MISSING ALL OTHER REALITIES TO CONSIDER TO HAVE A CLEAR VIEW ON THINGS THEY CAN IMPROVES.

BACK IN TIME, KINGS WHERE GIVING THEIR CHILDS, LIKE JEWISH COMMUNITIES=ALL KIND OF KNOWLEDGES SO THEY CAN BE EQUIPPED TO DO EVERYTHING THAY CAN. A KING NEED TO BE A VISIONARY.

JEWS ARE GENERALLY, VERY DEVELOPED PEOPLE. FOR ONLY 14 MILLIONS OF JEWS IN MULTIPLE COUNTRIES ON EARTH=1/4 OF NOBEL PRIZES. DEVELOPING YOUR CITIZENS WITH LOTS OF GENERAL KNOWLEDGES LEARNING HABITS, CAN MAKE AMERICA ROCK AND HOT AGAIN.

AMERICAN PEOPLE WILL BE ABLE TO USE MANY UNDERSTANDINGS, TO LINKS MANY REALITIES AND THEY LIKE OTHER SOCIETIES THAT UNDERSTAND IT AS A PRIORITY, WILL BOOST USA TO A NEW VARIETY OF THE NEW ECONOMY, AND WILL BE EXPORTING ITS SAVOIR FAIRES WORLD WIDELY OF COURSE, LIKE WHEN AMERICA WAS GREAT. AMERICA CAN BE HOT AGAIN, DEPENDING ON ITS CURRENT DECISIONS. IN THE 60'S AND IN ALL THE PROGRESSION OF THE AMERICAN CULTURE, YOUR MUSIC ETC... WAS INVENTING NEW DANCE, NEW TV SHOWS EVERY YEAR.

TWIST HARD ROCK... NOW RAP IS STILL IN AFTER 45 YEARS. HIP UP POTAMUS PREFAB RECIPE IS MAKING ME THINK THAT YOUR SOCIETY IS TOO CONTROLLED AND HERMETIC TO ACCEPT DIVERSITY=EVOLUTION. UNICITY, STANDARDS=REPEATING...

TALKING ABOUT REPEATING.

I THINK YOU GOT MY POINT DEAR GOVERNOR.

STÈF

Dear Governor Ayotte, President Carson, Speaker Packard, and Chairman Weyler:

I serve as the Administrator of the Youth Development Center Claims and Settlement Fund. This dedicated Fund was established by the legislature in 2022 to compensate juveniles who were sexually and/or physically abused by or at the behest of staff while detained in a YDC facility.

The Fund and its administrative process that I oversee is working as intended and has recently entered its third year of operation. We issue informative quarterly reports as required by statute and forward them to the Governor, the House Speaker, the Senate President and the Chairman of the legislature's Joint Fiscal Committee. We also post them on our website.

Because some of you have been newly elected to your current positions, I write to offer an open invitation to meet with me to discuss the Fund, the administrative process we follow, the current claim activity status and forecast, or any other Settlement Fund topics you would find helpful. I am happy to make myself available to provide an update and answer your questions.

Sincerely,

John T. Broderick, Jr.

OFFICE OF GOVERNOR KELLY AYOTTE

Governor Ayotte and Lawrence Mayor DePeña Address Cross-Border Crime and Drug Trafficking

FOR IMMEDIATE RELEASE

February 10, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. — Today, Governor Kelly Ayotte met with Mayor Brian A. DePeña of Lawrence, Mass., to discuss how the City and the State of New Hampshire can work together to combat cross-border crime and drug trafficking.

After the meeting, Governor Ayotte previewed additional resources in her proposed budget to target the criminal pipeline between Lawrence and New Hampshire alongside law enforcement officers from both New Hampshire and Massachusetts.

Following the announcement, Governor Ayotte said, “I am thankful for Mayor DePeña’s willingness to address the dangerous flow of drugs and criminal activity occurring between

Lawrence and our state. The more we work together, the safer all our communities will be. With additional resources targeted at this pipeline, we will strengthen our fight against the trafficking of deadly drugs like fentanyl and lock up those who are bringing this poison and crime to our communities.”

Lawrence Mayor Brian A. DePeña added, “The crises of drug trafficking, arms smuggling, human exploitation, and gang violence continue to devastate families across both Massachusetts and New Hampshire—threats that recognize no borders and spare no community. The time for decisive, extraordinary action is now, but no single entity can combat this alone.

“I am deeply grateful for Governor Ayotte’s leadership and her commitment to working in partnership with the City of Lawrence to confront this urgent crisis. Today’s meeting marks a critical step forward in developing a concrete, results-driven plan to strengthen our collaboration, enhance intelligence sharing, and implement a unified strategy to dismantle criminal networks and disrupt the flow of illicit substances. This initiative between Lawrence and New Hampshire is a testament to our shared resolve: only through coordination, resource-sharing, and unwavering commitment can we safeguard our communities and deliver the security and justice our residents deserve.”

Kelly Ayotte

Governor Ayotte's Budget for All of New Hampshire

"This budget honors our unbreakable commitment to those in need of our help and prepares our next generation to meet the needs of tomorrow. Together, we will keep our state the envy of the nation and deliver even greater prosperity for all of New Hampshire." - Gov. Kelly Ayotte

A Balanced Budget

- Fulfilling our constitutional duty of a balanced budget that delivers for all of New Hampshire
- No new taxes
- More revenue returned to local communities than ever before
- A smart, thoughtful approach to spending reductions through close collaboration with commissioners, a hard look at agency operations, and cutting bloated contracts with out-of-state vendors

Educating Future Granite State Leaders

- More funding for public schools than ever before
- A record \$98 million invested in special education, nearly 50% more than the previous biennium
- Education freedom for all public school students

- \$1 million in grants to help local school districts remove cell phones from classrooms

Keeping New Hampshire the Safest State in the Nation

- Delivering a long-term solution for the Group II retirement system to boost recruitment and retention of first responders
- Continuing funding for the successful Northern Border Alliance
- Expanding drug interdiction efforts through Operation Granite Shield to include a specific focus on cross-border coordination with the City of Lawrence, as well as a dedicated Northern Shield program
- Ending the failed bail reform social experiment by slamming shut the revolving door for criminals to keep our communities safe

Preparing Students for the Workforce of Tomorrow

- Investing in the Community College System of New Hampshire to maintain the current tuition freeze
- \$6 million to fund dual and concurrent enrollment scholarships and support these programs for our high school students
- Expanding career and technical education and workforce credential programs in the trades, health care, and other critical jobs in our state

Building a Healthier New Hampshire

- Over \$1 billion to fund services for citizens with disabilities and ensure there continues to be no waitlist
- \$10 million to support uncompensated care provided through Community Mental Health Centers
- Fully funding the Recovery Friendly Workplace Program

Streamlining the Permitting Process for Housing

- Consolidating the permitting process to cut red tape and empower state agencies to deliver permit determinations in 60 days

Delivering for Our North Country

- Establishes a one-year moratorium on new landfills and creates a new site evaluation committee for future locations
- Invests in securing our Northern Border and supporting North Country law enforcement
- Supporting the North Country's tourism economy by opening the Connecticut Lakes Headwaters Working Forest OHRV trails for the full season

Kelly Ayotte

What They are Saying about Governor Ayotte's Budget

FOR IMMEDIATE RELEASE

February 13, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Following Governor Ayotte's Budget Address, leaders from across the state are praising the Governor's budget for ALL of New Hampshire:

Governor Ayotte's budget includes NO new taxes:

"Governor Ayotte's first statewide budget holds the line on 'no new taxes'. She's committed to holding firm on my father Governor Mel Thomson's Pledge of no sales or income tax in New Hampshire. Just like Dad, the Governor knows 'Low Taxes are the Result of Low Spending', and I was glad to hear her remind local communities to take a close look at their spending just as the state has. If we practice this, we will continue to enjoy the New Hampshire Advantage." – Tom Thomson, Orford

Governor Ayotte's budget keeps New Hampshire the safest in the country:

"Kelly Ayotte is putting the safety of Granite Staters first in her budget. With the creation of Northern Shield, law enforcement will be able to continue the important work of getting drugs off our streets and keeping our communities safe." – Coös County Sheriff Keith Roberge

"The Northern Border Alliance has provided critical resources to strengthen security and improve communication between departments to help keep our communities safe. It puts a law enforcement presence where there historically had not been. I am thankful that Governor Ayotte is continuing this crucial program and supporting law enforcement in the North Country." – Pittsburg Police Chief Richard N. Dube II

Governor Ayotte's budget will build a healthier New Hampshire:

"Governor Ayotte's budget shows that we can provide for our most vulnerable citizens while prioritizing a more efficient and effective state government. As the State works to recalibrate spending and cut waste, the Governor is ensuring we continue to address the needs of those who depend on the state for critical services. That's the New Hampshire way." – Executive Councilor John Stephen, Former Commissioner of New Hampshire DHHS

"Those most in need of assistance from the State, including Granite Staters with disabilities, can rest assured that Governor Kelly Ayotte has their backs. This budget continues to ensure there is no waitlist for disability services in our state, and it provides more than \$1 billion to ensure these citizens have the support system they need. Just as she said, the Governor has delivered on her promise to deliver a responsible, balanced budget that addresses the needs of our most vulnerable citizens." – State Rep. Kim Rice, Children and Family Law Committee

Governor Ayotte's budget delivers a solution for the failed bail reform social

experiment:

“I am thankful that Governor Ayotte continues to make Bail Reform a top priority and plans to include it in HB-2. Keeping violent and repeat offenders behind bars is the foundation of public safety and the safety of our citizens is non-negotiable. We cannot wait for another tragedy like the recent stabbing in Manchester to demonstrate why Bail Reform is needed. Justice for victims, police, residents and our business community must come first. The time to act is now and we’re grateful the governor, as a former attorney general and prosecutor, recognizes the urgency of this situation.”

– Manchester Mayor Jay Ruais

Governor Ayotte’s budget sends more money to municipalities than ever before:

“As municipalities build our budgets, we are grateful that Governor Ayotte is sending more money than ever before to cities and towns. I’m proud to have such a strong partner in the Corner Office to keep New Hampshire working for all Granite Staters.” – Rochester Mayor Paul Callaghan

Governor Ayotte’s budget expands education freedom to all public school students:

“Students learn differently, and families deserve to choose what educational opportunity is best for their child. I’m thankful that Governor Ayotte is delivering on her promise to expand education freedom to students across New Hampshire and I look forward to working with her to help Granite State students thrive.” – State Senator Bill Gannon, Sandown

Governor Ayotte’s budget delivers on her promise to rid New Hampshire classrooms of cell phones:

“Governor Ayotte knows that screens are negatively impacting students in our learning environments. They’ve become a barrier for teachers to do their jobs and distract students

from learning — no more. I'm excited that Governor Ayotte is moving forward to rid classrooms of cell phones, delivering for students and teachers across New Hampshire.” – State Rep. Melissa Litchfield, Brentwood

Governor Ayotte’s budget continues the freeze on community college tuition, funds dual and concurrent enrollment scholarships and expands career and technical education and workforce credential programs in the trades, health care, and other critical jobs in our state:

“From the outset, Governor Ayotte has been clear about the challenges that New Hampshire’s lawmakers will face in crafting the next biennial budget. In that context, we’re truly grateful for the investments being proposed for CCSNH in the Governor’s budget to sustain access by keeping tuition flat, addressing the national crisis in college affordability with support for Early College programs, and enabling the community colleges to create onramps for learners of any age, throughout the state, through our workforce credential programs.

“We appreciate the value that Governor Ayotte sees in our work and in our graduates’ contributions to New Hampshire’s skilled workforce, whether in healthcare and human services, advanced manufacturing and the trades, business and technology and more. We are committed to returning value to the state and always keeping the needs of New Hampshire residents at the forefront of our efforts.” – Dr. Mark Rubinstein, Chancellor of the Community College System of New Hampshire

Governor Ayotte’s budget streamlines the permitting process to develop more affordable housing:

“Housing is the number one issue I hear about from constituents – I am thankful that Governor Ayotte took a huge step forward today by streamlining the permitting process, cutting red tape to deliver more housing for Granite Staters.” – State Rep. Joe Alexander, Housing Committee Chairman

Governor Ayotte's budget delivers for our North Country:

"Governor Ayotte is a woman of her word. When I first brought this landfill issue to her in 2023, she immediately recognized how important it was to the North Country. I thank the Governor for protecting beautiful areas like Forest Lake State Park in my district, as well as the natural beauty of our entire state." – State Senator David Rochefort

Governor Ayotte's budget continues the successful Recovery Friendly Workplace program:

"Recovery Friendly Workplaces saved my life. Today, the initiative now has over 400 workplaces participating, representing over 97,000 employees. I am thankful that Governor Ayotte continues to prioritize this important program and look forward to seeing it grow more throughout the coming years." – Shawn Cannizzaro, Co-Owner Hope 2 Freedom Recovery Homes

Dear Governor Ayotte,

I appreciate your commitment to supporting people with disabilities in New Hampshire, particularly through increased funding for special education, developmental disability services, mental health care, and community college access. These investments are essential to ensuring that all Granite Staters have the opportunities and support they need to thrive.

Attached is a letter outlining our appreciation for these priorities and our eagerness to collaborate with you and the legislature to ensure these commitments are fully realized. Thank you for your leadership in making New Hampshire a more inclusive and supportive place for all.

I look forward to working together on these important issues.

Sincerely,

Louis Esposito

Louis Esposito (He/Him/His)

Executive Director

(603) 566-9113

Dear Governor Ayotte,

My name is Louis Esposito and I am the Executive Director of ABLE NH. We are pleased to hear your commitment to supporting Granite Staters with disabilities in your recent budget address. Your investment of \$98.8 million in special education, a nearly 50% increase, is a critical step toward ensuring that students receive the resources they need while easing financial pressures on local school districts. Additionally, your plan to allocate more than \$1 billion over the next two years for individuals with developmental disabilities, including funding for transportation, demonstrates an important recognition of the need for strong community-based support.

We also appreciate your commitment to mental health services, particularly the \$10 million in funding for community mental health centers. Access to mental health care is vital for individuals with disabilities, their families, and the broader community, and this investment will help ensure that more people get the support they need.

Additionally, your focus on higher education is significant for people with disabilities. Keeping community college tuition flat and investing \$6 million in dual enrollment programs will help expand opportunities for students with disabilities, ensuring they can pursue post-secondary education and career pathways. Community colleges serve as a critical bridge to employment, offering accessible training and programs that empower individuals to thrive in the workforce.

New Hampshire is a state that values strong, connected communities. These are the same values that ABLE NH works toward every day, ensuring that all people with disabilities are included and supported. We look forward to working with you and the legislature to ensure these commitments are upheld and that New Hampshire continues to prioritize inclusion, access, and opportunity for all its residents. Thank you for your leadership and for recognizing the importance of investing in disability services, education, mental health, and workforce development.

Thank you for your leadership and commitment to Granite Staters with disabilities.

Sincerely,

A handwritten signature in dark ink that reads "Louis Esposito". The signature is fluid and cursive, written in a professional style.

ICYMI: Governor Ayotte Presents Budget for All of New Hampshire

FOR IMMEDIATE RELEASE

February 14, 2025

CONTACT

Ayotte.Press@governor.nh.gov

Budget Address Press Coverage Round-Up

[Gov. Kelly Ayotte focuses on education, bail reform in first budget address – WMUR](#)

"Major investments in special education, an expansion of school choice and a big emphasis on public safety were some of the priorities outlined Thursday in Gov. Kelly Ayotte's first budget address... The governor got one of her biggest ovations of the day calling for changes to the state's bail law. After the release of a stabbing suspect in Manchester, she said the need for change is urgent. 'And that begins with sending me legislation to fix this disastrous bail law that is putting our law enforcement officers at risk and the public at large,' Ayotte said."

[Ayotte: Budget cuts made with a 'scalpel, not a shovel' – Union Leader](#)

“Gov. Kelly Ayotte told the Legislature Thursday her two-year, \$16.5 billion state budget cuts \$150 million in spending “with a scalpel,” while providing more resources to expand school choice, retain veteran first responders, thwart drug traffickers, serve students with special needs and help two-year college students fill the jobs in tomorrow’s economy.”

[Kevin Landrigan, Union Leader via X](#)

“Most GOP legislators stood when @KellyAyotte urges fiscal restraint locally; Dems sat on their hands.”

[Ayotte calls for state budget writers to 'recalibrate' in face of financial headwinds – NHPR](#)

“Schools would see more for rising special education costs under Ayotte’s budget... ‘We understand the skyrocketing costs facing towns and providing special education, and we want to lessen the financial burdens and ensure that students are receiving the resources that they need,’ Ayotte said. Ayotte’s budget would send schools nearly \$100 million over two years, about a 50% increase.”

[Ayotte’s budget would slash \\$150 million in state spending while advancing funds for law enforcement, education – Concord Monitor](#)

“As Ayotte addressed state legislators on Thursday to unveil her proposed budget for the next two years, she acknowledged New Hampshire’s uncertain budget landscape and called for a ‘recalibration’ of state spending. She said she’s prioritizing small businesses and local opportunities.

“‘Much of what we accomplish best in our state is done at the local level, and that’s why we are pushing more funds than ever to the local level,’ Ayotte said. She challenged local officials to take a ‘hard look’ at their own spending, too.”

[7 key takeaways from N.H. Governor Kelly Ayotte’s ‘recalibration’ budget – The Boston Globe](#)

“Republican state lawmakers cheered and whistled when New Hampshire Governor Kelly A. Ayotte announced her administration’s spending priorities Thursday during her first budget address.

“Their applause was especially enthusiastic after Ayotte said her plan would reduce general fund expenditures by \$150 million, or 3.5 percent, compared to the current two-year budget, as the state grapples with a more challenging financial environment amid heightened uncertainty.

“Ayotte said the state needs a ‘recalibration’ both in terms of how much it spends and how it stewards taxpayer money. And she said her proposed adjustments were made ‘with a scalpel, not a shovel,’ avoiding across-the-board cuts.”

[Ayotte endorses one-year moratorium on new landfills in New Hampshire](#) – *New Hampshire Bulletin*

“Gov. Kelly Ayotte, a month after she vowed to prevent a contentious project from coming to fruition in the North Country, endorsed a one-year moratorium on new landfills in the state. She also proposed creating a new site evaluation committee for future landfills... Solid waste advocates celebrated the announcement.”

[Ayotte’s Budget Address Promises ‘Greater Prosperity for All of New Hampshire’](#) – *InDepthNH*

“From special education to a landfill moratorium, Gov. Kelly Ayotte laid out her budget agenda Thursday, saying it is \$150 million less in general fund spending than the current two-year plan...In her address, she noted the state’s job growth exceeds the national average, New Hampshire has the lowest poverty rate in the nation, while unemployment is low and wages are rising. ‘Our New Hampshire Advantage is on display for all to see,’ Ayotte said.”

Community Leaders Praise Governor Ayotte's Budget for All of New Hampshire

FOR IMMEDIATE RELEASE

February 14, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Community leaders across New Hampshire continue to offer their support for Governor Ayotte's budget following her address to the Legislature yesterday:

Governor Ayotte's budget will ensure Granite Staters with disabilities get the care and support they need:

"Your investment of \$98.8 million in special education, a nearly 50% increase, is a critical step toward ensuring that students receive the resources they need while easing financial pressures on local school districts. Additionally, your plan to allocate more than \$1 billion over the next two years for individuals with developmental disabilities, including funding

for transportation, demonstrates an important recognition of the need for strong community-based support.” – Louis Esposito, Executive Director of ABLE NH in a letter to Gov. Ayotte

Governor Ayotte’s budget delivers a solution for the failed bail reform social experiment:

“The New Hampshire Association of Chiefs of Police strongly supports the Governor’s position to correct bail reform. Since 2018 the citizens of New Hampshire have been less safe, and we submit the Governor’s proposed legislation will correct the failed policy of bail reform here in New Hampshire.” – New Hampshire Association of Chiefs of Police

Governor Ayotte’s budget sends more money to municipalities than ever before:

“Governor Ayotte’s budget delivers for Manchester and all of New Hampshire. Governor Ayotte is sending more funding to towns and cities than ever before, helping cities like Manchester improve our schools and provide better educational opportunities for our students.” – Manchester School Board Member Joy Senecal

Governor Ayotte’s budget expands education freedom to all public school students:

“Every child deserves to have the opportunity and educational environment to succeed – regardless of their zip code or their income. Governor Ayotte is broadening educational opportunities for all public school students to ensure that children can reach their full potential through educational choice.” – State Rep. Maureen Mooney, Merrimack

Governor Ayotte’s budget expands career and technical education and workforce credential programs in the trades, health care, and other critical jobs in our state:

“Governor Ayotte is a true friend to bringing back the trades in New Hampshire. Her budget is an investment in the future of our state, giving more students a path to pursue career and technical education in the trades, health care, and other critical fields. She’s ensuring our businesses have a dependable pipeline of talent to keep New Hampshire an economic beacon for New England, the nation, and beyond.” – Amanda Grappone-Osmer, Organizer of Bring Back the Trades and Owner, Grappone Automotive Group

Governor Ayotte’s budget streamlines the permitting process to develop more affordable housing:

“The fragmented permitting process has been slow, costly and failed the people of New Hampshire. Governor Ayotte’s proposed changes will help us move quicker to build more homes across our state and we look forward to continuing to work with Governor Ayotte to tackle our housing challenge.”

–Matt Menning, Elm Grove Companies, President of the Home Builders Association

Governor Ayotte’s budget delivers for our North Country:

“Governor Ayotte’s budget is a win for communities north of the Notch. From keeping our trails open, to keeping landfills out of our beautiful state parks, to securing our Northern Border and fighting drug trafficking, it’s clear Governor Ayotte drafted this budget with the North Country at the top of her mind. That’s why the North Country is Ayotte Country.” – State Rep. Arnie Davis

Hello Governor Ayotte

Chairman Joseph Mollica's appointment at the Liquor Commission expires in July and I would like to offer my services to fill that position. I retired in 2022 with 30 years experience at the Liquor Commission to take care of my mother. Unfortunately, in December she passed away. I am looking at the future and I believe I can restore the competitive advantage that the State once had but was lost under Chairman Mollica's leadership. Prior to retiring from the Commission, I was considered the leading expert on laws and regulation pertaining to alcohol. With my knowledge of the laws, the supply chain, and experience with dealing with all aspects of the industry from wholesalers, vendors, manufacturers, brokers and retailers, I am the best candidate.

Here are my plans to restore the Commission's competitive edge.

1. Reduce operating costs by putting all new stores on hold for review.
 - a. The Commission business plan is to create new expensive stores believing that it will drive in new customers from out-of-state. Out-of-state customers do not care about how the store looks; they are looking for better prices.
2. Pressure vendors to reduce their prices of liquor and wines to the Commission.
 - a. Brokers markups are driving up prices in NH. NH has lost their competitive edge against large out-of-state retailers. IE Total Wines and More
3. Look at new advertising methods to attract more individuals between 21 to 30.
 - a. Review Market Basket promotional models to bring in new customers.
4. Review of the NextGen project to replace the current POS system.
 - a. NextGen project has taken 10 years at a high cost and has many issues.
5. Make the Commission transparent.
 - a. All agendas and hearings to be streamed live on the Internet.
 - b. Make all agendas and hearings videos and minutes available on the Internet.
6. Centralize all product approvals to a new unit reporting to the legal department.
 - a. Create standards for product approvals and denials.

- b. Review of all product denials for the past 3 years.
- 7. Improve relationship with SEA.
- 8. Improve morale at the Commission.
- 9. Overhaul Division of Enforcement and licensing.
 - i. Require the Division to investigate all DWI accidents/arrests and to cite any licensee that overserved the individuals.
 - ii. Review the penalties issued to licensees that overserve individuals,
- b. Review staffing and positions
 - i. Some investigators cover 1 to 2 counties, and it is impossible for them to do their jobs effectively.
 - ii. Train investigators and auditors on the laws & regulations and mandate the investigators to cite licensees.
- c. Review and update rules for violations.
 - i. Some LIQ 200s and 500s violate NH laws.
- d. Restore the job duties of the auditing department.
 - i. Train and require auditing staff to conduct tax audits.
 - ii. Train and require auditing staff to conduct retailer audits.
 - iii. Fix the beverage vendor barrelage tracking system.
 - 1. The barrelage system verifies beverage vendors are paying the correct licensing fees.
- e. Review procedures of the licensing help desk to make sure they are properly reviewing and collecting all required information.

I hope you will consider me for the position.

Thank you

James Barbuti
NH Alcohol Consulting Services

Hello, The Honorable Governor Ayotte:

Congratulations on becoming our next Governor. As you settle into your new office and are working hard on your top priorities for the State, I would like to take a few minutes to discuss the Liquor Commission. I have been communicating with Mr. Elliot Gault regarding issues with the Liquor Commission and I hope he has discussed with you my concerns with the Commission.

Unfortunately, over the past few years the state has lost their competitive edge over surrounding states due to higher prices at the liquor stores. Large retailers in Massachusetts like Total Wine and More and Costco are under selling the Liquor Commission. With the buying power of the Liquor Commission with over 70+ stores, you would expect the State to have the lowest prices but that is no longer true. Large liquor brokers have driven up the prices in NH and the Commission has not pressured these brokers to lower their prices because as Chairman Mollica and Deputy Commissioner Brassard-Jordan have stated that the brokers are their business partners. I have always disagreed with the brokers being the state's business partners, the people of NH are the state's business partners, and the Commission should be providing the people with the lowest prices and at the same time optimize the profitability of the Commission.

The Liquor Commission's business plan is to build large standalone liquor stores in the belief that these stores will attract new customers. This business plan is causing higher operating costs of the Liquor Commission with declining sales. As you can see from their capital budget, the Commission has spent a lot of money on these stores and now must sell state land to pay off some of these bonds. This is a short-term fix, in the long-term, the State will be paying higher costs to lease space that they once owned.

For the past 10 years, the Commission has been working to replace their computer Point of Sale system. The Commission has spent over \$25 million on this project, and it is a failure. Part of this project was to automate the beer wholesalers tax collection and speaking with Mr. Joe Bellavance last week, he stated that it does not work. This failure is on the Chairman, Deputy Commissioner and the project manager. How much is the State going to keep spending on a project with failed leadership?

The Liquor Commission Division of Enforcement and Licensing is required to regulate the alcohol industry. Since retiring from the state, I have been following the agency's activities, agendas and hearings. In the past 3 years, the Commission has only had one hearing for over-service that resulted in a vehicle death against the Portsmouth Gas Light for the 2022 DWI death on Thanksgiving weekend and the Commission only cited the restaurant with a \$500 fine and a 3-day suspension. Is that all a young person's life is worth \$500. On September 17, 2023, George Palazzo Jr had 3 Mia Tias at Lilac Blossom and then had 2 margaritas at La Hacienda in Nashua. Within a mile of leaving La Hacienda, Mr. Palazzo Jr hit and killed Anthony Clayton and Sayira Murial on a motorcycle. It has been 16 months, and the Liquor Commission has not cited La Hacienda for a violation for over-serving resulting in a death. La Hacienda continues to operate as if nothing happened. How come the Commission has not cited other restaurants for

over-service that resulted in deaths?

<https://www.wmur.com/article/nashua-new-hampshire-george-palazzo-charges-417/60526624#>

In 2023, the Legislators passed HB279 increasing the penalties for over-service resulting in injuries or death, which is a step in the right direction to hold restaurants and bars accountable. I did contact the House Commerce and Senate Commerce regarding the bill and how it missed an important part, making the Liquor Commission investigate all DWI accidents and holding restaurants accountable if they over-served anyone in the accidents but they did not respond to me. If the Liquor Commission does not cite the restaurant for over-service, then the new penalties will not be issued.

The Division of Enforcement and Licensing unit's audit department is responsible for regulating the manufactures and wholesalers. A major part of their job is to audit the beer wholesaler's beer tax returns which account for \$12 million dollars a year. Currently, the Examiners review the tax returns and record the discrepancies but fail to resolve these discrepancies with the wholesalers. In speaking with Joe Bellavance last week, he stated that he has not heard from the Commission regarding an audit in almost 3 years since I left the Commission. The current 4 Examiners have never conducted a wholesaler audit and do not know how to perform the audits. In addition, the Examiners are required to audit retailers, convenience stores, supermarkets and restaurants to verify they are purchasing all their alcohol from legal means. The Commission no longer conducts these audits. With declining revenues, I would expect that auditing retailers' purchases of alcohol to safeguard state revenue would be important job duty. The Examiners spend all their time in the office doing paperwork.

My father worked for a liquor broker back in the early 80s which I gained great insight from my father on the operations of liquor brokers. In the mid-80s, I worked for a beer wholesaler and worked part-time at multiple liquor stores. In 1991, I was hired full-time with the Commission in the accounting dept. For the next 30 years, I worked in the Division of Enforcement and Licensing in the audit department regulating the alcohol industry where I learned the state liquor laws and Federal TTB laws. I was considered the leading expert of liquor laws. Every part of the industry would contact me with questions regarding the liquor laws. Even the Commission's attorneys would consult with me regarding the liquor laws.

With my knowledge of the alcohol supply chain and liquor laws, I feel I am the best candidate to be the next Chairman of the Liquor Commission. I hope you will consider me when you are selecting the new Chairman in July when Chairman Mollica's term expires.

Thank you

James Barbuti

Governor Kelly Ayotte

Concord, NH 03301

Dear Mrs. Ayotte,

I am a junior at BHS and I am emailing you as part of my Global Politics Engagement Activity on the opioid crisis. I am very interested in this topic aside from school and would like to know how it is being handled within New Hampshire, I also have a few questions on this. During your campaign, you outlined a plan for this which talked about increasing funding for the opioid recovery programs and prevention programs as well. It also stated that there would be more communication with local officials to figure out the best way to help. What has been the most effective organization/program in New Hampshire and has funding helped them thrive? How have you helped these specific programs? What have you learned is the best way to help handle

the opioid crisis? How have these programs helped the community? Is there anything else you believe should be done, or anything different? There is a program called Safe Station that started in Manchester and seems to be successful. When I interviewed a doctor in Manchester, they stated that it wasn't the best use of the program as it takes up many beds where people are just waiting to be moved to the next program. This has caused major waiting times in the ER and is hard for those in need. Due to this, I believe it is a good program but could be improved. Do you think it could be improved, and how so? Thank you so much for taking time out of your day to read this. I understand if you cannot reply, and wish you a great year.

Thanks again,

Freja Froekjaer

268 Dartmouth Health doctors ranked among New Hampshire's best for 2025

Lebanon, NH – Dartmouth Health saw its highest number of physicians ever recognized in *New Hampshire Magazine's* annual Top Doctors ranking for 2025. A total of 268 Dartmouth Health doctors were named to the list, an increase of 20 providers from the previous year.

The recognized physicians are employed and/or provide services at Dartmouth Hitchcock Medical Center in Lebanon; Dartmouth Cancer Center in Lebanon; Dartmouth Health Children's in Concord, Lebanon, Manchester and Nashua; Dartmouth Hitchcock Clinics locations in Concord, Lebanon, Manchester, Merrimack and Nashua; Alice Peck Day Memorial Hospital in Lebanon; Cheshire Medical Center in Keene; and New London Hospital.

They are named across 63 pediatric and adult specialties, including internal medicine, interventional cardiology, dermatology, neurology, obstetrics and gynecology, orthopaedic surgery, psychiatry, radiation oncology, pulmonology, rheumatology, sports medicine, urology, and many more.

"New Hampshire patients have options when it comes to their doctors, and I am so proud that, in greater numbers each year, Granite Staters are choosing Dartmouth Health physicians all over the state, in all areas of medicine, to provide their healthcare,"

said Joanne M. Conroy, MD, Dartmouth Health's CEO and president. "Whether it's your family doctor, pediatrician, OBGYN, a surgeon, or any of our many outstanding physicians, choosing a doctor means putting your trust in him or her to look out for the best interests of your health, and to provide care with compassion and respect. These core values are at the heart of what our physicians named to *New Hampshire Magazine's* 2025 Top Doctors, and all our doctors across the Dartmouth Health system, do every day."

New Hampshire Magazine partners with the national research firm Castle Connolly to distribute surveys to every licensed practicing Granite State physician. The physicians are asked to nominate specialists who they would recommend to friends and family for treatment. Those receiving the most nominations are named as the top doctors and represent leading physicians in their respective specialties.

To see the complete list of Dartmouth Health's 2025 Top Doctors honorees, please visit go.d-h.org/topdocs.

[Dartmouth Health](#), New Hampshire's only academic health system and the state's largest private employer, serves patients across northern New England. Dartmouth Health provides access to more than 2,000 providers in almost every area of medicine, delivering care at its flagship hospital, Dartmouth Hitchcock Medical Center (DHMC) in Lebanon, NH, as well as across its wide network of hospitals, clinics and care facilities. DHMC is consistently named the #1 hospital in New Hampshire by U.S. News & World Report, and is recognized for high performance in numerous clinical specialties and procedures. Dartmouth Health includes Dartmouth Cancer Center, one of only 57 National Cancer Institute-designated Comprehensive Cancer Centers in the nation, and the only such center in northern New England; Dartmouth Health Children's, which includes the state's only children's hospital and multiple locations around the region; member hospitals in Lebanon, Keene, Claremont and New London, NH, and Windsor and Bennington, VT; Visiting Nurse and Hospice for Vermont and New Hampshire; and more than 30 clinics that provide ambulatory and specialty services across New Hampshire and Vermont. Through its historical partnership with Dartmouth and the Geisel School of Medicine, Dartmouth Health trains nearly 400 medical residents and fellows annually, and performs cutting-edge research and clinical trials recognized across the globe with Geisel and the White River Junction VA Medical Center in White River Junction, VT. Dartmouth Health and its more than 15,000 employees are deeply committed to serving the healthcare needs of everyone in our communities, and to providing each of our patients with exceptional, personal care.

Kelly Ayotte

Governor Ayotte's Budget for All of New Hampshire: Educating Future Granite State Leaders

"What we have done for our students in this budget is tremendous. We are spending more on education than ever before and putting our students and teachers first." - Gov.

Kelly Ayotte

What They're Saying: Governor Ayotte's Education Priorities

"Students learn differently, and families deserve to choose what educational opportunity is best for their child. I'm thankful that Governor Ayotte is delivering on her promise to expand education freedom to students across New Hampshire and I look forward to working with her to help Granite State students thrive." - State Senator Bill Gannon, Sandown

"Governor Ayotte's budget delivers for Manchester and all of New Hampshire. Governor Ayotte is sending more funding to towns and cities than ever before, helping cities like Manchester improve our schools and provide better educational opportunities for our students." - Manchester School Board Member Joy Senecal

How Governor Ayotte is Delivering for New Hampshire Schools

- Over \$2.5 billion in funding for education — more than ever before

- A record \$98 million invested in special education, nearly 50% more than the previous biennium
- Education freedom for all public school students
- \$1 million in grants to help local school districts remove cell phones from classrooms

Dear Dartmouth College Board of Trustees:

We are Dartmouth Divest for Palestine (DD4P), a coalition of over 70 faculty, staff, students, alumni, and community members who are deeply concerned with Dartmouth College's investments and complicity in Israeli genocide and apartheid in Palestine. Our faculty members have built careers researching these issues. Our students study everything from government to biology and economics to music. Our alums, who hail from the Classes of 1986 through 2024 and belong to every affiliated alumni organization at Dartmouth, work in law, medicine, education, art, global health advocacy, and more. Our coalition represents a broad range of Dartmouth experiences, from those of us whom Dartmouth celebrates as social justice and artistic leaders, to others of us who have organized Greek life and senior societies and facilitated Dartmouth's deepest traditions as UGAs, Trips and Orientation leaders, and drill instructors. We understand, as you do, what it means to work for the better of our community. It is because of our deep investment in the well-being of the Dartmouth community and the integrity of the institution that we submit this proposal.

We write to you today to submit our [divestment proposal](#) and to request a meeting before Commencement, June 15, in order to discuss it with you. This proposal calls on the College to divest from companies which are directly involved in Israeli apartheid, genocide, and violations of international law. **We urge you to review it in good faith and to adjust Dartmouth's investment practices accordingly.**

While we are submitting this proposal to ACIR, due to the urgency of the situation, we are also sending it directly to you, given that the present "extraordinary circumstance" (quoted from the SISR)

necessitates more pressing measures. Over the past 15 months, conservative estimates place [the death toll of those in Gaza at 46,707 people](#), which includes about 18,000 children. At least 110,265 people have been injured in Gaza as well (about 1 in 20 people). Today, despite there being an official “ceasefire” in Gaza, the realities in Palestine remain as dire as ever – Israeli airstrikes and snipers continue to murder children in both the [West Bank](#) and [Gaza](#) as Palestinians attempt to rebuild their lives.

Our shared history shows how Dartmouth trustees have previously heeded the calls of student activists to change Dartmouth for the better. They met and participated in public forums with student activists; they were not as tied to top-down institutional policies and modes of communication. We urge you to continue this precedent of dialogue and engagement on a personal level – the culture of collaboration and community that makes Dartmouth “Dartmouth.” As you likely are, we are deeply troubled by the fractures in our community over the past year. Your honest engagement with this proposal can be the start of rebuilding this trust.

Please contact us if you have any questions about the proposal or to discuss next steps. We are eager to meet and hear your thoughts.

Thank you for your consideration,

Dartmouth Divest for Palestine

9. CONCLUSION

1. INTRODUCTION

Dartmouth Divest for Palestine, a coalition of Dartmouth students, alumni, faculty, staff, and community members, submits this divestment proposal to the Dartmouth Advisory Committee on Investor Responsibility (ACIR) for their review. Our coalition is animated by a shared concern: that Dartmouth's investments in companies that directly support Israel's ongoing occupation of Palestine, its war crimes, its genocidal assault on Gaza, and its apartheid policies violate Dartmouth's history and educational mission.

In January 2021, the Israeli human rights organization B'Tselem published a position paper entitled "This is Apartheid," concluding that "in the entire area between the Mediterranean Sea and the Jordan River, the Israeli regime implements laws, practices and state violence designed to cement the supremacy of one group—Jews—over another—Palestinians"; Amnesty International and other international human rights organizations came to the same conclusion in similar reports issued in 2021 and early 2022.¹ Since Israel's most recent assault on Gaza began in October 2023, these organizations, as well as a United Nations special committee, have documented Israel's continued violation of international law and commission of war crimes in Gaza, concluding that Israel is engaged in ethnic cleansing and genocide of Palestinians.²

We call on Dartmouth College to divest immediately from companies that are directly involved in these actions, and to refrain from reinvesting in them until such time as Israel is no longer enforcing apartheid policies, committing war crimes and genocide, and otherwise violating international law through its occupation of Palestine.

Our coalition understands that it is Dartmouth's fiduciary responsibility to manage its endowment so that the College may fulfill its mission in perpetuity, ensuring the education of future generations of Dartmouth students and the teaching and research of future

generations of Dartmouth faculty, as well as supporting the work of current students, faculty, staff, and community members. We believe that Dartmouth's investment decisions must be compatible with its core mission "to prepare students for a lifetime of learning and of responsible leadership through a faculty dedicated to teaching and the creation of knowledge," as well as its commitment to intergenerational equity.³ It is only by divesting from companies directly involved in Israel's violations of international law that Dartmouth can uphold its mission to educate responsible future leaders, as well as its fiduciary responsibility to current and future generations of Dartmouth students, faculty, staff, alumni, and community members.

This proposal outlines our argument for divestment from companies complicit in Israel's violations of international law, including its apartheid policies, war crimes, and occupation of Palestine, in accordance with the criteria laid out by ACIR and the Dartmouth Board of Trustees.

- In section 2, we detail the history of divestment campaigns at Dartmouth, demonstrating the historical precedents for our current call for divestment.
- In section 3, we elaborate on how divestment from companies complicit in apartheid, war crimes, and violations of international law positively enacts Dartmouth's values and is consistent with its history and mission. We also show how Dartmouth's continued investment in companies complicit in Israeli apartheid, occupation, and genocide violate the College's stated values and mission.
- In section 4, we explain that many companies that support Israeli violations of international law and apartheid policies, by nature of their specific business practices, cannot modify their behavior to become viable investments for the College. We also outline how others, given the widespread knowledge of Israel's practices among the international community, have already had ample opportunity to change their behavior and have failed to do so.
- In section 5, we detail the material impact of divestment from companies complicit in Israel's violations of international law.
- In section 6, we show how divestment is consistent with the academic mission of the College.
- In section 7, we explain how our divestment campaign fulfills the ACIR criterion for consensus among the Dartmouth community.

³ "Dartmouth's Mission Statement," <https://www.dartmouth.edu/jameswright/archive/mission/index.html>.

- In section 8, we recommend the adoption of a divestment and non-reinvestment policy statement and describe guidelines for company behavior that would trigger divestment or prevent (re)investment by the College.

Finally, we provide a preliminary list of corporations that are complicit in Israeli apartheid, occupation, war crimes, and other violations of international law from which the College should divest today.

2. HISTORY OF DIVESTMENT AT DARTMOUTH

In 1972, the Dartmouth Board of Trustees asserted that the “maximization of return—the primary investment goal—should not be the sole criterion for the management of Dartmouth’s capital resources. Investment policies should also reflect the broad societal goals for which the institution as a whole stands.”⁴ In this section, we highlight Dartmouth’s past five divestment campaigns, during which Dartmouth community members encouraged the College to uphold the vision of the Trustees and realign its investments with the broader social responsibility and values of the institution. Following these campaigns, the College divested from South African apartheid in 1989, the James Bay Hydro-Quebec dam project in 1993, genocide in Sudan in 2005, the tobacco industry in 2012, and the fossil fuel industry in 2021. These precedents demonstrate that divestment is not only possible, but an important tool in helping Dartmouth to fulfill its educational mission and stated commitment to social responsibility. These cases establish the moral and institutional framework that necessitates that Dartmouth divest from companies that are complicit in Israeli apartheid, war crimes, genocide, and the ongoing occupation of Palestine.

In the case of South Africa, students, alumni, and faculty engaged in a sustained divestment campaign for over a decade. This campaign included sit-ins, marches, alternative commencements, public debates, and the creation of multiple shanties on the Dartmouth campus. To give an overview, six years after the Trustees formed the Advisory Committee on Investor Responsibility (ACIR), in 1978 the Trustees endorsed the “Sullivan Principles” upholding equal rights and non-segregated workplaces for US companies doing business in South Africa. The endorsement affirmed a commitment to racial equality by the College and companies to which it has ties. In 1983 and 1985, the Trustees affirmed College-wide concern over apartheid and prohibited the College from making any investments in South African firms, multinational corporations with principal activities in South Africa, and

“Maximization of return—the primary investment goal—should not be the sole criterion for the management of Dartmouth’s capital resources. Investment policies should also reflect the broad societal goals for which the institution as a whole stands.”

financial institutions making loans to the South African government.⁵ The College also affirmed the exploration of educational initiatives that would benefit future leaders of South Africa. Despite the College's adherence to the Sullivan Principles, the measures to mitigate the racial inequalities built into South African-based firms were not sufficient. While attempts to put positive pressure on the apartheid government through investments failed to ameliorate a worsening situation in South Africa, racial turmoil related to anti-racism and anti-apartheid movements divided the campus community.

In November 1985, students from the Dartmouth Community for Divestment created three shanties, two of which were on the Dartmouth Green, and demanded immediate divestment. On the first national Martin Luther King Day in 1986, twelve Dartmouth students, ten of whom were writers from *The Dartmouth Review*, attacked the structures with sledgehammers while students were sleeping inside, which sparked an occupation of Parkhurst Hall and a faculty-led Moratorium for dialogue and listening. In the wake of these events, students, faculty, and administrators organized a community forum on apartheid and divestment.

In 1986, the Trustees began to shift their position, recognizing that American corporate presence was sustaining the South African government and could not be harnessed to eliminate apartheid.⁶ The change of positions coincided with Reverend Leon Sullivan's call for a total economic boycott, as well as

the intensification of racial tensions on campus. To quell racial tensions on campus and in anticipation of the fall of South Africa's apartheid regime, in 1989, the Trustees finally announced their decision to divest from U.S. companies doing business in South Africa, recognizing that investments had "great symbolic meaning to many within and outside the college," and that continued investment in South African apartheid was impeding the College from fulfilling its educational mission.⁷ In sum, the Trustees recognized that divestment was a necessary response not only to the increasingly repressive regime of racial apartheid in South Africa, but also to struggles for racial equality on campus.

Similar to the case of South Africa, in the early 2000s, during the Darfur genocide in western Sudan, the Darfur Action Group pressed the administration for divestment.⁸ In 2005, Dartmouth announced that it would no longer invest in six companies operating in Sudan, citing "direct complicity" in the genocide.⁹

In 1993, in response to a student petition, Dartmouth divested its \$6.8 million holdings in Hydro-Quebec.¹⁰ Hydro-Quebec's James Bay dam would have displaced around 10,000

people, mostly Indigenous Cree people, and flooded 9,000 square miles of land.¹¹ The decision to divest from Hydro-Quebec was an affirmation of Indigenous sovereignty.

In 2012, the Trustees voted to divest from the tobacco industry and prevent future investment in tobacco companies. In this case, the Trustees justified their decision on the basis that tobacco use is harmful to health and goes against the values of a college with a medical school.¹²

Most recently, in 2017, after a decade of campaigns, rallies, and petitions by Divest Dartmouth, Dartmouth's Investment Office announced they would no longer make new investments in private fossil fuel extraction, exploration, and production funds.¹³ In 2021, Dartmouth announced its intention to divest its direct holdings in fossil fuel corporations (though there has been little subsequent oversight to ensure that the College continues to uphold this promise). President Hanlon claimed that the primary reason for divesting was financial, citing global market shifts that rendered clean energy funds just as profitable as fossil fuel funds.¹⁴ Dartmouth became the fifth Ivy League institution to divest from fossil fuels, joining Brown University, Columbia University, Cornell University, and Harvard University. However, the College only divested its direct holdings and was not held accountable for indirect holdings, which comprise the majority of the endowment.

As ACIR has previously made clear, the College must not profit from, nor materially aid and abet, any company or institution complicit in genocide or apartheid, or any actions that contravene the College's educational mission. In 2018, ACIR listed 21 companies prohibited for their involvement in the genocide in Sudan and 74 companies prohibited due to their involvement in the tobacco industry.¹⁵ As in the cases of South African apartheid and the genocide in Sudan, Israel's violations of international law call for urgent action from Dartmouth: immediate divestment from companies complicit in those violations.

3. CRITERION I: UNIVERSITY VALUES, HISTORY, AND MISSION

The Dartmouth Trustees' Statement on Investment and Social Responsibility Issues (SISR) emphasizes that the College will consider divesting from a company if "a company's actions or inactions are clearly inconsistent with Dartmouth's history, its values, or mission."¹⁶

Dartmouth's mission and values are as follows:

- Mission: Dartmouth educates the most promising students and prepares them for a lifetime of learning and of responsible leadership through a faculty dedicated to teaching and the creation of knowledge.
- Values:
 - Dartmouth expects academic excellence and encourages independence of thought within a culture of collaboration.
 - Dartmouth faculty are passionate about teaching our students and are at the forefront of their scholarly or creative work.
 - Dartmouth embraces diversity with the knowledge that it significantly enhances the quality of a Dartmouth education.
 - Dartmouth recruits and admits outstanding students from all backgrounds, regardless of their financial means.
 - Dartmouth fosters lasting bonds among faculty, staff, and students, which encourage a culture of integrity, self-reliance, and collegiality and instill a sense of responsibility for each other and for the broader world.
 - Dartmouth supports the vigorous and open debate of ideas within a community marked by mutual respect.¹⁷

The first half of this section demonstrates how Dartmouth's histories of divestment are some of the most striking examples of when the Dartmouth community has exemplified the College's mission and values.¹⁸ The movements pushing for divestment from South

African apartheid and from fossil fuel companies showed what it means to be responsible for each other and the world, to embrace diversity, and to collaborate among faculty, staff, and students with academic excellence, collegiality, and mutual respect. The current Dartmouth Divest for Palestine coalition, which represents a broad array of students, alumni, staff, faculty, and community members, similarly models how Dartmouth can fulfill its responsibility to its community and to the greater world.

The second half of this section makes the converse argument: it shows how the College's investments in companies that support Israeli apartheid, genocide, war crimes, and other violations of international law are inconsistent with several core College values and with its educational mission.

3.1. Divestment demonstrates a responsibility to the broader world

The Dartmouth social movements to divest from South African apartheid and from fossil fuel companies saw divestment as a way to exercise their global leadership and responsibility to the broader world. These divestment campaigns afforded Dartmouth community members the opportunity to put these global commitments into action. Divesting from corporations that support the Israeli occupation of Palestine will do the same for Dartmouth community members now.

In the movement at Dartmouth to divest from South African apartheid, the students and young alumni who wrote the June 1978 report "Dartmouth and Southern Africa Investments: The Case for Divestiture" for the Committee on

Investor Responsibility argued that Dartmouth needed to divest as part of its responsibilities to the world, beginning the report with descriptions of racial segregation and anti-black discrimination in South Africa and then making the case for specific action.¹⁹ Students wore

"As an institution and as individuals, we want all our actions to drive meaningful change and to inspire others to act."

-President Phil Hanlon, 2021

ACIR Divestment Report, April 2016), 7, https://dartmouthalumniclimateaction.org/wp-content/uploads/2016/08/divestment_report_final.pdf.

green armbands to commencement in 1983 and white armbands in 1986 to symbolize their solidarity with the global movement against South African apartheid; alternative commencement materials in 1987 and 1988 similarly communicated Dartmouth students' commitment to divestment as part of their sense of responsibility to one another and the broader world.²⁰

The students' campaign to persuade Dartmouth to divest from fossil fuel companies also demonstrated their sense of global leadership and responsibility. The 2014 petition from Divest Dartmouth communicated students' understanding of responsible leadership, stating, "As Dartmouth students, we're encouraged to become responsible leaders: we thus feel obligated to do everything in our power to slow rapid climate change. We believe that our learning institution should have the same concerns, and that no entity concerned with our futures should profit from putting them in jeopardy."²¹ The petition also expressed students' commitments to the broader global community, proclaiming, "We stand with the global fossil fuel divestment movement."²²

When Dartmouth announced in 2021 that it would reduce all fossil fuel holdings to zero, President Hanlon echoed these students, connecting the decision to divest with Dartmouth's commitment to developing leaders capable of addressing global challenges. In the announcement, he stated both that "the development of future leaders ready to tackle the world's most urgent problems is how Dartmouth can truly make a difference," and, "As an institution and as individuals, we want all our actions to drive meaningful change and

²² Siegel, "Dartmouth College: Go Fossil Free!." The April 2016 report to President Hanlon prepared by Katie Zhang '16 and Kasidet Trerayapiwat '16 and advised by Professor Mark Borsuk echoes this commitment to global responsibility; it outlines four objectives of fossil fuel divestment, including to "satisfy ethical responsibility," "minimize financial impact," "maximize academic opportunity," and "realize symbolic importance." Within the category of academic opportunity, the report draws out in particular an "understanding of relationship to the broader world." See Zhang '16 and Trerayapiwat '16, "Report to the President on the Considerations Involved in Divesting the Dartmouth College Endowment from Directly Held Fossil-Fuel Related Assets."

to inspire others to act.”²³ In doing so, he affirmed students’ previous calls for fossil fuel divestment as expressions of their understanding of their roles of and capacity for leadership regarding global issues.

Students, faculty, staff, and alumni are now acting with a comparably clear and urgent sense of global leadership and responsibility. Nations and organizations around the globe, from international human rights organizations to the United Nations, have sounded the alarm about Israel’s violations of international law in occupied Palestine and its genocidal acts in Gaza.²⁴ A UN Special Committee Report from September 2024 notes in particular that “the policies and practices of Israel [since October 2023] are consistent with the characteristics of genocide”:

The targeting of Palestinians as a group; the life-threatening conditions imposed on Palestinians in Gaza through warfare and restrictions on humanitarian aid—resulting in physical destruction, increased miscarriages and stillbirths—and the killing of and serious bodily or mental harm caused to Palestinians in Gaza and the occupied West Bank, including East Jerusalem, are violations under international law. Civilians have been indiscriminately and disproportionately killed en masse in Gaza, while in the occupied West Bank, including East Jerusalem, Israeli colonial settlers, military and security personnel have continued to violate human rights and humanitarian law with impunity.²⁵

These acts of violence by Israel, the Committee goes on to report, **“gravely weaken the international rules-based system,” threatening “obligations established under international law to limit the barbarity of war and protect human rights.”**²⁶ Thus, in response to these violations, the UN recommends that “investors implement policies requiring heightened human rights due diligence in conflict-affected areas and ensure that their investments in Israel do not prolong the occupation of Palestinian land.”²⁷ To act as a global leader, Dartmouth should follow this clarion call from the international community,

and lead the way in helping to uphold the international rules-based order. The College should divest from companies that are directly involved in Israel's well-documented violations of international law, in the forms of apartheid, genocide, and occupation (see 3.4 and 3.5 below).

3.2. Divestment centers diversity and belonging

The students, faculty, staff, and alumni who collaborated toward divestment from South African apartheid understood that embracing diversity at Dartmouth meant pushing for change on and off campus—from increasing the percentage of minoritized faculty and students, to challenging a campus culture of racial and sexual harassment, to questioning the College's financial stakes in oppression in South Africa and elsewhere.²⁸ As a result, collaborations across campus groups created a richly coalitional movement for divestment.²⁹ Students articulated the connection between their struggles for women's and gay liberation, racial equality, and divestment from apartheid in their 1986 "Explanation of Protest," a document which explained the meaning of the white armbands they wore at the 1986 commencement. This symbolic protest connected five concerns: South African apartheid, US involvement in Central America, nuclear weapons, the 1974 Navajo Hopi Relocation Act, and the realities on campus for women, including sexual violence.³⁰ There was always a

²⁸ In accordance with President McLaughlin's remarks to the faculty in October 1985, we understand Dartmouth's institutional understanding of diversity to mean Dartmouth's commitment to foster a student body of diverse gender and sexual orientations, as well as "commitments to diversity of race, to diversity of economic circumstance among our students, and to diversity of academic programs." At the time of his statement, according to McLaughlin, Dartmouth had the highest percentage of Black students in its undergraduate population among the Ivy League, a larger number of Native American students than peer institutions, and women as 20% (and "minorities" as 7%) of faculty of arts and sciences appointments in the past four years. This stated institutional commitment to diversity reflected other developments on campus and among alumni beginning in 1972: the advent of coeducation, the beginning of the Native American Studies Program, and the establishment of the Black Alumni of Dartmouth Association (BADA). See David McLaughlin, "From President David T. McLaughlin's remarks to the General Faculty," October 21, 1985, Administrative Letters, 1985–1986, 26765, George Bourozikas papers, Ms-1436, Rauner Library Archives and Manuscripts, Hanover, NH; "Coeducation," excerpted from the Dartmouth Alumni Magazine, Dartmouth College, accessed October 10, 2024, <https://home.dartmouth.edu/about/coeducation>; Chidi Anyadike '13, "40 Years of Native American Studies at Dartmouth," Dartmouth College, April 2, 2013, <https://home.dartmouth.edu/news/2013/04/40-years-native-american-studies-dartmouth>; Courtney Hall, "BADA 50th Anniversary Celebration 'A Triumph,'" Dartmouth Alumni and Families, Dartmouth College, June 8, 2023; See also Freccero, "Speech, Alt."

²⁹ In an oral history interview, an alum from the class of 1987 highlighted the overlap between the Dartmouth Community for Divestment (DCD), the African American Society (Afro-Am), Gay Students Association (GSA), the International Students Group, and the Women's Issues League (WIL), noting for example that the Afro-Am was sympathetic to the GSA because GSA students were involved in DCD. As their commitments connected, "some serious bridge building among various groups" occurred. Bonnevie explained, for example, that WIL organized Take Back the Night and tried to change the "Men of Dartmouth" song (now "Alma Mater"). See Kelly M. Bonnevie, "Oral History Interview with Kelly M. Bonnevie," by Sara D. Harris, SpeakOut: Documenting the History of the LGBTQIA+ Community at Dartmouth College, Dartmouth Libraries, last modified May 14, 2018, accessed September 2, 2024, <https://exhibits.library.dartmouth.edu/s/SpeakOut/item/186>.

³⁰ The document also explained the decision at commencement to chant "can this song" during the singing of the alma mater, followed by singing an excerpt from "We All...Every One of Us" by Sweet Honey in the Rock. See Memorandum,

clear link between students' push for diversity and belonging on campus, and their push for divestment from South African apartheid. Thus in the case of the South Africa divestment campaign, Dartmouth's promising students "of all backgrounds" came together to challenge the College to be more inclusive, just, and responsible as an institution, demanding that the College act on its stated understanding that diversity "significantly enhances the quality of a Dartmouth education."³¹

Today, Dartmouth students, faculty, alumni, staff, and community members from all backgrounds are coming together again to connect calls for change on Dartmouth's campus to the way the College invests its funds on a global scale.

Individuals and groups advocating for intersectional feminism, climate justice, organized labor, undocumented students, Native American students, and Asian American studies on campus have all demanded that Dartmouth uphold its stated commitment to diversity and the belonging of its diverse community members by divesting from Israel's well-documented and ongoing practices of occupation, apartheid, and genocide.

Dartmouth College is a diverse and international community of scholars and students. The school brings to Hanover, New Hampshire, the most promising and outstanding individuals from a wide range of backgrounds, including Palestinian. **For Palestinian, Muslim, and Arab scholars and students to be welcome on campus, the university that employs and teaches them cannot be financially invested in the dehumanization of their communities and destruction of their homes.** By continuing to invest in and benefit financially from Israel's violations of international law, Dartmouth College directly undermines its purported embrace of diversity, equity, and belonging.

3.3. Divestment enacts cross-community collaboration

The movement to divest from companies complicit in Israel's violations of international law in Palestine follows in the footsteps of previous divestment campaigns at Dartmouth in enacting cross-community collaboration. In the movements to divest both from South African apartheid and from fossil fuels, faculty, staff, students, and alumni collaborated with academic excellence, collegiality, and mutual respect. These collaborations, whose tradition this present divestment movement continues, demonstrated the best of Dartmouth: faculty passionate about teaching; students, staff, alumni, and community members engaged in rigorous research, discussion, and leadership; all coming together in a community of lifelong bonds. In the 1980s, faculty modeled "vigorous and open debate of ideas within

"Commencement, an Explanation."

³¹ "Liberal Arts at the Core," Dartmouth College, <https://home.dartmouth.edu/about>.

a community marked by mutual respect”³² when they debated each other publicly and in their written material advocating for or against divestment from apartheid South Africa.³³ Faculty demonstrated that they were “dedicated to teaching and the creation of knowledge” and “passionate about teaching our students” from their position “at the forefront of their scholarly or creative work”³⁴ when they supported students as people, as learners, and as leaders, and advocated for divestment themselves, anchoring their case in their academic expertise.³⁵

In a “culture of collaboration” and “a culture of integrity, self-reliance, and collegiality,” past movements have fostered those “lasting bonds among faculty, staff, and students” that are distinctively characteristic of Dartmouth.³⁶ This legacy continues into the present, with faculty, staff, and alumni collectively advocating for the students who briefly set up a Gaza solidarity encampment on the Green on May 1, 2024, after a labor rally and anti-genocide demonstration, calling for Dartmouth to divest from companies complicit in Israel’s genocide in Gaza. Peacefully protesting students were violently arrested alongside faculty, staff, and other Upper Valley community members.³⁷ The day following the arrests, over one

Africa Policy 1984-1986, George Bourozikas papers, Ms-1436, Rauner Library Archives and Manuscripts, Hanover, NH.

³⁶ The 1983 commencement statement about wearing green armbands was signed by eight alums from the class of 1983, six professors, a reverend, and a rabbi. The statement also notes that Professor Leo Spitzer had even recently resigned from Chair of ACIR over the Trustees’ refusal to implement their policy of selective divestment. Meanwhile, a February 1986 Anti-Apartheid concert featured music faculty, with proceeds donated to DCD. Memorandum by Amoakuh et al., “Commencement Exercises;” “Anti-Apartheid Concert Flyer,” February 28, 1986, Anti-Apartheid Concert, 1986-02-28, 26765, George Bourozikas papers, Ms-1436, Rauner Library Archives and Manuscripts, Hanover, NH. Most recently, in the movement to divest from fossil fuels, the 2014 petition signatures came from people with a range of campus affiliations, with the 2017 “Our Green Future” report by faculty, staff, and students, and the 2016 report written by ’16s and advised by a professor. See Siegel, “Dartmouth College: Go Fossil Free!;” Dartmouth College Sustainability Task Force, “Our Green Future,” (report, 2016), <https://president.dartmouth.edu/sites/president.prod/files/president/wysiwyg/ourgreenfuture.pdf>; Zhang ’16 and Trerayapiwat ’16, “Report to the President on the Considerations Involved in Divesting the Dartmouth College Endowment from Directly Held Fossil-Fuel Related Assets.”

³⁷ “Police arrest history professor at Dartmouth College,” The Washington Post, May 2, 2024, https://www.washingtonpost.com/video/national/police-arrest-history-professor-at-dartmouth-college/2024/05/02/d03a4111-27dc-434a-9c03-86237359e75b_video.html; Valley News, “Police break up pro-Palestinian protest at Dartmouth College, 90 arrested,” VT Digger, May 2, 2024, <https://vtdigger.org/2024/05/02/police-break-up-pro-palestinian-protest-at-dartmouth-college-dozens-arrested/>; Valley News, “Dartmouth administration faces fierce criticism over protest arrests,”

hundred faculty and staff gathered on the Green to support those arrested and condemn the College's use of force against peaceful protesters.³⁸ In the months following those violent arrests, faculty, staff, students, and alumni continued to protest against Dartmouth's financial complicity in the deaths in Gaza by creating the Brave Space on the Baker Lawn. For almost six weeks, individuals from across the Dartmouth and the wider Upper Valley community—including faculty, staff, undergraduate students, graduate students, prospective students, and community members—organized and attended teach-ins, study sessions, music performances, classes, guest lectures, art builds, and community wellness events at the Brave Space, attesting to the continued cross-community collaboration around the urgent question of divestment.

These coalitional efforts have been aided by ongoing academic programming by Dartmouth faculty and staff. Following the May 1, 2024 arrests, History Department faculty held two teach-ins on the history of Dartmouth campus and transnational student protests. The Program in Women's, Gender, and Sexuality Studies is currently hosting a well-attended series called "Gaza is Burning," inviting renowned scholars, journalists, and authors to discuss topics including the history of Israeli occupation and the "Palestine exception" in US academia. The movement for divestment from Israeli violations of international law extends, too, to the College's professional schools, as when faculty at the Geisel School of Medicine invited OB-GYN Alice Rothchild to lecture on "The maternal-child health impact of the war on Gaza."

Some of the strongest bonds between faculty, staff, students, and alumni in Dartmouth's history have been forged in the movements past and present for divestment. We hope the Board of Trustees will respect and learn from these examples of collaborative learning and community building, and take seriously the call for divestment from companies complicit in Israeli violations of international law, including war crimes and genocide.

3.4. Investment in Israeli apartheid and occupation violates the College's duty of responsible leadership, mutual respect, and responsibility for the broader world

The stated mission of the College is to "instill a sense of responsibility for each other and for the broader world," foster "a community marked by mutual respect," and "prepare [students] for a lifetime of ... responsible leadership." Dartmouth's support of Israel's apartheid regime

VT Digger, May 8, 2024, <https://vtdigger.org/2024/05/08/dartmouth-administration-faces-fierce-criticism-over-protest-arrests/>.

³⁸ Kelsey Wang and Arizbeth Rojas, "Faculty gather on Green in response to protester arrests, petition for emergency faculty meeting," The Dartmouth, May 2, 2024, <https://www.thedartmouth.com/article/2024/05/faculty-gather-on-green-in-response-to-protester-arrests-petition-for-emergency-faculty-meeting>.

through its investments in companies that provide it material support violates these core values.

Israel's crimes against the Palestinian people extend back to the 1948 "al-Nakba," or "catastrophe," when Zionist settlers declared Israel's independence and violently expelled 750,000 Palestinians from their homeland. Over the subsequent 77 years, Israel has subjected these displaced Palestinians to "a brutally sophisticated structure of oppression," encompassing but not limited to "variants of apartheid" and occupation.³⁹

Transnational and Israeli human rights organizations, including Human Rights Watch, Amnesty International, and B'Tselem, have recognized Israel's practices of apartheid, which encompass the treatment of Palestinians as second-class citizens in Israel, as well as the discrimination and violent repression of Palestinians living under occupation in the West Bank, Gaza, and East Jerusalem.⁴⁰ Article 2 of the 1973 Apartheid Convention defines the crime of apartheid as covering "inhuman acts committed for the purpose of establishing and maintaining domination by one racial group of persons over any other racial group of persons and systematically oppressing them."⁴¹ Israel has established a system of apartheid over Palestinians with the clear intent to maintain Jewish Israeli domination over Palestinians. The Israeli apartheid regime includes: a) dividing Palestinians into areas with different rights, "all of which are inferior compared to the rights afforded to Jewish citizens" in each of those areas; b) restricting Palestinians' everyday freedom of movement between those areas, as well as their ability to immigrate or relocate between these areas; c) systematically confiscating Palestinian land and properties in order to construct Jewish-only communities and settlements; and d) denying "Palestinians' right to political participation."⁴²

Audiovisual Library of International Law, November 30, 1973, <https://legal.un.org/avl/ha/cspca/cspca.html>. As Dugard outlines, apartheid, initially applied to South Africa's system of racial segregation, is now recognized as a crime against humanity under the 1973 Apartheid Convention and the 1998 Rome Statute of the International Criminal Court (ICC).

⁴² "A regime of Jewish supremacy from the Jordan River to the Mediterranean Sea: This is apartheid," B'Tselem, January 12, 2021, https://www.btselem.org/publications/fulltext/202101_this_is_apartheid.

Since 2004, the International Court of Justice has considered the West Bank and East Jerusalem occupied territories.⁴³ In 2024, the ICJ ruled that Israeli settlement policies in the occupied Palestinian territories violate international law. These illegal policies include Israel's prohibition of Palestinians from organizing or encouraging transfers of its own population into occupied territory;⁴⁴ Israel's expropriation of Palestinian property for the development of Israeli settlements;⁴⁵ Israel's restrictions on Palestinians' access to water and use of natural resources;⁴⁶ Israel's forcible evictions of Palestinians, destruction of their homes, and restrictions on their residences and movements;⁴⁷ and Israeli settlers' and security forces' violence against Palestinians.⁴⁸ Israeli settler and military violence has included the massacre of peacefully protesting Palestinians⁴⁹ and the commission of gender-based violence against Palestinian women and girls with excessive use of force, including physical, psychological, and verbal abuse and sexual harassment.⁵⁰

In the Gaza Strip, Israeli occupation has taken a related form. In 2005, Israel withdrew all settlements and settlers from the Gaza Strip, maintaining control of Palestinians in Gaza instead through a complete blockade instituted in 2007. Through this blockade, Israel has maintained complete control over Gaza's airspace, sea waters, land crossings, electricity, water, and telecommunications, creating what activists, scholars, and human rights organizations have called an "open-air prison."⁵¹ The blockade has restricted the flow of essential goods to residents of Gaza; for example, Palestinians in Gaza are not able to rebuild after Israeli bombings because Israel prevents construction materials from entering the Strip. The blockade has also restricted Palestinians' freedom of movement, heavily limiting the number

⁴³ According to the ICJ, "under customary international law...territory is considered occupied when it is actually placed under the authority of the hostile army, and the occupation extends only to the territory where such authority has been established and can be recognized." quoted in "Legal Consequences arising from the Policies and Practices of Israel in the Occupied Palestinian Territory, including East Jerusalem," International Court of Justice (ICJ) Advisory Opinion, 19 July 2024, 28-29, <https://www.icj-cij.org/case/186>.

of people that can enter or exit Gaza through Israeli-controlled checkpoints—even civilians seeking medical treatment.⁵² The blockade has also exerted enormous economic hardship on the population of Gaza, where children comprise nearly half the population; these children and their families are denied access to basic resources including water, sewage, electric, medical and civilian infrastructure.⁵³ International organizations have repeatedly held that the blockade of Gaza violates the Geneva Convention’s prohibition against collective punishment.⁵⁴

Dartmouth currently supports these forms of Israeli state violence and racist discrimination through its investments, particularly its investments in weapons manufacturers that materially enable the Israeli apartheid regime and occupation of Palestine. Maintaining these investments clearly violates the College’s stated commitments to responsible leadership, mutual respect, and social responsibility.

3.5. Investment in Israeli war crimes and genocide violates the College's duty of responsible leadership, mutual respect, and responsibility for the broader world

The stated mission of the College is to “instill a sense of responsibility for each other and for the broader world,” foster “a community marked by mutual respect,” and “prepare [students] for a lifetime of ... responsible leadership.” Dartmouth's investments in companies that provide material support to Israel's ongoing commission of war crimes and genocide in Gaza violate these core values.

Since the beginning of Israel's most recent assault on Gaza in October 2023, Israel has committed a myriad of war crimes. These crimes have included:

- Internal displacement and forcible transfer of at least 1.9 million Palestinians.⁵⁵
- Indiscriminate attacks on Palestinian homes.⁵⁶
- The weaponization of starvation: Israel has weaponized famine against Gaza's children, with 90% lacking nutrition for growth and many at risk of starvation.⁵⁷
- The systematic targeting of schools, refugee camps, humanitarian safe zones, places of worship, hospitals, and humanitarian aid workers.⁵⁸ One notable example is the Rafah Tent Massacre. On May 26, 2024, Israel bombed Palestinian refugees in the Kuwaiti Peace Camp, a designated humanitarian zone in Tal al-Sultan, Rafah City, using the

US-made Boeing GBU-39. This attack on Rafah lit the large refugee encampment on fire, and resulted in approximately 45 civilian deaths.⁵⁹

- The use of white phosphorus on densely populated areas of Palestinian civilians and refugees.⁶⁰
- The use of sexual and gender-based violence by Israeli security and military forces, including their deliberate targeting, execution, disappearance, and torture of Palestinian women, and the decimation of Palestinian women's reproductive rights, bodily autonomy, and dignity, in violation of "the special protection to women and children required by international humanitarian and human rights law."⁶¹
- The deliberate targeting, execution, disappearance, torture, maiming, and starvation of Palestinian children, in violation of "the special protection for women and children required by international humanitarian and human rights law."⁶²
- The torture and rape of Palestinian prisoners: US reporters have revealed that Palestinian prisoners in Sde Teiman prison have been, according to CNN, "restrained and blindfolded, forced to sit and sometimes stand throughout the night beneath flood lights; wounded Palestinians were strapped down onto beds, forced to wear diapers, and fed through straws; soldiers beat detainees motivated by revenge for the October 7 attacks; and prisoners' limbs were amputated due to untreated wounds from restraints, and such operations took place without anesthesia."⁶³ Prisoners were gang raped by Israeli soldiers.⁶⁴

Israel's recent bombardment of Gaza was the most intense bombing campaign in modern history, concentrated into one of Earth's most densely populated areas.⁶⁵ In the first month

alone, 2 nuclear bombs worth of explosives were dropped on Gaza.⁶⁶ Within 6 months, Israel had dropped on or fired into Gaza over 300,000 bombs and munitions, weighing 75,000 tons.⁶⁷ The bombardments and associated military action, along with the associated destruction of infrastructure, economic devastation, and disease, have resulted in the death of at least 169,000 Palestinians, or 7.9% of the total population in the Gaza Strip, as of July 2024.⁶⁸ Among those killed are tens of thousands of children, with many tens of thousands more missing, orphaned, and maimed.⁶⁹

The extent of Israel's military violence and war crimes against Palestinians since October 2023 has led scholars of genocide and many international organizations to conclude that Israel is committing genocide.⁷⁰ The Genocide Convention, to which Israel is a party, entered into force on January 12, 1951, as a United Nations treaty; it establishes genocide as a crime under international law. It defines genocide as any of five acts committed with the intent to destroy in whole or in part a national, ethnic, racial, or religious group by a) killing; b) causing serious bodily or mental harm; c) deliberately inflicting conditions designed to cause the group's physical destruction; d) imposing measures to prevent births, and e) forcibly transferring children to a group that is not its own.⁷¹ In January 2024, the ICJ found that there was a real and imminent risk that Israel was committing genocide against the Palestinian people.⁷² In September 2024, the United Nations Special Committee issued a report finding that "the policies and practices of Israel [since October 2023] are consistent

⁷² Application of the Convention on the Prevention and Punishment of the Crime of Genocide in the Gaza Strip (South Africa v. Israel). Order on Application by South Africa for Provisional Measures of 26 January, 2024 ICJ Rep 1 at p.13 ¶ 74 ("Provisional Measures").

with the characteristics of genocide.”⁷³ In December 2024, Amnesty International issued a nearly 300-page report documenting Israel’s genocide:

Through its research findings and legal analysis, Amnesty International has found sufficient basis to conclude that Israel committed, during the nine-month period under review, prohibited acts under Articles II (a), (b) and (c) of the Genocide Convention, namely killing, causing serious bodily or mental harm and deliberately inflicting on Palestinians in Gaza conditions of life calculated to bring about their physical destruction in whole or in part. The organization has also found sufficient basis to conclude that these acts were committed with the specific intent to destroy Palestinians in Gaza, as such, who form a substantial part of the Palestinian population. According to Amnesty International, the evidence it has gathered provides a sufficient basis to conclude that Israel, through its policies, actions and omissions against Palestinians in Gaza following 7 October 2023, committed and is committing genocide.⁷⁴

In line with its previous decision to divest from companies complicit in genocidal activities in Sudan, Dartmouth has a moral and a fiduciary responsibility to divest from companies aiding and abetting Israeli war crimes and genocide. Maintaining such investments not only prevents Dartmouth from fulfilling its “responsibility for the broader world,” but also actively destroys any sense of Dartmouth as a mutually respectful community. Divestment from companies complicit in Israel’s genocidal acts in Palestine is the only way for Dartmouth to uphold its own stated values.

3.6. Investment in Israeli scholasticide violates the College’s duty to foster free inquiry and a lifetime of learning

Dartmouth’s educational mission, which includes an emphasis on preserving free inquiry and instilling learning as a lifelong activity, obliges it to divest from companies complicit in scholasticide. **The UN defines scholasticide as the “systemic obliteration of education through the arrest, detention or killing of teachers, students and staff, and the destruction of educational infrastructure.”**⁷⁵

⁷³ United Nations, “Report of the Special Committee to Investigate Israeli Practices Affecting the Human Rights of the Palestinian People,” 25.

⁷⁴ “Israel/Occupied Palestinian Territory: ‘You Feel Like You Are Subhuman’: Israel’s Genocide Against Palestinians in Gaza,” Amnesty International, December 5, 2024, <https://www.amnesty.org/en/documents/mde15/8668/2024/en/>. See also “Convention on the Prevention and Punishment of the Crime of Genocide,” United Nations, December 9, 1948, https://treaties.un.org/Pages/ViewDetails.aspx?src=TREATY&mtdsg_no=IV-1&chapter=4&clang=en.

⁷⁵ “UN experts deeply concerned over ‘scholasticide’ in Gaza,” United Nations Office of the High Commissioner for Human Rights, April 18, 2024, <https://www.ohchr.org/en/press-releases/2024/04/un-experts-deeply-concerned-over-scholasticide-gaza>; see also “Scholasticide Definition,” Scholars Against War, <https://scholarsagainstawar.org/toolkit/>.

This term describes Israel's practices in Gaza since October 2023, where it has systematically destroyed Palestinian universities and schools, assassinated Palestinian scholars, and eradicated Palestinian centers for knowledge production and the preservation of history.⁷⁶ Within the first 100 days of its 2023 assault on the Gaza Strip, Israel demolished or bombed all 12 universities in Gaza.⁷⁷ As of April 2024, Israel has destroyed more than 80% of all schools in Gaza, killing over 360 professors, school teachers, and librarians.⁷⁸ Israeli bombs have also decimated over 200 archeological sites, and 22 national archives, thereby erasing centuries of cultural heritage and obliterating contemporary educational systems.⁷⁹ At least 625,000 students in Gaza have no access to education.⁸⁰

Numerous organizations have raised the alarm in response to Israel's ongoing practice of scholasticide as state policy. Six months into the current offensive, UN experts noted with concern the apparent intentional, systematic effort to destroy Palestinian educational infrastructure. Scholars across North America also wrote an open letter, now signed by over 2,700 academics, condemning Israel's scholasticide, affirming the obligation of all academics across the international community to stand against the "deliberate destruction of academic life."⁸¹ At its January 2025 annual conference, the American Historical Association, the oldest learned society in the US, passed a resolution by a margin of 428 to 88 votes condemning the Israeli violence in Gaza that violates "the right of all peoples to freely teach and learn about the past."⁸²

Dartmouth's continued investment in companies complicit in Israeli scholasticide in Palestine makes it a participant in this destruction of academic life, violating the College's stated commitments to knowledge production and a "lifetime of learning." The Board of Trustees also insists that Dartmouth's investments should "preserve intergenerational equity for the institution,"⁸³ helping future Dartmouth students and faculty as well as current ones. **The College's investments in companies that enable Israel's ongoing scholasticide in Palestine violate this principle of intergenerational equity by preventing future generations from benefiting from the knowledge of Palestinian scholars or scholarly institutions.**

4. CRITERION II: INABILITY TO MODIFY COMPANY BEHAVIOR

Criterion 2: All practicable shareholder rights have been exhausted in seeking to modify the company's behavior, or it has been determined that pursuing such rights would likely be futile; and, the company has been afforded the maximum reasonable opportunity to alter its behavior and failed to do so in a manner that materially reduces such injury.

Many companies that support Israeli violations of international law and apartheid policies, by nature of their specific business practices, cannot modify their behavior to become viable investments for the College; others, given the widespread knowledge of Israel's practices among the international community, have already had ample opportunity to change their behavior and have failed to do so.

The companies that this proposal specifies in section 8.2 as targets for divestment (Lockheed Martin, Northrop Grumman, RTX Corporation, L3 Harris Technologies, BAE Systems, and Boeing) are so dependent on the manufacture and sale of weapons and other machinery of war that pursuing shareholder activism as a means of modifying their practices has historically been resoundingly unsuccessful. L3 Harris Technologies, for example, has experienced multiple peaceful protests including demonstrations by Bay Area healthcare workers, and die-ins outside its headquarters in Northampton.⁸⁴ The company has continued to accept multi-billion dollar contracts with organizations that supply and commit civilian bombings, illegal surveillance, and tracking. Demonstrators have similarly blocked Lockheed Martin facilities in the US,⁸⁵ Canada,⁸⁶ and the UK;⁸⁷ Lockheed Martin has failed to respond to these actions. Efforts by shareholders to change these companies' practices have been just as ineffective as those by external protesters. Recent shareholder resolutions attempting to

require RTX and Lockheed Martin to provide a human rights impact assessment of their operations, including those on Palestinians, failed by margins of upwards of 90%.⁸⁸

It is our position that Dartmouth does not need to invest in weapons manufacturers in order to fulfill its educational mission. In fact, the undeniable purpose of weapons—the destruction of life and the conditions that underpin it—is fundamentally irreconcilable with the work of the College, and no amount of advocacy by shareholders can alter the nature of weapons manufacturers.

Likewise, Dartmouth's investments in other kinds of companies directly complicit in well-documented violations of international law like apartheid, occupation, and genocide are inconsistent with Dartmouth's educational mission. Such companies have shown a clear and consistent willingness to flout the consensus of the global community in order to profit from Israeli violations of established international law. The preponderance of evidence of, and international consensus about, the criminal nature of Israel's actions in Palestine should be sufficient impetus for a company to change its behavior. Additional advocacy from shareholders cannot be expected to have a significant impact.

Dartmouth's recent history of divestment from oil companies operating in Sudan,⁸⁹ the tobacco industry,⁹⁰ and fossil fuels shows that it understands this divestment logic. In November 2005, Dartmouth announced it would not invest in oil companies operating in Sudan because of their potential complicity in genocide.⁹¹ In 2012, Dartmouth's Board of Trustees voted to divest from the tobacco industry and prevent future investment in tobacco companies because tobacco use is harmful to health and goes against the values of a college with a medical school.⁹² Finally, the fossil fuel divestment movement successfully demanded an end to Dartmouth's financial ties with the fossil fuel industry because the nature of its business is inherently deleterious to humankind and the environment.⁹³ Our present proposal similarly advocates for divestment from companies whose core enterprises and/or history of condoning Israel's violations of international law can be neither practicably modified through exercising shareholder rights nor reconciled with the mission of the College.

5. CRITERION III: MATERIAL IMPACT

Criterion 3: Divestment will make a material impact on correcting the company's injurious behavior.

Divestment can make a material impact on these companies; the depreciation of stock prices driven by the sale of stock can potentially decrease profits. This financial loss may decrease these companies' ability to manufacture arms, weaponry, and surveillance technologies. Such decreased profits, compounded by negative press, may pressure companies to sever ties with nations, such as Israel, that are committing war crimes and genocide.

Divestment, however, has both financial and social impact. Divestment by an institution such as Dartmouth creates precedent for other academic institutions to divest. While one university's investment profile, even one as large as Dartmouth's, may initially only have a marginal financial impact on each company, collective divestment by universities and public entities can have profound cumulative effects. **The ability of university divestment to spark social change is well documented. In the case of South African apartheid, colleges set the precedent for divestment, which then grew into massive waves of divestment, boycotts, and economic sanctions.**⁹⁴ In divesting from companies complicit in Israel's genocide in Gaza, Dartmouth would join with other colleges and universities that have already begun to divest and potentially inspire other peer institutions to follow suit.

⁹⁴ "Apartheid Divestment Campaigns," Tufts University Prison Divestment, Tufts University, accessed October 10, 2024, <https://sites.tufts.edu/prisondivestment/apartheid-divestment-campaigns/>.

6. CRITERION IV: PRESERVING THE ACADEMIC MISSION

Funding for academic research will not be negatively impacted by divesting from weapons manufacturers and other companies that are materially complicit in Israeli genocide, war crimes, and the occupation of Palestine, especially since Dartmouth's endowment can be reinvested elsewhere. Dartmouth's financial investments currently compromise its role as a producer of knowledge and a premier educational institution; by directly profiting from genocide, apartheid, and war crimes, Dartmouth risks compromising the integrity of its faculty's research and the academic freedom of its faculty. Divesting from the aforementioned companies will enhance Dartmouth's ability to study Palestine and Israel with transparency and honesty and for those findings to be published without fear of repercussions.

7. CRITERION V: CONSENSUS ON UNIVERSITY RESPONSE

ACIR's criteria for divestment state that proposals must demonstrate how the Dartmouth community, including students, faculty, staff, and alumni, have come to a consensus to support the proposal. It is our position, however, that given its subjective and arbitrary nature, the criterion for consensus must not be used to thwart good faith attempts to align the College's endowment with its stated values.

ACIR's current requirement for consensus does not have any historical precedent. In the case of fossil fuel divestment, the two central efforts demonstrating broad agreement on the issue did not prompt the College to divest its fossil fuel holdings. In 2014, activists delivered a petition with over 1,200 signatures from a wide range of Dartmouth community members to the administration, yet the College did not divest.⁹⁵ In 2015, Alumni for Dartmouth Divestment delivered a letter signed by 79 graduates of the College to College leadership, yet the College did not divest.⁹⁶ Dartmouth finally divested its direct holdings in fossil fuels in 2021, years after these two efforts, at which time the petition and letter demonstrating some sense of community opinion were both outdated. No further effort was made by the College to establish any sort of consensus before adopting the decision to divest.

Other divestment cases offer no further clarification on the presumed role of consensus. Multiple petitions totalling 2,300 signatures spurred divestment from Hydro-Quebec in 1992.⁹⁷ A 2005 petition bearing 300 signatures prompted the ACIR to produce a no-hold list in the same year for companies implicated in genocide in Sudan.⁹⁸ And, in 2012, the Board of Trustees voted to divest from companies that produced tobacco and tobacco products. Though the issue had been raised thrice in the 1990s, there was no timely campaign or demonstration of consensus to accompany the 2012 decision.⁹⁹

⁹⁸ Zhang '16 and Trerayapiwat '16, "Report to the President on the Considerations Involved in Divesting the Dartmouth College Endowment from Directly Held Fossil-Fuel Related Assets."

⁹⁹ Zhang '16 and Trerayapiwat '16.

Across all these examples, we see the principle of consensus applied at best unevenly and in most cases not at all.

There seems to be no magic number of community members that constitutes consensus: 300 might suffice in one case, while four times that amount might fall short in another. Clearly, consensus is a subjective, ill-defined requirement at best.

This history also suggests that consensus on divestment may be difficult to achieve when political struggles are still being contested. In the case of divestment from apartheid South Africa, the Dartmouth faculty voted for total divestiture in 1986,¹⁰⁰ and in 1988, they “voted unanimously to register ‘dismay and displeasure’ that the Board of Trustees had not yet decided to divest even though they were asked to do so by the faculty [almost] three years earlier.”¹⁰¹ However, on the student side, only 46% of students in 1986 supported total divestment.¹⁰² Nevertheless, in 1989, Dartmouth did eventually divest from apartheid South Africa. A statement from the Trustees to the College explained that they recognized that “these investments have great symbolic meaning to many within and outside the college, and that disputes over such investments undermine Dartmouth’s ability to achieve some of its educational goals.”¹⁰³

Collectively, past campus divestment movements have asked: “What political, moral, and material role does Dartmouth’s endowment play globally?” Recently the College has attempted to stifle the Dartmouth community from asking such questions: President Beilock claims, for example, that “the endowment is not a political tool.”¹⁰⁴ However, if the College chooses to profit from investments in the fossil fuel industry, in companies doing business in South Africa, or in companies complicit in Israeli apartheid and genocide, it is taking a political position, as all investments are tacit endorsements of companies’ functions and directions. In making this observation, we follow in the footsteps of past Dartmouth Trustees, who once insightfully stated that Dartmouth’s “investment policies should also reflect the broad societal goals for which the institution as a whole stands.”¹⁰⁵

¹⁰⁵ Memorandum, “Board of Trustees.”

Currently, a broad coalition of Dartmouth students, alumni, faculty, staff, and community members believe it is imperative to divest from companies that facilitate Israeli apartheid, genocide, and war crimes, as these investments imperil the College's stated values and its ability to achieve its educational mission. This position is more and more widely held. Given the egregiousness of Israel's violations of international law, war crimes, human rights abuses, and genocidal violence against Palestinians, many academic institutions have recently decided to divest from companies complicit in these actions, recognizing that divestment is an important material and symbolic statement against genocide and other violations of international law. These institutions include Union Theological Seminary, California State University Sacramento, Trinity College Dublin, the University of Barcelona, and San Francisco State University.¹⁰⁶ Dartmouth has the opportunity to join these institutions in bringing its investments in line with its stated mission and values. By divesting from companies complicit in Israeli genocide and apartheid, Dartmouth can fulfill its ethical and moral responsibility as an institution of higher learning to uphold human rights and international law.

8. DIVESTMENT PROPOSAL

We have now demonstrated how continued investment in companies that are complicit in Israel's violations of international law is inconsistent with Dartmouth's history, values, and mission; we have shown how this proposal fulfills the Dartmouth Board of Trustees and ACIR's other considerations for divestment. Thus we recommend that Dartmouth adopt the following divestment and investment policy:

Dartmouth will divest its endowment from companies that are involved in Israel's violations of international law, including its apartheid practices, illegal occupations, and acts of genocide. Going forward, Dartmouth will refuse to invest in any companies that are involved in Israel's violations of international law, including its apartheid practices, illegal occupations, and acts of genocide.

This divestment and investment policy would apply to all of Dartmouth's direct and indirect investments, including public and private equities. Below we outline the criteria that would enable Dartmouth to evaluate all current and future investments in order to uphold this policy. We also provide a partial list of Dartmouth's current holdings that violate this divestment policy from which the College should divest now.

8.1. Criteria for Divestment

These criteria have been adapted from other respected community and university coalitions working for divestment from Israeli apartheid and genocide.¹⁰⁷ Should Dartmouth adopt the divestment/investment principle stated above, if companies engage in the following activities, Dartmouth should subsequently either divest from them, or refuse to invest in them:

- a) **Settlement Building and Maintenance:** Activities related to Israeli settlement construction, expansion, or maintenance. This includes building or financing new settlement housing or other infrastructure; providing current settlement infrastructure with utilities such as communication services, transportation services, waste management services, energy services (including solar), etc.; conducting business in settlements (factories and retail stores, for instance); or providing or operating surveillance technology and equipment.

¹⁰⁷ These criteria have been adapted primarily from our colleagues at Princeton; see Princeton Israeli Apartheid Divest, [“Disclose, Divest, Dissociate: Proposal for Princeton University’s Divestment and Disassociation from Israel’s Violations of International Law and Human Rights,”](#) June 2024, pp. 33–34. See also American Friends Service Committee, “Investigate: What are You Invested In?” <https://investigate.afsc.org/divest>; “Database Pursuant to Human Rights Council Resolution 31/36,” United Nations Human Rights Council, <https://www.ohchr.org/en/hr-bodies/hrc/regular-sessions/session31/database-hrc3136>.

- b) **Environmental Exploitation and Ecocide:** Owning or financing extractive industries or engaging in environmental extraction, including drilling or mining. Polluting Palestinian land or groundwater (through landfills, sewage plants, dumping waste in Palestinian villages, etc.).
- c) **Surveillance and Obstruction of Palestinians' Free Movement:** Designing, building, operating, maintaining, or financing Gaza and West Bank walls and checkpoints. Providing surveillance equipment for walls and checkpoints.
- d) **Weapons and Military Equipment:** Designing, manufacturing, or distributing weapons, military equipment, and technology that are used in the illegal collective punishment, murder, maiming, torture, and starvation of Palestinian civilians, refugees, humanitarian aid workers, and journalists; and/or in the destruction of Palestinian infrastructure, including homes, schools, universities, hospitals, churches, mosques, heritage sites, farms, greenhouses, and olive groves.
- e) **Discrimination:** Practicing discrimination or racist bias against Palestinian citizens of Israel or Palestinians living under illegal occupation (for example, when a company refuses to provide its services, or provides inferior services, to Palestinians because of their race, religion, or national origin; or when a company enacts discriminatory hiring or firing practices; unequal pay/salary rates; or provides unsafe working conditions for Palestinians). Participating in the restriction of Palestinians' rights and ability to inhabit land, including through evictions and demolitions, or their freedom of movement; or ability to work. Contributing to restrictions on Palestinians' access to water, electricity, or other utilities. Contributing in any way to the criminalization, policing, and incarceration of Palestinians who lack rights to due process or fair trials.

In order to discover if a company is involved in these activities, Dartmouth should look to the following respected sources: 1) American Friends Service Committee; 2) the Who Profits Research Center; and 3) UN Office of the High Commissioner for Human Rights (UN OHCHR).¹⁰⁸ Below we detail six companies that fit these divestment criteria, from which Dartmouth should divest immediately.

¹⁰⁸ American Friends Service Committee, "Investigate: What are You Invested In?" <https://investigate.afsc.org/divest>; "Database Pursuant to Human Rights Council Resolution 31/36," United Nations Human Rights Council, www.ohchr.org/en/hr-bodies/hrc/regular-sessions/session31/database-hrc3136; "Who Profits Database of Complicit Companies," Who Profits Research Center, <https://www.whoprofits.org/companies/all>. We follow our colleagues at Princeton in making this recommendation; see PIAD, "Disclose, Divest, Dissociate," 34–35 for more information on these resources.

8.2. Current Holdings that Meet Divestment Criteria

Dartmouth currently invests through fixed income funds in the following six companies, which are directly complicit in the ongoing genocide in Palestine. Should the College adopt the principle of divestment offered in this proposal, Dartmouth should divest immediately from and not reinvest in:

- a) Lockheed Martin
- b) Northrop Grumman
- c) RTX Corporation
- d) L3 Harris Technologies
- e) BAE Systems
- f) Boeing

8.2.a. Lockheed Martin

One of the largest global military contractors,¹⁰⁹ Lockheed Martin is a key supplier of Israeli weaponry, including fighter jets, attack helicopters, and missiles, through the US government's Foreign Military Financing program.¹¹⁰ These weapons have been used extensively against Palestinian civilians, resulting in numerous casualties and widespread damage to civilian infrastructure, such as homes, hospitals, schools, and utilities.¹¹¹ Lockheed Martin was a close second for the most guided bombs and munitions delivered to Israel of any US company from 2021 to 2023.¹¹²

Military Aircraft

Lockheed Martin also directly provides the Israeli Air Force with F-16 and F-35 aircraft, along with related components and services.¹¹³ Between 2004 and 2009, Lockheed Martin

¹¹³ Between 2004 and 2009, Lockheed Martin supplied Israel with at least 102 F-16s and between 2016 and 2021, with at least 50 F-35s. See Emilie Ekeberg and Charlotte Aagaard, "Multi-Ton Bombs and Massive Damage: How Israel Uses

supplied Israel with at least 102 F-16s and between 2016 and 2021, with at least 50 F-35s.¹¹⁴ In addition to the fighter jets themselves, the company provides maintenance and support services, such as the \$8.1 million contract awarded in 2022 for engineering, data, and training related to Israel's F-35 program.¹¹⁵ The F-16 has been a key fighter jet for the Israeli Air Force since the 1970s,¹¹⁶ used in various military assaults on Gaza, including bombing residential areas and media offices during the 2021 offensive.¹¹⁷ The F-35, the most advanced warplane used by Israel, has been involved in airstrikes since 2018. **During the 2021 assault, Israel deployed 80 fighter jets, including F-35s, for extensive airstrikes across Gaza.**¹¹⁸

Missiles

Lockheed Martin's Longbow Hellfire¹¹⁹ missiles are also frequently used by the Israeli Air Force in attacks on Gaza.¹²⁰ The use of these missiles against civilians has been documented in multiple cases, including during the 2014 assault, where they were used to kill and injure civilians in incidents identified as war crimes by the UN High Commissioner for Human Rights.¹²¹ The use of these missiles led to a temporary halt in their transfer to Israel by the US government in 2014, though transfers resumed a month later.¹²²

¹²⁰ LMC supplied Israel with at least 1,445 Hellfire missiles between 1990 and 2006. See “SIPRI Arms Transfers Database,” Stockholm International Peace Research Institute.

¹²¹ Human Rights Council, “Report of the Detailed Findings of the Independent Commission of Inquiry Established pursuant to Human Rights Council Resolution S-21/1,” Office of the United Nations High Commissioner for Human Rights, June 23, 2015.

¹²² TOI Staff, “US Resumes Supply of Hellfire Missiles to Israel,” The Times of Israel, September 28, 2014, <https://www.timesofisrael.com/us-resumes-supply-of-hellfire-missiles-to-israel/>.

In addition to Hellfire missiles, Lockheed Martin manufactures sensors and radar technologies for Boeing Apache helicopters, enhancing their targeting capabilities.¹²³ The company also provides the Israeli military with the M-270 Multiple Launch Rocket System (MLRS), which was used to fire cluster munitions during the 2006 Lebanon War, resulting in significant civilian casualties and damage, actions described by Human Rights Watch as indiscriminate and in violation of international law.¹²⁴

By supplying Israel with military aircraft and missiles, Lockheed Martin is directly complicit in the ongoing genocide in Palestine; continued investment in this company is inconsistent with Dartmouth's history, values, and mission.

8.2.b. Northrop Grumman

Northrop Grumman Defense Systems is a US defense corporation that manufactures and sells weapons both to the US military and to US-allied militaries around the world. In 2022, Northrop Grumman had the third largest arms revenue stream in the world, making up 88% of their company's total revenue.¹²⁵

For decades, and now in the current offensive against Gaza, Northrop Grumman has supplied Israel with missile guidance systems, missile ships, and components of combat aircraft, all of which have been used to perpetrate war crimes against the Palestinian people.¹²⁶ Furthermore, the corporation plans to increase its export of weapons and munitions over the next decade,¹²⁷ including 50,000 tank cartridges sold to Israel as part of the 20 billion dollar arms deal approved by the US government on August 13, 2024.¹²⁸

Military Aircraft

Northrop Grumman is integral to developing and manufacturing components for Lockheed Martin's F-35 warplane and has an agreement with Israel's largest military contractor, Elbit

¹²⁸ "State clears potential \$20B in weapon sales to Israel, including new F-15s," Breaking Defense, August 13, 2024, <https://breakingdefense.com/2024/08/state-clears-potential-20b-in-weapon-sales-to-israel-including-new-f-15s/>.

Systems, to provide components for the Israeli Air Force's F-35 aircraft.¹²⁹ The company also manufactures the ALQ-131 warfare system and the AN/APG-68(V)9 fire-control radar for Lockheed Martin's F-16, which is Israel's main combat aircraft.¹³⁰

Missiles

In conjunction with Lockheed Martin, Northrop Grumman manufactures the AN/APG-78 Longbow fire-control radar system, which is designed specifically for Apache attack helicopters for use with AGM-114L Longbow Hellfire laser-guided missiles.¹³¹

Apache helicopters equipped with Longbow radar systems and Hellfire missiles have been used extensively in Israel's major assaults on Gaza, including in a 50-day attack on Gaza in 2014 that the United Nations Office of the High Commissioner for Human Rights identified as "a direct attack against civilian objects or civilians, a war crime under international criminal law."¹³²

Combat Vehicles

The tank cartridges Northrop Grumman provides to Israel include 120mm tank cartridges, such as the M1147 High Explosive Multi-Purpose with Tracer and M830A1 High Explosive Multi-Purpose Anti-Tank with Tracer.¹³³ The latter is notable for being used to target a Red Crescent ambulance that was trying to reach a six-year-old child, Hind Rajab, killed with her family by Israeli forces. The ambulance was destroyed, killing the aid workers inside it.¹³⁴

Northrop Grumman is directly complicit in the ongoing genocide in Palestine; continued investment in this company is inconsistent with Dartmouth's history, values, and mission.

8.2.c. RTX Corporation

Formerly known as Raytheon Technologies Corporation, RTX Corporation is the world's second-largest aerospace and defense conglomerate. Headquartered in Arlington, Virginia, RTX is organized into three divisions: Raytheon, Collins Aerospace, and Pratt & Whitney.

¹²⁹ Northrop Grumman Corporation, "Northrop Grumman's F-35 Supplier in Israel Delivers First Advanced Composite Component From Foreign Military Sales Country," PR Newswire, June 10, 2013, <https://www.prnewswire.com/news-releases/northrop-grummans-f-35-supplier-in-israel-delivers-first-advanced-composite-component-from-foreign-military-sales-country-210807171.html>.

RTX contracts with the US Department of Defense amount to at least \$20 billion annually.¹³⁵ **In 2022, RTX earned 96% of its \$64.4 billion in revenue through defense contracts.¹³⁶ Its projected revenue for 2024 is around \$79 billion.¹³⁷**

Between its three subsidiaries, RTX provides Israel with: parts for military aircraft, including engines, radar, and associated maintenance; guided missiles; “bunker buster” bomb guidance systems; drones; interceptor ballistics; and electronic systems used in airborne, naval, and ground military warfare.¹³⁸ RTX also manufactures border surveillance and control technology used to maintain the apartheid system of the occupied Palestinian territories. Like many other military companies, RTX’s supply of weapons to Israel is accelerating.¹³⁹

Military Aircraft

The Israeli Air Force (IAF)’s fleet of more than 300 combat-capable jets has launched bombs and missiles that have killed tens of thousands of civilians.¹⁴⁰ For more than 50 years, RTX subsidiary Pratt & Whitney’s F100 engine has powered F-15 and F-16 planes manufactured by other major defense firms, namely Lockheed Martin and Boeing; the engine is now one of more than 120 capabilities, including navigational systems and precision weapons, that RTX provides for these aircraft.¹⁴¹

Pratt & Whitney also manufactures engines for at least eight other aircraft flown by the IAF, including the Eitan and the Shoval, two Israel Aerospace Industries flagship drones deployed in surveillance and airstrikes.¹⁴² Drone strikes have been implicated in possible war crimes in

numerous Israeli offensives.¹⁴³ Pratt & Whitney not only produces these aircraft for and sells them to the IAF, but it has also actively committed to keeping them operational. In 2015, Pratt & Whitney signed a contract with the Israel Ministry of Defense agreeing to provide daily maintenance and “100% propulsion readiness” support for the entire Israeli fleet of F-15s and F-16s through 2030.¹⁴⁴

In 2018, Israel also became the first country to launch airstrikes using the F-35, a stealth war plane touted by RTX as the 21st century “workhorse” of military fighter jets.¹⁴⁵ F-35s are manufactured by Lockheed Martin in partnership with Pratt & Whitney, who supplies the F135 engine, under the “F-35 Joint Strike Fighter Program,”¹⁴⁶ while RTX subsidiary Collins Aerospace Systems works in partnership with Elbit Systems Limited, an Israel-based military technology firm, to develop the plane’s display systems.¹⁴⁷ In June 2024, the Israel Ministry of Defense signed a \$3 billion deal commissioning 25 F-35 stealth fighter jets starting in 2028. Once complete, this contract, which is financed by the US Department of Defense, will augment IAF’s fleet to 75 aircraft.¹⁴⁸

Missiles

RTX manufactures air-to-ground missiles, such as the AGM-65 Maverick, which are used by the IDF and IAF in Gaza.¹⁴⁹ Israel has used air-to-ground missiles and bombs repeatedly in its attacks on densely populated areas in Palestine, including the 2008–2009, 2014, and 2023–2025 offenses.¹⁵⁰

¹⁴⁹ “RTX Corp,” Investigate.

¹⁵⁰ “Raytheon,” The Mapping Project, accessed October 15, 2024, <https://mapliberation.org/plain/entities/Raytheon.html>.

Since 2017, RTX has partnered with Israel's state-owned weapons manufacturer, Rafael, to develop interceptor ballistics for Israel's "Iron Dome" Weapon System,¹⁵¹ including a \$150M direct weapons contract to supply Tamir missiles.¹⁵² The Iron Dome intercepts the vast majority of rockets launched by militants from the occupied Palestinian territories.

While often cast as a purely defensive system, the Iron Dome contributes to a massively asymmetric balance of power in which Israel can pursue indiscriminate offensives against Palestine while minimizing any potential for retaliation, thereby prolonging and emboldening conflict and reducing political incentives for diplomacy.¹⁵³

Bombs

RTX manufactures the "Paveway" laser-guidance system for bombs, used to transform 500- to 5,000-pound "dumb" bombs into guided "bunker busters."¹⁵⁴ Israel has an extensive arsenal of Paveway weapons, provided over decades by the US.¹⁵⁵ In 2015, The US sold 2,200 Paveway kits with associated bombs as part of a 1.8 billion dollar arms transfer,¹⁵⁶ 50 of which were 5,000-pound bombs.¹⁵⁷ Paveway bombs have been directly implicated in civilian deaths in Gaza. Amnesty International identified Paveway components in the bomb debris in the 2009 Israeli offensive.¹⁵⁸ Israeli media cited the use of some of the largest Paveway bombs in Gaza in the 2022 offensive.¹⁵⁹ The exact number of Paveway kits used to kill civilians in the current Gaza atrocities is not known.

Naval Blockade

RTX's Phalanx weapon system, a "rapid-fire, computer-controlled, radar-guided gun," is installed on Israel's 4.5- and 5-class Sa'ar missile ships, which the Israeli Navy uses to enforce the illegal blockade¹⁶⁰ of the Gaza strip.¹⁶¹ In 2010, Israel used a 5-class Sa'ar missile ship to attack an unarmed Turkish aid ship sent to deliver supplies to Gaza, an act designated by the ICC as a likely war crime.¹⁶² Since October 2023, German-made Sa'ar 6-class corvettes have been used at least twice to launch ground strikes in Gaza and to intercept drones.¹⁶³ These events signal the Israeli Navy's current capabilities and preview the potential actions of its larger fleet of Sa'ar 4.5- and 5-class corvettes.¹⁶⁴ RTX's Phalanx weapon system is key to the viability of Israel's naval campaign against the people of Gaza.

By supplying military aircraft, missiles, bombs, and naval technology, RTX Corporation is directly complicit in the ongoing genocide in Palestine. Continued investment in this company is inconsistent with Dartmouth's history, values, and mission.

8.2.d. L3 Harris Technologies

L3 Harris Technologies is the world's ninth-largest weapons manufacturer and the United States' sixth-largest defense manufacturer.¹⁶⁵ It draws billions in revenue from integrated mission systems (\$6.6B), space and airborne systems (\$6.4B), and communications systems (\$4.2B). L3 Harris Technologies supplies warplanes, missiles, and other technology to Israel, which are used to continue the illegal blockade of Gaza and perpetrate genocide against Palestinians.¹⁶⁶

Military Aircraft

L3 Harris sells Israel bomb release equipment and component parts for Lockheed Martin F-16 and F-35 warplanes, which are used by the IAF. L3 Harris also supplies the F-35

Lockheed Martin production line in the US.¹⁶⁷ These warplanes are responsible for dropping bombs on Gaza that have killed tens of thousands of civilians.¹⁶⁸

Bombs

L3 Harris produces components for Boeing's Joint Direct Attack Munitions (JDAM) guided bombs.¹⁶⁹ JDAM-guided bombs are widely used by Israel against civilian targets and have been directly implicated in multiple mass-civilian casualty events meeting war crimes criteria.¹⁷⁰

Surveillance

L3 Harris provides the surveillance technology required for maintaining the apartheid regime in Israel and Palestine, including One SafeView body scanner machines, which Israel uses in multiple military checkpoints in the West Bank and the Gaza strip.¹⁷¹ These checkpoints restrict Palestinians' freedom of movement, their ability to work for employment, and their ability to access medical care and to see family.¹⁷²

L3 Harris was recently in talks to purchase Pegasus spyware from the Israeli cyber-arms NSO group which indicates the scope of activities in which L3 Harris is involved.¹⁷³ Pegasus is a sophisticated cyber-surveillance program used to surveil journalists, lawyers, political dissidents, and human rights activists in Palestine and around the world, and also has been linked to murders including that of Washington Post journalist Jamal Khashoggi.

In 2023, L3 Harris announced a partnership with Israel Aerospace Industries' Elta Group to integrate Israeli EL/W-2085 multiband radar systems into "early warning" spy aircraft.¹⁷⁴

This potentially lucrative partnership for L3 Harris¹⁷⁵ is based on Elta weaponry tested on and used against Palestinian civilians, such as the AI-enhanced spy aircraft used to autonomously identify and bomb targets without human oversight.¹⁷⁶

Naval Blockade

L3 Harris manufactures management systems for the Israeli navy and warships, which are used to maintain the naval blockade on the Gaza strip.¹⁷⁷ These warships also participated in the Israeli attack on the unarmed Free Gaza Flotilla in 2010, which resulted in the killing of ten humanitarian activists.¹⁷⁸ The International Criminal Court concluded that war crimes were likely committed during the attack.¹⁷⁹

By providing military aircraft, bombs, surveillance, and naval technologies to Israel, L3 Harris is directly complicit in the ongoing genocide in Palestine. Continued investment in this company is inconsistent with Dartmouth's history, values, and mission.

8.2.e. BAE Systems

BAE Systems was the seventh-largest military contractor in the world as of 2022, when its annual revenue was estimated at \$25.7 billion.¹⁸⁰ The company's product line supports computing systems, nuclear submarines, fighter jets, tanks, ships, guns, and ammunition.¹⁸¹ BAE supplies Israel with various weapons and weapons-support systems, including software, components for combat aircraft, munitions, missile launching kits, and armored vehicles.¹⁸²

¹⁷⁵ Steve Trimble, "L3Harris Eyes Taiwan For Airborne Early Warning Sale," Aviation Week Network, October 18, 2023, https://aviationweek.com/defense/aircraft-propulsion/l3harris-eyes-taiwan-airborne-early-warning-sale?check_logged_in=1.

In early 2024, BAE noted an expected rise in sales by 10–12% since the start of Israel’s most recent offensive in Gaza.¹⁸³

Military Aircraft

BAE Systems has cooperated with multiple companies, led by Lockheed Martin, to develop and build stealth combat fighter jets.¹⁸⁴ BAE produces and performs durability testing on several components of the F-35 stealth combat aircraft, including the rear fuselage and parts of the flight controls.¹⁸⁵ In total, it provides 15% of the components in the F-35, making it an essential supplier for continuing Israeli attacks.¹⁸⁶ BAE also supplies required components for F-15 and F-16 fighter jets.¹⁸⁷ All three types of aircraft are used by Israel in its ongoing offensive in Gaza.¹⁸⁸ The use of the F-35 in Gaza to violate international humanitarian law, by killing civilians and destroying civilian architecture, prompted the Netherlands to stop exporting the jets to Israel.¹⁸⁹

BAE Systems also works with Lockheed Martin and Israeli-government-owned arms manufacturer Rafael to produce the Protector drone, an unmanned vehicle that maintains the naval blockade of Gaza, also deemed unlawful by international humanitarian law.¹⁹⁰

Gun Systems and Munitions

In 2015, BAE collaborated closely with the Israeli military to develop the Rokar Silver Bullet, a precision guidance kit used to transform large-caliber projectiles into highly accurate munitions. BAE has supplied Israeli weapon manufacturer IMI Systems with its Silver Bullet for integration into M401 155mm cannon artillery.¹⁹¹ Israel’s practice of routinely firing this

type of heavy artillery into residential areas of Gaza City has been called by Human Rights Watch “indiscriminate attacks in violation of the laws of war.”¹⁹²

BAE Systems is directly complicit in the ongoing genocide in Palestine; continued investment in this company is inconsistent with Dartmouth’s history, values, and mission.

8.2.f. Boeing

The Boeing Company was ranked as the third largest military company in the world in 2022, with 56% of its annual \$35 billion in revenue deriving from weapons sales.¹⁹³ Boeing is one of the leading US suppliers of weapons to Israel. These include an extensive range of aircraft, like the F-15 (one of the main fighter jets used by the IAF), attack helicopters such as the V-22 Osprey and AH-64 Apache and Chinook, and refueling and transport aircraft such as the KC-46 Pegasus.¹⁹⁴ Boeing is also the top supplier of bombs and guided munitions to Israel, including the “GBU-39” and “GBU-21” Small Diameter Bombs (SDBs) and the Joint Direct Attack Munition (JDAM) guidance “kit.”¹⁹⁵ Missiles produced by Boeing for Israel include the air-to-ground Hellfire missile (co-produced with Lockheed Martin)¹⁹⁶ and the anti-ship Harpoon missile systems.

Like most other US weapons manufacturers, Boeing’s provision of weapons to Israel has only accelerated since October 2023.¹⁹⁷ Between October 2023 and June 2024, the US provided Israel with at least 3,000 additional Hellfire missiles and 2,600 air-dropped small-diameter bombs “consistent with what Israel would need to replenish supplies used” during this time.¹⁹⁸ In August 2024, the US approved a potential \$18 billion sale of Boeing F-15 fighter jets to Israel.¹⁹⁹ Because the vast majority of US arms transfers to Israel since 2023 have been

¹⁹⁹ “Israel – F-15IA and F-15I+ Aircraft,” Defense Security Cooperation Agency, August 13, 2024, <https://www.dsca.mil/press-media/major-arms-sales/israel-f-15ia-and-f-15i-aircraft>.

kept secret, it is likely that these numbers vastly underrepresent the actual scale of Boeing's involvement in the ongoing genocide in Gaza.²⁰⁰

Military Aircraft

The majority of civilians killed in Gaza from 2023 to 2024 and in prior hostilities have been due to aerial bombardment.²⁰¹ As one of the primary suppliers of military aircraft to Israel, Boeing aircraft have presumably dropped many thousands of bombs in Gaza, killing tens of thousands of civilians. For example, the F-15 and F-16 are the primary planes that drop the MK-84, the 2,000 pound massive ordnance US-made bomb used in civilian bombings such as that of the al-Mawasi "safe zone" on September 10, 2024, which killed at least 19 people.²⁰² The Apache helicopter was part of the attack on the June 8, 2024 Nuseirat refugee camp, which killed nearly 300 Palestinians.²⁰³

Missiles

Boeing Harpoon missiles are mounted on naval ships that enforce the illegal blockade around Gaza. Fishermen in Gaza have reported being fired at by the Israeli Navy on an almost daily basis.²⁰⁴ A UN Commission on Human Rights investigation has extensively documented the use of Hellfire missiles against civilian targets in the 2014 Israeli offensive, causing at least 51 civilian deaths (including 30 children).²⁰⁵ Since then, Hellfire missiles have been documented in multiple mass-civilian casualty events qualifying as likely war crimes, including the June 8, 2024 Nuseirat refugee camp attack, which killed nearly 300 Palestinians, and the July 14, 2024 airstrike on the UNRWA Abu Oraiban school, which killed 22 people.²⁰⁶

Bombs

The Israeli military frequently justifies the use of both SDB bombs and JDAM guidance systems by characterizing them as more precise munitions than larger or more "dumb" bombs. Yet their use has over and over been documented in mass civilian casualty events,

²⁰⁰ John Hudson, "US floods arms into Israel despite mounting alarm over war's conduct," Washington Post, March 6, 2024, <https://www.washingtonpost.com/national-security/2024/03/06/us-weapons-israel-gaza/>.

²⁰⁶ Semler, "Gaza breakdown."

leading human rights organizations to conclude civilians are being deliberately targeted.²⁰⁷ Indeed, as reported by the New York Times in June 2024, “the GBU-39 is increasingly the weapon of choice for the Israeli military” against Gaza.²⁰⁸

A UN Commission on Human Rights investigation extensively documented the use of JDAM guided bombs against civilian targets in the 2014 Israeli offensive, causing at least 165 civilian deaths (including 85 children).²⁰⁹ SDBs and JDAM-guided large ordinance US bombs were also the primary munitions used in the May 2021 Israeli offensive in Gaza, which killed at least 254 (including 66 children).²¹⁰ In 2021, JDAM-guided bombs also caused the Al-Wehda Street massacre, a likely war crime in which 44 civilians were killed with no military targets, including 12 children enrolled in a Norwegian Refugee Council trauma care program.²¹¹

During the ongoing 2023–2025 Israeli military campaign in Gaza, Boeing GBU-39 bombs have been identified as direct munitions used in the following mass-casualty civilian bombing campaigns, each meeting criteria for war crimes in UN or NGO investigations:

- January 9, 2024: Boeing GBU-39 bombs used in an attack on a residential building in Rafah which killed at least 18 civilians, including 10 children, with no associated military targets.²¹²
- May 13, 2024: Boeing GBU-39 bombs strike a family home and school in Nuseirat, Gaza “being used as a shelter for displaced civilians,” killing up to 30 people.²¹³
- May 21, 2024: Boeing GBU-39 bombs destroy a school in Jabalia refugee camp.²¹⁴

²¹⁴ Jakes, “A Small American Bomb Killing.”

- May 26, 2024: Boeing GBU-39 bombs hit a camp of displaced refugees in the “Rafah tent massacre,” setting it on fire and killing dozens and wounding hundreds of civilians.²¹⁵
- July 9, 2024: Boeing GBU-39 bombs are used in an attack on the Al-Awda school in Khan Younis, which killed at least 29 people, including many children.²¹⁶
- July 14, 2024: Boeing GBU-39 bombs used in an airstrike on the UNRWA Abu Oraiban school, which killed 22 people.²¹⁷
- August 10, 2024: Boeing GBU-39 bombs dropped on the Al-Tabaen school and mosque in Gaza City, killing at least 93 civilians²¹⁸ in an attack described by an Al Jazeera investigation as “deliberately timed to cause maximum casualties” and with no evidence of military targets.²¹⁹

Boeing JDAMs are directly implicated in the following multiple mass-casualty events in 2023–2024, all meeting war crime criteria in UN or NGO investigations:

- October 9, 2023: JDAM-guided US bombs destroyed a busy market in Jabalia refugee camp, killing at least 69 people, without evidence of any military targets.²²⁰
- October 10 and 22, 2023: JDAM-guided US bombs struck civilian homes in Deir al-Balah, killing 43 civilians (including 19 children).²²¹

- July 13, 2024: JDAM-guided US bombs were used on the al-Mawasi refugee camp in southern Gaza, without prior warning, killing at least 90 Palestinians, the vast majority of whom were civilians.²²³

Despite Boeing’s consistent implication in Israeli war crimes, Israel and Boeing agreed to an additional \$5.2 billion deal in November 2024.²²⁴ Dartmouth’s continued investment in Boeing, a company directly supplying numerous war crimes, is inconsistent with the College’s value of instilling “a sense of responsibility for each other and for the broader world.”

Like Lockheed Martin, Northrop Grumman, RTX Corporation, L3 Harris Technologies, and BAE Systems, Boeing is directly complicit in the ongoing illegal occupation, apartheid, and genocide in Palestine. Continued investment in any of these companies is inconsistent with Dartmouth’s history, values, and mission.

²²⁴ Reuters, “Israel signs \$5.2 billion deal to acquire 25 F-15 fighter jets from Boeing,” Reuters, November 7, 2024, <https://www.reuters.com/world/middle-east/israel-signs-deal-acquire-25-f-15-fighter-jets-boeing-co-2024-11-07/>.

9. CONCLUSION

Dartmouth College is a preeminent institution of higher education. It is committed to teaching the global leaders of tomorrow and producing research that contributes to both our collective understanding of the world and our ability to change it for the better.

Financially supporting and benefitting from investments in companies that are complicit in violations of international law is fundamentally incompatible with this educational mission.

In this proposal, we have demonstrated how investments in companies that enable Israel's illegal occupation, apartheid, and genocide in Palestine violate Dartmouth's history, values, and obligations to its students, faculty, staff, and alumni. Dartmouth cannot foster mutual respect or responsibility for the broader world when it tacitly supports the dehumanization and destruction of the people of Palestine. Dartmouth cannot uphold the ideal of lifelong learning when it financially benefits from companies that enable scholasticide in Palestine. And Dartmouth cannot be a global leader when its investments facilitate war crimes that have been resoundingly condemned by the international community.

Dartmouth College has a proud history of heeding the calls of its students, faculty, staff, and alumni to divest from entities whose actions undermine its work as an institution dedicated to lifelong learning and responsible global leadership. As students, faculty, staff, alumni, and community members of Dartmouth, we urge ACIR and the Board of Trustees to continue this tradition and affirm the College's mission and values by divesting from companies that enable Israel's illegal occupation, apartheid, and genocide in Palestine.

Hello Governor Ayotte,

My name is Mike Kowalczyk. I am board member of the New Hampshire Rail Trail Coalition and the found/president of the Monadnock Region Rail Trail Collaborative. In August of 2022 NHDOT and DNCR published the NH State Rail Trail Plan. In reviewing this plan NHRTC believes the implementation of such plan would drive significant new revenue into NH and support several of your initiatives. Please see the attached letter and support information for more details.

Concord, NH 03301-1844

2/17/2025

The Honorable Kelly Ayotte

Governor of New Hampshire
Office of the Governor
State House
107 North Main Street
Concord, NH 03301

Dear Governor Ayotte,

On behalf of the New Hampshire Rail Trail Coalition (NHRTC), congratulations on your election as the Governor of New Hampshire. We appreciate your leadership and vision for the Granite State, and we are excited about the opportunities ahead to strengthen our communities, economy, and outdoor recreation infrastructure.

Your First Budget Address on February 13, 2025, emphasized “our ability to attract talent to our state that is really to thank for our economic success. We cannot be shy about telling the story about what we’re doing, which is why I felt it was so important to keep funding going to promote our state, encourage tourism, and spread the gospel of the NH way.” We strongly believe that the implementation of the New Hampshire State Rail Trail Plan (August 2022) and the passing of Senate Bill 274-FN align with your economic and budgetary goals by:

- **Attracting talent to New Hampshire** by providing an extensive rail trail network that enhances quality of life, outdoor recreation, and community connectivity, making New Hampshire an attractive place to **live, work, and do business**.
- **Strengthening tourism and the local economy** by increasing visitor spending in rural and urban areas alike. The 2022 Rail Trails Economic Study demonstrated that

nine rail trails alone generated over \$18 million annually in economic impact, supporting jobs, small businesses, and local tax revenue.

- **Supporting local businesses and downtown development**, as rail trails bring increased foot traffic to restaurants, shops, and service providers, helping to revitalize small towns and urban centers.
- **Enhancing public health and well-being** by providing safe, accessible spaces for walking, biking, running, and other recreational activities in both urban and rural areas.
- **Leveraging federal and private funding** to maximize state investments, reducing long-term costs for infrastructure maintenance while securing external funding sources.

Alignment with State Budget Goals and Priorities

The **NHRTC's mission, vision, and goals** directly support key objectives in your administration's **budget priorities**:

1. Economic Growth and Workforce Retention

Your budget speech emphasized **workforce attraction and retention**. Rail trails enhance **New Hampshire's appeal to young professionals and families**, providing outdoor amenities that are crucial to quality of life. **Communities with well-developed trail systems are proven to attract remote workers, entrepreneurs, and retirees** who value accessibility to outdoor recreation.

2. Fiscal Responsibility and Strategic Investment

Senate Bill 274-FN proposes a **4-year pilot program with a potential for statewide expansion**, using a **balanced funding model of 44% federal grants, 50% state general obligation bonds, and 6% private contributions**. This aligns with your **smart spending** approach—ensuring that public funds are used efficiently while leveraging external resources to expand infrastructure without placing excessive burdens on taxpayers.

3. Public Safety and Community Well-Being

Your administration has prioritized **public safety and community health**. Rail trails provide **safe, off-road transportation options**, reducing **pedestrian and cyclist accidents** on roadways. They also encourage **physical activity**, which supports **mental health, obesity prevention, and overall well-being**, reducing long-term healthcare costs.

Rail Trails' Impact Across Multiple State Plans

The implementation of the **New Hampshire State Rail Trail Plan (2022)** supports at least **ten other New Hampshire state plans**, including:

1. **NH Statewide Comprehensive Outdoor Recreation Plan** – Aligns with the state’s strategy to enhance outdoor recreation opportunities.
2. **NHDOT Pedestrian and Bicycle Plan** – Expands safe biking and walking infrastructure across the state.
3. **NH Department of Health and Human Services Roadmap** – Supports public health goals by encouraging physical activity.
4. **NH Five-Year Preservation Plan** – Protects and repurposes historic railroad corridors.
5. **NH Outdoor Industry Inventory Summary Report** – Enhances the outdoor recreation economy and eco-tourism growth.

Call to Action

Governor Ayotte, **passing Senate Bill 274-FN and implementing the State Rail Trail Plan are fiscally responsible, economically impactful, and deeply aligned with your administration’s objectives.** Investing in rail trails means investing in **New Hampshire’s economy, workforce, public health, and tourism industry.**

We welcome the opportunity to meet with you and your administration to discuss how we can **collaborate to expand and maintain New Hampshire’s rail trail network.** Together, we can ensure that New Hampshire continues to be **“the envy of the nation”** by promoting outdoor recreation, economic vitality, and smart, strategic investments in our state’s infrastructure.

Thank you for your leadership and commitment to making **New Hampshire the best place to live, work, and visit.** We look forward to working with your administration to advance these shared goals.

Sincerely,

Marianne Borowski

Dear Governor Ayotte,

My name is Morgan Torre, and I am a resident of Londonderry, New Hampshire. I wanted to follow up on recent discussions, including my meeting with Speaker of the House Sherman Packard, to explore the possibility of implementing a Volunteer Time Off (VTO) policy for state employees.

Volunteerism is a cornerstone of New Hampshire's communities, with residents dedicating time to nonprofits, schools, and organizations that address key issues like food insecurity and public service. However, many individuals struggle to balance their work commitments with their desire to give back. A VTO policy—allowing employees to take a limited amount of paid time off for volunteer activities—could encourage greater civic engagement while also benefiting workplace morale and employee satisfaction.

With my experience volunteering for over 20 nonprofit organizations in the past four years, my internship with the New Hampshire Attorney General's Office in the Charitable Trusts Unit, and my pursuit of a graduate degree in nonprofit management at Columbia University — I have seen firsthand how impactful volunteerism is for both organizations and the communities they serve. Even a pilot program, such as offering five hours of paid VTO per employee, could serve as a meaningful initiative. I would love the opportunity to further discuss this idea and explore ways to make it a reality. Thank you for your time and consideration.

Sincerely,
Morgan Torre

Kelly Ayotte

Governor Ayotte's Budget for All of New Hampshire: Building the Workforce of Tomorrow

"We are making investments in our community college system to keep career-ready education accessible to our students, ensure our businesses have a dependable pipeline of talent in the trades and other high-demand jobs, and build the workforce of tomorrow here in New Hampshire." – Gov. Kelly Ayotte

What They're Saying: Governor Ayotte's Workforce Priorities

"From the outset, Governor Ayotte has been clear about the challenges that New Hampshire's lawmakers will face in crafting the next biennial budget. In that context, we're truly grateful for the investments being proposed for CCSNH in the Governor's budget to sustain access by keeping tuition flat, addressing the national crisis in college affordability with support for Early College programs, and enabling the community colleges to create onramps for learners of any age, throughout the state, through our workforce credential programs.

"We appreciate the value that Governor Ayotte sees in our work and in our graduates' contributions to New Hampshire's skilled workforce, whether in healthcare and human services, advanced manufacturing and the trades, business and technology and more.

We are committed to returning value to the state and always keeping the needs of New Hampshire residents at the forefront of our efforts.” – Dr. Mark Rubinstein, Chancellor of the Community College System of New Hampshire

“Governor Ayotte is a true friend to bringing back the trades in New Hampshire. Her budget is an investment in the future of our state, giving more students a path to pursue career and technical education in the trades, health care, and other critical fields. She’s ensuring our businesses have a dependable pipeline of talent to keep New Hampshire an economic beacon for New England, the nation, and beyond.” – Amanda Grappone-Osmer, Organizer Bring Back the Trades/Grappone Automotive Group

How Governor Ayotte is Building the Workforce of Tomorrow

- Investing in the Community College System of New Hampshire to maintain the current tuition freeze
- \$6 million to fund dual and concurrent enrollment scholarships and support these programs for our high school students
- Expanding career and technical education and workforce credential programs in the trades, health care, and other critical jobs in our state

Good afternoon Governor Ayotte,
On behalf of Siemens Healthineers, we would like to extend our heartfelt congratulations to you on your recent election as Governor of New Hampshire. This is an exciting time, and we are confident that your leadership will bring new opportunities and advancements to the people of the granite state.

As the 2025 legislative session continues, we wish you the very best in your efforts to address the challenges ahead and continue the great work that has been started. We look forward to the positive impact your policies and decisions will have on our community and beyond.

At Siemens Healthineers, we are committed to supporting the growth and prosperity of New Hampshire, and we hope to work collaboratively with your administration on initiatives that will benefit both the public and the business community.

Attached please find a letter from our Head of Americas, Dave Pacitti. Please don't hesitate to reach out if there is any way we can support you and your team as you move forward.
Sincerely,

Ali Murphy
Director, State and Local Government Affairs and Policy
Siemens Healthineers

The Honorable Kelly Ayotte
Office of the Governor
State House
107 North Main Street
Concord, NH 03301

Dear Governor Ayotte,

On behalf of Siemens Healthineers, congratulations on becoming New Hampshire's next Governor. As your administration begins work for the people of New Hampshire, please know that Siemens Healthineers is a trusted partner to hospitals, primary and secondary schools, and higher education institutions in your state, along with other state & local governments across the country.

Siemens Healthineers prides itself on pioneering breakthroughs in healthcare for everyone sustainably. We manufacture and service a broad range of medical devices and components, including diagnostic imaging devices, in vitro diagnostic (IVD) tests and analyzers, devices to treat cancer through radiation, clinical information systems, IT systems and related hardware and software. Siemens Healthineers also manages and services multi-vendor devices on behalf of hospitals, clinics, and other health care providers.

Our nation and each state are experiencing significant shortages in the healthcare industry, and this is especially true in imaging, lab diagnostics, biomed, and radiation therapy. To further address these challenges, Siemens Healthineers is working closely with hospitals and healthcare systems, community colleges, government, philanthropy, workforce boards, among others, to advance apprenticeships, youth career awareness programs, and career pathways education.

We look forward to working with your administration and supporting efforts to work to grow the state's economy and cultivate the workforce of the future.

I look forward to our continued collaboration and Siemens Healthineers stands ready to support your administration's goals. If you have any questions or if we can assist your efforts in any way please reach out to Alison Murphy, Director of State and Local Government Affairs at Alison.Murphy@siemens-healthineers.com.

Regards,

Dave Pacitti
Head, Americas Region
Siemens Healthineers

Announcing the 2025 Battle of the Badges Hockey Championship

Team Fire and Team Police will return to the ice March 16 to benefit Dartmouth Health Children's. Tickets on sale now!

Lebanon, NH – Tickets are on sale for the 17th annual [Battle of the Badges Hockey Championship](#), presented by the [Elliot Perry Foundation](#) and benefitting Dartmouth Health Children's and the Children's Hospital at Dartmouth Hitchcock Medical Center (CHaD). The annual game, featuring police officers, detectives, marshals, state troopers, sheriffs, department of corrections officers, firefighters, dispatch workers, EMTs, and more, will take place at Manchester's SNHU Arena on Sunday, March 16 at 1 p.m.

This family fun event kicks off at 11 am on the plaza of the SNHU Arena. There will be first responder vehicles and other interactive exhibits before the doors open at 11:30 am. Tickets can be purchased by visiting CHaDHockey.org. Children 12 and under are admitted free of charge, and tickets include access to the Kids Zone on the concourse, a scavenger hunt raffle, and more. You won't want to miss all the festivities at this year's event.

Fundraising is underway for Team Police and Team Fire, and with only a few practices left at the UNH Whittemore Arena, this year's match-up on the ice promises to be an exciting one. Earlier this month, each player met their patient Ambassador Buddy at a special "Buddy Day." They spent time learning about each child's story while helping the kids make posters for game day and took part in a series of activities.

Proceeds from the Battle of the Badges Hockey Championship provide kids with critical services, such as support when they are in pediatric intensive care and managing chronic illnesses, as well as patient and family support services.

For more information, please visit CHaDHockey.org or email CHaDHockey@Hitchcock.org.

###

[Dartmouth Health Children's](http://DartmouthHealthChildrens.org) is the only comprehensive pediatric healthcare system in the region. Fully integrated in Dartmouth Health and anchored for more than 30 years by CHaD—Children's Hospital at Dartmouth Hitchcock Medical Center in Lebanon, NH—Dartmouth Health Children's promotes health, advances knowledge, and delivers the best patient and family-centered care for infants, children, and adolescents across New Hampshire and Vermont. Dartmouth Health Children's conducts groundbreaking research and educates the next generations of health professionals as the primary pediatric partner of the Geisel School of Medicine at Dartmouth. Highly skilled and collaborative child health professionals provide care in multiple settings across the region. Outpatient specialty visits and same-day surgery services are available at CHaD and Dartmouth Hitchcock Clinics Manchester. Primary care appointments in general pediatrics are available at Dartmouth Hitchcock Clinics in Bedford, Concord, Lebanon, Manchester and Nashua, NH, and Bennington, VT; as well as at Dartmouth Health members: Alice Peck Day Memorial Hospital, Cheshire Medical Center, New London Hospital, Mt. Ascutney Hospital and Health Center, and Southwestern Vermont Medical Center.

For more information about Dartmouth Health Children's, visit childrens.dartmouth-health.org

Dartmouth Health, New Hampshire's only academic health system and the state's largest private employer, serves patients across northern New England. Dartmouth Health provides access to more than 2,000 providers in almost every area of medicine, delivering care at its flagship hospital, Dartmouth Hitchcock Medical Center (DHMC) in Lebanon, NH, as well as across its wide network of hospitals, clinics and care facilities. DHMC is consistently named the #1 hospital in New Hampshire by U.S. News & World Report, and is recognized for high performance in numerous clinical specialties and procedures. Dartmouth Health includes Dartmouth Cancer Center, one of only 57 National Cancer Institute-designated Comprehensive Cancer Centers in the nation, and the only such center in northern New England; Dartmouth Health Children's, which includes the state's only children's hospital and multiple locations around the region; member hospitals in Lebanon, Keene, Claremont, Hampstead and New London, NH, and Windsor and Bennington, VT; Visiting Nurse and Hospice for Vermont and New Hampshire; and more than 30 clinics that provide ambulatory and specialty services across New Hampshire and Vermont. Through its historical partnership with Dartmouth and the Geisel School of Medicine, Dartmouth Health trains nearly 400 medical residents and fellows annually, and performs cutting-edge research and clinical trials recognized across the globe with Geisel and the White River Junction VA Medical Center in White River Junction, VT. Dartmouth Health and its more than 15,000 employees are deeply committed to serving the healthcare needs of everyone in our communities, and to providing each of our patients with exceptional, personal care.

Governor Ayotte Directs Department of Corrections to Refer to Incarcerated Individuals as “Inmates”

FOR IMMEDIATE RELEASE

February 19, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte directed the Department of Corrections to refer to incarcerated individuals as “inmates” consistent with state law.

“Rehabilitative efforts should be pursued without ignoring the reality of incarceration. The language we use should also be consistent with New Hampshire law,” said Governor Ayotte in a [letter](#) to New Hampshire Department of Corrections Commissioner Helen Hanks. “The label of ‘resident’—currently used by the Department of Corrections—for incarcerated persons obscures the joint goals of deterrence, rehabilitation, and punishment.”

Representatives from New Hampshire law enforcement and corrections organizations have also [released a letter](#) in support of the change.

“We are grateful for Governor Ayotte and the steps she has taken to address the misperception caused by the shift away from referring to inmates, probationers, patients and parolees by their statutory names,” the letter reads. “Clarity and consistency in language are essential for both the justice system and the public, ensuring transparency and maintaining the integrity of legal designations.”

Dear Governor Ayotte

I'm writing to you to ask that you name October twenty-third kabuki syndrome awareness day in New Hampshire. Kabuki syndrome is a rare syndrome that 1 out of every 32,000 newborns are diagnosed with. According to the Boston Children's Hospital "Kabuki syndrome is a rare congenital disorder, meaning that a child is born with the condition. Children with Kabuki syndrome usually have distinctive facial features, mild to moderate mental impairment and growth problems. Kabuki syndrome can also affect many other body systems, including the heart, intestines, kidneys, and skeleton."

One of my best friends Daniel has kabuki syndrome and there are lots of things he absolutely loves doing such as cheerleading, horseback riding, and he is also on the school unified team. One of the many things that we do together is play on an indoor soccer team called the Cyclones. This is his first year playing soccer and he has already improved so much! Another great thing he loves to do is tell knock-knock jokes. He always loves hearing people laugh when they hear his jokes and it makes him so happy and he ends up laughing too. I am so glad he is my friend and we have such great times together. I have attached some of my favorite photos of us together.

I think that it is important that kabuki syndrome day be recognized in New Hampshire so more people can be aware of what kabuki syndrome is. I also want people to know that we're all different and that's what makes life great.

Sincerely,
Ari Paddleford

Just curious if the laws apply to government personal as well and not just lowly citizens?

This picture was taken today and there is no excuse for the snow not to be removed after 3 days.

Good Evening,

I am writing in reference to the attached photo which appears to show a vehicle, with a NH Politician plate, in clear violation of [RSA 265:79-b](#), also known as "Jessica's Law." As best I can tell from the photo, the plate appears to be a blue "4," which is given to the NH Executive Councilor for that district. My question for you, as the NH District 4 Executive Councilor: Is the 5-10 minutes you gained, by not completely clearing the snow off your car, really worth potentially injuring or worse, killing, someone else on the road?

Hopefully, after all the bad press you have likely imposed on yourself, you will think twice the next time it snows and clean your car off completely before driving. Afterall, aren't politicians expected to uphold the laws that they enact?

Sincerely,
Kiegan

A Concerned NH Citizen

P.S. Regardless of political affiliation, there is nothing more aggravating than a politician exuding "rules for thee, but not for me" mentality." Politicians try so hard to convince their constituents that they are just like the "everyday Joe" they represent, but then turn around and do stuff like violate laws & put the same constituents in danger.

Hi Kiegan,

Thank you for patrolling the roads of New Hampshire. I think all elected officials are aware of Jessica's Law as well as other DMV laws. I will give District 4 a pass since he has been through a major surgery to fix a rotator cuff, and he has been wearing a ling on his left arm for quite some time (see picture).

But you do remind me why I do not wear my Executive Council plate on my car while on the roads anymore – I have taken that privilege away from myself. I usually give them away at the end of the two-year session to give to a supporter, a charity, or an interested collector.

Sincerely,

Joseph D. Kenney
District 1 Executive Councilor
Wakefield, NH

Good Evening,

In the event that executive council plate #4 does not correlate to a specific district, I wanted to share with all five executive councilors in the state of New Hampshire.

Not only is the act of failing to clean snow off your vehicle illegal and dangerous, it is worse when such an act is performed by a "trusted" public servant.

Remember that the license plate that you are privileged to have makes you easily identifiable, and such illicit acts exude "rules for thee, but not for me" energy.

Sincerely,
Kiegan

Isaiah,

I have done yeoman's work on this for over a decade. Attached is my response to the inaction by the NH DOJ toward my complaint. I must say I was not pleased with the failure to respond to the WHOLE complaint and that is reflected in this dissertation.

Please note I felt obliged to let the executive branch know of the implications of this missed opportunity.

Automotive Data Reconning for Data Justice for all NH Citizens and All Americans:

The **complaint filed with the New Hampshire Department of Justice (NH DOJ), File No. 2023164509 (Kennedy v. Volkswagen Group of America)**, raises a **fundamental legal challenge** regarding **unjust enrichment through the unauthorized monetization of vehicle data**. The complaint was dismissed **without substantive interaction**, reflecting a failure to address the **complex financial, legal, and constitutional implications** outlined in the submission.

Core Arguments of the Complaint

The complaint framed **unauthorized data extraction and monetization** as a **modern form of systemic exploitation**, likening it to historical **indentured servitude and property misappropriation**. Key arguments included:

1. The Digital Manacles of Indentured Servitude

- o Vehicles today function as **rolling digital currency generators**, continuously producing **marketable data**.
- o Data extracted without consent from legally titled vehicles is tantamount to **involuntary servitude** under the **13th Amendment**, as car owners are providing **valuable digital labor** without compensation.

2. Unjust Enrichment Through Digital Expropriation

- o The **ownership of data generated by a titled vehicle belongs to the titled owner**, not the OEM, insurers, or data brokers.
- o Companies like **Volkswagen Group of America (VW)** monetize vehicle data without compensating the rightful owner, **mirroring the legal concept of unjust enrichment**.

3. Constitutional and Legal Violations

- o **4th Amendment:** The unauthorized extraction of personal and vehicle data **constitutes an illegal search and seizure**.
- o **13th Amendment:** Indentured digital servitude, car owners are bound to provide data they do not control.
- o **14th Amendment:** Unequal protection of data rights, as consumers are not treated as rightful owners of their generated information.
- o **NCAA v. Alston (2021):** If college athletes have the right to control their **Name, Image, and Likeness (NIL)** for financial gain, then vehicle owners should have **similar rights over the data they generate**.

4. New Hampshire's Consumer Protection & Privacy Laws (RSA 358-A, RSA 637, RSA 507-H)

- o **RSA 358-A: Consumer Protection Act**—OEMs engaging in unauthorized data collection and resale **qualify as unfair and deceptive practices**.

- o **RSA 637: Consumer Protection Act** —Data extracted from a titled vehicle without consent **meets the criteria for theft and misappropriation.**
 - o **RSA 507-H: Expectation of Privacy Act (Effective 2025)**—New Hampshire law explicitly recognizes personal data as a **protected property right**, reinforcing the **illegal nature of current practices.**
5. The Response Dated January 07, 2025, never even addressed the two Primary RSAs of RSA 358-A **Consumer Protection Act** and RSA 637 **Consumer Protection Act** *which was a very material omission.*

Why the NH DOJ's Dismissal is Problematic

1. Failure to Acknowledge Established Legal Precedents

Referencing **Massachusetts' 1988 SJC ruling (Attorney General v. Commissioner of Insurance, 409 Mass. 370)** as a **legal precedent for retroactive financial accountability**, demonstrating how **policyholders were forced to remit compensation to insurers after previous mispricing of risk.** This argument suggests that insurers, automakers, and data brokers **should now face similar financial liability for years of unaccounted-for data monetization.**

2. Ignoring the Quantum Superposition of Vehicle Data Valuation

- The **automotive industry profits from vehicle data while denying its intrinsic value to consumers.**
- If **data is valuable enough to sell, then it is valuable enough to be taxed, insured, and owned,** a contradiction that **courts must eventually resolve.**
- This **quantum superposition of data valuation (simultaneously worthless and highly valuable)** cannot persist indefinitely, and **regulatory intervention is inevitable.**

3. Neglecting the Insurance Industry's Responsibility to Enforce Subrogation

- **Insurers have the legal authority to recover losses from third parties responsible for cyber breaches, defective software, and data exploitation.**
- **Volkswagen (and other OEMs) may be engaging in risky data practices that increase consumer exposure to cyber threats.**
- If insurers fail to **press subrogation claims against data-exploiting OEMs,** they **perpetuate digital financial inequities at the policyholder's expense.**

Implications of the NH DOJ's Failure to Act

The NH DOJ's refusal to engage with these legal and financial arguments highlights a major gap in regulatory enforcement and a failure to protect consumers from digital exploitation. Key consequences include:

1. **A Legal Loophole for OEMs to Continue Extracting and Monetizing Data Without Accountability**
 - o The lack of regulatory intervention enables **OEMs to exploit consumer-generated data indefinitely**, setting a dangerous precedent.
2. **A Missed Opportunity to Establish Data as a Commodifiable Asset for Titled Owners**
 - o Just as mineral rights belong to landowners, **data rights should belong to vehicle owners**.
 - o NH DOJ's inaction **prevents the creation of a structured data commodities market that could benefit consumers**.
3. **Future Litigation Against OEMs & Insurers is Inevitable**
 - o If NH DOJ refuses to investigate, the **issue will likely escalate to class-action lawsuits and federal regulatory scrutiny** (as seen in the Texas AG lawsuit against GM).
4. **Potential Legislative Action to Close the Gap**
 - o **The failure of enforcement may push legislators to introduce stronger laws governing vehicle data ownership, theft, and monetization.**

Tax Revenue Loss to the State of New Hampshire Due to NH DOJ's Inaction

Using the recent **Stellantis valuation** of vehicle-generated data at **\$600 per vehicle per annum**, we can estimate the **magnitude of lost tax revenue** resulting from **NH DOJ's failure to recognize and enforce taxation on this economic activity**.

1. Total Annual Data Value in NH

- **Number of Registered Vehicles in NH:** 442,915 (Statista)
- **Annual Data Value per Vehicle:** \$600
- **Total Data Value Generated Per Year:** $442,915 \times 600 = 265,749,000$
- (or \$265.75 million per year)

2. Total Data Value Since 1996

Since **OBD-II and J1939 data ports were mandated in 1996**, data exfiltration has been occurring **for 28 years (1996-2024)**.

- **Cumulative Data Value (1996 - 2024):** $265,749,000 \times 28$
 $= 7,440,972,000$ (or \$7.44 billion)

3. Estimated Tax Revenue Lost

New Hampshire's **Business Profits Tax (BPT)** is **7.5%**. If the state had taxed **OEMs, data brokers, and insurers on this data monetization**, it would have generated:

$7,440,972,000 \times 0.075 = 558,072,900$ (or \$558.07 million)

A Half-Billion-Dollar Oversight

By **failing to acknowledge vehicle-generated data as a taxable commodity**, the **State of New Hampshire has left over \$558 million in potential tax revenue on the table**. This revenue could have been used for **infrastructure, cybersecurity programs, public education, and other critical state functions**.

This **fiscal negligence is not just an issue of consumer rights**, it represents a **massive public finance failure**, which will only grow if **NH DOJ and state lawmakers continue to ignore this revenue stream**.

Next Steps for Legal & Policy Action

Given the NH DOJ's **dismissal of the complaint**, further action could include:

- **Pursuing Private Litigation:** Filing a civil suit under **RSA 358-A (Consumer Protection Act)** and **RSA 637 (Theft)**.
- **Petitioning the New Hampshire Legislature to Strengthen RSA 507-H Before 2025:** Accelerate the implementation of privacy protections.
- **Advocating for a Data Commodities Market Framework:** Establish **ownership and compensation mechanisms** for vehicle data.
- **Pushing for Federal-Level Scrutiny:** Presenting the issue to **FTC, DOJ, or state attorneys general offices with active interest in digital exploitation cases (e.g., Texas AG's lawsuit against GM)**.

NH DOJ's Dismissal Reflects a Critical Misjudgment

The NH DOJ's **failure to investigate unjust enrichment in the vehicle data economy** mirrors past **regulatory failures to address consumer data exploitation in the tech industry**. The **legal, constitutional, and financial arguments presented in Kennedy v. Volkswagen Group of America (File No. 2023164509)** illustrate the urgency of **regulatory intervention**.

This is not just a privacy issue; it is a financial and constitutional reckoning that will inevitably reach the courts or Congress. The question is not whether regulations will come, but how much damage will be done before it does.

Let me educate you on what you are missing...

The Modern Connected Car, a Rolling Digital Currency Generator or a Cryptocurrency ATM?

The modern **connected car** is more than just a mode of transportation, it is an **unregulated digital currency generator**, producing **endless streams of valuable data** per mile driven and even while stationary. This continuous data generation raises critical **ownership, monetization, and legal questions**, particularly when viewed through the lens of **asset rights, insurance obligations, and subrogation claims**.

1. The Car as a Digital Currency Generator

Every connected vehicle is a **perpetual source of valuable data**, including:

- **GPS & Location Data** – Tracking movement patterns, geofencing behaviors, and speed trends.
- **Biometric & Usage Data** – Driver habits, cabin temperature preferences, voice commands, and seat position.
- **Telematics & Diagnostic Data** – Brake usage, acceleration, fuel efficiency, and predictive maintenance indicators.
- **Entertainment & Connectivity Data** – Streaming habits, mobile app interactions, and wireless network access logs.
- **Idle Time Data** – Even when parked, the vehicle continues to **generate, store, and transmit valuable data**, such as environmental conditions, battery performance, and surveillance footage.

This data has **direct market value**, just like cryptocurrency mining. Companies like automakers, insurers, tech firms, and data brokers **exploit and monetize this information** without compensating the true asset owner: **the titled vehicle owner**.

2. Is the Connected Car a Cryptocurrency ATM?

A traditional **cryptocurrency ATM** allows users to convert **physical assets (cash)** into **digital currency**. By contrast, a connected car:

- **Continuously “mints” new digital assets (data) with every mile driven**
- **Extracts value from an owned asset (the car) without compensation to the owner**
- **Transfers wealth from the asset owner (driver) to data brokers, OEMs, and insurers**
- **Creates a hidden revenue model based on unregulated, untaxed digital asset extraction**

Unlike cryptocurrency mining, which requires **hardware investment and computation power**, the connected car’s **data mining is automatic and unavoidable**, benefiting **corporate interests over asset owners**.

3. The Legal & Financial Reckoning: Who Owns the Data?

From a **property rights** perspective:

- **The car is a legally titled asset.**
- **The data it generates is a direct output of that asset.**
- **Therefore, the data should belong to the titled owner, not third-party corporations.**

However, **OEMs, insurers, and tech companies** have taken de facto ownership of vehicle data **without compensating the rightful owners**.

This is analogous to an **ATM siphoning cash from an account without the account holder’s authorization**. The **data is currency**, and the car owner is the rightful **data depositor**, but third parties are **withdrawing value without permission**.

4. The Role of Insurance & Subrogation in Data Theft

- If **data theft is covered under insurance**, then insurers must recognize its **financial value in claims and compensation**.
- If insurers **pay out on stolen vehicle data**, it reinforces that data **has intrinsic monetary worth**.
- If insurers fail to **subrogate against companies that monetize vehicle data without owner consent**, they are failing their policyholders by allowing continued exploitation.

These further highlight how **connected cars have become corporate cash machines**, where **data flows one way, out of the owner's hands and into corporate profits** leaving liabilities behind.

5. The Unregulated Digital Economy: The Need for a Paradigm Shift

- If **connected cars are generating valuable digital assets**, then **owners must have the legal right to monetize, protect, or opt out of data extraction**.
- **Governments and regulators must treat vehicle data like a financial asset**, ensuring proper taxation, consumer protections, and anti-theft measures.
- **Insurers must adapt by enforcing subrogation rights against OEMs and third parties** that exploit data without compensation.

The Connected Car is the Ultimate Data Mining Machine

The modern connected car is effectively a **rolling digital currency generator**, constantly producing **monetizable digital assets**. However, instead of benefiting **the rightful titled owner**, this revenue stream is **quietly siphoned away by corporations**, much like a **cryptocurrency ATM owned by someone else but funded by your assets**.

This **massive wealth transfer** is largely **unchecked, unregulated, and unchallenged**, but as insurance claims, subrogation rights, and legal precedents evolve, **reckoning is inevitable**.

The question is: **When will vehicle owners start demanding their rightful share of the digital economy that their assets create?**

This apathy towards the consumer rights of the citizens of New Hampshire has knock-on effects...

The Automotive Supply Chain as a Quantum Superposition: A Thought Experiment

The **automotive supply chain**, when considered in the aggregate, exhibits characteristics analogous to **quantum superposition**, a fundamental principle in quantum mechanics where a system exists in **multiple states simultaneously** until observed or measured. This paradoxical state is highly applicable to the **modern, connected automotive ecosystem**, particularly when analyzing its economic, data, and liability structures.

1. The Quantum Superposition of Value and Ownership

At any given moment, a **connected vehicle simultaneously exists in multiple economic and legal states**, depending on who is observing, transacting, or benefiting from its operation:

- **For the Vehicle Owner:** The car is a **personal asset**—a titled piece of property that should provide exclusive rights over its value, including the data it generates.
- **For Automakers (OEMs):** The car is a **platform**, a data collection device that continuously generates information, fueling recurring revenue streams through subscriptions, data sales, and remote services.
- **For Insurers:** The car is a **risk variable**, a constantly shifting liability matrix where ownership, usage patterns, and external risk factors dictate premium structures and claims calculations.
- **For Data Brokers & Tech Firms:** The car is a **digital goldmine**, a live feed of geolocation, behavioral analytics, biometrics, and network interactions, monetized in ways never disclosed to the owner.
- **For Governments & Regulators:** The car is both a **private asset and a public safety concern**, requiring regulations on emissions, cybersecurity, and liability.

This results in a **Schrödinger's Car scenario**, where the vehicle **simultaneously belongs to and is exploited by** multiple stakeholders, each seeing a different version of ownership **until challenged or legally measured**.

2. Supply Chain Uncertainty: A System in Multiple States Until Collapsed

The global **automotive supply chain** itself is a system riddled with **superposition-like states**, where its true nature exists in flux until observed:

A. OEMs Are Both Manufacturers and Data Brokers

- **Traditional View:** Automakers exist to **design, manufacture, and sell vehicles**.
- **Quantum View:** Automakers **also function as digital conglomerates**, extracting value from data while maintaining an illusion of solely being hardware manufacturers.
- **Measurement Effect:** If regulators or consumers demand accountability for data ownership, the system collapses into either a **data-first business** (liable for privacy laws) or a **hardware company** (liable for product warranties and performance).

B. Insurance and Subrogation: A Wavefunction of Liability

- **Traditional View:** Insurance covers damage, theft, and liability based on pre-defined risk parameters.
- **Quantum View:** Insurance **should** function as an enforcement mechanism, invoking **subrogation rights against negligent third parties** (e.g., software providers, tech companies, OEMs monetizing data).
- **Measurement Effect:** If insurers begin demanding **retroactive compensation** for monetized vehicle data, the liability shifts away from policyholders and OEMs suddenly face financial exposure.

C. Supply Chain Fragility and Simultaneous Sourcing

- **Traditional View:** Each vehicle component is sourced from specific suppliers, following a structured supply chain.
- **Quantum View:** The modern supply chain is **simultaneously hyper-globalized and fragmented**, meaning a single component can have **multiple sourcing pathways in parallel** until an actual procurement decision is executed.
- **Measurement Effect:** A supply chain crisis (e.g., semiconductor shortages, geopolitical conflict) collapses the supply state into a singular bottleneck, revealing the fragile nature of what was once perceived as resilient.

3. The Quantum Entanglement of Data, Liability, and Regulation

Quantum entanglement refers to particles being interconnected in such a way that the state of one **instantly affects the other**, regardless of distance. This principle mirrors the interconnected nature of **data rights, liability, and regulatory enforcement** in the automotive industry.

- **Entanglement Between Data and Ownership:** A vehicle owner's **driving data** is instantly accessed and monetized by **OEMs, insurers, and third parties**, yet the owner is largely unaware of these transactions. The owner **remains entangled** with this data long after the car is sold or transferred.
- **Entanglement Between Cybersecurity and Liability:** If a **third-party software update** results in a vehicle malfunction, **who is responsible?** The **OEM?** The **software provider?** The **driver?** The **liability state remains superposed until a lawsuit or regulatory ruling collapses it into a definitive answer.**
- **Entanglement Between Subrogation and Policyholder Costs:** If insurers refuse to invoke subrogation against negligent vendors, **policyholders unfairly bear the financial burden.** If subrogation is enforced, **OEMs and tech firms must absorb their fair share of cybersecurity failures.**

4. The Measurement Problem: Regulatory Collapse of the Automotive Superposition

A key principle of quantum mechanics is that **a system remains in superposition until measured**, but once measured, its state collapses into a defined outcome. This is what the automotive industry currently faces:

- **Measurement of Data Ownership** → If courts recognize vehicle data as belonging to **titled owners**, OEMs must **either compensate owners or cease monetization without consent**.
- **Measurement of Subrogation Rights** → If insurers actively **pursue subrogation against negligent third parties**, OEMs, software vendors, and cloud providers will face **direct legal and financial consequences**.
- **Measurement of Cybersecurity Responsibility** → If a cyber breach leads to vehicle failure, **who ultimately bears the liability?** Currently, it exists in a **quantum haze**, but lawsuits will eventually force clarity.
- **Measurement of Supply Chain Integrity** → If governments enforce **localization requirements** or **trade restrictions**, the industry will be forced to **reconfigure its sourcing strategy**, collapsing the illusion of redundancy.

Each of these measurements will **collapse the current ambiguity** in automotive data rights, liability, and cybersecurity enforcement, forcing clear winners and losers.

The Automotive Industry's Quantum Reckoning is Coming

The modern automotive ecosystem is a system in quantum superposition, where ownership, liability, supply chain logistics, and data monetization exist in multiple contradictory states until challenged or measured.

As legal, consumer, and regulatory pressures increase, the industry **can no longer exist in parallel states indefinitely**. The coming years will see **wavefunction collapses** across multiple fronts:

1. **Consumers will demand clarity on data ownership.**
2. **Insurers will be forced to enforce subrogation rights.**
3. **Regulators will challenge cybersecurity responsibility.**
4. **Supply chain dependencies will be redefined.**

The automotive industry must **prepare for its quantum state to collapse**, because once the measurements begin, **there will be no going back to the illusion of parallel realities**.

The Multiplier Effect of Quantum Superposition on Data Valuation: The Foundation of a Data Commodities Market

The quantum superposition of the modern automotive industry not only highlights the parallel and contradictory states of data ownership, liability, and monetization, but also introduces an **inherent multiplier effect** that **dramatically alters the valuation of data** and, by extension, lays the foundation for **a true data commodities market**.

Just as **traditional commodities (oil, gold, and grain)** derive their value from scarcity, demand, and market application, the automotive supply chain's **vast, continuous, and unregulated data generation** introduces a **layered valuation structure** where **granular data types** can be independently valued, traded, and leveraged as economic assets.

1. The Multiplier Effect: Data's Exponential Value Growth

A. Superposition Creates Data States That Multiply in Value

A single piece of vehicle-generated data can exist in multiple economic states at once, each carrying different valuation perspectives:

- **For the Vehicle Owner:** The data is a **private asset**, an extension of the titled property, and should **hold intrinsic value to the owner**.
- **For Automakers & Data Brokers:** The data is a **recurring revenue stream**, which can be **packaged, segmented, and resold indefinitely**.
- **For Insurers & Risk Assessors:** The data is a **predictive tool**, affecting risk modeling, underwriting, and premium structures.
- **For Governments & Regulators:** The data is a **compliance mechanism**, enforcing emissions, cybersecurity, and public safety standards.

Each of these layers of **data utility compounds its total market value**, creating a **multiplier effect** where a **single dataset can be monetized multiple times-over by different entities, without compensation to the actual data generator (the vehicle owner)**.

B. Granular Data Types Magnify the Effect

The **value of automotive data is not monolithic**, it fragments into **more granular and individually valuable datasets**, each of which can be assigned its **own economic price point** in a future **data commodities market**:

High-Value Data Types That Create a Marketable Multiplier Effect

Data Type	Market Utility	Economic Valuation Drivers
GPS & Location Data	Advertisers, urban planners, law enforcement	Demand for real-time mobility trends, traffic analytics, targeted marketing
Vehicle Telematics	Insurers, automakers, predictive maintenance services	Risk scoring, premium pricing, maintenance forecasting
User Biometrics	In-cabin monitoring systems, health tech firms	Driver fatigue detection, wellness tracking, identity verification
Entertainment Usage	Media companies, streaming services	Personalized content recommendations, subscription-based advertising
Idle Time Data	Smart city infrastructure, parking analytics	Dynamic pricing for congestion zones, real estate valuation
Cybersecurity Logs	Threat intelligence firms, government agencies	AI-driven cyber risk modeling, critical infrastructure defense
EV Charging & Battery Data	Energy grid operators, smart infrastructure planners	Predictive load balancing, real-time energy market arbitrage

Each of these **data silos** is capable of being **independently traded, aggregated, or valued, amplifying the market potential** and when combined, **they create a multiplier effect where the same asset (the car) generates dozens of simultaneously valuable digital assets**.

2. The Data Commodities Market: Applying Traditional Economic Models to Automotive Data

A. The Shift from Data as a Passive Byproduct to an Active Asset

Historically, data has been treated as an **intangible byproduct** of business operations. However, as the automotive industry increasingly **monetizes granular data streams**, it **must be recognized as a tradable, regulated asset just like oil, gold, or rare earth metals**.

This means applying **traditional commodities market principles** to data:

- **Scarcity & Demand Dynamics:** High-value, **real-time data streams** (e.g., live traffic analytics, EV battery degradation trends) become **premium assets** in an open market.
- **Standardized Units of Trade:** Just as crude oil is traded by the barrel and gold by the ounce, **data must be commodified into structured, exchangeable units:** e.g., “X gigabytes of real-time location data.”
- **Market Exchanges & Pricing Models:** A future **data commodities exchange** could allow buyers (advertisers, insurers, OEMs, governments) to bid on **specific, pre-defined data categories**, introducing **futures contracts, hedging, and derivatives trading**.

B. The Emergence of “Data Mining Rights” for Titled Owners

- If **vehicle data holds intrinsic, tradable value**, then the **right to extract, sell, or lease that data should belong to the titled vehicle owner**, just as **mineral rights belong to landowners**.
- **OEMs and tech firms currently extract data without compensating the vehicle owner**, mirroring historical **resource exploitation models** before regulatory interventions forced fair compensation structures.
- A **data commodities framework** could enforce **royalty payments** to data-generating parties (vehicle owners) **whenever their data is sold, licensed, or leveraged in secondary markets**.

3. Quantum Entanglement & the Evolution of Data Valuation

Quantum entanglement dictates that **once two particles interact, their states become linked, regardless of distance**. The same applies to **automotive data**, where multiple stakeholders **are entangled in the data's financial, legal, and operational implications**:

- **The Vehicle Owner's Right to Profit:** If vehicle-generated data is an **economic asset**, then ownership must be clarified, and vehicle owners must receive compensation for the economic benefits extracted from their property.
- **The Insurance Industry's Role in Risk Pricing:** Insurers can no longer **passively collect** data for underwriting; they must **enforce subrogation rights against negligent data handlers** (OEMs, vendors, software providers) who introduce cyber risks, ***simultaneously paying policyholders for the data taken without legitimate interest***.
- **Regulatory Pressure for Transparency & Fairness:** Governments will **inevitably step in** to impose **data taxation, privacy compliance, and standardized valuation models**, just as they have done with other commodities.

This means the quantum superposition of the data economy is **collapsing** and soon, market forces, lawsuits, and regulation will force a defined structure to emerge.

The Future of the Data Commodities Market is Inevitable and NH is missing this Opportunity to Lead the data equity and data privacy Civil Right.

The multiplier effect of **quantum superposition in automotive data valuation** directly leads to a **new economic paradigm**, one in which **data is no longer a hidden, exploited byproduct but a structured, tradable commodity**.

Key Takeaways

1. **Every connected car is a rolling digital commodities generator**, continuously creating **independently valuable datasets** that should be **separately priced and traded**.
2. **The market valuation of automotive data is vastly underestimated** due to **lack of transparency, standardization, and enforceable ownership rights**.
3. **Titled vehicle owners have the strongest legal claim to data ownership**, and future regulatory frameworks will likely **mandate compensation mechanisms akin to oil or mineral rights**.
4. **A data commodities market will create a structured exchange** where insurers, governments, advertisers, and tech firms **bid on real-time, high-value datasets**, introducing liquidity, price discovery, and competition.

Final Thought:

The **current automotive data economy is unsustainable** and the **laws of economics, quantum superposition, and liability enforcement will force a reckoning**. Those who **fail to prepare for the data commodities future will be left behind**, while those who **recognize the coming shift can capitalize on the transition from data exploitation to a structured, equitable marketplace**.

Governor Ayotte's Budget for All of New Hampshire: Supporting Those in Need for a Healthier New Hampshire

"One of my critical responsibilities as Governor is to provide for those who depend on the State of New Hampshire for their daily needs. Our first step in shaping this budget was to protect the programs that those who are most in need depend on." – Gov. Kelly Ayotte

What They're Saying: Governor Ayotte's Support for Those in Need

"Those most in need of assistance from the State, including Granite Staters with disabilities, can rest assured that Governor Kelly Ayotte has their backs. This budget continues to ensure there is no waitlist for disability services in our state, and it provides more than \$1 billion to ensure these citizens have the support system they need. Just as she said, the Governor has delivered on her promise to deliver a responsible, balanced budget that addresses the needs of our most vulnerable citizens."
– State Rep. Kim Rice, Children and Family Law Committee

"CBHA is extremely grateful to the Governor for her strong support of the community mental health system and her acknowledgement that uncompensated care costs experienced by safety net providers are impeding access to care. The community mental

health centers provide care to all who need it, regardless of ability to pay, but we are struggling financially to maintain this critical mission because of the increasing costs of uncompensated care. We are committed to working with the Governor's budget team, the budget writers in the Legislature, and state departments to find a sustainable solution to this problem so that families in New Hampshire are getting timely and appropriate care for their loved ones.” – The Community Behavioral Health Association

“Recovery Friendly Workplaces saved my life. Today, the initiative now has over 400 workplaces participating, representing over 97,000 employees. I am thankful that Governor Ayotte continues to prioritize this important program and look forward to seeing it grow more throughout the coming years.” – Shawn Cannizzaro, Co-Owner Hope 2 Freedom Recovery Homes

How Governor Ayotte is Building a Healthier New Hampshire

- Over \$1 billion to fund services for citizens with disabilities and ensure there continues to be no waitlist
- \$10 million to support uncompensated care provided through Community Mental Health Centers
- Fully funding the Recovery Friendly Workplace Program

MEETING NOTICE

STATE OF NEW HAMPSHIRE

Agricultural Lands Preservation Committee

Tuesday, March 4, 2025

10:00 AM

Location: 1 Granite Place South, Room 202
Concord NH 0330123

New England
Farmland Finder

Looking for farmland?

Want to lease or sell your land to a farmer?

<https://www.newenglandfarmlandfinder.org/>

Managed by New England Farm

Link Collaborative: Maine Farmlink, Connecticut
Farmlink, Vermont Land Link, and Land For Good

Produce Safety Alliance Training Production Tools For Your Farm

March 27, 2025 | 8:00 am - 5:00 pm
\$50 | NHTI-Concord Community College

This workshop is geared toward fruit and vegetable growers and others interested in learning about produce safety. Learn about options for including food safety practices in your production systems, regulatory requirements, and farm food safety plans. Participants will receive a certificate showing completion of a training meeting FSMA's Produce Safety Rule training requirements [21 CFR 112.22(c)].

The trainers will cover the following modules:

- Introduction to Produce Safety
- Worker Health, Hygiene, and Training
- Soil Amendments
- Wildlife, Domesticated Animals, and Land Use
- Agricultural Water
- Postharvest Handling and Sanitation
- How to Develop a Farm Food Safety Plan

Place Your Orders for the Northeast Organic Farming Association of NH Spring Bulk Order through March 1!

Calling all farmers and gardeners: NOFA-NH's annual Spring Bulk Order is a collective buying program for organic farming and gardening supplies. No minimum order. No shipping charges. You don't have to be a NOFA member to order, though members pay less. Save on supplies and support NOFA-NH at the same time!

Bulk Order Products include Soil Amendments, Organic Cover Crop Seeds, Potting Mixes and Composts, Seed Starting Supplies, Organic Pest Control Products, Farming and Gardening Supplies and so much more! Special orders are welcome!

Order by March 1, 2025. Pick-ups scheduled for March 22 in Andover, Walpole, and Weare, NH or March 23 in Rochester, NH. Access the online store for details and to order: bulkorderstore.nofanh.org.

This program is made possible by the generous support of NOFA-NH's pick-up site hosts:

- Bellettes of Andover
- Brookfield Farm, Walpole
- Country 3 Corners, Weare
- The Stove Barn, Concord (owner of the Spaulding Industrial Complex, Rochester)

Social Media for Farmers Free Five-Week Course

Thursdays, March 6 – April 3 | 4:00 – 6:00 PM

Online | Free for NH Farmers Limited to 30 participants—apply now!

Social media is a powerful tool for farmers to connect with customers, build brand loyalty, and increase sales—but using it effectively takes strategy. UNH Extension's Social Media For Farmers: A Hands-On Strategy Course is a free, five-week online course designed specifically for NH farmers looking to improve their social media presence on Instagram and Facebook.

Through interactive sessions, expert guidance, and hands-on exercises, participants will learn how to create engaging content, track performance, and develop a social media strategy that fits their farm's goals—without spending endless hours online. Optional work sessions and a post-course check-in will provide additional support to ensure farmers put their plans into action.

For more details and to apply,

visit: <https://bit.ly/4kioa6r>

NH Division of Weights and Measures 2025 Scale Clinics

New Hampshire
Department of Agriculture,
Markets, and Food

The New Hampshire Division of Weights and Measures will be hosting fourteen (14) Scale Clinics at eleven (11) locations throughout the state in 2025. UPDATES HIGHLIGHTED BELOW.

All scale clinics are by **appointment only** to better allocate staffing and equipment needs.

All clinics will be from **10:00am – 2:00pm** at the dates and addresses listed below.

Designated parking spots will be marked on the individual site flyers. Please park as directed and bring your scales inside the facility for testing. For more specific instructions, please visit <https://www.agriculture.nh.gov/divisions/weights-measures/educational-seminars.htm> and click on the link to the location you will be attending. Each site has specific parking and entrance guidelines, so please review the location you are attending.

Ensure all power cables and accessories (including **scale feet, power supply**, platters and stanchions, etc.) are brought to the clinic.

Scales must be in clean and usable condition before being tested and certified.

Please have your account number and **check or cash** if a license fee is due. Payment by credit/debit card is not accepted at this time.

To schedule an appointment, please call:
(603) 271 – 2894

and have your account number available.

The Bewitching Witch Hazel Tree

Witch hazel with its clusters of vibrant, four-petaled, spidery flowers is sure to brighten any garden when in bloom. (photo: Deborah J. Benoit)

You may be familiar with its name from the bottle of astringent found in your home medicine cabinet or for sale on pharmacy shelves near rubbing alcohol and hydrogen peroxide. What you may not know is that the leaves, bark and twigs from American witch hazel, a small native tree, are used in the manufacture of this product.

Historically, witch hazel was used by Native Americans and, later, colonists for a variety of medicinal treatments.

To a gardener, witch hazel is something else entirely. Depending on the variety, it might be the very first plant to bloom in your garden in the spring or provide the very last flowers in the fall. There are four species of witch hazel.

American witch hazel (*Hamamelis virginiana*) is native to the eastern United States, ranging northward to Nova Scotia in Canada and south to Florida, and to the west from the Great Lakes south to Texas. Also called "common witch hazel," it is a deciduous small tree or shrub, generally 6 to 15 feet in height though sometimes as tall as 20 feet. Its leaves turn yellow in autumn with fragrant yellow flowers blooming after its leaves fall.

Witch hazel's seeds mature the following fall and take a year after that to germinate. American witch hazel is hardy in United States Department of Agriculture (USDA) Plant Hardiness Zones 3 to 8.

Ozark witch hazel (*Hamamelis vernalis*), also called vernal witch hazel, is native to the southern and central United States. Unlike American witch hazel, Ozark witch hazel blooms in late winter or early spring.

Its fragrant, spidery yellow flowers can be seen January to April before its foliage unfurls. Its seeds mature in early fall and require cold stratification over the winter, before germinating in the spring. This small tree or shrub grows 6 to 10 feet high and is hardy in USDA Zones 4 to 8.

Japanese witch hazel (*Hamamelis japonica*) is native to Japan and blooms in the spring for up to four weeks. It grows 10 to 15 feet high with mildly fragrant yellow flowers. Its foliage turns yellow, red or purple in the fall. It's hardy in USDA Zones 5 to 8.

Chinese witch hazel (*Hamamelis mollis*) is native to China and is also hardy in USDA Zones 5 to 8. It grows 10 to 20 feet high. Its fragrant yellow flowers appear January to March.

In addition to the four species of witch hazel, there are numerous spring-blooming hybrid varieties (*Hamamelis x intermedia*) available that are crosses between Japanese witch hazel and Chinese witch hazel. Hardiness varies, so be sure to check the hardiness zone for the cultivar you are interested in.

Whatever type of witch hazel you choose, you can expect a show of bright yellow (or orange or red) clusters of four-petaled, spidery flowers to brighten your garden when there is little other color. For spring-blooming varieties, leaves will unfurl after the flowers have faded.

Plant witch hazel in light, richly organic, well-drained soil in full sun or partial shade. As with any new plant, be sure it's adequately watered until it's established.

Overall, witch hazel is easy to grow and low maintenance. It can serve as a focal point in a garden or as a stand-alone feature.

Question of the Week

Q: How can I get rid of goutweed?

A: Goutweed (*Aegopodium podagraria*), also known as bishop's-weed, is an herbaceous perennial ground cover from Europe. "Wild" type goutweed has solid green leaves. A variegated form often found in landscapes features bluish-green leaves with white edges. White flowers appear in mid-summer, arranged in flat-topped clusters. Goutweed can spread by both seed and rhizomes, though rhizome propagation is more common and accounts for the plant's aggressive spread.

Goutweed becomes unwelcome in landscapes when it forms dense, creeping patches that are difficult to eliminate and crowd out other perennials. It is also problematic in the natural environment where it escapes cultivation because it displaces native plant species. For this reason, goutweed is currently on the New Hampshire Invasive Species Watch List, which means it can still be planted legally, but it has been identified as having invasive qualities.

Goutweed is challenging to control because of its robust rhizome system. Very small patches of goutweed can be eliminated with repeated hand-pulling, or by digging up entire plants along with their rhizomes. Getting as many rhizomes out of the soil as possible is important, as new plants can sprout from pieces left behind. If you intend to compost, rhizomes should be allowed to thoroughly dry out in the sun for a few days before being added to piles.

For larger patches of goutweed, a more efficient control option is to smother goutweed with black plastic or cardboard covered with mulch or compost. Covering the plants prevents them from photosynthesizing, eventually exhausting carbohydrate reserves in the rhizomes. The most effective way to smother goutweed is to mow plants close to the ground once they are fully leafed out in the spring, then covering them. Expect this method to take at least one full growing season to achieve control.

Goutweed can also be managed with systemic herbicides that are translocated to the roots and kill the entire plant. The main downside to herbicide treatment is that nearby desirable plants can be easily damaged. If you use chemicals, be sure to read and follow all instructions on the product label.

Senators and Representatives,

I would like to extend an invitation to you for an upcoming legislative breakfast to be held at Valley Regional Hospital on Friday, March 21st at 8:00 AM in the Valley Regional Buckley Conference Room.

During this event, you'll have the opportunity to meet our new President and CEO, Matthew Foster, MD/MMM. Dr. Foster is very excited to meet our government representatives. Valley Regional will present an overview of our accomplishments for FY24 as well as our clinical and operational plans for FY25 and our role in Vermont and New Hampshire, the Dartmouth Health System, and our commitment to health care and the communities we serve. This meeting will be open to our Board of Trustees and senior administrative staff, as well as members from the NHHA.

Please RSVP to me at Tammy.Wilson@vrh.org or call (603) 542-3400 and please do not hesitate to reach out if you need more information.

I hope you can join us on **the 21st of March!**

Warm regards,

Tammy Wilson
Executive Assistant
Valley Regional Healthcare

Governor Ayotte's Budget for All of New Hampshire: Keeping Our State the Safest in the Nation

"Our ranking as the safest state in the nation is the result of the work of our dedicated law enforcement personnel, from our State Troopers, to our corrections officers and local police, deputy sheriffs, firefighters, probation and parole officers, we depend on them, and they depend on us to make sure they have the tools they need to do their jobs." – Gov. Kelly Ayotte

What They're Saying: Governor Ayotte's Public Safety Priorities

"I am thankful that Gov. Ayotte continues to make Bail Reform a top priority and plans to include it in HB-2. Keeping violent and repeat offenders behind bars is the foundation of public safety and the safety of our citizens is non-negotiable. We cannot wait for another tragedy like the recent stabbing in Manchester to demonstrate why Bail Reform is needed. Justice for victims, police, residents and our business community must come first. The time to act is now and we're grateful the governor, as a former attorney general and prosecutor, recognizes the urgency of this situation." – Manchester Mayor Jay Ruais

"For nearly 13 years, New Hampshire's public safety employees have been working to restore some of the retirement benefits that were in effect and taken away from Group II

middle tier employees. This reduction in retirement benefits has greatly affected the retirements of our first responders and added to the retention problems our local and state governments are facing. Governor Ayotte's plan will restore some of the benefits to a highly experienced group of Municipal Police Officers, State Troopers, Probation/Parole Officers, Deputy Sheriffs, Corrections Officers & employees, and Firefighters. the very people who keep our citizens safe every day.

"We are very appreciative that Governor Ayotte has placed this as a top priority today and we look forward to working with her and our Legislature to solve this problem as the budget moves forward." – NH Group II Retirement Coalition

"Kelly Ayotte is putting the safety of Granite Staters first in her budget. With the creation of Northern Shield, law enforcement will be able to continue the important work of getting drugs off our streets and keeping our communities safe." – Coös County Sheriff Keith Roberge

How the Governor's Budget will help keep New Hampshire the safest state in the nation:

- Delivering a long-term solution for the Group II retirement system to boost recruitment and retention of first responders
- Continuing funding for the successful Northern Border Alliance
- Expanding drug interdiction efforts through Operation Granite Shield to include a specific focus on cross-border coordination with the City of Lawrence, as well as a dedicated Northern Shield program
- Ending the failed bail reform social experiment by slamming shut the revolving door for criminals to keep our communities safe

To: The Honorable Kelly Ayotte, Governor of New Hampshire

Subject: Expanding EV Infrastructure in Hampton Beach

Dear Governor Ayotte,

Congratulations on your new role as Governor of New Hampshire. My name is Maurice Blondeau, and I own TerraX Management LLC, DBA Central Parking, located at 92 Ashworth Ave, Hampton, NH 03842, a high-traffic commercial parking lot on Hampton Beach that serves both residents and tourists.

Currently, there is a noticeable gap in local EV charging options, with the closest stations located in Seabrook, NH. Given the growing adoption of electric vehicles, I am eager to support New Hampshire's clean energy initiatives by installing commercial EV chargers at my business to provide much-needed charging infrastructure for visitors and locals alike. I would appreciate your guidance on the following:

1. State-level grant opportunities or programs that support commercial property owners in developing EV charging stations.
2. The role of NEVI funding in New Hampshire and how commercial property owners can participate, including eligibility and application processes.

3. Additional resources that could assist businesses in contributing to the state's EV infrastructure goals, such as technical assistance, potential partnerships, or funding options.

As Hampton Beach continues to be a major tourism destination, improving EV charging access at key locations like my parking lot will not only support sustainability efforts but also enhance the overall visitor experience. I would welcome the opportunity to collaborate with your office in making this vision a reality.

Thank you for your time and consideration. I look forward to your response.

Sincerely,

Maurice Blondeau

TO: LORI WEAVER, Commissioner of DHHS
Lori.A.Weaver@dhhs.nh.gov

RE: ALS IN NEW HAMPSHIRE

Dear Ms. Weaver:

I have ALS. ALS, or amyotrophic lateral sclerosis, is a progressive neurodegenerative disease that affects nerve cells in the brain and spinal cord. There is no cure for ALS yet. It treats everyone differently, but everyone is terminal. Considering how many Veterans we have in NH and such individuals are [military veterans](#), who are at an increased risk of ALS.

I wrote to your ombudsman back on January 23, 2025, and the subject line read:

"can't get through to term health care and I need it yesterday"

What Brent Ladman wrote back was a laundry list of documents needed by your department without any help to me. ALS can leave a person helpless in a minute's time. I have included the emails which failed to address the issue I raised...I need help yesterday!

Based upon the failing grade in NH given by the ALS Association, which NH is listed as one of the worst states in the country. That has been my experiences as well. When I needed help there was just delays and I still haven't received any help in over 30 days. Despite two wonderful people trying to help me. Those individuals are Madison Huffman a Community Health Navigator through AmeriHealth, and Eric M. Corliss who works for the Bureau of Adult and Aging Services. They both are champions and two very hard-working individuals.

The unfortunate part is there was no help for me, an ALS patient despite my email which said I needed help yesterday.

US CONGRESS has passed bills specifically to address ALS, but NH has no idea what to do based on its grade of an F -one of the worst states.

PAUL KOCH
PO BOX 86
LOCHMERE, NH 03252

603-293-5905

There are 4 summaries for H.R.3537.

(12/23/2021)
(12/16/2021)
(12/08/2021)

(05/25/2021)

Public Law
Passed Senate
Passed House
Introduced in House

[Bill summaries](#) are authored by [CRS](#).

Shown Here:

Public Law No: 117-79 (12/23/2021)

Accelerating Access to Critical Therapies for ALS Act

This bill establishes grant programs to address neurodegenerative diseases, such as amyotrophic lateral sclerosis (also known as ALS or Lou Gehrig's disease), and contains other related provisions.

The Department of Health and Human Services (HHS) shall award grants to eligible entities for scientific research utilizing data from expanded access to investigational ALS treatments for individuals who are not otherwise eligible for clinical trials.

The Food and Drug Administration (FDA) shall award grants to public and private entities to cover the costs of research and development of drugs that diagnose or treat ALS and other rare neurodegenerative diseases.

HHS shall also establish the Public-Private Partnership for Neurodegenerative Diseases between the National Institutes of Health, the FDA, and at least one eligible entity (generally, an institution of higher education or a nonprofit organization). The partnership shall support the development and regulatory review of drugs that address ALS and other rare neurodegenerative diseases.

The FDA shall publish on its website a five-year action plan for fostering the development of drugs that improve or extend the lives of people living with rare neurodegenerative diseases.

PAUL KOCH
PO BOX 86
LOCHMERE, NH 03252

603-293-5905

winnisandbar@aol.com

The Government Accountability Office must report to Congress about the grants provided under this bill, including an analysis of the impact of such grants on research and development of treatments for ALS.

AND THERE ARE:

Public laws related to amyotrophic lateral sclerosis (ALS) include the Accelerating Access to Critical Therapies for ALS Act (ACT for ALS) and the ALS Disability Insurance Access Act of 2019.

Accelerating Access to Critical Therapies for ALS Act

- Signed into law by President Biden in 2021 as Public Law 117-79
- Requires the Department of Health and Human Services (HHS) to establish a Public-Private Partnership for Rare Neurodegenerative Diseases
- Requires the FDA to develop a five-year action plan to encourage drug development for ALS
- Requires the FDA to award grants to public and private entities to research and develop treatments for ALS

ALS Disability Insurance Access Act of 2019

- Signed into law in 2020 as Public Law 116-250
- Eliminated the five-month waiting period for disability insurance benefits for people with ALS who applied on or after December 23, 2020

Other legislation related to ALS includes Justice for ALS Veterans Act of 2023, ALS Better Care Act, and The Bipartisan Healthy Brains Act.

But NH is in the dark as to ALS. They did nothing for me when I called your office for help.

Look at all the pictures of food dropped because my hands and arms can't lift virtually anything. I burnt my foot with hot soup and fell on another occasion. I should never have been abandoned by your office after I emailed the Ombudsman. It is not consistent with US Congress and can be construed as civil rights violations.

PAUL KOCH
PO BOX 86
LOCHMERE, NH 03252

603-293-5905

winnisandbar@aol.com

If NH can't treat ALS patients correct and fix the failing grade, maybe its time for you to retire. This has been abusing to me over the last 30 days. This needs to change immediately so other people don't experience what I did if they have ALS. My neurologist called visiting nurses as I have not been able to eat normally which is critical. The DHHS needs to have emergency help for ALS patients. It's that simple.

In addition, my SNAP benefits have been reduced to \$25.00. I thought completely disabled people were supposed to get the full amount?

On another note, a person in the Social Security office lied on my documents when she said I didn't want to apply for Disability. She should be terminated.

A car dealer in Hooksett has stolen \$10,000.00 from me. Elderly, completely disabled person. He is a criminal and should be arrested.

I have been dealing with public corruption for over 15 years. I have no tolerance for it as the CT SENATORS, and CT ATTORNEY GENERAL, AND CT CHIEF JUSTICES, and Federal Judges and CT State Judges engaged in RACKETEERING & RICO VIOLATIONS. I will be filing a complaint in Washington DC with supporting documents to have them all removed and subjected to investigation. I never take matters into my own hands.

I hope you will give this your immediate attention. Feel free to call me anytime.

All my best,

Paul Koch

CONCERN ABOUT LONG TERM CARE UNIT

I just waited on hold for over 20 minutes and then was disconnected with the long term financial eligibility unit. That was after I called looking to speak to Catherine Wood but the mailbox was full and I could not leave a message. Clearly there's not enough people working in the long term care unit.

My name is Paul Koch and my phone number is 603-293-5905 and my STATE id is #61246953677. My AH id is 91929483. I need help yesterday. My house is becoming a mess because I have ALS and my hands don't work. Please have somebody contact me immediately so I can get the help that I need.

If i don't hear from someone today I will contact Commissioner Lori Weaver.

Sincerely,
Paul Koch

Date: Wednesday, January 29, 2025 at 02:10 PM EST

Mr. Koch,

This office replied to your inquiry on Friday, January 24, as follows:

Mr. Koch,

The Office of the Ombudsman to NH DHHS is in receipt of your email. Our office has audit access to Medicaid cases held by the Bureau of Family Assistance (BFA) regarding long-term care eligibility.

The long-term care financial eligibility folks are admittedly very busy and difficult to get ahold of. The records show that you have a standing medical approval for the Choices for Independence home and community-based care program. The hold-up you are facing is about the financial eligibility component for the CFI program. The financial eligibility folks need a list of verification materials from you to determine your eligibility for the program. On 9/23/24, a list of needed materials was sent as follows:

“***SECOND AND FINAL REQUEST*** Please provide the following verifications:

1. Review/sign the Eligibility Interview Summary, Statements of Understanding, form 800W & Form 770 our Recovery Policy.
2. History of Residence
3. Lookback: Please provide monthly bank statements from 8/13/19 to current /closing for all accounts in your name open/closed, owned by you individually or jointly during this time frame.
4. Non Medical Eval
5. Release of protected Health Info. Please leave the Name of Health Care Provider and/or Affiliates line blank
6. Proof of marital status - divorce certificate or decree
7. Proof Social Security has stopped
8. Proof of any utilities you are paying
9. Proof of medical expense with a medically necessary doctors note Thank you”

To date, the case file shows no verification materials have been received by BFA. As such, they are thus far unable to move forward with determining your eligibility for CFI. Short of the materials being received by the financial eligibility department, there is not another way to move forward in getting you more services via Medicaid with long-term care.

Do you have some one you can designate as your authorized representative or power of attorney to assist you in obtaining and providing the materials to BFA?

Brent Ladman, Associate Ombudsman

BRENT

So you never addressed me being on hold for 20 minutes and disconnected, Or, the full mailbox, as of today it was still full. That's no excuse for full mailboxes at the LTC. You never called me back!

The caseworker had all the forms filled out. She uploaded them all today. **It's really wrong to withhold help from those terminally ill with limited time who are in desperate need of help.** You've proven to be bureaucrat pushing papers, but getting nothing done. Maybe the DHHS is not the place for you. People who call DHHS, generally need help, not a Bureaucrat

And my email fell on def ears as of today, the mailbox was still full.

ALS PUBLIC POLICY STATE REPORT CARDS

STATE RANKINGS: **BEST** AND **WORST** PERFORMING STATES

Hi there! Welcome to ALS.org. Click here to chat with us.

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

The mission of The ALS Association is to make ALS a livable disease until we can cure it, and state public policy has a critical role to play. This report card offers a snapshot of where your state stands in that ongoing effort. Updated December 2024

POLICY AREA	DESCRIPTION	GRADE
Appropriations for ALS Care Services	Enacted budget includes new or continuing state appropriations dedicated to adequately supporting ALS care service programs and ALS clinics	F
Medigap Access & Affordability	Enacted legislation or regulatory policy ensuring access to affordable Medigap supplemental insurance plans for individuals under 65 living with ALS	D
Reforming Prior Authorization	Enacted legislation or regulatory policy that reduces delays, streamlines appeals, and increases transparency within the prior authorization process	B
Step Therapy	Enacted legislation or regulatory policy that eliminates step-therapy or fail-first requirements for people living with ALS	F
Copay Accumulators	Enacted legislation or regulatory policy that eliminates the use of copay accumulator adjustment programs	F

Extra Credit: N/A

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

ALS State Policy Priorities

Our mission is to make ALS livable until we can cure it. Here's how state public policy can help:

Appropriations for ALS Care Services: The ALS Association provides families living with ALS with always-free care services that aren't typically covered by insurance, up to the limit of our donor-funded budget. By partnering with the state via a dedicated appropriation, we can help more individuals living with ALS remain at home under family-based care, and avoid Medicaid enrollment.

Medigap Access and Affordability: Individuals living with ALS under the age of 65 should have the same access to affordable Medigap plans as those living with ALS over the age of 65. Medigap access and affordability laws passed in 17 states are working well for consumers and the insurance industry.

Reforming Prior Authorization: Burdensome prior authorization requirement can delay and effectively deny care for people living with ALS. Legislation focused on reducing delays, streamlining appeals, and increasing transparency would help.

Eliminating Step Therapy: Insurance policies requiring people living with ALS to waste their limited time and money by taking cheaper, less-effective drugs before they can be given their doctor-prescribed medicines does not work. Legislation banning those requirements would help.

Copay Accumulators: Copays should always count towards the deductible for people living with ALS. Legislation banning the use of copay accumulator adjustment programs would ensure that they do.

State Advocacy Report Cards

Advocating, Educating, Mobilizing

Our State Report Cards measure how effectively public policies are serving the ALS community in all 50 states and Washington, D.C. The Report Cards have three main goals:

1. Establish a baseline for where states are with regard to the top state policy priorities <<https://www.als.org/our-priorities/state-public-policy-priorities>> of the ALS Association.
2. Outline clear policy steps for all 50 states and Washington, D.C. to make ALS a livable disease for everyone, everywhere.
3. Provide ALS advocates and staff with high-quality collateral to use as a tool when engaging with policymakers at all levels of government.

The Honorable Kelly Ayotte,

First and foremost congratulations on your Governorship. I am so glad to have you. I just wanted to say thank you for looking into the human rights commission. The system is broken.

I was forced to retire from New Hampshire Department of Corrections due to their harassment / retaliation litigation is still pending trial is set for this summer, it pains me as a decorated combat veteran and dedicated (former) state employee, to show how disgusting I have been treated for filing an ADA [accommodation](#). My ADA request was to only have to work 16 hours of overtime a week due to any more hours would exacerbate my preexisting conditions from my combat tour in Iraq.

I digress if you so wish you can see my case Phillip Hill vs NH Department of Corrections.

I wish you well in fixing this problem, I know you know how corrupt the Dpet. of Corrections has become. Human rights are just that, not a convenience.

I find it funny that the attorney general's office has a whole section, even added to it in the last few years, to protect NH citizens civil rights. Yet they are not helping me at all; they are defending NH DOC for blatantly violating my rights to include federal and state laws.

Again best of luck thank you for serving this great state.

Respectfully,
Phillip Hill

NH Governor Kelly A. Ayotte;

I appreciate you signing Executive Order 2025-01. In light of Executive Order 2025-01, the place to start with COGE is the DHHS based on my experiences.

Here is a 56 second video that points out that ALS is always fatal:

[The ALS Association Action Center](#)

Over a month ago I contacted the DHHS ombudsman, Brent Ladman. I told him I had ALS and "*needed help yesterday*" as my condition worsened rapidly. He never contacted me except through email with a laundry list of documents I needed to produce before I could get help from the state. I still have no help and have submitted everything they have asked. The list Brent Ladman sent me was a ridiculous list, before the State would help me for a person suffering from ALS. Since then, I have burned myself, fallen and had the police harass me over my pants which will not stay up as I cannot tie knots, or zipper things, do buttons or make my belt tight enough all during this period of time.

That doesn't sound like Public Safety.

I STILL "NEED HELP YESTERDAY" AND DHHS DOES NOT RECOGNIZE ALS FOR WHAT IT IS!

The State of New Hampshire received an F on its ALS report card and is considered one of the worst states nationwide for ALS, by the National ALS Association. I have experienced that failing Grade and it's very real.

We can do better for all vulnerable seniors. Just like the US Senate did we need to have emergency services for those suffering from ALS, and immediate help available. The disease can spread quickly and leave people without hope or help. It's just not right.

If I don't get help this week I am out of patience and will file a complaint against NH DHHS. What the NH DHHS has done with an ALS patient who is terminal and said, "*I needed help yesterday*", is not acceptable.

All my Best,

Paul Koch

Lori.A.Weaver@dhhs.nh.gov

RE: ALS IN NEW HAMPSHIRE

Dear Ms. Weaver:

I have ALS. ALS, or amyotrophic lateral sclerosis, is a progressive neurodegenerative disease that affects nerve cells in the brain and spinal cord. There is no cure for ALS yet. It treats everyone differently, but everyone is terminal. Considering how many Veterans we have in NH and such individuals are [military veterans](#), who are at an increased risk of ALS.

I wrote to your ombudsman back on January 23, 2025, and the subject line read:

"can't get through to term health care and I need it yesterday"

What Brent Ladman wrote back was a laundry list of documents needed by your department without any help to me. ALS can leave a person helpless in a minute's time. I have included the emails which failed to address the issue I raised...I need help yesterday!

Based upon the failing grade in NH given by the ALS Association, which NH is listed as one of the worst states in the country. That has been my experiences as well. When I needed help there was just delays and I still haven't received any help in over 30 days. Despite two wonderful people trying to help me. Those individuals are Madison Huffman a Community Health Navigator through AmeriHealth, and Eric M. Corliss who works for the Bureau of Adult and Aging Services. They both are champions and two very hard-working individuals.

The unfortunate part is there was no help for me, an ALS patient despite my email which said I needed help yesterday.

US CONGRESS has passed bills specifically to address ALS, but NH has no idea what to do based on its grade of an F -one of the worst states.

PAUL KOCH

LOCHMERE, NH 03252

(12/16/2021)
(12/08/2021)

(05/25/2021)

Public Law
Passed Senate
Passed House
Introduced in House

[Bill summaries](#) are authored by [CRS](#).

Shown Here:

Public Law No: 117-79 (12/23/2021)

Accelerating Access to Critical Therapies for ALS Act

This bill establishes grant programs to address neurodegenerative diseases, such as amyotrophic lateral sclerosis (also known as ALS or Lou Gehrig's disease), and contains other related provisions.

The Department of Health and Human Services (HHS) shall award grants to eligible entities for scientific research utilizing data from expanded access to investigational ALS treatments for individuals who are not otherwise eligible for clinical trials.

The Food and Drug Administration (FDA) shall award grants to public and private entities to cover the costs of research and development of drugs that diagnose or treat ALS and other rare neurodegenerative diseases.

HHS shall also establish the Public-Private Partnership for Neurodegenerative Diseases between the National Institutes of Health, the FDA, and at least one eligible entity (generally, an institution of higher education or a nonprofit organization). The partnership shall support the development and regulatory review of drugs that address ALS and other rare neurodegenerative diseases.

The FDA shall publish on its website a five-year action plan for fostering the development of drugs that improve or extend the lives of people living with rare neurodegenerative diseases.

PAUL KOCH

LOCHMERE, NH 03252

603-293-5905

winnisandbar@aol.com

The Government Accountability Office must report to Congress about the grants provided under this bill, including an analysis of the impact of such grants on research and development of treatments for ALS.

AND THERE ARE:

Public laws related to amyotrophic lateral sclerosis (ALS) include the Accelerating Access to Critical Therapies for ALS Act (ACT for ALS) and the ALS Disability Insurance Access Act of 2019.

Accelerating Access to Critical Therapies for ALS Act

- Signed into law by President Biden in 2021 as Public Law 117-79
- Requires the Department of Health and Human Services (HHS) to establish a Public-Private Partnership for Rare Neurodegenerative Diseases
- Requires the FDA to develop a five-year action plan to encourage drug development for ALS
- Requires the FDA to award grants to public and private entities to research and develop treatments for ALS

ALS Disability Insurance Access Act of 2019

- Signed into law in 2020 as Public Law 116-250
- Eliminated the five-month waiting period for disability insurance benefits for people with ALS who applied on or after December 23, 2020

Other legislation related to ALS includes Justice for ALS Veterans Act of 2023, ALS Better Care Act, and The Bipartisan Healthy Brains Act.

But NH is in the dark as to ALS. They did nothing for me when I called your office for help.

Look at all the pictures of food dropped because my hands and arms can't lift virtually anything. I burnt my foot with hot soup and fell on another occasion. I should never have been abandoned by your office after I emailed the Ombudsman. It is not consistent with US Congress and can be construed as civil rights violations.

PAUL KOCH

[REDACTED]
LOCHMERE, NH 03252

603-293-5905

winnisandbar@aol.com

If NH can't treat ALS patients correct and fix the failing grade, maybe its time for you to retire. This has been abusing to me over the last 30 days. This needs to change immediately so other people don't experience what I did if they have ALS. My neurologist called visiting nurses as I have not been able to eat normally which is critical. The DHHS needs to have emergency help for ALS patients. It's that simple.

In addition, my SNAP benefits have been reduced to \$25.00. I thought completely disabled people were supposed to get the full amount?

On another note, a person in the Social Security office lied on my documents when she said I didn't want to apply for Disability. She should be terminated.

A car dealer in Hooksett has stolen \$10,000.00 from me. Elderly, completely disabled person. He is a criminal and should be arrested.

I have been dealing with public corruption for over 15 years. I have no tolerance for it as the CT SENATORS, and CT ATTORNEY GENERAL, AND CT CHIEF JUSTICES, and Federal Judges and CT State Judges engaged in RACKETEERING & RICO VIOLATIONS. I will be filing a complaint in Washington DC with supporting documents to have them all removed and subjected to investigation. I never take matters into my own hands.

I hope you will give this your immediate attention. Feel free to call me anytime.

All my best,

Paul Koch

From: Ladman, Brent (brent.p.ladman@dhhs.nh.gov)

To: winnisandbar@aol.com

Cc: OMBUDSMAN@dhhs.nh.gov

Date: Wednesday, January 29, 2025 at 02:10 PM EST

Mr. Koch,

This office replied to your inquiry on Friday, January 24, as follows:

Mr. Koch,

The Office of the Ombudsman to NH DHHS is in receipt of your email. Our office has audit access to Medicaid cases held by the Bureau of Family Assistance (BFA) regarding long-term care eligibility.

The long-term care financial eligibility folks are admittedly very busy and difficult to get ahold of. The records show that you have a standing medical approval for the Choices for Independence home and community-based care program. The hold-up you are facing is about the financial eligibility component for the CFI program. The financial eligibility folks need a list of verification materials from you to determine your eligibility for the program. On 9/23/24, a list of needed materials was sent as follows:

“***SECOND AND FINAL REQUEST*** Please provide the following verifications:

1. Review/sign the Eligibility Interview Summary, Statements of Understanding, form 800W & Form 770 our Recovery Policy.
2. History of Residence
3. Lookback: Please provide monthly bank statements from 8/13/19 to current /closing for all accounts in your name open/closed, owned by you individually or jointly during this time frame.
4. Non Medical Eval
5. Release of protected Health Info. Please leave the Name of Health Care Provider and/or Affiliates line blank
6. Proof of marital status - divorce certificate or decree
7. Proof Social Security has stopped
8. Proof of any utilities you are paying
9. Proof of medical expense with a medically necessary doctors note Thank you”

To date, the case file shows no verification materials have been received by BFA. As such, they are thus far unable to move forward with determining your eligibility for CFI. Short of the materials being received by the financial eligibility department, there is not another way to move forward in getting you more services via Medicaid with long-term care.

Do you have some one you can designate as your authorized representative or power of attorney to assist you in obtaining and providing the materials to BFA?

Brent Ladman, Associate Ombudsman
Office of the Ombudsman
NH Department of Health and Human Services

BRENT

So you never addressed me being on hold for 20 minutes and disconnected, Or, the full mailbox, as of today it was still full. That's no excuse for full mailboxes at the LTC. You never called me back!

The caseworker had all the forms filled out. She uploaded them all today. **It's really wrong to withhold help from those terminally ill with limited time who are in desperate need of help.** You've proven to be bureaucrat pushing papers, but getting nothing done. Maybe the DHHS is not the place for you. People who call DHHS, generally need help, not a Bureaucrat

And my email fell on def ears as of today, the mailbox was still full.

Mr. Koch,

This office replied to your inquiry on Friday, January 24, as follows:

Mr. Koch,

The Office of the Ombudsman to NH DHHS is in receipt of your email. Our office has audit access to Medicaid cases held by the Bureau of Family Assistance (BFA) regarding long-term care eligibility.

The long-term care financial eligibility folks are admittedly very busy and difficult to get ahold of. The records show that you have a standing medical approval for the Choices for Independence home and community-based care program. The hold-up you are facing is about the financial eligibility component for the CFI program. The financial eligibility folks need a list of verification materials from you to determine your eligibility for the program. On 9/23/24, a list of needed materials was sent as follows:

“***SECOND AND FINAL REQUEST*** Please provide the following verifications:

1. Review/sign the Eligibility Interview Summary, Statements of Understanding, form 800W & Form 770 our Recovery Policy.
2. History of Residence
3. Lookback: Please provide monthly bank statements from 8/13/19 to current /closing for all accounts in your name open/closed, owned by you individually or jointly during this time frame.
4. Non Medical Eval
5. Release of protected Health Info. Please leave the Name of Health Care Provider and/or Affiliates line blank
6. Proof of marital status - divorce certificate or decree
7. Proof Social Security has stopped
8. Proof of any utilities you are paying
9. Proof of medical expense with a medically necessary doctors note Thank you”

To date, the case file shows no verification materials have been received by BFA. As such, they are thus far unable to move forward with determining your eligibility for CFI. Short of the materials being received by the financial eligibility department, there is not another way to move forward in getting you more services via Medicaid with long-term care.

Do you have some one you can designate as your authorized representative or power of attorney to assist you in obtaining and providing the materials to BFA?

ALS PUBLIC POLICY STATE REPORT CARDS

STATE RANKINGS: **BEST** AND **WORST** PERFORMING STATES

Hi there! Welcome to ALS.org. Click here to chat with us.

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

The mission of The ALS Association is to make ALS a livable disease until we can cure it, and state public policy has a critical role to play. This report card offers a snapshot of where your state stands in that ongoing effort. Updated December 2024

POLICY AREA	DESCRIPTION	GRADE
Appropriations for ALS Care Services	Enacted budget includes new or continuing state appropriations dedicated to adequately supporting ALS care service programs and ALS clinics	F
Medigap Access & Affordability	Enacted legislation or regulatory policy ensuring access to affordable Medigap supplemental insurance plans for individuals under 65 living with ALS	D
Reforming Prior Authorization	Enacted legislation or regulatory policy that reduces delays, streamlines appeals, and increases transparency within the prior authorization process	B
Step Therapy	Enacted legislation or regulatory policy that eliminates step-therapy or fail-first requirements for people living with ALS	F
Copay Accumulators	Enacted legislation or regulatory policy that eliminates the use of copay accumulator adjustment programs	F

Extra Credit: N/A

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

ALS State Policy Priorities

Our mission is to make ALS livable until we can cure it. Here's how state public policy can help:

Appropriations for ALS Care Services: The ALS Association provides families living with ALS with always-free care services that aren't typically covered by insurance, up to the limit of our donor-funded budget. By partnering with the state via a dedicated appropriation, we can help more individuals living with ALS remain at home under family-based care, and avoid Medicaid enrollment.

Medigap Access and Affordability: Individuals living with ALS under the age of 65 should have the same access to affordable Medigap plans as those living with ALS over the age of 65. Medigap access and affordability laws passed in 17 states are working well for consumers and the insurance industry.

Reforming Prior Authorization: Burdensome prior authorization requirement can delay and effectively deny care for people living with ALS. Legislation focused on reducing delays, streamlining appeals, and increasing transparency would help.

Eliminating Step Therapy: Insurance policies requiring people living with ALS to waste their limited time and money by taking cheaper, less-effective drugs before they can be given their doctor-prescribed medicines does not work. Legislation banning those requirements would help.

Copay Accumulators: Copays should always count towards the deductible for people living with ALS. Legislation banning the use of copay accumulator adjustment programs would ensure that they do.

State Advocacy Report Cards

Advocating, Educating, Mobilizing

Our State Report Cards measure how effectively public policies are serving the ALS community in all 50 states and Washington, D.C. The Report Cards have three main goals:

1. Establish a baseline for where states are with regard to the top state policy priorities <<https://www.als.org/our-priorities/state-public-policy-priorities>> of the ALS Association.
2. Outline clear policy steps for all 50 states and Washington, D.C. to make ALS a livable disease for everyone, everywhere.
3. Provide ALS advocates and staff with high-quality collateral to use as a tool when engaging with policymakers at all levels of government.

Sent: Sunday, February 23, 2025 11:13 AM
To: Ayotte, Kelly
Subject: RE: Ms. Pam Gray's Personal Fundraiser Request for a Host. Reply - 2 weeks
Attachments: HOST'S INTRO.LETTER.WHEN EMAILING CONTACTS TO REQUEST A DONATION.9.9.2024.docx; Copy_of_PGFUNDRAISINGPLAN.11.6.2024 (1).pdf

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Hello Governor Kelly A. Ayotte, Governor of New Hampshire
c/o Executive Secretary

I decided to send this email for your review and reply if you are interested in being my host. I would do this myself, but I do not have qualified contacts who are willing to make one donation ranging from \$500 to \$10,000.00.

Only the person choosing to host my fundraiser is required to sign and use the host's introductory letter.

I am sending this email to your office to see if you are interested in being my host. I am sure you have qualified contacts to assist in my fundraising plan. I plan to move to NH by May 31, 2025. I currently live in NJ for a number of civil rights reasons.

The link is available here: <https://spot.fund/8s7wftsc>.

Here is the link: <https://vimeo.com/1049034605?share=copy>

It is a private request. There are two attachments in this email. I have updated my four-page fundraiser plan. It clarifies why I require a host as well as the advantages for the host.

For anyone interested in helping me raise \$150,000 by serving
As my host, here are the updated versions of the two attachments. Any prior emails I sent to your office should be ignored.

Note: The recipient of this email will find the two attachments adequate. I am not a liberal; I am conservative and fiscally responsible.

In 1998, Merrill Lynch cheated me out of 1.8 million dollars.

Over 20 years, my credit and wealth plans to reinvest the assets.

I am single, have no dependents, and will never share any part of my life. My credit, wealth, and personal health are significant areas of interest. I am a Republican.

Here are the contents of this email:

1. The host's invitation letter has been updated as of September 7, 2024. I want to raise at least \$150,000.00. I refuse to have my legal rights and quality of life violated like these rights have been.
2. The Host's letter to his/her contacts provides tax receipt instructions for the person donating my designated link: <https://spot.fund/8s7wftsc>.

If you are interested in being my host, please email me a couple of available times you have this month to go over the plan from 9:00 am to 9:00 pm EST M-Sunday.

The Zoom meeting should take 2–5 minutes. My request is private & personal to myself and the host. I am a money = time type. I respect your time.

If there is no reply via email in two weeks with/regard to a Zoom meeting time: I will conclude you have NO interest in my fundraising plan. No in-person meeting is necessary for this.

A brief explanation is in the link: <https://spot.fund/8s7wftsc>.

The percentage to the host will be based on the amount raised.

I plan on paying 20% of the net amount for the successful completion of my goals to the host. A bank wire will be used. Depending on the amount, a face-to-face meeting is also an option.

This is a fundraiser, not an event. Use only the letter of introduction to save time with the host contacts. I will notify the host every

day when donations are made to my link until the required minimum is reached.

Please forward this email to the appropriate person, whether that be the chairman, CEO, owner, producer, publicist, physician, philanthropist, or politician.

Regards,

Pamela Gray, M.S., C.A.S

Fundraiser for Ms. Pamela Gray, M.S.

Recipient Name

Title

Company

Address

City, ST ZIP Code

Dear Recipient Name: action step: host will type in the name of the person he/she is inviting.

You are being asked to make a one-time donation to Ms. Pamela Gray's designated link. Your donation will help her reach her financial goal of \$150,000.00 in the next 30 days and will assist her with financial and personal life objectives. Rebuilding her credit is a major objective.

Ms. Gray has selected me as the host to her fundraiser for her personal fundraising. If you have an interest in making a one-time donation, simply visit the above link within 2 days of getting this request. Optional, but requested: Text the mobile number indicated or send an email to the email provided the day it is made. You can click the field to be anonymous if you would like.

The minimum donation per person is set at \$1,500.00 to \$5,000.00 with the goal of reaching \$150,00.00 in one month. All donations are requested to be made using my link I set up on the Spotfund.com website. This is rated the number one website for individuals to raise funds for personal reasons.

My link is: <http://spot.fund/8s7wftsc>

Ms. Gray greatly appreciates and thanks you for your donation.

Sincerely,

The Host of Ms. Pamela Gray's On-line Fundraiser

**Ms. Gray's FUNDRAISING AGREEMENT FOR YOUR IMMEDIATE
REVIEW: Updated 11/2/2024**

The purpose of the Fundraiser for Pamela Gray is for raising money due to security fraud by Merrill Lynch of Vero Beach Florida that resulted in security fraud cover-up, no arbitration reward of damages, and a bankruptcy filed and dropping of a 720 Fico score to a 580 personal score and loss of her primary residence in Florida. The gofundme.com is where the donations should be made for Ms. Pamela Gray, to raise funds for her private and personal needs. The address is <http://spot.fund/8s7wftsc>

10% is what I will wire the Host from donations successfully made WITHIN 30 days to the above link. .
10% is the amount of money I will pay in US currency. This net amount refers to the amount of capital I am rightfully owed and entitled to. The IRS does not tax fundraisers that are for individuals.
Spotfund.com is the number 1 fundraiser in the USA.

The wiring of 10% would be made contingent upon \$150,000 being made through donations to the above link. 20% would be paid to the host facilitating deposits to the above link. This requires the host have contacts that can afford to make a \$2,500, 5,000.00 or 10,000.00 donation to reach in 2-4 weeks the goal of \$150,000.00 The deposits would be wired to my bank account which takes 2-3 business days.

Contingent upon verification of posting of this amount, a certified bank check for the 10% if \$150,000 was raised would be used to pay the Host. A bank wire is option 2 and a voided check would be required from a separate checking account in the Host's name set up just to specifically receive this deposit from a USA Bank I use.

If more than \$150,000.00 is raised by the host through his/her contacts using my Letter then 20% would be paid by myself to the host. A bank wire would be used if the host lives more than 60 miles away from where I live. The same process of payment would be used. An email or fax to the host would inform the host of the date of the wire and the confirmation of the wire time. Wires take 2-3 business days. (M-F).

Private methods of communication will be used. The method of contact would be confidential and private to Ms. Gray and the host. This includes a personal phone call or email verification of the wire.

The host would agree to follow the instructions. Details are part of the goal to arrange a successful personal fundraiser for Pamela Gray, a US citizen and private individual. If you have any specific questions, just email or call Ms.Gray on the specific mobile number she provides. If the host is a Public Figure, extra caution is to be used for mutual protection of both parties. Notarization of the host's signature on this document is required. There is no expiration of the notarized date below.

Notarized Signatures Section:

Print Name of Host: _____

Signature of Pamela Gray: Pamela Gray

Host's Signature: _____

Best Email address: pamgray4@aol.com

Email Address: _____

Second Best email address:

City, State zip: _____

munnsellgray@yahoo.com

Mobile Phone: _____

Mobile Phone: 551-243-0262

Required: Follow the instructions if interested. Text the above number, call between 10 am to 7pm EST and follow up with the best time to reach you by sending an email to my personal email. If you are not interested do not spam my two email. There will be consequences.

(e) What if the recipient of this letter is famous?

1. If well known, I can communicate all interests or contact instructions through the appropriate person that represents the individual, such as a publicist. Private communications and special protocol will be used.

2. Simple, the host has to have at least 50 to 75 successful contacts that would not have a conflict in getting sent the letter I wrote asking for a donation and a donation amount. Email is the method of communication from the host to his/her friends or business contacts. Discretion is the key to success. Private fax likeifax.com can also be used by the host as a contact method.

(a) WHAT TYPE OF PERSON IS THE Requester: Goal oriented private person from Fairfield County, Ct. US citizen by birth. I am a closed type. I have been on my own since age 18. "Money is Time and Time is Money." Success Minded. Credit and savings driven. Passion for my personal privacy, quality of life, health, legal rights, and making money with a strong ROI.

(b) WHAT IS THE PURPOSE OF THIS REQUEST TO THE Requester? IT IS MY LIFE. I AM LOOKING FOR A DEAL WITH A HOST WHO HAS NO BUSINESS OR PERSONAL CONFLICT OF INTEREST.

c) What is in it for the Host of my Fundraiser?: Percentage of return on donations and legal projects won.

(d) The IRS does not require personal donation websites to pay taxes on donations received. Each donor should check with their accountant before a specific donation amount is selected for his/her tax.

Requirements for the Host to Promote the FUNDRAISER FOR MS. GRAY: Goal RAISE \$150,000 in 30 days.

1. The minimum fundraising goal of \$150,000.00 is the minimum. 15 donations of \$10,000.00 each = \$150,000.00. 30 donations of \$5,000.00 = \$150,000.00,

2. The Host should know business owners, successful individuals that can be contacted by phone and personal email by the host and indicate a donation amount and date to be made. A quick follow-up text or email should be sent by the donor to the host when the donation is made. The introduction letter should be used by the host as the initial email with a same day follow-up phone call made. The host can also make a one-time donation. Electronic donations will be accepted through the designated website.

3. The host should believe in the private citizen's right to protect her own Civil Rights without sacrificing or suffering my own birth rights. I was born in the United States. The funds are raised for personal reasons ranging from relocation, legal, rebuilding credit to an 800 FICO SCORE and protection of my civil liberties as a private citizen born in the United States.

Regarding the Donation Method:

The donor's prepaid or credit card will provide the proof of receipt of the one-time donation made for the individual making the payment. This transaction will show the amount donated, date and time of the donation. The donation is billed electronically through the selected website provider.

Timeline on this Individual Fundraising Project Request: 30 Days

30-day Goal: Raise 150k – 200,000 through the following methods - A host with contacts that will use his or her emails and confirm the amount and date of donation via email or a fax.

Here is an example of what the U.S. law considers an "individual fundraiser."

EXAMPLE ONLY: These are laws that also pertain according to the IRS to the states in America. Fundraising for an individual(s) is not considered a "Charitable Fundraiser" since the public at large does not benefit according to the Attorney General's office.

Thus, fundraising for a specific person is not required by law to file registrations that are routinely imposed on a company considered to be a "Charitable Organization." Technically, doing an event that raises money or offering a private loan that benefits just one individual in the United States is not legally considered a "Charitable Activity."

The reason again must do with the number of beneficiaries that would be receiving the money raised, loaned or both. Again, the main reason must have to do with the receiver of the funds being just ONE person not a company, corporation or a 501C(3) foundation. Therefore, this event or activity does not legally require the host to do any legal registration.

Ms Sarah Stewart
Commissioner, DNCR
Commissioner, MSAC

Commissioner Stewart,

Please find attached a series of documents that are requesting a special meeting of the Mount Sunapee Advisory Commission to publicly discuss our concerns with the proposed parking lot, the existing septic lagoons and spray fields, and the collective concerns with watershed pollution.

The documents consist of:

- * a letter to you requesting a special meeting
- * a *Concerns Summary* identifying seven specific concerns
- * signed petitions of support by town selectboards and by local environmental groups

We appreciate your past support of the watershed and we look forward to hearing from you.

Sincerely,
Newbury Conservation Commission

Katheryn C Holmes, NCC Chair
Robert Stewart, Vice Chair
John Magee, Member

Alden Beauchemin, Member
David Rhodes, Member

Newbury Conservation Commission

Commissioner Stewart,

The Newbury Conservation Commission has requested a public meeting multiple times to review the proposed Mount Sunapee Resort parking lot expansion and existing wastewater and stormwater issues. We have not received a response from you and we have numerous concerns:

- The Wastewater Disposal System, lagoon and spray field are 50+ years old. The original design constraints (yearly capacity, design life, etc) are not available and likely do not meet today's standards. NCC has been told by state agency staff that such a system could never be permitted today as a new system.
- Seepage at the toe of the unlined lagoon dam has been documented in many locations. One location in particular has a significant leak, and water with extremely high levels of E. coli is flowing directly into Beck Brook (as documented by NHDES) and then into Lake Sunapee at the state beach.
- The close proximity of the parking lot to the wastewater spray fields and likely groundwater flow path is deeply concerning. the NCC feels there will be groundwater flow, with a significant black water component, from the spray fields towards the parking lot. Since the new parking lot will be in that flow path, the contaminated ground water will likely emerge as surface water and then flow into Beck Brook and then into Lake Sunapee.
- Mt Sunapee has never had a comprehensive stormwater management plan. The mountain also has recent stormwater issues including parking lot sand flushing into Beck Brook in multiple locations and stormwater damage to the recent floodplain improvement project.
- Please see the attached *DNCR-MSAC Concerns*

In discussion with other members of the Mount Sunapee Advisory Commission (MSAC), our local legislators, and other environmental groups, we are again asking for a special MSAC meeting to discuss our collective concerns and possible solutions. This meeting needs to occur before any disturbance occurs in the proposed location of the parking lot.

Sincerely,

Katheryn C. Holmes, Chair
Newbury Conservation Commission

Request to DNCR Regarding a MSAC Special Meeting to Address Concerns with Wastewater and Stormwater at MSR

Problem Statement: The Mount Sunapee Lagoons and Spray Fields are polluting surface and groundwater that flow into Beck Brook, which feeds into Chandler Brook and ultimately Lake Sunapee—a vital drinking water source and recreation hub. Pollution in Lake Sunapee could have catastrophic impacts.

The DNCR has ignored multiple public hearing requests from NCC. This petition, backed by MSAC members and others, renews the call for a public hearing to address concerns and explore solutions.

Mount Sunapee Resort (MSR) - Current Design

Key Points:

- Waste Water Treatment Facility (WWTF) system installed in the early 1970s, based on 1960s designs.
- Wastewater from all buildings flows to septic tanks beneath parking lots.
- In septic tanks, liquids separate from solids, with solids pumped off-site.
- Liquids are pumped from septic tanks to lagoons, where suspended solids settle.
- Liquids are then pumped to open spray fields.
- Liquids drain from spray fields through vegetation into groundwater

#1 Concern / Surface Water Flow to the South

The Spray Field system disposes of Septic Lagoon wastewater (black water containing fecal matter and urine) via seasonal spraying. The design assumes 100% of sprayed liquid is absorbed by surface vegetation and filters through surface and sub-surface soils to become groundwater. DES regulations prohibit spraying into wetlands and prevent surface water flow from spray fields.

However, seasonal surface flow from the fields moves directly toward the access road, and wastewater has been sprayed directly into wetlands for 30+ years despite NHDES staff stating repeatedly over that time period that this is not allowed

#2 Concern / Groundwater Flow

Groundwater from the Spray Fields is currently filtered by surface and subsurface soils. The proposed parking lot would remove much of this filtration layer, significantly reducing groundwater purification before it emerges as surface water.

Current Flow Path

Proposed Flow Path

#3 Concern / Surface Water Flow to the East

Surface water and groundwater flows from the Spray Fields and then towards the Septic Lagoon. A berm was built 25+ years ago directly adjacent to the Lagoon Access Road that diverts this surface water towards Beck Brook. The berm was an attempt by DES to reduce rain and snowmelt from directly flowing into the Lagoon.

Currently the surface water and groundwater (from spray fields, rain, and snowmelt) flow downhill and are diverted along side the berm and directly into Beck Brook. This water has never been sampled and may contain contaminants from the wastewater spray.

#4 Concern / Lagoon Seepage

Seasonal seepage points at the toe of the Lagoon Dam allow water and contaminants to flow directly into Beck Brook. This water appears to come from the wastewater lagoon and often has an unnatural smell and sheen.

Iridescent seepage from toe of Lagoon dam - Oct 2023

Black leachate plume leaking from rip-rap with distinct septic smell flowing directly into Beck Brook - Feb 2024

#5 Concern / Age of the WWTF

Designed in the 1960s and built in the early 1970s, the Septic Lagoon and Spray Fields are over 50 years old with signs of infrastructure degradation. The soil profile is unknown, raising concerns about contaminant saturation.

Comments from Hoyle Tanner (engineer of record) report to MSR in July 2023

- The Mount Sunapee Report Lagoon Facility has been in operation for approximately 50 years since it was constructed in the late 1960's. Wastewater treatment facilities are typically designed with a 20-year service life.*
- A complete facility basis of design was not available for review prior to the site visit. Facility Construction Record Drawings were not available for review.*
- most of the spray irrigation building site, process, mechanical, electrical and control system infrastructure components were original to the early 1970's construction with over 45 years of service. It is anticipated that most or all these components have exceeded their expected reliable service life.*

Comments from the NCC:

- The contamination levels of the Septic Lagoons and Spray Fields are unknown. Over time soils can become saturated and their ability to filter contaminants becomes less effective.*
- DNCR does not have an end-of-life plan for the Wastewater Treatment Facility (WWTF).*
- If a new Wastewater Treatment Facility is required it may require a new level area. The proposed parking lot is being built on the only (somewhat) level spot within the park*
- The current design could never be permitted as a new system today as the construction techniques no longer meet code.*
- Municipal wastewater projects, private commercial's projects, and large residential projects are subject to more current standards and more effective treatments than this facility*

#6 Concern / Stormwater Management

Mount Sunapee Park lacks a comprehensive Stormwater Management Plan. Existing parking lots contribute to sand and salt runoff into Beck Brook, causing infill at the Lake Sunapee boat launch.

Parking Lot 2 / the sediment travels 50' and then feeds into Beck Brook - May 2024

Parking Lot 3 / Shows sediment that goes directly into Beck Brook - May 2024

DES documents from the 1980s to early 2000s highlight long-standing concerns about aging lagoon and spray field infrastructure, which remain unresolved.

- 1988, NHDES knew spray area C was overloaded at the then application rates (note that skier visits have increased dramatically since then) and that there was apparent stream impacts and recommendation that leakage be assessed.
- 1989, NHDES knew they were spraying directly into a wetland (but it's not clear if NHDES was aware that the wetland in questions flows directly into Beck Brook).
- 1999: NHDES staff state that exfiltration from the lagoons via groundwaters is THE issue at the site. Apparently, no follow up of this has ever been done by NHDES or DNCR.
- 1999: NHDES staff do not want surface water from the spray fields to be diverted into other waterbodies (Beck Brook in this case), but the trench on
- the south side of the lagoons makes that surface (and ground) water flow directly into Beck Brook.
- 2005: a thorough site visit by NHDES staff does not find the seepage or the actual surface water flow at the toe of slope of the lagoon dam.
- 2024: NHDES staff test Beck Brook immediately downstream of the surface water flow (leak) of the lagoon dam and find 12,033 E. coli counts / 100ml; the standard for swimming beaches is <88 E. coli counts / 100ml. Two weeks later, the state beach was closed for several days due to E. coli contamination. For unknown reasons, NHDES did not sample between the lagoons and the state beach.
- 2024: NHDES provide a groundwater permit for the system and also a wetlands permit for proposed parking lot 4 despite the mountain of evidence and concern from NHDES staff for over 35 years. Still, nearly zero assessment of the proposed parking lot 4 area has ever been done. The available data strongly suggests serious issues with groundwater contamination and possibly also surface water runoff from the site and into Beck Brook and Lake Sunapee.

West of Trow Hill Road (Route 11). Paving will then continue from NH Route 11 easterly for 0.4 miles to a pavement join at the westerly intersection of Depot Road; this includes both legs of the NH Route 11 and Route 103 intersection. The State will be responsible for the management of the highways during this resurfacing project.

Perkins Pond Grant Update – Watershed Survey Results

The Perkins Pond Watershed Management Study presents survey results that estimate pollutant load reductions and provide high-level cost estimates for implementing recommendations at 14 high-pollution sites, including roads, culverts, and drainage channels. Key road maintenance recommendations include maintaining an adequate gravel surface on roads, filling potholes, clearing debris from culverts, applying dust suppressants such as calcium chloride or magnesium chloride on gravel roads when needed, and removing excess salt or sand before spring. The memo includes a table and maps detailing the 14 identified sites, each labeled with an impact score (low, medium, or high) based on field observations and pollutant loading estimates.

Newbury Conservation Commission – Petition to Mount Sunapee Advisory Commission

NHDES has just reduced the Mount Sunapee lagoons from a significant hazard to a low hazard. From a state perspective, it may be safe to surmise that the State will not force Mount Sunapee to do anything.

John McGee of the Newbury Conservation Commission clarified NHDES changed their categorization of the dam hazard, noting this is a structural analysis. The petition to the Mount Sunapee Advisory Commission is a request to hold a public hearing on the matter. He added that in spite of the hazard level, the dam is leaking in multiple places, which endangers the water quality of Lake Sunapee. Lynn Arnold clarified the NHDES requirements for judging hazard levels.

MOTION to sign the petition presented by the Newbury Conservation Commission to the Mount Sunapee Advisory Commission made by Vice Chair Gottling, seconded by Selectboard Member Hathorn. Motion carried 4-0-1, with Selectboard Member Gallup abstaining.

Safe Streets and Roads for All Action Plan

In partnership with the Sullivan County Commissioners Office, the Town of Sunapee will be developing a Safe Streets and Roads for All Action Plan. This effort is funded through a \$320k grant by the US Department of Transportation (USDOT) through the Federal Highway Administration's SS4A FY2023 grant program and supports the National Roadway Safety Strategy. This project will include data gathering and analysis of the Town's roadways to develop an action plan based on the "Safe System Approach" to reduce roadway fatalities and serious injuries in the Town. The work will be performed by a transportation planning and engineering firm, with input from town staff and residents. The project is expected to begin this spring.

Subject: Request for Mt Sunapee Advisory Board Meeting focusing on Vail Septage Lagoons

To: Stewart, Sarah <Sarah.L.Stewart@dnrc.nh.gov>, Robert.R.Scott@des.nh.gov <Robert.R.Scott@des.nh.gov>

Cc: Kim Hallquist <TownAdmin@newlondon.nh.gov>, Daniel Wolf <dan@hodan.com>, Elizabeth Harper <elizabeth@lakesunapee.org>, Katheryn Holmes <newburyconservationcommission@gmail.com>, Pam Bryk <Pam@newburynh.org>, Gregory Sargent <Gregory.Sargent@gc.nh.gov>

Dear Commissioners Stewart and Scott,

As you know, many residents of the Lake Sunapee watershed towns are very concerned about the aging, heavily used septage lagoons at Mt Sunapee. Area boards of selectmen have discussed the issue recently with members of the Newbury Conservation Commission and the Executive Director of the Lake Sunapee Protective Association, most recently in New London last night. Reports of those selectboard discussions have been included in our local newspaper.

While perhaps a remote possibility, a complete failure of those lagoons would be utterly catastrophic to the watershed, but of major concern are issues with on-going leakage, spraying into wetlands and contamination of Beck Brook. The focus of many is human septage, but as we all know too well, liquid waste coming from facilities such as Mt Sunapee can include many forms of contamination, not the least of which is PFAS from cleaning products and other chemicals of concerning levels of toxicity.

The 2024-2025 DNCR-operating [plan](#) included the DES-approved Groundwater Discharge Permit (GWD) (attached). That February 1, 2024 GWD -- Section 18, provides as follows:

“18. Within one year of the date of this this permit, the permittee shall provide the department the following, related to the operations and maintenance the wastewater facility:

1. An Operations and Maintenance Plan for the facility in accordance with Env-Wq 718.05(b). This guidance document has more information on this requirement.
2. A plan to replace and/or upgrade infrastructure as identified in item 10 of HoyleTanner's July 20, 2023 letter (attached) entitled “Review of Mount Sunapee Resort Wastewater Treatment System” that was included as part of the groundwater discharge permitrenewal application. The improvement plan shall include a timeline to replace the site's infrastructure that is beyond its service life, including but not limited to, thelagoon cast-in place concrete flow control structures, elevated bridge deck, and spray irrigation pump building.
3. An assessment of the approximate sludge volume (in cubic feet or tons) currently inthe lagoons and, if needed, a plan to remove the sludge.”

That Improvement Plan has now been issued (see attached). Upon review of the Plan, many in the Lake Sunapee watershed area remain very concerned with the viability and efficacy of Mt Sunapee's wastewater treatment system and would like the opportunity to hear both from DNCR and DES about this issue, especially DES since it must review and approve any plan. For that reason, it seems timely and appropriate for Commissioner Stewart to call an Advisory Board meeting specifically on this issue with in the next month to six weeks to allow for full discussion with DES and DNCR representatives. I hope you agree.

Thank you very much in advance for your consideration of this request. It is great importance to my constituents and many others. I look forward to hearing from you.

Best regards,
Karen

Phone (603) 788-5598 – Fax (603) 788-2437

Keith L. Roberge
High Sheriff

The Honorable Kelly Ayotte
Office of the Governor, State House
107 North Main Street,
Concord, NH 03301

February 21, 2025

Governor Ayotte,

I am writing on behalf of the Coos County Delegation to respectfully request the loan of specific equipment to the Coos County Sheriff's Office from the State of New Hampshire. This equipment will assist in their efforts to combat drug-related crimes in our community. As you know, the battle against substance abuse and drug trafficking requires not only skilled personnel but also reliable and specialized equipment to help them achieve their mission. Currently, Coos County has relied on the New Hampshire Attorney General's Drug Task Force (NHAGDTF) for its specialized drug enforcement in the county.

With the upcoming closure of the NHAGDTF a void has been created in effective drug enforcement in Coos County. Coos County is in dire need of equipment that could be provided by the State of New Hampshire through equipment already owned by the NHAGDTF.

We are seeking the loan of the following items:

1. 2-3 undercover vehicles
2. Police vehicle radios and portables
3. Computers
4. TruNarc Drug Identification systems
5. Tactical Vests and helmets
6. Police Patrol Rifles
7. Audio Surveillance Devices

These items will significantly enhance the capabilities of the Coos County Sheriff's Office and allow it to conduct operations more effectively, ensuring that we can protect public safety and

address the growing challenges posed by drug-related crimes in our jurisdiction. This equipment would be utilized in conjunction with the funding you announced in your proposed budget.

The Coos County Sheriff's Office is committed to properly maintaining and utilizing the equipment during the loan period and will follow all necessary guidelines and protocols as outlined by your office. Additionally, we are open to discussing the terms of the loan, including the duration and any reporting or oversight requirements.

As you are aware, Coos County has limited resources for police personnel. The reimbursement of overtime is not the solution to the drug problem in Coos County due to lack of specifically trained personnel and shortages in personnel at departments.

However, we are fortunate to have retired full-time police officers who are currently working part-time combatting the drug problem. These investigators have decades of experience in these complex drug investigations. It is imperative to the mission in Coos County that any new funding be allowed to fund positions like these investigators. We respectfully request any funding be allowed to also fund operational costs of operating a drug unit in Coos County to include purchase of equipment and purchase of evidence during investigations.

We greatly appreciate your consideration of this request and are available to provide any further information or clarification as needed. We look forward to meeting with you to discuss the future of drug enforcement in Coos County. Thank you for your continued support in the fight against drug-related crime in our state.

Respectfully Submitted,

The Honorable Arnold Davis

Chairman Coos County Delegation

The Honorable Tom Brady

Chairman Coos County Commission

County Administrator Mark Brady

High Sheriff Keith Roberge

Dartmouth Health adds 37 new providers from various disciplines across health system

Lebanon, NH - Dartmouth Health announces the addition of 37 new providers at various hospitals and clinics around the system. These providers span 22 healthcare disciplines and practices across nine Dartmouth Health locations. Some new providers will see patients at multiple Dartmouth Health facilities.

###

[Dartmouth Health](#), New Hampshire's only academic health system and the state's largest private employer, serves patients across northern New England. Dartmouth Health provides access to more than 2,000 providers in almost every area of medicine, delivering care at its flagship hospital, Dartmouth Hitchcock Medical Center (DHMC) in Lebanon, NH, as well as across its wide network of hospitals, clinics and care facilities. DHMC is consistently named the #1 hospital in New Hampshire by U.S. News & World Report, and is recognized for high performance in numerous clinical specialties and procedures. Dartmouth Health includes Dartmouth Cancer Center, one of only 57 National Cancer Institute-designated Comprehensive Cancer Centers in the nation, and the only such center in northern New

England; Dartmouth Health Children's, which includes the state's only children's hospital and multiple locations around the region; member hospitals in Lebanon, Keene, Claremont and New London, NH, and Windsor and Bennington, VT; Visiting Nurse and Hospice for Vermont and New Hampshire; and more than 30 clinics that provide ambulatory and specialty services across New Hampshire and Vermont. Through its historical partnership with Dartmouth and the Geisel School of Medicine, Dartmouth Health trains nearly 400 medical residents and fellows annually, and performs cutting-edge research and clinical trials recognized across the globe with Geisel and the White River Junction VA Medical Center in White River Junction, VT. Dartmouth Health and its more than 15,000 employees are deeply committed to serving the healthcare needs of everyone in our communities, and to providing each of our patients with exceptional, personal care.

Concord, NH 03301
attorneygeneral@doj.nh.gov

Dear General Formella,

As you know our staffs have been working closely these last many months to monitor the claims fund balance to fulfill our statutory obligations. Under the claims statute I am expressly tasked, as administrator, with monitoring the fund balance and ensuring that there are sufficient funds available to pay out claims not to exceed \$75 million in any fiscal year. 21-M:11-a, XII(a). According to the statute, if I have reason to believe that in any fiscal year claim payouts may exceed the statutory limit of \$75 million and therefore a shortfall is likely to occur, I am instructed, after consultation with you, to recommend to the legislature that they make an additional appropriation. 21-M:11-a, XII (a), XIII. Whether they do or not is their call.

At the beginning of FY 2025 the legislature appropriated \$60 million for the dedicated claims fund. SB 591-FN-A-Final Version, 92:3. To my knowledge, no additional appropriation has been made to bring the fund to \$75 million. I have no knowledge whether the legislature will appropriate additional funds this fiscal year. As you know, the statute declares that all payments authorized by me are contingent upon the legislature appropriating sufficient funds to pay them. 21-M:11-a, XII (c). At this point, I do not believe my obligation has been triggered to advise the legislature that approved payouts will likely exceed \$75 million this fiscal year, nor do I yet know whether they likely will.

However, I am concerned that payouts may exceed \$60 million in FY 2025. It is my understanding that you feel confident they will not, and while I hope you are correct, I have reasonable concerns based on the fund's current balance and projections that approved payouts for verified claims may exceed \$60 million. Attachment A to this letter provides data-based grounding for my concern. Because the statute gives me express authority to approve payouts up to \$75 million in claims in any fiscal year, I believe I am required to fulfill that obligation for verified claims in the normal course of administrative claim resolutions. However, if the legislature does not fund the full statutory amount, I would be issuing decisions or approving payments for settlements negotiated by your office with no legislative appropriation to pay them. It is unclear whether I have the authority to do that, and I would appreciate guidance in relation to the statutory cap of \$75 million.

It would be very helpful to know in the near-term whether any additional appropriation will be made for FY 2025 so that I can manage the administrative process for the balance of this fiscal year. Any current information you have on this status would be most helpful to know. Also, any guidance you have on managing the administrative claims process in the event the \$75 million is not fully funded is most welcome.

If I am instructed by your office not to approve payouts over \$60 million this fiscal year, I will of course abide by your directive.

I fully respect your charge over the fund. 21-M:11-a, II. Unfortunately, if there is a \$60 million fixed cap for this fiscal year, then once it is reached (if it is) the claims process may have no choice but to cease issuing final award resolutions until there are additional appropriations for the fund in FY 2026. That circumstance, in my judgment, would be very regrettable given all the progress that has been made since 2023, including revamping the process after significant amendments were made to the fund statute in 2024. Much of that progress, of course, is due to your leadership and legislative leadership, as well. Any funding less than the full \$75 million commitment by statute could be seen as running counter to the reasonable expectations of claimants and their counsel who worked in good faith with your office on the statutory amendments.

Given my justified concerns that approved payouts this fiscal year may exceed \$60 million, I feel an obligation as administrator to provide executive and legislative leadership with a respectful "heads-up." I am sending copies of this letter to the Governor, the House Speaker, the Senate President and the Chairman of the Joint Fiscal Committee.

Best regards,

John T. Broderick, Jr.
Administrator

Attachment A

This Attachment provides data on current Fiscal Year expenditures, estimated projections for expenditures for the remainder of this Fiscal Year, and historical data on resolved Claims. Claims activity is ongoing and estimated projections may vary based on continued activity and differing abuse claim amounts ultimately resolved under the process.

- **Table 1 – Committed Funds for Resolved Claims.** This table updates the FY Impact Table in the 2024 Quarter 4 Report for resolved claims and provides a projection based on estimated weekly award amounts of fully resolved claims with disposition dates.
- **Table 2 – Resolved Claims and Projected Payments.** This table provides a projection based on estimated weekly approved award amounts with additional claims likely reaching final resolution. The additional claims activity includes anticipated expenditures within FY 2025. Projections of expenditures also include consideration of Claims that are in advanced procedural stages, to include:
 - Approximately 25 Claims are currently in the evaluation stage with the Claims Administrator.
 - Approximately 55 hearings on Claims are scheduled through April, any or all of which could therefore reach final resolution by June 30, 2025.
- **Total Resolved Claims** – This section includes relevant data from YDCCA’s most recent Quarterly Report, for reference.

Any forecasts herein give informed, data-based estimates and, by the very nature of projections, cannot be finite or guaranteed. Projection analysis is further complicated in the YDC Settlement Fund environment. Each claim of abuse is unique in terms of type, frequency, and severity of sexual and/or other abuse that is verified, evaluated, and resolved. There is no ‘average’ Claim award or payout term for those claims that resolve with an award.

Dear Governor Ayotte,

I am writing today to express my concern on your silence on what the current administration in Washington is trying to do to crucial grants and funding that New Hampshire relies on. And cuts being threatened to Medicare and Medicaid as well as social security.

What steps have you taken to protect us from unnecessary cuts to programs that aid the needy and disabled in our state? I will be honest I did not vote for you because I knew you would not stand up to Trump. Here is your chance to prove me wrong. Stand up. Speak out. And remember he will come for us too, and he's never on a woman's side.... If he presses unjust laws onto us will you work to protect us or allow the suppression to continue? You said you wanted to protect New Hampshire well, get to it then because all I see is compliance to a dictator who wants to be king. It's embarrassing that NH one of the first 13 colonies has a MAGA supporter running it. It leaves me wishing I had the means to move to a different state because I fear you will just hand us over to his evil and unjust plans. New Englanders know better than anyone that we have NO king. I just wish we had a Governor who knew how to stand up and say she rejects what Trump wants and will put her people first. So will you fight for us and speak up? Join the lawsuit against Trump? Or will you continue to stand by and watch him continue to break our constitution constantly? That doesn't sound like a New England woman to me. We always stand our ground, we always hold the line. Will you be for the people? Or will you be for MAGA? I was born and raised in NH and she is my heart but am very disappointed in her leader right now. Your silence speaks volumes.

I urge you to consider speaking out against Trump and his cabinet. Prove you've got the backbone to protect us when things get real. Be a real New Englander and reject fascism, reject all kings and anyone threatening our democracy.

I pray you do the right thing.

Respectfully, Heather M Lapointe of Winchester NH.

Governor Kelly Ayotte

Office of the Governor

State House

107 North Main Street

Concord, NH 03301

Please do not reappoint the education commissioner who has done more to add massive taxes to all of us in Swanzey. Please do not reappoint a person who knows nothing about education and is single handedly destroying our public educational system. We need someone who cares. We need someone whose commitment to supporting and strengthening public schools.

We need help and he is certainly not the person to offer it.

These are just a few ideas, but put it in your own words so it doesn't sound like cookie cutter messaging. Or perhaps you have different thoughts and ideas. Whatever you can do to support our public schools and teachers, in turn supports the students.

Edelblut's term **expires March 23**. Please find someone better for the job.

Thank you.

Dear Governor Ayotte,

I recently read with some disappointment about the passing of HB 60. This bill does nothing for tenants rights. It only empowers the housing providers, many of which are large corporations that buy up apartment complexes raising the rent. That then sets the precedent for neighboring complexes to do the same.

I am a renter in Dover NH. My lease contains several pages of how a housing provider may evict. We certainly don't need a no fault eviction law. Many of my fellow tenants as well as myself have seen rent increased by more than seventy five percent in the past two years.

With Dover property taxes increasing this will be passed on to the tenants. Many of whom are at or near the edge of affordability. Will this in fact lead to more homelessness? Buying a home is out of reach for many NH residents.

In your campaign you promised to address the housing crisis. Now is the time for that. I love NH and don't want to be priced of the state.

Sincerely, Marshall Perry

It is quite apparent that Edelbut shares a lot of the qualities that Trump's new appointees have. They are all unqualified for their positions. Edelbut's job was to privatize education so that public education and democracy itself are no longer in existence. Fascism underlies the whole process. My father fought the Nazis in WWII and now I have to find them right here in the U.S. but my weapon is nonviolence. We need a commissioner of education who understands public education and who supports its existence. Edelbut is an embarrassment to New Hampshire. Please replace him with a competent person with public school expertise and experience. We have had some excellent commissioners in the past. Let's find another one.

Governor Ayotte:

Diverting taxpayer dollars to fund private schools through vouchers and homeschooling is an irresponsible use of tax-payer dollars. Given the current education funding crisis and the impacts on property taxes, we need leadership to bolster our existing public schools and not pass on additional tax burdens for bloated, ineffective policies lacking fiscal responsibility and oversight.

Voters are paying attention to their property tax increases. Voting for Edelblut and his continued reckless spending of taxpayer dollars will be attributed to your appointment of him.

Edelblut's policies champion wasteful taxpayer dollars and weaken the schools central to towns all over our state. When schools close, communities die. Please support our communities, stop the increase of property taxes, and reject the appointment of the reckless spender of taxpayer dollars, Frank Edelblut.

Sincerely,

Kimberly Rawson
Waterville Valley, New Hampshire

Dear Governor Ayotte and Members of the Executive Council;

I implore you to find someone else for this job. He is a polarizing figure, and has been extremely ineffective in improving our public schools.

Frank Edelblut does NOT support public education. During his tenure, he has not acted in the best interests of the children in our public school system. His ideas about what constitutes an adequate education are NOT what I want for the children of New Hampshire.

Furthermore, as a homeowner, I am very worried about the effect that this could have on real estate values in our state. Property values are highly correlated with the quality of schools in any area, and I've invested too much in my home and community to watch them drop due to his ineptitude.

Thanks for your consideration.

Sincerely,
Cathy Lanigan

Dear Governor Ayotte,

Upon completing his term as Education Commissioner I hope you will consider a level headed and experienced person to serve as the new Commissioner..Frank Edlebut has been a divisive figure and we deserve someone who can work to promote quality education across the State.

With the unprecedented and seemingly rash disorganization coming out of Washington, NH needs someone who supports the vital and necessary Public School System, and who also can appreciate the many good Charter Schools but does not plan on using public money to do so!! A voucher system will seriously undermine the quality and integrity of Public Schools further widening the gap between education in wealthy versus poor school districts, particularly in our State where there is no income tax to support this institution. A different way to support Charter Schools could certainly be created!

I say this as someone who has worked in Public, Charter and small private schools. If we do not strengthen and support Public Schools in our State (and throughout our Country) I believe it will have devastating effects.

Please do not re-appoint Frank Edlebut to his current post.

Thank you,

Carol Knutson

Dear Governor Ayotte,

Please find a new, more qualified Education Commissioner, who will work with you to strengthen public schools and put more attention to the 10%+ NH students who live at or below the poverty level. Privatizing public school does not improve education outcomes. Students are not commodities but future citizens who deserve the best education we can give. NH does not need to follow the national playbook working to privatize public schools.

Please read the following study, which shows when it takes money out of underfunded public school systems, school choice can make things worse for a lot more children than it benefits.

Dear Governor Ayotte

I cannot think of a Commissioner who has done more harm in the state than Commissioner Edelblut. Without shame he supports policies that dismantle public education and discriminate against freedom of expression. Our state needs to find a solution to the education funding problem as well as have a Commissioner who believes in education that extends beyond math, science, social studies, and language arts. Ultimately, we need a Commissioner who supports working across the aisle to improve our public education system so that all children receive the fresh start and education they deserve.

Governor Ayotte,

You suggested a desire to overcome excessive partisanship in your inaugural address.

I hope you can demonstrate that in the appointment of the next education commissioner.

I'm not familiar with who might be a good candidate, but I do know one who has done more to divide New Hampshire residents with his approach to private education, rather than public education.

And public education is what the majority of New Hampshire voters care about and want support for. And pay for. And don't want to see their taxes go up because their public schools are getting undermined.

I think you enjoyed a well-rounded education that brought out the best in you. It was more than just math, science, social studies and language arts. You honed that with the humanities and creative arts.

And you lived in a community that wasn't only complaining about the schools but worked to make those schools the best they could be with support and encouragement.

I hope that you can find a candidate who is not like our current education commissioner.

New Hampshire deserves this. It is part of the New Hampshire Tradition. It is written into the constitution you swore to uphold, "all government of right originates from the people, is founded in consent, and instituted for the general good."

Respectfully,

Leonard Campbell

Dear Governor Ayotte,

Please consider replacing Commissioner Edelblut with a new and highly qualified Commissioner of Education who will be an advocate for public school students and families. NH does not need to follow the national playbook to privatize public schools. Our students are not commodities but future citizens of our state that deserve the best education we can afford.

The current commissioner makes it harder to educate the 10+ % of NH students who live at or below the poverty level.

You are surely reading how towns and property tax payers are struggling and need proper state leadership.

Perhaps you have read this study, which points out:
when it takes money out of underfunded public school systems, school choice can make things worse for a lot more children than it benefits.

Thank you,

Dear Governor Ayotte,

As a school teacher in Manchester and taxpayer in Concord, I urge you not to reappoint Commissioner Edelblut this March.

His tenure has been divisive and polarizing, which is bad for NH. There is strength in working together to solve problems and as a purple state, NH has historically been pretty good at that. I like living in a neighborhood which includes people of all types of political backgrounds and ideas and I want it to stay that way.

We need a commissioner who is publicly well liked and trusted in the education community. Please consider appointing someone who is less divisive than Edelblut.

Thank you for all you do to support strong schools in NH and for your time and consideration!

Bethany Clarke

Good Evening Executive Council and Governor Ayotte,
I met with Counselor Liot-Hill tonight. I addressed my concerns with reducing cuts in the Medicaid Program. I am really concerned about the Medicaid matter that is in front of the NH House of Representatives and NH Senate. I really need Medicaid Benefits for my services through Community Choices for my DSP Staff and my case management through Community Partners. I am unable to pay premiums for my medical benefits if the Medicaid program funds are scaled back. I urge you to vote no on this issue. I urge the same for the New Hampshire House of Representatives and New Hampshire senate as well. I look forward to your response.

Respectfully,
John Barksdale

To the Honorable Governor Ayotte:

To attract and retain young families to The Granite State, we must have strong, vibrant public community schools for the 85% of New Hampshire students enrolled in public education, as well as school choice options for the 15% of students who have decided that an alternative education choice is what fits their needs.

In his tenure, Commissioner of Education Frank Edelblut has been divisive, polarizing, and missing the mark in supporting teachers.

We need a commissioner of education with actual education experience, who understands the foundational skills and diverse and robust educational competencies necessary to prepare students for success in a global economy.

There is an opportunity now to choose a Commissioner of Education with a new and refreshed vision for New Hampshire's education system, someone who is not perceived as undermining our public schools.

Thank you for considering a new Commissioner of Education - an educator who can support our public schools back to the top in preparing students for a future of unknowns - we don't fully know what jobs will exist 20 years from now in this fast paced information era, but we know the skills needed to be adaptable, discerning, informed learners ready to take on the future.

Sincerely,
Karin Cevasco

I am appreciative that the current Commissioner of Education actually took some time to meet with me, but I feel I must ask you to not reappoint him. He is not good for NH and the Mission of the Commission.

It has been my experience personally (and that of others from what I see) that he does not support public education and the community development that public education provides.

He has been divisive amongst NH residents-we have enough division already; we do not need more around such an important topic.

I am sure there are many qualified and knowledgeable people in the Department or elsewhere who have backgrounds in public education-something Commissioner Edelblut does not possess.

Thank you for your consideration,

Dear Governor,

Please do not reappoint Frank Edelbut as Commissioner of Education. He had no appropriate experience when first nominated. He has worked ruthlessly to disembowel Public K -12 Education. He has attacked teachers and clearly does not understand that he is damaging the future of New Hampshire students by underestimating the importance of the arts in access to universities and to the ability of children to study.

Yours,

Bryan Field

Governor Ayotte; please appoint a new Commissioner of Education, when Mr. Edelblut's term expires next month. NH needs a Commissioner who values public education, and will provide leadership based on that. Public education is the bedrock of democracy. We need a well-educated and informed citizenry to protect representative government and to excel as a State and a nation, including economically. Mr. Edelblut has undercut and devalued public education at every opportunity. Please honor your campaign promise to govern in a bipartisan fashion; Commissioner Edelblut has been extremely partisan during his tenure and does not deserve another term under your governorship.

Dear Governor Ayotte,

As a grandmother of children in public schools in New Hampshire, and as a citizen who is worried for the future of our great state, I am writing to urge you to appoint a Commissioner of Education who actually believes in and has experience in public education and will advocate for high standards for our schools. If our public education system does not receive the support it deserves, New Hampshire will fall behind. Young people will continue to flee the state if they cannot rely on the state to assist their towns in providing an excellent education for their children.

A lack of state support for our public schools only puts more pressure on local property taxes which will soon become unsustainable.

Frank Edelblut is not the right person to lead in our endeavor to educate future generations of Granite Staters and I urge you not to reappoint him as Commissioner of Education. Please appoint as Commissioner a person who will work to unite us, not divide us as Frank Edeleblut has done, and who will be an effective advocate for our schools and for our future.

Sincerely,
Mary Lincoln

Dear Governor Ayotte,

As a New Hampshire parent and an active member of a school in my region, I am asking you, please do NOT reappoint Frank Edelblut as Education Commissioner. Mr. Edelblut has been a divisive commissioner ever since he was appointed in 2017, and not only because of his support of school vouchers, which would only further weaken the public school system. Mr. Edelblut leans toward book banning in the name of conservative “parental rights” – a dangerous push that is starting to take hold in many states around this country. Mr. Edelblut has challenged superintendents and individual educators rather than support them, and he’s repeatedly directed the state’s teacher misconduct investigator to review complaints about school materials. Our teachers and schools need an Education Commissioner who is truly on the side of educators, and who is committed to strengthening our **public** schools, which are the foundations of our communities. That person is not Frank Edelblut. He has served long enough. It is time for a new Education Commissioner to be appointed.

Thank you for your time.

Sincerely,

Angie Frazier

Please do not reappoint Commissioner Edelbut to the Department of Education. His policies are diverting significant funds away from public education, thereby shifting the tax burden onto local property taxes, which disproportionately affects low-income families, individuals, and those on fixed incomes. In your inaugural address, you expressed a desire to overcome excessive partisanship, but Frank Edelbut's actions suggest otherwise.

Please reconsider his reappointment.

Dear Commissioner Ayotte,

I am writing to respectfully ask that you consider not reappointing Frank Edelblut.

Edelblut pledged to remain nonpartisan. Instead he has used his position to promote homophobia and anti-trans agendas. He has overstepped his authority by pressuring school librarians to ban books that represent the LGBTQ community.

We need someone committed to supporting and strengthening our public schools. Someone who champions collaboration, and a comprehensive education that ensures the success of all of our students.

Edelblut's divisiveness is a distraction and a waste of precious resources & time. His reputation is widespread, and is an embarrassment to our state.

Thank you for your time and consideration.

Sincerely,
Kim Marcellino

Good morning Governor Ayotte and Council members

I am writing to request, **please do not reappoint Frank Edelblut as Education Commissioner.** It cannot be overstated - our children are the future. They need to be given opportunities to see the full spectrum of knowledge and history in order to lead us forward. By reappointing Frank Edelblut as Education Commissioner their options would be limited by partisanship and limiting/censoring of education that is shared.

thank you for all the work you do for our state,

Jim Gottwald

Dear Governor Ayotte,

I am writing you to oppose the reinstatement of Frank Edelblut as Commissioner of Education. Commissioner Edelblut's tenure has been extremely dividing and polarizing, and this is very bad for NH educational systems.

We need someone who will commit to supporting and strengthening our community public schools. We need someone who understands that there is more to education than reading, Writing and Arithmetic. We need someone who will support quality education and not support the voucher system which will ultimately ruin public education.

Thank you for your consideration,
Susan Stevens,
Sanbornton

Hi Governor Ayotte,

I am writing to ask that you do not reappoint Frank Edelblut as Education Commissioner.

Commissioner Edelblut's tenure in this role has been divisive. I know that you are committed to overcoming excessive partisanship and I urge you to find someone else for the role who is more clearly committed to bolstering public education in New Hampshire.

Thanks,

Megan

Subject: Get the Facts on Gov. Ayotte's Budget: Delivering for our North Country

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Governor Ayotte's Budget for All of New Hampshire: Delivering for our North Country

"The North Country is such a beautiful and important area of our state. From a one-year moratorium on new landfills, to securing our northern border and fighting drug trafficking, to delivering more money for our cities and towns than ever before, this budget will deliver even greater prosperity for our North Country and all of New Hampshire." – Gov. Kelly Ayotte

What They're Saying: Governor Ayotte's Priorities for the North Country

"Governor Ayotte is a woman of her word. When I first brought this landfill issue to her in 2023, she immediately recognized how important it was to the North Country. I thank the Governor for protecting beautiful areas like Forest Lake State Park in my district, as well as the natural beauty of our entire state." – State Senator Dave Rochefort, Littleton

"Governor Ayotte's budget is a win for communities north of the Notch. From keeping our trails open, to keeping landfills out of our beautiful state parks, to securing our

Northern Border and fighting drug trafficking, it's clear Governor Ayotte drafted this budget with the North Country at the top of her mind. That's why the North Country is Ayotte Country."

– State Rep. Arnie Davis, Milan

"Governor Ayotte once again showed that she truly cares about the North Country and every community across our state. This budget keeps New Hampshire safe through more funding for the Northern Border Alliance, helps preserve access to recreation and enjoyment of our natural beauty, and delivers for our local communities through historic funding for education. Thank you, Governor Ayotte, for always keeping the North Country top of mind." – State Rep. Mike Oullet, Colebrook

How Governor Ayotte will Deliver for our North Country:

- Establish a one-year moratorium on new landfills and creates a new site evaluation committee for future locations
- Invest in securing our Northern Border and supporting North Country law enforcement
- Support the North Country's tourism economy by opening the Connecticut Lakes Headwaters Working Forest OHRV trails for the full season

Dear Governor Ayotte,

I hope this message finds you well.

I am writing to share my thoughts on the current state of education in New Hampshire and to express my support for a change in leadership. Under Commissioner Edelblut's tenure, there has been a noticeable divide in our community, which I believe has not been beneficial for the well-being of our state. We need a leader whose commitment to supporting and strengthening our public schools is unwavering and clearly evident.

It is crucial that we have a commissioner who understands that a comprehensive education goes beyond just teaching math, science, social studies, and language arts.

We need someone who values the importance of a well-rounded education that prepares our students for the future. Additionally, we need a leader who is perceived as a true advocate for our public schools, rather than someone who might be seen as working against them.

I firmly believe that with the right leadership, we can create an educational system that truly supports and nurtures our students and communities. Your support in this matter is greatly appreciated.

Thank you for your time and consideration.

Laurie Cass

Subject: Please NOT to reappoint Education Commissioner Edelblut!

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Dear Governor,

I am writing you today to beg you NOT to appoint commissioner Edelblut. This man has been unfit, divisive and to my family entirely cruel. In the midst of the pandemic he told me that my child who is immunocompromised to leave school as he would choose to politicize the CDC recommendations and threaten schools to roll them back despite being told by public health professionals this was against recommendations! He muzzled and threatened both superintendents and the NH DPH. Despite laws that are for equal protections of children with disabilities, he simply told us to stay home and for my child not to have an adequate education.

In your inaugural address, Governor

You suggested a desire to overcome excessive partisanship and Edelblut's

- Comm'r Edelblut's tenure has been divisive/polarizing, which is bad for our state
- We need someone whose commitment to supporting and strengthening our community public schools is clearly evident.
- We need a commissioner who: doesn't think that providing just math, science, social studies and language arts constitutes an adequate education!

We need an experienced leader Who works for all children! My child loves school. She loves her friends. She loves her teachers she deserves to continue her education where she is well adjusted as do all children of all economic backgrounds.

Please do what is right for our children and nominate someone who will balance the needs of all children including with disabilities, low income, and religions and not encourage them to be simply homeschooled. I like many parents work a full-time job and the private Schools near us, do not suit our needs nor our beliefs.

I understand your position on vouchers. But please understand but this does not work for the majority of people in New Hampshire. The schools near us do not support all children of all religious backgrounds and wholly discriminate against them. Further we cannot not further increase our taxes as the voucher programs have done. We are relatively high income, but our property taxes have become unmanageable. It has come to the point where we are considering moving out of New Hampshire as are many as it becomes unaffordable.

I appreciate your consideration, governor, and I hope you will replace Mr Edelbut with somebody qualified.

Thank you,
Annemarie

Dear Governor Ayotte,

During my 30 year tenure in New Hampshire, I cannot recall a single public official who has been more openly partisan and unconcerned with the public good than Education Commissioner Edelblut. His singular promotion of programs for a particular constituency should be an embarrassment to the leadership. He should not be appointed or reappointed to any position in state government, much less one with the requirement of even-handed supervision of Education Commissioner.

Dear Governor Ayotte,

I grew up in Virginia. Most of my time in primary and secondary school was during segregation. I have seen first hand the cost of unequal funding of education. I saw that cost again when my own children were in public schools.

I believe that Commissioner Edelblut's tenure was divisive and polarizing. It seemed to pit people against each other rather than bringing us together to support children in every community.

I believe we need a Commissioner committed to supporting local public schools throughout the state, to equalizing funding for those schools rather than undermining the public school system which is one of the building blocks of democracy. We need a Commissioner who envisions and works for schools that provide excellence not the bare minimum of "an adequate education"

Dear Governor Ayotte,

I am reaching out to implore you to NOT reappoint Frank Edelblut as Education Commissioner. I have a child in a NH public school and I support our public school teachers and our public school community. Commissioner Edelblut has made it clear that he does not support NH's public schools and teachers and his leadership has been a detriment to New Hampshire communities.

Please appoint someone who believes in our public schools and the countless ways that they strengthen NH children and NH communities. My favorite event is our winter and spring school concerts where every family in town crowds into the school gym to support our children together, even if we disagree about things outside that space. Please appoint someone who will support experiences of solidarity like this one, and not espouse rhetoric of divisiveness.

Blessed be,

Dear Governor Ayotte,

I hope this finds you well.

I'm writing to ask that you please do not reappoint Commissioner Edelblut. His tenure has been divisive, which has been detrimental to our state. We need someone who can bring people together and genuinely support our public schools.

Commissioner Edelblut has not demonstrated fiscal responsibility, which is concerning for someone in his position. His lack of understanding regarding costs and oversight is troubling.

Commissioner Edelblut's belief that providing just math, science, social studies, and language arts constitutes an adequate education is misguided. Our students deserve a well-rounded education that goes beyond these core subjects.

Your desire to overcome excessive partisanship, as mentioned in your inaugural address, is admirable. Reappointing Commissioner Edelblut would work against that goal.

Thank you for considering my request.

Sincerely,

Andrea Henel

Dear Governor Ayotte,

Commissioner of Education, Frank Edelblut, has been a divisive actor in our state's public education environment for too long. He has clearly acted in a partisan manner by advancing the ultra conservative agenda of expanding vouchers and school choice to the detriment of resources and funding for our public schools. Perhaps it's time for him to work for the public sector as a lobbyist for private and religious schools.

I respectfully and strongly urge you to not reappoint him. Please appoint a person with education experience and the commitment to strengthen our great public schools without pushing a political agenda that blurs the lines.

Hi friend! 😊

First off, thank you so much for being part of this year's Penguin Plunge!

We greatly appreciate your support and for being part of the 1900+ people who have registered for our Winter Water Sports this year! Our Winter Water Sports, which are comprised of our Plunge weekend in Hampton and our Winni Dip weekend in Laconia March 7th-8th, are our biggest fundraisers of the year and collectively allow our Special Olympics athletes countless opportunities to access sports training and competition, health screenings, and leadership opportunities. By choosing to join us for the Plunge, you are helping us change lives!

If you are interested in continuing your involvement on the volunteer side of things, we have four great events just around the corner that we are looking for volunteers for and would love you to join us!

2025 State Winter Games in Waterville Valley

Monday to Wednesday March 3-5th

Register to volunteer here: <https://sonh2025wintergames.my-trs.com/>

2025 Winni Dip Weekend

Friday and Saturday March 7th & 8th in Laconia

Register to volunteer here: <https://2025winidip.my-trs.com/>

2025 Basketball Assessments

Saturday, March 15th at Keene State College, Keene Parks & Recreation, and Proctor Academy

Register to volunteer here: <https://2025basketballassess.my-trs.com/>

2025 State Basketball Tournament

Saturday, April 12th in Lakes Region (various sites)

Volunteer link to come – let me know if you would like me to send it to you when it's ready!

I also wanted to share a few things with you following the wrap up of Plunge weekend!

Your fundraising page will remain open until sometime late April or early June if you would like to continue fundraising! TD Bank locations can still process any cash or check donations or you can choose to mail us any checks if you still have donations coming in. If you've got any employee matches still

coming in, you can send proof of the match to Emily at EmilyK@sonh.org and we can get it posted on your fundraising page right away.

If you hit any of the bonus fundraising incentive levels (\$500 for a \$50 VISA gift card or a \$100 gift card if you hit \$1000, additional \$100 VISA for every additional \$1,000 raised and \$1200 raised for a Lands End tote bag), we will mail you those earned incentives!

To check out photos from the weekend, you can visit our Flickr album at:

<https://www.flickr.com/photos/specialolympicsnewhampshire/albums/72177720323799764>

I can't wait to see you at next year's plunge! 😊 Thank you again and I hope you have a great rest of your week!

All the best,
Shelby

Hello Governor Ayotte,

My name is James Hiltz and I am a resident of Pembroke, NH 03275. With Commissioner Edelblut's term ending next month, I wanted to write to you and members of the Executive Council to ask that you not reappoint him to this position. In your inaugural address, you spoke of a desire to overcome excessive bipartisanship, which I do approve of as we should always try to work together during these tumultuous and chaotic times, but I hope that you can see how the divisiveness of Commissioner Edelblut's work goes against this goal.

Frank Edelblut's term as commissioner has been divisive and polarizing to say the least, which is not good for the future of education in New Hampshire. We need someone who will clearly commit to supporting and strengthening our communities and our public schools. We need a commissioner that doesn't think that math, science, social studies, and language arts constitutes a so-called "adequate education" if we truly want to encourage our children to be not just better workers, but better people as well. We need a commissioner that is not seen as working to strengthen and improve New Hampshire's public schools, rather than one that is seen as working to undermine them.

I think public education is incredibly important, as it not only gives kids the opportunity to learn, but can instill curiosity about the world around, can help them decide the future they want to pursue for themselves, and helps prepare them for life in the world as they become adults. Because of that, and my desire for our great state to be better, I encourage you not to reappoint Frank Edelblut to this role.

Thank you for your time,

James Hiltz
Pembroke, NH 03275

Hello John and Company.

Greetings from Oregon. (Am in the Beaver State part of the winter break to see family. Back on Sunday).

As a courtesy, I wanted to alert y'all re: former U.S. Senator and presidential candidate Rick Santorum returning to NH on Monday. I'm helping host a legislator confab with the Senator that evening at Tandy's from 5:30-7:30 p.m. The subject, of course, is HCR3, the Article V Convention of States measure. That proposal was OTP'd by the committee I chair but I'm holding on to it for a bit while supporters try to better inform and engage legislators before sending it to the floor. Here's a link to a piece I just wrote on the topic:

[America's Future Depends Upon an Article V Convention - Granite Grok](#)

The same piece will likely also appear via NH Journal, Union Leader, and Concord Monitor.

I also wanted to get the LtGov CACR1 on your radar screens, if it wasn't already there. It's really a wonderful proposal that would solve the extraconstitutional gubernatorial succession plan currently in place while also doubling the chief executive person-power at no extra state cost. This NH Journal piece explains in detail.

[MOFFETT: Comets, Cutt, Constitutions, and Governors - NH Journal](#)

I have to think Kelly would LOVE to have a lieutenant without any budget increase! A bit of a heavy lift but folks are finally figuring it out. It's had bipartisan sponsorship in the past. Because of the newfangled portal submission process, I ended up as the only sponsor listed but previous sponsors will testify when this measure is heard in ED&A next Wednesday at 11 a.m. (Several current state senators were previous sponsors.)

We fully understand that the Governor's Office needs to carefully pick and choose what bills to weigh in on and is very cautious re: ongoing legislative efforts but we'd naturally would love public support from Governor Ayotte on either or both of the above. Short of that, we'd love to simply have a representative from the Governor's office just sit in on the hearing on Wednesday. Secretary of State Scanlan and I have met re: CACR1 to research the details of the current succession plan. I expect he'll be at the hearing to answer questions if asked. I don't expect he'll take a position, but let's just say I don't expect him to be a hostile witness. 😊

Ping me anytime if there are any questions on either of the two above measures, or anything else.

And thanks for all you do. We are incredibly fortunate things worked out as they did in November so that we have the incredible governing team in place that we have now.

Cheers!

-MIM

Dear Governor Ayotte,

First of all, congratulations on becoming Governor of New Hampshire.

I'm writing because I heard you say in your Inaugural Address that you would like to decrease the excessive partisanship in our state. With that in mind, I hope you will choose not to re-appoint Frank Edelblut to the office of Education Commissioner. Throughout his tenure he has been a polarizing presence, as when he posed in a photo with Moms for Liberty - a group that offered a reward for "turning in" any public school teacher considered by the reward-seeker to be in violation of the banned concepts law. (A law that was subsequently deemed unconstitutional.)

Please appoint someone who makes clear they want to support and strengthen our community public schools, to the benefit of the vast majority of our young people and the communities they live in.

Thank you for your consideration,
Mary Wilke
Concord, NH

Governor Kelly Ayotte,

Frank Edelblut, businessman and politician, is not good for the education of our children in New Hampshire.

Please do not reappoint Frank Edelblut Commissioner of New Hampshire Department of Education.

Thank you,
Mary Edick

Concord, NH

Dear Governor Ayotte,

I am reaching out to you regarding the upcoming appointment of the next Education Commissioner for our state. I have children who attend public school at Christa McAuliffe School in Concord, NH. Go Comets! I serve on the Parent Teacher Organization Board and commit hours each week to serving our school and its amazing community.

My family and I are proud supporters of public education as it is a bedrock of our society. Since Commissioner Edelblut began his role, it has been clear he does not have the best interests of children and their amazing public educators in mind. Our state needs to move beyond his polarization and focus on our bright future: our children and providing an adequate education.

It is my great hope that under your leadership our next Education Commissioner will be a champion for public education, an advocate for those who dedicate their lives to teaching and supporting students and, of course, to the children themselves.

With Gratitude,
Ashley Babladelis
Concord, NH

Governor Ayotte,

I am writing to encourage you to make a fresh start on public education in New Hampshire by naming a new Education Commissioner. Frank Edelblut has been polarizing in that role, and with the end of his term you have an opportunity to provide unifying leadership to solve the funding and curriculum problems that are weakening our public schools. New Hampshire residents value excellent public schools and need an Education Commissioner who believes in public education, and will work to raise standards, equip teachers, and serve all communities.

Thank you,
Julie Rizzo

To The Governor:

Thank you for taking time to read this email. I write concerning public education in New Hampshire. We have, as you know, some very fine schools and educators. It is, of course, a difficult time to be a professional or a student in public education. In view of the importance of public education in NH, I urge you to appoint a NEW commissioner of education who recognizes and values the role of public education and its importance in our society.

The term of the current Commissioner, Mr. Edelblut, expires near the end of March. I urge you not to reappoint him but rather to appoint a new person who knows the value of public education and would work in sync with your administration. Mr. Edelblut is a holdover from former Governor Sununu; I believe you deserve to have your own team of advisors.

Thank you for reading this message.

Dear Gov. Ayotte,

In your inaugural address you suggested the need to eliminate excessive partisanship in NH. Edelblut has been a divisive force as Commissioner, who has NOT supported nor strengthened our NH public schools.

NH needs a commissioner who believes math, science, social studies and language arts are not the ONLY areas students should study to constitute an adequate education. Students need the arts, music, technical skills, physical education, health education, technology, etc. We live in a global world; children of all ages need to be prepared to live and work in an environment where ALL their strengths are addressed in their Education, and weaknesses are strengthened to meet the needs of our global world.

Frank Edelblut is NOT the candidate to strengthen our children's education to meet the challenges they will face and deal with as adults, adults who will contribute to the interconnection of the world, ability to use technology to communicate , to aid reliance on other countries for economic independence, and add to the diversity of cultural exchanges and practices.

As a retired middle school teacher, parent and very concerned citizen about the quality of NH schools and education of NH's children, I urge you to NOT recommend Frank Edelblut to the Executive Council. NH families and children deserve better.

Sheryl Liberman, Merrimack, NH

February 25, 2025

Dear Governor Ayotte,

I write to urge you to consider a change in leadership at the NH Department of Education. In my view, the position of Commissioner should be held by a person with a background in education, who possesses an open mind. Frank Edelblut's history of encouraging book bans and at times attacking public school teachers is troubling. The Commissioner of Education needs to demonstrate a strong commitment to support and strengthen our public schools. Mr. Edelblut's background is in business, theology, and politics. While there is a business component to virtually every vocation, I believe there are others who are far better qualified.

I am a New Hampshire native, educated at Pittsfield High School, the University of New Hampshire, and Plymouth State University. For twelve years I worked as an Outreach Counselor for Educational Talent Search, a federal grant program based at UNH. Our mission was to assist students of limited income with counseling to access higher education and the funding to pay for that education. As such, I worked in almost all of the schools in the Lakes Region and the southern tier of the state, including Nashua High School. Subsequently, I worked for eleven years as a high school guidance counselor. Currently I reside in Meredith.

Thank you for your consideration of my concerns.

Sincerely,

Christine Burton

Dear Governor Ayotte and members of the Executive Council,

I am writing to implore you NOT to reappoint Frank Edelblut as Education Commissioner. In my 20 years as a NH public school teacher, Edelblut's tenure has done nothing but cause division and acrimony between educators, parents, and community members. Your inaugural address indicated a desire to overcome excessive partisanship, and Edelblut's divisive "leadership" is harmful to that goal. Please appoint an Education Commissioner who is actually committed to strengthening our learning communities.

Thank you,
Amy Tremblay

Dear Governor Ayotte,

I am writing to you to request that instead of reappointing Frank Edelblut to the position of Education Commissioner when his term expires on March 23, you seek and appoint a new commissioner who is a proven public education expert and can lead a comprehensive effort to improve public schools in New Hampshire for all our students. We need an education commissioner who is looking out for all of our students.

Over the course of his tenure as Education Commissioner, Frank Edelblut's actions have been divisive, which is not good for NH. Instead, he has used his position to create a climate where many of us fear for the future of public education in NH. It would be a step in the right direction for you to appoint an education commissioner who seeks a bipartisan solution to NH's education issues.

Frank Edelblut has not constructively addressed the biggest problem facing our public education system: the school funding problem. Instead he has tried to address the lack of adequate education funding by supporting bills that remove important subjects such as art, health, world languages, physical education, engineering, computer science, and digital literacy from the list of core subjects needed for an adequate education in the state's public schools. This is not in the best interests of NH's students.

Respectfully,
Patricia Anastasia

Honorable Governor Ayotte,

I am writing as a retired educator who is married to Professor of Brain Science, and Learning and consultant for independent schools, public school and higher education institutions across the country. We know how important public school education is for informed citizens. It is foundational for the Democracy functioning with equality and justice for all in our state. We want all of our citizens to be capable of making informed decisions to enable our country to be the leader in the world that the United States of America has always been.

I am writing to urge you to NOT reappoint Frank Edelblut as the Education Commissioner in the State of NH. Edelblut has created a partisan and divisive atmosphere in our state regarding education. He has also spent money in ways that have not raised the academic standards and have created undue expenditures for educating our students.

I wish to congratulate you on your election as Governor. Voting NOT to reappoint Edelbrut will be an important step as you start a successful tenure as Governor of our state.

Thank you for your service to the people of this state and to our country.

Sincerely,

Margaret Jernstedt

Dear Gov. Ayotte,

I am writing as a constituent of Exeter, NH to request that Frank Edelblut NOT be reappointed as Education Commissioner.

In your inaugural address, you discussed wanting to overcome excessive partisanship. Edelblut's tenure has been very divisive and polarizing, which has negatively impacted our state and our schools. What we need for our schools is someone who is clearly committed to supporting and strengthening our public schools and their curriculums.

I urge you to NOT reappoint him - this would be a great step toward your own desire to overcome excessive partisanship.

Sincerely,
Shea Flanagan
Exeter, NH

Dear Governor Ayotte,

I am writing to urge you to appoint an Education Commissioner who has the **ability to work with our schools, state government and citizens in a non-divisive way**. Based on your inaugural address in which you expressed the need to overcome extreme partisanship, I feel that you would agree. Commissioner Edelblut has not demonstrated himself to be that person.

I ask you to appoint a Education Commissioner who has **broad knowledge and firsthand experience of the New Hampshire public education system**. Commissioner Edelblut has not demonstrated himself to be that person.

From what I have heard from educators and administrators in multiple districts, I am concerned that if we continue with a Commissioner **without these qualities we will put the excellence of New Hampshire's educational system at risk and find ourselves unable to retain or attract teachers**. Under these conditions our children will be lacking in the education needed to contribute and compete in today's workforce.

New Hampshire needs to replace Commissioner Edelblut.

Hello,

My name is Meghan McClure and I am an active voter from Lyndeborough NH. With Edelblut's term ending soon I am urging you to not reappoint him.

In your inaugural address you spoke about how you wanted to emphasise agreement and avoid excessive partisanship. Edelblut has been increasingly decisive in his tenure and re-appointing him would go against your values.

Instead, we need someone who wants to bolster our public school systems and give our kids the education they deserve. We need to give them a robust education to give them the chance to become good and productive members of society.

Thank you for your time,
Meghan McClure

Please do not reappoint Frank Edelblut. Besides the fact he has been partisan catering g to an agenda that is terrible for our kids.

Our kids deserve schools that are supported by a commissioner that believes in supporting public schools which is the right of every child. Our schools have been badly funded by our state and Edelblut's mission seems to further reduce learning opportunities.

Dear Governor Ayotte,

Please do not reappoint Frank Edelblut as Education Commissioner. His tenure has been controversial; he has divided New Hampshire residents; and he is contributing to New Hampshire's fiscal difficulties. New Hampshire, and you as leader of the state, face serious fiscal challenges. Adopting Edelblut's education policies will end up pushing the burden of funding public education down to school districts. This will hit hardest in towns with lower property values. NH cannot afford to support multiple school systems; it should focus its public resources on public education, assuring that NH students are all well prepared to be contributing citizens.

Among New Hampshire citizens you can surely find many qualified candidates for the position of Commissioner of Education--candidates qualified by their educational, management and inclusive leadership experience and capacities. Frank Edelblut is not that person.

Sincerely,
Susan Holcombe
Hanover NH

Governor Ayotte,

Frank Edelblut has held the post of NH Commissioner of Education for longer than any previous commissioner. As someone who taught for 39 years, primarily in the NH public school system,

I understand that the business of education is an ever-changing and complex landscape. Mr. Edelblut came into his position with a specific agenda, and specific ideas about our state's public educational system. He has been successful at promoting his agenda, but after eight years we need someone with fresh ideas of how to meet the challenges our students, teachers and all public school professionals face at this time. Please consider new people for your appointment of commissioner of education. It would be in our students' best interest if you nominated a person with deep understanding and experience working as an educator.

Thank you for your consideration,

Dear Governor Ayotte,

We believe that public education for all students is an important responsibility of state government and for us all. How can we have a healthy functioning government if we do not have a well educated citizenry. Most adults grew up with a public education system which prepared students of all income levels, backgrounds and races to enter adult life.

I believe that it would be helpful to appoint someone one other than Frank Edelblut to be head of education in NH. He has had his opportunity to lead our state as head of the education department. Commissioner Edelblut's tenure has been divisive and polarizing which is bad for NH and for education in our state.

We need to work together to provide for our young people. I feel as if many opinions have been overlooked by Commissioner Edelblut as he put his own agenda into effect. Furthermore, we need a commissioner who has some background in education.

We need someone whose commitment to supporting and strengthening our community public schools is clearly evident.

We need a commissioner who doesn't think that providing just math, science, social studies and language arts constitutes an adequate education.

We need a commissioner who is not perceived as working to undermine our public schools.

We hope that you will consider our opinion as you choose the next commissioner and that you replace Mr. Edelblut.

Thank you,

Barbara and Alan Callaway

Dear Governor Ayotte,

I'm reaching out with a heavy heart and a deep concern about the recent vote by House Republicans to drastically cut Medicaid and food stamp programs. These programs are lifelines for so many vulnerable individuals and families in our state, including children, the elderly, and those facing difficult financial situations. It's disheartening to think that these cuts are being proposed to fund tax cuts for the wealthiest 1% of Americans.

As Governor, you have a powerful voice and the ability to stand up for your constituents. I'm asking you to use that voice to oppose these harmful cuts and to advocate for the health and well-being of the 180,000+ Granite Staters who rely on Medicaid. Many of these individuals are children, and losing this coverage would be devastating for them and their families.

Please let us know how you plan to address this issue and provide health coverage for those who will be affected if this budget is passed and signed into law. Your leadership and commitment to the people of New Hampshire are more important now than ever.

Thank you for your attention to this urgent matter. I look forward to hearing from you and hope that you will take a stand against these unjust policies.

Sincerely,

Andrea Henel

Dear Governor,

Please don't reappoint Frank Edelblut as Secretary of Education. It is well known he is trying to convert public education to private, for those who can afford it, including religious education, which is against the Constitution's Establishment of Religion Clause, but our Supreme Court ignores that in friendship with the 2025 Project, and by way of the previous appointments by President Trump, one with the aid of the retiring Senator who blocked Obama's appointment unlawfully, but who now is opposed to Trump's presidency, as he should have been impeached and removed for his attempted coup, but was not due to spineless Republicans. You, at least, did not approve of all his actions before you were governor.

Another reason is that Edelblut was only home schooled, never went to public school. He has no basis for knowing what is good for kids going to school. I went to public school 13 years.

You know me because you came to see me give a speech about my uncle at the opening of the Discovery Center for Christa McAuliffe and Alan Shepard in Concord some years ago. I have been living in New Hampshire since 1978 and my mother was born in East Derry in 1925. She and my uncle started in a one room schoolhouse, but it was public, and they did quite well for themselves. My uncle skipped a grade so he ended up going to the Admiral Farragut military school for one year before his four years at West Point.

My daughter, the oldest, did very well in Hanover Schools and became an attorney in securities law in NYC. I could never have homeschooled her, yet alone all three of them. Yet they are all doing well in NYC, two without further education after college. (I got my degree at Vermont Law School and my husband is an M.I.T. PhD, now retiring from the Tuck School at Dartmouth.)

It would be very sad to see the education system in NH further deteriorate. I don't understand why NH has to lower business taxes and Interest and Dividends taxes. How will you ever balance a budget? Meanwhile, how would you ever improve schools with Frank Edelblut?!

People in NH vote for Democrats in D.C., but they don't want to take any responsibility for paying taxes in NH. Please don't take the fact that Republicans dominate NH government means they want the State to abdicate on education. That's what Edelblut wants to do. Don't appoint him, please!

Thank you,
Betsey Neslin
Hanover, NH

Frank Edelblut is terrible for education, for community, for democracy, for separation of church & state, for taxpayers, and for New Hampshire. Edelblut has got to go.

Commissioner Edelbut's tenure has been divisive and polarizing. We need someone who is viewed as supportive of public schools, not undermining them. His actions and statements have shown that he does not even understand what an adequate education means.

Please do not reappoint him!

Hello Kelly,

I don't think New Hampshire needs a return of Frank Edelblut as Education Commissioner. His views regarding education are backward and do not provide our children with informed, diverse understandings and opinions. He wants to take books away from our children instead of allowing them to learn, discuss, be informed of diverse ways of being in our world.

Please do not make him Education Commissioner.

As a citizen of Newbury, NH, and a retired school librarian at elementary and middle schools, I hope you will give careful consideration to reappointing Mr. Edelblut. Rather than support education in our state he has only undercut it. His challenges to library collections is of particular concern to me as a former elementary and school librarian. Those who wish to limit their children's' access to certain materials, are of course free to do so, but should not impose their biases on all children and families. We need an advocate for free, equal, quality education for ALL our children in this position.

Sincerely,
Lisa Correa

Governor Ayotte;

I urge you to consider a person who is less divisive than Frank Edelblut for Commissioner of Education and who has a background in education and does not push a religious perspective. The religious component of vouchers is the point of departure for me and I suspect for many who have always set religious dogma apart from public education. Now our taxes pay to fund a whole unaccountable system that is going to bankrupt the state quickly while real needs fall by the wayside like housing, childcare and healthcare. Frank Edelblut's ideology is harming the state economy and the kids in this state will be worse off.

If you truly mean to overcome extreme partisanship, replacing Frank Edelblut is a good place to start (and of course not appointing someone who will eviscerate public education even more.)

Thank you,
Sharon Racusin

Dear Governor and Council members,

I am writing to you to request that you do not reappoint Louis "Frank" Edelblut to be Commissioner of Education when his term is up in March. I would like to see you appoint someone who has had a career of working their way up through the educational ranks. Someone who knows what it's like to be a Teacher or Principal or Superintendent. Someone who has a track record of supporting public education and who's children are products of that public educational system.

We need a Commissioner who demonstrates their commitment to the success of our public schools. I don't believe that Commissioner Edelblut has done that during his last term. Time for a change.

Thank you for your consideration of this matter.

Please DO NOT reappoint Frank Edulblut as Education Commissioner. I want someone who believes in educating all New Hampshire children in public schools. Allowing the money for public schools to be skimmed off by privileged parents who send their children to religious or private schools is unacceptable. We need to have a well-educated population in New Hampshire that has respect for people of all economic strata and backgrounds. This happens if kids go to public schools and see that almost everyone in their community has something to contribute. As a politician I hope that you know this.

The Legislature's continual chipping away at the little money NH gives its public schools is reprehensible.

Sincerely,

Mary Ann Cadwallader, NH voter

Dear Governor Ayotte:

It has come to my attention that the current Education Commissioner's term is about to expire. Please consider appointing someone who has been in the field of education and is aware that education is the largest part of our property tax. In our small town of Richmond our property taxes increased 22% last year and the proposed school budget increase this year was cut by over three million dollars. The voters will go to the polls March 11th to decide whether to accept a huge school budget as cut or reject it in favor of the default budget which is last year's operating budget. Governor, this position is extremely important to ensure that our students get more than the three "R"s please consider someone who qualifies for this important position.

Thank you for your attention in this matter Respectfully yours Jerry Merrifield

Dear Governor Ayotte,

Do not reappoint Frank Edelblut. You know the reasons. We want to strengthen public education in NH and he is only causing our property taxes to rise while degrading public education. We should not be paying for other's religious education. Education that public schools can't provide is one thing, but not education that the Constitution prohibits. Please do something positive for public education, not with this man who was only home schooled.

Scuddle Edelblut, please!

Dear Governor Ayotte,

In your inaugural address you said you'd like to overcome excessive partisanship. Frank Edelblut's tenure as Ed Commissioner has been polarizing, divisive, and controversial. The students, parents and taxpayers of NH need a Commissioner who believes in strengthening education rather than one who is perceived as working against our public schools.

Let's make NH public schools great again, by appointing an Ed Commissioner who shares that goal.

Thank you,

I am strongly encouraging you to appoint a new Education Commissioner who will work enthusiastically for the best possible **Public Schools** in NH. I did not favor the original appointment, of Commissioner Edelblut; because he did not send his own children to public schools, and actually home schooled them. Some children may thrive on home schooling if their parents are qualified, are home and able to provide the education. However, there is no way to monitor the quality of education being provided. There is less socialization, and exposure to the other aspects of school provided by teachers, of music, art, physical education, guidance, and special education as needed. A good public education contributes to the entire community and prepares students for adulthood and integration into the greater community. Shy children will make friends in school, participate in other activities such as band, sports, and theatre and will develop the confidence to function outside their families as adults. Some parents may prefer to send their children to private schools, but the majority will and should have a quality education funded by the community. I therefore recommend that you, Governor Ayotte, appoint a new Commissioner who will take public education seriously rather than focus on alternatives such as vouchers for other schools or home schoolers.

Subject: Urgent Request to Restore SBDC Funding

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Hello Mrs. Ayotte,

I am writing to respectfully request the restoration of the New Hampshire Small Business Development Center's (NH SBDC) funding to its current level of \$500,000. As a small business owner, I have directly benefited from SBDC's services, and I am deeply concerned about the negative impact that funding cuts would have on small businesses across the state.

I own and operate Castelot Plumbing Solutions, a small plumbing business based in Bedford. We have been in business for 6 months. Employees include my husband and myself, so we are considered very small! As a small business, we rely on resources like SBDC to navigate challenges, grow sustainably, and contribute to our local economy. Specifically, Andrea O'Brien has been an incredible resource as we navigate business ownership and a fantastic mentor to us.

We have received support for bookkeeping navigation, marketing, immersing ourselves within the community, specifically within the trades, who are directly responsible for contributing to New Hampshire's economic growth. Andrea's advice has played a crucial role in helping our business grow and remain competitive.

Cutting SBDC's budget will mean fewer business advisors and a reduced capacity to serve small businesses like mine. Many entrepreneurs and small business owners depend on SBDC for strategic guidance, financial literacy, and problem-solving. Without these services, many small businesses will struggle, potentially leading to closures, job losses, and weakened downtown economies across New Hampshire.

New Hampshire's small business community is the backbone of our state's economy. Without SBDC's continued support, the economic ripple effects will be felt in lost jobs, declining local commerce, and fewer opportunities for entrepreneurs. SBDC provides essential resources that empower business owners, and reducing its funding would be a significant setback for our state's economic growth.

Working with NH SBDC has been a game-changer for my business. Their expertise, mentorship, and resources have given us the tools to succeed. I urge you to ensure that SBDC's funding remains intact so that businesses like mine—and many others—can continue to thrive.

Thank you for your time and consideration. I appreciate your support in maintaining the crucial services that NH SBDC provides to our state's small business community.

Sincerely and respectfully,

Julia Castelot

I am writing, as a resident in Concord NH, to ask you to not reappoint Education Commissioner Edelblut. Commissioner Edelblut's term in office has been polarizing. He consistently undermines public school education and both my son and daughter attended the public schools in Concord. He has also been narrow minded in his approach to education and his belief that the minimum classes are enough; clearly he does not understand the concept of enrichment nor does he support a deeper dive into academics.

Thank you for your attention to my concern.

Dear Governor Ayotte,

I sent a message through the portal, but I want to make sure you receive this and I am sending a copy to all the Executive Counselors, which I wasn't able to do via the portal.

You said in your inaugural address that you wanted to overcome excessive partisanship. I suggest that Commissioner Edelblut's tenure has been divisive and polarizing due to his partisanship. Education of our children is not a political or partisan issue. Their best interests are not identified to any political party.

I served on the Concord school board for 9 years, 4 as President. Political or partisan interests played no role in our decisions or considerations of what was best for the students in our district. Partisanship has no role to play in education that serves the best interests of the students by making them discerning thinkers, lifelong learners, compassionate and kind people, citizens who understand how our governments at all levels work and who participate in their communities and communicate well.

The Commissioner of Education must be someone who supports and seeks to strengthen our public schools. When he became Commissioner of Education, Mr. Edleblut was unfamiliar with public schools, his own children having not attended public schools -- they were home-schooled instead. In his time as Commissioner, he has been perceived by many people, except for a very vocal minority, as working to undermine our public schools. Public schools are the touchstone of democracy. So the Founders said. And they were right.

New Hampshire deserves a Commissioner of Education who doesn't think that an adequate education exists where only math, science, social studies

and language arts are taught. There was an enormous public outcry against a bill in the House just a couple of weeks ago that tried to eliminate all other subjects from public education. It's not what the people want and the House was wise to deem the bill ITL.

Please propose a person to be Commissioner of Education who supports public schools in word and deed.

Thank you.

Claudia C. Damon

New Hampshire producers can sell poultry and rabbits (up to 20,000 poultry and 1,000 rabbits per calendar year) directly to NH restaurants without USDA inspection. For producers to legally sell their products in this way, they must complete this initial certification course with UNH Cooperative Extension and recertify after five years. Even if you do not plan to sell to restaurants, this program would be appropriate for those looking to learn more about best practices when processing their own poultry or rabbits.

Topics include:

- Regulations on Selling Poultry & Rabbits
- Facilities & Equipment
- Health of Animals
- Cleaning & Sanitizing
- Personal Hygiene
- Temperature Control
- Labeling & Recordkeeping
- Steps to Certification
- Protection from Bears/Wildlife

Guest speakers include:

- Royann Bossidy, New Hampshire DHHS, Food Protection Section
- Ann Hamilton, Food Safety Field Specialist from UNH Extension
- Katrina Klobucher, Livestock Production Field Specialist from UNH Extension
- Dan Bailey, Bear Project Leader, NH Fish & Game Department

National Weights and Measures Week 2025 "Building a Lasting Legacy"

The National Council on Weights and Measures <https://www.ncwm.com>, along with hard-working regulatory officials across the country, join in the celebration of Weights & Measures Week March 1-7, 2025. Each year the first week of March is designated to commemorate President John Adams's signing of the first United States weights and measures law on March 2nd, 1799.

NCWM Chair Marc Paquette of the Vermont Agency of Agriculture Food and Markets <https://agriculture.vermont.gov/weights-measures> announced this year's theme, "Building a Lasting Legacy."

"The evolution and establishment of a uniform system of weights and measures has had a significant impact on society and governments," stated Paquette. "A uniform system provides confidence in the marketplace for both consumers and businesses. All participants in an economy are more likely to engage openly in trade if they are assured of fairness in transactions. Weights and Measures programs contribute greatly to economic development by promoting equity in the marketplace to all stakeholders."

The NCWM continues "Building a Lasting Legacy" with a long tradition of developing uniform standards in partnership with regulatory officials, industry representatives, and technical advisors. Utilizing those standards, inspectors across the country work diligently to test and inspect commercial devices that utilize a weight or measure to

ensure that fair and accurate transactions take place. Devices such as fuel meters, including gasoline, liquid petroleum gas and oil, as well as all types and capacities of scales, are some of the devices inspected. Many inspectors also conduct inspections of the accuracy of pricing in retail stores. All this activity is intended to protect the interests of buyers and sellers in commercial transactions while also maintaining a level playing field for competing businesses. Weights and Measures Week focuses on and celebrates those inspectors, laboratory metrologists, and support staff around the country working to ensure: "That Equity May Prevail."

"Weights and Measures Week also serves to inform the public of the great value consumers receive from weights and measures inspection programs," said NCWM Chair Paquette. "When consumers purchase gas, take a trip to the grocery store, receive a delivery of fuel at their home, or purchase anything by weight or measure, remember the dedicated staff from weights and measures programs around the country who work tirelessly to make sure you get what you pay for."

The stated mission of the National Council on Weights and Measures is "Ensuring Equity and Uniform Standards in a Changing Marketplace." The NCWM has set the United States standards for weights and measures in commerce since 1905.

AD REQUIREMENTS

- **Your name**
- **NH phone number.** No out of state cell or home phone numbers will be accepted, except for want ads.
- **New Hampshire town.**
- **Price(s)** for items that are being sold.
- Should there be any of the above missing, the bulletin staff does NOT telephone subscribers to discuss what the problem is. If for any reason your advertisement is not in the bulletin, please contact us at 271-1324.

2025 Jeffrey P. Smith Farm Camp Scholarship Now Accepting Applications!

Connecting Local Youth to Agriculture and the Natural World!

Does your child have interest in farms or gardening?
Would they like to explore these interests this summer?

The Jeffrey P. Smith Farm Scholarship endeavors to connect young people with agriculture & the natural world. Through this scholarship, the Monadnock Localvores hope to inspire the next generation of local farmers & local food supporters, by giving regional children an opportunity, through summer camp, 4-H programs, or membership to NOFA NH, to experience sustainable farming practices first-hand & watch their efforts bear fruit.

2025 application materials are now available and donations to the scholarship fund are accepted year round. For more information, to request application material, or to donate to the scholarship fund, please contact the Cheshire County Conservation District at 603-904-3011 or info@cheshireconservation.org.

We hope to accommodate as many children as funding can allow. If you are interested in receiving a paper copy, or a specified number of applications, please let us know and we would be happy to make them available!

Applications due March 31, 2025! <https://www.cheshireconservation.org/jps-scholarship>

Produce Safety Alliance Training Production Tools For Your Farm

March 27, 2025 | 8:00 am - 5:00 pm \$50 | NHTI- Concord Community College

Scan the QR code to register, or click <https://unh.how/producesafety>, or contact Wendy Johnnecheck, wendy.johnecheck@unh.edu

This workshop is geared toward fruit and vegetable growers and others interested in learning about produce safety. Learn about options for including food safety practices in your production systems, regulatory requirements, and farm food safety plans. Participants will receive a certificate showing completion of a training meeting FSMA's Produce Safety Rule training requirements [21 CFR 112.22(c)].

Granite State Gardening

Happy February Granite State Gardeners!

February is a short month, but it is the month of Black History, Groundhog Day, Valentine's Day, and it's the unofficial start of pruning season! Pruning fruit and ornamental trees and shrubs is essential to promote healthy growth, productivity and ornamental value. February is the unofficial start of the pruning season here in New Hampshire, so dig out your pruners, oil up your sharpening stone, and get ready to make some thoughtful, well-placed cuts! If you are new to pruning or if you need to brush up on your skills, you can join UNH Extension for one or more of our free pruning demonstrations held around the state. For more information and the full pruning event schedule, click here. These are fun events where we try to cover as much as possible with lots of time for questions. Join us! If you can't make it, or if you want a primer before the event, have a look at our Basics of Pruning Trees and Shrubs Fact Sheet.

Other than starting to think about your pruning plan, there isn't much else going on in the outdoor garden this time of year. Unless, of course, you are thinking about preparing a new vegetable garden site, starting your own seeds (think the early starters like eggplant, onions, celery and some) or adjusting when you plant out your garden, which are all very important

things to start thinking about in the winter. However, we at the UNH Extension Education Center like to shift some of our focus toward the indoor flora during these cold months.

Houseplants can really make a positive difference in our lives as the temperatures drop and the leaves fall. One common question we receive at the Infoline pertains to how to keep indoor plants happy as the humidity in our houses drop. Humidity levels naturally fall this time of year, and we exacerbate the drop by heating our houses. If you heat your home with wood or wood pellets, you might experience even more drying of your indoor air than with an oil or propane furnace. Because many houseplants that do well in our indoor spaces with indirect light and consistent temperatures are tropical by nature, a lack of humidity can be a big problem. If you think your houseplants might be suffering from low humidity in your home, have a look at this recent blog post about keeping plants happy in the drier months. You'll find some tips, tricks, and a little bit of basic information on what humidity levels indoor plants prefer.

By Sean O'Brien, Home Horticulture Program Manager

NH Division of Weights and Measures 2025 Scale Clinics

The New Hampshire Division of Weights and Measures will be hosting fourteen (14) Scale Clinics at eleven (11) locations throughout the state in 2025. UPDATES HIGHLIGHTED BELOW.

All scale clinics are by **appointment only** to better allocate staffing and equipment needs.

All clinics will be from **10:00am – 2:00pm** at the dates and addresses listed below.

Designated parking spots will be marked on the individual site flyers. Please park as directed and bring your scales inside the facility for testing. For more specific instructions, please visit <https://www.agriculture.nh.gov/divisions/weights-measures/educational-seminars.htm> or select the QR Code below. Click on the link to the location you will be attending.

Ensure all power cables and accessories (including **scale feet, power supply**, platters and stanchions, etc.) are brought to the clinic.

Scales must be in clean and usable condition before being tested and certified.

Please have your account number and **check or cash** if a license fee is due. Payment by credit/debit card is not accepted at this time.

**To schedule an appointment, please call:
(603) 271 – 2894
and have your account number available.**

Question of the Week

Q: Are mothballs effective at repelling rodents?

A: Rodent control, particularly for mice and rats, is necessary for many home dwellers and gardeners at one time or another. One control method that is commonly perpetuated in popular media as an effective rodent (and other garden pest) deterrent is the use of mothballs. However, not only are mothballs an ineffective control strategy, but using them in this way is a misuse of the product that can also be harmful to people, wildlife and the environment.

Mothballs are regulated pesticides that are labeled for repelling clothes moths and other fabric pests. As directed on the label, they are only intended to be used in airtight spaces such as a garment bag or other airtight containers. They are not designed to be used outdoors, or in attics, crawlspaces, closets, trashcans or vehicles, as this can lead to harmful exposure to pesticide fumes. Mothballs contain either naphthalene or paradichlorobenzene as active ingredients; both act as fumigants that vaporize from their solid forms to toxic gas. Naphthalene is commercially used as an insecticide and repellent and can also be found naturally in smoke from combustion. Besides mothballs, paradichlorobenzene is also used in deodorizing products such as unal cakes and trash can blocks. It should be noted that although there are some registered wildlife repellents that contain naphthalene, mothballs

are not approved for this purpose, and it is illegal to use them, or any registered pesticide not directed by the label.

Regarding their use for repelling rodents, mothballs have not been proven to be an effective (or legal) control method. Particularly in outdoor settings like the garden, mothballs can quickly volatilize and lose their active ingredient to the environment, contaminating soil, plants, water and the surrounding air. Additionally, mothballs in the garden or yard can be harmful to non-target organisms such as other wildlife and beneficial insects, as well as a risk to children and pets.

Good morning,

I am a deeply concerned constituent in New Hampshire. I would like to know Kelly's clear opinion on the SAVE act, and what she is planning to do about it. This act is an attack on the voting rights of Americans and needs to be stopped. I would like to know whether she plans to support the SAVE act, or her people.

Warmly,
Amber

PLEASE do not reappoint Frank Edelblut as Education Commissioner. He has done a terrible job as commissioner and needs to be replaced with someone who knows more about the schools and will improve our schools rather than making them become worse.

I speak as a retired former public school teacher in Massachusetts, and now live in New Hampshire.

Priscilla J. Benson

New Hampshire Resident in favor of making NH schools better.

Kelly Ayotte

Governor Ayotte Signs Housing Finance Bill into Law

FOR IMMEDIATE RELEASE

February 27, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte signed into law Senate Bill 4, creating a commercial property-assigned clean energy and resiliency (C-PACER) program in New Hampshire.

“Housing is our most critical economic issue, and this legislation is another tool in our toolbox to help bring even more housing development to New Hampshire. I was glad to sign SB-4 to create a C-PACER program in our state. By making it easier for private sector partners to finance projects and removing the administrative burden on municipalities, we’re taking an important step in the right direction to increase the supply of attainable housing for our growing workforce.”

Background on SB-4: This legislation replaces New Hampshire’s existing energy

efficiency and clean energy districts statute and creates a centralized C-PACER administrator under the Business Finance Authority (BFA). This streamlined approach creates a consistent, efficient framework for running the program across the state with zero cost to taxpayers and alleviates the administrative burden on municipalities. It also respects local control by allowing cities and towns to opt-in to the C-PACER program.

What is C-PACER?: Commercial Property Assessed Clean Energy and Resiliency (C-PACER) is a voluntary financing mechanism for energy-efficient upgrades, building insulation, cost-effective renewable energy, and water conservation measures. Any 'commercial property' is eligible, including manufacturing facilities, office buildings, retail buildings, and multifamily housing projects.

C-PACER loans are private-sector loans made by private capital providers and repaid through a voluntary property tax assessment on the developed property. This unique repayment mechanism is what makes C-PACER financing an effective tool to spur additional investment in New Hampshire.

Governor Ayotte,

As your constituent, I ask that you not reappoint Frank Edelblut to the position of NH Education Commissioner. Our students and educators deserve someone who is committed to supporting and strengthening our public schools. I have spoken to friends and family who work in public education from elementary school to high school, from auxiliary staff to administration, and they simply do not feel supported by him and his policies. They feel that their work is not appreciated. Some have left the field and others are considering it. Frank Edelblut's divisive tenure and his support for a narrowed view of a quality education is a direct factor in their negative feelings.

New Hampshire's good public schools have always been a selling point for people who move here or decide to stay. It was one of the main reasons my parents chose to relocate here when I was a toddler. They wanted a future for their kids that included getting a good, multi-faceted public education that went beyond the basics of math, reading, and basic science, beyond the standardized tests. The public response from residents related to some recent education bills shows that most people feel the same! Frank Edelblut is simply out of touch with the priorities of Granite Staters.

In line with your expressed desire to overcome excessive partisanship, I ask that you appoint a new education commissioner who our educators can have faith in.

Best,

Allison Lane

32 year resident of NH

Governor Ayotte Statement on New Hampshire Law Enforcement Cooperating with ICE

FOR IMMEDIATE RELEASE

February 27, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte released the following statement regarding New Hampshire law enforcement agencies cooperating with U.S. Immigration and Customs Enforcement (ICE) through agreements under section 287(g) of the Immigration and Nationality Act:

“It is critical for state and local law enforcement to cooperate with federal authorities and protect our citizens. Criminals who are in our country illegally and pose a danger should be apprehended and removed. I support and encourage New Hampshire law enforcement agencies to cooperate with ICE to enforce our laws and keep our communities safe.”

New Hampshire Department of Safety Commissioner Robert L. Quinn added the following statement:

“We are pleased to see that the federal government is interested in reinstating the task force model, which would grant both legal authority and protection to our State Troopers when they encounter individuals in the United States illegally. This agreement will strengthen our longstanding partnerships with federal, state, county and municipal law enforcement agencies, including efforts tied to our state-run Northern Border Alliance program. It also helps ensure New Hampshire’s law enforcement officers can act swiftly to remove dangerous criminals and keep our communities the safest in the Nation.”

Belknap County Sheriff Bill Wright released the following statement after submitting his agency’s 287(g) application to the U.S. Department of Homeland Security:

“The Belknap County Sheriff’s office has submitted our application to enter a 287(g) agreement with ICE. We will do our part to protect our communities and continue to help enforce our laws. Coordinating with our federal partners helps keep both our officers and our state safe, and I thank Governor Ayotte for her support and leadership.”

Dear Governor Ayotte and COGE,

The attached exhibits 1&2 to this email, substantiate an ongoing mail and wire fraud. Please see Attachment 3 for a full history of my case.

When UNH's Dan Habib filmed Axel, a profoundly cognitively impaired student in my class, he claimed the following:

Axel

Axel is a fifth grader with autism who is non-verbal and exhibits significant behavioral challenges. Through effective communication supports, Axel was able to learn fifth grade general education curriculum in a general education classroom. Support for this film was provided by the National Center and State Collaborative.

<https://www.youtube.com/watch?v=LIYwTmUgrco>, also see <https://whocaresaboutkelsey.com/multimedia/>

The film claims Axel was "college bound." He eventually attended a school in New Hampshire for students with the most profound needs. The film was a hoax from its' inception. The Somersworth School District ordered me to put my hand on top of his and write for him. They wanted me to continue to play along with the false narrative and be his voice. I refused and lost my career over it. If I had kept my mouth shut and educationally neglected my student, engaged in fraud like the rest of them, I would not have lost my career and future retirement. See p. 73 attachment 3.

The attached evidence (docs. 1&2), undisputed by any of the defendants in my current federal case (First Circuit Court of Appeals Brady V. Mosca [et.al.](#), Nos. 24-1378, & 24-1621), proves that during the entire time of filming Axel, the NH DOE, UNH, and

Somersworth staff knew or should have known that Axel functioned like a preschooler. When they claimed that Axel was "college bound," he could not recognize numbers 1-10 from a field of three nor had he mastered letters of the alphabet. He wore diapers and behaved like a toddler. There was no educational documentation to prove that Axel had recovered from his life long cognitive impairment. The NH DOE, UNH, and Somersworth staff relied on facilitated communication (FC), a known fraudulent technique to claim Axel's cognition was normal. My situation involves the same method of fraud highlighted in a current popular Netflix Documentary "Tell Them You Love Me" at <https://www.netflix.com/title/81783064>. My story too warrants a documentary because it is outrageous.

The attached evidence is important because it shows that three months prior to the start of filming, Axel's psychological evaluation (attachment 1) proved that he was working at a preschool level. The copy of the draft IEP (Attachment 2) is evidence that shows three months after Dan Habib wrapped up filming, claiming that Axel's intelligence was normal, the Somersworth School District issued an IEP indicating that Axel was functioning like a preschool child. It is evidence that the school district was aware that the film was a fraud.

The New Hampshire Courts have ignored the evidence within the psychological/IEP reports, and within decisions they simply write that Brady "claims" that the defendants committed mail and wire fraud. **They do not inform the public that I have attached evidence which proved that they committed fraud.** They left that part out to protect the State Defendants. The **undisputed evidence** is proof that when a teacher reports educational neglect and exploitation of their student to the New Hampshire Attorney General's Office, it will be ignored, and their career will be destroyed, especially when it involves the University of New Hampshire. The Axel film continues to sell at <https://likerightnowfilms.com/shop>, as part of an educational teaching kit.

**Who Cares About Kelsey?
Educational Kit Download with
Streaming License for Colleges
and For-Profits \$295.00**

<https://likerightnowfilms.com/shop>

On **January 4, 2019**, I deposed my former boss, Somersworth School Administrator and Mayor, Dana Hilliard. He testified to the following:

Brady: *"On Page 5 within my termination decision, the board referred to my belief that the public film which falsely portrayed student as an alleged mischaracterization. Were the student's abilities as able to complete grade level work and college bound an accurate portrayal of the student's abilities? The film in question portrayed him as working on grade level and college bound, and I'm asking you if that's a mischaracterization."*

★ **Hilliard:** *"Oh, I'll repeat because I've stated that before, Lisa. I mean, you and I have had discussions on that. I did not agree with -- I've never disagreed with you on that. I -- I did not agree with the film's characterization."* App.5, p.21.

As principal and Mayor of Somersworth, Hilliard had an obligation to report the intentional false portrayal, and exploitation of a student at his school, to the proper authorities, and his silence has resulted in ongoing mail and wire fraud.

The New Hampshire Attorney General's Office has protected corrupt state actors from facing accountability to the people. They have refused to investigate my case

and currently represent two of the Defendants in my civil action, former

Commissioner of Education, Virginia Barry, and Complaint Investigator, Richard Farrel. It is a conflict of interest for them to represent individuals that they know have committed a crime and to punish a victim of that crime by refusing to investigate her claims and representing the perpetrators of the crime in court. No pro se' citizen in this state could survive that kind of political corruption and cronyism. The New Hampshire AG's Office expects the public to keep purchasing Dan Habib's film, and that there should be no public accountability. Viewers and people that purchase the film should accept what the film states as truthful.

All the New Hampshire lawyers involved in this case are in violation of their ABA Canons, Model Rule 1.2(d) which prohibits a lawyer from advising or assisting a client with conduct the lawyer knows is criminal or fraudulent.

The state judicial system is just as corrupt, when my case went to Strafford Superior Court, Judge Mark Howard intentionally ruled on my "original complaint," and refused to use my amended complaint which had previously been granted. My original complaint was weak, easier for him to dismiss than the amended one. The evidence is a matter of public court record. He intentionally tampered with public records to destroy my constitutional rights to due process. See attachment 3 p. 69-71.

Please intervene on my behalf and ensure that the AG's Office investigates my criminal allegations of ongoing mail and wire fraud, the intentional false-light portrayal of Axel, and the State cover-up to deny my constitutional rights to due process and free speech. I have written many complaints to the AG's office, see one recently submitted (attachment 4).

Thank you for taking the time to review my request, I will anticipate a response back from this committee.

Sincerely,

/S/Lisa Brady

Demand for jury

Civil No. 1:23-cv-391-LM

VERIFIED AMENDED COMPLAINT

On August 11, 2023, Lisa Brady filed a conspiracy complaint under 42 U.S.C. § 1983, and this amendment is intended to replace the claims alleged, however evidence referenced within that document will be referenced. The case at bar began with the production of a fraudulent film.

PARTIES

1. **Jeni Mosca** is being sued in her Individual capacity, at all relevant times related to her actions, she acted as Superintendent at SAU 56 (Somersworth, Rollinsford N.H.). She acted under color of state law and caused Lisa Brady to be deprived of her federal rights under the First and Fourteenth Amendment to the Constitution. She retired from Somersworth in 2017. Jeni Mosca worked at SAU#56 at 51 West High Street, Somersworth, NH 03870 during the time of violations, and currently resides at 18 Thornhill Road, Stratham, NH 03885. Phone# 603-926-1205.
2. **Pamela MacDonald** is being sued in her individual capacity; she acted as Director of Special Education at SAU 56 (Somersworth, & Rollinsford N.H.) at all times relative to her actions. She acted under color of state law and caused Lisa Brady's to be deprived of her federal rights under the First and Fourteenth Amendment to the Constitution. She no longer works for Somersworth S.D., and currently an associate Director of Special Education for SAU#72 at 252 Suncook Valley Rd Alton, NH, 03809. Pam MacDonald worked at SAU#56 at 51 West High Street, Somersworth, NH 03870 during the time of the violations. She currently resides at 33 Dewey St., Rochester, NH 03867. Phone#603-237-5264.
3. **Dana Hilliard** is being sued in his professional and Individual capacities as an **administrator for the Somersworth School District** and as **Mayor for the City of Somersworth**. He is being sued in his professional and Individual capacities as a school administrator, and in his personal capacity as the mayor. He acted under color of state law, and caused Lisa Brady to be deprived of her federal constitutional rights under the First and Fourteenth Amendments. Dana worked as the Director of School District Operations for the Somersworth School District up until October 6th of 2023. His home address is listed as 11 Chabot St., Somersworth, NH 03878 Phone # [603-692-4450]. **The United

States Supreme Court held that a city is a person for purposes of Section 1983. See Monell v. Department of Social Services, 365 U.S. 167, 81 S. Ct. 473 (1961).

4. **Jeanne Kincaid** is being sued in her individual and professional capacities as the Somersworth School District Attorney, acted under color of state law, and caused Lisa Brady to be deprived of her Constitutional rights under the First and Fourteenth Amendments. At all times relative to this action, she served as the attorney that argued before the School Board to terminate Brady's employment. Her home address is 24 Brickyard Ln, Eliot, ME 03903. Her work address is Drummond and Woodsum, 501 Islington Street, Suite 2C, Portsmouth, NH 03801-6891.

5. **The Somersworth School Board** is being sued in its' official capacities. The Board acted under color of state law, and caused Lisa Brady to be deprived of federal rights under the First and Fourteenth Amendments. The Somersworth School Board, SAU#56, is located at 51 West High Street, Somersworth N.H., 03878 [603-692-4450]. The US Supreme Court has ruled that School Boards can be held liable for purposes of Section 1983. Wood v. Strickland 365 U.S. 167, 81 S. Ct. 473 (1961).

6. **Virginia Barry** was the Former Commissioner of the N.H. Department Education at the time of the constitutional deprivation. She is being sued in her individual capacity. She acted under color of state law, and caused Lisa Brady to be deprived of her rights under the First and Fourteenth Amendments. Her current home address is listed as 375 John Smith Hill Road, Bristol, N.H. 03222. Her phone number is listed at 229-3800437. The address for the DOE is 25 Hall St., Concord, NH 03301, phone # 603-2713144.

7. **Richard Farrell** is being sued in his individual and professional capacity. He was a complaint investigator for the New Hampshire Department of Education at the time of the constitutional violation. He acted under color of state law and caused Lisa Brady to be denied her First and Fourteenth Amendment Rights to the Constitution. His home address is 36 Arrow Ln, Nashua, NH, 603-880-7278. Richard.J.Farrell@doe.nh.gov, 25 Hall St., Concord, NH 03301.603-271-3196.

8. **Dan Habib** no longer works at the University of New Hampshire Institute on Disability. He is being sued in his individual capacity as the film producer for the fraudulent "Axel" film. He acted under color of state law, and caused Lisa Brady to be subjected to deprivations of her Constitutional rights under the First and Fourteenth Amendments. He was the film producer of "Who Cares About Kelsey," and the mini film "Axel" that was and continues to be sold to the public. His home address is 40 Roger Ave, Concord New Hampshire, 03301 & phone #603-330-0748.

9. **Mary C. Schuh** was an "advisor" to Dan Habib's films and also works as an associate professor at the University of New Hampshire Institute on Disability (IOD). She is being sued in her professional and individual capacities. She acted under color of state law, and caused Lisa Brady to be subjected to deprivation of her Constitutional rights under the First and Fourteenth Amendments.

Her home address is 50 Church St, Concord, NH 03301, 603-225-9801 mary.schuh@unh.edu.
Institute on Disability, 10 West Edge Drive, Durham, NH 03824, (603) 862-2310

10. **Michael McSheehan** works for the University of New Hampshire Institute on Disability (IOD), and was a consultant to the Somersworth School District for the “Axel” film, and he also participated in the film. He is being sued in his individual and professional capacity. He acted under color of state law, and caused Lisa Brady to be subjected to deprivations of her Constitutional rights under the First and Fourteenth Amendments. He lives at 41 BARBARO DR, Rochester, NH, 03867, 603-866-6524

11. **The National Education Association- N.H. (NEA-NH):** is being sued in its official capacity. They acted under color of state law, and caused Lisa Brady to be subjected to deprivations of her Constitutional rights under the First and Fourteenth Amendment. The address of the National Education Association, is 9 S. Spring Street, Concord, NH 03301 & phone # 603-224-7751.

12. **JURISDICTION & VENUE**

- A. Plaintiff files this federal action which; falls under the First and Fourteenth Amendments to the U.S. Constitution and 42 U.S.C. §1983.
- B. This Court therefore has subject matter jurisdiction under 28 U.S.C. § 1331.
- C. All causes of action arose in New Hampshire
- D. Declaratory relief is authorized by 28 U.S.C. § 2201 and 2202.
- E. Venue in the District of New Hampshire is based on 28 U.S.C. § 1391(b).

HISTORY OF “Axel” FILM: FACILITATED COMMUNICATION (FC) A PSEUDO-SCIENCE

13. In 2012, the New Hampshire Commissioner of Education, Virginia Barry, awarded grant funds to the University of New Hampshire, Institute on Disability, to produce teaching films that portrayed behaviorally challenged students. Dan Habib created a film project titled, “Axel,” part his “Who Cares about Kelsey Teaching Kit.”¹ Additional grant funds to support the Axel film were also provided through the National Center and State Collaborative (NCSC).²

- 1. <https://whocaresaboutkelsey.com/about/the-minifilms/> retrieved 1-13-2023
- 2. The Website notes: National Center and State Collaborative, under a grant from the US Department of Education (PR/Award #: H373X100002), Project Officer, Susan.Weigert@Ed.gov. However, the contents do not necessarily represent the policy of the US Department of Education and no assumption of endorsement by the Federal government should be made.

14. The NCSC stated the following with regard to the purpose of the grant:

The purpose of the grant was to develop an alternate assessment system and related content to assess the English Language Arts and Mathematics achievement of students with the most significant cognitive disabilities.

15. Since May of 2014, the NCSC continues to publicly post the fraudulent “Axel” mini-film. See clip below at <https://www.youtube.com/watch?v=hsES61i8i-Q>. Axel is depicted within film using a controversial pseudo-science method, called Facilitated Communication (FC hereafter).

Numerous controlled and blinded studies have failed to demonstrate FC as replicable or valid. In 1998, the AAP issued a statement from the Committee on Children with Disabilities highlighting the lack of scientific data to show FC to be effective. See *American Academy of Pediatrics Committee on Children with Disabilities. Auditory Integration Training and Facilitated Communication for Autism. Pediatrics. 1998;102(2 Pt 1)431-433.*

16. Axel Cortes was a non-verbal, significantly cognitively impaired student, featured above in the

UNH film. The Somersworth Speech Pathologist, *Meghan Davis*, also featured above, to the left, held Axel's arm at his wrist, and guided him to type answers to questions on his I-pad. She was captured by the camera, acting in defiance of her National Governing Bodies recommendations (ASHA-American Speech-Language-Hearing Association) for use of FC with school children.

ASHA's position on FC states the following:

*It is the position of the American Speech-Language-Hearing Association (ASHA) that Facilitated Communication (FC) is a discredited technique that should not be used. **There is no scientific evidence of the validity of FC**, and there is extensive scientific evidence—produced over several decades and across several countries—that messages are authored by the "facilitator" rather than the person with a disability. Furthermore, **there is extensive evidence of harms related to the use of FC**. Information obtained through the use of FC should not be considered as the communication of the person with a disability. See <https://www.asha.org/policy/ps2018-00352/>.*

17. Not one Somersworth staff member was reprimanded for intentionally taking part in a film that portrayed Axel in a false light; asserting claims about his cognition that are factually false.

18. Janyce Boynton, a speech pathologist, educator, and former FC facilitator, has extensively studied FC from a wide lens of having been a facilitator, and having her legal case featured in a 1993 PBS *Frontline* documentary, titled "Prisoners of Silence." She raised the following questions about the "Axel:"

A.

B

A. "A student facilitates. Axel looks at the student, not at the paper. (from Axel, 2013 Youtube post, Dan Habib)" and

B. "The facilitator holds his hand to write with a pencil while Axel focuses on a laminated sentence strip." (from Axel, 2013 Youtube post, Dan Habib)

See film: <https://www.youtube.com/watch?v=LIYwTmUgrco>

This film raises many questions about FC in the classroom:

- 1) Axel is shown interacting with an iPad on his own, with the motor skills to select pictures (e.g., a desired movie from Netflix). Why, then, would he need someone to hold his hand to type?
- 2) In most, if not all, the scenes showing him being facilitated, Axel is not looking at the keyboard or paper. How can he type or write accurately when he is not looking?
- 3) If only trained facilitators are supposed to be practicing FC (by proponents' own standards), then why is a student being allowed to facilitate with Axel? Did that person complete the training required to become a facilitator?
- 4) How is it, as the educators in the film claim, that Axel reached grade level in a matter of months? Given Axel's lack of attention and engagement in the classroom and with the letter board or iPad, it would take an extraordinary effort to make that happen, miraculous, even. Were the communications objectively tested to determine authorship?
- 5) How is it that his mother and stepfather and the school system have a widely disparate (too widely disparate) view of Axel's ability to communicate in writing? His parents, who seem to have a good understanding of Axel's capabilities, report he uses non-verbal communication (e.g., pointing, taking them by the hand and leading them to what he wants) and limited vocalizations (e.g., grunts) to let them know what he wants at home. The educators claim he is reading and typing in two different languages. Could the new "communication system" have something to do with the disparity? Could Axel type out Spanish responses with a facilitator who only knew English? Could he type out English responses with a facilitator who only knew Spanish?
- 6) Why was FC being used in the school system, against the recommendations of major organizations at the time with statements opposing its use: American Academy of Child and Adolescent Psychiatry, American Academy of Pediatrics, American Psychological Association, American Speech-Language-Hearing Association, Association for Behavior Analysis, Behavior Analysis Association of Michigan, and the New York State Health Department? (For a current list, click [here](#).)
- 7) Did the parents give informed consent for the use of FC? Before using FC with Axel, did the staff clearly explain to them that FC had no scientific basis for its claims, that organizations such as ASHA, AACAP, APA, etc. had statements opposing its use, that reliable, evidence-based tests demonstrated facilitator control due, in part, to the ideomotor response, and that there were multiple instances of false allegations of abuse made against families of individuals being subject to its use? And, were the parents informed of and given the option to choose alternative programming for their child? Given the fact that the educators were not calling their "communication system"

FC, odds are they were not. See: <https://www.facilitatedcommunication.org/blog/axel-raises-questions-about-fc-in-the-classroom> (2021, September 1) “Axel” raises questions about FC in the classroom. Facilitatedcommunication.org. and <https://www.facilitatedcommunication.org/movies>

19. FC is a notorious,³ fraudulent communication technique,^{4,5} that is scientifically discredited.⁶ Advocates for FC proffer the false hope of an instant cure for Intellectual Disability. The use of FC, however, is at a minimum educational neglect, and otherwise an abusive practice. Moreover, there can be no greater example of a practice that violates statutory requirements of Federal, and New Hampshire Education law, than the use of FC in the classroom.

20. ASHA is just one of the many professional boards across this country, and worldwide, that warn against the use of FC, some of the others include: The American Psychiatric Association, American Academy of Child and Adolescent Psychiatry, American Association on Intellectual and Developmental Disabilities, American Psychological Association, American Academy of Pediatrics, Association for Behavior Analysis, International Society for Augmentative and Alternative Communication, Autism Society of Canada, the Canadian Paediatric Society, National Autism Society of (UK), New Zealand Ministries of Health and Education and many more, not included herein. See Communication expert, Janyce Boynton website list at <https://www.facilitatedcommunication.org/organizations-opposing-fc>.

19. FC is known in the scientific literature, as an example of the “Ideomotor effect,”

“FC is ineffective and “works” only when facilitators know the answers (Montee, Miltenberger & Wittrock, 1995; Schlosser & Wendt, 2008). Furthermore, FC is a striking

3.See New York Times, 2015; Slate Magazine, Auerbach; Science-based Medicine, Novella, “Decision against Spelling to Communicate – A Small Victory for Science. December 18, 2019.

https://sciencebasedmedicine.org/de-cision-against-spelling-to-communicate-a-small-victory-for-science/?fbclid=IwAR0qV1d3NbpwFq3DRxcDQ5_jWuHRU3rIn5QMb8_YOS0iwr-0NqB8Nlf1VY.

4.*In the Matter of Louis Bass, Inc.*, 119 FTC Docket C-3562 March 13, 1995. p. 323. (“It is ordered, That respondent, Louis Bass, Inc. (d//a Crestwood Company), ... do forthwith cease and desist from

misrepresenting, in any manner, directly or by implication, that such product enables autistic individuals to communicate through facilitated communication.”)

5. *Storch v. Syracuse University*, Sup Ct. of NY, Ulster Cty., 629 N.Y.S.2d 958 , June 20, 1995. (Civil claim for fraud against original promoter of FC in the US dismissed because his “optimistic opinions” about FC were merely “premature,” and made in advance of studies that the FC lacked validity and was potentially dangerous.)

6. Lilienfeld, et. Al., “The persistence of fad interventions in the face of negative scientific evidence: Facilitated communication for autism as a case example,” *Evidence-Based Communication Assessment and Intervention*, 2014 pp. 62-101.

*case of the ideomotor effect, which had been known in psychological circles since at least the mid-nineteenth century (Hyman, 1999; Stock & Stock, 2004; see also Skinner, 1934). This effect, illustrated by such purported **paranormal phenomena as Ouija boards**, automatic writing, table tipping, dowsing, and the Chevreul Pendulum, refers to the propensity of people’s thoughts to influence their movements without their awareness (Wegner, 2003).” Id. at 6.*

21. Proponents of FC frequently claim that its’ use falls under the category of AAC (Augmentative Alternative Communication method), and it is a misnomer because FC is known to harm, and does not augment communication. The International Society for Augmentative and Alternative Communication’s (ISAAC) states:

“The Centre for AAC, University of Pretoria, would like to herewith express its position on expressive methods of communication for persons with limited speech that require the input of a trained supporter or facilitator. **Examples of such methods include Facilitated Communication (FC), the Rapid Prompting Method (RPM), and Spelling to Communicate.** What these methods have in common is that a trained supporter or facilitator gives some form of physical support to a person with limited speech who is pointing to letters on a board to compose a message. **This physical support can be either on the person’s body (index finger, hand, arm, elbow or shoulder)** as in the case of FC, or by holding the letter board in front of the person (in the case of RPM and Spelling to Communicate). Concerns have been raised repeatedly about authorship questions in connection with these methods, since the physical support provided by the trained facilitator poses a risk that the messages composed are those of the facilitator, and not the person in with limited speech. In this regard it is noteworthy that:

1) Numerous studies have provided unequivocal evidence that messages produced through FC are authored by the facilitator, and not by the person with limited speech (Hemsley et al., 2018; Schlosser et al., 2014);

2) There are as yet no studies investigating the efficacy or authorship questions around RPM (Schlosser et al., 2019) or Spelling to Communicate.

Since there is a possibility that these methods therefore undermine the agency of the person with limited speech by attributing to them messages composed by the facilitator, it is the position of the Centre for AAC that

1) FC cannot be regarded as a valid form of AAC and its use in clinical practice is strongly discouraged by the Centre for AAC; and that

2) until clear and unequivocal evidence becomes available that shows that that messages composed through RPM and Spelling to Communicate are authored by the person pointing to the letters and not the person holding the board, neither method can be regarded as a valid form of AAC and their use in clinical practice is strongly discouraged by the Centre for AAC. See <https://isaac-online.org/wp-content/uploads/CAAC-Position-Statement-on-Expressive-Methods-of-Communication-PWUAAC.pdf>, last downloaded 1-13-2024.

21.. The use of FC is also considered to be an abuse of human rights.

“Drawing upon our experience as practitioners in the field of intellectual and developmental disability, we offer the view that it is important to argue against FC from a human rights perspective using the United Nations *Convention on the Rights of Persons with Disabilities*. Put simply, FC is an abuse of human rights.” See Jeffrey Chan & Karen Nankervis (2014) Stolen voices: Facilitated communication is an abuse of human rights, *Evidence-Based Communication Assessment and Intervention*, 8:3, 151-156

22. In her most recent book, “Chasing the intact Mind,” Amy S.F. Lutz, Ph.D., a historian of medicine at the University of Pennsylvania stated:

“If you’d like to get a sense of the destruction facilitated communication is capable of, you might consider Gigi Jordan. While practicing FC with her 8-year-old nonverbal son, “he” “told” her that he wanted to die, and she obliged by feeding him pills until he died. She later suffocated herself to death before she could be jailed. Is that extreme and a vestige of much deeper problems with that particular woman? Sure. But it also speaks to the profound danger of allowing people to substitute their own subconscious voice for that of someone with a serious disability. Facilitated communication is a dangerous fraud that must be opposed. But to oppose it, we have to have the courage to stand up to people who think that they can throw the word “ableist” around and get whatever they want. I invite you to join me in saying without apology that, however great the pain of parents of profoundly autistic children, humoring the fantasy that facilitated communication represents is not the solution. There can be no ambiguity: facilitated communication does not work. And not a single dime of taxpayer money should be spent on discredited, destructive pseudoscience.” See *Chasing the Intact Mind: How the Severely Autistic and Intellectually Disabled Were Excluded from the Debates that Affect Them Most*. NY: Oxford University Press, 2023.

23. FC could not meet the State of New Hampshire, or Federal standards as scientific based evidence.

The State of New Hampshire follows the Federal Rules of Evidence, and relies on the Daubert test for reliability which; relies on the following criteria:

(1) "whether a theory or technique . . . can be (and has been) tested"; (2) "whether the theory or technique has been subjected to peer review and publication"; (3) "the known or potential rate of error" of a particular technique; and (4) the Frye "general acceptance" test. Daubert, 509 U.S. at 593-94.

24. The harm that litigants have experienced based on the use of FC can be brought under the ADA, Section 504 of the Rehabilitation Act, the IDEA, or as in this case, under Section under § 1983. "Effective communications" as defined in the ADA's regulation requires public entities "to ensure that communications with [students] with disabilities are as effective as communications with others." See 28 C.F.R. § 35.160(a). Litigants have standing to bring forth claims that involve the negligent use of methodologies that have caused or subjected them to be caused to injury; based on the use of a known fraudulent method such as FC.

"The outcomes of early experimental tests on FC were overwhelmingly negative, and nothing has changed in subsequent years to alter this conclusion (e.g., Bomba, Markowitz, O'Donnell, & Holmes, 1996; **By now, the scientific verdict was clear. FC is ineffective and "works" only when facilitators know the answers.** See footnote 6, Lilienfeld, et. al.

25. In New Hampshire "the court should never weigh the credibility of the expert's conclusions, **but only analyze the methodology used** by the expert to reach said conclusions." *Baker Valley Lumber, Inc. v. Ingersoll-Rand Co.*, 813 A.2d 409 (N.H. 2002).

26. "Admissibility of scientific test results in a criminal trial is permitted only when those tests are shown to be generally accepted, within the relevant scientific community, to be reliable." *State v. Chun*, 194 N.J. 54, 91 ("the Frye standard"), cert. denied, 555 U.S. 825, 129 S. Ct. 158, 172 L.Ed. 2d 41

(2008); State v. Harvey, 151 N.J. 117, 169–70 (1997) (citing Frye v. United States, 293 F. 1013, 1014 (D.C. Cir. 1923)), cert. denied, 528 U.S. 1085, 120 S. Ct. 811, 145 L.Ed. 2d 683 (2000)

27. Courts have consistently ruled, and sided with science when it has involved the use of FC. Just some of the many court cases include:

a. **In re the Matter of Stepanek, 924 P.2d 1142, 1143-44 (Colo. App. 1996)** a 1983 suit was filed for attorney fees, and the court noted:
 “In April 1993, the workshop staff began using a technique known as facilitated communications (F/C) with the incapacitated person. In theory, by means of F/C, a non-verbal person is able to communicate by using a letter board or a computer terminal. He or she is physically assisted by a facilitator who steadies the right arm or hand of the incapacitated person. According to F/C proponents, the incapacitated person points to letters on the keyboard or letter board, spelling out messages. AND...“**DCDSS investigated the validity of F/C and whether the incapacitated person was actually communicating.** On November 12, 1993, the county attorney filed a motion to discontinue temporary guardianship, to withdraw DCDSS as a party, and to terminate the restraining order against the parents.” See In re the Matter of Stepanek, 924 P.2d 1142, 1144 (Colo. App. 1996)

b. **State v. Warden , 257 Kan. 94, 891 P.2d 1074 (1995)**, On appeal, the Kansas Supreme Court noted two propositions that shaped its decision of the appeal. First, the court observed that although facilitated communication has not received unanimous support in the scientific community, **each instance of the use of facilitated communication should be evaluated for validity.** Second, one of the premises upon which facilitated communication finds its basis is the assumption that the communicator or speaker is competent.

c. **See Hahn ex rel. Barta v. Linn County, Iowa, 191 F.Supp.2d 1051, 1064 (N.D. Iowa 2002)** (“In light of the court's finding that Mr. Hahn is not communicating through the use of [facilitated communication], [facilitated communication] is not an effective means of communication for Mr. Hahn in particular; therefore, neither federal nor state law requires the defendants to provide it.

d. See **Greenwood v. Wissahickon Sch. Dist., 571 F.Supp.2d 654, 663 (E.D. Pa. 2008)** ;“the evidence does not show that Angela can effectively communicate utilizing facilitated communication.”

e. “The trial court's thoughtful decision including detailed findings and conclusions, which greatly aided our appellate review, serves as a roadmap for the determination if B.T. is testifying, an opportunity for the defendants to challenge his competency, and, if his testimony is admitted at trial, an opportunity to challenge

his credibility by way of evidence challenging facilitated communication as a method of communication. We find no abuse of discretion in the trial court's preliminary ruling on the request to bar the use of facilitated communication.”

Source v. B.T., 83 N.E.3d 144, 152-53 (Ind. App. 2017)

f. **In Matter of D.S.S. v. Mark S.**, 156 Misc.2d 393, 593 N.Y.S.2d 142 (1992), the family court was asked to determine the admissibility of a sixteen-year-old, non-vocal, autistic child's out-of-court statements concerning alleged abuse by her father. The statements were made by way of facilitated communication. The court was asked to analogize facilitated communication to other forms of communication such as American Sign Language. The court declined to make the analogy, concluding that the Frye test applied and **the validity of facilitated communication had not been established. As referenced in** In Source v. B.T., 83 N.E.3d 144, 148 (Ind. App. 2017).

g. In March of 2019, a Miami Florida teacher used FC to solicit false allegations of sexual abuse against the seven-year-old boy's father, Jose Cordero, and reported that:

“Cordero was arrested in October following a report from the child's elementary school teacher, Saul Fumero, who said he relied on a communication method called “hand over hand” to help the boy write down the alleged abuse.”

Fumero's technique, also known as facilitated communication, has been widely discredited, but the dad was held in custody for 35 days and barred from seeing his family. See ny post, “Junk Science lands dad in jail over claims he raped his autistic son, by Jackie Salo, Published March 8, 2018, updated March 8, 2018, 4:33 p.m. Et, retrieved 1-13-2023. <https://nypost.com/2018/03/08/junk-science-lands-dad-in-jail-on-charges-of-raping-his-autistic-son/>. Also see: Ovalle D, Gurney K. How a teacher's ‘junk science’ landed a dad in jail on charge of raping his autistic son. Miami Herald, Mar. 8, 2018]

h. **Special Education Hearing 21855/18-18AS, Decision and Order, PA, December 15, 2019. See: <https://odr-pa.org/download-pdf/4cc7d91515bdba144a1cf89d738e32bf5eab10f3ab4d3/real-name/21855-18-19.pdf>**

“The district's thorough investigation of Spelling to Communicate revealed numerous substantive and ethical issues concerning the methodology. The parents concede that there is no scientific research to support Spelling to Communicate method. ... [P. 22] Due to ethical concerns, the expert recommended that **the district not consider any communication generated by the student using Spelling to Communicate to be the student's own words or thoughts.**” P. 19

i. **In J.L. v. Lower Merion Sch. District, the U.S. District Court of the Eastern District of Pennsylvania, Judge Marston stated the following;**

“At the time of the administrative hearing, there was no peer-reviewed research supporting the legitimacy of S2C as an evidence-based methodology. (ODR1930.) The American Speech Language-Hearing Association (“ASHA”) issued a position statement on Facilitated Communication and the Rapid Prompting Method. (ODR2813.) **J.L. v. Lower Merion Sch. Dist., Civil Action 20-1416-KSM (E.D. Pa. Sep. 15, 2022)**

28. In more salacious headlines, a court found, Newark New Jersey professor of philosophy at Rutgers-Newark court, Anna Stubblefield, guilty of two counts of aggravated sexual assault as stated:

“The jury... convicted the 45-year-old philosophy professor of sexually assaulting a 34-year-old disabled man, known as D.J., who has cerebral palsy and is unable to speak beyond making noises. Psychologists have determined he is mentally incompetent and cannot consent to sexual activity.

*Stubblefield had claimed she and D.J. fell in love, saying he is not intellectually impaired and was able to communicate through a controversial typing method, known as “**facilitated communication**.” See Justin Weinberg. Oct. 2, 2015, Stubblefield Convicted of First Degree Aggravated Sexual Assault. <https://dailynous.com/2015/10/02/stubblefield-convicted-of-rape/>*

Stubblefield appealed her case, based on the fact that she was “*unable to fully present her consent defense given the restrictive rulings of the trial court,*” and the Appeals Court ruled:

“Unfortunately, the court, in its attempt to cleanse the record of controversial FC methodology, limited the evidence to the extent that defendant was not given a fair opportunity to present her defense.” *State v. Stubblefield*, 450 N.J. Super. 337, 351 (App. Div. 2017)

In May of 2018, Anna Stubblefield took a plea deal:

“In accepting the offer, the West Orange resident admitted she knew at the time of her sexual encounters with D.J., a 37-year-old nonverbal man with cerebral palsy, that he had been found mentally incompetent and could not legally consent.

The case, largely centered around a controversial technique known as facilitated communication, has piqued the interest of a documentary filmmaker, academic scholars and playwrights.” See

https://www.nj.com/essex/2018/05/anna_stubblefield_sentenced_for_second_time.html. Published: May. 11, 2018, 3:50 p.m, downloaded on 1-13-2023.

HISTORICAL BACKGROUND

FC may not be included in an IEP or used in a school mandated to rely upon evidence-based practices as per New Hampshire Education law, and IDEIA. The IDEA reauthorization in 2004 mandated IEP procedures to include:

“a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable to be provided to the child.” (Section 1414(d)(1)(A)(i)(IV)). NH RSA 541-A:7, ED1102 defines IEP as §300.320

30. The 2004 IDEA mandates that students with **disabilities be reevaluated** if the school determines that eligibility **or educational needs have changed** or if the student’s parents or teacher ask for a reevaluation. See 20 USC 1414(a)(2); 34 CFR 300.303(a). Somersworth did not evaluate Axel during the period of filming when they determined that he was no longer intellectually impaired. Also, under 20 USC 1414(b)(3); 34 CFR 300.304; “No single measure or assessment test or tool is to be used as the sole criterion for determining an appropriate education program for a student.” The Somersworth School District used FC, and only FC to determine that Axel was no longer cognitively disabled, and, college bound. They used FC without Parent consent; it was not included in his IEP.
31. The Idlehurst team removed Axel’s code; “mental retardation,” without any corroborating evidence, just FC, and they took him off the alternative portfolio testing, and placed him on the NECAP (New England Common Assessment Program) with full expectation that Lisa Brady’s team would continue with the FC charade, and guide Axel’s hand to NECAP scores that would prove he was on grade level. Additionally, Axel came into Lisa Brady’s program with the paraprofessional featured in the film, Jessica Sullivan, and she continued to use FC for a short period of time. If MacDonald had actually believed in FC, she would have provided the “so called” FC training with Lisa Brady’s staff since she expected it to be used with him on the NECAP testing.

32. UNH's Michael McSheehan received a grant for the purpose of developing alternative assessment systems, involving students with the most significant cognitive delays, and according to Somersworth Special Education teacher, Deb Mitchell, Michael Mcsheehan recommended that the school take Axel off the Alternative Assessment. His actions appear to run counter to the stated purpose of the grant. See Deb Mitchell email below:

"From: Deborah Mitchell
Sent: Friday, March 29, 2013 12:03P M
To: MichaelQuigley; LisaBrady; DanaHilliard
Subject: RE: A.C. Scores
Hi Lisa, It was great to see you. Thanks for stopping by. As I told you when you were here all of A's information was sent to the middle school with his special ed files. Per Michael McShehans and Laurie Lamberts suggestion we withdrew A from the alt last year and did not send in an alt portfolio with the anticipation of him testing with the regular assessment in 6th grade. Thanks, Deb"

33. **The general purpose of the conspiracy:** This case involved a conspiracy, among local and state education officials, to cover up the actions of the University of New Hampshire Defendants and the Somersworth School District Defendants related to the fraudulent production, and eventual sale of the "Axel" mini-film, being sold as part of the "Who Cares About Kelsey," teaching kit. After Brady filed complaints against the Somersworth and UNH Defendants, she was subjected or caused to be subjected to a denial of due process, and free speech, under color of State law, and actionable under **§1983**, the dates and times of those acts are provided herein. All of the Defendants reached an understanding, an conspired to deny Lisa Brady any opportunity for "meaningful" due process in the state of New Hampshire, and they did so to protect a state university. Their unlawful actions, constitutionally harmed Lisa Brady, and have resulted in an ongoing mail and wire fraud with the sale of the Axel mini film to the public. See link to purchase film, downloaded 1-17-2023.

<https://likerightnowfilms.com/shop>.

34. In *Parratt v. Taylor*, the Court held that due process requires, at a minimum: **(1) notice; (2) an opportunity to be heard; and (3) an impartial tribunal.** 451 U.S. 527 (1981). The evidence presented within this complaint will show that Lisa Brady was egregiously denied an “impartial tribunal,” from the local to the State level. *Hampton v. Hanrahan*, 600 F.2d 600, 621 (7th Cir.1979). Further, an inference could be drawn, that the alleged conspirators had a “meeting of the minds,” since all due process pleadings showed evidence of unlawful acts committed during the proceedings, as a basis to rule against Lisa Brady, a reasonable jury could infer that a “meeting of the minds,” had occurred. The facts in this case show that all of the Defendants in this case shared a common objective to deny Lisa Brady the right to have “fair,” and “meaningful” due process, to silence her speech. *“To be liable, each participant in the conspiracy need not know the exact details of the plan, but each participant must at least share the common objective of the conspiracy.” Phelps Dodge, 865 F.2d at 1541*

35. The last act of this conspiracy was August 18, 2020; when Lisa Brady was denied yet again, to have her day in in a New Hampshire State Administrative Agency, and to have her day in court. See Ex. Below.

*Please note there were also mandamus filings after the August 18th date which; would extend the date.

“Conspiracy is a continuing offense. For statutes such as 18 U.S.C. § 371, which require an overt act in furtherance of the conspiracy, **the statute of limitations begins to run on the date of the last overt act. See *Fiswick v. United States*, 329 U.S. 211 (1946);** *United States v. Butler*, 792 F.2d 1528 (11th Cir. 1986). For conspiracy statutes which do not require proof of an overt act, such as RICO (18 U.S.C. § 1961) or 21 U.S.C. § 846, the government must allege and prove that the conspiracy continued into the limitations period. **The crucial question in this regard is the scope of the conspiratorial agreement, and the conspiracy is deemed to continue until its purpose has been achieved or abandoned.** See *United States v. Northern Imp. Co.*, 814 F.2d 540 (8th Cir. 1987); *United States v. Coia*, 719 F.2d 1120 (11th Cir. 1983), cert. denied, 466 U.S. 973 (1984). **An individual's "withdrawal" from a conspiracy starts the statute of limitations**

running as to that individual. "Withdrawal" from a conspiracy for this purpose means that the conspirator must take affirmative action by making a clean breast to the authorities or communicating his or her disassociation to the other conspirators. See *United States v. Gonzalez*, 797 F.2d 915 (10th Cir. 1986). See: <https://www.justice.gov/archives/jm/criminal-resource-manual-652-statute-limitations-conspiracy>."

36. All Defendants conspired, as evidence through concerted action, "*to accomplish an unlawful purpose, or to accomplish some purpose not in itself unlawful by unlawful means.*" See *Jay Edwards, Inc. v. Baker*, 130 N.H. 41, 47(1987).

"To be liable, each participant in the conspiracy need not know the exact details of the plan, but each participant must at least share the common objective of the conspiracy." *Phelps Dodge*, 865 F.2d at 1541.

37. Brady's claims are facial plausible because they include factual content "that allows the court to draw the reasonable inference that the defendants are liable for the misconduct alleged." See *McCadden v. City of Flint*, Case No: 18-12377, 3-4 (E.D. Mich. Apr. 12, 2019) quoting *Ashcroft v. Iqbal*, 556 U.S. 662, 678 (2009).

38. *"To be liable, each participant in the conspiracy need not know the exact details of the plan, but each participant must at least share the common objective of the conspiracy."* *Phelps Dodge*, 865 F.2d at 1541.

39. Lisa Brady does not have evidence of a formal agreement among the Defendants however;

"A formal agreement is not necessary; an agreement may be inferred from the defendant's acts pursuant to this scheme or other circumstantial evidence." See *United States v. Clevenger*, 733 F.2d 1356, 1358 (9th Cir. 1984). *"To be liable, each participant in the conspiracy need not know the exact details of the plan, but each participant must at least share the common objective of the conspiracy."* *Phelps Dodge*, 865 F.2d at 1541.

40. It is material, that to date, not one of the Defendants has stepped forward to admit their part, in a scheme to sell a fraudulent film. The Defendants in this case are protected by the State of New Hampshire Attorney General's Office which; is why none of them have complied with NH Rev Stat § 629:3 III conspiracy, which states:

“It is an affirmative defense to prosecution under this statute that the actor renounces his criminal purpose by giving timely notice to a law enforcement official of the conspiracy and of the actor's part in it, or by conduct designed to prevent commission of the crime agreed upon.”

41. Michael McSheehan knew that Axel used FC, and said nothing about its' use within the film, and he knew or should have known that FC was not considered an AAC, or included in Axel's IEP. He stated:

Film @15:18: “For **a student who was perceived to be low functioning, non-verbal** ...through AAC, Axel has been able to actually show that he's bilingual, bi-literate, can learn grade level curriculum and can excel in engagement with kids without disabilities.” **See Axel film.** See:

42. The above document is a copy of Axel's record release from Somersworth to Michael McSheehan which; meant that he knew or should have known that Axel's cognition was at a pre-school level. See sealed exhibits 1&2 attached to August 11, 2023 complaint. Also, see number 20 above, the *International Society for Augmentative and Alternative Communication's* (ISAAC) position statement: "FC cannot be regarded as a valid form of AAC and its use in clinical practice is strongly discouraged by the Centre for AAC." McSheehan's only evidence that Axel was "college-bound," was through FC. His acts were committed with intentional negligence.

43. **MOTIVE:** The state of New Hampshire had, and continues to have a vested interest in continuing to allow the sale of "Axel," because calling public attention to the criminal act might prevent them from obtaining future educational grants, or from having to pay back the money they robbed from tax-payers to produce 'Axel,' and it would attract unwanted negative publicity. The UNH IOD has obtained hundreds of thousands of dollars in State and Federal educational grant funds, and providing Lisa Brady with justice would come at the expense of looking bad, and potential loss of future grants. They would much rather destroy Lisa Brady's career, and deny her due process than publicly admit what they did.

44. Dan Habib's film release (see below) did not include permission for Somersworth and UNH to use facilitated communication, to make up a story about his family, his interest, or his abilities. See release below. UNH was permitted to use Axel's "name, voice, and image." The use of FC was not authorized in his IEP, they had no right to be using it with Axel. The film did not include speech generated by Axel, as attested, the statements originated from the Idlehurst staff, shown working with him in the film. They did not offer the public an "innovative" research-based technique, as most Americans would expect, as a condition of accepting a grant award. The Somersworth and UNH Defendants egregiously violated Axel's privacy, using a technique that can be scientifically compared to a Ouija Board. The film

is actually evidence of a crime, and captured a civil rights violation for the world to view, and it continues to sell to the public. The public that has no idea that a sequel to the film, would reveal how local and state educational officials, educationally neglected Axel, and then destroyed his teacher's career after she reported his abuse.

I [REDACTED], give Dan Habib, UNH, and The National Center and State Collaborative (NCSC) the irrevocable right to videotape and interview [REDACTED], and use his/her name, voice and image in their documentary film project. I understand that this video and interviews may be part of videos and a documentary film that will be made widely available to the general public as a film, website and in other media.

I release and discharge Dan Habib, DH Photography LLC, the Institute on Disability, UNH, The National Center and State Collaborative (NCSC) and all parties designated by the above from any and all claims and demands arising out of or in connection with the use of this student's spoken words and/or photograph, including any and all claims for libel, privacy, or emotional distress. I am 18 years old or older. I have read the above and fully understand the contents.

THE TRUTH SLIPPED OUT

45. Axel's most recent psychological evaluation, completed within a year of filming Axel, indicated that had **"significant receptive language abilities,"** and was working on **"joint attention,"** and **"learning how to learn."** He presented behaviorally and cognitively like a toddler, and the psychologist's report supports this fact. See *Sealed exhibits one and two entered into August 11, 2023 complaint*. The sealed documents prove that Axel was not "college bound," and functioning academically on grade level, like his same aged peers.

THE TRUTH HAS SLIPPED OUT

46. After Lisa Brady sent Mayor Dana Hilliard a link to the Axel film, he stated his opinions about the those involved with making the film:

----- Forwarded Message -----

“Subject: Re: AXel
Date: Thu, 11 Jul 2013 12:07:05 -0400
From: Dana Hilliard <sshilliard@hotmail.com>
To: Lisa Brady <lisa.brady@comcast.net>

They should be ashamed of themselves. It amazes me how greed and self promotion has no limits. Keep doing what you are best at, you are making a difference. D. Sent from my iPhone”

47. **On January 4, 2019**, Somersworth School Administrator and Mayor, Dana Hilliard testified to the following during a deposition with Lisa Brady on January 4, 2019:

Brady: On Page 5 within my termination decision, the board referred to my belief that the public film which falsely portrayed student as an alleged mischaracterization. Were the student's abilities as able to complete grade level work and college bound an accurate portrayal of the student's abilities? The film in question portrayed him as working on grade level and college bound, and I'm asking you if that's a mischaracterization.

Hilliard: Oh, I'll repeat because I've stated that before, Lisa. I mean, you and I have had discussions on that. I did not agree with -- I've never disagreed with you on that. I -- I did not agree with the film's characterization.”

48. **UNH's MARY SHUH ADMITTED THAT AXEL USED FC IN THE FILM:** In an email that shows conspirator intent, from Mary Shuh to Dan Habib, she addressed, people “in the know;” meaning those that get the subtle clues that FC was used in the film, those that “know” the film is a fraud. She sent an internal email to Dan Habib, and complained about a Slate Magazine news story that was written by David Auerbach, that *spilled the beans* on UNH's fraud. The email also shows an intent to smear Lisa Brady's reputation within a public (RTK) email system, solely based on Brady's right to report the truth to the public, without fear of retaliation, as stated:

On November 19, 2015 UNH IOD's Assistant Professor Mary Shuh sent the following email to Dan From: Mary Shuh <Mary.Schuh@unh.edu>
Date: Thursday, November 19, at 7:10 AM
To: Dan Habib dan.habib@unh.edu
Subject: RE: letter to the slate editor

Continuing the conversation-See my response

Thanks Dan. This input was exactly what I was hoping for and it is much cleaner and clearer. **Three thoughts I worry about stating that the Axel film does not portray FC-Axel used FC and while WE don't say anything about it, when people "in the know" review the film, they know it is FC.** What about this change in the text: The video "Axel" does not, as the article claims, focus on an approach called facilitated communication. (I changed 'portray an approach' to 'focus on an approach'). I think it's important to correct the impression that the film was somehow about FC. We would specifically comment on the photo caption that said Michael was overseeing FC training and make it clear that Michael was doing no such thing- and say what he was actually doing. Michael would have to write that. Yes-this makes sense

Might there be some merit to exposing Lisa Brady's claims that she lost her position because of the film and linking her fighting her right for DNA testing and her original exploitation about losing her position? She didn't lose her job bc of the film, she lost her job, if I recall, for not correctly implementing an IEP (and being crazy of course) or something along those lines. Although Lisa Brady is mentioned in the article, and we know she's a big source of the background info, she's not a big part of the article. I don't think trying to discredit her in this letter is a good idea. This letter should just be about discrediting the reporting. **I think we'll have more success with Brady if we can get UNH legal to go after her directly- I think the only chance of stopping her is getting some legal muscle pushing her back and make her concerned about UNH legal action.**

Legal advice I have received about cease and desist says "When you think things can't get worse, they always can and that cease and desist would escalate to a whole new set of accusations about us trying to limit her right to free speech etc..."

Would it be worth mentioning that Aurbach is continuing to tweet inaccurate content from the article? Sure, if you can point to something specific that is inaccurate. The CV thing was not necessarily inaccurate, it was more about him trying to be sensational and foster speculation of a 'cover up.' The good news is that nobody is paying attention to his tweets except a few weird gamers, Perhaps it will slow down...

I just got off the phone with XXXXX who is beyond furious. She would like us to include a statement in our response about XXXX being misrepresented. She also spent a lot of time talking about how SWIFT has basically given her the message that SWIFT doesn't care about her kid or kids like XXXX

See Auerbach news article at: <https://slate.com/technology/2015/11/facilitated-communication-pseudoscience-harms-people-with-disabilities.html>

49. Pam MacDonald testified to her part in a scheme to defraud when she testified at Brady's termination hearing as follows:

Ms. Brady: When student suddenly became college bound, what was this based on? Was it based on anything other than facilitated communication?

Pam MacDonald: I don't believe so. I think that the movie, when they were talking about that, was based on inclusion. (Ex SB transcript p. 327)

50. Habib's film boasts that "Axel" was fluent in both English and Spanish. At Lisa Brady's termination hearing, Dana Hilliard testified as follows:

Brady Q. Do you recall Axel's mother saying that she never speaks Spanish in the home with her kids?

Hilliard A. Yes.

51. UNH IOD's Director, Charles Drum, knew or should have known, back in November of 2015, that the Axel film was a fraud, and taken steps to correct the criminal actions of his staff. Stephen Calculator, former head of UNH's Communication Sciences and Disorders, tried to set him straight, as evidenced within the email below, as stated:

From: Drum, Charles
Sent: Friday, November 20, 2015 3:10 PM
To: Calculator, Stephen
Subject: Assessment

Hi, Steve-

Thank you for not responding to the Slate piece. I think this will give IOD the impetus to clarify our stance on FC and it has been a long time coming.

Have you watched the Axel film? <http://www.youtube.com/watch?v=hsES61i8i-Q> Since FC is not my area, **I'm trying to get a sense of whether it's reasonable to come to the conclusion from a lay person's perspective that FC is present in the film. Would an expert conclude that there's FC in the film?** The Slate article states: "Harvard's Howard Shane documented the tricks and deception for me in detail, concluding, 'They only made a few mistakes in editing, but the truth does come out.'" I see the occasional hand on wrist, but don't know what I should be looking for.

Any chance we can talk about this?

Thanks.

From: Calculator, Stephen
To: Drum, Charles
Subject: Re: Assessment
Date: Sunday, November 22, 2015 12:01:30 PM
Hi Charles,

Sure, I would be happy to discuss this with you, preferably after the Thanksgiving break. In viewing the video, **I believe most individuals with knowledge of FC would identify its use in this segment.** There are segments with peers as well as the SLP that show them providing support to enable him to isolate an index finger and point. There are also buzz FC sentences and phrases about assuming competence, planning for college, "independent typing", etc. At one point, Axel is quoted saying something like, "I want to talk...to type." **To be honest, the first time I saw the video I questioned the sincerity of the production.** There are several shots of Axel typing /pointing where his hand is shown in isolation and we don't know whether or not he is being facilitated because, if so, the support is off-camera.

I hope this helps for now,

52. On January 4, 2019 Somersworth Speech Pathologist Robin Scott was deposed and the following testimony ensued: Please note ASHA (American Speech-Language Hearing Association)

Lisa Brady Q. Do you believe that student's academic abilities were grossly mischaracterized in the public film?

Robin Scott A. Yes.

Lisa Brady Q. Would you ever use facilitated communication with a student?

Robin Scott A. It's not sanctioned by ASHA.

Lisa Brady Q. So that's no?

Robin Scott A. No. That's no. I'm sorry.

FINALLY, UNH NO LONGER PURSUING FC??

53. The UNH Institute on Disability did not stop their association with FC until after the Axel film was being sold to the public, five months after Lisa Brady had been terminated from her employment with the Somersworth School District. UNH IOD made the following proclamation:

Behavior & Belief

Facilitated Communication: The Fad that Will Not Die

Stuart Vyse, May 11, 2015

Column Update: Recently, I was contacted by Charles Drum, PhD, Director of the Institute on Disability (IOD) at the University of New Hampshire. He read this article, which mentions that the institute was a supporter of the discredited therapy, facilitated communication (FC), and he wanted me to know that after lengthy discussion, the institute had decided in December of 2015 to sever itself from FC. Here is the IOD's official statement:

"Historically, the IOD has engaged in research and training activities related to FC. These activities were never a substantial part of our work and have waned considerably in recent years. The IOD is no longer providing resources or pursuing activities related to FC."

I am grateful to Charles Drum for letting me know about this change in policy at IOD and happy to help spread the word that the institute is no longer promoting this pseudoscientific therapy.

See: <https://skepticalinquirer.org/exclusive/facilitated-communication-the-fad-that-will-not-die/>

54. The U.S. DOE administrator of the NCSC grant, Susan Weigert, was concerned that UNH used FC within the film, because the University had a reputation for believing in pseudo-science.

Subject: FW: Education Grant Fraud

Rachel,

What do you know about the claim, below, concerning facilitated communication? I supplied our Deputy Director, Ruth Ryder, with this film, and would not want the department to appear to be endorsing something that was not at least a promising practice with some evidence. Can you provide an opinion on whether the Habib clips we received actually depict 'facilitated communication', and whether you believe any of the claims suggested by the clip about Axel might not be supportable?

I would appreciate hearing from you today if possible so that we can take action quickly if need be. Thank you so much for your support in this Rachel.

AXEL'S TRANSITION TO SOMERSWORTH MIDDLE SCHOOL

55. Axel transitioned into Lisa Brady's Middle School program in July of 2012, and Dan Habib had not yet finished filming. UNH made no attempt to contact Brady, or request an interview with regard to his transition See email evidence below that Axel was Brady's student during the end of filming:

From: "Habib, Dan" <Dan.Habib@unh.edu>
Date: September 6, 2012 8:44:41 PM EDT
To: Deborah Mitchell <dcmitchell@sau56.org>, Michael Quigley <mquigley@sau56.org>, Jolene Francoeur <jfrancoeur@sau56.org>, "mdavis@sau56.org" <mdavis@sau56.org>
Cc: "McSheehan, Michael" <Michael.McSheehan@unh.edu>
Subject: interviewing you about Axel

Hi Deborah, Mike, Meghan and Jolene,

I hope your school year is off to a great start!

Michael and I have been chipping away at the Axel film work and I'd like to do short interviews with each of you (20-30 minutes max) as part of the material for the film. You saw how I used some of the short interviews in the Thasya film with Caroline, Laura and Holly. I'd probably just use a minute or so from each interview but we'll need to talk a while to cover some ground.

I've blocked off some time to interview Michael McSheehan next Wednesday, 9/12, and would like to do the interview at Idlehurst so it has that 'school atmosphere.'

Would it be possible to get about 20 minutes of each of your time that day, ideally between 10:30 and 12:30 or 2:30-4? I'm also hoping to catch up with the paraprofessional that worked with Axel and his general ed teacher last year. I don't have their names and emails — could one of you pass those along to me and I will reach out to them as well?

thanks, just let me know what time frame works for each of you.

thanks in advance,

Dan

56. **July 18, 2012** Pam MacDonald sent the following email to Brady; which confirmed that she was fully invested in the agreement with UNH to continue to pretend that Axel was "*very intelligent*." She advised

Brady to collaborate with the Idlehurst School staff, featured within the film, and fabricating Axel's abilities using FC.

From: Pam MacDonald
Sent: Wednesday, July 18, 2012 7:57 A
To: Lisa Brady
Cc: Dana Hilliard
Subject: Student

Dear Lisa,

You are at the top of my to do list today! I hope your summer is going well and even though you have been working, you have been able to enjoy this wonderful weather we have been having. In regards to AC (the little guy who is moving up from Idlehurst), my question would be did you and his case manager sit down and plan out his year at SMS? Also, did you and his case manager sit together and write the IEP so that it would be tailored to SMS? His team at Idlehurst was quite large. **He transferred to us mid year from Rochester. We had several meetings with Rochester to plan his day at Idlehurst. He has made leaps and bounds from where he began with us. Jolene Francoeur, ESOL teacher at Idlehurst discovered not only can he speak Spanish, but he can read Spanish as well. She also was able to figure out his ability to communicate. Service providers were treating him as if he was at a much lower ability level, when in all actuality, he just needed a means to communicate as he is very intelligent.**

My advice to you would be to contact Kim Heald. She is the behavior advisor we contract with at Idlehurst. She did a lot of work with him and may be able to assist you with understanding how best he works. Another person you need to contact would be Meghan Davis; SLP at Idlehurst as she worked very closely with him. Jolene would also be an informative person to contact in regards to him as he is also ESOL. I am not sure if he made the cut on the WIDA placement test or if he is a monitor. That will be information the new ESOL teacher will need as well.

At this point, I would say you need to heed what the IEP says. If it hadn't been such a comprehensive team; I would have concerns, however I know how hard everyone worked to make sure he had what he needed. I caution you on using Dr. Guare as the budget is very tight. Last year, that piece of the budget went in the red by approximately \$20,000. This cost needs to be run by your building administrator and myself. I want you to know that if Dr. Guare is needed to consult, then we will use him, however we need to be conscious of the fact that we need to adhere to the budget also. If you would like we could meet and discuss this further. I hope you have a wonderful day!

Thanks!

Pam

******See number 49 above, Hilliard testimony under oath that Axel's mother did not speak Spanish in the home.**

57. On July 19, 2012 Lisa Brady replied back to Director MacDonald and stated, in part:

From: Lisa Brady
Sent: Thursday, July 19, 2012 9:48 AM
To: Pam MacDonald

Cc: Dana Hilliard

Subject: RE: Student

Hello Pam,

Our staff at the middle school is highly motivated and extremely capable of working with STUDENT. [REDACTED]

[REDACTED] Dr.
Guare has always been a huge help and I would have to give my team an A+ for follow through. [REDACTED]

[REDACTED]
It is actually related less to behavior and more to academic/behavior. For instance, we were told that STUDENT was gifted in math however; I am not a big believer in facilitated communication, which is what they have been using to support their data. Though adults have good intent, they do not always recognize that they are guiding the student to the right answer. [REDACTED]

[REDACTED], I don't believe the feedback that I have received about his academic ability. **There is no researched based information to support facilitated communication is an accurate accommodation to support student knowledge.** I will believe it when I see him do it himself using methods other than facilitated communication. There is however; ample evidence to support that it is a 'primitive belief system,' not unlike a weegie board. There have been many well-meaning educators that have utilized this method and in the end, the student was actually not doing the task at all, the adult was. [REDACTED]

Lisa

58. **On July 19, 2012** Lisa Brady put Pam MacDonald on notice about the liability issues with regard to the use of FC.

Subject: More to think about! Subject: More to think about!

Date: Thu, 19 Jul 2012 21:12:08-0400

From: Lisa Brady lisa.brady@comcast.net

To: pmacdonald@SAU56.ORG, dhilliard@SAU56.ORG

What happens when the parents of an autistic student realize that their child is not nearly as smart as they had been lead to believe by a school district, based on the use of facilitated communication? With Regard to Facilitated Communication, the following questions and position statements were noted in a report from the MADSEC (Maine)

Autism Task Force Page 38 and 67

"Are school personnel liable for using experimental techniques for which there is no scientific basis when they may result in serious emotional and financial damage to the family?"

“Are the rights of the child violated by depriving her of an appropriate education because of the use of this technique?” (Bligh and Kupperman, 1993).

At least five respected organizations have issued position papers on facilitated communication. American Psychological Association: “APA adopts the position that facilitated communication is a controversial and unproved communicative procedure with no scientifically demonstrated support for its efficacy” (1994).

American Academy of Child and Adolescent Psychiatry: “FC is not a scientifically valid technique for individuals with autism or mental retardation. In particular, information obtained via FC should not be used to confirm or deny allegations of abuse, or make diagnostic or treatment decisions” (1994)

American Speech-Language-Hearing Association: “Facilitated communication may have negative consequences if it precludes the use of effective and appropriate treatment, supplants other forms of communication, and/or leads to false or unsubstantiated under which it may be used with benefit, its use is unwarranted and unethical” (1995).

American Association on Mental Retardation: “The American Association on Mental Retardation does not support the use of this technique [FC] as the basis for making any important decisions relevant to the individual being facilitated without clear, objective evidence as to the authorship of such messages” (1994).

Association of Behavioral Analysis: “it is the position of the Association for Behavior Analysis that FC is a discredited technique. Because of the absence of ample objective, scientific evidence that FC is beneficial and that identifies the specific conditions

Conclusions

Accumulated peer review, empirically-based research studies have not supported the effectiveness of facilitated communication. Equally important, the research has substantiated the potential for great harm (Foxy, 1995; Margolin, 1994, Myers, 1994). Researchers may consider further investigation using research protocols, with particular care to protect subjects and their families against harm. It is not recommended that professionals consider the use of facilitated Communication. References/Facilitated Comm.

59. **On August 1, 2012,** Lisa Brady had worked for Somersworth for four full years at the time the following

email was sent by Jeni Mosca. Brady did not become a problem until she stood up for Axel.

From: Jeni Mosca Sent: Wednesday, August 01, 2012 1:58 PM

To: Lisa Brady

Subject: Thanks

Dear Lisa,

I have to say you are one of the most creative, passionate teachers I have ever encountered. Your willingness to make learning real, fun and alive goes above the call of duty. I want to thank you for inviting me to your Emmy award winning presentation today.

We are very lucky to have you!!!

Thanks,

Jeni

Jeni A. Mosca

Superintendent

S 56-Somersworth/Rollinsford

West High Street
Somersworth, NH 03878
(603)692-4450

60. **On August 27, 2012**, three weeks before the end of filming, Lisa Brady sent Somersworth Special

Education Director Pam MacDonald the following email:

From: Lisa Brady
Sent: Monday, August 27, 2012 4:50 PM
To: Pam MacDonald
Cc: Dana Hilliard
Subject: Axel

Hi Pam,

I had Axel read two simple comprehension passage (1st or 2nd grade level) and then I read it out loud to him, emphasizing the information I was going to test him on. I did this with Jesica out of the room so that she would not have any idea what the story was about. Axel answered all questions with hand-over hand assist from Jesica, as he did last year in his classroom, and on two separate passages (5 questions then 6) he only got one question right. The question he happened to answer correctly was the name of the dog and that information had been given in the first question so that Jessica would have known the answer.

It is called the "savior syndrome,".... well-meaning people who want so badly to believe a student is not disabled and they help without knowing they are guiding the student to the answer. **We are in a position where we need to change the iep back to alternative portfolio and off the NECAPs. Also, hand over hand assist is not written in the IEP as an accommodation or modification.** I also found a psychological evaluation from last October and the school psychologist said that Axel's receptive skills were significantly impaired. Bill White wrote a report on Axel last September and it corroborates everything we were seeing with Axel over the summer. I found Bill's report to be informative and full of the kind of information that should be in the iep.

Let me know your thoughts,

Lisa

61. **August 31, 2012**, Lisa met informally with Axel's mother and she indicated that she never believed in the

FC as stated:

Informal meeting with Axel's parents: 8/31/2012

Present: Heilen [REDACTED] Shawn [REDACTED] & Lisa Brady (sped. Teacher)

Axel's parents stopped by the school-[REDACTED] I

Asked Mom and Shawn: What were their feelings with regard to Facilitated Communication
Heilen "never believed it." I let them know that I didn't either. I asked them if they believed he was on grade level and they said they didn't believe any of that in Rochester. I explained that [REDACTED]

Mom said her mother was going to be relieved when she tells her, we agree that Axel is not doing the writing. They have tried hand over hand assist and he never wrote anything. They were very upset that the Elementary school got the state after her last year and she and shawn tried to explain that Axel could not write.

Shawn: "So basically they wasted his time sticking him class all day?"

LB will get some dates from the team and return a call to the family.

62. Lisa Brady put Pam MacDonald on notice that Axel's mother did not believe any of the information that they used through facilitated communication (please note Brady mistakenly used the word functional communication which; has nothing to do with FC.

From: Lisa Brady
Sent: Friday, August 31, 2012 11:24 AM
To: Pam MacDonald
Cc: Dana Hilliard
Subject: IEP

Hi Pam,

[REDACTED] His parents stopped by the middle [REDACTED] that they never believed in functional communication [REDACTED] It was a relief to speak with them because they actually view Axel's abilities much the way that we do at the middle school. [REDACTED]

Let me know any times you may have available.
 Thanks,
 Lisa

63. **On 09-02-12**, Ten days BEFORE Habib's last day of filming, Brady filed a grievance against Special Education Director, Pam MacDonald, over the use of "Facilitated Communication" (FC) with student Brady stated, in part, the following:

- Pam MacDonald has established a hostile environment in providing a Free and Appropriate Public Education (FAPE) to AC by:
- Failing to address my repeated communications both verbally and by e-mail concerning the implementation of a FAPE for AC
 - Directed me to conform to an IEP that does not provide AC with a FAPE

- Stated she would not approve an evaluation despite one not having been completed within the Somersworth School District and the current language evaluation being well over three years old.
- Adopted and directed implementation of an IEP that does not list facilitative communication as a specific communication support service for academics of district wide assessments yet, she expects it to be utilized.
- Adopted an IEP without any academic goals, for a sixth grade autistic student that does not have basic alphabet and number recognition
- Authorized the use of a communication method (facilitative communication) that is known to be highly controversial and not condoned by the student's parent (*see page 7-8 for professional organization position statements with regard to facilitative communication)
- Failed to consider information from testing at Somersworth that shows the facilitative communication is not working.
- Used functional communication as the sole criteria for developing AC's IEP (See§ 300.304 Evaluation procedures) and did not consider other criteria (e.g.academic, self help). This conflicts with 34 CRR §300.304 Evaluation Procedures. (*See p. 9-10 for applicable CFR requirements). See Exhibit 10 below.

SOMERSWORTH'S FIRST OVERT ACT

64. **On or about 9-05-12**, Assistant Superintendent, Bob Marquis, directed Brady to withdraw her grievance or risk termination of her employment. The Somersworth School District's coercive, and threatening reaction to Brady's complaint was in retaliation for speech. Teachers are mandated to report abuse, and Brady presented evidence that her student had been educationally neglected by the Idlehurst staff, and that he was the victim of an "intentional false light" portrayal in a public film, and Somersworth responded by constitutionally injuring Brady. See N.H. Rev. Stat. Ann. §§ 169-C:3. It is material that this, first of many events, happened one week before Dan Habib finished filming, and that they still chose to publish the film. It was the first overt act, in a conspiracy to deny Lisa Brady due process, and free speech.

65. **On 9-6-2012** Pam MacDonald summoned Lisa Brady to an impromptu meeting at Idlehurst Elementary School, and attempted to force Brady to use FC with Axel. Brady asked middle school speech pathologist, Robin Scott, to join her for that meeting because she suspected they were going

to try and pressure her to unlawfully use FC with Axel, because it was not in his IEP. At that meeting, Pam had the Idlehurst team, go around the table, and each of them spoke about the miracles of FC. They made the same phony claims that they did within the film. It is material that Pam MacDonald left the meeting, and had to look up whether Axel had FC in his IEP. It showed neglect; that she would allow him to be filmed using FC, against his mother's wishes, and then insist that her employees use the technique. See Brady's notes taken during that meeting.

66. **On September 12, 2012**, the final day of filming 'Axel,' Lisa Brady sent the following email to Superintendent Jeni Mosca warning her about the district's liability based on a fraudulent film, and Jeni Mosca acknowledged that email. The email below is evidence that shows that Somersworth was put on notice, that if they didn't stop the production of the film, they would be in legal jeopardy. Jeni Mosca acknowledged Lisa Brady's email with a "thank you," and took no corrective action. It showed willful, wanton, and egregious intentionality. It was evidence of a conspirator relationship between UNH and Somersworth, to falsely portray Axel in the film, egregious, willful, and wanton.

September 12, 2012

Dear Jenny and Bob,

Dictionary.com defines integrity as; "adherence to moral and ethical principles; soundness of moral character; honesty." Integrity lays the foundation for respect and responsibility, a PBS message that we relay to our students on a daily basis.

Yesterday at school, Jessica Sullivan received an e-mail from Mike Quigley explaining that Dan Habib would be coming to Idlehurst in order to videotape her with regard to AC's transition. I did not get an e-mail from anyone about appearing on the video and I am assuming that Mr. Habib is not interested in my opinion.

I have made two requests with Pam MacDonald (**she has not responded either time**) for a language evaluation with Dr. Calculator and I am now requesting an evaluation with Dr. Guare **with regard to AC's cognitive abilities**. The district has supported Dr. Guare's involvement in my program with regard to other students that present like AC. As a district that participates in PBIS, I know that we

would want to ensure the integrity of our actions. **I also know that our district would not support publicly portraying a student in a misleading way, especially knowing the potential liability that would exist.** An evaluation would allow the district to have insight into AC's actual abilities so that we can move forward with our integrity intact.

Last week I was invited to Idlehurst Elementary for a meeting with regard to AC and his communication abilities. Under the premise of discussing my student's communication needs, I was shamed and humiliated for having a different opinion. Given that AC's full middle school team was not invited, it is logical to conclude that it was purposeful and that I had been targeted.

I am in the process of setting up an iep meeting for AC and would like to address both of these evaluations at the meeting.

Thank you for your time and have a good day.

Lisa

Subject: RE: AC

Wednesday, September 12, 2012 7:22 AM

Hi Lisa,

Thank you for sharing.

Jeni

Jeni A. Mosca, Superintendent SAU 56-Somersworth/Rollinsford 51 West High Street Somersworth, NH 03878 (603)692-4450

67. The sale of 'Axel,' as part of the 'Who Cares About Kelsey Teaching Kit,' is an ongoing mail and wire fraud crime. See Aug. 11 Com., Sealed rec. 1&2 which; prove Axel's low cognition. Despite Lisa Brady's pleading with the Somersworth School District; to look at ALL Axel's records that supported low cognition, to look to FC's lack of science-evidence based backing, to heed medical and professional advisements against its' use, to consider that Axel's mom did not believe in FC; and that it was not in his IEP, the Somersworth School District disregarded all of that and chose to act in concert with UNH; to move forward with selling the film. The Somersworth Defendants and the UNH Defendants had a legal duty to protect Axel from being publicly exploited, and they breached that duty when they showed they had no intentions of correcting the record. A reasonable jury would infer that **the UNH and the Somersworth Defendant had a meeting of the minds to intentionally**

exploit a student. They acted under color of state law, *they were* “willful participants in joint action.”

Dennis v. Sparks, 449 U.S. 24, 27-28, 101 S.Ct. 183, 66 L.Ed.2d 185 (1980).

SOMERSWORTH SECOND OVERT ACT

68. **On April 1, 2013** Brady filed a second complaint against MacDonald on April 1, 2013. See Ex. 4 original complaint 8-11-23. She once again brought up claims related to Axel’s false light presentation using FC in the film.

“In this grievance, the facts will support that the written warning constitutes defamation of Lisa Brady’s character. It will show that the information contained in the 3/22/13 written warning to her is inaccurate and that her abiding by the directives that Pam MacDonald is referring to would have placed Lisa Brady in the position of violating her student’s civil rights. It will also show that she had repeatedly advocated on behalf of her student, and that the actions of Pam MacDonald are in retaliation to this advocacy.

The Idlehurst Elementary School adopted a highly controversial communication method (Facilitated Communication) to make decisions about the Student’s ability to take the NECAPS. Because the technique is so highly controversial, The American Pediatric Society recommends that the use be limited to research.¹ ASHA’s (American Speech-Language-Hearing Association) Code of Ethics states that, “*Speech-language pathologists should inform prospective clients and their families or guardians that currently the scientific validity and reliability of facilitated communication have not been established, and should obtain their informed consent before using the technique.*”² The IEP did not include parent consent for the use of facilitated communication and the NECAP accommodations did not list the use of facilitated communication as an option under “Other,” See Ex.4 Orig. Compl.

69. **On or about April 2, 2013:** Assistant Superintendent, Bob Marquis, once again approached Lisa Brady and informed her that that if she did not withdraw her complaint, her employment would be terminated. Jeni Mosca likely used Bob Marquis to make threats on behalf of the district because

she knew that he had a good working history with Brady. She was his direct supervisor, and responsible for his actions.

An individual can be held liable for Section 1983 liability if he personally “participated in violating [another’s] rights, or . . . directed others to violate them or . . . had knowledge of and acquiesced in his subordinates’ violations.” Baker v. Monroe Township, 50 F.3d 1186, 1190-91 (3d Cir.1995); Walker v. North Wales Borough, 395 F.Supp.2d 219 (E.D.Pa. 2005).

Once again, Bob Marquis reminded Lisa Brady how much she liked working with her students. This time, he encouraged her to write a shortened version of her complaint, and to place it within her employment file. The Somersworth School District was again conditioning Brady’s employment of remaining silence about the School District’s involvement with a criminal act, and the exploitation of her student, and, in doing so, violated Lisa Brady’s rights to free speech, and due process.

70. As Axel’s teacher, Lisa Brady’s advocacy, standing up to Somersworth school administration, was protected under the Rehabilitation Act. See “*Weber v. Cranston Sch. Comm.*, [212 F.3d 41](#) (1st Cir 2000), and *Settlegoode v. Portland Public Schools*, CV-00-313-ST, (D. Or. Jan. 31, 2002. Brady’s speech was a matter of *public* concern which; the Connick Court held protected speech “as relating to any matter of political, social, or other concern to the community.” Connick, 461 U.S. at 146, 103 S.Ct.

1684. A local school district and State University’s exploitation of a child, within a public, film, paid with state and federal grant funds, is most definitely a matter of public concern.

71. The UNH Defendants and the Somersworth School District Defendants participated in the § 1983 conspiracy when they reached an understanding that they would falsely portray Axel in a film for profit, while using state and federal education grants. They knew that Axel was cognitively delayed, and were responsible for the intentional lies reported about his abilities to the public, they did so in order to sell his film for profit.

THIRD OVERT ACT

72. Dana Hilliard as Principal of Somersworth Middle School, and Mayor of Somersworth had the power, and the means to conduct a procedurally correct process to determine if Lisa Brady had violated an RSA statute. If he seriously thought that Lisa Brady had violated an RSA statute, he should have afforded her meaningful due process, by allowing her to present witnesses, and to defend herself before accusing her, in writing, of committing a violation of NH RSA 141 H: 2. He called Brady into his office, issued her a letter without any procedural opportunity to defend his findings, and stated that she had violated NH RSA 141 H2. He determined that she violated the law without **a complaint, without any corroborating evidence, without a complaining witness, or any witnesses, without a police report, without evidence of a filed laws suit, or a court order** to indicate that Lisa Brady committed a violation of the DNA statute. He issued his findings based solely on his opinion, at a time when upper administration was looking to retaliate against Brady. Principal and Mayor Dana Hilliard committed an intentional defamation of character. His actions were outrageous and part of a pattern of a denial of “fair” and “meaningful” due process, that began after Lisa Brady reported UNH and Somersworth’s involvement with fraud within the Axel film in September of 2012. Hilliard acted as judge, jury, and executioner when he determined Brady violated the law. See August 11, 2023 compl. Ex.5.

73. Hilliard’s March 10, 2013 stated:

“I am issuing you this letter of reprimand based on your lack of professional conduct as demonstrated by your failure to maintain proper boundaries, in violation of state law, and its resulting impact on our ability to effectively manage the personnel working with our students. As you know, you have admitted that you had the bodily materials of a paraprofessional subjected to genetic testing. You informed us that you believed that your subordinate engaged in inappropriate activity’. Accordingly, you admitted that you unilaterally took items that you believed contained the DNA of the subordinate to undergo genetic testing. You admitted that you did not have the prior Written and informed consent from the paraprofessional to have such testing done. Moreover, you have announced to

others that you had the genetic testing done on the subordinate and have repeatedly attempted to announce to others the results of such testing without the prior Written and informed consent of the subordinate. As such, this conduct, which represents a serious breach of a staff member's privacy, violates RSA 141 -H: 2. Moreover, your unprofessional conduct has been highly disruptive to our ability to manage the personnel working with and on behalf of our students. As a special education teacher, you are expected to demonstrate effective leadership in your relationships with personnel, whether they be administrators, other teachers or paraprofessionals. Your continued failure to abide by the standards demanded of your profession may lead to your dismissal. See <https://nhjournal.com/hostile-somersworth-mayor-leaves-school-job/>

76. **On the same day that Dana Hilliard issued the letter,** Lisa Brady sent the following email:

Subject: **False Accusations** Date: Mon, 10 Mar 2014 20:41: 47 -0400 From: Lisa Brady lisa.brady@comcast.net. To: dhilliard@SAU56.ORG, jmosca@sau56.org, ksegal@sau56.org, vhahn@sau56.org, pmacdonald@SAU56.org

Dear Principal Hilliard,

Additional statements for the record: Excerpts from the reprimand with my responses:

As you know. You have admitted that you had the bodily materials of a paraprofessional subjected to genetic testing. I have made no such admission. I have admitted that I had two items of my own personal property tested to determine if DNA existed on them other than my own, and if the same DNA were present on both of MY items. Whose bodily materials were present is purely subject to conjecture Accordingly, you admitted that you unilaterally took items that you believed contained the DNA of the subordinate to undergo genetic testing Again, the implication here is that I took something that was not mine. I have repeatedly stated that the items involved were mine. Whose DNA I believed to be on them is irrelevant. Since I was not conducting tests on a person, the requirement to gain permission from these does not exist. The name was listed as unknown. Moreover, you have announced to others that you had the genetic testing done on the subordinate and have repeatedly attempted to announce to others the results of such testing without the prior written and informed consent of the subordinate. **Again, a complete fabrication.** I have announced that I had testing done on a cup and a badge, the results of which do not point to any individual. They are anonymous DNA samples some of which match from the coffee cup and badge. The sources from the items is unknown for any scientific or legal purpose. Most importantly, I sought guidance from Principal Hilliard with regard to DNA testing and had he told me that I it would be ill advised, I would have followed his direction. Principal Hilliard indicated that I announced DNA results of my

staff member and this is not truthful. I did not test DNA from a staff member. I had DNA tested on my badge and coffee mug to see if they matched. Of course, I had been handling my badge and my DNA would likely be included within the results. I was comparing the DNA on my property. I did not violate privacy because I listed my name as contact. With regard to speaking and right to my opinion:

- ☐ I spoke about the issue in mediation, which is confidential. ☒ I spoke about it at the SAU meeting last week because the mediator, Emily Hayden, had been invited to talk about mediation. ☒ Additionally, the mediator was not being truthful when she stated that mediation had been a success and we had resolved issue. ☒ I provided you with an email that I had sent to Emily which; directly counters her assertion that our mediation was successful
- ☐ If the district did not want to talk about mediation, then why did you invite Emily and open the door for discussion.
- ☐ The district has interviewed my staff and has evidence to support that I did not talk to them about it and that the staff member, in fact is the one that talked about it.
- ☐ I didn't tell anyone about DNA testing my badge and cup except Dana and Elaine A. (in confidence, on the day I was getting frustrated because Dana had said he would meet with me and he didn't)
- ☐ The evidence supports the issues involves my entire class and not just an issue between the staff member and me.
- ☐ Dana refused to interview anyone in my classroom and it wasn't until the complaint went up to the SAU that he even talked to anyone in my program.

74. Dana Hilliard knew of should have known, as Principal and the Mayor of Somersworth, that he had no legal right to determine that Brady violated the law, and then to put that in writing. He did so to harm, and defame Brady's character without due process. In September of 2023, Dana Hilliard was given a vote of no confidence because of his bullying behavior towards staff. Brady was not surprised because Dana Hilliard's bullying behavior has caused her a great deal of mental anguish, that has had long-lasting consequences, and interfered with her employment, and life.

"An independent report found Hilliard and Lane yelled at and belittled staff members in private meetings after those staffers voiced opposition to proposed budget cuts at public school board meetings. One teacher told the investigator she

was afraid of Hilliard, and other staff members said Hilliard was known to yell and throw things at people when he was angry.

Teachers also told the investigator Hilliard was mired in an obvious conflict of interest in his job and his position as the city mayor. According to the report, Hilliard kept his elected city position in mind when he made budget decisions for the school. Hilliard would cut staff and programs at the school rather than make those cuts in the city or raise taxes, the report states.” See Ex. # 13 below. See <https://nhjournal.com/hostile-somersworth-mayor-leaves-school-job/>

75. Hilliard’s unlawful actions, issuing findings from an investigation that included no witness, no evidence, and simply his own opinion, accusing Lisa Brady of violating a New Hampshire Statute, is outrageous; school district personnel and Mayors of cities are not allowed to issue findings that other teachers and/or citizens from their community are guilty of violating a law. Hilliard committed a defamation of character, against Lisa Brady, and his actions beg the court to question the likelihood that the Defendants actions were concerted, meant to violated Lisa Brady’s First and Fourteenth Amendment rights, and evidence that can be implied to demonstrate an “understanding,” or “meeting of the minds” between all of the defendants with regard to the conspiracy alleged by the Plaintiff.

76. See Original Complaint, numbers 82-87 for more evidence to support Hilliard’s unlawful defamation and bullying. When Dana Hilliard issued Brady the written warning, he acted in furtherance of the conspiracy to deny Lisa Brady her First and Fourteenth Constitutional rights to due process.

FOURTH OVERT ACT THE SOMERSWORTH SCHOOL BOARD

77. **Evidence of Conspirator Behavior.** In January of 2015, Somersworth School District Terminated Brady’s employment, and stated, in part, the following rationale:

“The Board noted that Ms. Brady's belief that the public's right to know, **regarding an alleged mischaracterization of a student in a public video,** justified further

discussions about the student or his team with unauthorized third parties may explain but does not excuse these violations.”

AND

“The Board found that the charge that Ms. Brady acted in an unprofessional and unethical manner when she sought to have bodily fluids of another staff member tested for identification without the knowledge or consent of the staff member and thereafter reported the results of the test to others was sustained by the evidence. The Board found (by a vote of 7 yes, 1 abstention) that the behavior violated RSA 141-H:2.” See Ct. Doc. 52-1 ex.1.

78. The Somersworth School Board **was aware** Superintendent Mosca was directly involved with the Axel film, and **they did nothing about correcting his false light portrayal**. The School Board was

responsible for supervising Mosca. See NHDOE Rule Ed 303.01(k). Just some of the allegations that

Lisa Brady made during her school board termination, related to the fraudulent film, included:

p. 459.

p. 459. “I wanted everyone to know that this wasn't just a Lisa deal. This was everyone. We even had -- Dr. Guare had visited with Axel at the beginning of the year and he immediately knew that this was a situation he wasn't so sure that he wanted to get into because he immediately knew that they were doing something that they shouldn't have been

Page 460

doing, which was facilitated communication.

And so -- and same with the speech pathologist. Same with -- Dana and Kate came in and worked with Axel. They certainly knew that his levels weren't as high as they were stating they were on the video. So on the second page, as you can see some of the comments that I highlighted, at the top it says "Adopted an IEP that does not list" -- and the "1 D" up top, that's where you will find all these comments. "Adopted an IEP that does not list facilitated communication as a specific communication and expects it to be utilized." "Adopted an IEP without any academic goals for a sixth-grade autistic student that does not have basic alphabet and number recognition." "Pam authorized (facilitated communication) not condoned by the student's parent."

“In drawing the School Board’s attention to administration, Lisa Brady stated:

That they can sit here and accuse me of all

P576

these violations when today they are violating Axel's privacy. Today, tomorrow, the next day, they are violating Axel's privacy, that film being out there. Because you cannot present a student in a false light. It's a FERPA violation. I put that in the book. It's in the binder. So FYI, this whole team over here is violating that every day. It's very simple to do. You play a video that's not so cutesy to me. It may be cutesy -- it may be cutesy to Attorney Kincaid, but it's not cutesy to me.”

The School Board **never initiated an investigation into Mosca's actions** nor were any of the administrators held to any standards of discipline or oversight. **There was no investigation.** The case before the school board involved educational neglect, and as Jeni Mosca's supervisor, they never reprimanded her for her involvement with the educational neglect, and privacy violations committed against Axel. The second example from Brady's termination that showed evidence of conspirator behavior involved the school board finding that Lisa Brady "violated RSA 141 H:2," and they found, that their decision "was sustained by the evidence." **There was not one shred of evidence** and no complaining witness, it was a sham, and an egregious defamation of character. The School Board had no jurisdiction to find that Lisa Brady violated a NH statute, when judicial rules of evidence do not apply at a local school board hearing. Their decision is evidence that they were acting as a jury to make a judicial decision. Their decision was evidence of conspirator behavior. See Ct. doc. 52-1 ex. No. 1.

79. The Somersworth School Board's action defied laws for a duty to report, and show evidence of a defamation of character. It also showed evidence that their actions were concerted, meant to violate Lisa Brady's First and Fourteenth Amendment rights, and evidence that can be implied to demonstrate an "understanding," or "meeting of the minds" between all of the defendants. A reasonable person would understand that the School Board was ethically and legally required to conduct an investigation on Jeni Mosca, Hilliard, and MacDonald, after Lisa Brady reported Axel's educational neglect. A reasonable person would also understand that Lisa Brady was entitled to due process of law before being labeled a violator of a New Hampshire Statute. RSA 141 H:2. Their actions aided and abetted mail and wire fraud as it relates to the ongoing sale of Axel, part of the who cares about Kelsey teaching kit.

80. Dana Hilliard as then Mayor, committed a constitutional tort, as an official for the City of Somersworth with "final policymaking authority" and the challenged action constituted an act of official government policy. He maintained a custom, policy and pattern and practice of failing to exercise reasonable care in training, and supervising Somersworth School Staff. He had a duty to report Axel's educational neglect, as previously detailed. He maintained a custom, policy, pattern and practice of inaction.

81. The Somersworth School Board, Jeni Mosca, Pam MacDonald, and Dana Hilliard, as Administrator and acting Mayor of the City of Somersworth, are responsible for the Idlehurst Elementary School Staff's false light portrayal of Axel. Supervisors may be held liable under § 1983 for the actions of their subordinates **if they acted either knowingly or with deliberate indifference.** 42 U.S.C.A. § 1983.

82. The Somersworth School Board, by and through its' administrators, Jeni Mosca, Pam MacDonald, and Dana Hilliard as Administrator and acting Mayor of the City of Somersworth, adopted a policy of inadequate staff training with regard to the use of Facilitated Communication, and inadequate supervision and oversight, and that this policy caused the violation of plaintiff s First and Fourteenth Amendment rights to free speech and procedural due process. Lisa Brady also claims these same Defendants, also adopted a policy, custom, practice and pattern of conduct, that was put in place to enable their agents to act with deliberate indifference to the constitutional right of their employees, and the right to file a complaint without fear of coercion, and threat of termination as a consequence. This policy, custom, practice and pattern of conduct, includes, but is not limited to, tolerating misconduct by its administrators, encouraging misconduct by failing to adequately train staff on Facilitated Communication, and allowing them to publicly exploit a student in a public film. The

Defendants were Deliberately indifferent to Lisa Brady's constitutional rights to "fair," and "meaningful" due process.

83. The UNH and Somersworth Defendants acted with deliberate indifference to staff's need for training when they chose to use FC to fabricate Axel's cognition in a public film.

84. When the Somersworth School Board, failed to exert supervisory control over Jeni Mosca's unlawful involvement with portraying Axel in a false light to the public, they committed an overt act, and aligned themselves with the fraudulent conspiracy to protect the actions of the Somersworth staff, and UNH, so that the Axel film could continue to sell without oversight. eni Mosca, Pam MacDonald, and Dana Hilliard, as Administrator and acting Mayor of the City of Somersworth

85. Further, Jeni Mosca acted as an official with "final policymaking authority" and her actions, to allow the Somersworth School District to present Axel in a "false light," in a public film that is an ongoing criminal act, constituted an act of official government policy.

FIFTH OVERT ACT: Former School Attorney, Jeanne Kincaid

86. On February 16th 2015, at Somersworth N.H. City Hall **Attorney Jeanne Kincaid' committed an unlawful defamation of character, slandering Lisa Brady in City Hall and violated her First and Fourteenth Amendment rights. Virtually all defendants in this case committed a felony as a means to deny Lisa Brady her Constitutional Rights to due process and free speech. As an attorney, Kincaid was supposed to vigorously work hard to help her clients but, when she determined that Lisa Brady "violated a New Hampshire Statute, RSA 141 H:2," she knew or should have known that it was not the legal truth, even if it may have been her opinion. She was fully aware that there was no evidence to prove Lisa Brady tested a certain person. because she had her personal belongings tested. She also knew that there were hundreds of DNA testing sites that perform the exact test that Brady had done, and that they are not

unlawful. She knew that there wasn't a scintilla of evidence to prove Brady violated the law. Hilliard initiated the original claim against Brady however; we don't know if Kincaid conspired with Hilliard to charge Lisa Brady with those offences. Her actions were consistent with a conspiratorial intent. She came to an understanding with Mosca, MacDonald, and Hilliard, that they were going to falsely accuse Lisa Brady of violating a law, in retaliation for all the complaints that Brady had filed against them for exploiting Axel in a public film. Somersworth could not come up with one staff member to testify against Lisa Brady, because she was a popular teacher. But, when Kincaid was done defaming Brady, her career was destroyed. The following lab test was sent via email to Jean Kincaid, who knew or should have known before she lied to the public on local television, that Brady did not test a person.

85. Evidence Kincaid knew that Brady tested her personal property.

87. There are hundreds of consumer DNA testing sites that perform the exact test that Brady had done, and they are not unlawful. As an Attorney, Jeanne Kincaid also knew that when she made an appearance on local television and lied to the public about Lisa Brady, that it was considered a class B felony. The evidence shows that Jeanne Kincaid had an understanding with Jeni Mosca, Hilliard, and MacDonald, that they would accuse Brady of violating the law, in order to deny her due process, and punish her for blowing the whistle on their egregious fraudulent claims that Axel had recovered from his life long cognitive impairment. A reasonable person would also understand that Lisa Brady was entitled to due process of law

before being labeled a violator of a New Hampshire Statute. RSA 141 H:2. A reasonable person would understand that Attorney Kincaid's actions paralleled Dana Hilliard's and the Somersworth School Board's false claims that Lisa Brady violated DNA statutes. Jeanne Kincaid the same pattern of behavioral as other local and state officials, that denied Lisa Brady the opportunity for meaningful due process, because her complaint involved blowing the whistle on UNH.

88. On February 16th 2015, at Somersworth N.H. City Hall **Attorney Jeanne Kincaid' committed an unlawful defamation of character, slandering Lisa Brady in City Hall and violated Lisa Brady's First and Fourteenth Amendment rights. Virtually all defendants in this case committed a felony in the as a means to deny Lisa Brady her Constitutional Rights, and evidence that can be implied to demonstrate an "understanding," or "meeting of the minds" between all of the defendants. A reasonable person would understand that the School Board was ethically and legally required to conduct an investigation on Jeni Mosca, Hilliard, and MacDonald, after Lisa Brady reported Axel's educational neglect. A reasonable person would also understand that Lisa Brady was entitled to due process of law before being labeled a violator of a New Hampshire Statute. RSA 141 H:2. Their actions aided and abetted mail and wire fraud as it relates to the ongoing sale of Axel, part of the who cares about Kelsey teaching kit.

89. Attorney Jeanne Kincaid participated in the § 1983 conspiracy with the Somersworth School District Defendants, and mayor Hilliard, reached an understanding, and agreed to claim that Lisa Brady violated a New Hampshire Statute, RSA 141 H:2, in order to silence her advocacy on behalf of her student, Axel, false portrayed within the public film. Attorney, Jeanne Kincaid, had a legal and ethical duty to dissuade her clients from **lying to the public about Lisa Brady's violation of DNA laws**, and should have persuaded her clients to follow the law. They knew that no court had ever found that Brady violated the law, and that no person had ever filed a complaint, indicating that their rights

had been violated by Lisa Brady; that included all staff, parents, student, and community members from Somersworth. Jeanne Kincaid colluded with the Somersworth School District to violate Lisa Brady's First and Fourteenth Amendment rights, in order to silence her from making claims against the University of New Hampshire. When Attorney Kincaid, the Somersworth School Board, Mayor Hilliard, Jeni Mosca, and Pam MacDonald reported findings that Lisa Brady broke the law, they knew they did not have just cause to make that determination, they showed an affirmative link, or intent to continue to conspire with the U.N.H. Defendants, to ruin Lisa Brady's career, and future financial earnings. Additionally, Jeanne Kincaide and the Somersworth Defendants knew that the Axel film was a fraud, and should have taken action to correct the violation of the law. Their ongoing silence, has resulted in an ongoing mail and wire fraud. It is also evidence of a continued intent to conspire with the UNH Institute on Disability Staff. See sealed exhibits 1 and 2, Aug.

90. Kincaid stated the following on local television, February 16th 2015 City Hall

"you all made that finding on January 20th and it is very consistent with this law, that document that you are seeing tonight should not alter the opinion you made on January 20th. She stated that the essence of the complaint as I understand it is that Superintendent Mosca would not have testified on a truism. **There is no dispute that Ms. Brady took DNA from a subordinate and had it tested without knowledge of effort.** These facts are not in dispute so how could Superintendent Mosca have falsely done anything because this evidence was testified to by Ms. Brady so her underlying thesis is that the Superintendent falsely accused her is a lie by her own statements in evidence. She stated and again an absolute finding you made on January 20th. She stated that there was no reprisal because she filed a grievance; the reprisal was because she violated privacy. She stated that the second is that she said that there was no just cause.

Virginia Barry Richard Farrell: SIXTH OVERT ACT

91. **Once again, the following evidence shows that the New Hampshire Department of Education aligned with the Somersworth School District and UNH IOD, when they failed to investigate

Lisa Brady's actual complaint against the Defendants, and instead concocted an answer to a claim never filed by Lisa Brady. Virginia Barry unilaterally changed Lisa Brady's complaint, and then answered that instead of the actual complaint. It was intentional egregious conduct. Barry and Farrell's intentional failure to pursue investigating Brady's complaint, shows a conspiratory agreement between three closely knit agencies, working together and collaborating on a film project. Their actions lend credibility to the likelihood that the Defendants actions were concerted, meant to violate Lisa Brady's First and Fourteenth Amendment rights, and evidence that can be implied to demonstrate an "understanding," or "meeting of the minds" between all of the defendants. Their actions aided and abetted mail and wire fraud as it relates to the ongoing sale of Axel, part of the who cares about Kelsey teaching kit.

92. **SIXTH OVERT ACT: *former N.H. Commissioner of Education, Virginia Barry, and NH DOE Complaint Investigator, Richard Farrell** committed a fifth overt conspirator act, and showed evidence of a conspirator "meeting of the minds" when they intentionally failed to report findings of facts that could be attributed to Lisa Brady's Complaint. A reasonable person would conclude that Barry was protecting the UNH and Somersworth Defendants, and the sale of the film, because Barry was responsible for State grant monies that were awarded to UNH for the "Who Cares About Kelsey Teaching Kit," which included the "Axel" mini-film. As the person in charge of a "pet project" being completed at UNH, Virginia Barry was not an unbiased investigator, nor was NH DOE complaint investigator Richard Farrell; who issued a letter that conflicted with Virginia Barry's findings. Two important points to consider; Brady reported her students educational neglect using FC which was not in Axel's IEP, and **Richard Farrell claimed he had no jurisdiction to investigate Brady's complaint.** (see below Barry Complaint/Response). So, the message to Brady was: "*Teacher,*

don't complain to us if your student is being educationally neglected because it is not our jurisdiction, even though there are direct claims of violations related to an IEP, and use of a harmful educational technique, FC." Secondly, Richard Farrell's internal email from the NH DOE, stated the following with regard to his interpretation of Brady's complaint. **"In short, barring future disclosures, I cannot find evidence of Educator Misconduct. However; further press releases, email releases, flyers, etc. distributed by [REDACTED] after my very direct warnings may eventually be evidence of misconduct in the future."** Richard Farrell documented his threat, meant to silence Lisas Brady; if she continued to speak out about the fraud, she was going to be reprimanded for misconduct. Never mind, Lisa Brady's genuine complaint, backed up 100% by Axel's records or her experiences working with him, the final sentence says it all, remain silent or Farrell will sanction you. His threat to Brady during that phone conversation, was evidence of a first Amendment violation, and he threatened to retaliate against Lisa Brady based on her speech which; was directed at advocating for her significantly impaired non-verbal autistic student. It is also important to note that Lisa Brady never received a copy of Farrell's finding until years later, when she filed a FOIA-1095 record release with the NH DOE. Brady filed a complaint with current Commissioner of Education, Frank Edleblut on January 27, 2018, and included Farrell's email. See below p. 57 and 58.

93. Also see Ex. No.50, for a copy of a recent deposition completed by Richard Farrell. His testimony in the deposition proved that when certain complaints are filed, he may have jurisdiction over some of the issues. Assuming arguendo, that the fraud could not be looked at, as stated by Farrell, one would think that best practice would warrant investigation into those things related to his education neglect, and

violations of his IEP, the use of FC which; was impeding his right to a FAPE. Richard Farrell may claim he could not investigate the fraud, but that didn't mean he couldn't investigate other relevant portions of Brady's complaint. For example, Lisa Brady stated the following: **"Additionally, they have made my life increasingly difficult, causing significant emotional distress, due to the ongoing retaliation that has occurred since I brought up the fact that my student's intelligence was being determined using what is considered and experimental strategy (facilitated communication)."** Farrell certainly could have investigated the ongoing retaliation, and the Somersworth School District's use of FC, a method that was very clearly distorting the Somersworth School District Defendants rational, use of evidence-based practices that were backed by science.

94. See Lisa Brady's complaint to Virginia Barry below, Barry's findings, and compare to Richard's Farrell's synopsis of the events. His response does not match Virginia Barry's.

95. The following email is a Copy of the complaint Lisa Brady sent to NH Commissioner, Virginia Bary

On July 11, 2014 New Hampshire Commissioner of Education Virginia Barry received a complaint from

Lisa Brady that stated the following:

"Subject: Complaint

Date: Fri, 11 Jul 2014 13:23:24 +0000

From: Lisa Brady <lisa.brady@comcast.net>

To: Barry, Virginia <Virginia.Barry@doe.nh.gov>, Jim Bianco

<jbianco@biancopa.com>, Christina Ferrari

<cferrari@biancopa.com>

Dear Commissioner Barry,

SAU 56 representatives; Pam MacDonald (Director of Special Education), and Superintendent Jeni Mosca, acted with deliberate ignorance of the truth and reckless disregard when they allowed the NH Institute of Disability representatives, with a conflict of

interest, Dan Habib and Michael McSheehan, to portray in a video, a significantly profound, cognitively impaired student in my class, AC, as a college bound while using federal grant money obtained from the USDOE (The National Center and State Collaborative (NCSC) and Schoolwide Integrated

Framework for Transformation (SWIFT)). Superintendent Mosca and Special Education Director, Pam MacDonald's actions amount to fraud. They took advantage of one of the most vulnerable students in their school district in order to promote their own careers. In September 2012 when the student transferred to Somersworth middle school, it was immediately apparent that any data used to support that the student was functioning on grade level was done using a controversial, experimental method of communication called "Facilitate Communication." Dr. G, a behavior consultant that worked in my program indicated at the time that he did not believe the student was intellectually at the level being claimed and recommended that I speak with the special education director about his involvement with my student. He also said that it was sad when he had to deal with the families on the other end when they find out that the facilitator was the one doing the writing. The speech pathologist at the Middle School, Robin Scott, indicated that she believed that AC was not cognitively functioning on grade level and that we should not be relying solely on the data used from facilitated communication to determine his cognition. Additionally, she did not feel comfortable using facilitated communication because it was not approved by ASHA, her professional governing body.

- At that time I requested additional communication testing and Pam MacDonald denied my request.
- The team collected data all summer and submitted it to Pam MacDonald for review; it supported that the student did not have alphabet or letter recognition.
- I attempted to establish a meeting to try to change the student's IEP by putting the student back on an Alternative Assessment.
- When educational records were sent up to the middle school, there were recent evaluations to support that the student was significantly impaired.
- The student did not turn in an alternative portfolio as required in the spring of 2012 and reasoned that Michael McSheehan from the Institute of disability and consultant with NHDOE in the area of alternative portfolios, recommended that he take the NECAPS. [REDACTED]

Director MacDonald stalled my attempts to set up a meeting. [REDACTED] I communicated with AC's parent and they said that they have tried to do facilitated communication and AC never wrote anything and they didn't believe it. They also agreed that AC was functioning at a much lower level than what the Idlehurst team had claimed.

- I filed a grievance against Director MacDonald in September 2012 and noted my fear of retaliation.
- Given that the student's plan did not indicate that facilitated communication was an accommodation, the middle school did not
Removed Information
- In March 2013 I was retaliated against by Director MacDonald, entering false allegations into my employment file.

- I entered a rebuttal to the false allegations and once again noted my fear of retaliation.
 - The Institute of Disability did not produce AC's video or use it until this past February 2014 and, once again, I was retaliated against with false information entered into my employee file and a forced to leave my job at the middle school and sent to Maplewood and had I not hired attorney's at Bianco Professional Associates, I have no doubt the Superintendent would have fired me.
 - My attorney's are currently in the process of filing a whistleblowers suit and I want my job back at the middle school. ☐ I would welcome you to contact my attorney's because, as you can imagine, there are many factors involved with this case.
- Summary of the past five IEP's for the Student Student's (taken from one of my grievance letters to the district)

IEP Date	Primary Coding	Excerpt about Development	Describe why student cannot take regular assessment.
12/12/2008	Mental Retardation/ Autism	Student can count to two while engaging in a Math Present Level: movement activity.	"Student has a limited vocabulary and is not yet able to read. The regular assessment is not appropriate to accurately measure Student's abilities and his degree of progress."
12/18/2009	Mental Retardation/ Autism	Speech: Present Level: "significant delays in all academic areas and is presently working on pre-academic and functional skills."	Student's communication style has made it difficult to assess his current cognitive level of function and adaptive behavioral skills are significantly below grade level. He is receiving systematic instruction with tasks in small steps and requires a 1:1 support person at all times for all tasks
12/12/2010	Mental Retardation / Autism	Able to recognize and match a variety of pictures	The computer based MAPS testing is not an appropriate method of measuring Student's academic growth. Student is non-verbal and a non-reader who requires maximum assistance in all areas of academics and life skills
12/12/2011 ***** The Idlehurst Team Was obligated to complete an alternative assessment!	Autism	Student is functioning in the skill level of a three year old with some aspects of his self-help such as toileting and cutting food.	(a) Describe why student cannot take regular assessment. Student's communication made it difficult to assess his current cognitive level of function a behavioral skills are significant grade level. He is receiving instruction with tasks in small steps requires a 1:1 support person for all tasks.

05/24/2012 After the Window Of Testing: Oct. 2011- May 5, 2012	Autism	He requires information to be read aloud to him, but performs most gradelevel tasks proficiently with generous support	Entered NECAP testing in IEP
---	--------	--	------------------------------

<http://www.whocaresaboutkelsey.com/about/the-mini-films>

Axel is a fifth grader with autism who is non-verbal and exhibits significant behavioral challenges. Through effective communication supports, Axel was able to learn fifth grade general education curriculum in a general education classroom. Support for this film was provided by the National Center and State Collaborative.

Please investigate this issue. My attorneys can be reached at the number below.

Sincerely, Lisa Brady, M.Ed.

----- Forwarded Message -----

Subject:	Complaint
Date:	Fri, 11 Jul 2014 15:11:03 +0000
From:	Lisa Brady <lisa.brady@comcast.net>
To:	Barry, Virginia <Virginia.Barry@doe.nh.gov>, grants@doj.nh.gov <grants@doj.nh.gov>, attorneygeneral@doj.nh.gov<attorneygeneral@doj.nh.gov>, Christina Ferrari <cferrari@biancopa.com>, Jim Bianco <jbianco@biancopa.com>

Dear Commissioner Barry,

I am writing to further clarify my complaint with regard to fraud against Superintendent Mosca and Special Education Director, Pam MacDonald.

The U.S. Department of Education Office of Inspector General (OIG) defines fraud as follows

1. What is fraud in the context of education grants?

In a nutshell, fraud occurs when education grants are not applied for, received, or spent for their intended purposes, generally through theft, misappropriation, or false statements. Fraud can occur in applying for a grant, such as if false information is provided on the grant application. Fraud can also occur during performance of a grant, such as through false

assertions on a performance report, theft or misappropriation of grant funds, or certain types of lack of performance under the grant. Fraud also happens when grantees try to cover up underlying problems by creating false documents, by destroying documents, or by not being truthful with investigators or others. It's important to recognize that there can be fraud even if no money has been received, such as when false information is provided in a grant application, and that type of fraud should also be reported, investigated, and prosecuted.

SAU 56 Superintendent Mosca and Special Education Director, Pam MacDonald, may not have actually received the grant money but, they benefited from the video completed by Michael McSheehan and Dan Habib by drawing attention to the school district and what wonderful things they were doing with inclusion. They were aware that the video completed on A was for a grant funded project. They knowingly allowed fraud (creating a false documentary) to occur and did so in order to further their careers. Additionally, they have made my life increasingly difficult, causing significant emotional distress, due to the ongoing retaliation that has occurred since I brought up the fact that my student's intelligence was being determined using what is considered and experimental strategy (facilitated communication). In determining that A was "college bound," they did so while ignoring all evaluations and IEP's within his record to support his significant cognitive impairment. They did so knowing that he did not have number or alphabet recognition. Pam MacDonald refused to have A re-evaluated, at my request, by an expert to determine his actual abilities at that time. Superintendent Mosca and Pam MacDonald, knowingly and willfully abused their position of trust for personal gain (attention and career accolades) at the expense of AC and his family and have since engaged in a pattern of retaliation against me.

Please contact my attorney's at the number below and investigate my complaint or forward to the office of attorney general for investigation.

Sincerely,

Lisa Brady, M.Ed.

Please stop ignoring my legitimate criminal complaint

November 13, 2014

Lisa Brady
8 Constable Road
Dunham, NH 03824

Dear Ms. Brady,

The New Hampshire Department of Education received your complaint dated October 14, 2014 of education grant fraud against the Institute of Disability for the film project *Education Revolution: The Inclusion of Students with Emotional/Behavioral Challenges*. The New Hampshire Department of Education provided funding for this film project through the Governor and Council process. The Institute of Disability submitted invoices regarding the amount for reimbursement as well as description of the costs.

Upon review of the documentation submitted by the Institute of Disability, the New Hampshire Department of Education has concluded that the grant money was used and reimbursed appropriately. Therefore, the New Hampshire Department of Education has concluded that this complaint is unfounded.

Sincerely,

A handwritten signature in cursive script that reads "Virginia M. Barry".

Virginia M. Barry, Ph.D.
Commissioner of Education

VB/sa

89. Richard Farrel sent the following email to NH DOE's Judith Fillion, and relayed his understanding about why he refused to investigate Brady's claims. He also included a warning that he had issued to Lisa Brady, which; showed a coercive attempt to silence her speech.

From: Farrell, Richard
Sent: Monday, November 03, 2014 2:44 PM
To: Fillion, Dr. Judith D.
Subject: XX

Dr. Fillion,

I contacted [REDACTED] today as part of my on-going investigation into her allegations of "Educator Misconduct." Prior to this conversation, I have reviewed all emails that have been sent to the Department of Education, [REDACTED] (Superintendent [REDACTED] Attorneys for [REDACTED] (Attorney [REDACTED] and others, I have also consulted with Santina Thibedeau, Stephen Berwick, and [REDACTED] along with many others.

First, I needed to narrowly define the issue of "Educator Misconduct." Many of [REDACTED] claims are labor issues within [REDACTED] and not within my jurisdiction. She was notified of this fact.

Additionally, Brady claims to have evidence of fraud against the University of [REDACTED] and [REDACTED]. Again I have no jurisdiction to examine such claims. [REDACTED] strongly disagrees with this determination, but the facts speak for themselves. [REDACTED] finally alleges that [REDACTED] generally and Superintendent [REDACTED] and members of her staff have engaged in "Grant Fraud" related to a film made by Daniel [REDACTED].

During our conversation, she was unable to articulate three primary requirements for such an allegation.

1. State of Mind (Did anyone in the District or its chain of command exhibit a "knowing and purposeful" mental state related to the allegations of fraud?)
2. What was the nature of the fraudulent behavior?
3. What overt act(s) were committed in furtherance of the conspiracy to commit or to commit the fraud?

[REDACTED] was unable to answer any of these questions with specificity. She is convinced of both a conspiracy and gross fraud. However, she cannot define the fraud, identify the funds defrauded, define the contours of conspiracy, or identify the perpetrators of the fraud. The case seems to boil down to a very clear dispute between (2) very different theories or an intellectual debated between practitioners of these theories. [REDACTED] has chosen a side and the district is weighing its options. The film Mr. [REDACTED] has complicated the debate. It is very interesting that the parents of the child in question have never filed a complaint with the district with respect to the on-going issues with Mr. [REDACTED] and the documentary.

I made it clear to [REDACTED] that the investigation is confidential, on going, and being addressed in a thoughtful and professional manner. Further, since it is a confidential matter, with the exception of the State Board Hearing, a formal notification of findings may not occur. [REDACTED] was

also advised of FERPA violations and restrictions and advised to consult with an attorney before she engaged in future press releases that may contain student information. She was given my direct phone number and e-mail address for future correspondence.

In short, barring future disclosures, I cannot find evidence of Educator Misconduct. However; further press releases, email releases, flyers, etc. distributed by XX after my very direct warnings may eventually be evidence of misconduct in the future.

Respectfully [REDACTED]

96. **NEA-NH 7th Overt Act:** The NEA-NH was pivotal in the scheme because they set the stage early on for denial of due process rights. They knew that without their help, Brady career would be over, and they would silence her speech. In silencing her speech, their investment in the “Who Cares About Kelsey Teaching Kit,” which included the Axel film, remained viable. **On March 9, 2023** the NEA-NH set an appeal date for Brady’s arbitration for March 9, 2015, and then purposefully put the date off unit **June 26, 2015**. See Com Ex. No. 10, Aug. 11, 2023 complaint.

“On 3/9/2015 10:29 AM, Steve Sacks wrote: Hello Lisa – The appeal meeting you requested with NEA-NH Executive Director Rick Trombly has been scheduled on Wednesday, March 18, 2015, from 4:30 – 5:30 pm. It will be held at the NEA-NH offices at 9 South Spring St., Concord.

As you know, this meeting is regarding the decision of the Somersworth Association of Educators not to take the grievance over your termination from your job to arbitration. The SAE accepted my opinion that we would not be able to persuade an Arbitrator that the School Board lacked just cause to terminate your employment.

In addition to you and Mr. Trombly, I will be present at this meeting, along with Peter Miller and Ed Olson. If you have questions about the meeting, please direct them to Executive Director Mr. Trombly at rtrombly@nhnea.org. Thank you.” Steve Sacks

97. When Steve Sacks sent the March 9, 2015 email to Lisa Brady, he showed behavior of a concerted effort and conspiratorial behavior, to deny Lisa Brady, a due paying member for 7.5 years, and opportunity to settle her case in arbitration. He had also led Lisa Brady to believe that she could arbitrate which; was why she did not appeal her termination. He manipulated her lack of knowledge-base with regard to moving through a termination pro se.’

98. The NEA-NH, as major sponsors of the Axel film, protected their investments, and denied Lisa Brady representation. They stalled her attempts to secure representation. As another email example, Lisa Brady sent the following email:

From: Lisa Brady [mailto:lisa.brady@comcast.net]
Sent: Monday, March 23, 2015 1:11 PM
To: Rick Trombly; Steve Sacks; Edward Olson; Peter Miller
Subject: Termination Appeal

Dear Director Trombly,

I sent you a notice last Friday with regard to the Somersworth School District School Board appeal over my termination which is scheduled for tomorrow. I requested 'fair' representation from the Union and have not heard back. I would like to know if the Union is willing to help me and if not, I need to know why you are refusing to help with my appeal. I appreciate the time you spend on this matter. Have a good day,
 Lisa Brady, M.Ed.
 Autism Specialist

99. On June 26, 2015 the NEA acknowledged yet another conflict of interest to her rights for representation. **The** NEA Hearing, Lisa Brady sent out, in part, the following email:

"Within a letter to me dated June 26, 2015 and received on July 1, 2015, the NH-NEA officially denied me representation; even though they had taken my union dues over the previous seven and half years. Within the denial letter (see attachment #1) they stated the following:

"The panel found that you are clearly an advocate who cares deeply about these issues and your students." They also noted that "The panel voted 4-0 to recommend to the NEA-NH Executive Board to affirm Executive Director Trombly's decision."

*On March 18, 2015, I met with the NH-NEA as part of my appeal process to try and persuade them to represent me with regard to my termination from SAU 56 (Somersworth). **At that meeting, Executive Director Trombly began by indicating that he had a potential conflict of interest because of his friendship with my former boss, Dana Hilliard.** He believed that although he was friends with Dana Hilliard, that he could separate the issues. What he and every other representative from the NH-NEA had ever failed to mention, was the direct conflict of interest that they had with one of the most salient aspect of my complaint; allegations that I made against UNH Institute on Disability (Dan Habib and Michael McSheehan) and SAU 56 administrators (Jeni Mosca and Pam MacDonald) related to educational grant fraud and the exploitation of my significantly impaired non-verbal autistic student. It has come to my attention that the NEA is listed as a major funder of the film that was produced by UNH Institute on Disability. Please note the following information listed on*

the UNH Institute on Disability website, which, lists the NEA as one of the major funders of the Who Cares about Kelsey teaching kit (the 'Axel' mini-film, which involved my former student, is part of that teaching package)" See full email ex. 2 below.

100. The Union had a conflict of interest, they wanted the film that they sponsored, and they wanted Dan Habib, the man they nominated for a national civil rights award to be successful. As such, they arbitrarily prejudiced Lisa Brady to silence her speech. They did their part in the scheme to aid and abet the sale of the fraudulent film:

"A breach of the statutory duty of fair representation occurs only when a Union's conduct toward a member of the collective bargaining unit is arbitrary, discriminatory, or in bad faith." *Vaca v. Sipes*, 386 U.S. 171, 190, 64 LRRM 2369, 2376 (1967).

"Failure of union to timely process a grievance only breaches duty of fair representation if motivated by bad faith or discriminatory reasons or if its conduct is "arbitrary." See e.g., *Landry v. Cooper/T. Smith Stevedoring Co.*, 880 F.2d 846, 132 LRRM 2248 (5th Cir. 1989)

101. Current Commissioner of the New Hampshire Department of Education, Frank Edelblut, attended Brady's June 26, 2015 hearing, and Lisa Brady would like to call him as a witness at an evidentiary hearing. He was not the commissioner at that time however; the NEA-NH staff was quite rude to him, and asked him to leave at the start of the hearing. They acted hostile toward him, and clearly did not want him in the room. When Brady pushed the NEA to explain why he could not stay, they indicated that Brady had already invited a guest, and that she could not have two individuals sit with her during the hearing. She asked her friend to leave, so that Frank Edelblut could stay.

102. The NEA-NH participated in a conspiracy when they reached and understanding and agreement with Somersworth School District, not to pursue Lisa Brady's rights, in order to protect their interests in a public film that they sponsored.

103. Lisa Brady paid dues to the NEA-NH for seven and half years, and when she needed the union, they weren't there for her because they had a conflict of interest with her students' film; as they were considered a major funder of the Who Cares About Kelsey Teaching Kit; which; include the Axel film. By the time Brady figured out the conflict, the damage to her reputation and career was complete.

104. NH NEA HAD A CONFLICT OF INTEREST with
The Who Cares About Kelsey Teaching Kit included "Axel" mini film.

Funders of the project included:

Lead Funders

- Endowment for Health
- New Hampshire Charitable Foundation
- New Hampshire Department of Education

Major Funders

- A.J. Pappanikou Center for Excellence in Developmental Disabilities, University of Connecticut
- American Federation of Teachers
- Fledgling Fund

• **National Education Association**

- Strong Center for Developmental Disabilities, University of Rochester

Additional Funders

- Crotched Mountain Foundation
- Easter Seals New Hampshire
- Episcopal Bishop of New Hampshire
- National Youth Transitions Center and Youth Transitions Collaborative
- Jay Nolan Community Services
- Lincoln Financial Foundation
- Mitsubishi Electric America Foundation
- National Association of School Psychologists
- New Hampshire Association of Special Education Administrators see:

<https://iod.unh.edu/who-cares-about-kelsey>

National Education Association (NH-NEA) were considered major funders of Dan Habib's IOD film project. They both had conflicts of interest that they never disclosed to Lisa Brady.

105. In 2012, the same year that "Axel" was filmed, the NEA-NH awarded Dan

Habib the "Champion of Human and Civil Rights Award." Down loaded 7-11-2023, See:

(<https://iod.unh.edu/blog/2015/02/dan-habib-wins-universitymichigan-humanitarian-service-award>).

The NH-NEA had a further conflict of interest in protecting Dan Habib, and their investment in his reputation.

106. Lisa Brady's contract bargaining agreement (CBA hereafter), under article 5 stipulated an agreement between the Somersworth School Board and the Association and a commitment to adhere to RSA 273-A (Public Employee Labor Relations). The NH NEA took Brady's union due and breached a duty to represent her throughout her unlawful transfer and termination hearing. All of the procedural allegations with regard to Brady's wrongful termination, as outlined in more detail above. .

107. The following emails were sent by Brady, soliciting support:

From: Lisa Brady

To: "pmiller@nhnea.org" , Lisa Brady

Date: November 25, 2014 at 2:08 PM

Subject: Representation

Hi Peter,

I am wondering if the NEA attorney can get me my job back since I was falsely accused of violating a law. Also, because the superintendent submitted it to the Department of Labor, it is considered libelous defamation of character.

Two criminal attorney's that I consulted with laughed when they saw the letter that Dana Hilliard wrote to me on March 10, 2014, transferring me to Maplewood. They misinterpreted the law and I did not break any school board policy or law when I had my personal property DNA tested.

Dana did violate school board policy when he did not investigate my claims of vandalism and harassment (My subordinate bit my badge). They also demoted me and violated the terms of the CBA and I want my job back. Can you help?

Lisa

To: Steve Sacks

Cc: Rick Trombly; Ed Olson; Peter Miller

Subject: Request for representation

Dear Attorney Sacks,

I am writing to request representation with Arbitration or with the NH DOE for wrongful termination; whistleblowing and breach of contract. I have sent you evidence which, clearly supports my position with regard to a legal defense. I paid union dues for 7 and half years and I deserve to be treated with fairness and without discrimination. Please let me know your position, Lisa Brady, M.Ed.

Autism Specialist

108. The National Education Association (NEA) failed to assist Lisa Brady under a contractual agreement that ensured "No employee shall be disciplined without just cause." The NEA refused to represent Brady at her termination hearing, and refused to appeal her termination through arbitration. See Exhibit #10, p.143-144. Brady worked for the Somersworth School District for 7.5 years, was a tenured teacher, with excellent teaching evaluations, and a fully compliant due paying member with the NH NEA. The NEA's choice to deny Brady representation was made in bad faith, they breached a duty of fair representation.

109. Lisa Brady sent the following email to NEA Attorneys twelve days before the NH-NEA sent her a letter refusing to allow her to arbitration.

From: "Lisa Brady" <lisa.brady@comcast.net>To: ssacks@nhnea.org
<SSacks@nhnea.org>, pmiller@nhnea.org, eolson@sau56.org,

<lisa.brady@comcast.net>

Sent: Sunday, June 14, 2015 10:53:40 PM Subject: Insubordination

Dear Attorney Sacks,

I just came across some case law with regard to insubordination that I thought I would share. I have been bothered by the NH NEA's position, agreeing with allegations that I was acting in an 'Insubordinate manner, when I continued to send e-mails to the press after being ordered to stop by the Superintendent. Her motivation to want to stop me from reporting her criminal offenses to the press is human nature and makes sense if you want to get away with exploiting a child. The laws however;

support that I had the right to continue to advocate on behalf of my former student, Axel, who is the victim of a crime. The superintendent wanted to condition my employment on discrimination.

See: <http://www.eeoc.gov/policy/docs/retal.html>

Refusal to obey an order also constitutes protected opposition if the individual reasonably believes that the order makes discrimination a term or condition of employment.

You may not agree but, I did have the right to continue to email about the fraudulent video. Sincerely, Lisa Brady

110. Under NH Rev Stat §189:13 provides that in order to dismiss a tenured teacher before the end of contract is to prove that a teacher is incompetent, immoral, and does not prescribe to regulations. The

NH NEA stated the following in an email to Lisa Brady **five days before the Somersworth School**

District terminated her employment:

From: Peter Miller

Sent: Thursday, January 15, 2015 10:38 AM

To: Lisa Brady; Jim Allmendinger

Subject: RE: Law Hi Lisa- I'll speak to Jim about your request, but in the immediate term you can point out a couple things relative- to the district's statement that you violated the law.

1.They did not call the police. If they thought you had committed a crime, why didn't they call the police? Does the administration typically brush serious legal violations (which they're claiming the DNA test was) under the carpet?

2.No court or review board determined that you violated the law, The administration's lawyer is asking the school board to accept Atty. Kincaid's opinion as a decision rendered by the justice system. The school board should take Atty. Kincaid's opinion for what it is, an opinion from an attorney who's trying to dismiss a teacher. I think that at the Dept. of Labor you'll have a hearing officer who will be open to the above observations.

-Peter –

Peter Miller, Eastern Region UniServ Director

NEA New Hampshire

8 Portland Avenue

Dover, NH 03820

(603) 953-0088 (ofc) / (603) 953-0092 (fax) / (603) 617-8140 (cell) / (866) 556-3264 (toll-free)

111. Peter Miller's email was sent five days before Lisa Brady was terminated from Somersworth. His email shows that the NH-NEA knew or should have known that the DNA charges were without merit. If the Union had attended the Hearing and expressed the views within Peter Miller's email, as stated above, it would have made a difference. The Union knew that their assistance would have helped but, they wanted to protect the film package that they helped fund.

Who Cares About Kelsey Teaching Kit included "Axel" mini film
Major Funders

- A.J. Pappanikou Center for Excellence in Developmental Disabilities, University of Connecticut
- American Federation of Teachers
- Fledgling Fund

☐ National Education Association

☐ Strong Center for Developmental Disabilities, University of Rochester <https://iod.unh.edu/who-cares-about-kelsey>

112. The NH-NEA acted in furtherance of a conspiracy, under color of state law, when they breached a duty to fair representation. They intentionally turned a blind eye to the retaliation that Lisa Brady suffered, at the hands of Somersworth School Officials, and acted with deliberate indifference to any responsibility that may have had to help her secure constitutionally fair procedural due process under the Fourteenth Amendment, and free speech under the First Amendment to the U.S. and New Hampshire State Constitutional Articles at. [Art.] 2-b. [Right of Privacy.] Art.] 2-b. [Right of Privacy.] [Art.] 20. [Jury Trial in Civil Causes.] and [Art.] 2. [Natural Rights.] and Universal Citation. They also NH Rev Stat § 638:2 (2015) by knowingly falsifying and concealing material verbal and written or evidence for which the law provides public recording. They did so, to silence Brady and to aid and abet UNH IOD, and Dan Habib's fraudulent, 'Axel,' film.

113. The "Axel" film is still selling online to the public from \$4.99 (to rent) to \$295.00 for a college streaming license. <https://likerightnowfilms.com/shop>. It continues to violate laws for federal wire

fraud without legal sanctions of any kind. See 18 U.S.C. 134. The NH-NEA continues to enjoy their affiliation with the film.

THE NEW HAMPSHIRE AG'S OFFICE MORE PRO FC FRAUD 8th Overt Act:

114. **On February 9, 2018**, then Assistant Attorney General of New Hampshire, Nancy Smith wrote Lisa Brady a response to a complaint that had been forwarded to her by New Hampshire Commissioner of Education, Frank Edelblut. See Ex. No. 5 below. Her response argued the FC talking points, and indicated that it was “*innovative*.” Her response was evidence of conspiratory behavior, far-removed from mainstream thinking. There is nothing innovative about FC, and her comments showed that she fully intended to help UNH cover up the fraud. As stated,

“The Axel video does acknowledge that it would use “Augmentative and Alternative Communication-AAC” of which “facilitated communication “is a form, and it does attribute the claimed improvement in Axel’s communication ability to use of this technique. To the extent that the Inspector General’s website states that its fraud investigation review” false claims,” this relates to activities that seek payment of work that did not occur, equipment that was not acquired, or classes that did not occur. The activities that the Institute of Disability submitted invoices for were allowable expenses, the work was performed, and the video was produced. While you are entitled to disagree with the conclusions and opinions expressed in the Axel video, the determination that there was no “fraud” in connection with this grant was correct.” See Ex5.

AG Smith used a radical false assertion, that FC was “innovative,” to justify not doing a thing about the mail and wire fraud, with every sale of Habib’s film, that has been allowed to go on now, for over a decade, along with road-blocking any right that Lisa Brady may have had, to remediate her constitutional injuries at the hands of the Defendants. Lisa Brady has submitted concrete evidence of intentional corrupt decisions, that relied on intentional unlawful conduct, to suppress her cases, which; have previously been filed with New Hampshire State and local education officials, and state judicial agencies and courts. The level of corruptions, that Brady has encountered, is evidence of a

concertedness that would lead any reasonable person to conclude that there was, and continues to be, a pattern of conspiracy, that has organized around protecting UNH from charges of fraud. Additionally, as stated by AG Smith, FC is not an Augmentative and Alternative Communication-AAC. See number 21 above, the *International Society for Augmentative and Alternative Communication* (ISAAC), does not consider FC to be an Augmentative Alternative Communication, nor does any other professional body that operates on standards that have been validated through the rigors of science, in order to make recommendations for vulnerable, disabled individuals, like Axel. AG Smith's response showed that the State of New Hampshire does not value the use of scientific, peer-reviewed, evidence-based practices with children. It is evidence of the boldness with which; the State of New Hampshire's AG's Office will go; that they are willing to place children at risk, when confronted with evidence of fraud.

115. AG Smith's response to Brady showed that they had no expectations for the film to honestly portray Axel," just so long as "the work involved with the filming was performed". See Ex5. Her response was evidence of a conspiratory intent. She has all the same talking points of the FC believers at UNH, who were outed in a 2015 Slate Magazine news story. See excerpt from David Auerbach:

"Facilitated communication has created a domain of surrealism for anyone entering it anew. I can't say I've ever had conversations quite so strange as I did in investigating this story. Multiple FC proponents told me that there are a large number of people who believe that telepathy underpins FC. They said people are discouraged from talking about psychic powers for fear of being blacklisted by Biklen and his associates. When interviewing Mary Schuh of the University of New Hampshire's Institute on Disability, an FC advocate who promotes FC in public schools and consults on pro-FC films, I was left nonplussed after exchanges such as this:

Why do you utilize a very controversial and generally unproven approach?

Schuh: We're offering FC training because there's a huge demand for it. Hundreds of people have been asking for evaluations that include it.

What if hundreds of people came demanding leeches as a treatment for autism?

Schuh: If a hundred people came here and demanded leech treatment, I think there'd be people here saying to take a look.

What if people came demanding astrological treatment for autism?

Schuh: Astrology? No, because we don't have anyone who has high-enough quality and training in order to deliver that.

There are FC practitioners and advocates who believe telepathy plays a role in FC. Do you believe telepathy is a part of facilitated communication?

Schuh: Telepathy? I have no comment on that. I couldn't say yes, I couldn't say no. It's not part of the practice of the method. It's a hard place for me to go to." See <https://slate.com/technology/2015/11/facilitated-communication-pseudoscience-harms-people-with-disabilities.html>.

The path of least resistance for the State AG's office, was to protect the fraudulent actions committed by the UNH and Somersworth Defendants, involved with making and producing the 'Axel' film, because publicly outing those individuals, would be far more embarrassing and expensive for the State. The AG's office was not concerned with protecting Brady's rights under the U.S. Constitution, or how much harm their cult-like decision, may have caused Lisa Brady. They cannot however; insulate themselves from public accountability because they are supposed to be a public agency that follows science, and the law, not the paranormal.

JUDGE MARK HOWARD: 9th Overt Act:

116. **On December of 20, 2019**, Judge Mark Howard delivered his omnibus order with regard to Lisa Brady's Strafford Superior Court Case (No. 219-2018-cv-00002) against the Somersworth School District Defendants. (Ct. doc. 52-1 ex.no.15). In that decision, he failed to use Brady's amended complaint (Ct. doc. 52-1 ex.no.6), which; superseded the original complaint (Ct. doc. 52-1 ex.no.5), when he granted summary judgment to the Somersworth School District Defendants. Brady filed a second motion to reconsider and Judge Howard refused to correct his mistake (ct. doc. 52-1, ex.no.19). He knowingly allowed a public document, his December 12, 2019 omnibus order (Ct. doc. 52-1 ex.no.15), to be entered into the public court record, knowing it contained false and misleading

information that he asserted to be truthful. Judge Howard's findings were a fraud on the court, meant to harm Brady, and tended to expose her "to public hatred, contempt or ridicule." When judge Howard determined that he had no intention of correcting his "mistake," it then became an intentional, willful, egregious act that defied judicial standards of ethics and the law. Ct. doc. 52-1 ex.no.18 and 19). Judge Howard's decision showed conspiratory behavior, he violated the law, to help UNH and Somersworth to escape accountability for the mail and wired fraud that is ongoing, and described more fully above. The following court documents prove Brady's claims of fraud on the Court against Judge Howard. See Ct.doc. 52-1, all exhibits for detailed record review.

NH Supreme Court: 10th Overt Act:

119. **On May 31, 2020**, Lisa Brady filed a petition with the New Hampshire Supreme Court, and asked them to consider, just some of the many relevant issues that included the following: See ct. doc. 52-1 Ex. No.20.

A. Whether Judge Mark E. Howard of N.H. Strafford Superior Court, erred when he granted summary judgment to the Defendants and used the original "moot" complaint and not the "lawful" amended version as justification for that order. Omnibus Order dated December 19, 2019. See App. A -P.12-29.

*B. Whether Judge Mark E. Howard of N.H. Strafford Superior Court, erred when he used the original, "moot complaint," as justification to deny Brady's motion for reconsideration of partial summary judgment (filed on Feb.28, 2019), motion for a timely filed evidentiary hearing (filed on Feb.26, 2019) , and denied Brady's motion to compel discovery(filed on Feb.26, 2019). Omnibus Order dated December 13, 2019. See App. A- P.12-29 App. B- 5160. **Whether Judge Howard allowed the Somersworth Defendants to avoid discovery to cover up a crime. (Criminal fraud exploitation in a public film involving Brady's former student).***

Judicial immunity may bar damage actions under section 1983 however; it does not necessarily preclude suits under section 1983 for declaratory or injunctive relief. See Jacobson v. Schaefer, 441 F.2d 127, 130 (7th Cir. 1971). The Court has discretion under Rule 11, to issue a mandamus when there is an abuse of discretion.

120. **On July 21, 2020** the NH Supreme Court denied Lisa Brady's appeal as "untimely,' knowing full well that she was petitioning the court to exercise supervisory power over Judge Howard, for his

egregious miscarriage of justice against Brady, and that their ability to review the case was discretionary but, also one that had asked them to determine ***“Whether Judge Howard allowed the Somersworth Defendants to avoid discovery to cover up a crime. (Criminal fraud exploitation in a public film involving Brady’s former student).”*** They knew or should have known that, Brady’s allegation, if true, would be a matter of public concern; a sitting superior court judge aligned with a local school district and state university to enable them to get away with fraud. The N.H. Supreme Court had an ethical and/or legal duty to rule on Brady’s claims to ensure that if Judge Howard had violated the law, they would ensure that it was corrected. They had full discretion to hear Brady’s case and they refused. See Ct.doc. 52-1 ex.21 &23; final denial order on 8-18-2020). The New Hampshire Supreme Court Justices refusal to hear Lisa Brady’s complaint which; simply involved a review of the records which; told the story without need for testimony. It was not a he said/she said issue, Judge Howard’s orders are public record, the facts speak for themselves. The NH Justices failure to hear Brady’s appeal, and failure to supervise Judge Howard’s error, was evidence of a conspiratorial “meeting of the minds,” that can be inferred based on their total disregard for hearing Brady’s appeal, an act that any reasonable person would agree, was outside the realm of reasonable decision making. And, when taken into consideration with the outrageous order delivered by Judge Howard, and AG Nancy Smith’s findings, any reasonable person would conclude that the aberrant and outlying decisions, made by these State Actors, under color of law, and logically conclude they were protecting the unlawful acts of local educational agency, and state university personnel. Individuals responsible for ongoing wire fraud, an act that falls under RICO. Their individual and collective actions were outside the standards of main stream or best practice professional judgment. They were not impartial, because an impartial judge would have heard Brady’s case, allowed her to place her evidence before the court

for scrutiny, looked at her argument, allow her basic discovery, and would look at the intentional errors committed by Judge Howard instead of looking the other way. Their neglect shows conspiratory behavior, and that they did not act independent of each other.

121. Lisa Brady has done her homework, taking her complaint all the way up the administrative and judicial chain of command, and they have all chose to protect UNH. The New Hampshire Department of Education aligned itself with the Somersworth School District and UNH IOD, when they failed to investigate Lisa Brady's actual complaint against the Defendants, and instead concocted an answer to a claim that was never filed by Lisa Brady. Virginia Barry unilaterally changed Lisa Brady's complaint, and then answered that instead of the actual complaint. It was intentional egregious conduct. Richard Farrell threatened to reprimand Brady if she continued to inform the public about UNH's intentional fraud, in violation of free speech. When Barry and Farrell intentionally failed to pursue an actual investigation into Brady's complaint, they showed a conspiratory agreement between three closely knit agencies, working together, at that time, collaborating on a film project. The New Hampshire Attorney General's Office, through Nancy Smith, showed further evidence of a conspiratory agreement, for reasons stated within the previous paragraphs. The NH AG's Office, through their issued position statement to Lisa Brady, with regard to investigating complaints about UNH and the denial of her constitutional rights, showed that they too have aligned themselves with state agents, acting under color of state law, and not willing to hold any of the Defendants to legal standards in the State of New Hampshire.

122. Dan Habib has been selling his film now for just over a decade. The continued sale of "Axel" constitutes an ongoing federal mail and wire fraud, and in violation of Deceptive Business Practices, N.H. Rev. Stat. § 638:6 I(e)I: "A person is guilty of a class B misdemeanor if, in the course of business,

he: (e) Makes a false or misleading statement in any advertisement addressed to the public or to a substantial segment thereof for the purpose of promoting the purchase or sale of property or services." Dan Habib's film promotion included false and misleading statements within the advertisement for the Axel film, as part of the Who Cares About Kelsey Teaching Kit, and available for purchase at his website. All Defendants in this case aided and abetted Dan Habib's state and federal violations of the law.

123. See below: Dan Habib's advertisement for the Axel film (A), stated, and site to purchase the -film as part of the educational teaching kit. (B)

A

Axel

Axel is a fifth grader with autism who is non-verbal and exhibits significant behavioral challenges. Through effective communication supports, Axel was able to learn fifth grade general education curriculum in a general education classroom. Support for this film was provided by the National Center and State Collaborative.

124. The Average Teacher in New Hampshire makes 58,432.... But for the constitutional injuries and significant emotional harm suffered by Lisa Brady, at the hands of ALL the Defendants, her financial outlook would have been so much brighter. Brady was half way through finishing her director of special education license which; would have commanded her even more money for her to save for retirement. See average salary, and a copy of Brady's yearly earnings below.

See: <https://www.salary.com/research/salary/benchmark/public-school-teacher-salary/nh>

------	--	-------------

FIRST CAUSE OF ACTION
42 U.S.C. § 1983 Cause of Action-Civil Rights Violation
ALL DEFENDANTS

125. The conduct, as alleged more fully in all the paragraphs above; committed by all Defendants, was done “under color of state law;” and

126. Proximately caused Lisa Brady to be denied her First Amendment right to free speech, and Fourteenth Amendment right to procedural due process, and proximately caused a deprivation of her right to have her day in court, to be afforded “fair,” and “meaningful” procedural due process.

127. The Defendants acted with deliberate indifference and/or willful blindness to the strong likelihood that unconstitutional conduct would result

128. As a result of Brady’s constitutional deprivation of federally protected rights, she has incurred actual emotional injuries, and financial damages

SECOND CAUSE OF ACTION

Section 1983 – Liability in Connection with the Actions of Another – Municipalities – Liability Through Adopted Policies, and Inadequate Training or Supervision

City of Somersworth by and through Mayor Dana Hilliard; The Somersworth School Board, Jeni Mosca, Pam MacDonald, and Administrator Dana Hilliard

128. Plaintiff, Lisa Brady, incorporates by reference the factual allegations set forth above.

129. Plaintiff, Lisa Brady, claims that the City of Somersworth by and through Mayor Dana Hilliard, and the Somersworth School Board, by and through Superintendent Jeni Mosca, adopted a policy of inadequate training on facilitated communication (FC) and they failed to adequately supervise staff, who were portrayed within a public film that subjected, Brady’s former student “Axel” to “false light,” privacy violations, using the known fraudulent technique, and failed to supervise staff, and that this policy subjected Lisa Brady to violations of her Fourteenth Amendment Right to procedural due process, and her First Amendment right to Free Speech, the Defendants adopted policy and failure to train also caused Brady to be subjected to retaliation for her advocacy, in violation of Axel’s rights.

130. The City of Somersworth by and through Mayor Dana Hilliard, and the Somersworth School Board, by and through Superintendent Jeni Mosca, failed to adequately train their

employees and themselves, and to supervise employees, and it amounted to a deliberate indifference to the fact that inaction would obviously result in the violation of falsely portraying Axel in a public film, being sold world-wide, and then denying Brady the right to meaningful due process, and free speech in retaliation for her right to advocate for her student.

131. The City of Somersworth by and through Mayor Dana Hilliard, and the Somersworth School Board, by and through Superintendent Jeni Mosca, failed to adequately train their employees, and themselves, and failed to supervise employees, and that was the proximate cause of Lisa Brady's denial of her procedural due process rights, and her right to free speech.
132. The City of Somersworth by and through Mayor Dana Hilliard, and the Somersworth School Board, by and through Superintendent Jeni Mosca adopted a policy to use a discredited educational technique, and they failed to adequately train their employees and themselves, and to supervise employees, and that amounted to deliberate indifference,
133. The City of Somersworth by and through Mayor Dana Hilliard, and the Somersworth School Board, by and through Superintendent Jeni Mosca reasonably should have known that employees would likely confront harms that are known to occur with the used of FC i.e. through FC, Somersworth teaching staff claimed that Axel was cognitively functioning on grade level, and college-bound when he was in the fifth grade, and when all evaluations indicated that he functioned on a pre-school level. As more fully stated above.
134. The employees had previously changed Axel's programming, relying solely on FC, and in violation of the IDEA. These civil rights violations caused Lisa Brady to advocate on behalf of Axel and resulted in retaliation which; caused further violations of due process, free speech, and retaliation.
135. The Defendants acted with deliberate indifference and/or willful blindness to the strong likelihood that unconstitutional conduct would result from the implementation inadequate training, and adopting this custom, practice, and/or policy such as FC. Their willful and wanton conduct has resulted in ongoing emotional distress.

THIRD CAUSE OF ACTION

Section 1983 – Liability in Connection with Municipalities
FOR FAILURE TO TRAIN AND DISCIPLINE- IN CONSTITUTIONALLY ADEQUATE INVESTIGATION
TECHNIQUES, PROCEDURES AND/OR DUTIES
(42 U.S.C. § 1983) City of Somersworth by and through Mayor Dana Hilliard; The Somersworth School Board, Jeni Mosca, Pam MacDonald, and Administrator Dana Hilliard

136. Lisa Brady incorporates by this reference, all the allegations contained in the preceding paragraphs inclusive, as though fully set forth therein.

137. The City of Somersworth by and through Mayor Dana Hilliard; The Somersworth School Board, Jeni Mosca, Pam MacDonald, and Administrator Dana Hilliard by and through their policymakers, adopted a custom, policy and/or practice of failing to train, supervise, or renounce and/or discipline employees and/or its' elected officials regarding constitutionally of proper investigation procedures, and to ensure that unreliable, discredited, false and defamatory assertions that an employee has been found to have violated a N.H. Statute without having had any opportunity for due process in a court of law, to validate such findings. The failure to adequately train administration in adequate standard of investigation techniques, resulted in a violation of Brady's First and Fourteenth Constitutional rights; she was subjected to defamation of character based on failure to adequately train staff with regard to a duty to ensure due process. The Defendants found that Lisa Brady violated a New Hampshire Statutes under RSA 141 H:2, when they knew or should have known that no court had ever issued that finding.

138. The City of Somersworth by and through Mayor Dana Hilliard; The Somersworth School Board, by and through their policymakers, created and maintained a custom, policy and/or practice of failing to train, supervise, and/or discipline its administrative employees: Pam MacDonald, Dana Hilliard, and Jeni Mosca, when they conditioned employment based on Brady's compliance with not reporting "Axel's" exploitation. The failure to adequately train administration in due process procedures, resulted in a violation of Brady's First and Fourteenth Amendment, Constitutional rights.

139. The Defendants' failure to document any material evidence, to justify a conclusion that Brady violated N.H. Statute 141 H;2, and their coercive threats to terminate her employment if Brady did not drop her grievances, were facilitated by the City of Somersworth, and its' municipalities, and an adopted custom, policy or practice of a failure to train; specifically, with regard to constitutionally sound procedures for investigating, and reporting on grievances.

140. These unconstitutional customs, policies, and practices of the Somersworth School Board proximately and directly caused Lisa Brady's injuries, including but not limited to; public humiliation, unjust deprivation of due process, defamation of character, and the loss of opportunity to continue in a career, and on a path, that she chose, and had the passion to pursue.

141. The Defendants acted with deliberate indifference and/or willful blindness to the strong likelihood that unconstitutional conduct would result from the implementation Their willful and wanton conduct has resulted in ongoing emotional distress.

FOURTH CAUSE OF ACTION
42 U.S.C. § 1983 and – Conspiracy
(All Defendants)

139. Plaintiff, Lisa Brady, incorporates by reference the factual allegations set forth above.

140. All Defendants acted “under color of state law;” and willfully subjected or caused Lisa Brady to be subjected to deprivation of Constitutional rights, when they conspired, in furtherance of an agreement, or “understanding,” that can be implied (See *Ting v. United States*, 927 F.2d 1504, 1512 (9th Cir. 1991), to deprive Lisa Brady of rights secured under the First and Fourteenth Amendments to the U.S. Constitution, and her civil rights under 42 U.S.C. § 1983; namely, the denial of her day in court, with “fair,” and “meaningful” opportunities to present her case, as more fully described in the paragraphs above. See *Ting v. United States*, 927 F.2d 1504, 1512 (9th Cir. 1991).

141. Defendants acted in concert and assisted one another to accomplish the unlawful purpose described in more detail in the paragraphs above, by committing overt acts against Lisa Brady: including any and all of the following: issuing orders, findings of fact, and complaint findings that failed to answer the “plain meaning” of the complaint; issuing orders, findings of fact, and complaint findings that were arbitrary and capricious; defaming Brady’s character (libel and slander); denying her fair and meaningful process, failing to conduct investigations into her alleged criminal acts, making false accusations, failing to represent, and ignoring Brady’s meritorious complaints; and intimidating and coercing Brady to withdrawal her complaints or to fear retribution for having filed complaints, thus chilling her free speech.

142. The Defendants executed these acts under the color of state law, which resulted in Lisa Brady’s mental trauma, and subsequent lowering of wages and earnings.

143. The Defendants are thus conspiratorially liable for all misconduct as set forth in this complaint, pursuant under §42 U.S.C. § 1983.

144. Defendants’ conspiracy was the proximate and direct cause of her injuries.

145. As a result of Defendant conspiracy, Lisa Brady suffered actual financial and emotional injuries, and other damages and losses as described herein, entitling her to compensatory and special damages, in amounts to be determined at trial. As a further result of Defendants unlawful conduct, Lisa Brady has incurred special damages, including medical expenses, and legal bills, that have accumulated as a result of this conspiracy. She may continue to incur other expenses related to further medical and other special damages in amounts to be established at trial.

146. The Defendant acted with deliberate indifference to Lisa Brady’s rights, and they acted maliciously, willfully, wantonly, and in reckless disregard of those rights, and has resulted in ongoing emotional trauma, thus entitling Brady to punitive damages.

FIFTH CAUSE OF ACTION
42 U.S.C. § 1983 and – FIRST AMENDMENT RETALIATION
(All Defendants)

147. Lisa Brady incorporates by this reference, all the allegations contained in the preceding paragraphs inclusive, as though fully set forth therein.

148. First Amendment retaliation claim, the plaintiff must allege that Brady engaged in a constitutionally protected activity; she reported her former student exploitation in a public film, filed complaints, grievance, and civil complaints against the Defendants. The defendant's actions, as stated more comprehensively above, would 'chill a person of ordinary firmness' from continuing to engage in the protected activity; and

149. Brady's advocacy for her student Axel; filing grievances, complaints, and court briefs, reporting his exploitation, and his false light portrayal in a public film, 'Axel,' selling as a min-film within the "Who Cares About Kelsey Teaching Kit," was a protected activity, and was a substantial or motivating factor in the defendant's retaliatory conduct, —Brady's claims show that there was a nexus between the defendant's actions and an intent to chill her speech, as stated more fully in the paragraphs above.

150. the Defendants intended to interfere' with the plaintiff's First and Fourteenth Amendment rights; Brady was denied procedural due process; an impartial decision maker, was issued findings of fact that did not relate to the plain language of her complaints, the orders included false and defamatory statement about Brady. She was subjected to judges and complaint investigators that issued orders that were delivered with prejudice, and in violation of ethics, and the law, --- as more fully described in the paragraphs above.

151. The defendant 'intended to interfere' with the plaintiff's First and Fourteenth Amendment rights; she suffered a constitutional injury, a loss of income and earning potential, based on the derailment of her career, and she has experienced ongoing emotional trauma;

152. the defendant's retaliation and denial of due process, based on Brady's speech, was the proximate and direct cause of Brady's

153. As a result of Defendant First Amendment Retaliation, Lisa Brady suffered actual financial and emotional injuries, and other damages and losses as described herein, entitling her to compensatory and special damages, in amounts to be determined at trial.

154. . The Defendant acted with deliberate indifference to Lisa Brady's rights, and they acted maliciously, willfully, wantonly, and in reckless disregard of those rights, and has resulted in ongoing emotional trauma, thus entitling Brady to punitive damages.

RELIEF

WHEREFORE, plaintiffs request that this Court:

- I. Declare that the Somersworth's School Board, and the City of Somersworth engaged in a pattern, practice and/or policy that violated plaintiffs' First, and Fourteenth Amendment rights, **when they adopted policies, that resulted in inadequate training and supervision.**
- II. Declare that the Somersworth's School Board, and the City of Somersworth engaged in a pattern, practice and/or policy that violated plaintiffs' First, and Fourteenth Amendment rights, when they Failed to train and discipline-in constitutionally adequate investigative techniques, procedures and /or duties.
- III. Punitive damages for actions committed with reckless or callous disregard for the plaintiff's rights.
- IV. Award monetary damages for emotional trauma, to be determined by a jury.
- V. Award monetary damages related to reputational and other injuries to professional standing, as determined by a jury.
- VI. Recovery of lost earning capacity, due to the loss of chosen career path, in an amount to be determined by a jury.
- VII. Damages, and financial for emotional trauma compensation to be determined by a jury.
- VIII. Any further relief that this Court deems just and proper, and any other appropriate relief at law and equity.

JURY DEMAND

Pursuant to Rule 38 of the Federal Rules of Civil Procedure, Ms. Brady demands a trial by jury

Respectfully submitted, (Sworn Varication Attached Below)

 , January 19, 2024

Dorham, NH 03824-4310

Dear Ms. Brady:

Pursuant to the NEA-NH Legal Representation Policy, this letter serves to inform you of the NEA-NH Executive Board's decision in your appeal.

In a March 19, 2015 letter to you, NEA-NH Executive Director Rick Trombly affirmed the decision of the Somersworth Association of Educators (the SAE) not to appeal your dismissal from the Somersworth School District to arbitration under the terms of the SAE collective bargaining agreement. You appealed from Executive Director Trombly's decision to the NEA-NH Executive Board. I appointed a panel of four members of the NEA-NH Executive Board to hear your appeal. On June 3, 2015 a hearing on your appeal was held in front of this panel at the NEA-NH Concord office. The panel was tasked with hearing the testimony of both parties, reviewing the exhibits submitted, and then making a recommendation to the Executive Board.

The issue for the panel to consider was whether or not the SAE was within its right to decline to appeal your dismissal grievance to arbitration after you were dismissed by the Somersworth School Board. The Board was assisted by NEA-NH Staff Attorney Esther Kane Dickinson who moderated the hearing and made a report to me after the panel voted.

Prior to the hearing both parties submitted exhibits for the panel to consider. At the hearing both you, representing yourself, and Attorney Sacks and NEA-NH UniServ Director Peter Miller, representing the SAE, presented your cases through oral presentations and accompanying exhibits. You were accompanied by Frank Edelblut a member of the NH House of Representatives. After the presentations of both parties, the panel asked questions which both parties were allowed to answer. After the panel's questions had been exhausted, the hearing was closed. At that time, the parties left and the panel proceeded to deliberate about the arguments presented.

The panel carefully considered the materials presented and the arguments from both parties. The panel found that you are clearly an advocate who cares deeply about these issues and your students. However, the panel concluded that it should not overturn the SAE's decision. The panel voted 4-0 to recommend to the NEA-NH Executive Board to affirm Executive Director Trombly's decision.

A National Education Association Affiliate

Lisa Brady
June 26, 2015
Page 2

At the NEA-NH Executive Board meeting on June 5, 2015 this recommendation by the panel was brought before the Board. The Executive Board voted to uphold the panel's recommendation, therefore affirming the Association's denial of moving your grievance forward. As the President of NEA-NH I am chair of the Executive Board and it is my role to impart this decision to you. This is the final decision of NEA-NH on this matter.

If you have any questions, please let me know.

Sincerely,

Scott McGilvray, NEA-NH President

Uncovering the Layers of Corruption

Dear Honorable Members of the New Hampshire Senate,

The NH-NEA (teachers 'union) has prescribes the following mission:

"To advocate for the children of New Hampshire and public school employees and to promote lifelong learning" (See: <http://neanh.org/about/>)

Within a letter to me dated June 26, 2015 and received on July 1, 2015, the NH-NEA officially denied me representation; even though they had taken my union dues over the previous seven and half years. Within the denial letter (see attachment #1) they stated the following:

"The panel found that you are clearly an advocate who cares deeply about these issues and your students." They also noted that "The panel voted 4-0 to

recommend to the NEA-NH Executive Board to affirm Executive Director Trombley's decision."

On March 18, 2015, I met with the NH-NEA as part of my appeal process to try and persuade them to represent me with regard to my termination from SAU 56 (Somersworth). At that meeting, Executive Director Trombley began by indicating that he had a potential conflict of interest because of his friendship with my former boss, Dana Hilliard. He believed that although he was friends with Dana Hilliard, that he could separate the issues. What he and every other representative from the NH-NEA had ever failed to mention, was the direct conflict of interest that they had with one of the most salient aspect of my complaint; allegations that I made against UNH Institute on Disability (Dan Habib and Michael McSheehan) and SAU 56 administrators (Jeni Mosca and Pam MacDonald) related to educational grant fraud and the exploitation of my significantly impaired non-verbal autistic student. It has come to my attention that the NEA is listed as a major funder of the film that was produced by UNH Institute on Disability. Please note the following information listed on the UNH Institute on Disability website, which, lists the NEA as one of the major funders of the Who Cares about Kelsey teaching kit (the 'Axel' mini-film, which involved my former student, is part of that teaching package):

Virginia M. Barry, Ph.D.
Commissioner of Education
Tel: 603-271-3144

Paul K. Leather
Deputy Commissioner of Education
Tel: 603-271-3801

November 13, 2014

Lisa Brady
8 Constable Road
Dunham, NH 03824

Dear Ms. Brady,

The New Hampshire Department of Education received your complaint dated October 14, 2014 of education grant fraud against the Institute of Disability for the film project Education Revolution: The Inclusion of Students with Emotional/Behavioral Challenges. The New Hampshire Department of Education provided funding for this film project through the Governor and Council process. The Institute of Disability submitted invoices regarding the amount for reimbursement as well as description of the costs.

Upon review of the documentation submitted by the Institute of Disability, the New Hampshire Department of Education has concluded that the grant money was used and reimbursed appropriately. Therefore, the New Hampshire Department of Education has concluded that this complaint is unfounded.

Sincerely,

Virginia M. Barry, Ph.D.
Commissioner of Education

VB/st

Virginia Barry and Richard Farrell Intentionally suppressed material evidence, and denied Brady's right to due process and free speech. In doing so they violated the law, N.H. Title LXII, 641:6 Falsifying Physical Evidence II, and 641:7 Tampering with Public Records or Information. They also violated Articles of the N.H. State Constitutional Article at. [Art.] 2-b. [Right of Privacy.] Art.] 2-b. [Right of Privacy.] [Art.] 20. [Jury Trial in Civil Causes.] and [Art.] 2. [Natural Rights.]. They violated NH Rev Stat § 638:2 (2015) by knowingly falsifying and concealing material verbal and written or evidence for which the law provides public recording. A federal wire fraud.

They knowingly reported complaint findings they knew were false to avoid answering Brady's valid complaint about the Axel film. They turned a blind eye, and acted with deliberate indifference to a duty they had with oversight on monitoring. They tampered with public records, by knowingly entering a false complaint finding on claims never filed. Barry and Farrell acted individually and in concert, to deprive Lisa Brady of the benefit of presenting "fair" findings of facts that would have aided her defense at termination. They acted in furtherance of a conspiracy, under color of state law, to constitutionally harm Brady, denying her free speech and procedural due process under the First and Fourteenth Amendments. They did so to silence Brady and to aid and abet the fraudulent, 'Axel,' film, part of the Who Cares about Kelsey teaching kit, sponsored by the State of N.H. and Federal grant funding. Had the N.H. Department of Ed. investigated the actual allegations lodged by Brady, in compliance with N.H. Code of Admin. R. Ed 511.01, Mosca and MacDonald would have been the ones subjected to discipline:

“Ed 511.01 (2) If the investigation finds a credential holder in violation of a rule of the code of conduct as specified in Ed 510.01 through Ed 510.04, the department shall propose a form of discipline as follows: a. Suspension; b. Revocation; or c. Reprimand; and” N.H. Code Admin. R. Ed 511.01

When Virginia Barry and Investigator Farrell reported findings on a complaint that Brady did not file, they showed an ‘affirmative link,’ or intent to conspire with the University of New Hampshire IOD staff and the Somersworth

Administrators, Jeni Mosca, and Pam MacDonald.

“A supervisor may not be held liable for the constitutional violations committed by his or her subordinates, unless there is an ‘affirmative link’ between the behavior of a subordinate and the action or inaction of his supervisor such that the supervisor’s conduct led inexorably to the constitutional violation.” See *Soto-Torres v. Fraticelli*, 654 F.3d 153, 158 (1st Cir. 2011)

EXHIBIT #3

Date: 12/11/2018 7:28 PM EST

Subject: RE: The State of New Hampshire refers to harmful techniques as innovative!

Der Attorney General Smith,

Extensive peer-reviewed research has proven that FC is not a viable form of communication. Using facilitated communication, the same "innovative technique" that you referred to in the attached letter, Anna Stubblefield, a former professor of Ethics at Rutgers, solicited consent for sex with her victim, DJ. A non-verbal man diagnosed with CP and functioning on a pre-school level.

"Anna Stubblefield went on trial for two counts of first-degree aggravated sexual assault, the same charge that would apply to someone who had inflicted severe injury during a rape or participated in a violent gang rape. The state set out to prove that D.J. was incapable of consent to sex or physically helpless to resist it, and that Anna either knew or should have known the same. See "<https://www.nytimes.com/2015/10/25/magazine/the-strange-case-of-anna-stubblefield.html?smid=tw-nytmag&smtyp=cur>"

Would you care if your disabled child was exploited using facilitated communication to make false assertions in a public film? What if you had a non-verbal, low cognitive disabled daughter weighing 70 pounds and some big burly man had sex with her claiming she consented using FC. A far more likely scenario than the Stubblefield case. Would you describe it as an "innovative technique?"

Position statements of innumerable professional organizations, including the American Speech-Language-Hearing Association, strongly condemn the use of facilitated communication and refer to it as 'junk science' and harmful. There is nothing "innovative about "junk science."

One day in the future, the State of New Hampshire will have a rape case related to FC and your office will have an obligation to protect the victim, not the perpetrator of the crime. I bet you won't be telling the jury that FC is an "innovative technique." I would like to know who is responsible for supervising the decisions you and your agency makes. It is pretty scary when a State Attorney General favors "junk science" over our country's leading communications experts. You even copied your response to the press. WOW!!

Please consult Speech and language Communication experts and re-open the case. Also, who can I contact that might be willing to do something about the fraudulent Axel film currently selling out of UNH and exploiting a child. A film that was paid for with public money.

Sincerely,

Lisa Brady

Subject: The State of New Hampshire refers to harmful techniques as innovative!

The State of New Hampshire refers to harmful techniques for children as "innovative!" And, they help destroy the careers of teachers that advocate on behalf of their students!

Dear Attorney Smith,

RE: Request to reopening the U.N.H. fraud investigation

A. Axel now attends the Monarch School of New England in Rochester; a school for significantly cognitively

impaired children.

B. ASHA just released their new position statement on F.C. (facilitated communication) as "harmful" not

"innovative" in the language.

The attached pdf is a response from a complaint that you failed to give due diligence to last February. The U.N.H. Institute on Disability has been allowed to continue to sell a film that exploits a non-verbal autistic student that I used to teach titled, "Axel." U.N.H. knew the film falsely portrayed Axel and that it claims to be a documentary based on the truth. Habib's film claimed Axel was able to complete "grade level work" and that he was "college bound" when he functioned cognitively like a preschooler. It is loathsome and corrupt for a public agency with a duty to prevent this type of exploitation, fails to act on behalf of a child and on behalf of a public that sponsored the film.

Axel functioned on a preschool level during the time that he was filmed and he currently attends the Monarch School of New England in Rochester; a school for significantly cognitively impaired children. I used to work at the Monarch School and you have to be very low functioning to qualify for acceptance. U.N.H. knowingly lied about Axel's abilities. They had access to his entire educational files which; documented the full extent of his deficits before they ever filmed him. The Somersworth school staff used the alleged communication method, facilitated communication (FC), to explain his sudden abilities in the film. It was not a method agreed to by his parent within his IEP.

You referred to FC an "innovative educational technique (see paragraph below)" in order to rationalize why you were not going to proceed with an investigation. Please read the most recent position statement released by the American Speech-Language-Hearing Association (ASHA) below. The state of New Hampshire refers to FC as an "innovative" techniques and ASHA describes it as a "harmful." You have a duty to the public to investigate the exploitation of child in this State by a public agency that needs to be stopped from engaging in these types of violations. Should the public believe the State of New Hampshire or the American Speech-Language-Hearing Association when it comes to determining what is and is not an "innovative" and "safe" communication technique?

"The Institute of Disability grant application described the activities that would be conducted with the grant funds received, as producing training videos to assist educators in evaluating

***"innovative educational techniques"** that might be of use with children with disabilities, including those with autism. Therefore, the activity proposed fit within several of the allowed purposes for which the federal funds could be used."*

Please re-open this investigation. Also, see U.N.H. emails below; Dr. Stephen Calculator from U.N.H. is highly reputable speech language professor and he explained to Director Charles Drum that he knew pretty quickly that the film was not authentic.

Sincerely,

Lisa Brady, M.Ed. terminated for advocating on behalf of her student
This position statement is an official policy of the American Speech-Language-Hearing Association (ASHA).

Position Statement: Facilitated Communication

It is the position of the American Speech-Language-Hearing Association (ASHA) that Facilitated Communication (FC) is a discredited technique that should not be used. There is no scientific evidence of the validity of FC, and **there is extensive scientific evidence – produced over several decades and across several countries – that messages are authored by the "facilitator" rather than the person with a disability. Furthermore, there is extensive evidence of harms related to the use of FC.** Information obtained through the use of FC should not be considered as the communication of the person with a disability.

<https://www.asha.org/News/2018/ASHA-Discourages-Use-of-Facilitated-Communication-Rapid-Prompting-Method/>

ASHA Discourages Use of Facilitated Communication, Rapid Prompting Method. People With Communication Disabilities Have a Right to Services That Are Effective, Lead to Independent Communication, and Are Not Harmful, ASHA Says

(Rockville, MD) Underscoring the importance of scientifically defensible communication interventions and citing shared concern about harm that could stem from baseless practices, the Board of Directors of the American Speech-Language-Hearing Association (ASHA) has unanimously approved [position statements](#) that discourage the use of Facilitated Communication (FC), the Rapid Prompting Method (RPM), and similar practices such as Spelling to Communicate – techniques where “facilitators” ostensibly elicit communication from individuals with disabilities.

These position statements strongly encourage the use of effective augmentative and alternative communication (AAC) systems. The statements do not apply to independent typing.

Overall, ASHA's new position statements are the result of a year-long process that featured an open peer review. Ultimately, ASHA received 1,100 comments about the positions that ASHA has taken with respect to FC and RPM when they were proposed. Comments were submitted by speech-language pathologists, audiologists, teachers, other professionals, individuals who use FC and RPM and their families, and advocacy groups. Overwhelmingly, ASHA members expressed support for the positions as proposed.

"ASHA's new position statements on FC and RPM are rooted in abiding respect for individuals with disabilities and the belief they have a right to services that are effective, do not cause harm, and foster independent communication," said ASHA President Elise Davis-McFarland, PhD, CCC-SLP.

ASHA rarely takes stands about particular intervention techniques. However, when the evidence against an approach is undeniable, ASHA must caution its members and protect the right of individuals with disabilities to an independent means of communication.

ASHA first cautioned against the use of FC in 1995. Since then, multiple systematic reviews – the highest level of scientific evidence – have continued to show that the "facilitator" is doing the communicating. Based on the preponderance of replicable, objective studies over 3 decades, members have urged ASHA to adopt a stronger position against the invalid and ineffective technique. ASHA's new statement warns that FC should not be used.

RPM has been in use for at least 17 years and bears considerable similarity to FC. ASHA's position statement says that RPM is not recommended because of prompt dependency and lack of scientific validity.

As many as 19 other leading professional organizations have long cautioned against or prohibited the use of FC. And at least three other speech-language pathology organizations in Australia, Canada, and Ireland have also taken stands against the use of RPM.

According to Davis-McFarland, such positions have been and continue to be marked by deep concern about a range of potential serious harm that includes "reduced access to effective and appropriate treatment, denial of the human right to effective communication, and victimization of individuals with disabilities and their families with false hope and wasteful use of personal and professional resources."

She added, "The approval of the position statements demonstrates that, as a professional and scientific organization, ASHA is committed to upholding the use of and reliance on high-quality research when developing practice policy and standards for its members. As in all practice areas, ASHA will continue to monitor the literature on FC and RPM."

About the American Speech-Language-Hearing Association (ASHA)

ASHA is the national professional, scientific, and credentialing association for 198,000 members and affiliates who are audiologists; speech-language pathologists; speech, language, and hearing scientists; audiology and speech-language pathology support personnel; and students. Audiologists specialize in

preventing and assessing hearing and balance disorders as well as providing audiologic treatment, including hearing aids. Speech-language pathologists identify, assess, and treat speech and language problems, including swallowing disorders.

Subject: Assessment

Hi, Steve-

Thank you for not responding to the Slate piece. I think this will give IOD the impetus to clarify our stance on FC and it has been a long time coming.

Have you watched the Axel film? <http://www.youtube.com/watch?v=hsES61i8i-Q> Since FC is not my area, I'm trying to get a sense of whether it's reasonable to come to the conclusion from a lay person's perspective that FC is present in the film. Would an expert conclude that there's FC in the film? The Slate article states: "Harvard's Howard Shane documented the tricks and deception for me in detail, concluding, 'They only made a few mistakes in editing, but the truth does come out.' I see the occasional hand on wrist, but don't know what I should be looking for.

Any chance we can talk about this?

Thanks.

Hi Charles,

Sure, I would be happy to discuss this with you, preferably after the Thanksgiving break.

In viewing the video I believe most individuals with knowledge of FC would identify its use in this segment. There are segments with peers as well as the SLP that show them providing support to enable him to isolate an index finger and point. There are also buzz FC sentences and phrases about assuming competence, planning for college, "independent typing", etc.

At one point, Axel is quoted saying something like, "I want to talk...to type." To be honest, the first time I saw the video I questioned the sincerity of the production. There are several shots of Axel typing /pointing where his hand is shown in isolation and we don't know whether or not he is being facilitated because, if so, the support is off-camera.

I hope this helps for now,

Continuing the conversation-See my response

Thanks Dan. This input was exactly what I was hoping for and it is much cleaner and clearer. Three thoughts

I worry about stating that the Axel film does not portray FC-Axel used FC and while WE don't say anything about it, when people "in the know" review the film, they know it is FC. What about this change in the text: The video "Axel" does not, as the article claims, focus on an approach called facilitated communication. (I changed 'portray an approach' to 'focus on an approach'). I think it's important to correct the impression that the film was somehow about FC. We would specifically comment on the photo caption that said Michael was overseeing FC training and make it clear that Michael was doing no such thing- and say what he was actually doing. Michael would have to write that.

Subject: UNH IOD & Somersworth School District FRAUD

Singed copy attached to this email.

COMPLAINT NH ATTORNEY GENERAL UNH IOD/SAU 56 CRIMINAL FRAUD

February 18, 2018

Dear Assistant Attorney General Smith,

Employees that work at the University of New Hampshire, Institute of Disability, and Somersworth School District are supposed to be held to equal standards of treatment and justice under the laws. They should not be protected by authorities when they knowingly and brazenly violate a child's rights to privacy by falsely portraying him in a film paid for and currently being deceptively sold to the public. Within the letter you sent to me dated February 9, 2018 you only referenced fraud related to a grant application process and you did not identify other criminal statutes of fraud for which they are liable AND cannot semantically "wiggle out of." Every day the fraudulent film ("Axel" part of Dan Habib's Who Cares about Kelsey Teaching Kit) is sold out of UNH IOD, they knowingly violate NH laws for "deceptive business practices" and federal mail statutes under 18 USC § 1341. Within the letter you sent about investigating fraud, you stated the following:

"The scope for fraud detection and federal audit requirements, and hence the State's obligations, are limited to determining if the funds were obtained by false statements, were paid for work that was not performed, and were actually used for the intended purpose of

the grant for allowable expenses. To the extent that the fraud review can include “false statements,” what can be reviewed is whether the application for the funds makes false representations or whether the invoices submitted are false in that the work claimed was not performed. It does not authorize the NHDOE to determine if a educational technique or theory is valid. The NHDOE acknowledges your deep sincere belief that the technique “facilitated communication” should not have been used with your former student, AC, and your claims that significant debate exists regarding whether this approach should be used with autistic children.”

My legitimate claims of fraud are being diminished to a debate over FC. I am requesting that the NH Department of Justice investigate a crime. It shouldn't matter to the Department of Justice what “weapon” was used in the commission of a crime. A crime was committed.

KNOWINGLY DECEPTIVE:

UNH IOD is currently selling an instructional teaching video that deceives the public by claiming the main character in the documentary, Axel, was no longer significantly cognitively impaired but, functioning on grade level when they knew or should have known, based on the student's educational records, that he functioned on a preschool level. During the first three months of filming (Feb-May of 2012), the student's IEP had listed his cognition to be in the three-year-old range. When filming was wrapping up (June-September), the student's IEP was changed to reflect that he functioned on grade level however; it is important to highlight that the change was made without any of the testing, as legally required by IDEA laws. The student's IEP was changed back to reflect his actual cognitive deficits, consistent with a preschooler, again in December of 2012. UNH IOD and Somersworth School District knew at least a year and half before the Axel film debuted to the public as part of the teaching kit, that the film was a fraud. They cannot “play dumb” by hiding behind a pitiful FC defense. UNH has earned money through their deceptive business practices and under NH laws, it falls under the class B felony of “Deceptive Business Practice” as follows:

Section 638:6 Deceptive Business Practices. –

I. A person is guilty of a class B misdemeanor if, in the course of business, he:

(e) **Makes a false or misleading statement in any advertisement addressed to the public** or to a substantial segment thereof for the purpose of promoting the purchase or sale of property or services. II. It is an affirmative defense to prosecution under this section that the defendant's conduct was not knowing or reckless. **Source.** 1971, 518:1. 1992, 269:16, eff. July 1, 199

KNOWINGLY DECEPTIVE:

UNH IOD made a false and misleading statement within the film and on their public website, advertising the Axel film as follows:

See <https://whocaresaboutkelsey.com/multimedia>

Axel

*“Axel is a fifth grader with autism who is non-verbal and exhibits significant behavioral challenges. **Through effective communication supports, Axel was able to learn fifth grade general education curriculum in a general education classroom.** Support for this film was provided by the [National Center and State Collaborative](#).”*

****Axel was not as the advertisement suggested, capable of learning fifth grade general education curriculum in a general education classroom. He did not even have alphabet recognition mastered.**

It is my understanding that the NH Attorney General’s Office has the authority to investigate violations committed by UNH with regard to deceptive business practices in the state of NH (**638:6 Deceptive Business Practices**). I am not sure if you have authority with regard to investigating mail fraud however; you would certainly be able to refer the complaint to a US attorney.

Also, I have sent you more than enough evidence to support the Somersworth School District violated legal NH Constitutional jurisdiction when they knowingly “prosecuted” me at my termination hearing before the Somersworth School Board for violations of NH RSA 141 H:2 without legal jurisdiction. They prosecuted me without a complaining witness and knowing they had no right to do so. It was a pre-meditated, fraudulent, misuse of power and legal authority. Somersworth knew full well that no complaint against me had ever been filed in any court of legal jurisdiction in the state of New Hampshire. The statute of limitations on my complaint is still viable and I am requesting that you investigate my allegations.

Sincerely,

Lisa Brady, M.Ed.

“A teacher saw something criminal involving her student, said something, and was fired.”

EXHIBIT#5

**ATTORNEY GENERAL
DEPARTMENT OF JUSTICE**

33 CAPITOL STREET
CONCORD, NEW HAMPSHIRE 03301-8897

GORDON J. MACDONALD
ATTORNEY GENERAL

ANN M. RICE
DEPUTY ATTORNEY GENERAL

February 9, 2018

Lisa Brady
8 Constable Road
Dunham, NH 03824

Via US mail and e-mail to lisa.brady@comcast.net

Dear Ms. Brady,

The Commissioner of the New Hampshire Department of Education (NHDOE or Department) has forwarded to me for response a large volume of e-mails that you sent him recently that appear to demand action from the NHDOE on a variety of issues that can be summarized as follows:

- 1.) Your allegations, raised by a complaint on or before October 12, 2014, of fraud regarding a grant by the NHDOE to the Institute of Disability for a film project involving your former student "Axel"; and
- 2.) Your termination by the Somersworth School Board in January, 2015.

Although the NHDOE is not required to do so as your requests to the NHDOE for action on both of these buses are now time-barred, the Department staff and I have re-reviewed your submissions, the Department documentation, as well as the video in question. In order to provide closure to you, the following further explanation of why the prior NHDOE actions were correct and why the NHDOE cannot take any further action now is provided.

Issue # 1

In regard to your recent renewal of allegations, which had previously been raised by complaints that you made on or before October 12, 2014, of fraud regarding the grant to the Institute of Disability for a film project, that included as part of the project a short 16 minute video involving

your former student, Axel, you received a notice of decision dated November 13, 2014, that these complaints had been investigated and were determined to be unfounded.

This grant was made to the Institute of Disability, not to the Somersworth School District. No money was paid by the NHDOE to Somersworth School District on this project. Therefore, in regard to your allegations, the NHDOE was only authorized to look at the conduct of the grant recipient. In making the determination that there was no grant fraud, the Department reviewed in detail the grant, the federal regulations that govern the grant, as well as the video of Axel and your complaint. The grant to the Institute of Disability was made under IDEA Part B, Section 611 (Grants to States) using State “set-aside funds.” Under applicable guidance from the USDOE, there are a number of different purposes for which State set-aside funds can be used including: for professional development and training; to improve the use of technology in the classroom by children with disabilities to enhance learning; to support the use of technology, including technology with universal design principles and assistive technology devices to maximize accessibility to the general education curriculum for children with disabilities; to support the development and provision of appropriate accommodations for children with disabilities; or the development and provision of alternate assessments. The Institute of Disability’s grant application described the activities that would be conducted with the grant funds, if received, as producing training videos to assist educators in evaluating “innovative educational techniques” that might be of use with children with disabilities, including those with autism. Therefore the activity proposed fit within several of the allowed purposes for which the federal funds could be used.

The scope for fraud detection and federal audit requirements, and hence the State’s obligations, are limited to determining if the funds were obtained by false statements, were paid for work that was not performed, and were actually used for the intended purpose of the grant for allowable expenses. To the extent that the fraud review can include “false statements,” what can be reviewed is whether the application for the funds makes false representations or whether the invoices submitted are false in that the work claimed was not performed. It does not authorize the NHDOE to determine if a particular educational technique or theory is valid. The NHDOE acknowledges your deep and sincere belief that the technique of “facilitated communication” should not have been used with your former student, Axel, and your claims that significant debate exists regarding whether this approach should be used with autistic children. However, the purpose of the grant and video was to demonstrate “innovative techniques.” The NHDOE cannot use audit requirements to stifle debate on innovative educational techniques.

Further, the Axel video does acknowledge that it would use “Augmentative and Alternative Communication – AAC” of which “facilitated communication” is a form, and it does attribute the claimed improvement in Axel’s communication ability to use of this technique. To the extent that the Inspector General’s website states that its fraud investigations review “false claims,” this relates to activities that seek payment of work that did not occur, such as claiming payment for fictional students, construction that did not occur, equipment that was not acquired, or classes that did not occur. The activities that the Institute of Disability submitted invoices for were allowable expenses, the work was performed, and the video was produced. While you are entitled to disagree with the conclusions and opinions expressed in the Axel video, the determination that there was no “fraud” in connection with this grant was correct.

To the extent that your communications request that criminal prosecution occur, as you acknowledge in your letter of December 22, 2017, criminal prosecution is not within the NHDOE's jurisdiction. To the extent that you have sent multiple e-mails claiming criminal conduct that should be investigated, I further note that you contacted the Criminal Bureau of the NH Department of Justice and received a response dated December 10, 2014, from Allison Vachon, which stated that after review of your complaint and all the accompanying materials concerning the Somersworth School District/SAU 56, it was the Criminal Bureau's conclusion that there are no criminal violations.

Finally, to the extent that any motion for rehearing of the Department of Education decision, dated November 13, 2014, is provided for under NHDOE administrative rules, it would have had to have been filed within 30 days of the decision. Ed 213.02. Therefore there is no jurisdiction for the NHDOE or Commissioner Edelblut to revisit the decision that became final three years ago.

Issue # 2

To the extent that you are requesting the Department reverse your termination by the Somersworth School Board, which occurred on January 20, 2015, the Department has no jurisdiction to do so. There is no statute or rule that gives the Department authority to hear or reverse local school board actions regarding teacher terminations. To the extent such authority exists, it is given only to the State Board of Education. Under Ed 206.01, any appeal of the Somersworth School Board's decision in your termination would have to have been filed within 30 days of the written notice of decision, which appears to have been in January 20, 2015. On July 6, 2015, the NHDOE Office of Legislation and Hearings received your July 3, 2015 appeal of your termination under RSA 189:14-b. On July 9, 2015, you were sent Notice that your appeal of your termination was denied as it was not filed within the 10 days required under RSA 189:14-b. On July 13, 2015, you requested reconsideration of the decision to deny your appeal of the termination as untimely. That was denied on July 14, 2015. To the extent that any avenue of appeal existed for appealing the NHDOE denials of your appeal of the termination, it would only have been under RSA 541:6 to the New Hampshire Supreme Court. However, any such appeal would have had to have been filed within 30 days of the July 14, 2015 Notice of denial of your request for reconsideration. Case law makes clear that when the statute specifies a time period within which appeals must be filed, failure to file is fatal to the ability to pursue an appeal. *See, for example, In re Currin* (New Hamp. Comp. Appeals Bd.), 149 N.H. 303, 821 A.2d 1025 (2003). Therefore, there is no jurisdiction for the NHDOE or Commissioner Edelblut to revisit the decision that became final two and a half years ago.

I note that to the extent you or Attorney Bianco requested State Board review in 2014, it was of the actions moving you from one school to another. Therefore, this pre-dated your termination and did not fit under the State Board's authority to review teacher terminations. *See* NHDOE letter, dated October 15, 2014, declining your appeal.

The response to your right to know request to the NHODE is complete and has been made available to you by Attorney Fenton. To the extent that you have claims against the Somersworth School Board, you have indicated that you are pursuing those claims in a civil

Page | 4

lawsuit filed in court. Neither the NHDOE nor the State Board can resolve those claims for you and, for the reasons stated above, cannot and does not take any position regarding your claims against the Somersworth School Board.

This ends the State's review of your claims.

Respectfully,

Nancy J. Smith
Senior Assistant Attorney General

Subject: NH Attorney General's Office won't investigate Fraud!!

Dear Assistant Attorney General Smith,

In the reply e-mail below, you indicated that you would not revisit my allegations of fraud against UNH IOD and Somersworth School District because they had been deemed unfounded by your department back in 2014. I find it unacceptable that your organization would refuse to re look at a matter that involved the exploitation of my former non-verbal autistic student in a public film through UNH IOD that is currently selling to the public and violating "Axel's" rights to privacy. You have previously defended UNH IOD's use of facilitated communication within the film as an "innovative" technique and as a representative for the State of New Hampshire, your opinion is troubling, way beyond my personal feelings about the situation. This situation involves a population of the most vulnerable students in our state; non-verbal children without the ability to speak and limited cognition and basically being forced by others to speak on their behalf in the name of FC or supported typing. It is an intrusive violation that strips them of their dignity and human rights. When I work with these children, I, like many teachers, love them for who they are and try to

help them using evidence based practices with a team of dedicated others because these children tend to be quite involved and unfortunately, there is no miracle cure. Your agencies refusal to hold UNH accountable for fraud hurts our lowest performing students, the ones without a voice and forced to be used as props or ventriloquists, often by loved ones that buy into the false claims of effectiveness professed by staff at UNH IOD.

You also pointed out in your email that my reference to former Professor Anna Stubblefield had nothing to do with facts related to my allegations and that is also untrue. It concerns me that you are making determinations without a full understanding of facilitated communication and the many criminal circumstances that can arise in a community that chooses to pursue false science. Professor Stubblefield solicited sex from a non-verbal, cognitively impaired young man using FC. She admitted her behavior was criminal when she used FC to exploit her victim. Stubblefield used an invalid communication method to take advantage and victimize DJ. UNH IOD and the Somersworth School District used FC within the film (without permission from AC's parent) and exploited "Axel" in a film that is currently selling nationwide. The inaction by the State of New Hampshire is both troubling and unacceptable. It is not too late to do the right thing and reach out to other experts about the problems this state will face if they continue to allow UNH to pedal junk science.

Please honestly investigate my claims and make this about children who deserve to be accepted for who they are. Our low functioning student are entitled to an education that uses evidence based science.

Sincerely,

Lisa Brady

Subject: UNH IOD Allowed to Pedal Junk Science

February 11, 2018

UNH IOD ALLOWED TO PEDAL JUNK SCIENCE

Dear Assistant Attorney General Smith,

I am in receipt of your letter dated February 9, 2018 regarding fraud against UNH IOD and the false portrayal of my former student, "AC," as "college bound" and cognitively "on grade level" when he functioned on a pre-school level during the time of filming "Axel," part of the "Who Cares About Kelsey Teaching Kit" filmed by Dan Habib. You stated the following:

*"The Institute of Disability grant application described the activities that would be conducted with the grant funds received, as producing training videos to assist educators in evaluating **"innovative educational techniques"** that might be of use with children with disabilities, including those with autism. Therefore, the activity proposed fit within several of the allowed purposes for which the federal funds could be used."*

Since when is fraud an "allowed purpose?" Does the NH Department of Education consider Facilitated Communication (FC) to be an innovative education technique? The public has a right to know if the NH Department of Education intends to continue to use public money to fund pseudo-science. The UNH IOD and Somersworth New Hampshire staff used "facilitated communication," within the "Axel" film and, yet, did not tell the audience about the so called "latest innovation" used within the film. Additionally, "AC's" mother did not agree to let her son use FC. Within the letter, you also stated the following:

“Further, the Axel video does acknowledge that it would use “Augmentative and Alternative Communication- AAC” of which “facilitated communication” is a form, and it does attribute the claimed improvement in Axel’s communication ability to use this technique.”

FC is a pseudo-science and does not belong in the category of “Augmentative or Alternative” communication because there is no validated scientific evidence to support that the disabled person is doing the communicating. My former employer, Somersworth School District, expected me to put my hand on top of my student’s hand and communicate for him. Teachers across this country have a right to know if they will be expected to take part in FC before they sink thousands of dollars into their education. They should know that they might be retaliated against, much like me, when they refuse to comply with methods of teaching that violate our children’s’ civil rights. Renown Autism experts, Sally Ozonoff and Sam Goldstein recently co-edited a book titled Assessment of Autism Spectrum Disorder, Second Edition which; is due for release in March of (2018). They share their viewpoint which is considered “*mainstream thinking*” about FC as follows:

*“Drawing upon our experience as practitioners in the field of intellectual and developmental disability, we offer the view that it is important to **argue against FC from a human rights perspective** using the United Nations Convention on the Rights of Persons with Disabilities ([2006 United Nation Convention on the Rights of Persons with Disabilities and Optional Protocol \(2006\)](#). Geneva, Switzerland. [\[Google Scholar\]](#)). Put simply, **FC is an abuse of human rights.**”(p.427)*

The innovative method used by the University of New Hampshire, and being protected by the NH Department of Education is an abuse of human rights. I along with other educational advocates across the state of New Hampshire and United States would like to know why you are allowing facilitated communication to thrive against all “best scientific practice recommendations?”

Please explain what Internal Review Board measures were used by UNH to protect my former student from being exploited in a public film. It is my understanding that protections must be in place to avoid “exploiting” a child as UNH did with Axel. The federal rules to protect children include the following statute at § 97.404 Research not involving greater than minimal risk.

“ED conducts or funds research in which the IRB finds that no greater than minimal risk to children is presented, only if the IRB finds that adequate provisions are made for soliciting the assent of the children and the permission of their parents or guardians, as set forth in Sec. 97.408.:(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b)) (not all inclusive, just one example of the many rules)

Did the UNH IOD IRB committee have oversight in the “Axel” film? If so, I would like to know what they did to ensure that AC was not portrayed falsely. I would like to know what the IRB had to say about the use of FC within the film. In fact, on behalf of the public, I demand to know. The US Department of Education Defined Grant Fraud on their website public awareness as:

1. What is fraud in the context of education grants?

*“In a nutshell, fraud occurs when education grants are not applied for, received, or spent for their intended purposes, generally through theft, misappropriation, **or false statements**. Fraud can occur in applying for a grant, such as if false information is provided on the grant application. **Fraud can also occur during performance of a grant, such as through false assertions** on a performance report, theft or misappropriation of grant funds, or certain types of lack of performance under the grant. **Fraud also happens when grantees try to cover up underlying problems by creating false documents**, by destroying documents, or by not being truthful with investigators or others. **It’s important to recognize that there can be fraud even if no money has been received**, such as when false information is provided in a grant application, and that type of fraud should also be reported, investigated, and **prosecuted**.”*

The University of New Hampshire, Institute of Disability, film maker, Dan Habib’s, “Axel” film makes false assertions throughout the film. I never complained about how UNH IOD used money, I complained about a complete misrepresentation of the truth to the public. UNH used facilitated communication to make untruthful assertions to the public while taking money from the public for payment. UNH IOD exploited Axel in the film and the NH Department of Education and Attorney General’s Office continues to “protect” UNH from consequences as a result of this fraud. A big NH institution being protected by another big NH institution and hushing a special education teacher’s valid complaint. On page 437 of Ozonoff and Goldstein’s book the stated the following:

“The responsibility of our community lies with the promotion of science-based interventions while educating others to have a critical lens toward unproven interventions.”

Assistant Attorney General Smith, your letter takes a pro-psuedo-science educational viewpoint. Although I understand you do not have expertise in the science of facilitated communication however; you are supposed to be speaking for the public and, as such, you need to explain why New Hampshire is pedaling junk science in grant funded teaching films. We have a new commissioner and a new governor AND a new opportunity to correct **disgraceful decisions made by the former administration**. Please rethink your position with facilitated communication and if the Department intends to continue to promote FC, the public has a right to know. I would appreciate a response to my letter. UNH cannot be allowed to hide the truth from the public who has funded them so generously.

Sincerely,

Lisa Brady, M.Ed.

Subject: Evidence: NH DOE's "Grossly Negligent" Fraud Investigation

Ever wonder what is involved behind the scenes with an Educational Fraud investigation in the State of NH?

Dear Commissioner Edelblut,

Can you please explain why the fraud complaint that I sent to former Commissioner Virginia Barry has been "grossly neglected" by the NH DOE? Can you also explain why you have allowed the Somersworth School District to misrepresent their authority (committing fraud) when they found me guilty of violating an RSA NH Statute without legal jurisdiction at my termination hearing? Why is the NH DOE denying me a hearing?

On 11/19/ 2017 I made the following FOI request:

"copies of public records that relate to an investigation completed by former Commissioner of Education, Virginia Barry in November 13, 2014. I am also requesting all records related to the allegation that I made which; were not reported by Virginia Barry in her response (see attached email evidence). I recall being interviewed by an investigator however; it was never addressed in a report from Virginia Barry. I would like a copy of all records (emails, notes, reports, letters, etc.) related to any investigation or inquiry completed by the department of education as it relates to my allegations of education grant fraud and the "Axel" film and into criminal allegations I made against administrators from SAU 56 (Jeni Mosca & Pam MacDonald) currently selling nationwide and violating AC's rights to privacy with every sale. The public has a right to know how the NH Department investigated my claims of student exploitation and grant fraud."

Yesterday I received two CD's with records which consisted mostly of records that I sent to the Department and among the piles of redundant copies, I could find only one record related to a report of any kind related a NH DOE fraud investigation. Please forward me any information you may have overlooked because it is mind boggling that the NH DOE would fail to investigate fraud involving a child with a severe disability. The complaint investigator, Richard Farrell, sent an internal email to Judith Fillion addressing my complaint as follows:

(indicates redaction)

From: Farrell, Richard
Sent: Monday, November 03, 2014 2:44 PM
To: Fillion, Dr. Judith D.
Subject: XX
Dr. Fillion,

I contacted [REDACTED] today as part of my on-going investigation into her allegations of “Educator Misconduct.” Prior to this conversation, I have reviewed all emails that have been sent to the Department of Education, [REDACTED] (Superintendent [REDACTED] Attorneys for [REDACTED] (Attorney [REDACTED] and others, I have also consulted with Santana Thibedeau, Stephen Berwick, and [REDACTED] along with many others.

First, I needed to narrowly define the issue of “Educator Misconduct.” Many of [REDACTED] claims are labor issues within [REDACTED] and not within my jurisdiction. She was notified of this fact. Additionally, Brady claims to have evidence of fraud against the University of [REDACTED] and [REDACTED] Again I have no jurisdiction to examine such claims. [REDACTED] strongly disagrees with this determination, but the facts speak for themselves. [REDACTED] finally alleges that [REDACTED] generally and Superintendent [REDACTED] and members of her staff have engaged in “Grant Fraud” related to a film made by Daniel [REDACTED].

During our conversation, she was unable to articulate three primary requirements for such an allegation.

4. State of Mind (Did anyone in the District or its chain of command exhibit a “knowing and purposeful” mental state related to the allegations of fraud?
5. What was the nature of the fraudulent behavior?
6. What overt act(s) were committed in furtherance of the conspiracy to commit or to commit the fraud?

[REDACTED] was unable to answer any of these questions with specificity. She is convinced of both a conspiracy and gross fraud. However, she cannot define the fraud, identify the funds defrauded, define the contours of conspiracy, or identify the perpetrators of the fraud. The case seems to boil down to a very clear dispute between (2) very different theories or an intellectual debated between practitioners of these theories. [REDACTED] has chosen a side and the district is weighing its options. The film Mr. [REDACTED] has complicated the debate. It is very interesting that the parents of the child in question have never filed a complaint with the district with respect to the on-going issues with Mr. [REDACTED] and the documentary.

I made it clear to [REDACTED] that the investigation is confidential, on going, and being addressed in a thoughtful and professional manner. Further, since it is a confidential matter, with the exception of the State Board Hearing, a formal notification of findings may not occur. [REDACTED] was also advised of FERPA violations and restrictions and advised to consult with an attorney before she engaged in future press releases that may contain student information. She was given my direct phone number and e-mail address for future correspondence.

In short, barring future disclosures, I cannot find evidence of Educator Misconduct. However; further press releases, email releases, flyers, etc. distributed by [REDACTED] after my very direct warnings may eventually be evidence of misconduct in the future.

Respectfully [REDACTED]

Why didn't the investigator look at AC's educational records for proof that he was significantly cognitively impaired and, yet, marketed by the Somersworth teaching staff within the "Axel" film as functioning "on grade level" and "college bound?" Does the complaint investigator actually believe that a complaint is not worthy of investigating if the complainant doesn't sufficiently answer his legal questions? Please review my redacted fraud complaint that was sent to Virginia Barry at the bottom of this e-mail on July 11, 2014. The investigator did not investigate my complaint and in response to my complaint, Virginia Barry sent the following statement in a letter addressed to me on November 13, 2014:

"The New Hampshire Department of Education received your complaint dated October 14, 2014 of Education grant fraud against the Institute of Disability for the film project Education Revolution The inclusion of Students with Emotional/Behavioral Challenges. The' New Hampshire Department of Education provided funding for this film project through the Governor and Council process. The Institute of Disability submitted invoices regarding the amount for reimbursement as well as description of the costs. Upon review of the documentation submitted by the Institute of Disability, the New Hampshire Department of Education has concluded that the grant money was used and reimbursed appropriately. Therefore, the New Hampshire Department of Education has concluded that this complaint is unfounded."

How does Virginia Barry's response to my complaint relate to what the investigator reported above in his findings? My complaint to Virginia Barry is stated as follows:

Virginia Barry Complaints July 11, 2014

----- Forwarded Message -----

Subject:	Complaint
Date:	Fri, 11 Jul 2014 13:23:24 +0000
From:	Lisa Brady <lisa.brady@comcast.net>
To:	Barry, Virginia <Virginia.Barry@doe.nh.gov>, Jim Bianco <jbianco@biancoba.com>, Christina Ferrari <cferrari@biancoba.com>

Dear Commissioner Barry,

SAU 56 representatives; Pam MacDonald (Director of Special Education), and Superintendent Jeni Mosca, acted with deliberate ignorance of the truth and reckless disregard when they allowed the NH Institute of Disability representatives, with a conflict of interest, Dan Habib and Michael McSheehan, to portray in a video, a significantly profound, cognitively impaired student in my class, AC, as a college bound while using federal grant money obtained from the USDOE (The National Center and State Collaborative (NCSC) and Schoolwide Integrated Framework for Transformation (SWIFT)). Superintendent Mosca and Special Education Director, Pam MacDonald's actions amount to fraud. They took advantage of one of the most vulnerable students in their school district in order to promote their own careers.

In September 2012 when the student transferred to Somersworth middle school, it was immediately apparent that any data used to support that the student was functioning on grade level was done using a controversial, experimental method of communication called "Facilitated Communication." Dr. G, a behavior consultant that worked in my program indicated at the time that he did not believe the student was intellectually at the level being claimed and recommended that I speak with the special education director about his involvement with my student. He also said that it was sad when he had to deal with the families on the other end when they find out that the facilitator was the one doing the writing. The speech pathologist at the Middle School, Robin Scott, indicated that she believed that AC was not cognitively functioning on grade level and that we should not be relying solely on the data used from facilitated communication to determine his cognition. Additionally, she did not feel comfortable using facilitated communication because it was not approved by ASHA, her professional governing body.

- At that time I requested additional communication testing and Pam MacDonald denied my request.
- The team collected data all summer and submitted it to Pam MacDonald for review; it supported that the student did not have alphabet or letter recognition.
- I attempted to establish a meeting to try to change the student's IEP by putting the student back on an Alternative Assessment.
- When educational records were sent up to the middle school, there were recent evaluations to support that the student was significantly impaired.
- The student did not turn in an alternative portfolio as required in the spring of 2012 and reasoned that Michael McSheehan from the Institute of disability and consultant with NHDOE in the area of alternative portfolios, recommended that he take the NECAPS.
- Director MacDonald stalled my attempts to set up a meeting.

- I communicated with AC's parent and they said that they have tried to do facilitated communication and A never wrote anything and they didn't believe it. They also agreed that A was functioning at a much lower level than what the Idlehurst team had claimed.
- I filed a grievance against Director MacDonald in September 2012 and noted my fear of retaliation.
- Given that the student's plan did not indicate that facilitated communication was an accommodation, the middle school did not
- Removed Information
- In March 2013 I was retaliated against by Director MacDonald, entering false allegations into my employment file.
- I entered a rebuttal to the false allegations and once again noted my fear of retaliation.
- The Institute of Disability did not produce A's video or use it until this past February 2014 and, once again, I was retaliated against with false information entered into my employee file and a forced to leave my job at the middle school and sent to Maplewood and had I not hired attorney's at Bianco Professional Associates, I have no doubt the Superintendent would have fired me.
- My attorney's are currently in the process of filing a whistleblowers suit and I want my job back at the middle school.
- I would welcome you to contact my attorney's because, as you can imagine, there are many factors involved with this case.

Summary of the past five IEP's for the Student Student's (taken from one of my grievance letters to the district)

IEP Date	Primary Coding	Excerpt about Development	Describe why student cannot take regular assessment.
12/12/2008	Mental Retardation/Autism	Math Present Level: <u>Student can count to two</u> while engaging in a movement activity.	"Student has a limited vocabulary and is not yet able to read. The regular assessment is not appropriate to accurately measure Student's abilities and his degree of progress."

12/18/2009	Mental Retardation/Autism	Speech: Present Level: “significant delays in all academic areas and is presently working on pre-academic and functional skills.”	Student’s communication style has made it difficult to assess his current cognitive level of function and adaptive behavioral skills are significantly below grade level. He is receiving systematic instruction with tasks in small steps and requires a 1:1 support person at all times for all tasks
12/12/2010	Mental Retardation/Autism	Able to recognize and match a variety of pictures	The computer based MAPS testing is not an appropriate method of measuring Student’s academic growth. Student is non-verbal and a non-reader who requires maximum assistance in all areas of academics and life skills
12/12/2011 ***** The Idlehurst Team Was obligated to complete an alternative assessment!	Autism	<u>Student is functioning in the skill level of a three year old</u> with some aspects of his self-help such as toileting and cutting food.	(a) Describe why student cannot take regular assessment. Student’s communication style has made it difficult to assess his current cognitive level of function and adaptive behavioral skills are significantly below grade level. He is receiving systematic instruction with tasks in small steps and requires a 1:1 support person at all times for all tasks.
05/24/2012	Autism	He requires information to be read aloud to him,	Entered NECAP testing in IEP

After the Window	but performs most grade- level tasks
Of Testing:	proficiently with
Oct. 2011-	generous
May 5, 2012	support

<http://www.whocaresaboutkelsey.com/about/the-mini-films>

Axel is a fifth grader with autism who is non-verbal and exhibits significant behavioral challenges. Through effective communication supports, Axel was able to learn fifth grade general education curriculum in a general education classroom. Support for this film was provided by the [National Center and State Collaborative](#).

Please investigate this issue. My attorneys can be reached at the number below.

Sincerely,
Lisa Brady, M.Ed.

Subject:	Complaint
Date:	Fri, 11 Jul 2014 15:11:03 +0000
From:	Lisa Brady <lisa.brady@comcast.net>
To:	Barry, Virginia <Virginia.Barry@doe.nh.gov>, grants@doj.nh.gov <grants@doj.nh.gov>, attorneygeneral@doj.nh.gov <attorneygeneral@doj.nh.gov>, Christina Ferrari <cferrari@biancopa.com>, Jim Bianco <jbianco@biancopa.com>

Dear Commissioner Barry,

I am writing to further clarify my complaint with regard to fraud against Superintendent Mosca and Special Education Director, Pam MacDonald.

The U.S. Department of Education Office of Inspector General (OIG) defines fraud as follows

90. What is fraud in the context of education grants?

In a nutshell, fraud occurs when education grants are not applied for, received, or spent for their intended purposes, generally through theft, misappropriation, or false statements. Fraud can occur in applying for a grant, such as if false information is provided on the grant application. Fraud can also occur during performance of a grant, such as through false assertions on a performance report, theft or misappropriation of grant funds, or certain types of lack of performance under the grant. Fraud also happens when grantees try to cover up underlying problems by creating false documents, by destroying documents, or by not being truthful with investigators or others. It's important to recognize that there can be fraud even if no money has been received, such as when false information is provided in a grant application, and that type of fraud should also be reported, investigated, and prosecuted.

SAU 56 Superintendent Mosca and Special Education Director, Pam MacDonald, may not have actually received the grant money but, they benefited from the video completed by Michael McSheehan and Dan Habib by drawing attention to the school district and what wonderful things they were doing with inclusion. They were aware that the video completed on A was for a grant funded project. They knowingly allowed fraud (creating a false documentary) to occur and did so in order to further their careers. Additionally, they have made my life increasingly difficult, causing significant emotional distress, due to the ongoing retaliation that has occurred since I brought up the fact that my student's intelligence was being determined using what is considered and experimental strategy (facilitated communication). In determining that A was "college bound," they did so while ignoring all evaluations and IEP's within his record to support his significant cognitive impairment. They did so knowing that he did not have number or alphabet recognition. Pam MacDonald refused to have A re-evaluated, at my request, by an expert to determine his actual abilities at that time. Superintendent Mosca and Pam MacDonald, knowingly and willfully abused their position of trust for personal gain (attention and career accolades) at the expense of AC and his family and have since engaged in a pattern of retaliation against me.

Please contact my attorney's at the number below and investigate my complaint or forward to the office of attorney general for investigation.

Sincerely,
Lisa Brady, M.Ed.

Please stop ignoring my legitimate criminal complaint.

Sincerely,

Lisa Brady

Subject: UNH IOD and Dan Habib Robbing Tax Payers and Making NH Look Foolish

Dear Commissioner Edelblut,

Please do something about UNH Institute on Disability and their continued campaign to push junk science on the public. its' time to stop exposing the public to Dan Habib's false science in films he is publishing with the backing of our public institution and tax dollars. Dan Habib's offbeat thinking is dangerous and serves to oppress our most vulnerable low cognitive student population and deny them their civil rights. I was fired from my job because I spoke out about Dan Habib's fraudulent film "Axel" in which my student, who functioned on a pre-school cognitive level, was portrayed as "college bound" and functioning academically on grade level. Despite the fact that UNH IOD knows the film portrays my student in a false light, they continue to sell the film as part of the "Who Cares about Kelsey Teaching Package," and violating 'Axel's' privacy. In Dan Habib's most recent project, Intelligent lives, he seeks to deny the scientific validity of standardized cognitive testing based on "his research". Dan Habib is a film maker and not a scientist. UNH and the State of NH continues to allow him to make our state look foolish with his unscientific positions. The IDEA mandates that teachers use scientific best practice strategies when working with our students because they are entitled to an "appropriate education," not one that serves to deny them their basic human right to communicate. I would like to know what scientific proof Dan Habib has to support that IQ cognitive testing is not a valid way to identify low cognitive students. Please do not continue to ignore this CRIME on tax payers, who put faith in our system for checks and balances using scientific methods and not methods of intervention that have already been scientifically debunked. Please read the article below which was published on May 22, 2015 below in the Conversation. Dan Habib and UNH IOD do not speak for me and they do not speak for a mainstream society or the scientific community.

Please do something to stop them because they are arrogant, empowered, and pushing out propaganda not based on scientific research.

Sincerely,

Lisa Brady, M.Ed.

Academic rigor, journalistic flair

It's time to stop exposing people to the dangers of Facilitated Communication

May 22, 2018 4.11pm EDT

Anna Stubblefield, an ex-Rutgers University Professor of Philosophy, was convicted in 2015 of the rape of an intellectually and physically disabled man after falsely obtaining his consent for sex via a technique known as Facilitated Communication (FC).

Stubblefield was originally sentenced for 12 years, but recently her conviction was overturned on appeal. After pleading guilty to reduced charges, Stubblefield was sentenced this month to time served, lifetime parole supervision and placement on a sex offender registry.

While this strange story might seem unique, it is just the latest that we know of in a long history of adverse events related to the use of FC.

Read more: We count what matters, and violence against people with disability matters

How is FC meant to work?

FC, also called supported typing, is a technique in which a person called a “facilitator” provides physical support to a person with a disability in an attempt to help them point to pictures, printed letters or words on an alphabet board or keyboard.

Typically, the “facilitator” holds or touches the person’s hand, arm, back, or other part of the person’s body during typing. This is supposedly “stabilising” support, meant to allow the person with a disability to use slight movements.

However, FC is pseudoscientific, and its use is unethical. Controlled tests of FC in research and in legal cases have shown that the facilitator is, even subconsciously, authoring the person’s message.

How did FC become widespread?

FC was initially a local phenomenon in Australia in the 1980s. It might have stayed that way, but Dr Douglas Biklen of Syracuse University embraced it, promoted it in the Harvard Educational Review, and created the “Facilitated Communication Institute” (recently re-named the Institute for Communication and Inclusion).

FC came to be vigorously promoted and presented at international Augmentative and Alternative Communication conferences.

A form of automatic writing, FC gives the false impression that the disabled person is doing the typing. Despite anecdotal reports that it works, a simple “blinded” picture naming test is all it takes to reveal the true author. In such a test, the facilitator is not aware of the answers to questions asked of the person with disability. Over 30 studies of this type have found no convincing evidence that messages delivered using FC are authored by the person with a disability.

Read more: Science debunks fad autism theories, but that doesn't dissuade believers

There are several other communication technologies and strategies now available to enable a person with a disability to get their message across. These technologies are called Augmentative and Alternative Communication and include a variety of switches that people can use if they have difficulty using their hands.

What harm can it do?

There’s a long history of harms relating to FC, and it makes the news for all the wrong reasons. US businesswoman Gigi Jordan was sentenced to 18 years in prison for the murder of her son with autism on the basis of a message delivered using FC.

Apart from FC being a clear violation of the disabled person's communication rights, FC related criminal cases often involve family members being falsely accused of sexual abuse. Jose Cordero of Florida is the most recent innocent person known to be imprisoned as a result of false allegations of sexual abuse delivered via FC. His name can be added to a growing list that includes the Wheatons, Julian Wendrow, and Mark and Laura Storch. The Wendrows won more than US\$6 million in law suits.

It's not possible to know how many more people with disabilities who use FC are currently being abused sexually through falsely giving consent to sex, but we do know of one other case similar to Stubblefield's. In Australia in 2014, Martina Susanne Schweiger, a disability support worker received a suspended jail sentence for indecent dealings with a person with an impairment, brought about as a result of the messages delivered by FC.

Five good reasons to 'keep your hands off' FC

1. FC is not a valid form of communication. It gives only the illusion of communication and denies people with disabilities access to their human rights of autonomy, self-determination, and freedom of expression.
2. FC can mask the true nature, identity, and character of the disabled person.
3. FC is a pseudoscientific technique that comes with the risk of inflicting great harms on disabled people, family members, and teachers through false allegations of sexual abuse, false consent for sex, or other crimes. Several professional associations worldwide have warned against its use.
4. FC can also harm the facilitator. The discovery that it is the facilitator who is doing the typing can be devastating and confusing. Like Stubblefield and Jordan, any facilitator could be imprisoned for acting upon wrongful decisions made on the basis of using FC.
5. FC costs families of persons with disabilities valuable money and time and removes opportunities for them to access appropriate treatments that work, including Augmentative and Alternative Communication and Applied Behaviour Analysis.

A right to communicate

People with communication disability have a right to communicate using any means that enables their freedom of expression. They also have a right to freedom from abuse.

We live in a time of extraordinary technological advancements, where people like Stephen Hawking are able to independently control computers to communicate. It is unnecessary to use facilitator-dependent techniques that have no merit and that are genuinely considered junk science.

Read more: The technology that gave Stephen Hawking a voice should be accessible to all who need it

In order to counter the myths of FC, it's important that people with communication disability, parents, professionals and disability organisations have appropriate access to evidence-based interventions. Closing the significant service gaps for people with communication disability – who need access to appropriately trained professionals – might be part of the solution to avoiding the harms of FC and replacing FC with treatments that work.

Subject: UNH Dan Habib; Fraud Exploitation of a Child!

Dear Commissioner Edelblut,

One of us is guilty, either me for defamation or Dan Habib for fraud and exploitation of a severely impaired non-verbal autistic child. I invite you to investigate which one of us is lying.

I have written my review of Dan Habib's film below on amazon. Teacher's in the state of New Hampshire are not protected when they stand up and report a criminal act against their disabled student. I no longer have a teaching career and lost all my retirement benefits because I reported a criminal act involving the exploitation of my student using NH State and Federal grant funds. Why is Dan Habib allowed to get away with exploiting a child using public funds?

As the commissioner of education, you would have access to "Axel's" educational file and you would very quickly figure out that there is solid evidence to refute the claims made in this fraudulent video being sold to the public. This may be former Governor Maggie Hassan's mess but, it is an active violation and every sale is a criminal act.

Please don't allow this to go unpunished. Please investigated which one of us is lying.

Sincerely,

Lisa Brady

★☆☆☆☆ **Don't Buy Habib's films!**

By **Lisa Brady** on December 2, 2017

Format: Amazon Video

The mini film "Axel" is part of the teaching kit "Who Cares About Kelsey" and is fraudulent. Dan Habib and UNH IOO knowingly published a video that portrayed my former student, "Axel," as cognitively functioning on "grade level" and "college bound" when they knew he functioned much like a preschooler. They used a Ouija Board method (facilitated communication) to make their outrageous claims. Habib's film exploits my former student, "Axel," and he should be held accountable for the fraud. Don't buy his films!

EXHIBIT # 10

Professional Grievance

9/2/2012

This grievance is to document issues associated with the inappropriate actions by Pam MacDonald, Director of special education, against me, concerning the education of a student in my special education program at the middle school.

The student, to be referred to as "AC" is diagnosed with Autism and has recently transferred from Idlehurst Elementary to the Middle School.

Specifically, Pam MacDonald has established a hostile environment in providing a Free and Appropriate Public Education (FAPE) to AC by:

- Failing to address my repeated communications both verbally and by e-mail concerning the implementation of a FAPE for AC
- Directed me to conform to an IEP that does not provide AC with a FAPE
- Stated she would not approve an evaluation despite one not having been completed within the Somersworth School District and the current language evaluation being well over three years old.
- Adopted and directed implementation of an IEP that does not list facilitative communication as a specific communication support service for academics of district wide assessments yet, she expects it to be utilized.
- Adopted an IEP without any academic goals, for a sixth grade autistic student that does not have basic alphabet and number recognition
- Authorized the use of a communication method (facilitative communication) that is known to be highly controversial and not condoned by the student's parent (*see page 7-8 for professional organization position statements with regard to facilitative communication)
- Failed to consider information from testing at Somersworth that shows the facilitative communication is not working.
- Used functional communication as the sole criteria for developing AC's IEP

(See§ 300.304 Evaluation procedures) and did not consider other criteria (e.g.academic, self help). This conflicts with 34 CRR §300.304 Evaluation Procedures. (*See p. 9-10 for applicable CFR requirements).

2. “*Set the stage*” for hostile relationships between the elementary and middle school staff and caused undue stress.

Please reference the following:

Professional organization position statements with regard to FC- Pages 7-8

Code of Federal Regulations- pages 9&10

E-mail communications -pages 11-17

Also see attached data (sent to Pam on August 15th)

History: I have been assigned as the new special education case manager for AC, a student diagnosed with Autism, who has recently transferred from Idlehurst elementary to the middle school. I began working with AC during summer school this past July. AC moved from Rochester and transitioned to our school district last December, 2011. His special education case manager at the time he transferred to Somersworth was Deb Mitchell from Idlehurst.

When a student transitions from one school to another within the same state (Subpart D 34 C.F.R., section 300.323(e)), the receiving school district is required to adopt the IEP from the previous district until a new IEP can be developed by the school district if necessary. When AC transferred to Somersworth, the team adopted the IEP from Rochester and basically sent the same IEP to the middle school with minor changes. Instead of considering the results of AC’s most recent testing while he was a student in Rochester (see Bill White evaluation from 9/11 and psychological evaluation from 10/11), the team reviewing AC’s education needs, under the direction of Pam Macdonald, failed to consider existing behavioral and psychological evaluations, which, identified the full extent of AC’s educational needs (see § 300.324 and section 300.305). Additionally, the team appeared to ignore all testing and based AC’s IEP solely on information derived from facilitated communication (See§ 300.304 Evaluation procedures).

As the director of special education and acting LEA for SAU#56, Pam Macdonald failed to meet her obligations under ‘child find’ (see20 U.S.C. §1412(a)(3)(A)); to develop an IEP that conformed with sections §§ 300.320 through 300.324 of the Act. There was sufficient evidence in AC’s special education file to warrant further discussions and evaluations, especially with regard to communication, so that the full extent of AC’s needs could have been identified. AC cannot independently write or type and cannot complete many basic self-help skills that involve multi-step directions; reasonable judgment would conclude that direct rather than prescribing consultative OT services, individualized OT was warranted in order to remediate the significant deficits that were identified in his IEP. Additionally, AC did not have any behavioral supportive consultations delivered by a trained professional such as a school psychologist or BCBA level professional, which would be expected for students that exhibit similar behaviors to AC. When Jessica Sullivan, AC’s paraprofessional, began working in the inclusion program at the middle school this past summer, she noted how great it was to be able to go to school without worrying about being attacked. Additionally, Deb Mitchell had reported on numerous instances of physical aggression exhibited by AC. The fact that the Rochester school system developed an IEP that did not sufficiently identify AC’s needs and one that denied him FAPE, did not give the Somersworth school district a right to continue the violation.

I met with Pam Macdonald and Dana Hilliard at the beginning of summer school after I first expressed concern about AC’s IEP (see e-mails below). At that meeting, I requested an evaluation

for AC and Pam informed me that she would not approve it and advised me to contact the Idlehurst Staff to see how AC communicated with them. She also indicated that she was going to set up a meeting with the Idlehurst Staff and get back to me with a date. She also indicated that she didn't think that she would have difficulty getting the team together over the summer and that we were not going to change the IEP because my concerns were not shared by AC's former team. I let her know that my concerns were shared with our middle school speech and language pathologist, Robin Scott and behavioral psychologist, Dr. Guare, who had consulted with our team on the July 9th. Please note, however; it wasn't until the first week of school that I had full access to A's educational file and was able to review corroborating evaluations completed less than a year ago in Rochester by an autism behavior specialist, Bill White, and the Rochester school psychologist.

Pam failed to exercise 'reasonable' judgment with regard to formulating and implementing AC's IEP and has established a hostile environment in an attempt to prevent me from doing my job in a manner that would allow my student to benefit from a free and appropriate public education. Since I began working with AC in July, Pam has engaged in a pattern of alienation. With the exception of one e-mail (July 18th) and an informal meeting with Principal Hilliard at the beginning of summer school, Pam has refused to contact me about my student in person, by phone or through e-mail. Please note my attempts to engage Pam on July 19, August 15, August 27, August 28, August 29, August 30 and August 31st. Pam has not responded to any of my concerns. Please also note that she never followed through with a meeting with Idlehurst that she stated she would plan when we had met at the beginning of summer school.

At the beginning of each school year, a school district is required to have in place, an IEP along with the specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP. (See 34 CFR 300.342(b) (ii)). Pam has been put on notice that my student's IEP does not conform with FAPE.

On August 24th, while I was at the SAU office to pick up my lap-top, I asked Pam if she had arranged the meeting with Idlehurst and she said, "Didn't you talk with Dana about that?" I indicated that Dana hadn't said anything to me. Pam seemed uncomfortable and I let her know that I would talk with Dana. When I followed up with Dana, he didn't know what Pam was talking about. On August 15, I sent Pam some data that our team had collected on Axel. The data supported that Axel had difficulty with the most basic academic skills such as, "give me the letter a" from a field of three. Pam did not respond to that e-mail nor has she responded to any other e-mail that I have sent concerning AC since July 18th. Her lack of response and action has become a 'roadblock' to AC receiving FAPE and caused me and other members of my team, a significant amount of stress. Additionally, her neglect has caused relationship damage that may or may not be able to be repaired with the Idlehurst team.

On Thursday, August 30th, Deb Mitchell and Donna Hebert came over from Idlehurst in order to demonstrate how AC used facilitated communication with them. They were asked to demonstrate their technique without having access to the information that was tested. AC did not answer any of the questions correctly and, on one particular question, there was evidence to support that AC was not authoring the response at all because only Donna Hebert had access to the picture that she had scribed with AC. They both became quite defensive claiming we were not asking the questions in a format that AC was used to however; it should be noted that they did not express any concerns about the tests beforehand and they continue to claim he can comprehend on grade level. During their visit, Deb Mitchell also indicated that she had never used facilitated communication with AC, information that contradicted what Jessica Sullivan, AC's paraprofessional, had told me on another

occasion. I had previously asked Jessica who had taught her FC and she had indicated that it was Deb Mitchell.

On Friday morning, August 31st, AC's mom and boyfriend stopped by the school and I asked them their thoughts about the use of facilitated communication and they said that they never agreed with it. They also said that they had attempted to facilitate him at home and he has never written anything. They indicated that they would like to have a new IEP drafted for A. I e-mailed Pam and asked her for dates of availability for an IEP meeting and, once again, she did not respond to my e-mail, and, instead came over to the middle school to interview Jessica Sullivan about A's transition. Jessica did not initially tell me who she was asked to come down to the office and meet with however; when I asked her who wanted to talk with her the third time, she told me that it was Pam. The fact that she is soliciting information from my co-workers and refusing to communicate with me, leads me to believe that she is targeting me in attempt to avoid correcting A's IEP.

The IEP states that "Since A has begun writing responses to questions with hand-over-hand support; he has demonstrated regular grade-level knowledge in each academic area when he is working with staff who are familiar to him." However; the IEP fails to note that without hand over hand assist with a familiar adult, A has not even mastered letter or number identification; 1-10.

I am not going to be put in a position which would compromise my student and result in ongoing violations that can and should be corrected as soon as possible. I am requesting that Pam be removed immediately as the LEA from AC's team.

Conclusions

I would like to stress that I have attempted to proceed through the proper chain of command, talking with members of A's IEP team, talking with my building Principal, Dana Hilliard, and trying on several occasions to solicit input from Pam MacDonald. I have not contacted union representation because I would like to continue to follow the proper chain of command. It is however; unfortunate that I no longer trust Pam MacDonald. In addition, I believe that Pam will retaliate against me and I want to ensure that my advocacy for my student is protected.

Please let me know what the process will be for handling my complaint and I would appreciate it if administration would allow me to begin to address my student's academic needs so that I can schedule an IEP meeting as soon as possible.

Sincerely,

Lisa Brady, M.Ed. (Middle School Inclusion Program)

Professional Organizations Position Statements on Facilitated Communication

34 CFR Section 300.320(a)(4) requires that special education and related services and supplementary aids and services be based on peer-reviewed research to the extent practicable. Pam MacDonald should have been aware of the following governing bodies and their position statements with regard to the use of facilitated communication:

ASHA (American Speech-Language-Hearing Association)

"It is the position of the American Speech-Language-Hearing Association (ASHA) that **the scientific validity and reliability of facilitated communication have not been demonstrated to date. Information obtained through or based on facilitated communication should not form the sole basis for making any diagnostic or treatment decisions.**"

"Speech-language pathologists are autonomous professionals who are responsible for critically evaluating all treatment techniques in order to hold paramount the welfare of persons served in accordance with the **ASHA Code of Ethics. Speech-language pathologists should inform**

prospective clients and their families or guardians that currently the scientific validity and reliability of facilitated communication have not been established, and should obtain their informed consent before using the technique.”

Reference: American Speech-Language-Hearing Association. (1995). Facilitated communication [Position Statement]. Available from www.asha.org/policy. 1995 American Speech-Language-Hearing Association.

American Academy of Child and Adolescent Psychiatry & Endorsed by the American Academy of Pediatrics.

“Studies have repeatedly demonstrated that **FC is not a scientifically valid technique for individuals with autism** or mental retardation. In particular, **information obtained via (FC) should not be used to confirm or deny allegations of abuse or to make diagnostic or treatment decisions.**”

(See: http://www.aacap.org/cs/root/policy_statements/facilitated_communication)

The American Academy of Pediatrics also stated the following with regard to the narrow scope of conditions that may warrant the use of facilitated communication: “Until further information is available, **the use of this treatments does not appear warranted at this time, except within research protocols.**”

(<http://www.baam.emich.edu/baamsciencewatch/baamfcreolutions.htm>)

The American Psychological Association:

“Facilitated communication is a process by which a facilitator supports the hand or arm of a communicatively impaired individual while using a keyboard or typing device. It has been claimed that this process enables persons with autism or mental retardation to communicate. Studies have repeatedly demonstrated that facilitated communication is **not a scientifically valid technique** for individuals with autism or mental retardation. In particular, **information obtained via facilitated communication should not be used to confirm or deny allegations of abuse or to make diagnostic or treatment decisions.**” (Adopted in Council, August 14, 1994, Los Angeles, CA)

Hi Pam,

I typically utilize Dr. Guare at the middle school, especially when it comes to autism. I arranged for him to meet A this morning and I wanted to let you know because I just noticed the IEP states behavior consult 6 times per year for 15min.

I feel we will need to have ongoing consultation as needed especially since he was here for over an hour this morning. Also, OT services were cut and I am confused since he has great difficulty accessing communication due to fine motor difficulties. Can we meet to talk about this? I want to make sure I am on the same page with you so that we can be more successful.

Things have been going well.

Lisa

Dear Lisa,

You are at the top of my to do list today! I hope your summer is going well and even though you have been working, you have been able to enjoy this wonderful weather we have been having. In regards to AC (the

little guy who is moving up from Idlehurst), my question would be did you and his case manager sit down and plan out his year at SMS? Also, did you and his case manager sit together and write the IEP so that it would be tailored to SMS? His team at Idlehurst was quite large. He transferred to us mid year from Rochester. We had several meetings with Rochester to plan his day at Idlehurst. He has made leaps and bounds from where he began with us. Jolene Francoeur, ESOL teacher at Idlehurst discovered not only can he speak Spanish, but he can read Spanish as well. She also was able to figure out his ability to communicate. Service providers were treating him as if he was at a much lower ability level, when in all actuality, he just needed a means to communicate as he is very intelligent.

My advice to you would be to contact Kim Heald. She is the behavior advisor we contract with at Idlehurst. She did a lot of work with him and may be able to assist you with understanding how best he works. Another person you need to contact would be Meghan Davis; SLP at Idlehurst as she worked very closely with him. Jolene would also be an informative person to contact in regards to him as he is also ESOL. I am not sure if he made the cut on the WIDA placement test or if he is a monitor. That will be information the new ESOL teacher will need as well.

At this point, I would say you need to heed what the IEP says. If it hadn't been such a comprehensive team; I would have concerns, however I know how hard everyone worked to make sure he had what he needed. I caution you on using Dr. Guare as the budget is very tight. Last year, that piece of the budget went in the red by approximately \$20,000. This cost needs to be run by your building administrator and myself. I want you to know that if Dr. Guare is needed to consult, then we will use him, however we need to be conscious of the fact that we need to adhere to the budget also.

If you would like we could meet and discuss this further. I hope you have a wonderful day!

Thanks!

Pam

Subject: RE: Student
Hello Pam,

Our staff at the middle school is highly motivated and extremely capable of working with AC. Deb. Mitchell did not consult with Kim about AC. She said that she handled the behaviors herself. By the way, she is on

six more months of light duty because she tripped over him in the hallway while trying to chase him down and had to go to Redicare. Jessica, A's para, is amazed already with how much more he is communicating just in the two weeks we have had him. He is very quickly getting the message that he will have 'safe' hands in our class and that he is not controlling the environment. Jessica also said that it feels good going to work every day knowing she is not going to get hurt. I don't anticipate that we will need a lot of consultation however; if we are stuck on an issue (as we have experienced in the past with other students with similar needs) Dr. Guare has always been a huge help and I would have to give my team an A+ for follow through. It is the type of hands-on support that we have needed and been able to implement with success. If you look at our history of utilizing Dr. Guare, we begin using him with more frequency and then we are able to wean him out. When I started with TT, my first non-V Autistic student, he was seeing him quite frequently and the last year before he transferred, we didn't call Dr. G at all. He was also beginning to speak to everyone in full sentences for the first time. We had a student that began our program last year, RG, and he went from frequent visits in fifth grade to maybe one or two visits all of last year when he transitioned to my program. Originally, this student was supposed to be in my program until the district could find him an outside placement. It was a done deal however; he adapted so well to our program that he stayed in district, saving a pile of money. DP also has improved behaviorally and we are less in need of Dr. Guare's support. The information we would need to have on AC would be such that the expertise would exceed our level of understanding about certain behavioral and programmatic issues and exceed the level of expertise that we would receive from Idlehurst. It is actually related less to behavior and more to academic/behavior. For instance, we were told that AC was gifted in math however; I am not a big believer in facilitated communication, which is what they have been using to support their data. Though adults have good intent, they do not always recognize that they are guiding the student to the right answer. I think A is smarter than most non-verbal autistic students and I think he would be capable of talking but, unless I see AC answer questions without an adult hand guiding him, I don't believe the feedback that I have received about his academic ability. There is no researched based information to support facilitated communication is an accurate accommodation to support student knowledge. I will believe it when I see him do it himself using methods other than facilitated communication. There is however; ample evidence to support that it is a 'primitive belief system,' not unlike a weegie board. There have been many well-meaning educators that have utilized this method and in the end, the student was actually not doing the task at all, the adult was. I did meet with Idlehurst and AC visited a number of times but, I did not go to the IEP meeting. I don't know if they even had one at the end of the school year. I have concerns about the IEP in general.

Please come and visit this morning if you like, Starr and I are painting in room 201.

I hope you have a good day and that you too are enjoying the summer.

Thanks.

Hi Pam,

I had AC read two simple comprehension passage (1st or 2nd grade level) and then I read it out loud to him, emphasizing the information I was going to test him on. I did this with Jessica out of the room so that she would not have any idea what the story was about. A answered all questions with hand-over hand assist from Jessica, as he did last year in his classroom, and on two separate passages (5 questions then 6) he only got one question right. The question he happened to answer correctly was the name of the dog and that information had been given in the first question so that Jessica would have known the answer.

It is called the "savior syndrome,"....well meaning people who want so badly to believe a student is not disabled and they help without knowing they are guiding the student to the answer. We are in a position where we need to change the iep back to alternative portfolio and off the NECAPs. Also, hand over hand assist is not written in the IEP as an accommodation or modification. I also found a psychological evaluation from last October and the school psychologist said that A's receptive skills were significantly impaired. Bill White wrote a report on A last September and it corroborates everything we were seeing with Axel over the summer. I found Bill's report to be informative and full of the kind of information that should be in the iep.

Let me know your thoughts,
Lisa

Hi Pam,

RE: Visit from Deb Mitchell and Donna Hebert

August 30, 2012

Axel's scribe (Mrs. Hebert) was out of the room and had not read the passage that AC read.

He read a simple passage (gr. 3, 96 words).

AC was observed to look away when he was writing yet, always seemed to know when he was at the end of the paper and needed to go to the next line.

A was asked 4 simple questions about the story and his answers made good sense however; they were completely wrong.

During the second task, A's scribe went out of the room. A and his scribe were shown eight different pictures however; on one occasion, they were shown the same picture.

In the first picture A was shown a picture of an older gorilla and his scribe was shown a toddler crying. When A wrote down what he had observed in the picture, he stated the following: "I saw a baby who is happy and I saw a baby who was crying."

After the first question, all other questions that were answered did not make any sense. It was apparent at least in the first picture that A was not the author.

I believe his scribe became defensive and A's answers did not make sense after that.

It should be noted that A's scribe appeared to be upset because A was not allowed to go to the bathroom until after he answered a question. A had gone to the bathroom one hour prior and I believed it was work avoidance however; I don't believe he is even doing the writing. A did not get any answer correct while his scribe worked with him. Donna and Deb claimed that his performance was impacted because it was done auditorily however; the questions we asked were on a pre-K to 3rd grade level.

I would like to have Dr. Calculator evaluate A.

Thank you,

Lisa Brady

Hi Pam,

I am wondering about dates you have available to meet for an IEP meeting for AC. His parents stopped by the middle school because they wanted to ensure that he was having his snack during the day. We ended up talking at length about A's IEP and his mom and her boyfriend said that they never believed in functional communication and agree that he should have new goals in the IEP. It was a relief to speak with them because

they actually view A's abilities much the way that we do at the middle school. Mom's boyfriend is going away next week however; we can schedule it for any time after that.

Let me know any times you may have available.

Thanks,

Lisa

September 12, 2012

Dear Jenny and Bob,

Dictionary.com defines integrity as; "adherence to moral and ethical principles; soundness of moral character; honesty." Integrity lays the foundation for respect and responsibility, a PBS message that we relay to our students on a daily basis.

Yesterday at school, Jessica Sullivan received an e-mail from Mike Quigley explaining that Dan Habib would be coming to Idlehurst in order to videotape her with regard to AC's transition. I did not get an e-mail from anyone about appearing on the video and I am assuming that Mr. Habib is not interested in my opinion.

I have made two requests with Pam MacDonald (**she has not responded either time**) for a language evaluation with Dr. Calculator and I am now requesting an evaluation with Dr. Guare **with regard to AC's cognitive abilities**. The district has supported Dr. Guare's involvement in my program with regard to other students that present like AC. As a district that participates in PBIS, I know that we would want to ensure the integrity of our

actions. I also know that our district would not support publicly portraying a student in a misleading way, especially knowing the potential liability that would exist. An evaluation would allow the district to have insight into AC's actual abilities so that we can move forward with our integrity intact.

Last week I was invited to Idlehurst Elementary for a meeting with regard to AC and his communication abilities. Under the premise of discussing my student's communication needs, I was shamed and humiliated for having a different opinion. Given that AC's full middle school team was not invited, it is logical to conclude that it was purposeful and that I had been targeted. I am in the process of setting up an iep meeting for AC and would like to address both of these evaluations at the meeting.
Thank you for your time and have a good day.

Lisa

Hand Delivered

Dear Lisa:

I am issuing you this letter of reprimand based on your lack of professional conduct as demonstrated by your failure to maintain proper boundaries, in violation of state law, and its resulting impact on our ability to effectively manage the personnel working with our students. As you know, you have admitted that you had the bodily materials of a paraprofessional subjected to genetic testing. You informed us that you believed that your subordinates engaged in inappropriate activity. Accordingly, you admitted that you unilaterally took items that you believed contained the DNA of the subordinate to undergo genetic testing. You admitted that you did not have the prior written and informed consent from the paraprofessional to have such testing done. Moreover, you have announced to others that you had the genetic testing done on the subordinate and have repeatedly attempted to announce to others the results of such testing without the prior written and informed consent of the subordinate. As such, this conduct, which represents a serious breach of a staff member's privacy, violates RSA 141-H:2. Moreover, your unprofessional conduct has been highly disruptive to our ability to manage the personnel working with and on behalf of our students. As a special education teacher, you are expected to demonstrate effective leadership in your relationships with personnel, whether they be administrators, other teachers or paraprofessionals. Your continued failure to abide by the standards demanded of your profession may lead to your dismissal.

Sincerely,

Dana Hilliard
Principal, Somersworth Middle School

‘Hostile’ Somersworth Mayor Leaves School Job

Posted to [Politics](#) September 19, 2023 by [Damien Fisher](#)

He won’t be getting a gold watch, but Democrat Dana Hilliard is walking away with close to \$50,000 in taxpayer money.

Hilliard, the long-time second in command in the Somersworth School District, announced this week he is retiring from the job he hasn’t done for months. Hilliard has been on leave since last spring due to accusations of unprofessional conduct and creating a hostile work environment.

Hilliard, who is also the elected mayor in Somersworth and a top Democrat in Seacoast politics, was set to restart his job at the opening of the school year. But he stayed away when the local teacher’s union announced its members protested and held a “no confidence” vote. It saw 94 percent of members voting against Hilliard’s return.

The union’s no-confidence statement reads:

“I do not have confidence in Dana Hilliard’s ability to be an effective leader in the Somersworth School District. I do not want Dana Hilliard to return to work in the Somersworth School District because his history of behavior shows that he makes it more difficult for educators to achieve the District’s mission, which is ‘to inspire all students to excel, to develop a thirst for knowledge, and to teach the essential skills necessary to be caring, contributing, and responsible individuals in an ever-changing world.’”

Interim Superintendent Lou Goscinski released a statement Tuesday announcing Hilliard’s decision to retire.

“Dana Hilliard has announced his retirement from the district effective October 6, 2023. Dana’s decision allows him to pursue other professional and personal opportunities. Dana wishes to express his gratitude for the 23 years of service he spent working in the district,” the statement reads.

According to Foster's Daily Democrat, Hilliard will remain on the district payroll through Oct. 6, receiving his regular salary the entire time. Hilliard is paid more than \$125,000 per year. On top of the pay, Hilliard is taking home \$19,422.80 for 40 unused vacation days, \$10,455 for 123 unused sick days, \$12,624.70 in retirement benefits, and another \$5,000 for opting out of the district's health insurance.

Hilliard went on paid leave after district employees filed a complaint about the way he treated staff. Superintendent Lori Lane, also named in the staff complaints, went on leave, too.

School Board Chair Maggie Larson reprimanded Hilliard and Lane earlier this year for the way they treated staff. Lane negotiated an exit with the school board in July after an independent report detailed her and Hilliard's toxic behavior.

An independent report found Hilliard and Lane yelled at and belittled staff members in private meetings after those staffers voiced opposition to proposed budget cuts at public school board meetings. One teacher told the investigator she was afraid of Hilliard, and other staff members said Hilliard was known to yell and throw things at people when he was angry.

Teachers also told the investigator Hilliard was mired in an obvious conflict of interest in his job and his position as the city mayor. According to the report, Hilliard kept his elected city position in mind when he made budget decisions for the school. Hilliard would cut staff and programs at the school rather than make those cuts in the city or raise taxes, the report states.

EXHIBIT # 14

Somersworth School Board Hearing

February 16th 2015

City Hall

5:30pm

-
1. Call to Order: Austin called the meeting to order for the grievance hearing. He turned the meeting over to Attorney John Tiegue. Tiegue stated that on February 12th he sent out some ground rules for the hearing tonight. He stated that the grievance hearing is different from the previous hearings that we had, this hearing we will give the grievant the opportunity to explain the disagreement and explain why she believes that it should be granted. He stated that this is a hearing for the

grievance from January 14th 2015, grievance number five on article 4(B) 2 of the CBA. He stated that unlike the other hearings we will not have witnesses and there will limited time. He stated that the maximum time is 45 minutes so each side will have no more than 20 minutes and this will be strictly enforced. He asked that they stick to the grievance. He stated that at the end of the twenty minutes they will turn it over to the administration and then the administration will have 20 minutes. He stated that after each side has gone the board will deliberate in non-public.

2. Lisa Brady: Brady stated that in March 2014 she was accused by the school of violating DNA law RSA 141:H2 which involves rules for individuals required to follow HIPPA laws. She stated that rule she was accused of violating was taken out of context by Somersworth School District on advice of legal counsel and I was unfairly transferred and then terminated from my position. She stated that she has been told by three different attorneys that she did not violate the law that I have been accused of violating. I have evidence from the Department of Health and Human Services in regard to the assertion that the law does not apply to me because I am not a covered entity. She stated that you can see the question that I posed to the Department of Health and Human Services and then on the other side is their response that I am not a HIPPA entity. She stated that she has asserted this since March of 2014 and have continued for the past year to be accused of violating a law I did not violate. She stated how upset would you all be if you were being accused of violating a law you didn't violate and then losing your job. She stated that the law I was accused of violating falls under the Department of Health and Human Services and does not pertain to individuals who are not required to follow HIPPA. She stated that teachers are not health care providers or considered other entities. She stated that in January 2014 of last year I came back from break and someone had

vandalized my filing cabinet and bitten my employee identification badge and left a big wad of brown saliva on my badge. She stated that yes she was creeped out. She stated that Principal Hilliard was aware that I was going to have DNA testing done because I had a good specimen on my badge so I had DNA testing done at a local lab and I didn't list anyone's names, it was titled badge and mug. She stated that it is legal at this time in this state to have your private property tested. Was it the smartest move that I have ever made, no but was it illegal, no. Is it even against school policy, no and even more importantly Principal Hilliard knew that I was going to have it done unless of course he thought I was joking? She stated that she strongly suspected her coworker of vandalizing my property and biting my badge because she had a change in personality and wasn't herself and admitted to obtaining oxycontin from two different physicians. She stated that in March of 2014 she went up to the SAU to complain about me, that is where it became a problem not at the middle school I had no problems at the middle school, I had a great relationship with

Dana, had a great relationship with staff and my students were thriving and every one of them was making progress. She stated that all my evaluations have been excellent and like most of the teachers in Somersworth I give my heart and soul to the students that I work with and it is my passion. She stated that when I met at the SAU about my situation I was never allowed to talk with the Superintendent alone about the situation , although she did interview everyone on my team individually she didn't care about what I had to say because I believe her only focus was on retaliating against me. She stated that the New Hampshire rules of professional conduct with transactions with persons other than clients, these are legal rules from the New Hampshire Bar under truthfulness and statement to others

misrepresentation, a lawyer is required to be truthful when dealing with others on a client's behalf but generally has no affirmative duty to inform the opposing party of relevant facts. A misrepresentation can occur if the lawyer incorporates or affirms a statement of another person that the lawyer knows is false. Attorney Kincaid knows and has known for about a year now that I did not violate a law and still she is asserting in legal documents and having her client SAU 56 testify under oath that I am violating laws, this is a major defamation of character. She stated that misinterpretation can also occur by partially true but misleading statements that are equivalent to false statements. She stated that under rule 1.2D under the NH Bar, a lawyer is prohibited from counseling a client in conduct that the lawyer knows is criminal or fraudulent. She stated that Attorney Kincaid knows that by submitting documents making false allegations against me at my hearing at the department of labor are criminal and fraudulent, a misdemeanor criminal offense but no less a criminal complaint. She stated that it addresses a situation where a client's crime or fraud takes the form of a lie or a misrepresentation and I stand before you to tell you that Attorney Kincaid has been lying for the past year to this board, to the Superintendent, to hearing officers at the department of labor and anyone who will listen to her that I violated a law that I didn't violate. She stated that it is defamation of character and it's a tort that involves the communication of false information about a person to a third party and that person suffered injury. I suffered injury, I was transferred unlawfully from the middle school where I was doing a great job to Maple Wood to another job which was not in the best interest of the school district because I have about 19 years of experience working with autistic children who I was working with at the Middle School and I had just finished getting a post graduate certificate at UNH under autism because I am so passionate about

learning, studying and working with autistic kids. So was it in the best interest of the school district to take someone with my knowledge base, there are some teachers in district with my passion but very few. She stated that at the department of labor hearing Principal Hilliard testified that he was not at all concerned about the DNA test that I had completed on my identification badge and the coffee mug and agreed that it didn't become a problem until it went up to the SAU last March 2014. She stated that Principal Hilliard also testified that I was the best of the best and the best special education teacher in district and that he thought that I was funny. She stated that I may not seem funny now but I can be at times. She stated that she had a good relationship with Principal Hilliard, the staff at the middle school, the secretaries I the front office and there are many people that I loved at the middle school and once again my students were thriving. She stated that the DNA issue was a smoke screen, the real issue was that I retaliated against for advocating for one of my students. She stated that false reprimands were placed in my files after I advocated for one of my students and I have evidence to back up all the false allegations and I can back up what I am saying I am not just standing up here saying things that aren't true. She stated that false reprimands were placed in my file after I advocated for one of my students in March 2013. I made a complaint against our special education director in September of 2012 on a video that was presenting a student in our district in a false light, they were exploiting him and it is out in the public now. She stated that before he was fired they hired a consult to write a recommendation that I be terminated based on student privacy laws and the so called expert had indicated that she had done a handful of privacy cases in her 42 years of experience, that is not who I would hire to do testify on matters of privacy unless of course my motive was to do another smoke screen. She stated that she

would be willing to sit down with anyone and go through all of this step by step and show you and prove to you that I did not do what they claim I did. She stated that Attorney Kincaid and Attorney Tiegue have an ethical duty to the community, the school board and everyone in this community of SAU 56 to report the truth and when you don't you are violating your ethical obligation under the NH bar which has been going on for about a year now. She stated that she plans to file a complaint with the NH Bar association because they are assisting the district with discriminating against me if this matter isn't cleared up tonight. She stated that she has a binder full of evidence that she is willing to share with anyone to prove my innocence. She stated that Attorney Jeanne Kincaid does not have a strong case against me and has no evidence to back up her statements and instead she relies on criticisms and false claims about me. She stated that insults are the last resort of a lawyer with a crumbling position trying to appear confident. She stated that every time Attorney Kincaid gets up to speak about me she bashes me, she bashes me, she bashes me and I sit and I listen to it and anyone that works with me at the middle school knows how devoted I am. You know why I had so many sick days because I didn't take them. I took 63 days from the sick bank, thank you to the teachers I really appreciate it but all the other time was taken off my sick leave because that is how much sick leave I had because I am devoted to my job. She stated how much has the district spent on legal fees to fight my case for about a year , for everyone out there listening there is the public right to know, the public has the right to know how much you have spent on Jeanne Kincaid to fight me. She stated that I ran out of money quick but how much has the district spent on Attorney Tiegue probably nothing compared to what they have spent on Attorney Kincaid. She stated that last week on February 6th I read in the Fosters that the

Somersworth School Budget cuts decimate the system well I wonder how much money was spent on fighting me based on false allegations, how much did this town spend on fighting me and the fight hasn't even begun if my situation is not resolved in a reasonable amount of time I plan to pursue claims against the SAU and individuals involved that have knowingly violated and behaved with the intention to commit harm. She stated that she has endured unsubstantiated defamation of character for which I have been unjustly punished over. I have a very strong whistleblower complaint case and the district can expect to incur much much more money in legal fees to fight my case. She stated that I will not give up my fight for justice and truth; the truth will come out in the end. She stated that honestly after my last experience with the school board I felt that it was completely biased and when I sit here before the meeting and I see Superintendent Mosca talking to all of you, she's friendly with all of you she talks to you all the time why wouldn't anyone think that you would be biased. She stated that every one of you would be dismissed from a jury if this was in a real court because you all have a bias and you don't know me, you just hear false things from them

3

and what you have heard is a bunch of bologna and when Attorney Kincaid comes up and speaks and she says something critical of me I want you to say a insults are the last resort of a lawyer with a crumbling position trying to appear confident. Let's see if she can back up one statement with evidence because she certainly didn't at the Department of Labor hearing and she will not tonight. The violation I was accused of committing is NH RSA 141:H2 and I thank you for hearing me out

2. Administration: Jeanne Kincaid: Attorney Kincaid stated that in the packet you will have documents when Ms. Brady filed the grievance. She stated that the first filing was amended on 1/14/15. If you open up the grievance report she changed the date from 1/12/14 to 1/12/15 that is kind of important. She is alleging and she submit that it is not crystal clear what she alleging and what I think she is alleging on January 12 2015 superintendent Mosca testified before you and Mr. Hilliard testified before you and I prosecuted the case, you know now that Ms. Brady dropped her claim against Mr. Hilliard, the claim rests against Superintendent Mosca for falsely testifying and violating all kinds of tort laws, privacy laws and reputational laws and were both guilty according to Ms. Brady of class B felonies because of this. She stated that we are here as a grievance violation of the CBA, this is not retrying the three night hearing. She stated that she is not clear what she is asserting but I think what she is asserting is that Ms. Mosca's testimony was given solely based on a previous grievance that Ms. Brady filed. She sites Article 5 section C4 of the CBA and we gave you all copies of the collective bargaining agreement which talks about teachers rights and there shall be no reprisal against a person for filing a grievance claim. She stated that her claim is that Superintendent Mosca's testimony was unlawful and only given because Ms. Brady filed a previous grievance. She stated that she is also asserting that the administration violated Article 5 section C5 and that is your just cause, there shall be no disciplinary action against a teacher absent just cause. She stated that remember she is saying that this happened on 1/12/15. She stated that there are two provisions of the collective bargaining agreement that are at issue. All based on the

Superintendent's testimony about a limited piece DNA testing. She stated that it states that they accused me of violating DNA laws, it has nothing to do with the video, it has nothing to do with advocacy, it has nothing to do with students, it is limited by her own handwriting here, and it is a narrow focus of the grievance tonight, DNA laws. She stated that if there was any merit to the claim it would mean that the testimony of the Superintendent was false and I would remind you that you found that the testimony was credible and you made an absolute finding on page 5 of your decision that in fact Ms. **Brady's conduct violated RSA 141:H2, the board agreed that she had violated that law.** What she submitted to you tonight has no bearing whatsoever. She stated that she sent an email on her computer to someone in cyber space about HIPPA what does HIPPA have to do with anything. Then she asked did I violate FERPA and you know we had a long discussion on FERPA and that has to do with student records and this DNA testing had nothing whatsoever to do with a student. She stated that when someone says to you it doesn't sound like you violated FERPA well when you take a DNA test of an employee that has nothing to do with the family education right to privacy act which of course only applies to student records. She stated that on one level this email that she got back was correct but this law which she keeps saying is HIPPA, there is nothing is RSA Chapter 141 HI that would limit this to HIPPA. She stated that it says that a person who is defined as a human being so I think Ms. Brady qualifies as a human being. If you turn to RSA 141 H2 which you found she violated it says there are a number of exceptions not an issue here it says no genetic testing will be done in this state on any individual that would include a subordinate that you supervise or anywhere on anyone in this state based on bodily fluids which saliva would be a bodily fluid obtained in this state which this happened in your

school without prior written and confirmed consent of the individual to be tested and of course that was not done and the results can't be released without the expressed written consent of the person tested. She stated that you all made that finding on January 20th and it is very consistent with this law, that document that you are seeing tonight should not alter the opinion you made on January 20th. She stated that the essence of the complaint as I understand it is that Superintendent Mosca would not have testified on a truism. **There is no dispute that Ms. Brady took DNA from a subordinate and had it tested without knowledge of effort.**

These facts are not in dispute so how could Superintendent Mosca have falsely done anything because this evidence was testified to by Ms. Brady so her underlying thesis is that the Superintendent falsely accused her is a lie by her own statements in evidence. She stated and again an absolute finding you made on January 20th. She stated that there was no reprisal because she filed a grievance; the reprisal was because she violated privacy. She stated that the second is that she said that there was no just cause. In your file Principal Hallee writes a two page retort to this whole allegation and she says that if Ms. Brady wished to contest Mr. Hilliard's letter from March 10, 2014 if she disagreed with any of the facts that he alleged, if she disagreed with the finding that he said you violated she had a grievance procedure available to her that she could have exercised within thirty days of that letter and she did not do that. She stated that Principal Hallee's letter addressed that saying listen the just cause you suffered, the discipline that you suffered was back in March of 2014, the hearing on January 12 2015 was for multiple violations including failure to file procedures under ESL and statewide testing, insubordination, FERPA violations of a student, privacy rights of staff and students and all very telling. Superintendent wrote a letter on October 14th advising Ms. Brady not to violate the

privacy rights of students and she continued to do so which would be insubordination all of those things culminated in the Superintendent recommending to dismiss and the school board's decision. She stated that if she is alleging that she is grieving this because the DNA testing wasn't just cause for her termination, that was never the charge there were many charges and you remember from that testimony that Superintendent Mosca and Principal Hilliard were very clear, they gave Ms. Brady many opportunities to resolve this. This isn't just about the DNA testing it is the fallout from that testing, the implications in the class, the relationships with the other staff and ultimately our primary stakeholders are our children, if staff don't conduct themselves in a responsible manner particularly the only professional in that room was Ms. Brady ultimately it's our children that suffer. She stated that the grievance has no legs because it really isn't a grievance under the collective bargaining agreement. There is no evidence of retaliation, all the action that the administration has taken has been legitimate non-retaliatory actions as evidenced by the decision that you made on January 20th 2015.

4. Decision: Attorney John Tiegue stated that he will close the hearing and the board will decide. A motion made by Joanne Pepin seconded by Paradis to exit into nonpublic session in accordance with

Chapter 91-A: 3 (II) B and C. VOTE: motion passed, unanimously. Exited into non-public session at

6:10. A motion made by Paradis seconded by Joanne Pepin to exit out of nonpublic session. VOTE: motion passed, unanimously. Exited out of non-public session at

6:30. A motion made by Brennan seconded by Paradis to deny the grievance by Lisa Brady. VOTE: motion passed, unanimously.

2. Adjournment: A motion made by Gibson seconded by Paradis to adjourn the grievance Hearing. VOTE: motion passed, unanimously. Meeting adjourned at 6:35.

Katie Krauss Pending Board Approval

EXHIBIT#9

Axel Video Transcript

26 seconds Jessica Sullivan introduced as Axel's Para-Professional

1:10 Leslie McRobie stated that just before Christmas she learned she was going to get a new student with autism. When I first got Axel I knew it was going to be more difficult because he wasn't going to be able to communicate. Because the main thing in life is to be able to talk. 1:18 At his previous school, Axel was not expected to learn grade level curriculum, and was not on a path to graduate with a regular diploma.

1:43 When Axel first came to us he had no academic goals in his IEP, It was for behavior and for communication and little things like matching, matching words to pictures and nursery rhymes and matching letters—low level things to get him to try to communicate.

2:05 His way of communicating was using aggression

2:24 We had a hard time trying to get Axel to be in the classroom. He kept expressing to us that he did not want to be in there. We were trying to tell him how important it was for him to be social with his class and to be able to get all of the instruction. I think it just felt too chaotic for him with the kids would you know, be walking around the classroom there's things on the walls, the lights you know it was just the combination of everything that was sensory overload for him.

2:57 One of the biggest challenges that we had for Axel was with regards to sensory for Axel was that he would perseverate on sentence strips and the lamination that would be in the recycling bins. He'd touch them on his lips then roll them back up and then unroll it and that was just very calming for him.

4:32 They view it here both from a civil rights perspective –every child has a right to be engaged with the general curriculum to be engaged with kids from their neighborhood and they also look at it from an educational outcome perspective. How can we maximize the learning of any one student? And the school team saw clearly a path for getting more out of Axel’s learning by engaging him by engaging him in the general education classroom

5:59 They really started off from a point of saying we think Axel is smart, capable of learning in our local school, capable of communicating lots of thoughts and ideas, but we don’t presently understand exactly how to support him. But our starting point is to think that he’s smart and that our job is to put together the constellation of supports that will allow him to show that to people.

6:38 Jolene Francoeur—We just really needed to get ourselves organized and figure out how, as a team we’re going to work and get Axel what he needed, and all be on the same page about what he could do and what we could expect from him.

6:44 Axel’s school team meets with his mother and stepfather to discuss improving his access to communication and academics.

7:11 Michael Quigley asks Bethany if she brought that paper that says how Axel wants to communicate?

Bethany Venable—I did. I brought a copy of everything. So I said, Axel Someone will be coming in to talk to you about communication. Do you want to use a computer to type in what you want to say “And he said, “Yes, I want to type what I want to say and I want to be able to have friends. “So he wants to. He wants to talk... He wants to be able to say what he wants, he wants to be able to just do it.

Bethany asked Axel’s mom: How does he communicate at home? I was just wondering about that.

Heilen—He used to like grab you and ...or make a sound like “Ahhhh”...Like that. But now he’s more like he’ll grab your hand and bring you to whatever he wants.

Bethany: So he shows you

Sean Kelly: Or he’ll go get what he wants and bring it to you. If he wants mac and cheese, he’ll go get mac and cheese and bring it to you.

Heilen: And he will follow you into the kitchen and make sure you open it and once you open it, he walks away.

8:18 Michael Quigley stated: Throughout this whole process, the family has been involved. We've talked to mom and stepdad about what we would be doing in the classroom, how we would be doing it. I know that they want their children to be successful. Who doesn't?

Working with the type of child like Axel it was very important that we had more professional development.

8:47 Idlehurst worked with staff of the Institute on Disability at UNH to enhance their supports for Axel and other students. These supports included transition cues, social narratives, and visual schedules.

10:37 Jessica Sullivan is using FC with Axel; who is completely uninvested

10:45 Meghan Davis Speech: I was very surprised that there was no type of system in place for him for communication. That really kind of upset me just thinking that this student is in fifth grade and he's gone all of these years with no communication system. So we really started at square one trying to figure out what would be the best fit for him.

11:02 FC Jessica with Axel

12:17 He expressed to us that he wanted to write and type. We took a big, large piece of construction paper and marked off just the letters of his first and last name as a starting point.

12:34 The team worked with Axel to help him type his name independently.

12:48 By independently working with the I-Pad, he won't need an adult to stabilize him while he's writing out words and letters.

12:52 Jolene Francœur ESOL—As skeptical as people are, I think your philosophy needs to believe in the student.

13:17 Michael McSheehan—There are still some real challenges ahead that are still playing out for Axel. The way that he moves through space is not predictable . He'll get agitated by sounds in his environment. He's still a child with autism. Another thing that will be a challenge for Axel going forward is if he comes in contact with any educators who don't hold high expectations of him. That means we also need to engage the local community and make sure they are able to interact with Axel in a respectful way.

13:57 His classmates wrote down questions in advance and Axel worked with his speech therapist , using AAC supports, to compose and program the answers into his iPad.

So like I said before, you guys have asked Axel a bunch of question in the past week and he's replied to your answers and he's answered the majority of them.

First of all, Axel has written a little biography about himself, so and then we can start going around with your questions, OK?

14:20 supports finger

Ok, so were gonna slide it open and go.

My name is Axel Cortez. I am twelve years old. I love school and I love basketball. My favorite subject is math. I have two brothers and one sister. I live with my mother and her boyfriend. I know two languages. I know English and Spanish.

AAC is integral within alternative assessment and with student participation in their local schools because it is how they're going to show what they're learning. Your class would like to know how difficult it is for you to be a little different. I think it is very hard to talk to people and it is hard to make friends. It is sad to not have friends.

15:18 For a student who was perceived to be low functioning, non-verbal ...through AAC, Axel has been able to actually show that he's bilingual, bi-literate, can learn grade level curriculum and can excel in engagement with kids without disabilities.

15:46 Axel's now on the path to college. He's now on the path to having a career because he has a way to communicate.

Subject: Put on Notice...Fraud

Dear Mr. Farrell, With regard to Superintendent Mosca and Pam MacDonald and a responsibility to ensure that they did not commit fraud, they had a duty to evaluate Axel if they disagreed with the middle school's impressions of Axel's cognitive abilities. The argument that they did not commit fraud because they thought he was academically performing on grade level during the filming of "Axel, " does not relieve them of a duty to take corrective action once they learned the the middle school

team did not agree with their impressions, especially given the fact they had plenty of time to correct the record. The Supreme Court ruled that a school district is liable for damages when a plaintiff can prove that the school district knew about and offense and refused to take any action to correct it (see... Gebser v. Lago Vista School District, 1998).

Regards,
Lisa Brady

Subject: Fraud

Dear Mr. Farrell,

I wanted to clarify even further that by final production, I mean selling the Kelsey teaching package, for profit, at the Institute of Disability. From September 2012 until it was offered for sale in approximately, Feb. or March of this past year, they made no attempt to correct the record i.e. test Axel, recommend not letting it go to final production etc. Instead, they spent that time placing false allegations in my file and making my life very difficult. They knowingly committed fraud, falsification in public matters, and abuse of office. Additionally, the retaliation that I experienced from Superintendent Mosca and Pam MacDonald would fall under bullying, and abuse of office. They knowingly placed false allegations in my employment file for the purpose of humiliating and punishing me for filing a grievance against Pam MacDonald in September of 2012 with regard to the false portrayal of Axel and violations with his IEP.

Thanks again,

Lisa Brady

To: richard.farrell@doe.nh.gov, Lisa Brady <lisa.brady@comcast.net>

Dear Mr. Farrell, I have cut-and-pasted some definitions and laws that would support an allegation of fraud. In terms of 'knowing,' I don't think any reasonable judge or jury would support a claim that administrators at SAU 56 had a right to 'knowingly refrain,' from correcting the record especially given the significant amount of time that had passed from the filming of 'Axel,' to the time it was put out for final publication (I believe last February or March, about a year and half). Also, the series of false allegations in my file support a claim of retaliation based on my advocacy for Axel. At the time they determined that there was a conflict with regard to the Axel video, they were obligated to take action to ensure that there was not a breach of public duty and to refute any allegations of wrong-doing. They were put on notice and failed to take corrective action.

Thanks for considering the facts.

Lisa Brady

- Knowing and Knowingly Defined.—A person—
 - (1) has actual knowledge of the information; or
 - (2) acts in deliberate ignorance of the truth or falsity of the information; or
 - (3) acts in reckless disregard of the truth or falsity of the information, and no proof of specific intent to defraud is required

Subject: Fraud

Dear Mr. Farrell, I cut-and-pasted excerpts from the complaint I filed against Pam MacDonald on 9/2/12 and an e-mail that I sent Pam MacDonald on August 27,2012. The IEP that had been developed for Axel did not have accommodations for Facilitated Communication. They should not have been using it within the video, it was in violation of Axel's IEP. You can see why I went from having no problems with administrators in the previous four years to being targeted for elimination. It

is fraudulent when you knowingly use a method of communication without scientific backing and do not let the public or even the student's parent know that it was in violation of the IEP. When I was summoned to the Idlhurst school for a meeting with Axel's former team, I was directed to use facilitated communication with Axel, and I asked Pam if she was directing me to violate Axel's IEP because it was not listed as an accommodation in his IEP. The full meeting ended abruptly and I was asked to wait so that Pam could go and get a copy of Axel's IEP on Easy IEP, apparently she didn't trust the copy that I brought to the meeting. When she came back a half hour later she wasn't very happy and eventually, Robin Scott, SLP from the middle school (I had asked her to go with me to the meeting, she had not been invited) advocated for using PECS with Axel and Pam approved it.

I smell something, do you?

Thanks for your time.

Lisa

9/2/12

- Adopted and directed implementation of an IEP that does not list facilitative communication as a specific communication support service for academics of district wide assessments yet, she expects it to be utilized.

Instead of considering the results of AC's most recent testing while he was a student in Rochester (see Bill White evaluation from 9/11 and psychological evaluation from 10/11), the team reviewing AC's education needs, under the direction of Pam Macdonald, failed to consider existing behavioral and psychological evaluations, which, identified the full extent of AC's educational needs (see § 300.324 and section 300.305). Additionally, the team appeared to ignore all testing and based AC's IEP solely on

information derived from facilitated communication (See § 300.304 Evaluation procedures).

On Friday morning, August 31st, AC's mom and boyfriend stopped by the school and I asked them their thoughts about the use of facilitated communication and they said that they never agreed with it.

The IEP states that "Since A has begun writing responses to questions with hand-over-hand support; he has demonstrated regular grade-level knowledge in each academic area when he is working with staff who are familiar to him." However; the IEP fails to note that without hand over hand assist with a familiar adult, A has not even mastered letter or number identification; 1-10.

Re: Complaint Against SAU 55

Dear Ms. Brady:

The Attorney General is in receipt of your complaint against the Acworthworth/Rollingford School District, SAU 55. After review of the complaint, along with additional materials and email communications, we have determined there are no criminal violations and the Attorney General's Office will not be conducting an investigation. Please direct further correspondence to SAU 55.

Re: Deceptive Business Practices Complaint

Dear Ms. Brady:

I am in receipt of your revised complaint dated October 2, 2015, addressed to Attorney General Foster alleging a violation of the New Hampshire Deceptive Business Practices" law pursuant to RSA 638:6.

Please be advised that I have reviewed the allegations contained in your complaint as well as all of the exhibits and attachments included with your previous complaint. This office will conduct a criminal investigation when the information provided creates a reasonable suspicion of actual illegal conduct, which, in turn, would suggest that further investigation would likely discover evidence of a crime. The facts in your complaints and in your attachments do not establish a reasonable suspicion that there has been a criminal violation of the [Deceptive Business Practices statute. As a result, this Office will take no further action relating to your complaints.

As I indicated in prior correspondence, the allegations that you set forth in your complaints are civil in nature. For example, the alleged violation of the student's right to

privacy is something that would be remedied through civil tort law. Likewise, your allegations of wrongful termination and denial of due process in your termination are civil matters. I would again suggest that you confer with a civil attorney as to the proper course of action to best bring your claims.

If you have additional questions or concerns, please feel free to contact the Office of the Attorney General.

Sincerely,

John J. Kennedy

COMPLAINT 8-27-2018

EVIDENCE OF ONGOING PRIVACY AND FERPA VIOLATIONS AGAINST “AXEL”

Dear Commissioner Edelblut,

An ongoing violation places this case in your court! Please Consider the NH Department of Education Conflict of Interests as a “Lead funder” of the ‘Axel’ film.

- Please investigate U.N.H. IOD for ongoing FERPA and Privacy violations regarding the “Axel” film and knowingly selling a film which places a student in a false light to the public. The film is currently selling out of U.N.H. IOD as part of the “Who Cares About Kelsey Teaching Kit.” There is not statute of limitations on this ongoing offense.

Please see the attached redacted waiver that “Axel’s” mom signed on his behalf prior to Dan Habib’s false portrayal of him in a public film. Dan Habib’s release stated the following:

I release and discharge Dan Habib, DH Photography LLC, the institute on Disability, UNH, The National Center and State Collaborative (NCSC) and all parties designated by the above from any and all claim and demands arising out of or in connection with the use of my spoken words and/or photograph, including any and all claims for libel, privacy, or emotional distress.”

Dan Habib was released from liability related to “Axel’s” spoken words. At the time the film was produced, “Axel” was able to speak a limited number of words (maybe 20). All words “claimed” to have been spoken by Axel in the film were authored by the Somersworth Staff through facilitated communication. THEY WERE NOT “Axel’s” spoken words. “Axel” had not mastered alphabet recognition (a-z from a field of 3) when the film was produced, “Axel” did not speak or author the dialogue in the film that is attributed to him. Dan Habib’s release does not release him from any liability related to the “Axel” film. It also does not release UNH, the Institute on Disability, the National Center and State Collaborative or the Somersworth School District. These are the facts written into a contract and agreed upon.

Please see the attached redacted educational records release which; allowed U.N.H.’s Michael McSheehan the right to review AC’s records for the film “Axel.” Under Records/Information to be disclosed it stated:

“Records in Special Education File to help with the process of the documentary and video to get a communication system.”

The records in AC’s file, available to Michael McSheehan, included his most recent psychological evaluation indicating that he is Significantly cognitively impaired (see redacted attached record) and not “college bound” and “able to do grade level work” as the film stated. AC’s IEP did not include facilitated communication. Michael McSheehan should have known that FC was not a method of communication listed as an accommodation or modification in any of AC’s IEP’s.

UNH had no authority to release false information about “Axel.” UNH is knowingly selling a fraudulent film to the public and knowingly allowing a non-verbal autistic student to be portrayed in a false light. FERPA laws provide rights to parents by allowing them control over the disclosure of information released from educational records. The documentation from UNH related to the film proves U.N.H. did not inform AC’s mother that he would be using Facilitated Communication in the film and it did not give UNH the right to lie about “Axel’s” cognition to the public.

UNH invaded “Axel’s” privacy right and thus, his rights under FERPA. When you knowingly sell a film that claims to be based on the truth and blatantly lie about the main character, it is considered an Invasion of Privacy. See N.H. case law:

*“[o]ne who falsely gives publicity to a matter concerning another that places the other in a false light . . . if (a) the false light in which the other was placed would be highly offensive to a reasonable person, and (b) the actor had knowledge of or acted in reckless disregard as to the falsity of the publicized matter and the false light in which the other would be placed. The publicity element of false light invasion of privacy is defined as making a matter public “by communicating it to the public at large, or to so many persons that the matter must be regarded as substantially certain to become one of public knowledge.” Restatement (Second) of Torts § 652D cmt. a. (1977); accord Moore v. Big Picture Co., 828 F.2d 270, 273 (5th Cir. 1987); Robinson v. Caronia Corp., 92-306-B, at *26 (D.N.H. Jan.4,1996)*

The public would find it highly offensive that Dan Habib and UNH Institute on Disability would knowingly deceived the public into thinking that “Axel’s” cognitive abilities were, after years of being considered significantly impaired, actually “normal.” The film contends that Axel was not cognitively impaired but, on a path to college. All the teachers and adults in Axel’s life for the previous 12 years, that had determined he was functioning on a preschool level, had been misinformed. The film claims that Axel was included in his mainstream class and given an I-Pad and then he was magically able to fit in with the other students. Suddenly he could converse with his peers and talk with them about his most personal feelings. Dan Habib did not feel the public had a right to know that the Somersworth Staff had been using facilitated communication, without parental permission, to explain his sudden “normal” intelligence.

UNH did not tell the audience the truth; that Axel couldn’t yet differentiate letters a-z or numbers 1-10 from a field of three, and that he functioned much like a toddler. The bigger question that needs to be asked is; does U.N.H. I.O.D. find

the “real Axel” so highly offensive that they felt the need to lie about his abilities to the public in a film. I was AC’s teacher for two years and loved him the way he presented to me. I didn’t feel any need to pretend he was someone else, I accepted and loved him as he was, and the entire Somersworth Middle School treated him compassionately and kindly. He was included at the middle school as much as possible. The kids knew he was different and they accepted him. Why would U.N.H. IOD want to lie about Axel’s abilities? Did they feel like he would only be accepted by his peers if he was an equal, intelligence-wise? Did they believe that, as presented, was not worthy of being included and they needed to change him? How can we change perceptions about disability if the goal is to pretend the disabled are equal intelligence-wise and then just stick them in a mainstream setting? Inclusion means accepting people’s differences, not trying to change a child to fit into a mold of normalcy, using a perversely distorted method, facilitated communication, to make the “ends justify the means.” The “Axel” film, in truth, is about the length U.N.H. is willing to go to promote inclusion. At all costs, they want to publicly proclaim that ‘Axel’ was capable of the same mature ideas and thoughts as his peers and that society should not presume “Axel” was capable of anything less because the only thing he was missing, all his previous years was an I-pad to communicate his thoughts. If only his parents, teachers, and other professional clinicians before them had thought to give AC an I-Pad, all misconceptions about his intelligence could have been avoided!

This is the underlying theme of the film “Axel;” it is anti-IDEA and it is anti-inclusion. At its’ core, the movie propagates shame and deception and promotes the idea that “Axel” as he presents is not “good enough” being significantly cognitively impaired and they changed him so that he could fit in with his peers. They would strip him of his personality and make him become someone else.

Shame on U.N.H. and Shame on a system that allows them to continue selling the “Axel” film.

Please investigate this complaint, the public has a right to know when disabled children are exploited using public funding. It is unacceptable that you continue to avoid investigating this criminal act.

Sincerely,

Lisa Brady, M.Ed.

Boynton, Janyce. (2021, September 1). “Axel” raises questions about FC in the classroom. Facilitatedcommunication.org

Written By Janyce Boynton

“Axel” Raises Questions About FC in the Classroom

“Axel” is a short film produced in 2012 by Dan Habib that focuses on a 12-year-old boy with autism and the staff at Idelhurst Elementary School in Somersworth, NH. The claim is that, through the use of Augmentative and Alternative Communication (AAC), Universal Design for Learning (UDL), Response to Intervention (RtI), social stories, visual schedules, and positive behavioral supports, Axel was able to transfer from a program that was focused on developing functional

communication and behavioral skills directly into a 5th grade general education class and master the curriculum within a few months. By the end of the film, the principal of the school, Mike Quigley, reported the boy to be bilingual and bi-literate in English and Spanish, working on grade level, and excelling in his engagement with kids without disabilities.

Two facilitators working with Axel. One holds his wrist to type, the other holds the board in the air. (from Axel, 2013 Youtube post, Dan Habib)

Sound too good to be true? Yes, it did for me as well, so I took a closer look.

This video is different from the others I have reviewed so far, as, to me, it reveals more about the staff and politics of a particular school than simply on how ineffectual Facilitated Communication (FC) is as a technique for independent communication.

The staff seems to have banded together to “get themselves organized” and get Axel into the regular classroom. It appears there was a mandate from administration to mainstream all children, regardless of the individuals’ educational needs and the appropriateness of the setting. This, even though, purportedly, Axel himself expressed to his teachers how chaotic the regular classroom was (through facilitator-authored messages?).

The facilitator holds his hand to write with a pencil while Axel focuses on a laminated sentence strip. (from Axel, 2013 Youtube post, Dan Habib) Certainly, Axel's body language and non-verbal communication backs up these observations as, throughout the film, he spends a good deal of time running away from his paraprofessional into quieter places (e.g., back stage in the school's auditorium, into a field adjacent to the playground), walking around the classroom, staring out the window, sitting or standing on the periphery of groups (e.g, in gym class and on the playground), and whistling at or turning his body away from his facilitators as they grab his hand and force him to type.

Despite this sensory overload (their words, not mine), the educators insist on placing Axel in the exact environment that causes him distress: the regular classroom and then wonder why he uses self-stimming (e.g., sniffing or playing with a laminated sentence strip) to calm himself down. Assuming the filmmaker tried to put Axel and the staff in the best possible light for the video, full immersion in a mainstreamed classroom seems a less than acceptable result and it makes me wonder what happened to Axel when the cameras were turned off

or, more likely, what was edited out of the film altogether.

A student facilitates. Axel looks at the student, not at the paper. (from Axel, 2013 Youtube post, Dan Habib) Like other pro-FC films, the fact that FC is being used is not mentioned. Instead, FC is described by the educators both as a “communication system” and “Augmentative and Alternative Communication “ (AAC). FC is neither, since it builds dependence, not independence, on an assistant who, in all likelihood, controls the typing activity. Twice, a title page appears on screen to claim the staff helped Axel “type independently”. The educators, and by default, the producer of the film, have an odd way of defining “independence,” since only when the facilitators hold on to his hand was Axel able to produce written responses to their questions. Quigley offers a weak explanation that an adult needs to stabilize his hand in order for him to write out words and letters (typical FC rhetoric) but in the one scene that appears legitimate, Axel successfully negotiates selecting a movie from a Netflix list on an iPad. He is able to isolate a finger for pointing, engage with the iPad, understand the icons (e.g., pictures) on the screen, and make a selection without any cuing or other interference from an assistant. These are all requisite skills for interacting with a communication device independently. Whether Axel knows his letters or how to put them together to make words and sentences is not an issue addressed in the film. Since the goals from his previous school were centered around communication and behavior skills, my guess is he does not.

This film raises many questions about FC in the classroom:

8) Axel is shown interacting with an iPad on his own, with the motor skills to select pictures (e.g., a desired movie from Netflix). Why, then, would he need someone to hold his hand to type?

9) In most, if not all, the scenes showing him being facilitated, Axel is not looking at the keyboard or paper. How can he type or write accurately when he is not looking?

10) If only trained facilitators are supposed to be practicing FC (by proponents' own standards), then why is a student being allowed to facilitate with Axel? Did that person complete the training required to become a facilitator?

11) How is it, as the educators in the film claim, that Axel reached grade level in a matter of months? Given Axel's lack of attention and engagement in the classroom and with the letter board or iPad, it would take an extraordinary effort to make that happen, miraculous, even. Were the communications objectively tested to determine authorship?

12) How is it that his mother and stepfather and the school system have a widely disparate (too widely disparate) view of Axel's ability to communicate in writing? His parents, who seem to have a good understanding of Axel's capabilities, report he uses non-verbal communication (e.g., pointing, taking them by the hand and leading them to what he wants) and limited vocalizations (e.g., grunts) to let them know what he wants at home. The educators claim he is reading and typing in two different languages. Could the new "communication system" have something to do with the disparity? Could Axel type out Spanish responses with a facilitator who only knew English? Could he type out English responses with a facilitator who only knew Spanish?

13) Why was FC being used in the school system, against the recommendations of major organizations at the time with statements opposing its use: American Academy of Child and Adolescent Psychiatry, American Academy of Pediatrics, American Psychological Association, American Speech-Language-Hearing Association, Association for Behavior Analysis, Behavior Analysis Association of Michigan, and the New York State Health Department? (For a current list, click [here](#).)

14) Did the parents give informed consent for the use of FC? Before using FC with Axel, did the staff clearly explain to them that FC had no scientific basis for its claims, that organizations such as ASHA, AACAP, APA, etc. had statements opposing its use, that reliable, evidence-based tests demonstrated facilitator control due, in part, to the ideomotor response, and that there were multiple instances of false allegations of abuse made against families of individuals being subject to its use? And, were the parents informed of and given the option to choose alternative programming for their child? Given the fact that the educators were not calling their "communication system" FC, odds are they were not.

Axel (2012), Dan Habib

This short film follows Axel Cortes, a fifth grader, and the staff at Idelhurst Elementary School in Somersworth, NH while they implement a full-inclusion plan which includes the use of Facilitated Communication.

Critiques:

1. By 2012, controlled studies had shown that FC-generated messages were likely controlled by facilitators and not their clients.
2. Many organizations, including the American Speech-Language-Hearing Association, the American Psychological Association, and the Association for Behavioral Analysis International opposed the use of FC, citing concerns regarding facilitator control, prompt dependency, lack of scientific evidence, financial and opportunity costs, and potential harms (including false allegations of abuse).
3. Throughout the film, Axel is seen bolting from the classroom, wandering around the room, and “stimming” as educators admit that the classroom may be overstimulating for the student. “Least Restrictive Environment” (LRE) does not always mean full inclusion for every student.
4. The parents expressed concerns regarding FC use and Axel’s behavior, but their concerns appeared to be overridden by school staff.
5. Despite claims by proponents that becoming a facilitator takes a lot of time and training, students in the classroom are shown using FC with Axel.

Janyce Boynton is an artist, educator, and advocate for evidence-based practices in the field of communication sciences and disorders. Her story as a (former) facilitator was featured on Frontline’s “Prisoners of Silence”. To date, she is one of the few facilitators world-wide to publicly acknowledge her role in producing FC messages and speak out against its use. She left teaching to pursue her artwork but has continued to be active in educating people about the dangers of FC and other facilitator-influenced techniques. See <https://www.facilitatedcommunication.org/contributors>

9 (33 to 36)

1 a periodic basis at the DOE? 2 A. I do not think so. 3 Q. Is there a duty to report in the Educator Code of 4 Conduct? 5 MR. KENISON-MARVIN: Objection. Legal 6 conclusion. 7 THE WITNESS: There is. 8 BY MR. KAHNE: 9 Q. What do you understand about the duty to report? 10 A. First of all, there is a duty to report provision 11 within the code of conduct. That's question one. 12 Q. The answer is yes? 13 A. Yes. 14 Q. Now, my question is what do you understand the duty to 15 report -- the duty to report to encompass? 16 A. If -- I think it's a three fold area. The duty to 17 report pertains to individual educators, individual 18 administrators, and superintendents. And each of those 19 groups of people have duties to report violations of 20 code of conduct that they're aware of. So I think that 21 answers the question. 22 Q. Okay. So -- and is failing to report a code of conduct 23 violation an independent violation of the code of 24 conduct? 25 MR. KENISON-MARVIN: Same objection. Legal	33 1 THE WITNESS: My understanding is 2 potentially, yes. Potentially, yes. 3 BY MR. KAHNE: 4 Q. Why do you say "potentially, yes"? 5 A. Well, we don't know what the facts and circumstances 6 are, what she knew, when she knew it. Who did she 7 speak to? What was her understanding of the code of 8 conduct? There are any number of reasons why that type 9 of report would not be made. 10 So it's -- I'm a fact-based guy. So it's 11 potentially, but it's not clear until you get the facts 12 supporting it. 13 Q. Do they have to know of an actual violation of the code 14 of conduct, or do they have to report a possible 15 violation of the code of conduct? 16 MR. KENISON-MARVIN: Same objection. 17 THE WITNESS: That's an interesting question. 18 I think that if they -- that's one of the things that 19 we would do in the triage process to see whether 20 misconduct has occurred. What did they know? When did 21 they know it? What was their understanding? What were 22 their duties and responsibilities? And you mix that up 23 not only with the code of conduct at the state level, 24 and licensure, but you also look at it at the policy 25 level at the individual school district.
34 1 conclusion. You can answer. 2 THE WITNESS: That's not a fair question. 3 MR. KAHNE: Okay. 4 THE WITNESS: Because, for example, a 5 teacher's responsibility under reporting is limited, so 6 if the teacher goes to a supervisor and makes a report, 7 then the teacher is perfectly fine. 8 If it's an individual administrator makes the 9 report up the chain to command to their next superior, 10 they've covered their responsibility and duty. It is 11 only when the chain is broken where a person is aware 12 of a code of conduct violation and either refuses to 13 make the report or fails to make the report. 14 So it's a loaded question. It all depends on 15 what level and in which -- if a teacher tells her boss, 16 she's all set. He's all set. Done. The boss, in the 17 administrative level, makes the report. All done. It 18 then goes -- 19 BY MR. KAHNE: 20 Q. I think I understand your testimony. So let me start 21 at the base level. If a teacher that knows of a code 22 of conduct violation and does not report that anywhere, 23 is that a violation of the code of conduct? 24 MR. KENISON-MARVIN: Objection. Legal 25 conclusion.	36 1 So it's a very loaded question and it has 2 many nuances. So I'm not going to tell you yes or no. 3 It's not going to happen. 4 BY MR. KAHNE: 5 Q. But it is possible that you would open an investigation 6 or you would -- sorry -- you would open a case to look 7 into a failure to report for a teacher that didn't 8 report a possible violation of the code of conduct? 9 A. It is possible. 10 Q. Okay. Same question with respect to superintendents. 11 Superintendents have a duty to report possible 12 violations of the code of conduct? 13 A. They do. 14 Q. Okay. And if they do not report a possible code of 15 conduct violation, that is a -- that could be a 16 violation of the code of conduct? 17 A. Depending on the fact pattern, yes. 18 Q. Okay. And I just -- loss of teaching credentials is 19 one of the potential sanctions in the code of 20 conduct? 21 A. Well, let's talk about the term "credential." What do 22 you mean? 23 Q. Well, a credential -- the credential, the ability to 24 teach, for example, within the state of New Hampshire. 25 I'm looking at the code of conduct. It says

Transcript of Richard Farrell
Conducted on May 18, 2023

26 (101 to 104)

1 included both HB 2 content and other content, right? 2 A. Yes, yes. 3 Q. And so that happens from time to time, right, that a 4 complaint comes in and it doesn't just have a safety 5 issue. It doesn't just have an HB 2 issue; it can be 6 combined, right? 7 A. It can. 8 Q. Okay. If that happens, do you investigate the entire 9 file, or do you somehow wall off the HB 2 aspects of 10 the investigation? 11 A. I'll either do one of two things: I'll either refer 12 the entire matter to the Human Rights Commission, or 13 I'll wall off the additional misconduct allegation. 14 It's really hard to do that because the parent, or the 15 complainant, it just weaves in and out, and it's very 16 hard. 17 So, generally speaking, I will refer the entire 18 matter. And then once HRC is finished, we'll come back 19 and look at whether or not there's still an existing 20 child safety or code of conduct violation. 21 Q. Has that happened before, or you're just saying this is 22 how you would do it? 23 A. It's only one time that I can recall we did it, and we 24 sent the whole thing to HRC, and then it came back to 25 us, and then we looked at only the minimal piece of the	101 1 to call it a hybrid complaint with both HB 2 and 2 other -- and other concerns, code of conduct concerns. 3 What district was that from? 4 A. I think -- and, again, it's a recollection, but I 5 thought it was Exeter. 6 Q. Exeter. Okay. 7 A. I think. 8 Q. Okay. Turning to Exhibit 18 which I've been -- I'm 9 told is regarding Londonderry. I had mispronounced it 10 before. If you look at the second page, which is DOE 11 10287? 12 MR. KENISON-MARVIN: Let me add, let the 13 record reflect he's viewing this on the monitor and not 14 the marked exhibit. 15 We pressed a button and it's now bringing up 16 a URL, so we might need a little -- 17 MS. MILBURN: Here, let me try. 18 MR. KENISON-MARVIN: The mouse would be 19 better. We can go to the mouse for more precision. 20 THE WITNESS: Yeah, let's use the mouse. 21 MS. MILBURN: Hopefully that works. 22 THE WITNESS: Okay. Where am I looking? 23 BY MR. KAHNE: 24 Q. So go to the -- I mean, the first email in the chain 25 appears to be dated April 4th, 2022, from [REDACTED]
102 1 educator misconduct. 2 Q. That was not related to HB 2? 3 A. Correct. 4 Q. Is there any protocols in place for how you sort of 5 segregate one versus the other? 6 A. That was a unique circumstance. There's no protocol. 7 And I would run it by Attorney Fenton for her approval 8 to determine which way we're going to go. 9 So we'd take the facts, review, send it to -- 10 bring it to her, determine which way we're going to go, 11 whether we send the whole thing off or piecemeal it. 12 Q. And is Attorney Fenton the sole decider as to whether 13 something touches HB 2? 14 MR. KENISON-MARVIN: Objection. Vague. You 15 can answer. 16 THE WITNESS: Really, you'd have to ask Dana 17 that. I take the complaints. I'm the 18 boots-on-the-ground guy. I take the complaints, get 19 the facts, review with her. What she does with them 20 how she does it, who else she speaks to, you'll have to 21 ask her. 22 BY MR. KAHNE: 23 Q. Well, let's look at 18 then. 24 A. Okay, 18. 25 Q. And before we do that, you said there was -- I'm going	103 1 [REDACTED] to Frank Edelblut. Do you see that? 2 A. I'm looking. April 4th? 3 Q. Yeah. 4 A. [REDACTED] to Frank Edelblut on the 4th. 5 Q. It says, "Good evening." 6 A. Yes. 7 Q. It says, "Good evening. This was brought to my 8 attention today. A human relations teacher at the 9 Londonderry High School gave these worksheets out to 10 students. Is this allowed?" 11 Do you see that? 12 A. I do. 13 Q. Okay. And if you keep going, it looks like she 14 attaches the worksheets that the human relations 15 teacher at Londonderry High School distributed. 16 A. Yes. 17 Q. Okay. And there's Diversity Bingo and there's another 18 worksheet on sexual orientation, national origin. Do 19 you see that? 20 A. I do. 21 Q. So it appears as though the commissioner is receiving 22 this complaint from a parent, right? 23 A. Yes. 24 Q. Okay. And then the commissioner forwards it on to 25 Diana Fenton, right? 104

Subject: Fraud

Dear Mr. Farrell, I cut-and-pasted excerpts from the complaint I filed against Pam MacDonald on 9/2/12 and an e-mail that I sent Pam MacDonald on August 27, 2012. The IEP that had been developed for Axel did not have accommodations for Facilitated Communication. They should not have been using it within the video, it was in violation of Axel's IEP. You can see why I went from having no problems with administrators in the previous four years to being targeted for elimination. It is fraudulent when you knowingly use a method of communication without scientific backing and do not let the public or even the student's parent know that it was in violation of the IEP. When I was summoned to the Idlhurst school for a meeting with Axel's former team, I was directed to use facilitated communication with Axel, and I asked Pam if she was directing me to violate Axel's IEP because it was not listed as an accommodation in his IEP. The full meeting ended abruptly and I was asked to wait so that Pam could go and get a copy of Axel's IEP on Easy IEP, apparently she didn't trust the copy that I brought to the meeting. When she came back a half hour later she wasn't very happy and eventually, Robin Scott, SLP from the middle school (I had asked her to go with me to the meeting, she had not been invited) advocated for using PECS with Axel and Pam approved it.

I smell something, do you?

Thanks for your time.

Lisa

Subject: Put on Notice...Fraud

Dear Mr. Farrell, With regard to Superintendent Mosca and Pam MacDonald and a responsibility to ensure that they did not commit fraud, they had a duty to evaluate Axel if they disagreed with the middle school's impressions of Axel's cognitive abilities. The argument that they did not commit fraud because they thought he was academically performing on grade level during the filming of "Axel, " does not relieve them of a duty to take corrective action once they learned the the middle school team did not agree with their impressions, especially given the fact they had plenty of time to correct the record. The Supreme Court ruled that a school district is liable for damages when a plaintiff can prove that the school district knew about and offense and refused to take any action to correct it (see... Gebser v. Lago Vista School District, 1998).

Regards,

Lisa Brady

Who Cares About Kelsey? Educational Kit DVD for Colleges and For-Profits

DVD

\$ 195.00

Quantity:

BUY

Who Cares About Kelsey? is the story of Kelsey's transformation from a defiant and disruptive "problem student" to a motivated and self-confident young woman. Along the way, critical figures in her life play important roles in an education revolution that's about empowering, not overpowering, students with emotional/behavioral disabilities.

NOTE: This version of the Education Kit is licensed for educational, instructional or institutional uses.

Extras including:

- The Who Cares About Kelsey? 56-minute film, open captioned
- The Who Cares About Kelsey? 76-minute "director's cut" of the film, open captioned
- 2-minute and 6-minute open captioned film trailers
- "Who Cares About Kelsey?": An Online Reunion & Screening Event (119 minute, with most of the films' stars, from 2020)
- Our proprietary educational materials, including discussion guides
- Our Host a Screening Toolkit
- Access to the 11 companion "mini-films" that were created as part of this project

Expert in Brady School Case December 10, 2018

To whom it may concern:

I intend to serve as an expert witness on behalf of Lisa Brady. I will testify that:

- Brady was not negligent in not delivering the NECAP test to her student using Facilitated Communication (FC).
- There are no appropriate accommodations for NECAP testing that allow the use of FC. My student's IEP did not include the use of FC. My student did not have alphabet or basic number recognition. Student's mother did not agree with FC.
- Brady made a competent decision when she determined that her student should not use FC during standardized testing. She would have been negligent had she made such an accommodation.
- In my opinion it would not be educationally prudent or ethical for Brady to deliver NECAP testing to her student while using Facilitated Communication.
- The school district was negligent in expecting any student in their school district to use FC during standardized NECAP testing or for any part of any student's curriculum.
- What are some of the FC cases that you are aware of that have had a negative impact on the individual's safety, health or well-being?
- Was it reasonable for Brady to have concerns for her student's well-being after he was falsely portrayed in a public film, "Axel," using FC to claim that AC was "on grade level" and "college bound" when he was functioning on a preschool level?

In forming my opinions, I have relied on the following:

- My own published research and extensive writing about Facilitated Communication.

- An extensive body of peer reviewed research including several systematic reviews that have all concluded that Facilitated Communication is not a viable form of communication nor is it considered part or branch of augmentative and alternative communication (AAC).
- Position Statements by numerous highly acclaimed professional organization that all take the position that facilitated communication is junk science and should not be used.
- I intend to use as exhibits the position papers on Facilitated Communication published by a. American Speech-Language and Hearing Association (1995 & 2018) and, b. International Society for Augmentative and Alternative Communication (ISAAC).
- With regard to my qualifications to serve as an expert witness I offer the following:
I am the Director of the Center for Communication Enhancement at the Boston Children's Hospital where I have been employed for over four decades. In that time, I have evaluated more than 10,000 children with severe communication impairments as the result of cerebral palsy, autism and other related developmental disabilities.
- I have evaluated dozens of individuals with the express purpose of determining authorship in a facilitated communication dyad (In none of those highly controlled assessments no person has demonstrated competence as a facilitated communication communicator as all messages were the product of facilitator control).
- I have served on committees, lectured widely, and written on the risks and senseless use of Facilitated Communication. ■ With regards to recent publications:

Thanks Dan for the email. I appreciate your perspective. Fortunately from what I have seen the article has not gone viral. So far it is relatively self-contained. It is also clear that the article's quality and vetting process are both questionable at best.

Unfortunately that will not be clear to the vast majority of its readers.

As I see it, the central issue the IOD needs to deal with is not the Axel film or any of the individuals and content but a larger question related to FC and our past, present and future association with it as an organization and how, we address that internally and externally.

Safe travels and good luck with the filming in AZ.

Charles, Matt, Dan, and Mary

I learned from Wayne that Lisa Brady has sent emails to all special Ed and education faculty at KU repeating the statements from the Slate article, repeating her claims against us, and causing lots of discomfort in our partnerships...and in the partnerships of our partners.

KU Special Ed department has posted a statement on SpedPro....not sure what that is.... But it is clear that this is escalating. KU is pushing Wayne for lots of details and a point-by-point response to claims in the Slate article. He, in turn, is posing lots of questions to me. Some of which I answered. He made need more, but I am trying to respect our UNH - IOD internal process to get a message out. Others seem to be moving more quickly.

With regard to the escalation of attacks now targeting our SWIFT partners colleagues, I request we have an in-person meeting with UNH Legal to explore additional considerations. Matt, is this something you set up or do we proceed individually?
I am back in town Thursday night...and Friday is very open for me.
If possible.

Thank you,
Michael

Also, can we post on our website the final letter in response to the last Brady blast?

She is now emailing superintendents and other leaders of our SWIFT school districts and their local media. Relentless. We/SWIFT now have to engage 17 district and 64 schools in this conversation. And they are under her harassment now...just by emir association with us. Unfair.

Importance: High

Colleagues,

You may have gotten an email recently from Lisa Brady calling into question the work of the IOD through an article on Slate.com. Attached you will find a letter from Charles Drum the Director of the IOD giving some much needed perspective on the situation. As we know quotes out of context can be very inflammatory.

Please give this letter your full consideration before rendering judgement.

Leslie

Subject: recent email from Lisa Brady

Dear Leslie and Vince,

I am forwarding a statement that the IOD has been distributing to individuals who have been on the receiving end of emails from Lisa Brady. We have been dealing with this situation for about a year and unfortunately it has escalated as a result of the SLATE article link enclosed in her latest email. I want to reassure you that while some of the information in the article may have been accurate; the article was full of misinformation, misquotes (all of mine), information taken out of context, and a lack of journalistic integrity.

Please feel free to share this letter with our colleagues if you think it would be helpful.

Onward,

Mary

iod.unh.edu

Greetings,

In recent months, Lisa Brady, a former employee of the Somersworth (New Hampshire) Middle School, has made repeated attempts to link the Institute on Disability (IOD) to an ongoing employment dispute she has with School Administrative Unit (SAU) 56, her former employer. Ms. Brady has emailed her allegations to numerous IOD partners, leadership at the University of New Hampshire, the New Hampshire Department of Education, the press, and national advocacy organizations among others on several occasions since the fall of 2014.

The IOD strongly denies any wrongdoing associated with this project.

The IOD work in question took place in 2011 and 2012 and was funded by the National Center and State Collaborative (NCSC). The purpose of the project was to produce a series of short documentary videos (including *Axel* and *Thaysa*) that illustrate the potential for students with significant cognitive disabilities to achieve increasingly higher academic outcomes through assistive technology, assessment, curriculum, instruction, and professional development. These videos are broadly available online for free and can be found at <http://www.ncscpartners.org/multimedia>. In addition to the NCSC fully supporting the work of the IOD and its outcomes, the family of the student featured in the video as well as the faculty and administration of the school where filming took place were willing collaborators throughout the project. Ms. Brady was not working at this school during the filming.

The NH Department of Education has concluded that Ms. Brady's complaints were unfounded and that grant resources received by the IOD were used appropriately. The IOD is confident that the project reflects our core values of scholarly excellence and the presumption of competence, and rejects Ms. Brady's allegations directed at IOD employees Dan Habib and Michael McSheehan. Specifically, the video does not include a communication approach called Facilitated Communication (FC), the student and his paraprofessional were not provided with questions and/or answers in advance of filming, and the video is an accurate depiction of the student's academic abilities. The IOD fully stands by the work of Dan Habib and Michael McSheehan without qualification and believes that protecting their professional reputations is essential.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Charles Drum". The script is cursive and fluid, with the first name "Charles" and last name "Drum" clearly legible.

Subject: NH AAC Thank you and Editing note

Therese,

Thank you SO much for recording the first webinar. It provides wonderful, specific examples of the use of AAC emphasizing both the technology and strategies that are best practice. You are incredibly knowledgeable, engaging and articulate. This is an excellent addition to the NH AAC Initiative webinar series.

I also need to give you my apologies for one piece of the webinar. As we were applying for the award, and when we accepted the award, I made a verbal commitment to the NH DOE that the Initiative would not specifically promote the use of Facilitated Communication. Because of the long, complicated history around FC and because of our interest in partnering with the NH DOE to address the enormous need in the area of AAC, I agreed to the condition. However, I failed to communicate that to you. It's totally my error. So, we found a way, through creative editing, to preserve your webinar AND to remove the short (approximately 7 min) section where FC is mentioned. The webinar is all set and ready to be posted – but I did not want to post it without first notifying you of this glitch. Again – this is totally on me.

I appreciate your understanding of how we are handling this issue within the NH AAC Initiative. We continue to support and promote FC/Supported Typing through other IOD initiatives.

Let me know if you have any questions about this decision.

Michael

Subject: RE: Emails to KU education faculty

Yes, I agree 100% we need to push UNH legal to do something. Our funding is in jeopardy as well as KU's future funding for the SWIFT Center.

Not to mention our reputations.

Thank you.

What about the Durham police - can we involve them?

Colleagues,

You may have gotten an email recently from Lisa Brady calling into question the work of the IOD through an article on Slate.com. Attached you will find a letter from Charles Drum the Director of the IOD giving some much needed perspective on the situation. As we know quotes out of context can be very inflammatory. Please give this letter your full consideration before rendering judgement.

Subject: Re: NH DOE Corruption: A call the the NH Senate to investigate

I think we should send our letter out today to every NH entity on this list minus the media. FYI, the link at the bottom goes to a youtube interview with Sen. Kevin Avar. He gave Lisa Brady a platform on his show to talk about this as a 'whistleblower.'

HISTORY

This complaint arises from the intentional education neglect and public exploitation of Complainant, Lisa Brady's, former special education student, "Axel," the subject of a mini-film, that was part of a teaching kit, "Who Cares About Kelsey," produced in 2012. From its' inception, the film was a fraud on the public, and it continues to sell without any legal oversight. The film was funded by state and federal educational grant funds and a collaborative project between the New Hampshire Department of Education, the University of New Hampshire Institute on Disability, and the Somersworth School District. The film claims that a miracle occurred; that Axel, who had carried an educational code of "mental retardation," was cured from his life-long cognitive impairment, and able to keep up with his same aged peers. Complainant Brady has attached two key pieces of evidence to substantiate that UNH and Somersworth intentionally lied to the public when they claimed he was able to keep up academically with his same-aged peers. See psychological evaluation-attachment 2, and a draft IEP-attachment sent in two successive emails due to size.

FACTS

1. UNH IOD's, Dan Habib's continues to sell Axel mini film as follows:

"In addition to the feature-length documentary *Who Cares About Kelsey?*, we have created eleven short documentaries that illustrate a wide range of educational issues and evidence-based practices, including Augmentative and Alternative Communication, Positive Behavioral Interventions and Supports, Breaking the School-to-Prison Pipeline, Universal Design for Learning, Cultural Responsiveness and more. Ten of the videos can be viewed at the links below:"

<https://whocaresaboutkelsey.com/about/the-mini-films/>

2. **FALSE ADVERTISEMENT:** Dan Habib falsely advertises Axel's abilities on his website and youtube site:

Watch Axel film on youtube

at: <https://www.youtube.com/watch?v=LIYwTmUgrco>

Compare Axel's actual abilities within the sealed exhibits.

3. The film claimed that Axel was erroneously perceived to be low function but, that he was actually on a path to college. See film snippets as follows:

4. Proof of the continued sale of the Axel film:

Who Cares About Kelsey? Educational Kit DVD for Colleges and For-Profits

DVD

\$ 195.00

Quantity:

Who Cares About Kelsey? is the story of Kelsey's transformation from a defiant and disruptive "problem student" to a motivated and self-confident young woman. Along the way, critical figures in her life play important roles in an education revolution that's about empowering, not overpowering, students with emotional/behavioral disabilities.

NOTE: This version of the Education Kit is licensed for educational, instructional or institutional uses.

Extras including:

- The Who Cares About Kelsey? 50-minute film, open captioned
- The Who Cares About Kelsey? 7-minute "director's cut" of the film, open captioned
- 3-minute and 6-minute open captioned film trailers
- "Who Cares About Kelsey?" An Online Reunion & Screening Event (118 minutes, with most of the film's stars, from 2020)
- Our proprietary educational materials, including:
 - Our Host a Screening Toolkit
 - Access to the kit's companion "live films" that were created as part of this project

5. The second attachment includes a school psychological evaluation that was completed on 10-11-2016, three months prior to Axel's mother releasing his education records to UNH. That evaluation reported that Axel exhibited "severe developmental delays in all areas," that his receptive language abilities were "limited," that he was working on "learning how to learn," and "joint attention."

6. There were NO evaluations within Axel's education record, released to UNH that showed he had progressed five grade levels as attested to within the Axel film. If a student did make that

kind of progress, there would have to be evaluations to back it up.

7. The draft IEP exhibit, sent in two separate emails due to size, includes a copy of a December 6, 2012 draft IEP completed on Axel and **it proved that three months after the end of Dan Habib's filming, the Somersworth School District agreed that Axel performed at the cognitive level equivalent to a preschool level. See excerpts from that document below:**

Describe the Student's:

Academic Needs:

Axel's communication, social, adaptive behavioral and receptive language skills are very limited. He has significant deficits in articulation, phonological awareness, auditory and visual processing and sustained attention. He has not mastered recognition of the alphabet letters and their associated sounds. He does not consistently demonstrate an understanding of numbers one through ten, cannot identify body parts or when provided with the four letters in his first name, place them in the correct order.

Results of Additional Information about the student to be considered(including the Most Recent Evaluations):

Axel's most recent psychological assessment (10-27-11, Vineland Behavior Scales II) indicated that his communication, daily living skills, and socialization are all in the well below range of functioning. On September 7, 2011, Behavior Specialist Bill White recommended that Axel work on the following skills: expressive gestures i.e. "wait," "more," and "done." Non-identical matching i.e. horse to a different horse. He recommended that Axel practice learning sight words, imitate gross motor skills, imitate sounds, identify letters and numbers and begin to work on nursery rhymes. He recommended that Axel work on puzzles, practice the alphabet and counting. He also indicated that Axel would benefit from utilizing language based applications for the I-Pad. Axel needs to begin to work on "learning how to learn," beginning with teaching joint attention, imitation and discrimination skills. He does well with tasks embedded into a routine but generally cannot do them outside of the sequence or routine.

8. See email below for evidence from Dan Habib which proved that the last day of filming Axel was on 9/12/2012;

From: "Habib, Dan" <Dan.Habib@unh.edu>

Date: September 6, 2012 8:44:41 PM EDT

To: Deborah Mitchell <dcmittchell@sau56.org>, Michael Quigley <mquigley@sau56.org>, Jolene Francoeur <jfrancoeur@sau56.org>, "mdavis@sau56.org" <mdavis@sau56.org>

Cc: "McSheehan, Michael" <Michael.McSheehan@unh.edu>

Subject: interviewing you about Axel

Hi Deborah, Mike, Meghan and Jolene,

I hope your school year is off to a great start!

Michael and I have been chipping away at the Axel film work and I'd like to do short interviews with each of you (20-30 minutes max) as part of the material for the film. You saw how I used

some of the short interviews in the Thasya film with Caroline, Laura and Holly. I'd probably just use a minute or so from each interview but we'll need to talk a while to cover some ground.

I've blocked off some time to interview Michael McSheehan next Wednesday, 9/12, and would like to do the interview at Idlehurst so it has that 'school atmosphere.'

Would it be possible to get about 20 minutes of each of your time that day, ideally between 10:30 and 12:30 or 2:30-4? I'm also hoping to catch up with the paraprofessional that worked with Axel and his general ed teacher last year. I don't have their names and emails – could one of you pass those along to me and I will reach out to them as well?

thanks, just let me know what time frame works for each of you.

thanks in advance,

Dan

8. The 12-6-2012 draft IEP completed by the Somersworth School District three months following Dan Habib's final filming is evidence of an egregious intentional educational neglect and fraud on the public. They claimed in September of 2012 that Axel was cognitively able to keep up with his same aged peers and going to college. Three months later he was back to pre-film cognition, working on counting numbers 1-10, alphabet recognition, and nursery rhymes. He was back to being the same old Axel as he was before UNH stormed the Somersworth campus with their film crew. He didn't go to college; he attended a school for children with the most challenging cognitive and physical deficits, at the Monarch School of New England, in Rochester, New Hampshire. They used him as a prop. The accused individuals were obligated to report the truth, they had a duty to ensure that Axel was not subjected to a false light portrayal

and to ensure that the public was not swindled out of money, purchasing the film. The attached evaluations corroborate Brady's claims of fraud

9. See evidence below: **Axel's mother released his educational records to Michael McSheehan, from the University of New Hampshire Institute on Disability, for the purpose of filming;** that release included the psychological evaluation completed three months prior to the start of film.

Parent/Guardian Signature: [Redacted] Date: 2/16/12

original for student file copy for parent records DSU-1002

The Staff at UNH IOD knew or should have known Axel was not academically functioning of grade level.

10. Axel's educational records did not include any cognitive evaluations to back up the false claims made by the Somersworth and UNH Staff within the film. In accordance with the IDEA, § 300.304, Evaluation procedures, school districts are required to use multiple evaluations in order show that a student progressed from significant cognitive impairment to "normal cognition." There were no evaluations to corroborate the films claimed miracle.

11. KNEW OR SHOULD HAVE KNOWN: Lisa Brady sent the following email to Somersworth Superintendent, Jeni Mosca, and she replied back, acknowledging receipt of the email:

From: Lisa Brady

Sent: Wednesday, September 12, 2012 6:36 AM

To: Jeni Mosca; Bob Marquis

Cc: Dana Hilliard; Kate Segal; Pam MacDonald

Subject: AC

September 12, 2012

Dear Jenny and Bob,

Dictionary.com defines integrity as; "adherence to moral and ethical principles; soundness of moral character; honesty." Integrity lays the foundation for respect and responsibility, a PBS message that we relay to our students on a daily basis.

Yesterday at school, Jessica Sullivan received an e-mail from Mike Quigley explaining that Dan Habib would be coming to Idlehurst in order to videotape her with regard to AC's transition. I did not get an e-mail from anyone about appearing on the video and I am assuming that Mr. Habib is not interested in my opinion.

I have made two requests with Pam MacDonald (she has not responded either time) for a language evaluation with Dr. Calculator and I am now requesting an evaluation with Dr. Guare with regard to AC's cognitive abilities. The district has

supported Dr. Guare's involvement in my program with regard to other students that present like AC. As a district that participates in PBIS, I know that we would want to ensure the integrity of our actions. I also know that our district would not support publicly portraying a student in a misleading way, especially knowing the potential liability that would exist. An evaluation would allow the district to have insight into AC's actual abilities so that we can move forward with our integrity intact.

Last week I was invited to Idlehurst Elementary for a meeting with regard to AC and his communication abilities. Under the premise of discussing my student's communication needs, I was shamed and humiliated for having a different opinion. Given that AC's full middle school team was not invited, it is logical to conclude that it was purposeful and that I had been targeted. I am in the process of setting up an iep meeting for AC and would like to address both of these evaluations at the meeting. Thank you for your time and have a good day.

Lisa

12. See third attached document to this email (Doc.83), a court document for the purposes of historical information with regard to this complaint, and note a complaint that Brady filed with former Commissioner of Education, Virginia Barry and Richard Farrell, within numbers 50-59. It is evidence that they knew or should have known the film was a fraud, and taken steps to ensure that it was not published for sale to the public.

CRIMINAL COMPLAINT

13. Brady incorporates by this reference, all the allegations contained in the preceding paragraphs inclusive, as though fully set forth herein. The accused individuals; (1) made representations about Axel Cortes' cognitive abilities within a public film, "Axel," part of the "Who Cares About Kelsey Teaching Kit," with knowledge of its' falsity or a conscious indifference to its' truth; (2) The accused individuals intended others to rely upon that representation; and (3) the public continues to rely on false advertisements which; claim Axel recovered from his long established severe cognitive impairment.

14. Brady incorporates by this reference, all the allegations contained in the preceding paragraphs inclusive, as though fully set forth herein. The accused individuals either caused or acted in a manner to subject the public to be victims of fraud after they made a false or misleading statements in an advertisement for the "Axel," film addressed to the public for the purpose of promoting the purchase of the Axel film. N.H. Rev. Stat. § 638:6 (e)- Deceptive Business Practices. The fraudulently film has been selling to the public for nearly a decade.

15. Brady incorporates by this reference, all the allegations contained in the preceding paragraphs inclusive, as though fully set forth herein. The accused individuals committed and ongoing mail and wire fraud: The accused individuals orchestrated a scheme to defraud in order to deprive the public of the intangible right of honest services. In an attempt to swindle the public out of money, the above-named individuals devised or intended to devise a scheme to defraud, or for obtaining money by means of false representations, and transmitted or caused to be transmitted by means of wire, use of the internet for the

purpose of selling a film to execute such scheme. They also used or caused to be used the Postal Service or other private carriers raises which raised the crime to the level of mail fraud. "these individuals made a representation with knowledge of its falsity or with conscious indifference to its truth with the intention to cause another to rely upon it." *Snierston v. Scruton*, 145 N.H. 73, 77 (2000). **In violation of federal statutes at § 1341 and § 1343, mail and wire fraud.**

16. The Accused Individuals had a duty to act honestly, and a breach of that duty occurred..

Conclusion

Please investigate my claims of fraud, I have attached irrefutable evidence to prove my complaint, and this evidence was not attached to my earlier complaints. The Axel film is still selling to a public audience that actually believes the film is genuine. People have the right to know the truth. Additionally, the attached evaluation which showed Axel's true abilities, would make the public question a State AG's Office that would choose to represent former Commissioner of Education, Virginia Barry, and Complaint Investigator, Richard Farrell, who are responsible for the fraud as stated more fully above. The N.H. AG's office has chosen to represent individuals that have participated in a criminal act that involved a New Hampshire school child while ensuring that the teacher that advocated on behalf of her student, suffered economically while struggling to salvage her destroyed career. The AG's office knows or should know the film is a fraud, and representing Virginia Barry and Richard Farrell is a conflict of interest, and an egregious assault on a citizen, teacher, and mandated reporter in the State of New Hampshire.

I am writing to urge you **NOT** to reappoint Frank Edelblut as Education Commissioner. It is our collective responsibility as residents of NH to provide a quality (not just "adequate") education to all students in the Granite State. The Education Commissioner needs to be an individual who actively supports **BOTH** public and private education. Commissioner Edelblut's commitment to public education has not been evident during his tenure. I urge you to appoint someone who can actively support all of our schools - which equates to the support of all of our students. As you well know, the students of today will impact the future for all of us. We all want to assure that our future includes well educated individuals, whether public or privately educated, who will become productive and engaged citizens of the State of New Hampshire. Our future will depend on them!

Thank you.

To Governor Ayotte,

I respectfully request that you do not reappoint Education Commissioner Edelblut to this very important position. It is vitally important that NH has a person who will support and strengthen public education for all the students and teachers of NH. to the best of their ability.

As a former reading specialist (most recently before retiring) I worked with students who needed the best instruction we could provide them with to succeed in their classrooms and during their time spent with reading specialists in the Lebanon School District. Having a person who supports a curriculum, meeting the needs of all students with many talents and interests is very important and crucial to their success in school and after graduation.

Many thanks for your consideration of my thoughts along with many others who are writing to express our concerns and wishes to you. Please appoint a new person as the Education Commissioner to confirm that you feel education in NH is of critical importance now and in the future.

Sincerely,

Jane Abbott Sweatt
New London, NH.

Dear Governor,

I know that you are committed to limit partisanship during your term of office. I would like you to consider appointing a new Commissioner of Education in NH in an effort to work towards this goal. Frank Edelblut has shown since he obtained this position in 2017 that he is in favor of changing New Hampshire's public Education system in a manner that will be detrimental to the children and families that it serves in the following ways:

- He has stated a desire to control what books are allowed in public schools
- He has proposed cutting state aid to districts for special education funding putting the burden of this spending on the towns of New Hampshire
- He has criticized how LGBTQ and diversity issues are discussed in schools
- He had no experience working in education prior to his appointment in 2017
- As a parent he has no experience with the public schools system because he home schooled all 7 of his children
- During COVID-19, while being the commissioner, he spoke at a forum of the Government Integrity Project, a conservative activist group, and pushed back on the state's mitigation issues to such an extent that even the former governor thought his comments and attendance at that meeting were "inappropriate"
- Superintendents across the state have felt that Frank Edelblut has overreached his authority and is undermining local control of decisions. This goes against our state motto of "Live Free or Die".

Please consider not renewing this individual who has had a divisive and polarizing effect on our public education system in New Hampshire.

Thank you for your time and consideration on this important issue.

Dear Governor Ayotte,

My name is Debra Green and I am your constituent from 87 Laurel Dr in Greenville, NH, 03048. I am writing to ask that you DO NOT reappoint Frank Edelbut as the Education Commissioner.

I trust what you have said about wanting to overcome partisanship in our government here in NH. I'm sure you are aware of how divisive, and disrespectful I might add, Mr. Edelbut has been.

I would like to ask you to *please* appoint someone who has a strong commitment to strengthening our public schools. Approximately 90% of our students attend public school. Please appoint someone who believes in offering more than just the basics of reading, writing and arithmetic. The arts and elective courses help prepare our children for better futures, which helps ALL of us.

I thank you very much for your work for our state as well as your time and attention to this matter,

Sincerely,

Debra Green

Honorable Governor Ayotte,

When asked to name the most important problem facing New Hampshire, 29% of Granite Staters cite housing. Housing is the biggest concern for Granite Staters, according to the most recent [Granite State Poll from the University of New Hampshire](#). Researchers asked over 1,300 people about the biggest problem facing New Hampshire, and nearly a third said housing – followed by taxes and education.

We want you to get a good start at addressing the issues that are making the biggest impact on citizens of NH. NH is in need of workforce housing so we may keep skilled workers in our towns, regions, and state. Everyone knows housing is foundational for families, health, and well being of people. We want to attract skilled workers, and we all know that our housing situation is a significant problem for our state.

We hope you will address the need for funding for housing in this upcoming budget. This is a good place for you to show your priorities are in line the with citizens of NH.

I wish to congratulate you on your election as Governor. Your support of funding for housing in this state at this time will let us know you take seriously your mandate from the citizens who elected you.

Sincerely,

Margaret Jernstedt
32 Penn Rd., #422
Hanover, NH 03755

I am writing as a retired educator who is married to Professor of Brain Science, and Learning and consultant for independent schools, public school and higher education institutions across the country. We know how important public school education is for informed citizens. It is foundational for the Democracy functioning with equality and justice for all in our state. We want all of our citizens to be capable of making informed decisions to enable our country to be the leader in the world that the United States of America has always been.

I am writing to urge you to NOT reappoint Frank Edelblut as the Education Commissioner in the State of NH. Edelblut has created a partisan and divisive atmosphere in our state regarding education. He has also spent money in ways that have not raised the academic standards and have created undue expenditures for educating our students.

I wish to congratulate you on your election as Governor. Voting NOT to reappoint Edelbrut will be an important step as you start a successful tenure as Governor of our state.

Thank you for your service to the people of this state and to our country.

Sincerely,

Margaret Jernstedt

Granite State Poll: Housing remains top concern for NH residents

New Hampshire Public Radio | By [Lau Guzmán](#)

- [Email](#)

Granite State Poll

/

University Of New Hampshire

When asked to name the most important problem facing New Hampshire, 29% of Granite Staters cite housing.

Housing is the biggest concern for Granite Staters, according to the most recent [Granite State Poll from the University of New Hampshire](#). Researchers asked over 1,300 people about the biggest problem facing New Hampshire, and nearly a third said housing – followed by taxes and education.

Granite State Poll

/

University Of New Hampshire

Granite Staters are less likely than in November 2024 to mention housing and slightly more likely to mention taxes and education as their top issues.

The poll comes out a little more than a week after Gov. Kelly Ayotte [announced her budget proposal](#) for the next two years.

“There is no greater pressure weighing on the economic success of our state right now, than our housing market and the challenges we're facing there,” she said during her budget address. “Supply is tight, demand is high, and inventory is expensive. Our economic success hinges on our ability to attract talent here.”

The median price of a home in New Hampshire is around half a million dollars, and median rent for a two-bedroom apartment was \$1,833 in 2024, [according to New Hampshire Housing](#).

The Granite State Poll shows about half of Granite staters approve of Ayotte, about a quarter of which cite the way she's handling the state's finances.

Ayotte’s proposed \$16.5 billion state budget would cut spending funded by state tax dollars by \$150 million or roughly 3%, a reduction Ayotte claimed was undertaken “with a scalpel, not a shovel.”

One of the areas impacted by this reduction is housing, although Policy Analyst Jessica Williams of the New Hampshire Fiscal Policy Institute said it was difficult to compare budgets over two-year periods.

She said that \$50.25 million in state funds are dedicated to housing investments in the current State Budget. Of that, [\\$10 million in the current budget](#) are allocated to homelessness and housing shelter programs – including \$8 million in increased rates paid to shelters and \$2 million for other shelter services.

“The Governor has proposed maintaining these increased rates, while other housing investments in the current Budget do not appear to be repeated,” Williams said in an email.

Slide From Examining The State Budget 2025 Webinar Series

/

New Hampshire Fiscal Policy Institute

Most one-time housing investments from the previous budget were not repeated in Gov. Ayotte's budget proposal.

Williams also noted that the budget for homelessness is increasing as the governor proposed [an additional \\$10 million](#) over two years for homelessness services through the Department of Health and Human Services to aid those with substance use disorders using available opioid abatement funds.

Research Director Phil Sletten also noted that the current budget has one-time housing investments of \$40.25 million funded with surplus state general fund dollars leftover from state fiscal year 2023. He added that Ayotte did not repeat these one-time contributions in her state budget proposal, based on information currently available.

[In a policy brief](#), the New Hampshire Fiscal Policy Institute has also noted that zoning or land use laws that restrict the building of housing units, as well as increased labor and construction costs, may all contribute to the shortage of housing in the state.

During her budget address, Ayotte also announced a plan to streamline the permitting process to 60 days. If a building permit takes longer than 60 days to review, the permit will be granted automatically.

Hi, my name is Angela Palermo . I am the wife of Christopher Palermo. I'm writing you today because Diane York has become judge, jury and executioner in the matter of my husband's release from prison.

The parole board has dropped all drug charges that lead to him being violated by his parole officer. The courts dismissed all charges to include the one charge the parole board found him to be in violation of; which was having a knife in his possession. He only received a 6 month set back, which would have ends last Saturday 2/22/25 from date of arrest.

Diane York has told my husband and his case counsel that he needs a 2.5 level of care. He hasn't used anything in over 6 months which would give him a lower level of care. Dian York knows that there is no way Christopher can receive that level of care due to his criminal record as a registered sex offender.

If Christopher was to be released he would be sent to a single family home with a means of transportation to go back and forth to any meetings and iop programs and parole check ins that are necessary. However Diane York has solely decided that she has god like authority to extend Christopher's set back in a drug program which he was found not guilty of the drug charges put forth to the parole board and the courts.

Christopher has not caused any issues during his stay. So I absolutely don't understand why he his being kept any longer at the New Hampshire department of corrections.

Sincerely,

Angela Palermo

Governor Ayotte:

I am a NH voter and a retired public school teacher writing in regards to the March 23, 2025 appointment of Education Commissioner. We in NH need a new commissioner. We need one who is an expert in dealing with public school issues; one who understands the importance of supporting good public schools in order to support the future economy of NH. We need a commissioner who listens to educators at public hearings and makes important educational decisions regarding curriculum for an adequate education without being politically partisan.

Frank Edelblut is not the commissioner we need. I understand that he has no formal education training or experience with public school issues and has actively worked against support of public schools. He ignores the expertise of certified teachers and educational experts at public hearings on curriculum decisions. Under his watch many courses needed for an adequate education for our children have been removed. His decisions lean towards a very partisan agenda.

I ask that you replace Frank Edelbut with someone who is trained in the Education field and has worked for many years as an educator and school administrator. Someone who will work to improve our public school system rather than tear it apart. Please choose an experienced educator, for NH Education Commissioner who will work with you, your Executive Counselors, and our NH legislators in a non-partisan manner for the benefit of NH school children and the future of our state.

Thank you for your attention.

Dear Governor Ayotte,

I am writing to urge you to replace Frank Edelblut as Commissioner of Education. As you know, a strong public education system is vital to maintaining our state as an attractive place to live, work, and raise a family. Mr. Edelblut has promoted policies that are detrimental to public education in New Hampshire and has shown that he does not share the values of the majority of our citizens.

Please do not reappoint Frank Edelblut!

Sincerely,
Naomi Kornhauser

Dear Governor Ayotte,

I am a retired elementary school teacher, and regular Walpole voter. I am writing to strongly encourage you to NOT reappoint Frank Edelblut as Education Commissioner. In your inaugural address you expressed a desire to tamp down excessive partisanship. Mr Edelblut has been a very decisive figure. A quality free public education is at the heart of our democracy. I don't believe Mr Edelblut honors and values public education.

Please recommend a less polarizing person to be our next Education Commissioner, one who will be a strong advocate for a quality public education system for NH.

Thank you for your consideration,

Jana Sellarole

Dear Governor Ayotte,

I am writing to express my strong opposition to the reappointment of Frank Edelblut as Commissioner of Education for the state of New Hampshire. As a dedicated public school educator in New Hampshire for 25 years, I have seen firsthand the challenges and opportunities within our education system. We need leadership that supports students, educators, and the integrity of public education—not policies that undermine them.

Notably, Commissioner Edelblut has never had a direct stake in New Hampshire's public schools, as he homeschooled his own children, and not one of them attended a New Hampshire public school. Despite this, he has implemented policies that negatively impact students, teachers, and the quality of education across the state.

Additionally, Commissioner Edelblut has:

- Pushed for policies that the American Federation of Teachers warned would increase class sizes, reduce course offerings, and decrease the number of qualified educators in schools.
- Directed a state official responsible for investigating allegations of abuse to review complaints about school materials, diverting resources from their intended purpose.
- Interfered in local school district decisions by cautioning a superintendent against using "Indigenous People's Day" instead of "Columbus Day."
- Encouraged parents to resist COVID-19 mitigation efforts, potentially putting students, teachers, and staff at risk.
- Supported a law that bans teachers from discussing whether individuals or groups are "inherently racist, sexist, or oppressive," creating an environment of

fear among educators and prompting a lawsuit by the ACLU of NH.

- Expressed views in an opinion piece that dismiss concerns about gender identity, personal pronouns, anti-racism literature, the Black Lives Matter movement, and LGBTQ+ students—stances that directly impact the safety, inclusion, and well-being of students in our schools.

New Hampshire needs a Commissioner of Education who will advocate for all students, support educators, and uphold the values of equity, inclusion, and academic integrity. Frank Edelblut's record demonstrates that he is not the right person for this role. I urge you to appoint a leader who will put the needs of students and educators first, rather than advancing a divisive and harmful agenda.

Thank you for your time and consideration. I appreciate your leadership and hope you will make a decision that supports the future of New Hampshire's public education system.

Regards,

Nancy Bannon

Dear Governor Ayotte,

I wanted to reach out and thank you for the quick selfie we took when at the Governor's Ball in Manchester. I mentioned then that I am the founder/co-director of a new charter school in Concord, Synergy Academy. My students begged for me to get a selfie with you, mission accomplished, thank you!

In fact, my students (I also teach Civics) were in such disbelief at your accessibility it began a great discussion on your role as Governor as well as the responsibilities that go along with it. Would you ever consider dropping by sometime to say hello to our students and briefly share what a typical day looks like for you?

I have attached the selfie and eagerly look forward to hearing from you.

Best regards,

Linda,

Thank you for the update. While I'm extremely disappointed that New Hampshire's high court has chosen to repudiate the Committee on Character and Fitness's finding of good moral character (especially since the only "blemish" on my record is my decision to file a nonfrivolous lawsuit opposing policies that are illegal under state and federal law), I remain confident that the long arc of the moral universe will bend toward justice.

Most of the relevant documents should be available on the Massachusetts Superior Court and Appellate Court websites under the docket numbers 2181CV02940, 2481CV01856, DAR-29886, and 2024-P-0714. If there is any difficulty finding those documents, I can provide hard or electronic copies.

Please let me know if there is anything further that I can provide to the Court, its representatives, or anyone else.

Yours Truly,
Jordan L. Michelson

Dear Governor Ayotte,

I am writing to express my deep disappointment regarding the recent attacks from members of the GOP—particularly President Trump and Vice President JD Vance—on President Zelensky. Their remarks were not only inappropriate but also disheartening given Ukraine's ongoing struggle against Russian aggression. The willingness of many in the Republican Party to undermine our allies while appearing to take a more conciliatory stance toward Vladimir Putin is alarming. It is a far cry from the leadership of President Reagan, who firmly stood for American strength and against authoritarianism. He would be appalled to see the party he helped define now showing such weakness toward Russia.

Additionally, I am extremely concerned about the proposed tariffs and the economic policies being pushed forward. As a small business owner, I see firsthand how tariffs create unnecessary burdens, raising costs and limiting opportunities for growth. The simplistic and misguided rhetoric surrounding tariffs—particularly from former President Trump—demonstrates a fundamental misunderstanding of their economic impact. This is not just theoretical; these policies will directly harm American businesses and consumers alike.

Governor, I urge you to stand up for strong, principled leadership—both in defending our democratic allies abroad and in ensuring sound economic policies at home. I appreciate your service and hope to see you advocate for a GOP that prioritizes American strength and prosperity rather than reckless rhetoric and short-sighted policies.

Sincerely,

Michael Pappas

Dear Governor Ayotte,

I am writing to you with deep concerns over the reappointment of Frank Edelblut for the Commissioner of Education. We are a family of educators. My husband Tom was a NH Teacher of the Year as well as the developer of the Concord High School ROPE program. This class used experiential education and the out of doors to help students push their limits and he still gets frequent messages from former participants telling him that ROPE was the most important life-changing class that they had ever taken.

I was an elementary school teacher in Henniker and was one of five recipients of the National Project Learning Tree Educator Awards in 2005. Our daughter is a middle school guidance teacher who touches her students lives every day.

I tell you this because we are passionate about education and worked hard to create public school environments that would foster caring, inclusion and education. I find it discouraging and depressing that the person in charge of NH Education System is someone who does not like public education and wants to implement his personal conservative agenda on the state. Please find someone who has some education background and values what public schools can do.

Sincerely,
Peg Herbert
Hopkinton, NH

Good evening Governor,

As a constituent of yours from the city of Claremont, and a strong advocate for public education, I am writing today to urge you NOT to re-appoint Frank Edelblut as Secretary of Education. Edelblut has dismantled public education during his tenure, and it has been disgraceful. As an educator myself and someone with a foster child headed into kindergarten in the fall, I want NH to have the best public schools in the country. We won't get that with Edelblut at the helm. I know there has to be someone else out there better suited to protect our public schools and put into them what the taxpayers of this state deserve. No more vouchers, no more wasteful spending on private education using public funds, no more Edelblut.

Thank you for your time,
Joshua Lambert

To Governor Ayotte and the members of the Executive Council:

My name is Adam Whittier, and I am from Sunapee, NH. I am writing to you today to demand that you do NOT reappoint Frank Edelblut as Commissioner of Education.

Commissioner Edelblut is a scourge on New Hampshire's public schools. Rather than support our students and work toward an equitable education for all, he has repeatedly and consistently undermined our state's once-venerated school system and made it harder for our students to access the education that they all deserve.

Nowhere is this more apparent than in his misguided support of EFAs (the voucher program). As a taxpayer, I have the right to be involved with the operation of public schools in my community. If I have questions or concerns, I can attend school-board meetings to share my input; I can even run for a seat on the board if I so choose. Additionally, I know that the schools are accountable, both to my town and to the state — there are standards, regulations, and laws they must follow in order to provide a safe, equitable, and adequate education for the children of our community. Disabled children must receive accommodations, and teachers must meet minimum requirements of competency and licensure. That's not to say that the schools will be perfect, or that I'll agree with everything taught. But it does mean that I, and the community, have input; and that if issues arise, there are procedures and safeguards in place. Accountability is a built-in feature of public education **because it is public.**

EFAs remove this community agency and provide no accountability, either to taxpayers or to students. I have no way to know how private schools or home-schools are using my money. What do they teach? What materials do they use? How qualified are the tutors and other providers they pay with the vouchers? How do they differentiate instruction? How do they accommodate for disabled students? I would think that the state would want to know these things too, as they are also paying; but this is apparently not the case.

This continued and misguided assault on New Hampshire's public education and its funding must cease, and getting rid of Commissioner Edelblut is a good place to start. His thinly-veiled attempts to cripple and defund our state's public schools are unconscionable. New Hampshire's students deserve better.

Thank you,
Adam

Dear Members of the House Education Policy and Administration Committee,
Please oppose HB 748, which will be handled both in committee and voted on tomorrow. (That timeline is bad form, but that's a discussion for another day.)

By sending school funding out of the town or city, you will create a negative economic impact on municipalities in NH. Less money to fund schools means fewer teachers and staff, increasing unemployment. This negative impact will be furthered by the *administration of the program by an out of state firm*.

In addition, public schools provide the sense of community that families in New Hampshire enjoy. Where else will our children come together to learn - about school subjects and about living in the real world?

My property taxes fund public schools. Bottom line, keep my taxes funding public schools in NH. Do not allow vouchers to fund private schools.

Regards,
Terry Ellen Carter

Good afternoon, Governor Ayotte,

I, along with several of the child care providers you visited during the campaign - Lynn Ouellette of Nellie's Treehouse in Amherst, Nicole Allard Nutter of Alpha-Bits in Manchester, and Leanna Lorden of White Birch Center in Henniker - and some fellow child care advocates, copied here, are very much looking forward to meeting with you next week, on Monday, March 10.

I wanted to be sure to share with you an email I sent today to the members of the House Finance Committee, Division III. My email to Chairman Weyler is copied below.

As you know, the legislature passed, on a bipartisan basis, \$15 million in general funds to establish child care workforce grants for the purposes of retention and recruitment as part of HB2 in 2023. My email to the Division III members was to share a newly-published brief and to request that the \$15 million DHHS put in its agency submission for SFY 2026-2027 to continue these vital workforce grants be included in their House budget proposal. Though it was removed in your budget proposal, we look forward to partnering with you and your team to find allowable funding sources for this \$15 million that will still allow us to have a balanced budget. We understand there are several sources and look forward to discussing this with you.

I'm cc'ing Councilor Stephen here as we recently met with him to discuss this as well.

Please do not hesitate to contact me if you should have any questions prior to our meeting on the 10th.

Best,
Jackie

Subject: New brief on the child care shortage

Good afternoon, Chairman Weyler,

I hope you're enjoying a lovely Sunday. There's a newly-published brief that we thought you would be interested in knowing about, attached: *The Economic Impact of the Granite State's Child Care Shortage*, by the NH Fiscal Policy Institute. You can also [read the brief online here](#). I will bring hard copies with me tomorrow to Division III's work session with DHHS' Division of Economic Stability. The key findings are listed below.

- New Hampshire families may have collectively lost approximately \$114 million to \$178 million in earnings in 2023 due to inadequate child care availability.
- Businesses in New Hampshire may have collectively lost as much as \$55.5 million due to reduced employee productivity and impacts from benefits paid when employees were not working.
- Combined state and local tax revenue loss totals ranged between approximately \$9.0 million and \$14.1 million, or approximately \$1,300 to \$2,000 for every unavailable child care slot.

Of note also is the fact that, since the start of the pandemic in 2020, whenever child care businesses are surveyed or polled, the #1 challenge they mention is an inability to keep and hire staff. The staffing shortage has caused classrooms that were up and running for decades prior to the pandemic to close down or, worse, for the business itself to close, as noted in the brief. Of course, an empty classroom or a closed-down child care program does no good to a hard-working parent trying to provide for their families and get ahead.

We know that all industries are facing a staffing shortage. Child care is no different. What is different is that child care, called "The Workforce Behind the Workforce" by New Hampshire business leaders, enables employees in all other industries to go to work.

For this reason, as you may remember, \$15 million in child care workforce grants for the purposes of retention and recruitment were added on a bipartisan basis to HB2 in 2023 in the current budget. Those funds were distributed to eligible child care businesses in August 2024. Additionally, there was a bipartisan directive that DHHS include sufficient funding for these grants to continue in the next biennium budget, SFY 2026-2027. DHHS did include a continuation of the \$15 million over the biennium in their agency submission as a prioritized need, which has been removed in the Governor's proposed budget. Please see the Division of Economic Stability's Child Development budget, page 881, line item 05-95-45-451110-6386-102, Contracts for program services.

As noted in the brief's key findings, above, the child care shortage is costing us a great deal. For that reason, we respectfully request that you consider restoring the \$15 million - \$7.5 million per year - that DHHS put in its agency submission to continue the child care workforce grants. The current budget utilized general funds for these retention and recruitment grants, and we understand there are several allowable funding sources that can be considered to continue them in the next budget. We would be happy to partner with you to explore the best way to do this.

I've cc'ed Early Learning NH's leadership, including our Chair and Past Chair of our Board of Directors, Scott Spradling and Tom Raffio, as well as the leadership of the legislatively-mandated NH Child Care Advisory Council - Marianne Barter, Chair, Lynn Ouellette, Vice Chair, and Shannon Tremblay, Director - should you be interested in speaking with them as well. We would love to arrange a time to meet with you either in your office or at a child care program in Kingston to discuss this further. I've also cc'd Jemima Chapman at the Kingston Children's Center in case you'd like to meet there. Would you kindly let us know when and where would be most convenient for you?

Finally, I'll end with a quote from one of our state's greatest child care champions, Fred Kocher, who said on his WMUR-TV show, *New Hampshire's Business*, "Child care supports the workforce of today, while preparing the workforce of tomorrow."

Many thanks for your service and for considering our request. We look forward to working with you!

Cheers,
Jackie

40 Influential Leaders - Jackie Cowell

Published Monday Feb 5, 2024
Author Sheryl Rich-Kenn

Jackie Cowell
Executive Director of **Early Learning NH**

For close to a quarter century, Jackie Cowell has advocated for strong early learning programs in NH. Cowell says crucial brain development occurs in a child's first five years, laying the trajectory for cognitive skills and the ability to form healthy relationships. A nurturing environment builds a foundation for success, she says. Conversely, early toxic stress can be correlated to heart disease and depression later in middle age.

Early Learning NH is a 501(c)3 non-profit, statewide organization committed to ensuring that all New Hampshire children have the opportunity to reach their full potential by: supporting early learning programs, such as child care, Head Start, preschool, and afterschool, and the children and families they serve; raising awareness about the importance of the early years; championing effective early learning policy; and building public-private partnerships that promote innovation and investment to strengthen early learning in our state.

THE ECONOMIC IMPACT OF THE GRANITE STATE'S CHILD CARE SHORTAGE

Like much of the United States, New Hampshire is facing a significant child care shortage. Between July 2017 and October 2024, licensed capacity among child care providers serving children under five dropped by nearly 13 percent in the Granite State.¹ From 2017 to 2023, the number of Granite State children under five dropped by approximately 1.6 percent, suggesting supply of child care reduced faster than potential demand.² Additionally, New Hampshire's child care providers may have been collectively operating at only 85 percent of their full licensed capacity in September 2024, according to a provider census conducted by New Hampshire's Department of Health and Human Services' Bureau of Child Development and Head Start Collaboration.³

The limited availability of licensed child care slots is, in part, related to a shortage of child care professionals across the state.⁴ Low wages for these professionals may contribute to high turnover among the Early Care and Education (ECE) workforce and create difficulty when recruiting potential teachers.⁵ In 2023, New Hampshire's full time child care educators, who are categorized by the U.S. Bureau of Labor Statistics as "child care workers," earned a median wage of \$15.62 an hour, which was half of Granite State kindergarten teachers' annual salaries, another occupational group that educates children as young as five.⁶ New Hampshire Employment Security projected the turnover rate for "child care workers" to be 17 percent annually between the second quarters of 2023 and 2025, compared to a rate of 11 percent for all New Hampshire occupations.⁷

The impact of the child care shortage extends beyond the households with children who need care. When parents do not have child care, they may not be able to fully participate in the labor force, and some may not be able to participate at all. During 2024, an average of approximately 17,300 Granite Staters reported being out of the labor force each month because they cared for children who were not in a school or child care setting.⁸ This figure does not include parents who stayed in the workforce but reduced their hours to care for their children due to limited or no child care. While some parents prefer to stay out of the labor force to care for their children at home, for others, a lack of child care is the primary reason they cannot engage with the labor force. From August 2023 through August 2024, an estimated average of 13 percent of employed Granite State parents reported leaving a job, and an additional 7 percent reported losing a job, because they needed to care for

KEY POINTS

- New Hampshire families may have collectively lost between approximately \$114 million and \$178 million in earnings during 2023 due to inadequate child care availability.
- Collective annual losses to New Hampshire businesses may have ranged between about \$36 million to \$56 million.
- Combined state and local tax revenue loss totals may have ranged between approximately \$9 million and \$14 million, or nearly \$1,300 to \$2,000 for every unavailable child care slot.
- According to the Prenatal-to-Three Policy Impact Center's 2024 Roadmap report, New Hampshire ranks 47th out of 50 states and the District of Columbia on policies and strategies that benefit families with young children between the prenatal stage and age three.

their children. On average, an estimated 12 percent of parents reported they did not look for a job at all, while 47 percent reported reducing their work hours, to care for their children.⁹ Without adequate child care availability, both new and long-term Granite State residents with children may struggle to join, or fully engage, in the labor force, which has not returned to its pre-pandemic level; as of October 2024, there were approximately two available jobs for every one unemployed Granite Stater who was seeking work.¹⁰

The current labor force constraint makes child care a unique and vital industry for supporting the growth of New Hampshire’s labor force and economy overall. When child care businesses cannot open or current providers cannot operate at full licensed capacity, New Hampshire families, businesses, local municipalities, and the State lose potential income.

Inspired by the Bipartisan Policy Center’s (BPC) 2021 report, *The Economic Impact of America’s Child Care Gap*, and using New Hampshire or New England specific data where available, this report summarizes the adverse economic impacts for households, businesses, and state and local tax revenues when families cannot access child care due to limited availability.¹¹ Derived from this model are low and high total economic impacts, as well as impacts per unavailable slot, for family incomes, business revenues, and State and local government tax revenues. When model assumptions are tailored to New Hampshire and applied to the most recently available 2023 data, every unavailable child care slot may have cost the state’s economy as much as \$35,000 in lost earnings to families and in forgone revenues to businesses as well as to the State and local governments. Specifically, families may have collectively lost as much as \$177.9 million dollars in wages in 2023 due to reduced working hours or leaving the workforce, and businesses may have collectively lost as much as \$55.5 million due to reduced employee productivity and impacts from benefits paid when employees were not working. Finally, the State and local governments may have lost between \$9 million to \$14.1 million in potential tax revenue that year, or the equivalent of approximately \$1,300 to \$2,000 per unavailable child care slot.

2023 ECONOMIC IMPACTS OF LIMITED EARLY CARE AND EDUCATION AVAILABILITY

Total Estimated Financial Costs Associated with High and Low Impact Scenarios and Per Unavailable Early Care and Education Slot for Family Incomes and Businesses, Local, and State Tax Revenues

	Low Impact Total	High Impact Total	Low Impact Per Slot	High Impact Per Slot
Family Income	\$113.9M	\$177.9M	\$16,111	\$25,159
Business Revenues	\$35.6M	\$55.5M	\$5,027	\$7,850
Local & State Tax Revenues	\$9.0M	\$14.1M	\$1,278	\$1,996
Overall Total	\$158.5M	\$247.5M	\$22,416	\$35,004

nhfpi.org

ASSUMPTIONS SUPPORTING THE ESTIMATES

Due to data availability limitations, this analysis relies on key assumptions to provide potential financial loss estimates to Granite State families, businesses, and governments. Short of conducting a census of all New Hampshire parents with children, using reliable and valid sources helps to ensure estimates provided in this report capture potential losses related to the child care shortage. Throughout the report, written descriptions prioritize transparency regarding why and how necessary assumptions were made.

The following assumptions and limitations must be considered when reading this report:

- 1) All children who have both parents, or their sole parent, in the workforce need a licensed child care slot. Though some families prefer informal care, and others can work without using child care, available data that could quantify these shares of parents is limited. This analysis assumes children under six with all available parents in the workforce require child care.

- 2) **The analysis only includes adults in the labor force who live in a household with their “own children,”** which the U.S. Census Bureau defines as, “A never-married child under 18 years who is a son or daughter by birth, a stepchild, or an adopted child of the householder.”¹² This analysis excludes adults in the labor force who live with children who are not their biological, step, or adoptive children, even if those adults provide care, financially support, and are otherwise helping to raise the children in the household. For clarity, the term “parent” is used throughout the report to denote adults in the labor force who live with their “own children.”
- 3) **The number of children under six for women in the workforce between the ages of 20 and 64 is generalized to apply to all parents.** An estimate of the number of slots required per parent in the New Hampshire labor force needed to be determined to analyze how parent labor force productivity and income is impacted by disruptions to child care. For example, two parents in the workforce with one child under six would require one child care slot, or half a slot per parent; however, a single parent with two children under six would require two full slots. The U.S. Census Bureau only provides data on the number of women between 20 to 64 who have children and are in the labor force, and thus, this figure is generalized to all labor force-engaged parents in this analysis.
- 4) **The analysis excludes people who were not in the labor force in 2023, but who would have been if they had available child care.** The analysis does estimate, however, the potential income lost for the percentage of additional individuals who may have left the labor force due to inadequate child care availability.
- 5) **Indirect financial impacts of unavailable child care slots are not explored in this report.** Indirect financial effects, including limited purchasing power when households have less money to spend in their communities, can have additional economic effects not accounted for in this analysis. Additional dollars in local and State economies have economic ripple effects that can be beneficial for communities. A 2021 Moody’s Analytics report, for example, indicated that for every \$1.00 federal investment in child care that year, there may have been about \$1.19 in economic growth.¹³
- 6) **The report does not analyze the impact of unavailable child care slots for children aged six and older.** While the economic losses may be smaller for this age range than for younger children due to higher child-teacher licensing ratios, there still may be impacts related to parental productivity and ability to work for individuals with children beyond preschool and kindergarten age.
- 7) **The analysis assumes parents who want child care but cannot access it are evenly distributed across all socioeconomic levels.** However, higher income families are likely able to afford more expensive, alternative options such as nannies and au pairs, have access to more flexible work arrangements that would allow them to be home with their children while working, or be able to participate in a child care cooperative. As a result, demand for care may not be evenly distributed, and the groups of families most in need of child care may be more likely to have low or moderate household incomes.

IMPACT ON FAMILIES

To estimate the economic impact of unavailable child care, the size of the child care shortage, or “gap,” must be calculated first, followed by an estimation of the total (potential) parent income that might be associated with that gap. BPC analyses used in this report estimate the affected parent income by multiplying together the child care slot gap, “working parent/child ratio,” average annual wages, and average hours worked.

Calculating the Child Care Gap

Based on 2019-2023 U.S. Census Bureau American Community Survey (ACS) estimates, there were approximately 53,752 children under six in New Hampshire with both parents, or their sole parent, in the labor force. This represents the number of children who may have needed child care.¹⁴ The average number of licensed child care slots in New Hampshire in 2023 was 44,644.¹⁵ Subtracting the number of licensed slots from the number of children under six who may have needed child care yields a gap of 9,108 slots. These data include all licensed child care slots in the state, even those for

Sources: U.S. Census Bureau's American Community Survey Five-Year Estimates 2019-2023, New Hampshire Department of Health and Human Services Child Care Licensing Unit Program Data (Updated 6/13/2024)

nhfpi.org

children older than six. This figure also summarizes full licensed capacity and does not account for providers who may have been operating below licensed capacity due to staffing shortages or other reasons related to the quality of care. As such, the shortage of slots may have been more acute than these calculations suggest.

Number of Parents Associated with Child Care Gap, Average Annual Wages, and Average Hours Worked

To calculate the impact of each unavailable child care slot on workforce-engaged parent productivity and income, an estimate of the number of parents associated with the child care gap in the New Hampshire labor force needed to be determined. In other words, how many child care slots were needed for each workforce-engaged parent in New Hampshire. For example, two parents in the workforce with one child under six would require one child care slot, or half a slot per parent; however, a single parent with two children under six would require two full slots.

Dividing the number of Granite State children under six by the number of parents in the labor force with at least one child under six would create a ratio that can be applied to the shortage of child care slots to determine the total parent income impacted by the child care shortage. ACS estimates, however, only provide data on the number of women between 20 to 64 who have children and are in the labor force. The mother/child ratio generated using the ACS estimate was generalized to be the parent/child ratio in this model.

According to 2023 ACS five-year estimates, there were approximately 37,257 Granite State women in the labor force with at least one child under six.¹⁶ Dividing the number of children under six living with both parents, or living only with their mother, in the labor force in New Hampshire (47,978 children) by the number of labor force-engaged mothers with at least one child under six (37,257) created a ratio of approximately 0.78. This ratio means that every parent in the labor force with at least one child under six in New Hampshire would require, on average, slightly less than one (0.78) child care slot. Applying this ratio to the child care gap described above (9,108) results in approximately 7,072 labor force-engaged Granite State parents affected by the child care gap.¹⁷

To calculate the total parent income associated with the child care gap, the number of affected labor force-engaged parents needed to be multiplied by the average number of hours worked by Granite Staters in the labor force and average annual wage for workers in New Hampshire. In 2023, each Granite Stater in the labor force worked an

average of approximately 1,453 hours annually at an average wage of \$31.78 an hour.¹⁸ When unrounded figures for the number of labor force-engaged parents impacted by the child care gap were multiplied by the average hours worked per labor force-engaged Granite Stater and average hourly wage for all New Hampshire occupations, the total parent income associated with the child care gap was approximately \$326,483,885.

Household Impact Scenarios

Even when families have child care, parents may experience a loss in income and work productivity when child care is unavailable during holiday breaks, snowstorms, or when a child is sick and is excluded from attending child care. Between September 2023 and September 2024, estimates suggest a large proportion of workforce-engaged parents in New Hampshire reported taking time off to care for children, including using paid (51 percent of workforce-engaged parents) and unpaid leave (30 percent), and reducing work hours (47 percent). Additionally, an estimated 42 percent of New Hampshire parents in the labor force reported supervising one or more children while working.¹⁹

The BPC's analyses explored low- and high-impact scenarios that are more nuanced and realistic than simply estimating financial losses that could occur if all affected parents left the workforce entirely. These low- and high-impact BPC assumptions are based on several reports that estimate economic impacts from an inadequate child care supply, including data from a representative sample of employed U.S. parents who were asked a series of work and child care related questions. Examples of questions from the poll included: *To what extent did finding a child care provider affect each of the following: your job search, staying in the work force, working more hours? Have you and/or your spouse made any of the following lifestyle changes in order to afford child care expenses: changed job to have more flexible work hours, working alternative hours with spouse, quit a job to stay at home with child?*²⁰

In the low-impact scenario, when child care is unavailable, 70 percent of labor force-engaged parents with children under six are estimated to lose productivity that equates to 7 percent of their income, while 30 percent are estimated to leave the workforce entirely, resulting in a loss of all income. In the high-impact scenario, half of all parents with children under six are estimated to lose productivity that equates to 9 percent of their income and half are expected to leave the workforce and lose all income.

Based on the assumptions in the low- and high-impact scenarios described above, New Hampshire families may have collectively lost approximately \$114 million to \$178 million in earnings in 2023 due to inadequate child care availability, or between \$16,111 and \$25,159 per unavailable slot. While this income directly affects families' budgets, it also has impacts on local communities, as these funds are not flowing to employers and businesses in the local and state economies or able to be used for savings and family economic security.

IMPACT ON BUSINESSES

To calculate adverse financial impacts for businesses due to the child care shortage, the BPC analysis accounts for multiple aspects of employee productivity and business losses. Similar to the household impact analysis, the business analysis includes losses in employee productivity when parents need to reduce their hours due to children's illnesses or school closures as well as productivity loss associated with the stress of coordinating alternative child care arrangements during disruptions.²¹ There are also business losses associated with wages and benefits paid to employees while they are on leave and not producing output. Considerable costs are also incurred when employees leave a position and businesses need to recruit, hire, and train a replacement. Investing in and retaining current employees is far more cost-effective for businesses than spending resources to replace them.²²

Employee Productivity Losses

The BPC analyses estimate that employee productivity losses equate to 10 percent of the family income losses in both low- and high-impact scenarios, totaling approximately \$11.4 million to \$17.8 million in employee productivity losses for businesses in New Hampshire in 2023.²³

Continual Pay and Benefits Losses

Benefits such as paid time off, paid family leave, retirement contributions, and medical insurance may not typically be considered as part of an employee's base salary or wages; however, benefits are continuous expenses for employers even when an employee is not working. When an employee utilizes paid time off, for example, there is often no corresponding employee productivity, but employers still provide compensation and benefits during these time periods. As such, continual pay and benefits losses should be included in models of potential lost revenue to businesses in employee productivity models. In this analysis, costs associated with continual pay and benefits were calculated by using 2023 U.S. Bureau of Labor Statistics data for the New England region, as New Hampshire-specific data was unavailable, and applied to the low- and high-impact family loss totals.²⁴ The percentage of New England employer costs for employee compensation for paid leave, supplemental pay, and insurance were 8.2 percent, 5.2 percent, and 7.8 percent, respectively. When combined, the continual pay and benefits losses related to inadequate child care for Granite State employers may have ranged between approximately \$24.2 million and \$37.7 million.

Total Business Losses

When employee productivity losses were combined with continual pay and benefits losses, New Hampshire businesses were estimated to have lost between approximately \$35.6 million in the low impact scenario to over \$55.5 million in the high impact scenario. This equates to approximately \$5,000 to \$7,850 per unavailable child care slot.

IMPACT ON TAX REVENUES

Family and business losses adversely impact overall state and local tax revenues. Although the Granite State does not have a broad-based income or sales tax, residents pay multiple taxes, including taxes on motor fuels, meals when dining out, rental costs when staying in a hotel, and when purchasing real estate, cigarettes, or certain communication services. The original BPC analysis utilized the average national tax rate of 20 percent; however, this New Hampshire-focused analysis can more accurately estimate actual tax rates paid by Granite Staters. To account for state and local tax revenue losses from households to the State and its local municipalities, an average of 6.56 percent was calculated using figures from the Institute on Taxation and Economic Policy to estimate state and local tax revenue losses from families.²⁵ Forgone state and local tax revenue from business losses was calculated using an average of 4.4 percent derived from the State Tax Research Institute and Council on State Taxation's total effective business tax rate from the most recent fiscal year available, 2022.²⁶

When tax revenue percentages were applied to low- and high-impact scenarios for families and businesses, combined state and local tax revenue loss totals ranged between approximately \$9.0 million and \$14.1 million, or approximately \$1,300 to \$2,000 for every unavailable child care slot.

POLICY CONSIDERATIONS

Creating additional, high-quality child care slots to meet the potential needs of Granite State families with children is a large endeavor that will require a multi-prong approach. There is no one-size-fits-all solution, even among New Hampshire counties and municipalities, and thus, multifaceted solutions will need to be implemented to help make progress toward meeting New Hampshire's ECE needs while ensuring safe, enriching environments for the Granite State's youngest residents.

Reducing Administrative Barriers to New Hampshire's Child Care Scholarship Program

To help make child care more affordable, the State Fiscal Years (SFYs) 2024-2025 biennium budget expanded family income eligibility for the New Hampshire Child Care Scholarship Program (NHCCSP), a state-federal partnership that helps make child care more affordable for households with low and moderate incomes.²⁷ Since December 2023, the month prior to the expansion implementation, NHCCSP usage has increased by nearly 42 percent as of October 2024, from 2,660 to 3,773 children. Despite the eligibility expansion and increased usage, NHCCSP is an underused resource, with only 6.9 percent of an estimated 55,000 eligible children in the Granite State using child care scholarship.²⁸

National underutilization of services including child care assistance, WIC, and SNAP is, in part, a result of state administrative barriers. These barriers may make enrolling and maintaining enrollment in government programs onerous for eligible individuals and families, and they can be cost-inefficient and time-consuming for state offices and employees who administer the programs.²⁹ For example, more frequent recertifications generate additional paperwork, questions, and phone calls for program administrators. Under enrollment in assistance programs may also have the potential to negatively impact the overall economy. A Moody's Analytics report from 2021 estimated that for every one dollar of federal investment in SNAP, child care, or universal pre-kindergarten, there was more than one dollar in economic growth in the fourth quarter of that year.³⁰ When eligible individuals and families are unable to access government resources, the potential of the additional funds working through the economy goes unrealized.

When permissible by federal rules and regulations, states can reduce administrative barriers by extending time between recertification periods, automating reminders about recertifications through text messages or emails, simplifying reporting requirements to include only necessary information, and investing in human-focused technology infrastructures that are easier to navigate for potential program enrollees like those offered by Code for America.³¹ These infrastructure changes can include online application forms available in multiple languages, reducing the reading level necessary to complete applications, and optimizing search engine results for state services.³² Reducing enrollment barriers and administrative burden for potential enrollees and state program administrators may help more Granite State families enroll in the NHCCSP, reduce workload for program administrators, help New Hampshire draw down additional Federal matching funds from the Child Care and Development Fund (CCDF), and generate additional funds to reinvest into the state's child care infrastructure.

Additional General Funds for Child Care Providers

Federal regulations have specific rules regarding how CCDF funds are used, including a required state funding match to receive federal funding for NHCCSP.³³ Due to these regulations, the majority of CCDF funding must go to child care scholarships and cannot be allocated directly to child care providers for operating costs that may help recruit and retain early care and education professionals, including increased wages and benefits.

According to the Prenatal-to-Three (PN3) Policy Impact Center's 2024 Roadmap report, New Hampshire ranks 47th out of the 50 U.S. states and the District of Columbia on policies and strategies that benefit families with young children between the prenatal stage and age three.³⁴ PN3 has several recommendations to better support families with children in this age range, one of which is to increase reimbursement rates to providers accepting NHCCSP.³⁵

Currently, providers receive reimbursement rates set at the 75th percentile of statewide tuition rates based on the 2024 Market Rate Survey.³⁶ This reimbursement is at the federally recommended rate for state and federal partnership funds used for the NHCCSP; however, states can elect to increase reimbursement to the 100th percentile by funding the difference between the 75th and 100th percentiles with their own non-federal funds. Currently, some providers may enroll children receiving scholarships at a loss to their business revenues because the reimbursement funds they receive may not fully cover the price of tuition that private-paying families pay.³⁷ To make up for the disparity in reimbursement, providers may pass on the remaining tuition costs to families receiving scholarships, resulting in child care co-pay fees. Using State General Funds to help ensure reimbursement rates better reflect the true cost of high-quality child care may allow providers to increase wages for the ECE workforce without increasing tuition rates and charging co-pay fees to families receiving scholarships.

Currently, families earning between 138 percent of the federal poverty level and the 85th percentile of State Median Income are expected to pay 7 percent of their household income, which is the upper bounds of child care cost that is considered affordable according to the U.S. Department of Health and Human Services, as part of their child care cost share.³⁸ Based on estimates from the PN3 report, a single parent with two children earning minimum wage in New Hampshire may pay approximately \$4,000 annually in additional child care co-pay fees beyond their cost share in 2024.³⁹ As a result, some families receiving scholarships in New Hampshire are paying child care tuition rates above 7 percent of their household income. Providers may not participate in NHCCSP due to the disparity in reimbursement, especially if they are in a region where there are enough families who can afford the private tuition rates to fill their open child care slots. The disparity in reimbursement may help explain why approximately 30 percent of New Hampshire child care providers are not enrolled in the NHCCSP.⁴⁰

The estimated losses in local and state tax revenues described in this report are based on 2023 figures and do not include the potential impacts of a \$15 million, one-time General Fund allocation to support the Child Care Workforce Grant program. This initiative was an effort to increase recruitment and retention among child care professionals in New Hampshire.⁴¹ Future examination of ECE professionals' wages and turnover within the field will help determine the impact of the allocation. The \$15 million in one-time General Funds was in addition to New Hampshire's State Fiscal Years' 2024-2025 allocation of approximately \$13.7 million in General Funds each fiscal year to access additional federal funding for NHCCSP.⁴² These two General Fund appropriations represented all direct State support to child care providers derived from State-collected revenue during 2024.⁴³

Developing A True Cost of High-Quality Early Care and Education Model

States can also elect to invest in the development of a cost modeling approach that estimates the true cost of providing high-quality ECE. These models provide reimbursement standards which pay providers based on operating costs of providing high-quality ECE rather than based on market rate surveys which examine what providers charge for tuition. Providers often set their tuition rates based on what families in their area can afford for child care, rather than the actual cost of running their businesses.⁴⁴ This practice may result in some providers operating with thin, if any, profits to reinvest in the business, including increasing wages and providing benefits for ECE professionals. The first step of developing a cost model is investing in data infrastructures to help ensure data used for model creation is of the highest quality and provides representative summaries of the state's families as well as ECE providers and professionals.⁴⁵

Increased Focus on Recruitment and Retention of Early Care and Education Work Force

In 2023, New Hampshire's ECE workforce had the lowest paid ECE professionals among the northern New England states and Massachusetts, with professionals in the "child care workers" occupation category earning a median

hourly wage of \$15.62 and those in the “preschool teacher” category earning \$18.10.⁴⁶ The median hourly wage in New Hampshire in 2023 was \$24.03, suggesting current and potential ECE professionals may be drawn to other occupational opportunities that have higher wages, or they may pursue ECE opportunities in neighboring states.⁴⁷

One approach for increasing recruitment and retention may be direct stipends to ECE professionals. In 2024, the Maine legislature and governor approved an annual allocation of \$30 million to provide monthly stipends ranging between \$240 and \$540 to ECE professionals, depending on level of education and experience in the field.⁴⁸ Another approach is providing benefits, including child care tuition assistance for ECE professionals’ own children. During 2024, New Hampshire passed legislation to allocate \$2 million for the creation and implementation of a child care workforce assistance project lasting from January 1, 2025 to June 30, 2025. The project expands eligibility for the NHCCSP to child care professionals who work at least 25 hours per week in licensed child care facilities that accept NHCCSP and live in “[h]ouseholds with an income equal to or less than the median income for the geographic area in which they reside”.⁴⁹

New Hampshire businesses can also provide support for their local ECE providers. According to survey results from the Granite United Way’s 2023 Child Care Business and Employer Partnership Project, over 90 percent of employers surveyed reported providing child care supports was important for employee recruitment and retention noting supports improved employee satisfaction, reduced turnover, attracted new talent, and increased productivity and profitability. Additionally, 87 percent of employers reported the reason they wanted to offer supports was “because it’s the right thing to do.” A much smaller proportion of respondents, however, reported having onsite child care (15 percent), backup/emergency child care (11 percent), or child care assistance (45 percent) supports for their employees.⁵⁰

Child care development grant programs may be an opportunity for local businesses in need of child care for their employees to continually invest in a funding pool that could be accessible to local child care providers to create additional slots for children. Funds might be used for various expenses including paying ECE professionals higher wages, hiring additional teachers at higher starting wages, and building or purchasing larger spaces to expand their licensed capacity. The Colorado legislature passed a bill in 2024 that created a development grant program which allows local entities, including local governments and public-private partnerships, to receive funding to create additional child care slots through capital projects. Grant recipients share the cost of expenses with the state for each project.⁵¹ Businesses can also contract with local ECE providers and pay to keep a set number of child care slots open for their current and future employees. Contracting helps ensure employees will have child care when they need it while also providing support to local child care businesses.

Ease Zoning Restrictions and Language Barriers for Potential Family Child Care Providers

Another approach that may help increase the number of child care slots in the Granite State is to support the expansion of a high-quality family child care provider infrastructure. These providers care for children in their homes and are generally smaller than center-based providers. They may be ideal settings in rural areas where the child population may not support a large center. Additionally, smaller, home-based providers may be able to better meet the needs of families seeking culturally competent care, particularly families immigrating from other countries who want their children to learn their cultural traditions and languages. Home-based providers may also be the only option for parents who are shift workers or work multiple jobs and need child care outside of the typical 7am to 6pm time frame.⁵²

Family child care businesses, however, may encounter operating barriers due to local zoning restrictions and complexities in navigating licensing requirements, particularly for providers for whom English is a second language. The New Hampshire Community Development Finance Authority has launched several projects to support small businesses in New Hampshire to increase child care availability across the state.⁵³ The *New Hampshire Guide to Becoming a Family Child Care Provider* was one of the products that emerged from this work, which explains the process of opening and operating a family child care small business for interested individuals.⁵⁴ Continued work in this area may help increase availability of child care slots as well as additional ECE options for families.

CONCLUSION

Limited child care availability is not only a problem for families with children. Investments in New Hampshire's child care infrastructure, specifically mechanisms that increase the availability of licensed child care slots, may raise household income for parents engaging in the workforce and increase revenues for businesses, local municipalities, and the State. Increased availability of child care slots may also create workforce engagement opportunities for the portion of the nearly 17,300 individuals out of New Hampshire's labor force each month in 2024 who would like to work but could not because they were caring for children.⁵⁵ One result of limited investment in ECE professionals, or the "workforce behind the workforce," may be considerable income loss for Granite State families and lost revenue for New Hampshire's businesses and employers, as well as the State as a whole. At a time when State revenues are falling and there are more employment opportunities available than potential employees to fill them, more public investments in the New Hampshire child care industry could produce clear benefits for Granite Staters and the economy while helping to offset between \$9 million and \$14 million in lost tax revenue each year to the child care shortage in the Granite State.

Dear Gov. Ayotte,

Please do not reappoint Frank Edelblut as NH's Education Commissioner. As a retired educator in both Maine and NH since the early 70's, I find Edelblut's lack of support for public education alarming. He has never had the necessary experience himself in public schools nor for his children, so he lacks the crucial understanding of the value of public schools for NH's young people. I know your stated goal as governor is to reduce excessive partisan divisiveness. My observations of Mr. Edelblut's goals and policies have greatly **increased**, not decreased, the political divide in this state to the detriment of NH's public schools and their students. We also need a Commissioner who has a broader view of what constitutes an 'adequate education' - it's a lot more than just language arts, math, science and social studies.

Please appoint an Education Commissioner with a broader view in support of public education. Doing that would greatly reduce the partisan divide that are hurting our state along with our young people.

Thank you,

Nancy Miles

Please do not reappoint Frank Edelbut as Commissioner of Education. New Hampshire needs someone who will support and strengthen our public schools. Mr. Edelbut has consistently worked to undermine our public schools.

Sincerely,

Sue Ellen Andrews

Dear Governor, I'm a teacher with nearly 40 years of experience, thirty years in New Hampshire. I'm writing to ask you not to reappoint Frank Edelblut as Education Commissioner. His vision of education is too reductive. Also, we need someone who has a commitment to supporting the public schools, not tearing them down.

Dear Governor Ayotte,

I write to plead with you to appoint a Commissioner of Education who will support public education, NOT Frank Edelblut!

Although I am retired now, I spent my career first as a teacher and coach and then as a school administrator. MY wife was an elementary teacher for most of her career. We know first hand that children need strong public schools that teach and support them. For most families, private schools are not a viable option because the region they live in does not have an appropriate private school or because private schools do not accept and support the vast array of students that this great state must educate.

I was pleased that you said in your inaugural speech that you would be a Governor for ALL Granite State citizens. But please do not shirk the State's responsibility to fund public schools and place the burden on local property owners. That solution is undemocratic and results in wealthy communities having much better funded schools than our less well off neighbors. That's not the way to serve all of the people, and children, of New Hampshire.

Please do not reappoint Frank Edelblut!

Thanks for your attention to this important issue.

Dan and Debbie Hildebrand

To Whom it May Concern:

I filed for divorce in June 2019. We had a three day trial in August of 2022. Divorce was granted to me for infidelity and injurious conduct which I call abuse. He was mentally and financially abusive throughout the divorce. My ex asked for reconsideration and was denied. In December 2022 he filed an appeal. The Supreme Court affirmed the family courts decision on March 18, 2024 5-0, and once again my ex asked for reconsideration and was denied, divorce was finalized May 1, 2024 with a vote of 5-0.

We sent over spreadsheets of everything that was due in May 2024 and we asked for confirmation that the two million in life insurance was put in place. We received no response from my exes attorney. In June we went in on an emergency for the money I was due which included back alimony, legal fees, and credit card debt. We were given a hearing for the beginning of September. Then we went in again in June on an emergency for the life insurance and we were given a hearing for July.

At the hearing in July my ex was ordered to put the two million in place. The Supreme Court said that this amount wasn't even enough to cover all the alimony I am due. To this day there is only 1 million of coverage in place and the companies will not talk to me to see if they continue to be in place. This needs to be changed. During the divorce proceedings my Ex took my name off all life insurance policies and put my daughters name on them. A clear violation.

At the hearing in September for my money, nothing was accomplished. We agreed to go before the NEC for some of the small issues like my ex cancelling my HSA benefit Card after the trial, not giving me a dime of rental money from our townhouse we rented out, taking anything of value out of our two storage units when our house in NH sold. Plus some other small items. We still have not received a date for NEC or a hearing. I am no longer interested in NEC and I will explain further. I want a hearing and I want my money and my ex to be held accountable. It has been almost a year since the Supreme Court ruled, almost three years since trial and almost six years since I filed for divorce. It is ridiculous.

After the hearing, my ex cancelled my health and Dental insurance as of September 30th. I was entitled to a year when the divorce was final. We filed contempt and nothing happened other than it was to be heard at the hearing we don't have a date for. I now pay 850 a month in cobra and I have no dental coverage. I had surgery in Oct and because the deductibles started over, I owe a lot in medical bills.

After cancelling my health insurance my ex filed to stop my alimony. He claimed he went out on FMLA for depression and PTSD, and he wouldn't be getting paid. The judge denied him. Then a week before Christmas my ex filed again to end my alimony. This time claiming he lost his job as a result of being out on FMLA (which is illegal), but that he wouldn't be able to work or make as much money. Somehow he was given a hearing for this Tuesday. I don't understand it.

During the summer my attorney sent over interrogatories and requested bank statements etc. We had to file default because we never received them. I can tell you over the past almost six years we have never received all the documents requested. He has been in contempt multiple times. The judge granted the default and then we received some documents. We only received bank statements up until he went out on leave in Sept. and with one of the bank accounts we only received the first and last page but no detail pages. No check copies for any of the bank statements

Combing through these statements and with a lot of research I found out that in January of 2024 he purchased a Signarama on Cape Cod. In March the business opened under his new ownership. We were still in the appeal process but he invested 200,000 for the franchise, probably more with fees and legal. I discovered he has been renting a house near the business since March. He had purchased a boat and moored it at a nearby lake. In November he purchased a soft top Bronco for cash probably spending between 40-50K. It appears he purchased a used car for his girlfriend in Jan 2024.

I did a spreadsheet of all money he spent in 21 months and it totaled 2.3 million dollars. In the past five years my ex has made close to 5 million dollars from his job as CEO. Yet his lawyer claimed at the September hearing he might not be able to pay me what he owes me. Now he is claiming he can't pay my alimony. From March until present my ex has been paying his mortgage on his house in NH and paying rent on a house here at the Cape. He probably was also drawing a paycheck from his business even while on FMLA.

We sent out subpoenas to get the rest of the missing financials. I was awarded 57 percent of a reinsurance account and my ex has never produced all the statements. He produced one in this last batch and there is half the money in this account from what it should be. I need all statements from him. My ex has filed to stop the subpoenas including one to his old employer. We want all the payroll records to see if he did get paid while out on FMLA and any correspondence in regards to it. He doesn't want us to get the information because it is obvious he is hiding things.

The attorney for my exes employer contacted my attorney and they spoke at length. My ex is suing his old employer for discrimination. This attorney told mine that my ex did get paid some money. She also told my attorney that when my ex wanted to come back from FMLA they wanted a doctors note. He never provided one so in fact he let the job go. His employer found out after that my ex was in Florida doing training for his Signarama franchise. Back in March my ex had asked them for time off claiming that his sister on the Cape was having heart issues. He doesn't have a sister that is living on the Cape. They found out he was doing training for signarama at that time too.

My ex has been claiming depression and PTSD since 2018 when he claimed he was going to therapy for it 3-4 times a week but was really only going once. The other time was spent cheating on me. His attorney in Jan 2020 claimed he was going to an inpatient program for these issues and going out on FMLA. It turned out he went to Canyon Ranch for facials and massages. They pulled the same garbage again in Oct 2020 when he went to Canyon Ranch again. In total he spent 20K of marital funds on this.

My ex is a liar and con artist. Yesterday he did not pay me my alimony. One more thing to add to the list. I received my bill from my attorney today and it was 9100.00. Last month it was 7500.00. I have spent over 300,000 dollars in almost six years. I had 120,000 in debt from legal fees at court in August of 2022, and because my ex appealed, I didn't get any money. Sky rocketing interest rates and minimum payments increasing, and I was drowning in debt. I was able to refinance the house in May and I rolled the now 200,000.00 in debt into the mortgage. I have a huge mortgage now as well. If I wasn't able to do that I would have had to file bankruptcy. As I stated my ex was financially abusive throughout the process. He meanwhile was making a million a year and going on trips, he bought himself a house two months before trial and did all kinds of renovations to it. Meanwhile he was suppose to pay half of any of my repairs over 500 and never did. He has lived very high during this divorce while I have struggled financially. With all the money he made this should never have happened.

I was awarded this divorce yet right now I am paying for health insurance, no dental, not enough life insurance in place, no alimony yesterday, he owes me a ton of money, continues to lie and plot and yet I have to once again fight to now keep my alimony. But no hearing for anything else. I have had enough. This is outrageous and unacceptable to have to spend 6 years and over 300K to get what the family court awarded me and the Supreme Court affirmed. Who are the laws in NH protecting because they are not protecting me. Why am I still having to fight this??

I have had two suicide attempts because of what my ex has done to me. I work with a therapist and psychiatrist. I have had three surgeries in four years and I suffer from fibromyalgia. I have severe depression, anxiety and complex PTSD. I have had covid multiple times and pneumonia. I am exhausted. My exes claims of depression and PTSD are a farce. Its been the same story since 2018 yet he only goes to therapy once a week and has never done a program. He has made millions at his job and then bought a business. You wouldn't be able to do that if your were so mentally ill. e has

his primary care physician giving him letters because I am sure he lied to her. No psychiatrist involved. My psychiatrist testified in court for me. He produced nothing except an unsigned letter.

I don't understand why the court is dragging its feet on this. Somebody needs to step in and review this case. My ex and I were married for 34 years. He has an income stream from his business. I was the stay at home mom. I never made much money. It is very clear my ex wants me to have nothing. Why has he been allowed to get away with all of this? Why has he not been made accountable and why has there been zero consequences to him. He has worked the system to his benefit. We filed for an expedited hearing over a week ago. It is time for him to be told what he owes, a date he has to pay it by or he goes to jail. He should be in jail now. The divorce was granted to me for abuse yet he continues to use the court system to keep abusing me. None of this is right. Somebody needs to get this case over and done with before I have a complete breakdown and he spends every last dime. I have included the spreadsheet of the money he spent. As you can see there were lots of transfers made as well. To what account who knows. During the process we found out he had been hiding money. This man has dragged me through the mud and it needs to end. I don't want to continue to pay thousands of dollars to fight for what I have been already awarded. This is a gross injustice to me. I have sent emails, letters and calls and nobody seems to care that this has been going on. It is all devastating.

Dear Governor Ayotte,

I am a Professor Emeritus at Dartmouth College who taught there more than thirty years.

I am writing to ask you NOT to reappoint Frank Edelblut as Education Commissioner.

During his tenure as commissioner, he has not demonstrated a commitment to strengthening our state's public schools. Because his vision is so drastically reductive, his leadership has been and would continue to be divisive.

Please support a candidate who is supportive of assisting NH citizens build back better community public education on all levels.

Sincerely,
Colleen Randall

Dear Governor Ayotte,

I am voicing my opinion that Commissioner Frank Edelblut does not have the best interest of the children of NH and I would highly recommend that he NOT be reappointed Education Commissioner. He has made public funds for education available for families to send their children to private as well as religious schools. There is a separation of church and state in both the U.S. Constitution as well as the NH Constitution. My tax dollars should not be used for religious purposes/education.

If families want their children to go to schools other than the public schools in their district, then they should pay for that education. In addition, if families are unhappy with the education in their district, they can volunteer in the schools to bring the level of education higher as well as assisting the teachers and staff.

I urge you not to reappoint Frank Edelblut.

Dear Governor Ayotte:

I am writing to ask you please do not reappoint Frank Edelblut to the position of Commissioner of Education. The public deserves a Commissioner who cares deeply about, and who understands, the role public education plays in strengthening our communities and indeed our nation at large. We need a genuine advocate for public education and someone who will be a champion for public education.

Thank you very much.

Sincerely,
Jeffrey Soleau

Good Evening

I am writing to you today to shed light on an ongoing issue that my family business is experiencing with the Department of Safety, specifically the New Hampshire State Police and their designated tow list and rotation. We are a family-owned towing and recovery small business based in Hopkinton. My wife Tabitha (nurse), I (retired military), and our sons operate the business with multiple locations. A few years ago I contacted Executive Councilor Deb Pignatelli and requested her assistance in being added to the NHSP tow rotation. We had been told no many times over a few years. Once I engaged our elected officials, we were added to the rotation and performed several hundred calls for service without any issues or complaints.

In January 2024, I received an email and certified letter (See File #6) from the NHSP stating that there was a complaint about a bill and a non-listed driver. I recognized my error and within a few hours I added my youngest son to my driver roster as he had returned from college out of state a few days earlier. Regarding the billing error, I contacted the insurance company, All State Insurance, and corrected the bill and payment directly with them. These two issues required me to attend an administrative hearing that turned into a two-day hearing at the Department of Safety. I've said it many times, this could have been resolved by phone, email, or an in-person meeting. After several administrative hearings and Superior Court hearings, my company

has been removed from the NHSP rotation and, due to our appeals, we have been given a worse punishment if we had never appealed. During this process we received no step punishment or discipline. RSA 106-B:34 states "The director may take appropriate action including removal of a tow business or a tow business employee from participating in the tow list, and which may include upon satisfactory evidence of violations or deliberate noncompliance, a verbal or written warning, suspending the business or employee or both from the list for a period of one to 120 days, or removal from the list and ineligibility for restoration for up to 2 years, depending on the seriousness of the offense, any prior history of violations, and any resulting harm". We had no previous violations or infractions and the only result we received was the death penalty for two minor infractions that were corrected in a matter of hours.

I'm writing to you today to raise awareness of this matter and show how much adverse treatment my family business has sustained. I have attached several documents showing how other companies are not held to the same standard and are given special treatment. These are three apparent examples discovered very quickly, I'm sure there are more if we look deeper.

Example #1: Above All Collision being called to a scene with an unlettered tow truck in violation of the NHSP tow policy and RSA 106-B:30. See File #1.

Example #2: One company, New England Truck Center (NETC), having two spots on the rotation in violation of RSA 106-B:29. NETC recently acquired ownership of Matt Brown's Truck Repair. NETC and Matt Brown's are both trade names under the same LLC. See File #2 & 3.

Example #3: S&P Auto on the NHSP tow rotation without a secure storage facility in violation of RSA 106-B:30. See File #4.

After working through the administrative process, with considerable expense for a small business, it was found that the hearing examiner was herself punished by a Bureau of Hearings hearing. I found this to be highly improper as she lacks objectivity, not to mention the Department of Safety employs her and she works in the same building as the NHSP personnel who opposed us at our hearing. This is not a fair and impartial individual. After being suspended by Governor Hassan, she appealed and lost at a hearing. See File #5

My wife and I have attempted every reasonable means to resolve this amicably. At every turn we have been punished and ignored by unelected and apparently, unaccountable state employees. I am available to meet with any of you to discuss this matter, and I look forward to meeting with every one of you to answer any questions and come to a resolution.

Respectfully,
Michael Plante
J&M Towing & Recovery
16 Bound Tree Road
Hopkinton, NH 03229
603-715-6325
603-715-7685

Attached are screenshots from the **New Hampshire Secretary of State and Federal Motor Carrier Safety Administration (FMCSA)**, showing New England Truck Center and Matt Browns Truck Repair are both trade names owned by the same company, APR & R LLC. NETC and MBTR share the same insurance policy, US DOT, and MC numbers. Both "companies" are on several of the same NHSP rotation lists in the capital area, essentially getting twice the calls as every other company on the same lists. This is in direct violation of the following RSA

RSA 106-B:29-XVI. A tow business shall appear on the rotation list only once. The listing shall use the name of the business submitted at the time of application and a designation for any specialty in which the business is qualified. A tow business conducting business at a location shall not receive multiple listings or classifications by utilizing a different or fictitious name for trucks operating from the same location or trucks operating with the same name out of different locations within that zone.

PERSONNEL APPEALS BOARD

25 Capitol Street
Concord, New Hampshire 03301
Telephone 603/271-3287

Appeal of Linda Capuchino

Docket #2016-D-010

Office of Professional Licensure and Certification

Office of the Governor

March 24, 2017

The New Hampshire Personnel Appeals Board met in public session on Wednesday, January 11, 2017 under the authority of RSA 21-E:58 and Chapters Per-A 100-200 of the NH Code of Administrative Rules, to hear the appeal of Linda Capuchino, the Appellant. The following commissioners sat for this hearing: Vice Chair Norman Patenaude, Esq., Commissioner Christopher Nicolopoulos, Esq., and Commissioner David Goldstein. Ms. Capuchino, who was represented at the hearing by Eric R. Wilson, Esq., appealed her suspension without pay for twenty (20) work days. Assistant Attorney General Elizabeth Lahey and Assistant Attorney General Brian Buonamano appeared on behalf of the Office of Professional Licensure and Certification (hereinafter OPLC), Office of the Governor.

The record of the hearing in this matter consists of pleadings filed by the parties prior to the date of the hearing, notices and orders issued by the Board, the audio recording of the hearing on the merits of the appeal, documents admitted into evidence and post hearing closing statements.

THE FOLLOWING PERSONS GAVE SWORN TESTIMONY¹:

Sara Blodgett, Former Acting Executive Director

Kira Hageman, Director of the Division of Administration

Pamela Walsh, Chief of Staff to Former Governor Margaret Wood Hassan

The witnesses were sequestered

Appeal of Linda Capuchino
Docket #2016-D-010

Mary Ann Dempsey, Legal Counsel to Former Governor Margaret Wood Hassan;
Louise Lavertu, Former Executive Director
Christine Horne, Administrative Supervisor
Linda Capuchino, Appellant

ISSUES OF LAW

Per 1002.08(b)(6)

Per 1002.08(b)(1,2)

Per 1002.08 (b)(1-4)

BACKGROUND

The Appellant has been employed by the State for approximately twenty-four (24) years. At the time of her discipline, she was the Divisional Director of the Technical Professions at OPLC and had been so employed since November 2015. In the fall of 2015 the Appellant's colleague and good friend, Louise Lavertu, was named the Executive Director of the OPLC. In February 2016, Ms. Lavertu announced that she planned to retire at the end of March 2016. Shortly after her announcement, OPLC staff had begun to talk about having a retirement party for her. Ms. Lavertu did not want an office-wide party, however, the Appellant did want to do something with the boards and staff who were loyal to Ms. Lavertu.

A luncheon was held for Ms. Lavertu on March 31, 2016, which was by invitation only. It was only discovered during the morning of the event that State funds may have been used to purchase refreshments for the event. Sarah Blodgett communicated with then Governor Hassan's legal counsel to inquire if she should prevent the event from occurring. Ms. Blodgett was told to allow the event to go forward. It was later determined that State funds had been used to purchase the refreshments. As a result, the Attorney General's office conducted an investigation and created an investigative report that was reviewed by then Governor Hassan.

On May 19, 2016 then Governor Hassan issued a Pre-Disciplinary Meeting notice that was to be held the next day. Then Governor Hassan indicated in the Pre-Disciplinary Meeting notice that she believed a suspension without pay for twenty (20) days was appropriate. The meeting was held the next day to provide the Appellant with an opportunity to refute the evidence and demonstrate why the twenty (20) day suspension was unreasonable. Former Governor Hassan was not persuaded by the Appellant and suspended her without pay for twenty (20) days. This appeal followed.

After carefully considering the parties' testimony, evidence and arguments, the Board made the following findings of fact and rulings of law:

FINDINGS OF FACT

1. The Appellant has been employed by the State for approximately twenty-four (24) years. At the time of her discipline, she was Divisional Director of the Technical Professions at OPLC and had been so employed since November 2015. (Testimony of Appellant)
2. In or around the fall of 2015, Louise Lavertu was named the Executive Director of the OPLC. As Executive Director, Ms. Lavertu supervised the Appellant. The Appellant and Ms. Lavertu had been friends for over twenty (20) years and the Appellant spoke about her history with Ms. Lavertu and her loyalty to her. (Testimony of Ms. Blodgett)
3. In or around February 2016, Ms. Lavertu announced that she planned to retire, effective March 31, 2016. Soon thereafter, some OPLC staff began discussing having a retirement party for Ms. Lavertu. On March 2, 2016 OPLC employee, Kathryn Wantuck, sent an e-mail to Ms. Blodgett, Bobbie Carter and the Appellant inquiring if they could have a "retirement party" for Ms. Lavertu. There was no indication in the email how the retirement party would be funded. (State's Exhibit A and Testimony of Ms. Blodgett)
4. On March 7, 2016 Ms. Blodgett told the Appellant that she would be the Interim Executive Director once Ms. Lavertu retired on March 31, 2016. (Testimony of Appellant)

5. On March 8, 2016 Ms. Blodgett held an office-wide meeting to announce that she would be the Interim Executive Director at OPLC, upon Ms. Laveru's retirement. During this meeting, OPLC employees Tina Kelley and Ms. Wantuck suggested that the office host a retirement party for Ms. Laveru. The Appellant's understanding of this request was that people would bring in food at their own expense and it would not include board members. Ms. Laveru had been informed that a party was being planned and Ms. Laveru stated that she did not want certain OPLC boards/departments to attend because of the tension in the office between the boards/departments as it had not been a pleasant transition to a consolidated agency. (Testimony of Ms. Blodgett, Ms. Hageman, and the Appellant)
6. OPLC staff members were receiving telephone calls from board members inquiring if there was going to be anything done to celebrate Ms. Laveru's retirement. The Appellant wanted to do something special with the boards for Ms. Laveru that was completely separate from the party that Ms. Kelly and Ms. Wantuck had suggested. (Testimony of Appellant)
7. On March 8, 2016 in Ms. Blodgett's office, Ms. Blodgett, Ms. Hageman and the Appellant had a conversation about the proposed retirement party. The Appellant inquired about paying for the party and Ms. Blodgett informed her that State funds could not be used for a party. Ms. Blodgett relayed that State funds could only be used to purchase light refreshments for board members who were conducting a bona fide board meeting. (Testimony of Ms. Blodgett and Ms. Hageman)
8. In response to being told that State funds could not be used for a retirement party, the Appellant inquired if State funds could be used for a board meeting. Ms. Hageman informed the Appellant that State funds could be used for a board meeting. Ms. Hageman explained that sometimes refreshments were supplied at certain board meetings. At this point, Ms. Hageman believed that the Appellant was now speaking of a board meeting and not the suggested office retirement party. (Testimony of Ms. Hageman)

9. Later in the day, the Appellant sent an email to Ms. Blodgett and Ms. Hageman and asked if it was okay with them if she invited Joint Board "board members" for lunch to honor Ms. Lavertu on March 31, 2016 and each replied that it was acceptable. There was no indication in the email how the lunch would be funded. (Appellant's Exhibit 1 pg. 1 & 2 and Testimony of Ms. Blodgett)
10. Ms. Hageman was the Director of the Division of Administration. Her duties included, but were not limited to, supervising employees, managing the budget, accounts receivable and payable and she also was responsible for the State's Shaws' credit card. (Testimony of Ms. Hageman)
11. The Appellant approached Ms. Hageman in the parking lot one day and informed her that something would be held for Ms. Lavertu's retirement and she anticipated about seventy (70) people would attend. Although Ms. Hageman referred to the event as "something" in the Attorney General's report, it was Ms. Hageman's understanding that a board meeting would be held and the board members would say good-bye to Ms. Lavertu at the conclusion of the board meeting. Ms. Hageman told the Appellant that in order for the State to pay for the refreshments, the Appellant would need to submit to her an agenda along with the receipt for the refreshments. The Appellant later asked how much she could spend and Ms. Hageman told her she could spend up to \$500.00. (Testimony of Ms. Hageman)
12. On March 14, 2016 Ms. Blodgett sent an email to Tina Kelley, Kathryn Wantuck, Ms. Hageman and the Appellant informing them that Ms. Lavertu did not wish to have an office-wide retirement party. Ms. Blodgett wrote, "Some Joint Board members who have worked with her for years will be doing something on 3-31, but I think that will be the only festivity in the office." There was no indication in the email how the "festivity" would be funded. It was Ms. Blodgett's understanding, however, that State funds would not be used for this "festivity". In the past when other employee's retired, it was usually a pot luck.

occasion or employees would donate their own money for refreshments. (Appellant's Exhibit #2, Testimony of Ms. Blodgett and Ms. Hageman)

13. Administrative Supervisor, Christine Horne, was responsible for planning the board luncheon. Ms. Horne sent emails to past and present board members as well as to other acquaintances of Ms. Laverre. Ms. Horne sent out ninety (90) invitations and estimated that eighty (80) people attended. Ms. Horne was present for the event and recognized those who were board members and those who were not. Ms. Horne estimated that approximately ninety percent (90%) of the people present were board members and the remaining ten percent (10%) were OPLC staff that stayed for a short period of time. (Testimony of Ms. Horne)

14. Ms. Horne typically participated in board meetings, which were attended by between twenty (20) to eighty (80) board members. Food was usually provided to board members if the board members were working during lunchtime hours. Ms. Horne was aware that an agenda and a receipt needed to be presented in order for the bill for the refreshments to be paid. (Testimony of Ms. Horne)

15. On March 22, 2016 Christine Horne sent an e-mail to Ms. Blodgett and Ms. Hageman informing them of the status of the number of attendees. The email indicated that invitations were sent to over ninety (90) people. Ms. Horne also attached the email she sent to the board members inviting them to a luncheon. (Appellant's Exhibit #3 and Testimony of Ms. Horne)

16. Ms. Hageman acknowledged that she received emails regarding the luncheon during the month of March but did not pay close attention to them as she was overburdened with work and received approximately one-hundred (100) emails every day. Ms. Hageman did not have a discussion about the luncheon with the Appellant after their prior conversation in the parking lot outside of work. (Testimony of Ms. Hageman)

17. Ms. Blodgett first became aware that State funds may have been used to purchase the refreshments for the luncheon during the morning hours of March 31, 2016. Ms. Blodgett

became alarmed and considered cancelling the event. Ms. Blodgett contacted the Governor's legal counsel, Mary Ann Dempsey, for guidance. Ms. Dempsey told her not to cancel the party but also told her that it would be inappropriate to use State funds for a retirement party and the matter would be investigated if, in fact, State funds were used. Ms. Blodgett walked by where the event was being held and did not observe State business being conducted but saw more of a party atmosphere. (Testimony of Ms. Blodgett and Ms. Dempsey)

18. Ms. Hageman did stop in to say goodbye to Ms. Lavertu and was surprised to see more of a party atmosphere than a board meeting. It was a relaxed atmosphere with a cake, a lot of food and people walking around talking with one another. Ms. Hageman stayed at the party for approximately forty-five (45) minutes and, during that time, no official business was conducted and she did not see an agenda. During Ms. Hageman's time at the party she asked Ms. Horne if the Shaws' card had been used to purchase the food and was surprised to learn that it had been used for the occasion. A few days after the party, Ms. Hageman spoke with Ms. Blodgett and told her that she did not feel comfortable paying the Shaws' bill because it had been used for purposes other than State business. (Testimony of Ms. Hageman)

19. Governor Hassan's Chief of Staff, Pamela Walsh, was informed of the situation at the OPLC and alerted the Attorney General's office and requested that an investigation be conducted. (Testimony of Ms. Walsh)

20. It was the Governor's office that determined that the investigation should be conducted by the Attorney General's Office. It was recommended by the Division of Personnel and the Attorney General's Office that an independent fact finder conduct the investigation since the Appellant worked for the OPLC and the OPLC reported to the Governor's Office and because of the severity of the allegations. As such, the Governor's office took no part in the investigation. (Testimony of Ms. Dempsey)

21. The Attorney General's investigation commenced on April 6, 2016 and was complete approximately one (1) month later and the Investigative Report (hereinafter the Report) was provided to the Governor's Office. Ms. Walsh reviewed the Report and since she had questions relating to the Report, Ms. Walsh met with the investigators from the Attorney General's Office, Elizabeth D. McCormack, Esq., and Jeanine M. Girgenti, Esq., as well as the then Deputy Director of Personnel, Joseph Shoemaker, the Director of Personnel, Sara Willingham, and then Governor Hassan's legal counsel, Mary Ann Dempsey. Ms. Walsh wanted to be certain about what had transpired in order for her to make a recommendation regarding discipline to then Governor Hassan. (Testimony of Ms. Walsh)
22. On April 18, 2016 Ms. Hageman sent the Appellant an email asking that she provide the agenda and the receipt for the food that same day. Ms. Horne had drafted the original agenda and the Appellant had not seen the Agenda prior to April 18, 2016 when it was requested by Ms. Hageman. Upon reviewing the agenda, the Appellant observed some inaccuracies and, as a result, revised the agenda. The Appellant was unaware at that time that the investigators from the Attorney General's office were in the building waiting for the agenda and receipt. (State's Exhibit B and Testimony of Appellant)
23. The Appellant changed the heading on the agenda from "Joint Board Members Luncheon" to "OPLC Technical Division Luncheon Meeting". The Appellant also changed the wording under paragraph one (1) from "Viewing of Slide Show" to "Introduction". The Appellant changed the title of paragraph three (3) from "Presentation of Gifts and Speeches" to "Presentation from Boards". The Appellant changed the word "speeches" to "presentation" because she wanted the agenda to look professional. The Appellant also included additional boards on the revised agenda that were not on the original agenda. The Appellant changed the title of paragraph four (4) from "Presentation of Cards" to "Guest Speakers". The Appellant added a paragraph to the revised agenda which was titled "Presentation from Executive Director Lavertu". (State's Exhibits B& C)

24. Shortly after the Appellant provided the agenda to Ms. Hageman on April 18, 2016, two (2) investigators from the Attorney General's presented the Appellant with the letter notifying her that she was being suspended with pay for purposes of investigation in accordance with Per 1001.01(a). The Appellant was notified that she was suspended for one week. This suspension was extended on April 25, 2016 for an additional week and extended for the last time on May 4, 2016 for an additional week in order for the Attorney General's Office to complete its investigation and prepare a report of its findings. (State's Exhibit E, F, & G and Testimony of Appellant)

25. On or about May 9, 2016 the Appellant sent a correspondence to Ms. Dempsey asking that when making her determination of what form of discipline she would recommend to the Governor, Ms. Dempsey take into consideration the Appellant's statements in the correspondence. The Appellant referred to the luncheon as a luncheon meeting in her correspondence. (State's Exhibit H)

26. Ms. Walsh determined after reviewing the Report and meeting with those mentioned in paragraph #21 that the Report was thorough and complete. As a result, Ms. Walsh recommended that the Appellant be dismissed from State service as she had knowingly used State resources to fund a retirement party in violation of the Personnel Rules and she had changed the agenda to make the luncheon party look more like a board meeting. Governor Hassan reviewed all of the evidence in this case, including the Appellant's correspondence, and also met with the Appellant to discuss this matter. After reviewing all of the evidence and after meeting with the Appellant, then Governor Hassan determined that the most appropriate discipline was suspension without pay for twenty (20) work days. In making this determination, then Governor Hassan took into consideration the mitigating factors of the acrimonious environment at the OPI C and the Appellant's service to the State for more than two (2) decades. (Testimony of Ms. Walsh)

27. The event was not a business meeting as there were no discussions about current or active State matters. The Appellant characterized the event as a "meeting" because there was

formality and structure rather than just an opportunity to say goodbye to Ms. Laverta.
(Testimony of Appellant)

28. A meeting was held on May 20, 2016 so that the State could present the evidence to the Appellant that it relied upon when it determined the Appellant's discipline. At this meeting, the Appellant refuted the allegation that she misused State funds and asserted that Ms. Blodgett and Ms. Hugeman had been untruthful when they stated that they told her that she could not use State funds for the luncheon. The Appellant also stated that the event had always been characterized as a luncheon and she had never intended it to be a board meeting. (Testimony of the Ms. Dempsey)

29. On May 23, 2016, then Governor Hassan issued a correspondence to the Appellant informing her that, after considering the information presented, she was suspending Ms. Capachino without pay for twenty (20) days.

RULINGS OF LAW:

- A. Per 1002.08(h)(6) Willful abuse, misuse or destruction of state property or the property of any employee or individual served by the agency which, in the opinion of the appointing authority, represents a substantial cost for repair or replacement.
- B. Per 1002.08(h)(12) Falsification of any agency records received, maintained or utilized by the agency.
- C. Per 1002.08 (b)(14) Willful misuse of supervisory position.
- D. According to Per A 207.12 (b) of the Board's rules, "In disciplinary appeals, including termination, disciplinary demotion, suspension without pay, withholding of annual increment or issuance of a written warning, the board shall determine if the appellant proves by a preponderance of the evidence that : (1) The disciplinary action was unlawful; (2) The appointing authority violated the rules of the division of personnel by imposing the disciplinary action under appeal; (3) the disciplinary action was unwarranted by the alleged conduct or failure to meet the work standard in light of the facts in evidence; or (4) the disciplinary action was unjust in light of the facts in evidence."

DISCUSSION and ORDER:

The Board will first address whether it believes the Appellant violated Per 1002.00(b)(6), which reads, "Willful abuse, misuse or destruction of state property or the property of any employee or individual served by the agency which, in the opinion of the appointing authority, represents a substantial cost for repair or replacement."

One of the major discrepancies in witness testimony was that Ms. Blodgett and Ms. Hageman testified that the two of them had a meeting with the Appellant on March 8, 2016 and told her that State funds could not be used to pay for a retirement party/luncheon for Ms. Lavertu. The Appellant denied any such conversation took place. In fact, the Appellant testified that she would have had no reason to seek Ms. Blodgett's permission because Ms. Blodgett was not her supervisor at that point and not authorized to approve expenditures yet. Although the Appellant's supervisor was Ms. Lavertu, the Board believes the Appellant would not have spoken to Ms. Lavertu about her own retirement party/luncheon. The closest person to a supervisor after Ms. Lavertu for the Appellant was Ms. Blodgett, considering she would be in Ms. Lavertu's position the day after she retired. The Board was persuaded by this fact as well as the testimony of Ms. Blodgett and Ms. Hageman and it believes that such a discussion did occur in Ms. Blodgett's office and the Appellant was told that State funds could not be used for a luncheon/retirement party.

After being told that State funds could not be used for a retirement party, the Appellant inquired about hosting a board meeting. Ms. Blodgett informed the Appellant that light refreshments could be purchased for board members who were conducting a legitimate board meeting. Sometime after this conversation, the Appellant asked Ms. Hageman about a budget for the meeting and she was told not to spend more than \$500.00. Ms. Hageman believed this money was to be used for a board meeting. Ms. Hageman acknowledged that she did receive the emails from the Appellant in March 2016 but testified that she was so busy and overwhelmed that she did not read them carefully. Ms. Hageman testified that, in her experience, if a retirement party/luncheon is planned, it was either a pot luck occasion or

people donated money for refreshments. After Ms. Hageman's conversation in the parking lot, she did not discuss payment for the refreshments with the Appellant.

The Appellant called the event a "luncheon meeting" because there was some formality and structure as opposed to people coming in to say good-bye at their leisure. However, Ms. Blodgett characterized the event as having a party atmosphere and she did not see any State business occurring. Ms. Hageman testified that there was a lot of food, cake and people mingling. She was present for approximately forty-five (45) minutes and did not see any State business conducted nor did she see an agenda.

The Board does not believe that a board meeting was held on March 31, 2016. The luncheon was not open to the public but by invitation only; no meeting minutes had been taken; it is unknown if a quorum of any board was present; and no current business was conducted. The Board does not believe a "meeting" of any kind was held to discuss State business. It is clear to the Board that the event was a retirement party/luncheon for Ms. Laverne.

The term "willful" is defined by Black's Law Dictionary, Sixth Edition, as "[p]roceeding from a conscious motion of the will; voluntary; knowingly deliberate. Intending the result which actually comes to pass; designed; intentional; purposeful; not accidental or involuntary." The Board agrees that Ms. Laverne's time and dedication to the State should have been celebrated with OPLC staff and boards that she worked with over the years. However, the Board believes that the Appellant was told that she could not spend State money on a retirement party/luncheon for Ms. Laverne but did so anyway by calling it a luncheon meeting and providing an agenda. Assuming arguendo, even if the Appellant was not explicitly told that she could not spend State funds on a retirement party/luncheon for her colleague and friend, the Board believes she already knew she could not spend State funds on her friend's retirement party/luncheon due her education, training, and her more than two (2) decades of employment in State government.

The Board will next address whether it believes the Appellant violated Per 1002.08(b)(2), which reads, "Falsification of any agency records received, maintained or utilized by the agency."

The Board does not believe that the Appellant falsified the agenda to make the event look more like a board meeting. The Appellant did not review the agenda until April 18, 2016 and after her review, she felt as though it did not look professional and did not accurately depict what actually occurred. More importantly, it was the Appellant who informed the Attorney General's office that a draft agenda existed.

Lastly, the Board will address whether it believes that the Appellant violated Per 1002.08 (b)(14), which reads, "[w]illful misuse of supervisory position." After reviewing all the evidence and testimony, the Board finds that the Appellant did not willfully misuse her supervisory position.

Having carefully considered the evidence and arguments presented, the Board voted unanimously to DENY the appeal and to uphold the decision to suspend the Appellant without pay for twenty (20) days based upon the Appellant's violation of Per 1002.08(b)(6)

RE: NOTICE OF REVOCATION OF APPROVAL AND PLACEMENT OF J AND M TOWING AND RECOVERY ON THE NHSP TOW LIST

Dear Michael and Tabitha Plante,

Pursuant to authority granted in RSA 106-B:30, RSA 106-B:31, RSA 106-B:34, and RSA 541-A:30,III this letter serves as written notice to J&M Towing and Recovery of the Division of State Police's intent to revoke its approval and placement of J&M Towing and Recovery on the Division of State Police Tow Rotation List effective February 10, 2024.

This action is being taken in response to a report received from the NH State Police Troop D that on December 3, 2023, J&M Towing and Recovery was dispatched, at the request of the NH State Police, to a vehicle off the road on I-89 and an individual identified as "Alex" arrived on scene on behalf of J&M Towing and Recovery. A review of the DSSP456 (New Hampshire Tow List Personnel Roster) does not list an "Alex" on the roster. It only lists Michael Plante, Tabitha Plante, and Mathieu Plant.

A second report was received from NH State Police Troop D that on January 1, 2024, J&M Towing and Recovery was dispatched, at the request of the NH State Police, to a single vehicle crash on I-89. When J&M Towing and Recovery arrived on scene the investigating Trooper didn't recognize two of the tow truck operators. During conversation with the Trooper one of the operators identified himself as "Alex" and the other as "Caleb". A review of the DSSP456 (New Hampshire Tow List Personnel Roster) does not list an "Alex" or "Caleb" on the roster. It only lists Michael Plante, Tabitha Plante, and Mathieu Plant.

106-B:30 Requirements for Placement on the Tow List. -

II. The tow business shall provide as part of its application a list of all tow truck operator personnel, including full name, current address, date and place of birth, driver's license number and type, and any restrictions, license expiration date, and social security number. The application shall be updated with state police communications within 5 days of whenever a new employee is hired, or an employee leaves the employ of the business.

III. The application shall include an individual form approved by the director of state police for each tow truck operator and for the owner and manager of the business and any supervisors, listing under penalty of unsworn falsification their full name, date and place of birth, driver license number and type and any restrictions or limitations, and a listing of all motor vehicle offense convictions in this or any other state or Canadian province including type, court, and year in the preceding 5 years, and a list of any criminal convictions in this or any other state or

Canadian province within the past 10 years, including type of offense, year of conviction, court, and sentence imposed, and whether the person is currently on probation or parole or has ever been a registered sex offender or subject to a domestic violence protective order. Nothing in this paragraph shall restrict the employer or state police in case of doubt from verifying the information through a record check or checks

IV. Any history of criminal convictions involving (i) a felony against persons or property involving fraudulent activity, aggravated assaults, or sex offenses; (ii) burglary, or thefts resulting in a felony conviction within the last 3 years; or (iii) a serious or repetitive motor vehicle violation history involving such individual or business, shall be grounds for refusing to place on or removing the individual or business from the rotation list.

This action is also being taken in reference to a complaint received by the NH State Police that on November 14, 2023, J&M Towing and Recovery removed a vehicle on I93 in Bow, that struck a deer, at the request of the NH State Police. The owner of the vehicle, Jim Moone, reported to the NH State Police that he was billed for an accident scene clean up, despite there being very little debris on the road and the tow truck being on scene for less than 30 minutes. After careful review of the video, The tow truck operator was on scene for approximately ten minutes and no clean up occurred. Mr. Moone provided a copy of the itemized invoice, and it shows a charge of \$150 for Accident Scene Clean-Up. The itemized invoice also shows a charge of \$150 for Use of Specialized Equipment, however the video shows the vehicle being loaded onto the tow truck without the use of any specialized equipment. The itemized invoice also shows the vehicle being held in impound for 1 day, however the invoice shows a charge for 2 days for storage fees equaling \$170. After reviewing the invoice and comparing it to other Tow List company invoices, that were provided from other companies during a recent audit, it appears the invoice is exorbitant with a total charge of \$1187.10. Other tow companies charge in the range of \$500 - \$700 for similar provided services. It is the responsibility of the New Hampshire State Police to ensure that a company providing a service to the public on behalf of the State Police is beyond reproach when providing such services.

106-B:31 Requirements to Remain on the Tow List. –

1. Tow personnel shall perform a general cleanup of an accident area before leaving the scene, and remove any glass, vehicle parts, debris, or other substances dropped or spilled prior to leaving an incident scene. Vehicle fluids or hazardous substances shall not be intentionally drained or left on the road or surrounding environment. There will be no charge for normal highway cleanup of 30 minutes or less unless cleanup is a regular part of the itemized bill. If the debris field was caused by more than one vehicle all tow personnel shall share in the cleanup duties under the direction of the trooper in charge at the scene.

106-B:34 Compliance Action; Disciplinary Enforcement. – Participation in the state police tow list is a privilege, not a right. The director of state police is charged with the responsibility of ensuring that the towing, storage, roadside emergency service, and recovery of vehicles at the direction or request of the division of state police is accomplished consistent with state law and administrative rules and in a manner that maintains the confidence and respect of the motoring public. To accomplish this, the director may take appropriate action to uphold the integrity and efficiency of the tow list and the duties and responsibilities of businesses participating in the list and their owners, managers, and employees. The director may take appropriate action including removal of a tow business or a tow business employee from participating in the tow list, and which may include upon satisfactory evidence of violations or deliberate noncompliance, a verbal or written warning, suspending the business or employee or both from the list for a period of one to 120 days, or removal from the list and ineligibility for restoration for up to 2 years, depending on the seriousness of the offense, any prior history of violations, and any resulting

harm. Causes for such action shall include violations of the equipment and other requirements set forth in RSA 106-B:28, and the provisions of RSA 106-B:29 through 106-B:33. Disciplinary actions may be appealed to the department of safety bureau of hearings and to the superior court as provided in RSA 106-B:31. XIV.

If you wish to appeal this determination, you must do so in writing to the below address within 30 days of the date of this letter:

Governor Ayotte-

I urge you to find a better education commissioner than Mr. Edelblut. He came to the job with no credentials for it and has managed to become one of the most divisive characters in the State. We need someone who is a seasoned educator and who will be a strong supporter of public schools. You have a chance here to help New Hampshire get back on a pathos support for public schools.

Thank you for your consideration.

Dear Governor Ayotte:

Please do not reappoint Frank Edelblut to the position of Commissioner of Education. He has been a leading proponent of EFAs, which drain tax dollars away from public schools and thus serve to undermine public education.

We must protect public education! Please appoint a Commission who has experience in public education, and who will work to build and strengthen our public schools.

Thank you for your attention to this matter.

Sincerely,
Louisa Soleau

Dear Governor Ayotte and Members of the Executive Council,
New Hampshire needs an Education Commissioner who supports public schools. Frank Edelblut has undermined education and been divisive in our state. As a constituent, taxpayer, and parent of two children in Dover public schools, I want an excellent education for my children and all of New Hampshire's children. I want someone at the helm who strengthens our public schools, not someone who attacks them. Please don't recommend Frank Edelblut for reappointment as Education Commissioner.

Thank you,
Sarah Burcalow

Dear Governor Ayotte,

I am a member of the public with two kids in public school and I ask that you please do NOT reappoint Frank Edelblut as Education Commissioner.

It's time to put partisan politics aside and stop taking cues from the Trump administration to appoint people who undermine our public education.

Frank Edelblut stands for private and religious education, and he divides communities. As commissioner he is basically a fox in the hen house. It's time that we have a commissioner who actually supports New Hampshire public education.

Thank you,

Karin Ashton Wilkinson

Dear Gov. Ayotte:

I urge you not to reappoint Frank Edelblut as Education Commissioner.

Public education is fundamental to the success of both the NH economy and community. We need a commissioner who is fully committed to supporting and improving public education so NH continues to be an attractive state for residents and businesses. Commissioner Edelblut does not appear to fully support public education. And instead of using his position to pull together the stakeholders to work toward a common goal, he is incredibly divisive.

As I understand it, you are interested in avoiding excessive divisiveness. I urge you NOT to reappoint Frank Edelblut, as he is one of the most divisive commissioners currently in office. Please appoint someone who will be widely perceived as working for the benefit of the WHOLE community.

I'm a voter from Sunapee. Thank you for listening.

Sincerely,
Sarah (Sally) Harris

To Governor Ayotte, I am respectfully requesting that you do not appoint Mr. Edelblut as the Education Commissioner. During his time in this role he has demonstrated a lack of understanding and lack of respect for the educational needs of the children who attend our public schools. The people of New Hampshire need to believe that our state officials are working to support each of us and Mr. Edelbut's language and decisions has contributed to the polarization of the caring people of our state.

Respectfully,

Hello Governor Ayotte,

My name is Karen Brand and I am writing to ask you to **oppose** HB 534.

As a nurse who has worked in pediatric offices and as a school nurse in both the private and public sectors I can attest that vaccine access and affordability to families are crucial to prevent the spread of infectious diseases and ensure the health of our children, families, and communities both local and at large.

HB 524 will destroy New Hampshire's system of providing no-cost vaccinations to families who want them by repealing the New Hampshire Vaccine Association. In addition:

- Passing HB 524 will make it harder for families to access vaccines, which are our state's best protection against deadly and infectious diseases
- The NHVA does not set vaccine policy, it has nothing to do with determining what vaccines or doses are on the Vaccine For Children schedules, and it does not mandate vaccines or limit parent choice
- Healthcare providers and insurers would need to spend costly administrative time processing vaccine insurance claims

Sincerely,

Karen Brand

Dear Governor Ayotte,

Please consider replacing Frank Edelblut with a nonpartisan candidate who might have some background knowledge and experience in education. I believe that Commissioner Edelblut has been very divisive and harmful to the Public School community. The voucher program he has promoted is draining resources from our schools. New Hampshire ranks last in its support for Education and Mr. Edelblut is part of the problem, not the solution.

Sincerely,

Pamela Kirby, Derry

Governor Ayotte,

In your inaugural address, you suggested a desire to overcome excessive partisanship. Edelblut's divisiveness during his tenure has worked against that goal.

We need someone whose commitment to supporting and strengthening our community and public schools is clearly evident. We need someone who doesn't think that **only** math, science, social studies, and language arts is an adequate education in the 21st century. New Hampshire's children deserve a comprehensive education that goes beyond core academic subjects, encompassing arts, physical education, and life skills to foster their overall development. If we want to attract younger working people to move to our state **and** keep our current young generation around, we must do better for them and prioritize their education in the public school districts.

Thank you for your time.

Dear Governor Ayotte,
I implore you NOT to appoint Frank Edelblut as commissioner of education in NH.
He has been a disaster for NH children and he clearly does not support public education and only wants to dismantle it by spending TAXPAYER DOLLARS FOR private and religious education. This goes against the NH Constitution and I hope you will send him packing and choose someone who actually cares about PUBLIC EDUCATION.

While I have your ear, I want you to know that I do NOT support the voucher program that the NH Republicans are so fond of. We should NOT be giving public monies to support any private schools.

Good Evening

I am writing to you today to shed light on an ongoing issue that my family business is experiencing with the Department of

Safety, specifically the New Hampshire State Police and their designated tow list and rotation. We are a family-owned towing and recovery small business based in Hopkinton. My wife Tabitha (nurse), I (retired military), and our sons operate the business with multiple locations. A few years ago I contacted Executive Councilor Deb Pignatelli and requested her assistance in being added to the NHSP tow rotation. We had been told no many times over a few years. Once I engaged our elected officials, we were added to the rotation and performed several hundred calls for service without any issues or complaints.

In January 2024, I received an email and certified letter (See File #6) from the NHSP stating that there was a complaint about a bill and a non-listed driver. I recognized my error and within a few hours I added my youngest son to my driver roster as he had returned from college out of state a few days earlier. Regarding the billing error, I contacted the insurance company, All State Insurance, and corrected the bill and payment directly with them. These two issues required me to attend an administrative hearing that turned into a two-day hearing at the Department of Safety. I've said it many times, this could have been resolved by phone, email, or an in-person meeting. After several administrative hearings and Superior Court hearings, my company has been removed from the NHSP rotation and, due to our appeals, we have been given a worse punishment if we had never appealed. During this process we received no step punishment or discipline. RSA 106-B:34 states "The director may take appropriate action including removal of a tow business or a tow business employee from participating in the tow list, and which may include upon satisfactory evidence of violations or deliberate noncompliance, a verbal or written warning, suspending the business or employee or both from the list for a period of one to 120 days, or removal from the list and ineligibility for restoration for up to 2 years, depending on the seriousness of the offense, any prior history of violations, and any resulting harm". We had no previous violations or infractions and the only result we received was the death penalty for two minor infractions that were corrected in a matter of hours.

I'm writing to you today to raise awareness of this matter and show how much adverse treatment my family business has sustained. I have attached several documents showing how other companies are not held to the same standard and are given special treatment. These are three apparent examples discovered very quickly, I'm sure there are more if we look deeper.

Example #1: Above All Collision being called to a scene with an unlettered tow truck in violation of the NHSP tow policy and RSA 106-B:30. See File #1.

Example #2: One company, New England Truck Center (NETC), having two spots on the rotation in violation of RSA 106-B:29. NETC recently acquired ownership of Matt Brown's Truck Repair. NETC and Matt Brown's are both trade names under the same LLC. See File #2 & 3.

Example #3: S&P Auto on the NHSP tow rotation without a secure storage facility in violation of RSA 106-B:30. See File #4.

After working through the administrative process, with considerable expense for a small business, it was found that the hearing examiner was herself punished by a Bureau of Hearings hearing. I found this to be highly improper as she lacks objectivity, not to mention the Department of Safety employs her and she works in the same building as the NHSP personnel who opposed us at our hearing. This is not a fair and impartial individual. After being suspended by Governor Hassan, she appealed and lost at a hearing. See File #5

My wife and I have attempted every reasonable means to resolve this amicably. At every turn we have been punished and ignored by unelected and apparently, unaccountable state employees. I am available to meet with any of you to discuss this matter, and I look forward to meeting with every one of you to answer any questions and come to a resolution.

S&P Auto (Andover, NH) is currently on multiple tow rotation lists for NHSP in the Sutton/New London area. S&P Auto does not have a reasonably secure storage area, it is not clearly marked as belonging to them, it is not fenced or gated, and there is no lighting. The following photos show both of their locations in Andover, 720 Main St, and recently acquired 14 Johnson Ln. Failure to maintain a secured storage area is in violation of the following RSA

RSA 106-B:30-XI. The tow business shall maintain a reasonably secure area for the safe storage of motor vehicles or other items stored at the request of the state police. Storage facilities shall be clearly marked as belonging to that tow business and shall have adequate lighting to illuminate the enclosed area. If a vehicle must be stored for processing after a crime, death, or serious injury then storage facilities shall include a gated or fenced area adequate to reasonably secure the storage facility and prevent unauthorized entrance. Camera surveillance is recommended but not mandatory.

Subject: Concern Over Commissioner Edelblut's Leadership

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Dear Governor & Council Members,

I urge you to demonstrate your commitment to strengthening New Hampshire's public schools by removing Commissioner Frank Edelblut from his position at the Department of Education. His actions consistently undermine public education, and I have serious concerns about his leadership:

1. Undermining Public Education – In 2022, Commissioner Edelblut endorsed House Bill 1671, which proposed removing essential subjects like art, health, world languages, physical education, engineering, computer science, and digital literacy from the core curriculum. Such changes threaten the quality and breadth of education available to New Hampshire students.

2. Anti-Teacher Policies – He has promoted policies that many believe create a hostile environment for educators, including launching a website encouraging parents and students to report teachers for alleged violations of a law restricting certain discussions on race and gender. This move, condemned by the American Federation of Teachers New Hampshire, was described as a "war on teachers."

3. Advancing a Political Agenda – Commissioner Edelblut has used his office to push conservative viewpoints on cultural issues. In 2022, he publicly expressed concerns that educators were introducing topics related to gender and sexuality that conflicted with certain family values. This stance has led to accusations of bias and further calls for his resignation.

With all due respect, how can the Commissioner of Education believe that limiting public school curricula to only math, science, social studies, and language arts constitutes an adequate education? A well-rounded education benefits not just individual students but the entire state by ensuring a skilled and informed workforce. If

public education is diminished, those who can afford private schools will always have options, while others will be left behind.

Furthermore, it is deeply concerning that our public education system is being led by someone whose children never attended public school. How can he truly understand and advocate for its needs?

I urge you to act in the best interest of New Hampshire's students and educators by replacing Commissioner Edelblut with someone who fully supports and strengthens public education.

Sincerely,

Erik Murphy

Dear Governor Ayotte,

I am writing to respectfully urge you not to reappoint Frank Edelblut as New Hampshire's Education Commissioner. While I appreciate your commitment to ensuring strong educational opportunities for our children, I believe that new leadership is essential to fostering a more unifying and constructive approach to education in our state.

Commissioner Edelblut's tenure has been deeply polarizing, which has made it more difficult to bring people together in support of our public education system. New Hampshire needs an education commissioner whose commitment to strengthening and supporting our community public schools is clear and unwavering.

Specifically, we need a leader who recognizes that a truly robust education goes beyond just math, science, social studies, and language arts—one who values a well-rounded curriculum that prepares students for success in all aspects of life. Just as importantly, we need a commissioner who is not perceived as working to undermine public schools, as trust and stability are critical for the success of our students and educators.

As you consider this important decision, I hope you will appoint someone who can unite rather than divide, and who will inspire confidence in our public education system among all Granite Staters.

Thank you for your time and consideration.

Sincerely,

Tiffanie Bell

Manchester, NH 03109

Dear Governor Ayotte,

Please do not reappoint Frank Edelblut as Education Commissioner. It is time for a change. I want someone who will work with everyone and not be divisive—it's the NH way and we need that, especially now in these trying and polarizing times.

Thank you for your consideration,
Colleen LeBeau

Good early evening,

Governor Ayotte, In your inaugural address you suggested a desire to overcome excessive partisanship. To make good on your intent, please do not appoint Commissioner of Education, Frank Edelblut, to another term.

Why? He is highly partisan and divisive. Commissioner Edelblut's tenure has been polarizing, which is bad for NH's reputation, bad for NH schools, and bad for school policies. He is perceived to be working against, and undermining, public schools. This is evidenced by his verbalized thinking that basic math, limited civics education, basic science, and basic language arts are all that's needed to 'provide an adequate education' for students in NH. These attributes work against your stated goal.

Instead, NH needs someone whose commitment to supporting and strengthening our *community public schools.* This support has been clearly demonstrated by various district's overwhelming rejection of caps' of local school budgets, rejection of overhanded attempts at judging, prosecuting, and punishing NH's educators based on nothing more than some folks' beef w/local schools or misinterpretations of what's going on within those schools, and the state legislature's overwhelming rejection that 'basic' social studies, language arts, science, and math are all that's needed for an 'adequate' education in NH in 2025 and beyond.

Please look around, dig deep, and find someone who is proud of, and glorifies, NH as a model exemplifying high levels of education via public schools,

Thank you,
Lynn McRae, RN, BS Ed., MALS

Subject: Urgent Need for Mental Health Care Reforms in New Hampshire

Dear Governor Ayotte,

I hope this email finds you well. I am writing to urge you to take action to improve the treatment of psychiatric patients in hospitals and emergency rooms across New Hampshire. As a dedicated advocate for mental health care reform, I have seen firsthand the devastating impact of unnecessary restraints, prolonged ER stays without proper care, and the lack of timely psychiatric services. These systemic issues not only endanger patients but also strain our already overburdened healthcare system.

One of the most effective solutions is expanding access to Crisis Stabilization Units (CSUs)—specialized facilities that provide immediate, focused mental health care in a therapeutic setting. CSUs serve as a critical alternative to overcrowded ERs, reducing unnecessary hospitalizations and ensuring that individuals in crisis receive the specialized psychiatric care they need. States that have invested in CSUs have seen measurable improvements in both patient outcomes and healthcare efficiency.

To address this urgent issue, I urge you to support policies that:

1. Expand access to CSUs statewide to provide faster, more effective crisis care.
2. Mandate enhanced training for hospital staff on de-escalation and trauma-informed care.
3. Reduce the use of restraints by prioritizing alternative interventions whenever possible.
4. Increase funding for mental health crisis response services to divert individuals from unnecessary ER visits.

These reforms are essential to ensuring humane, effective, and accessible mental health care for the residents of New Hampshire. I would greatly appreciate the opportunity to discuss this issue further and explore how I can support these efforts. Please let me know if we can arrange a time to speak.

Thank you for your leadership and commitment to improving mental health care in our state. I appreciate your time and look forward to your thoughts on this urgent matter.

Best regards,
Elisa Lucey

Governor Ayotte,

I am a constituent living in Walpole, NH. My address is [REDACTED], Walpole, 03608. I am writing to urge you not to reappoint Commissioner Edelblut when his term ends this month. We need a Commissioner who will provide strong support for public schools. We need someone who believes in high-standards for education that include music, art, and world languages, in addition to the basics of science, math, social studies and language arts. We need someone who will strengthen our public schools instead of undermining them. We need a leader who will unite us, not divide us.

Thank you for your consideration.

Sincerely,

Jane Malmberg

Dear Governor Ayotte:

I greatly appreciated your inaugural address statement regarding your desire to overcome excessive partisanship. I have supported moderate Republican and Democratic politicians in several state races and federal races, and always favor those whose goal is to work "across the aisles."

I believe that Education Commissioner Edelblut has been extremely divisive, and that we desperately need a *unifier* who strongly supports strengthening our schools, providing all the educational tools students need to build a productive and civically-engaged life.

Thank you for your serious consideration of Education Commissioner candidates who can work effectively with all NH constituencies in building a strong, comprehensive educational system.

Sincerely,
Judith Clementson,

Governor Ayotte.

I am writing to encourage you NOT to reappoint Frank Edelblut as Education Commissioner. In your inaugural address you expressed a wish to end excessive partisanship and division and Mr. Edelblut does not fit this requirement.

He has sewn division and discord and advocates for a lessening of academic standards for our students and a narrowing of vision.

His small world view will put NH students behind on the world stage.

Let us not devolve into provincial politics, Let us do What is truly best for Our children.

Can any of us imagine our school years devoid of Art and Music?

Thank you.

Dear Governor Ayotte,

I am writing to express my concerns regarding the potential reappointment of Education Commissioner Frank Edelblut.

Commissioner Edelblut has been a polarizing figure and his tenure has been marked by divisive policies. Our schools need a leader who can work collaboratively with public and private schools to enhance the quality of education for all students, not just students from private schools. Additionally, it is vital to have a Commissioner who supports our educators and values their contributions. Our teachers are the backbone of our education system and they deserve a leader who will champion their efforts, not encourage a witch hunt against them.

I urge you to consider appointing a new Education Commissioner who can lead our education system with a balanced and bi-partisan approach.

Thank you for your attention.

Respectfully,

Anna Thompson

Dear Governor Ayotte,

As a voter and constituent from Concord, I am writing to ask that you appoint a new Commissioner of Education when Frank Edelblut's term ends later this month. Mr. Edelblut's tenure has been marked by an excess of partisanship and unpleasant rhetoric, which has left many Granite Staters without confidence of his commitment to quality public education.

It is possible to endorse a menu of educational options while still supporting quality education in our public schools. Unfortunately, Mr. Edelblut is perceived as purposely weakening public education, a goal which I am sure you do not share. It is time for a less divisive person in this role, one who will advocate for public school teachers, administrators and students alike.

Thank you for your consideration.

Sincerely,

Kelly Ayotte

Governor Ayotte Supports Domestic Violence Survivors at REACH Press Conference in Manchester

FOR IMMEDIATE RELEASE

March 4, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte celebrated REACH, previously an organization under the YWCA of New Hampshire, becoming a fully independent nonprofit supporting survivors of domestic and sexual violence and human trafficking in the greater Manchester area.

“I was proud to be in Manchester today to celebrate REACH becoming a fully independent nonprofit. From housing, to counseling, to shelter, the services they provide will be a lifeline to survivors of domestic and sexual violence and human trafficking in the Manchester area. I look forward to partnering with organizations like REACH to end the cycle of domestic violence and give survivors a hand up as they seek justice and start a new chapter.”

The Governor was joined by Manchester Mayor Jay Ruais, REACH Executive Director Lisa Dunlap, and Dawn Reams of Bridges, a Nashua-area crisis center that assisted with REACH's transition to become an independent nonprofit.

REACH's services include a 24-hour crisis line, in-person counseling, court and hospital support, Emily's Place, a confidential shelter, and rapid re-housing services that help survivors and their families find stable, affordable housing.

Subject: Please Appoint an Education Commissioner Who Supports Public Schools - Not Frank Edelblut

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Dear Governor Ayotte,

We need a Commissioner of Education who believes in public education. Our public schools are critical assets. They make it possible for New Hampshire to have a well-educated population, capable of providing a workforce with the skills necessary for a successful economy and a well-functioning government. A good public education should be available to all our students, no matter the income levels of their families. They should not have to be wealthy enough to afford private schools.

Frank Edelblut does not believe in, or support, public education. He has demonstrated this throughout his tenure. His approach to reviewing and revising the minimum standards for public schools is a perfect example of this. He chose a committee that included no teachers or education professionals to review the standards and make recommendations. The recommendations that were sent on to the legislature degraded the requirements to the point that schools following these standards would not be preparing students to even be considered for admission to respected colleges and universities. Students seeking to work in the trades would not have the necessary background and skills to move easily from apprenticeships through journeyman levels and on to running their own businesses.

I strongly urge you to appoint an Education Commissioner who is committed to supporting and strengthening our public schools. Please do not reappoint Frank Edelblut as Education Commissioner.

Sincerely,
Susan Moore

Dear Governor Ayotte, Commissioner Weaver, and OLTC,

My name is Danielle Spadafora and I am the Managing Director of Advocacy with The ALS Association. I am following up on the email below from Mr. Paul Koch, who reached out with concerns about ALS in the state of NH.

At the ALS Association, we are committed to making ALS a more livable disease in each state, until we can cure it. We do this through taking action on several state policy priorities that help to prevent and delay the harms associated with ALS. We recently released our state report cards, which scored each state on each of our policy priority areas. I am attaching NH's score card here.

As you can see, there are several opportunities to improve through state policy. One bill we are supporting this year is [SB17](#), which if passed, would bring the copay accumulator score from an F to an A.

Additionally, we are supporting [HB774](#), which addresses Medigap Access and Affordability and ultimately bring that score up as well.

As you can see, NH is given an F for Appropriations for ALS Care Services, which would help to support the programs and services we offer free of charge to all people in NH living with ALS and their families. In the states where we have an appropriation for ALS, we are able to serve more people and offer more robust services than in states where we do not.

We would love an opportunity to discuss if there is an appetite for creating a new earmark for ALS to help address some of the issues Mr. Koch has laid out, as well as discuss the other priority issues on our report card.

Would someone from your offices be willing to set up some time to discuss the state of ALS in NH in the coming weeks?

Thank you in advance for your time, and hoping to be able to connect soon.

Sincerely,
Danielle Spadafora

You don't often get email from winnisandbar@aol.com. [Learn why this is important](#)

NH Governor Kelly A. Ayotte;

I appreciate you signing Executive Order 2025-01. In light of Executive Order 2025-01, the place to start with COGE is the DHHS based on my experiences.

Here is a 56 second video that points out that ALS is always fatal:

[The ALS Association Action Center](#)

The ALS Association Action Center

ALS advocates lead the fight to defeat ALS. You can lead us closer to a world without ALS by joining the dedicat...

Over a month ago I contacted the DHHS ombudsman, Brent Ladman. I told him I had ALS and *"needed help yesterday"* as my condition worsened rapidly. He never contacted me except through email with a laundry list of documents I needed to produce

before I could get help from the state. I still have no help and have submitted everything they have asked. The list Brent Ladman sent me was a ridiculous list, before the State would help me for a person suffering from ALS. Since then, I have burned myself, fallen and had the police harass me over my pants which will not stay up as I cannot tie knots, or zipper things, do buttons or make my belt tight enough all during this period of time.

That doesn't sound like Public Safety.

I STILL "*NEED HELP YESTERDAY*" AND DHHS DOES NOT RECOGNIZE ALS FOR WHAT IT IS!

The State of New Hampshire received an F on its ALS report card and is considered one of the worst states nationwide for ALS, by the National ALS Association. I have experienced that failing Grade and it's very real.

We can do better for all vulnerable seniors. Just like the US Senate did we need to have emergency services for those suffering from ALS, and immediate help available. The disease can spread quickly and leave people without hope or help. It's just not right.

If I don't get help this week I am out of patience and will file a complaint against NH DHHS. What the NH DHHS has done with an ALS patient who is terminal and said, "*I needed help yesterday*", is not acceptable.

All my Best,

Paul Koch

Subject: ALS IN THE STATE OF NH

Commissioner Weaver,

Please read the attached document.

All my Best,

Paul Koch

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

The mission of The ALS Association is to make ALS a livable disease until we can cure it, and state public policy has a critical role to play. This report card offers a snapshot of where your state stands in that ongoing effort. Updated December 2024

POLICY AREA	DESCRIPTION	GRADE
Appropriations for ALS Care Services	Enacted budget includes new or continuing state appropriations dedicated to adequately supporting ALS care service programs and ALS clinics	F
Medigap Access & Affordability	Enacted legislation or regulatory policy ensuring access to affordable Medigap supplemental insurance plans for individuals under 65 living with ALS	D
Reforming Prior Authorization	Enacted legislation or regulatory policy that reduces delays, streamlines appeals, and increases transparency within the prior authorization process	B
Step Therapy	Enacted legislation or regulatory policy that eliminates step-therapy or fail-first requirements for people living with ALS	F
Copay Accumulators	Enacted legislation or regulatory policy that eliminates the use of copay accumulator adjustment programs	F

Extra Credit: N/A

MAKING ALS LIVABLE IN New Hampshire

ALS
ASSOCIATION

ALS State Policy Priorities

Our mission is to make ALS livable until we can cure it. Here's how state public policy can help:

Appropriations for ALS Care Services: The ALS Association provides families living with ALS with always-free care services that aren't typically covered by insurance, up to the limit of our donor-funded budget. By partnering with the state via a dedicated appropriation, we can help more individuals living with ALS remain at home under family-based care, and avoid Medicaid enrollment.

Medigap Access and Affordability: Individuals living with ALS under the age of 65 should have the same access to affordable Medigap plans as those living with ALS over the age of 65. Medigap access and affordability laws passed in 17 states are working well for consumers and the insurance industry.

Reforming Prior Authorization: Burdensome prior authorization requirement can delay and effectively deny care for people living with ALS. Legislation focused on reducing delays, streamlining appeals, and increasing transparency would help.

Eliminating Step Therapy: Insurance policies requiring people living with ALS to waste their limited time and money by taking cheaper, less-effective drugs before they can be given their doctor-prescribed medicines does not work. Legislation banning those requirements would help.

Copay Accumulators: Copays should always count towards the deductible for people living with ALS. Legislation banning the use of copay accumulator adjustment programs would ensure that they do.

Hi, my name is **James Cunningham (603) 991-7064** and I'm a constituent from Suncook. I demand **Governor Ayotte** protect the Social Security Administration from DOGE's workforce cuts and office closures that will put the benefits of over 72 million Americans at risk. To ensure people continue getting their benefit checks and assistance, it's critical that you refuse to pass any budget or spending bill that doesn't restore the SSA to full working capacity and re-open shuttered offices.

I demand the Trump administration end its pause on military aid to Ukraine. The United States should be committing security guarantees to our ally, not withdrawing support. Trump's weird pro-Putin stance against Ukraine is disturbing, suspicious, and not aligned with American values.

TO protect the Social Security Administration from DOGE's workforce cuts and office closures that will put the benefits of over 72 million Americans at risk. To ensure people continue getting their benefit checks and assistance, it's critical that you refuse to pass any budget or spending bill that doesn't restore the SSA to full working capacity and re-open shuttered offices.

I'm outraged that Trump's tariffs will make food, gas, and other essentials more expensive for American families like mine. These tariffs will disrupt supply chains, raise costs for businesses, and put hundreds of thousands of jobs at risk. Even Trump himself admitted these tariffs will hurt us.

I ask that **Governor Ayotte** speak out against these tariffs and demand accountability before more damage is done.

I'm calling to demand **Governor Ayotte** push back against the Trump administration's mass firings of dedicated federal workers by opposing any budget or spending bill unless it includes a binding mechanism to block DOGE's lawless impoundment and dismantling of federal agencies. Donald Trump is not a king, Elon Musk is not an elected authority, and their destructive overreach of power has to stop.

Thank you for your time and consideration. 5 Appleton Street, Suncook, NH 03275

Governor Ayotte Celebrates Graduation of New Hampshire 911 K-9 Winni

FOR IMMEDIATE RELEASE

March 4, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte joined New Hampshire 911 dispatchers and Department of Safety leadership in celebrating new comfort K-9 Winni's graduation from her training program alongside her handler, Supervisor Abigail Rider.

AT&T FirstNet provided a \$7,000 grant to fund Winni's training program, and Winni and Abby also had support from local nonprofit Hero Pups, which specializes in training service and support dogs for first responders and veterans.

"Congratulations to Winni and her handler, Abby, on completing their training and joining the New Hampshire 911 team full time," said **Governor Ayotte**. "I thank Abby and Winni for their dedication to supporting our hardworking 911 dispatchers, and partners Hero Pups

and AT&T FirstNet for their expert guidance and support of Winni's training program."

"The mental health and wellbeing of our team is of critical importance," **said New Hampshire Department of Safety Commissioner Robert L. Quinn.** "Winni will be there for our dedicated employees amidst the most difficult of calls and incidents, and I look forward to watching her fully integrate with our staff. I am also proud of Supervisor Rider for the tremendous amount of time and effort she has given to this program."

"The dedicated women and men of New Hampshire's emergency communications centers are public safety's first line of response," **said Ryan Clark, Regional Director, AT&T.** "They deal with traumatic events, often one after another, daily. That's where Winni comes in. Comfort dog programs help decrease stress, boost morale, improve coping, and so much more. We thank Governor Ayotte for her continued support of New Hampshire's first responders and applaud the New Hampshire Department of Safety and the Division of Emergency Services and Communications for prioritizing the health and wellness of their dedicated personnel. We're grateful for the ongoing collaboration with Hero Pups and know that because of them, Winni is more than ready to take on her job full-time."

Dear Gov Ayotte,

In your inaugural address you expressed a desire to overcome partisanship. Comm Edelblut has been so divisive. NH needs a commissioner committed to strengthening our public schools and not undermining them! Providing an adequate education involves so much more than math, science, social studies and language arts. Our kids are suffering and need the benefit of all kinds of arts. Learning comes in many forms and the more we can offer our students, the better.

Please do NOT reappoint this divisive commissioner.

Sage Wheeler

Governor Ayotte,

I am writing to ask that you do not reappoint Education Commissioner Edelblut. In your inaugural address, you suggested a desire to overcome excessive partisanship. We need a commissioner who is not working to undermine public schools and doesn't think that providing just math, science, social studies and language arts alone provide a full and adequate education. I don't see Commissioner Edelblut supporting and strengthening our community public schools - we need someone who will do just that!

Appreciate your consideration.

Best,

Good morning Consuelo –

I'm following up on our earlier conversation. Have you had a chance to firm up Governor Ayotte's schedule for March? We would very much welcome her attendance at our Legislative Town Hall meeting on March 28th, either in person or via zoom. The Governor was able to make a visit to Cottage Hospital pre-election and we feel this would be a wonderful opportunity for her to reiterate to her voters what she is working on for the Rural Hospitals.

If Governor Ayotte is unavailable would another member of her staff be able participate on her behalf?

Thank you for your time.

Thank you,
Missy Lund, CAP

Good afternoon Mary,

Thank you to the invitation to the Annual Legislative Town Hall Meeting at Cottage Hospital.

I usually schedule the Governor's time two weeks prior to events, so I will be reaching out to you on or about March on whether Governor Ayotte will attend the event.

I know that is past the February 7 RSVP deadline, but I don't want to schedule the Governor's time too far ahead.

Thank you,
Consuelo

Good morning Governor Ayotte-

Cottage Hospital is hosting our Annual Legislative Town Hall Meeting on Friday March 28, 2025 from 8:00am – 9:30am. We would like to invite you to attend and update the group on the important issues you are working on.

We have planned a comprehensive agenda starting with our President & CEO, Holly McCormack DNP, who will be presenting an update on Cottage Hospital. The New Hampshire Hospital Association's President Steve Ahnen and VP of Government Relations, Ben Bradley will be speaking as well. Time has been allotted for additional legislators to share important topics, as well as a questions and answers period.

The meeting will be hybrid again this year and we welcome you either in person or via Zoom.

We understand you have a busy schedule and we would like to work with you to allow for your participation.

A light breakfast will be provided beginning at 7:45am.

Please RSVP by February 7, 2025. I will forward the agenda and any additional information closer to the meeting date.

Thank you for your time and we look forward to see you.

Governor Ayotte Tours Lakes Region Community College

FOR IMMEDIATE RELEASE

March 5, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Yesterday, Governor Kelly Ayotte toured Lakes Region Community College with President Patrick Cate and Vice President Carlene Rose.

The Governor learned firsthand how Lakes Region Community College is preparing students for the workforce of tomorrow in fields ranging from culinary, to automotive, to fire and EMS services and nursing.

The Governor's proposed budget includes historic investments in our community college system, career and technical education, and workforce credentialing programs:

- Investing in the Community College System of New Hampshire to maintain the current tuition freeze
- \$6 million to fund dual and concurrent enrollment scholarships and support these programs for our high school students

- Expanding career and technical education and workforce credential programs in the trades, health care, and other critical jobs in our state

Please see below for courtesy photos from Governor Ayotte's tour of LRCC.

Dear Governor Ayotte,

I'm writing to encourage you to not reappoint Frank Edelblut as Commissioner of Education when his current appointment ends on March 23rd.

Commissioner Edelblut's tenure has been divisive and polarizing, which is bad for our schools, our communities and New Hampshire.

We need someone who will work to improve our public education system by rebuilding trust, understanding and goodwill between all stakeholders-educators, parents and communities.

He or she needs to demonstrate an ongoing commitment to our community public schools, the health and well-being of all students and the highest standards possible for an adequate education.

I support a public school system where all students have an opportunity to reach their full potential in a safe and protective environment with adequate resources and facilities and support from families and communities.

Thank you so much for taking the time to consider my concerns.

Sincerely,
Linda Terwilliger

Dear Governor Ayotte and Executive Council Members,

I am writing to express my concerns about the potential reappointment of Frank Edelblut as Commissioner of Education. During his tenure, there have been significant financial and administrative challenges that have adversely affected New Hampshire's educational system.

Under Mr. Edelblut's leadership, the average cost per pupil has risen to \$21,545 for the 2023-2024 school year, surpassing the national average of \$15,591. This increase has contributed to total educational expenditures exceeding \$4 billion, placing a substantial burden on taxpayers.

Additionally, Mr. Edelblut proposed reducing the state's Special Education Aid program by almost one-third. Given that New Hampshire spends approximately \$915 million on special education and related services, with about \$750 million already funded by local property taxes, this proposal would further strain local resources and exacerbate funding disparities among communities.

Furthermore, Mr. Edelblut's efforts to obtain subpoena power in educator code of conduct cases have raised concerns about potential overreach and the erosion of due process rights for educators. Both the NEA-New Hampshire and AFT-New Hampshire have opposed such measures, emphasizing the importance of protecting educators' rights.

Given these financial and administrative issues, I urge you to consider these factors carefully before making a decision on Mr. Edelblut's reappointment. Our state's educational system deserves leadership that prioritizes fiscal responsibility and the fair treatment of educators.

Thank you for your time,

Kristen Goodrich - Brentwood, NH

Dear Governor Ayotte,

I am running for School Committee in Wakefield, and I believe in the power of public schools. Commissioner Edelbut, unfortunately, has demonstrated he is not working FOR public schools but rather is intent on undermining and destroying our public schools at all levels from elementary up through our institutions of higher education. We need a Commissioner of Education who is committed to supporting and strengthening public schools. Mr. Edelbut's tenure has been polarizing, which is bad for NH students. I implore you to appoint a Commissioner of Education who supports ALL students in NH and supports our public institutions of learning.

Sincerely,

Good morning.

As a proud former public school teacher in NH, I have been saddened to watch Frank Elblut's tenure as the Commissioner of Education result in lower morale for teachers, public polarization, and a sharp overall decline in the educational experience for both teachers and students in our public schools. Solid public education, where trained teachers are respected as the professionals they are, is vital for our communities, our state, and the entire nation. Please do not reappoint Frank Edelblut, whose disdain for and lack of understanding about public education is painfully evident.

Thank you.

Dear Governor Ayotte,

With Commissioner Edelblut's term expiring this month, I wanted to reach out to express my sincere hope that you and the Executive Council will appoint a new Commissioner of Education. Mr. Edelblut has had a significant tenure in shaping education in our state. However, under his leadership, public schools are struggling more than ever, and his strong support for voucher programs has raised concerns that he is undermining public education. This perception puts his credibility into question, and it is time for fresh eyes, fresh energy, and a leader with a genuine commitment to strengthening public education in New Hampshire.

As a lifelong resident with two children in public schools—one in high school and one in university—as well as several friends and family members who teach in public education, I have a deep desire to see our state support its public schools in every possible way. The next Commissioner should be someone who values public education as a cornerstone of our democracy and is dedicated to ensuring all students receive a high-quality education.

Thank you for your time and consideration. I appreciate your leadership and hope you will take this opportunity to appoint a Commissioner who truly champions public education in New Hampshire.

Sincerely,
Sara Tirrell

NOFA-NH's Farm Share Program Now Accepting Applications

*A Community Food Security Program
Connecting Granite Staters with Limited
Incomes to Farm Fresh Food*

The Northeast Organic Farming Association of New Hampshire (NOFA-NH) is now accepting applications for its 2025 Farm Share Program. This vital food access program serves New Hampshire community members with limited incomes by providing funding and support for Granite Staters facing food insecurity to access local, certified organic and sustainably grown CSA (Community Supported Agriculture) shares at reduced costs. Since 2017, NOFA-NH has partnered with 27 farms to provide 305 shares to 1,000+ community members in 9 NH counties through the program.

How It Works:

- NOFA-NH provides funds for 50% of each farm share, paid directly to the farms.
- Farm Share Program recipients pay 25% of the total farm share cost upon program acceptance. Payments are made to the farm.
- Participating farms contribute the remaining 25%.

This year NOFA-NH is partnering with 25 farms across New Hampshire to offer nutritious farm shares for community members in need. Participating farms include: Bascom Farm, Begin Family Farm LLC, Bent Fork Farm, Brookford Farm, Cornucopia Project, Crow's Feet Farm, Dandelion Forest Farm, Greenhill Farm, Local Harvest CSA, Marlmark Farms, Meadowstone Farm, Mountain Heartbeet, Nerdy Turnip Farm, Open Woods Farm, Orange Circle Farm, Pork Hill Farm, Slopeside Farm, Stout Oak Farm, Tuckaway Farm, Turning Mill Farm, Two Mountain Farm, Waxing Moon Gardens, Wild Fern Farm, Winter Street Farm, and Uphill Farm.

In previous years, only certified organic farms with a CSA were eligible to participate in NOFA-NH's Farm Share Program. In 2024, NOFA-NH expanded farm participation to include certified organic farms with a farm stand, farm store, and farmer's market presence.

In 2025, NOFA-NH opened the program to accept both certified organic farms and non-certified NOFA-NH member farms that are either transitioning to organic or implement approved practices in an effort to increase the reach and accessibility of this program for farmers and recipients.

This program is possible thanks to generous support from NOFA-NH's sponsors:

- New Hampshire Charitable Foundation
- Monadnock Food Co-op
- Kearsarge Food Hub
- Black Trumpet Bistro
- Witching Hour Provisions
- The Works Bakery Café
- Flatbread Pizza Co.
- Revival Kitchen & Bar

If you would like to support this program or the other integral food system work of NOFA-NH, you can make a donation today at www.nofanhn.org/donate.

It is Local Working Group Season in New Hampshire: Be a voice for local conservation priorities!

Across the Granite State, county conservation boards are starting to convene Local Working Groups to help determine conservation priorities in the state. Local Working Groups allow the community to discuss and come to a consensus on conservation initiatives important in their district. Recommendations are forwarded to the State Technical Committee who work together with the U.S. Department of Agriculture's Natural Resources Conservation Service (USDA, NRCS) in New Hampshire to provide guidance on matters important to the citizens of the Granite State.

This year meetings are taking place earlier than usual in New Hampshire. In previous years, these meetings would typically take place in June and July – a busy time for communities and farm and forest landowners. The anticipation is that earlier meetings are more accessible and will increase participation and discussion regarding local resource concerns. Your input can make an impact on funding and allocation decisions for New Hampshire NRCS programs in 2025.

Find a list of upcoming Local Working Group Meetings in your community below:

Belknap County Conservation District, Local Working Group Meeting:
March 6, 2025, from 6:00 - 8:00pm

Cheshire-Sullivan County Conservation District, Local Working Group Meeting:
March 12, 2025, from 5:30 - 7:30pm

Carroll County Conservation District, Local Working Group Meeting:
March 13, 2025, time to be determined

Coos County Conservation District, Local Working Group Meeting:
March 18, 2025, from 4:30 - 6:30pm

Grafton County Conservation District, Local Working Group Meeting:
March 19, 2025, from 10:00am - 12:00pm

Rockingham County Conservation District, Local Working Group Meeting:
March 26, 2025, from 3:30 - 5:30pm

Hillsborough County Conservation District, Local Working Group Meeting:
Date and time to be determined.

Merrimack County Conservation District, Local Working Group Meeting:
Date and time to be determined.

Details for the upcoming events can be found on the NRCS, N.H. website here: https://www.nrcs.usda.gov/events?title=&field_event_type=All&field_nrcs=All&field_programs=All&field_event_date_value=1&field_states=59 or by calling your local conservation district manager.

Grafton County Conservation District and Natural Resources Conservation Service Announce Local Working Group Meeting

NH Division of Weights and Measures

2025 Scale Clinics

The New Hampshire Division of Weights and Measures will be hosting fourteen (14) Scale Clinics at eleven (11) locations throughout the state in 2025. UPDATES HIGHLIGHTED BELOW.

All scale clinics are by **appointment only** to better allocate staffing and equipment needs.

All clinics will be from **10:00am – 2:00pm** at the dates and addresses listed below.

Designated parking spots will be marked on the individual site flyers. Please park as directed and bring your scales into the facility for testing. For more specific instructions, please visit <https://www.agriculture.nh.gov/divisions/weights-measures/educational-seminars.htm> or select the QR Code below. Click on the link to the location you will be attending.

Ensure all power cables and accessories (including **scale feet, power supply, platters and stanchions**, etc.) are brought to the clinic.

Scales must be in clean and usable condition before being tested and certified.

Please have your account number and **check or cash** if a license fee is due. Payment by credit/debit card is not accepted at this time.

To schedule an appointment, please call:
(603) 271 – 2894
and have your account number available.

The Grafton County Conservation District and USDA Natural Resource Conservation Service (NRCS) will host the 2025 Local Work Group Meeting on Wednesday, March 19th from 10:00AM to 12:00 noon in the Extension Conference Room, Administration Building, Grafton County Complex, North Haverhill, NH. Local work group meetings are a yearly opportunity to work with the Conservation District to offer USDA NRCS feedback on their Environmental Quality Incentives Program (EQIP). Share your feedback and help identify local funding priorities in Grafton County! Farmers, foresters, NRCS program participants, representatives of conservation, agriculture, and forestry organizations are encouraged to participate.

What impact do local work groups have? The meeting helps determine conservation priorities which have an impact on USDA NRCS funding decisions! As a result of feedback shared at last year's local work group meeting process, the following resolutions were endorsed by the NH Association of Conservation Districts in November 2024, the National Association of Conservation Districts (NACD) Northeast Region in December 2024, and the National Association of Conservation Districts in February 2025:

- 1. Supporting Additional NRCS Payment Scenarios for Reduced Impact Logging** – Recognizing the increasing need for reduced impact logging (RIL) practices due to climate change and diminished winter snowpack, NHACD advocated for NRCS payment scenarios to incentivize logging practices that minimize soil erosion, protect water quality, and preserve forest integrity.
- 2. Expanding EQIP Funding to Include Renewable Energy Generation** – NHACD proposed expanding the Environmental Quality Incentives Program (EQIP) to support renewable energy generation on farms. By incorporating energy generation projects, such as solar panels and small wind turbines, within the existing EQIP cost-share model, the resolution aims to streamline access to funding and promote greenhouse gas reductions in agricultural operations.
- 3. Including NRCS Conservation Practice Standard (CPS) Fence (Code 382) as a Supporting Practice Under CPS Pest Management Conservation System (Code 595)** – To effectively mitigate crop damage by deer and other large herbivores, NHACD advocated for the inclusion of exclusion fencing as a supporting practice under CPS 595. This addition aligns with existing NRCS practices and enhances farmers' ability to protect crops from mammalian pests.

When NACD adopting Resolutions from membership, NACD agrees to advocate for these changes in legislative policy.

The Grafton County Conservation District Local Working Group meeting is open to the public. If you need an accommodation to participate in this activity or event, please contact Pam Gilbert at (603) 787-6973, or by e-mail at pamela.gilbert@nh.nacdnet.net by March 17, 2025.

Increasing Vegetable Plant Diversity With Seeds

Heirloom varieties, such as this Moneymaker pole tomato, often produce more flavorful fruit than hybrid varieties and often have an interesting backstory about how they were developed. (photo: Amy Simone)

Choosing seeds and starting your own transplants are among the most empowering ways to garden. Why grow the same vegetable varieties that you can buy at the grocery store when there are so many others to try?

In addition, purchasing unique varieties of seeds encourages growers to keep offering them. As a bonus, diversity in your vegetable garden can give our pollinators and other beneficial insects a wider diet.

Perhaps you are looking for the ideal tomato to slice fresh off the vine into your salads and prefer them to be balanced between acidity and sweetness. As you read the growers' notes on various tomato varieties, focus on the description of their flavors and uses and let that guide you to a few options.

Among the choices between those perfect, not-too-sweet, fresh eating tomatoes, there also are options for hybrid, heirloom or open-pollinated seeds.

Hybrid seeds, also referred to as F1 (first generation off-spring) hybrids, are the result of a controlled cross between two parent plants of the same species carefully chosen for their attributes. This is a lengthy process that may take seven to eight years until a consistent hybrid plant is achieved.

The seeds from this winning combination are packaged and sold with a higher price tag. In exchange for the extra cost are seeds with "hybrid vigor." These seeds germinate into

strong seedlings that become larger plants, yield more fruit and are more resistant to the common diseases and pests for that type of plant.

To clarify, hybrids are not genetically modified organisms, also called GMOs, as some people may believe. GMOs are made by modifying the plant's genetic material in a lab.

The downside to hybrids is that to continue to grow the variety that you like, you will need to buy seeds for it each year. Seeds saved and planted from F1 hybrids will not result in the same plant.

Open-pollinated seeds, often noted as OP on packets, are from plants that are pollinated naturally by the wind and insects. Seeds saved from these plants will grow exactly the same variety. It's especially easy to save the seeds of beans, lettuce, tomatoes and peas for planting in future seasons since these are self-pollinating plants.

Heirloom seeds are open-pollinated plants that were developed naturally outside of the commercial plant trade. Heirloom plants often have been saved and replanted for more than 50 years, and there is usually an interesting backstory to how that variety developed.

Standard and heirloom open-pollinated seeds will yield stable traits from generation to generation. Many people feel that their flavor is superior to that of hybrids. They are less expensive than hybrids, especially when you save their seeds for the following year's crop.

If saving seeds is important to you, there is likely an open-pollinated variety with the desired attributes that is similar enough to a hybrid that you like.

Hybrid varieties may be better if you have a smaller garden and want to get more yield from fewer plants. Open-pollinated plants will offer more varieties that focus on taste and uniqueness. There is room in your garden for both.

Most importantly, embrace the power to expand the diversity of vegetables that you grow by selecting your own seeds.

NOFA-NH's Farm Share Program Now Accepting Applications

*A Community Food Security Program
Connecting Granite Staters with Limited
Incomes to Farm Fresh Food*

The Northeast Organic Farming Association of New Hampshire (NOFA-NH) is now accepting applications for its 2025 Farm Share Program. This vital food access program serves New Hampshire community members with limited incomes by providing funding and support for Granite Staters facing food insecurity to access local, certified organic and sustainably grown CSA (Community Supported Agriculture) shares at reduced costs. Since 2017, NOFA-NH has partnered with 27 farms to provide 305 shares to 1,000+ community members in 9 NH counties through the program.

How It Works:

- NOFA-NH provides funds for 50% of each farm share, paid directly to the farms.
- Farm Share Program recipients pay 25% of the total farm share cost upon program acceptance. Payments are made to the farm.
- Participating farms contribute the remaining 25%.

This year NOFA-NH is partnering with 25 farms across New Hampshire to offer nutritious farm shares for community members in need. Participating farms include: Bascom Farm, Begin Family Farm LLC, Bent Fork Farm, Brookford Farm, Cornucopia Project, Crow's Feet Farm, Dandelion Forest Farm, Greenhill Farm, Local Harvest CSA, Marimark Farms, Meadowstone Farm, Mountain Heartbeet, Nerdy Turnip Farm, Open Woods Farm, Orange Circle Farm, Pork Hill Farm, Slopeside Farm, Stout Oak Farm, Tuckaway Farm, Turning Mill Farm, Two Mountain Farm, Waxing Moon Gardens, Wild Fern Farm, Winter Street Farm, and Uphill Farm.

In previous years, only certified organic farms with a CSA were eligible to participate in NOFA-NH's Farm Share Program. In 2024, NOFA-NH expanded farm participation to include certified organic farms with a farm stand, farm store, and farmer's market presence.

In 2025, NOFA-NH opened the program to accept both certified organic farms and non-certified NOFA-NH member farms that are either transitioning to organic or implement approved practices in an effort to increase the reach and accessibility of this program for farmers and recipients.

This program is possible thanks to generous support from NOFA-NH's sponsors:

- New Hampshire Charitable Foundation
- Monadnock Food Co-op
- Kearsarge Food Hub
- Black Trumpet Bistro
- Witching Hour Provisions
- The Works Bakery Café
- Flatbread Pizza Co.
- Revival Kitchen & Bar

If you would like to support this program or the other integral food system work of NOFA-NH, you can make a donation today at www.nofanb.org/donate.

SWINE

2 large pigs about 400 lbs. ea., 1 boar and one cut male, \$400.00 ea. Piglets for sale, cut, wormed, & iron shots, will be ready to go the week after, Thanksgiving, \$75 ea. Call or text. —**WEST CHESTERFIELD**, 603-313-4915.

Piglets ready to go, \$60 ea. born and raised outside, electric fence trained, leave message. —**MONROE**, 603-638-2648.

Hereford pig, 175-200 lbs. for meat, gd. freezer pig, \$200 firm. —**NORTHFIELD**, 603-937-5630.

SHEEP

2 Tunis X ewe wool lambs born 4/24, \$225/ea.; 2 Katahdin ram lambs born 4/24, \$200/ea. —**UNITY**, 603-543-0490.

One Katahdin/Clun Forest mixed ram born 3/2024, \$225/ea. —**WEARE**, 603-370-0701

GOAT

1 Black and tan Nubian cross Billy Goat, 9 mos. \$150. —**UNITY**, 603-543-0490.

POULTRY

7 5 yr old laying hens Will pay \$10 for someone to come take them away! They've gotta go! For meat only, leave message (including phone number) on machine. —**CTR. SANDWICH**, 603-284-6233.

HAY & BEDDING

'23 2nd cut square bales, \$6 per bale; '24 1st cut square bales, \$8 per bale; Mulch hay, \$6 per bale. —**CROYDON**, 603-863-0725.

Sq. Bales, \$5 per bale; 2nd cut rd. bales, \$50-\$65. —**CROYDON**, 603-863-1891.

Approx. 450 bales 24" 2nd cut, excellent quality, never wet, \$6 per bale. —**NO. HAVERHILL**, 603-787-6683.

'24 1st & 2nd cut dry grass ha, rd. bales from fertilized fields, never wet, barn stored, \$60/ea.; 'Alfalfa, rd. bales from new seeding, \$70/ea.; '23 1st cut rd. bales & bedding, \$25/ea. —**NO. STRATFORD**, 603-631-5953.

Baillage Round Bales, 48"x50", triple wrapped, 1st cut Fertilized Fields, \$60; 2nd cut \$35. —**PETERBOROUGH**, 603-924-9759.

'24 gd. quality small sq. bales, 2nd cut hay from fertile fields, never wet stored in the barn, \$4 ea., lg quantities available. —**PIKE**, 603-989-5677

1st crop silage rd. bales, 4x4 dbl. wrapped, \$60 ea. —**PLYMOUTH**, 603-536-2838/603-481-1674.

1st crop hay \$6.50/bale; 2nd crop hay \$7.50/bale; Mulch, \$3.00/per bale. —**SANBORNTON**, 603-455-0576.

1st crop sq. bales from fertilized fields, \$6/per bale. —**SANBORNTON**, 603-581-5416.

'24 1st crop hay, no rain, good quality, about 3500 bales, asking \$6 per bale. —**STEWARTSTOWN**, 603-331-3840.

'24 1st crop 4x5 dry round bales, stock hay, \$60 ea.; 2nd crop 4x5 dry round bales, \$80 ear 3rd. crop 4x4.5 baillage, alfalfa/grass mix, \$80 ea.; 3rd crop dry small square bales, alfalfa/grass mix, \$10 ea. —**STRATHAM**, 603-770-7713.

Animal bedding plus -kiln dried white pine sawdust, approx. 55 lb. bag, will deliver 100+ bags or truckload quantities, \$6. —**TAMWORTH**, 603-323-7677

MAPLE

C. H. Grimm evaporator arch, 2' x 6', Oil-fired, raised flu, needs pans, fair condition, \$1,200 or best offer. (located in Deerfield), —**BOSCAWEN**, 603-496-6430

725 Gal. Horizontal Sap Tank, Approx. 49" w x 100" l x 54" h, 16" Opening, \$1,000; Marland Automatic Drawoff Controller, 1" Valve and Temperature Probe, \$500. —**ORFORD**, 603-353-4883.

FARM EQUIPMENT

20 Metal Stanchions \$20/ea.; 430 Intl. Baler, \$400. —**BELMONT**, 603-801-8649.

4' Wood splitter Tractor, hyd., \$800. —**CANDIA**, 603-483-2316.

'69 International 2544 Hydro C-200, 4 CYL, 52 HP gas engine, needs work, starts, runs & quits, stored inside, \$2,200. Call Kevin. —**CHESTER**, 603-327-4406.

4'x6' Chain-drag, \$200. —**CROYDON**, 603-863-0725.

5 Hay elevators for sale: 16' to 25' sizes, \$500 & up, best offer for all 5 elevators. —**DERRY**, 603-548-3890.

5hp Vacuum Pump & tank, auto oiler, etc., \$750; Bulk milk tank — 600gal., \$1,500. —**HILLSBORO**, 603-464-4405.

Earthway Seeder with fertilizer hopper and extra seed plates, \$150. —**HOLDERNESS**, 603-968-9381.

New Idea, 206 manure spreader, ground driven, gd. cond., \$700; Super Chief double land plows, 3-point Hitch, gd. cond., \$500. —**HOOKSETT**, 603-345-1789.

10ft. Of 15" dia. heavy duty plastic culvert, new, \$165. —**LANGDON**, 603-252-0350.

Timberwolf TW-5, 24" wood splitter, Honda engine, electric start, new battery, log lift, holding table, 2- 4- & 6-way wedges, adjustable wedge height, commercial duty, road worthy, hour meter (200 hrs.) manual and maintenance records gd. cond., \$6,500; Marwood PTO Circular Saw 30" blade, 12" cut, HD gear box, safety shields, PTO speed 540 RPM, saw speed 1300 RPM, well balanced and easy to operate table & manual, gd. cond., \$2,200; Addington Equipment 6' Brush Rake, HD ¾" steel rake, fast hitch, requires front hydraulics and 60-85 HP tractor, gd. cond., \$3,000. Leave message. —**LOUDON**, 603-224-9548.

Timberwolf wood splitter splits up to 36", Honda GV 270, \$2,500/b.o. —**LYNDEBORO**, 603-554-6817.

Hough 80 loader gd. tires, runs well, oil leaks, \$3,500. —**MILFORD**, 603-673-3696.

Lawn Chief vintage 5HP 3-spd. w/reverse 24" walk behind rear tiller garden rototiller, v.g. cond., \$1,500; 1 cord cordwood traitor, heavy steel construction, \$450; Tractor tire 28.9-wheel ring chains, \$500 pr. —**MILFORD**, 603-673-1300.

Snowblower—66 " wide ,2-30" Auger type fans,(sheer bolt protected),all chains in oil reservoir, 540 PTO Cat I or II , Hydraulic chute rotator- MFG WILDCAT, now Teamco Inc. SNOWBLAST, \$3,000. —**NELSON**, 603-313-3321.

Ford 3-Pt hitch? , Angle blade, \$500; 3-Pt. hitch Forks, \$150; 1Pr. of loader Forks, \$100; JD 3-Pt. Snowblower, v.g. cond. model #666, \$2,000. —**NEW BOSTON**, 603-325-5551.

Barrels, HD, Blue 55-gal. poly drums. Great for sand. \$10/ea. Quantity discounts. —**NO. SUTTON**, 603-927-4292.

Pioneer Fore cart, manual brakes: fenders, wooden pole: two seats: excellent cond., leave message, \$12,050. —**OSSIPEE**, 603-832-8228.

'53 Allis Chalmers tractor model WD, wide front end, old farm type loader (trip bucket) tractor doesn't run, motor stuck, \$500. —**SEABROOK**, 603-394-7069.

Holland plastic mulch layer with drip irrigation attachment. Shapes bed, lays plastic mulch and drip all in one pass, in great working cond., lightly used the last 8 yrs., \$1,800; Chisel plow in good working cond., \$1,800. —**WALPOLE**, 603-338-8582.

Fisher plow, 8' complete hydraulic A-Frame Joystick controls, fits 70's, 80's Chevy/GMC, \$495 —**WINDHAM**, 603-952-0277.

MISCELLANEOUS

Pre 1800's 1 horse wagon, (buck board) was used for apples & vegetables, wheels & wagon in gd. shape, \$3,000. —**BOSCAWEN**, 603-931-0101.

Pair of 3 rib front tractor tires, size 4.00-15. great tread w/tubes. \$25. —**CONCORD**, 603-226-4870

Antique wooden metal bending brakes, \$150. —**CROYDON**, 603-863-0725.

Mechanic tools, test equipment, pipe wrenches, wire connectors, drills, air wrenches, etc., \$5-\$50. —**FREMONT**, 603-679-5990.

Set of chains for 9N, 8N or tractor tires of similar size, \$400. —**GILMANTON**, 603-520-1300.

Hitachi Leaf Blower, runs great, no issues, high CFM, pure fire commercial grade motor, \$50. —**HOLLIS**, 603-465-2672.

HD Tractor bucket, 6'w, 3'h and 3'deep, excellent cond., \$1,000; 2 JD rims & tires, 16"x8", excellent cond., Titan Hi-traction Lug rubber, some tread left, \$150; Glenwood wood stove, sm. burner cook stove, made by Oakland Foundry Company, \$200. 4' high Symons Concrete forms, 2 straps, 4" all the way up to 24" 385 running ft. w/all the hardware included, \$12,000; rebar cutter/bender, \$250. —**HOOKSETT**, 603-345-1789.

Storage Trailer, 13'-6" x 102" x 48', swinging doors, could be made roadable, \$1,500; Swenson 1-ton SS Sander, gas motor, \$1,000. —**MILFORD**, 603-673-3696.

Multi-tier rolling chick brooders, 3 units , in working order on a 5-tier rolling stand. Each unit approx. 2' W x 3'L, \$150. —**NASHUA**, 603-566-0263.

Rugged former town plow, 9' x 29" 1/4" steel blade, fabricated to fit my backhoe using steel I beam, \$200; Fisher min mount snowplow 7 1/2' x 25 1/2" has some rust holes on blade, \$200; call Paul. —**NO. STRATFORD**, 603-848-9891.

Barrels, HD, Blue 55 gal. poly drums. Great for sand, winter special \$5/each. Quantity discounts. —**NO. SUTTON**, 603-927-4283.

MVE Millenium 2000 XC20 liquid nitrogen tank with approx. 80 units dairy bull semen, \$750; 2 gal. Round Heated Water Bucket, \$5; 5 gal. Flat Back Heated Water Bucket, \$15; 2.5 gal. Flat Back Heated Water Bucket, \$10; 16 gal. Heated Water Tub, \$25; Honda GC 160, 5.0 portable generator for parts or repair, \$50; Milk transfer pump, 1 hp, 3600 rpm, 56hcz frame, \$250! Cattle leather show halters, size medium \$15, large \$20; 2 hanging halter/bridle hangers, 5 hooks on each hanger.\$10 ea. or \$15 Both. —**PITTSFIELD**, 603-545-2132.

Antique Int. Hay baler, complete w/continental motor, yr. and model unknown., not running, \$1,250/b.o.; Talbert 4th Axles-fit Talbert or Fontaine lowboy trailers, \$12,500/b.o. —**PLYMOUTH**, 603-536-2838.

1 set Tractor Chains, 17-5-24, \$400. —**TAMWORTH**, 603-323-8046.

Tulsa Winch, 100+ft., a cable PTO Driven, \$200. —**WARNER**, 603-456-6029.

14 yd. clean fill, delivered within 15-20 miles of Weare, \$165/per load; Hot Air Propane Furnace, 100,000 BTU, direct vent, \$375/b.o.; Monitor Space Heater direct vent, Kero #1 fuel heated 26'x42 camp, gd. cond., \$300/b.o. 275 Gal. Oil Tank horizontal style w/legs, gd. cond., \$275/b.o. —**WEARE**, 603-491-3922.

TRUCKS & TRUCK PARTS

Receiver hitch from a '13 Chevy 3500, \$100; '80s Chevy tailpipe, never used, \$25; mirrors from '13 Poner, \$50; Transfer case fits Turbo 400 trans., \$400; 6.2 diesel oil cooler lines, \$20; '80 Chevy fuel tank straps, new, \$30. —**CROYDON**, 603-863-0725.

'74 Ford L-900 former fire truck which is now a dump truck with an 8 yd. double hoist, 534 engine and 5.2 transmission, only 27,000 miles, \$7,400; '82 Intl. 1700 Fire-Rescue Truck, gd. cond., fully closed comp. with a 13' body, \$3,500. —**NORTH SUTTON**, 603-927-4710.

'08 six-wheel Ford Dump Truck with 37000 thousand miles, excellent cond., \$34900. —**ORFORD**, 603-667-6334.

Mack Parts: turbo PTO Cab parts, starters, exhaust parts, water pump, alternator, misc. parts; 2 Mack CH Hoods, gd. cond. \$1,250/ea.; Mack rears #2300, Housing Part #19 QF4414-P2, \$3,000; Complete MAC 460 Engine for Core was running kept under cover, \$3,500/b.o.; '47 International KB-7, 6cyl, 4 & 2 spd., 16' Platform body, no brakes, engine runs well, \$6,500. —**PLYMOUTH**, 603-536-2838/603-481-1674.

AD REQUIREMENTS

- **Your name**
- **NH phone number.** No out of state cell or home phone numbers will be accepted, except for want ads.
- **New Hampshire town.**
- **Price(s)** for items that are being sold.
- Should there be any of the above missing, the bulletin staff does NOT telephone subscribers to discuss what the problem is. If for any reason your advertisement is not in the bulletin, please contact us at 271-1324.

Grafton County Conservation District and Natural Resources Conservation Service Announce Local Working Group Meeting

The Grafton County Conservation District and USDA Natural Resource Conservation Service (NRCS) will host the 2025 Local Work Group Meeting on Wednesday, March 19th from 10:00AM to 12:00 noon in the Extension Conference Room, Administration Building, Grafton County Complex, North Haverhill, NH. Local work group meetings are a yearly opportunity to work with the Conservation District to offer USDA NRCS feedback on their Environmental Quality Incentives Program (EQIP). Share your feedback and help identify local funding priorities in Grafton County! Farmers, foresters, NRCS program participants, representatives of conservation, agriculture, and forestry organizations are encouraged to participate.

What impact do local work groups have? The meeting helps determine conservation priorities which have an impact on USDA NRCS funding decisions! As a result of feedback shared at last year's local work group meeting process, the following resolutions were endorsed by the NH Association of Conservation Districts in November 2024, the National Association of Conservation Districts (NACD) Northeast Region in December 2024, and the National Association of Conservation Districts in February 2025:

- Supporting Additional NRCS Payment Scenarios for Reduced Impact Logging** – Recognizing the increasing need for reduced impact logging (RIL) practices due to climate change and diminished winter snowpack, NHACD advocated for NRCS payment scenarios to incentivize logging practices that minimize soil erosion, protect water quality, and preserve forest integrity.
- Expanding EQIP Funding to Include Renewable Energy Generation** – NHACD proposed expanding the Environmental Quality Incentives Program (EQIP) to support renewable energy generation on farms. By incorporating energy generation projects, such as solar panels and small wind turbines, within the existing EQIP cost-share model, the resolution aims to streamline access to funding and promote greenhouse gas reductions in agricultural operations.
- Including NRCS Conservation Practice Standard (CPS) Fence (Code 382) as a Supporting Practice Under CPS Pest Management Conservation System (Code 595)** – To effectively mitigate crop damage by deer and other large herbivores, NHACD advocated for the inclusion of exclusion fencing as a supporting practice under CPS 595. This addition aligns with existing NRCS practices and enhances farmers' ability to protect crops from mammalian pests.

When NACD adopting Resolutions from membership, NACD agrees to advocate for these changes in legislative policy.

The Grafton County Conservation District Local Working Group meeting is open to the public. If you need an accommodation to participate in this activity or event, please contact Pam Gilbert at (603) 787-6973, or by e-mail at pamela.gilbert@nh.nacdnet.net by March 17, 2025.

NH Division of Weights and Measures

2025 Scale Clinics

The New Hampshire Division of Weights and Measures will be hosting fourteen (14) Scale Clinics at eleven (11) locations throughout the state in 2025. UPDATES HIGHLIGHTED BELOW.

All scale clinics are by **appointment only** to better allocate staffing and equipment needs.

All clinics will be from **10:00am – 2:00pm** at the dates and addresses listed below.

Designated parking spots will be marked on the individual site flyers. Please park as directed and bring your scales inside the facility for testing. For more specific instructions, please visit <https://www.agriculture.nh.gov/divisions/weights-measures/educational-seminars.htm> or select the QR Code below. Click on the link to the location you will be attending.

Ensure all power cables and accessories (including **scale feet, power supply**, platters and stanchions, etc.) are brought to the clinic.

Scales must be in clean and usable condition before being tested and certified.

Please have your account number and **check or cash** if a license fee is due. Payment by credit/debit card is not accepted at this time.

To schedule an appointment, please call:
(603) 271 – 2894
and have your account number available.

Increasing Vegetable Plant Diversity With Seeds

Heirloom varieties, such as this MoneyMaker pole tomato, often produce more flavorful fruit than hybrid varieties and often have an interesting backstory about how they were developed. (photo: Amy Simone)

Choosing seeds and starting your own transplants are among the most empowering ways to garden. Why grow the same vegetable varieties that you can buy at the grocery store when there are so many others to try?

In addition, purchasing unique varieties of seeds encourages growers to keep offering them. As a bonus, diversity in your vegetable garden can give our pollinators and other beneficial insects a wider diet.

Perhaps you are looking for the ideal tomato to slice fresh off the vine into your salads and prefer them to be balanced between acidity and sweetness. As you read the growers' notes on various tomato varieties, focus on the description of their flavors and uses and let that guide you to a few options.

Among the choices between those perfect, not-too-sweet, fresh eating tomatoes, there also are options for hybrid, heirloom or open-pollinated seeds.

Hybrid seeds, also referred to as F1 (first generation off-spring) hybrids, are the result of a controlled cross between two parent plants of the same species carefully chosen for their attributes. This is a lengthy process that may take seven to eight years until a consistent hybrid plant is achieved.

The seeds from this winning combination are packaged and sold with a higher price tag. In exchange for the extra cost are seeds with "hybrid vigor." These seeds germinate into

strong seedlings that become larger plants, yield more fruit and are more resistant to the common diseases and pests for that type of plant.

To clarify, hybrids are not genetically modified organisms, also called GMOs, as some people may believe. GMOs are made by modifying the plant's genetic material in a lab.

The downside to hybrids is that to continue to grow the variety that you like, you will need to buy seeds for it each year. Seeds saved and planted from F1 hybrids will not result in the same plant.

Open-pollinated seeds, often noted as OP on packets, are from plants that are pollinated naturally by the wind and insects. Seeds saved from these plants will grow exactly the same variety. It's especially easy to save the seeds of beans, lettuce, tomatoes and peas for planting in future seasons since these are self-pollinating plants.

Heirloom seeds are open-pollinated plants that were developed naturally outside of the commercial plant trade. Heirloom plants often have been saved and replanted for more than 50 years, and there is usually an interesting backstory to how that variety developed.

Standard and heirloom open-pollinated seeds will yield stable traits from generation to generation. Many people feel that their flavor is superior to that of hybrids. They are less expensive than hybrids, especially when you save their seeds for the following year's crop.

If saving seeds is important to you, there is likely an open-pollinated variety with the desired attributes that is similar enough to a hybrid that you like.

Hybrid varieties may be better if you have a smaller garden and want to get more yield from fewer plants. Open-pollinated plants will offer more varieties that focus on taste and uniqueness. There is room in your garden for both.

Most importantly, embrace the power to expand the diversity of vegetables that you grow by selecting your own seeds.

Question of the Week

Q: What are some salt-tolerant perennials for the home landscape?

A: Salt damage to plants can be quite common in New England from the use of winter deicers. Particularly for plants that are salt-sensitive, damage can occur either from salt spray from treated roads, or soil accumulation from salt-concentrated runoff as snow and ice melt. Other than not planting salt-sensitive plant species near areas where deicers will be used, there are a few other strategies to minimize and prevent salt damage. One is to replace sodium chloride deicers and use less harmful salts such as calcium, magnesium or potassium chlorides, or reduce the use of deicers and supplement with antiskid products like sand or wood ash.

You may also want to consider planting more salt-tolerant species to either replace those that are salt-sensitive or buffer those plants from salt spray.

Good options for salt-tolerant evergreen trees and shrubs planted as barriers are eastern red cedars (*Juniperus virginiana*), which tolerate both salt spray and soil-borne salt and are deer-resistant. Other options include inkberry holly (*Ilex glabra*), northern bayberry (*Myrica pensylvanica*), and blue spruce (*Picea pungens*).

Deciduous trees and shrubs can also serve as wind barriers to salt-sensitive plants that include favorites like lilacs (*Syringa* spp.), pussy willows (*Salix discolor* and *S. caprea*), and native species like Canada serviceberry (*Amelanchier canadensis*).

For flowerbeds near a roadway or walkway where soil-borne salt is likely, there are many perennials that you can try: tickseed (*Coreopsis*), blanket flower (*Gaillardia*), butterfly weed (*Asclepias tuberosa*), plantain lily (*Hosta*), daylily (*Hemerocallis*), or coral bells (*Heuchera*). Late-season bloomers include stonecrops (*Sedum*), New England asters (*Symphyotrichum novae-angliae*), and Joe-Pye weed (*Eutrochium*).

Lastly, turfgrasses that are known to have high salt tolerance include perennial ryegrass, creeping bentgrass, creeping red fescue, and tall fescue. Even with planting a mix of these species, heavily irrigating areas that are prone to salt-accumulation once in the spring will help to leach salts out of the root zone and reduce the risk of salt damage as well.

Dear Governor Ayotte, and executive council. We are writing today to let you know we do not support reappointing Frank Edelblut to Education Commissioner for NH. Not only has his tenure been divisive, but he is not supportive of public education. Education is the backbone of a civilization and one of the most important functions of government. We need well educated citizens to lead our state and our nation into the future.
Thank you. Rachel and Sarge Legard, Lee NH

Dear Governor Ayotte:

I understand that Commissioner of Education Frank Edelblut is coming up for reappointment. I respectfully ask that you not reappointment him.

The Commissioner is not someone who actually believes in public education. His introduction and continued promotion of vouchers for private tuition and homeschooling has decreased state support for public schools and resulted in an increase in local property taxes. Families whose children were never enrolled in public schools are now cashing in on vouchers to pay private school tuition.

Public education is the cornerstone of American democracy. In New Hampshire, under Edelblut's tenure, it's crumbling.

Sincerely,

Susan Covert

Governor Ayotte Shares Priorities for All of New Hampshire at Greater Concord Chamber of Commerce

FOR IMMEDIATE RELEASE

March 6, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte presented her priorities for all of New Hampshire before state business leaders at the Greater Concord Chamber of Commerce State of the State luncheon.

“New Hampshire is the Beast of the Northeast, and we intend to stay that way. What we’ve created over these last number of years together is special, and all of New Hampshire is benefitting from it,” **said Governor Ayotte.** “This success does not come without new challenges, like increasing our housing supply, or keeping a best-in-class education system, or keeping up with demand for our services, but I believe that together, we can meet these challenges head on.”

The Governor highlighted key priorities outlined in her proposed budget, including:

- Historic investments in our community college system, workforce credential programs, and career and technical education
- More funding for public schools than ever before
- Over \$1 billion to fund services for citizens with disabilities and ensure there continues to be no waitlist
- Consolidating the permitting process to cut red tape and empower state agencies to deliver permit determinations in 60 days

Dear Governor Ayotte,

The current Education Secretary, Mr. Edelblut, has pursued Vouchers instead of public schools. These voucher programs are drawing funds from taxpayers which robs us of adequate funding for public education. Some of these Vouchers are religious schools and they circumvent the constitution and separate state and church rules. I found this type of education to be elitist and lacking in oversight.

Please support PUBLIC EDUCATION.

Sincerely

Nancy Clark

Dear Governor Ayotte and Council members.

I urge you not to reappoint Commissioner Edelblut as the head of the NH Department of Education. During his tenure, he has done more to destroy public education and any previous commissioners. He has let his personal religious and distain for public education beliefs cripple our excellent system of education for NH's children. In addition, he has continued to re-write history and frighten hard working and dedicated teachers with his "Freedom" legislation (currently declared unconstitutional) and robbed the Educational Trust Fund to give wealthy households access to vouchers originally earmarked to assist low-income parents to pay for their child(ren) desiring to go to a different school. Masses of data show that not only is the original intent a failure, but it has also further moved the cost of educational services onto towns. As recent school board meetings throughout the state have shown, the public is both angry and aware of the pain he has caused and correctly point the finger at the State for our huge increases in property taxes.

Another appointment of Edelblut will show everyone here and abroad that our state is anti-public education.

Please appoint someone who believes in public education, the foundation of our democracy.

Thank you,

Dear Gov. Ayotte,

I am writing to implore you to NOT keep Frank Edelblut as our Commissioner of Education once his term ends later this month. I understand that having an alternative to public school is a benefit for a *minority* of students. However; the Commissioner should be supportive and protective of the *majority* of students - in public school — as well. Mr. Edelblut has publicly disavowed the value of public schools and therefore does not serve our entire state well.

Please find and appoint someone who cares about our public schools and the great number of students that depend on them for an education that will help them succeed in their futures.

Thank you,

Joanne Casino

Dear Governor Ayotte,

I am 87, a vet, and I am greatly disturbed by the negative effect of Education Commissioner Frank Edelblut.

His advocacy for Education Freedom Accounts (vouchers) reflects, as I see it, a larger anti-institutional movement to destroy public school education as we know it. That public education is the key to the broader education of responsible citizens, an educated work force, and a prosperous state.

His advocacy has proven so divisive that reconciliation and compromise seem impossible. One consequence is that the move to expand the EFAs to a very expensive level takes place when you are searching for ways to balance the state's budget. I suggest that the expense of the vouchers puts you between the proverbial rock and a hard place.

As I understand it, his tenure ends soon. I urge you to find a new, less divisive and agenda driven commissioner and one with a professional background in education.

Respectfully,

Kent

Kent Hackmann

Dear Gov. Ayotte,

If you believe that public education is a key to democracy, please replace Edelblut with a competent person who will work to improve rather than destroy NH schools. For too long now we've seen the current commissioner boost private/home schooling while working to degrade public schools. We need a new commissioner NOW!

Hello Governor Ayotte,

I know you value education. I know you value critical thinking. I know you have a strong sense of what is the best thing to do for the state of New Hampshire.

Please do not reinstate Mr. Edelblut as head of the Department of Education. He is frightfully under qualified.

I went to private schooling K - 12. I, however, believe that public schools need to be headed by a person that is dedicated to public education and has the proper schooling to back it up. How about a superintendent with many years of experience and a phd in education.

Let's keep public education and all education in New Hampshire educated!

Thank you Governor Ayotte!

Dear Govenor:

I am sending this email to you to share my sincere hope that you do NOT re-appoint Commissioner Edleblut to another term. I worked for 25 years as a speech-language pathologist in NH's public schools. Our children deserve a commissioner who believes in public education and who supports it. I am against private schools and religious schools being supported by a voucher system. Research shows that voucher money is being used mostly by families who already have their children in non-public schools, that money is not being used by families to take their children out of public schools and move them into alternative schools.

Mr. Edleblut is a divisive figure who does not appear to support public education in NH. His children did not attend public schools and he seems to want to undermine our public schools. These schools are the backbone of the majority of NH's children's education and they need to be fully funded and supported by a commissioner who believes in the hard work our public school teachers do.

Our future depends upon our young people. Please make a plan to find a replacement for the current commissioner that will do the right thing for the majority of our students.

NH needs anew Education Commissioner.

One who FAVORS public education.

Mr. Edelblut has been divisive and has had a polarizing effect on the effectiveness of our schools by pushing for vouchers for private schools deepening our schools' inabilities to provide proper education for our kids.

MAKE A CHANGE.

Dear Governor and Executive Council,

I sincerely request that you do not reappoint Frank Edelblut as Commissioner of Education. His actions have shown he is not interested in strengthening public schools but rather funneling money away from them and into vouchers. I pay a lot of property tax, and I want that money to go to the public school system where it can benefit all of us. He is divisive and is seen as pandering to the few at the expense of the many.

I grew up in the south during the time when schools were being racially integrated. Many white parents pulled their children out of public school and into private ones. They paid for it out of their own pockets, not with public finding. They had that choice. Still, the "white flight" hurt the children in many ways, just like segregation had, in part by continuing the Us and Them thinking that had damaged the community for countless years going back to slavery. There is a parallel here with taking public funding out of public schools and using it for vouchers. A certain segment removes itself from the larger community and the community becomes more polarized. And poorer.

People can still choose to send their children to private schools, but please, not on my dime. We need to trust our public schools and fund and support them. The Commissioner of Education should be the top champion for our schools. Instead, Edelblut is set on diminishing them. We can do better.

Thank you,

Julia Freeman-Woolpert

Hello Governor Kelly A. Ayotte, Governor of New Hampshire
c/o Office Secretary

I decided to send this email for your review and reply if you are interested in being my host, which is non-event. I would do this myself, but I do not have the qualified contacts willing to donate from \$500 to \$10,000.00.

Only the person choosing to host my fundraiser is required to sign and use the host introductory letter.

I am going to move to NH for several reasons and refuse to be boxed in to live in a state I have no interest in or at an income level I am not from. This is a time sensitive email and if interested, please have your secretary email me a couple of zoom meeting times to briefly review my plan.

Here is the link: <https://spot.fund/8s7wftsc>.

Here is the second link: <https://vimeo.com/manage/videos/1049034605>

It is a private request. There are two attachments in this email. I have updated my four-page fundraiser plan. It clarifies why I require a host as well as the advantages for the host.

For anyone interested in helping me raise \$150,000 by serving as my host, here are the updated versions of the two attachments. Any prior emails I sent to your office should be ignored.

Note: The recipient of this email will find the two attachments adequate. I am not a liberal; I am conservative and fiscally responsible.

In 1998, Merrill Lynch cheated me out of 1.8 million dollars.

Over 20 years, my credit and wealth plans to reinvest the assets.

I am single, have no dependents, and will never share any part of my life. My credit, wealth, and personal health are significant areas of interest. I am a Republican. I have voted straight Republican since I was 18 years old.

Here are the contents of this email:

1. The invitation letter is for the host and edited as of 9/7/2024.

My minimum fundraising goal is \$150,000.00. I refuse to have my legal rights and quality of life violated like these rights have been.

2. The Host's letter to his/her contacts provides tax receipt instructions for the person donating my designated

link: <https://spot.fund/8s7wftsc>.

If you are interested in being my host, please email me a couple of available times today you have this month to go over the plan from 9:00 am to 9:00 pm EST M-Sunday.

The Zoom meeting should take 2–5 minutes. My request is private & personal to myself and the host. I am a money = time type. I respect your time.

If there is no reply via email in two weeks with/regard to a Zoom meeting time, I will conclude you have NO interest in my fundraising plan. No in-person meeting is necessary.

A brief explanation is in the link: <https://spot.fund/8s7wftsc>.

The percentage to the host will be based on the amount raised.

I plan on paying 20% of the net amount for the successful completion of my goals to the host. A bank wire will be used. Depending on the amount, a face-to-face meeting is also an option.

This is a fundraiser, not an event. Use only the letter of introduction to save time with the host contacts. I will notify the host every day when donations are made to my link until the required minimum is reached.

Please forward this email to the appropriate person, whether that be the chairman, CEO, owner, producer, publicist, physician, philanthropist, or politician.

Regards,

Pamela Gray, M.S., C.A.S.

Fundraiser for Ms. Pamela Gray, M.S.

Recipient Name

Title

Company

Address

City, ST ZIP Code

Dear Recipient Name: action step: host will type in the name of the person he/she is inviting.

You are being asked to make a one-time donation to Ms. Pamela Gray's designated link. Your donation will help her reach her financial goal of \$150,000.00 in the next 30 days and will assist her with financial and personal life objectives. Rebuilding her credit is a major objective.

Ms. Gray has selected me as the host to her fundraiser for her personal fundraising. If you have an interest in making a one-time donation, simply visit the above link within 2 days of getting this request. Optional, but requested: Text the mobile number indicated or send an email to the email provided the day it is made. You can click the field to be anonymous if you would like.

The minimum donation per person is set at \$1,500.00 to \$5,000.00 with the goal of reaching \$150,00.00 in one month. All donations are requested to be made using my link I set up on the Spotfund.com website. This is rated the number one website for individuals to raise funds for personal reasons.

My link is: <http://spot.fund/8s7wftsc>

Ms. Gray greatly appreciates and thanks you for your donation.

Sincerely,

The Host of Ms. Pamela Gray's On-line Fundraiser

**Ms. Gray's FUNDRAISING AGREEMENT FOR YOUR IMMEDIATE
REVIEW: Updated 11/2/2024**

The purpose of the Fundraiser for Pamela Gray is for raising money due to security fraud by Merrill Lynch of Vero Beach Florida that resulted in security fraud cover-up, no arbitration reward of damages, and a bankruptcy filed and dropping of a 720 Fico score to a 580 personal score and loss of her primary residence in Florida. The gofundme.com is where the donations should be made for Ms. Pamela Gray, to raise funds for her private and personal needs. The address is <http://spot.fund/8s7wftsc>

20% is what I will wire the Host from donations successfully made WITHIN 30 days to the above link. 20% is the amount of money I will pay in US currency. This net amount refers to the amount of capital I am rightfully owed and entitled to. The IRS does not tax fundraisers that are for individuals. Spotfund.com2 is the number 1 fundraiser in the USA.

The wiring of 20% would be made contingent upon \$150,000 being made through donations to the above link. 20% would be paid to the host facilitating deposits to the above link. This requires the host have contacts that can afford to make a \$2,500, 5,000.00 or 10,000.00 donation to reach in 2-4 weeks the goal of \$150,000.00 The deposits would be wired to my bank account which takes 2-3 business days.

Contingent upon verification of posting of this amount, a certified bank check for the 20% if \$150,000 was raised would be used to pay the Host. A bank wire is option 2 and a voided check would be required from a separate checking account in the Host's name set up just to specifically receive this deposit from a USA Bank I use. The money raised is to be used for relocation and 2 legal projects. 20% would be paid upon winning. If more than \$150,000.00 is raised by the host through his/her contacts using my Letter, then 20% would be paid by myself to the host. A bank wire would be used if the host lives more than 10 miles away from where I live. The same process of payment would be used. An email or fax to the host would inform the host of the date of the wire and the confirmation of the wire time. Wires take 2-3 business days. (M-F). Email is the number one method of verification of the wire received by the host.

Private methods of communication will be used. The method of contact would be confidential and private to Ms. Gray and the host. This includes a personal phone call or email verification of the wire.

The host would agree to follow the instructions. Details are part of the goal to arrange a successful personal fundraiser for Pamela Gray, a US citizen and private individual. If you have any specific questions, just email or call Ms.Gray on the specific mobile number she provides. If the host is a Public Figure, extra caution is to be used for mutual protection of both parties. Notarization of the host's signature on this document is required. There is no expiration of the notarized date below.

Notarized Signatures Section:

Print Name of Host: _____

Signature of Pamela Gray: Pamela Gray

Host's Signature: _____

Best Email address: pamgray4@aol.com

NOTARY'S NAME: _____

Second Best email address:

Email Address: _____

munnsellgray@yahoo.com

City, State zip: _____

Mobile Phone: 551-243-0262

Mobile Phone: _____

Required: Follow the instructions if interested. Text the above number, call between 10 am to 7pm EST and follow up with the best time to reach you by sending an email to my personal email. If you are not interested do not spam my two email. There will be consequences.

(e) What if the recipient of this letter is famous?

1. If well known, I can communicate all interests or contact instructions through the appropriate person that represents the individual, such as a publicist. Private communications and special protocol will be used.

2. Simple, the host has to have at least 50 to 75 successful contacts that would not have a conflict in getting sent the letter I wrote asking for a donation and a donation amount. Email is the method of communication from the host to his/her friends or business contacts. Discretion is the key to success. Private fax likeifax.com can also be used by the host as a contact method.

(a) WHAT TYPE OF PERSON IS THE Requester: Goal oriented private person from Fairfield County, Ct. US citizen by birth. I am a closed type. I have been on my own since age 18. "Money is Time and Time is Money." Success Minded. Credit and savings driven. Passion for my personal privacy, quality of life, health, legal rights, and making money with a strong ROI.

(b) WHAT IS THE PURPOSE OF THIS REQUEST TO THE Requester? IT IS MY LIFE. I AM LOOKING FOR A DEAL WITH A HOST WHO HAS NO BUSINESS OR PERSONAL CONFLICT OF INTEREST.

c) What is in it for the Host of my Fundraiser?: Percentage of return on donations and legal projects won.

(d) The IRS does not require personal donation websites to pay taxes on donations received. Each donor should check with their accountant before a specific donation amount is selected for his/her tax.

Requirements for the Host to Promote the FUNDRAISER FOR MS. GRAY: Goal RAISE \$150,000 in 30 days.

1. The minimum fundraising goal of \$150,000.00 is the minimum. 15 donations of \$10,000.00 each = \$150,000.00. 30 donations of \$5,000.00 = \$150,000.00,

2. The Host should know business owners, successful individuals that can be contacted by phone and personal email by the host and indicate a donation amount and date to be made. A quick follow-up text or email should be sent by the donor to the host when the donation is made. The introduction letter should be used by the host as the initial email with a same day follow-up phone call made. The host can also make a one-time donation. Electronic donations will be accepted through the designated website.

3. The host should believe in the private citizen's right to protect her own Civil Rights without sacrificing or suffering my own birth rights. I was born in the United States. The funds are raised for personal reasons ranging from relocation, legal, rebuilding credit to an 800 FICO SCORE and protection of my civil liberties as a private citizen born in the United States.

Regarding the Donation Method:

The donor's prepaid or credit card will provide the proof of receipt of the one-time donation made for the individual making the payment. This transaction will show the amount donated, date and time of the donation. The donation is billed electronically through the selected website provider.

Timeline on this Individual Fundraising Project Request: 30 Days

30-day Goal: Raise 150k – 200,000 through the following methods - A host with contacts that will use his or her emails and confirm the amount and date of donation via email or a fax.

Here is an example of what the U.S. law considers an "individual fundraiser."

EXAMPLE ONLY: These are laws that also pertain according to the IRS to the states in America. Fundraising for an individual(s) is not considered a "Charitable Fundraiser" since the public at large does not benefit according to the Attorney General's office.

Thus, fundraising for a specific person is not required by law to file registrations that are routinely imposed on a company considered to be a "Charitable Organization." Technically, doing an event that raises money or offering a private loan that benefits just one individual in the United States is not legally considered a "Charitable Activity."

The reason again must do with the number of beneficiaries that would be receiving the money raised, loaned or both. Again, the main reason must have to do with the receiver of the funds being just ONE person not a company, corporation or a 501C(3) foundation. Therefore, this event or activity does not legally require the host to do any legal registration.

Dear Governor Ayotte, Speaker Packard, President Carson, General Formella, Chairman Weyler and Members of the N.H. Joint Legislative Fiscal Committee, and Chairman McGuire and Members of House Finance, Division I:

Although I don't think I have the authority under the claims statute to be formally involved in the budget process for the Claims Fund, unless I foresee a shortfall in any given fiscal year, and because I understand and respect your critical rolls, I have been hesitant to offer my view on what appropriation would be necessary in the next budget cycle to successfully resolve current and future claims. As you know, the deadline for filing claims in June 30.

I am certainly willing to do that if it is of interest. I might also suggest a few minor wrinkles in the process that might expedite resolutions, as well. Any recommendations I might make, if asked, will come from my position as a neutral, independent voice for the administrative process, will be based upon my 27 months of on-the-ground experience hearing and deciding claims and will be supported by reasonable projections.

I believe the legislature was spot-on in designing the current trauma-informed, victim-centered process to resolve these abuse claims and to be candid I do not see any predictable alternative.

I would be pleased to give you my thoughts on needed funding either in writing or in person.

Page 2
March 7 2025

It is clear to me that we need certainty in the immediate future both for claimants, our claims processing and for my small, dedicated staff who are likely wondering if they will have their current jobs after June 30th.

Dear Governor Ayotte.

Frank Edelblut has been NH's commissioner of education for 8 years and is ending his current term on March 23. It is time for a new commissioner--one with experience, and a commitment to supporting NH's public schools.

The NH commissioner of education is charged with advocating for the more than 160,000 school-age children in public school in NH. However, over the past 8 years, Mr. Edelblut has failed to do this in many ways: he has not advocated for the state's contribution to public school funding, but rather has aggressively pursued MORE public funding for private school vouchers; he has refused to meet the state's obligations for special education costs, placing higher tax burdens on local towns; he touts level state funding for NH public schools but does not acknowledge (or care) about the public school students in 145 NH towns that will receive less state funding in 2026; he obstructs all attempts to audit the publicly funded private school voucher program and does not appear to care if this program benefits NH students. Under his leadership, he has advocated for removing courses (world languages, social studies, arts education, computer literacy, and personal finance) and lowering academic standards.

Mr. Edelblut has had his time as NH's educational commissioner and it is time for someone else to replace him. I strongly encourage you to NOT reappoint Frank Edelblut as NH Commissioner of Education.

I am a resident of Amherst, NH. Although my children attended both public and private schools in NH, I remain committed to and support an excellent public school education for every child in NH.

Sincerely,

Barbara Pugh

Dear Governor Ayotte,

I am writing to ask you to please replace Frank Edelblut as the Commissioner of Education. He has held the position for many years and has not shown me how he has concern for the majority of our state's children who are in public schools. Yes, there are some children who benefit from alternative schools; my eldest daughter did her last two years of high school at a private school. That was our choice as parents and we were able to shoulder the financial responsibility. I commend and encourage those families to seek out other options and the scholarships and financial awards that help them realize that. We have swung too far with the EFAs and are going further, to the detriment of our public school students, taxpayers, cities and towns.

It is time for a new perspective from a new person. Perhaps one who has experience in the field of education.

Thank you for your time and consideration,

Annie

Governor Ayotte:

I am deeply concerned with the unintended consequences from the passage of this bill. I am a retired RN that has worked in primary care. I recall a time years ago, when I worked at a Family Practice office, that the state stopped providing childhood vaccines and physician offices had to purchase them. Fortunately, it was short lived and the state provided vaccines again. In that period of time, the cost of a well child visit, where vaccines are typically given, rose substantially. This cost caused some parents to put off or even refuse vaccines for their child. This will add to the unvaccinated rate we already see which translates to more diseases. Please don't jeopardize the health of the granite staters.

Respectfully,

Karen Norris, retired RN, MSN

Dear Governor Ayotte

I am writing today to urge you to appoint as commissioner of education an individual who will commit to strengthening NH public schools.

Under the tenure of Frank Edelbut, divisive and polarizing policies have undermined public education. He has pushed for vouchers for private schools which schools which has had a negative impact on our public education, teachers and students and has increased our already high property taxes.

I would strongly urge the Governor to appoint someone who is perceived as working to undermine our schools.

Thank you.

Respectfully yours,

Mary Feltes

Governor Ayotte,

I am a constituent and mother of three in the NH public school system. I have been deeply disappointed in how partisan and divisive Commissioner Edelbut's recommendations and policies have been. How can a state appoint an Commissioner of Education who has shown he does not support public education, directly harming thousands of families with kids in the public school system?

You stated throughout your campaign that you would be a governor for all NH residents. I am writing to ask you to honor that promise by not reappointing Frank Edelbut. Please appoint a Commissioner of Education who supports NH's public schools.

Governor Ayotte,

My name is Tom Crompton. I am past President and current Board Member of the New England Racing Museum (NERM). First off on behalf of the NERM we appreciate the visit you made to our museum last year. I am sure you noticed we are all quite proud of what we have to offer our guests and the community.

I am writing you to request a few minutes of your time to help the NERM honor it's Volunteer of the Year. The request is that one of your staff members records a short video (30 - 45 sec) of you recognizing the museum's Volunteer of the Year and the importance of and value of what they do. The video would be sent to me electronically and then would be played at our annual Volunteer Recognition luncheon on Sunday March 16. The museum will be recognizing **Paul Messier** as the Volunteer of the Year for 2024. I do not believe that Paul was present at the time of your visit to the museum. As we all know, non-profit organizations like the NERM, rely on the hard work and dedication of their volunteers as a core tenant for success.

The brief video would recognize Paul for his tireless efforts, long hours, passion and enthusiasm in helping the New England Racing Museum achieve it's core mission -To discover, preserve and educate the public on the history of New England motorized racing. Without dedicated volunteers like Paul the New England Racing Museum would not exist.

Thank you in advance and please let me know if this is something that you could fit into your busy schedule. I would need the video next Friday, March 14. I will be happy to work with you or any of your staff members that need more background information.

For Immediate Release

Emily Martuscello, Nashua's Director of Emergency Management, Completes Executive Leaders Program at Naval Postgraduate School

MONTEREY, Calif. – Emily Martuscello, Director of Emergency Management for the City of Nashua, NH, completed the Executive Leaders Program at the Naval Postgraduate School's [Center for Homeland Defense and Security](#) (CHDS) on Feb. 27, 2025.

Martuscello currently serves as the Director of Emergency Management where she leads Nashua's comprehensive emergency management program. She has been recognized for her innovative contributions to the field, including the integration of emerging technologies in emergency management and fostering cross-sector collaboration to enhance community resilience.

Martuscello is recognized as a Certified Emergency Manager and holds a Bachelor's degree in Political Communications and Emergency Health Services from George Washington University

and a Master of Science in Executive Leadership from Champlain College. Throughout the program, Martuscello collaborated with homeland security officials from across the nation on current policy, strategy, and organizational design challenges. The NPS-CHDS students represent a snapshot of the homeland security enterprise, including professionals from the fields of emergency management, education, law enforcement, fire service, homeland security, public health, and city/county government. Located at the Naval Postgraduate School (NPS), CHDS is the nation's homeland security educator. CHDS program participants develop critical thinking, leadership, and policy skills. CHDS is sponsored by the U.S. Department of Homeland Security (DHS), National Preparedness Directorate, within the Federal Emergency Management Agency (FEMA). For information, visit www.chds.us.

ABOUT NPS: The mission of the Naval Postgraduate School is to provide unique advanced education and research programs in order to increase the combat effectiveness of the U.S. and Allied armed forces as well as enhance the security of the United States. For information, visit www.nps.edu.

Dear Governor Ayotte and Members of the Executive Council,

I am writing to you as a retired career high school English teacher, a former Vice President of my state and local teachers' union, and a current Kearsarge Regional School Board representative—with deep experience and unwavering commitment to public education in New Hampshire.

I am writing in opposition to Edelblut as our next education commissioner. NH deserves someone who is genuinely pro-public education—someone who believes in strengthening, supporting, and investing in our public schools. The commissioner's primary responsibility is to ensure that every child in New Hampshire, regardless of zip code or family income, has access to a high-quality public education. That cannot happen with Edelblut because he does not fundamentally support the mission and value of public schools.

New Hampshire's public schools educate the vast majority of our children, serve as community hubs, and play a crucial role in preparing the next generation of citizens and leaders. We need leadership that recognizes, values, and actively supports public schools as the foundation of both our children's future and the strength of our communities

Appointing a commissioner who does not fully support public education is harmful to our children and communities. We need a commissioner who:

- Champions adequate and equitable funding for public schools.
- Supports teachers and ensures they have the resources and professional respect they deserve.
- Upholds public accountability and resists efforts to privatize public education.
- Fights for policies that serve all students—especially those from underserved and marginalized communities.

Our public schools are the backbone of New Hampshire's future. I implore you to not select Edelblut, but to select a Commissioner of Public Education who stands unequivocally with public schools and is committed to making them stronger for generations to come. Anything less would be a disservice to the students, families, and educators of New Hampshire.

Thank you for your time and attention to this critical issue. I hope you will act in the best interest of New Hampshire's students and communities.

Sincerely,
Kristen Schultz
Newbury, NH

Dear Members of New Hampshire's Government and Associated Support Teams,

I am sharing this FREE event with you and inviting all of you to register to attend.

Aftermath is a presentation by the New Hampshire Theatre Project's Elephant in The Room series which addresses PTS and first responders. Through a scripted play reading which tells the story of one firefighter and the people in his immediate circle, followed by a facilitated discussion with a panel of experts and the audience, everyone who attends will gain a greater perspective of the impact of repeated trauma on our incredible first responders.

<https://www.nhtheatreproject.org/showdetail/pts-and-first-responders-staged-reading-18923602>

It will be held Thursday, March 27 from 6-8 pm at Pinkerton Academy in Derry. It is free and open to the public. We do ask that people register so that we can ensure we have sufficient materials for everyone.

Please feel free to reach out with any questions or for more information.

Have a restful weekend,
Loren

Dear Governor Ayotte:

As a concerned parent of a student in the NH public school system, I'm writing to ask that you please select a new Commissioner of the NH Department of Education to replace Commissioner Edelbut when his term expires on March 23.

During his tenure, Commissioner Edelbut has been a divisive figure who has consistently worked to further his own agenda rather than actually support public schools, educators, and students. Although he writes that, "He wants to see an education system that actually serves all children," his actions reflect an intolerance that does the exact opposite--it serves a minority. Commissioner Edelbut fails to recognize and support the actual needs of educators and students, particularly who do not share his values, and in that, he consistently fails in his own stated goal.

The state needs a commissioner who strongly supports public schools, recognizes the needs of educators, and supports educators in creating a system that can genuinely and effectively serve ALL students.

Sincerely,
Laura Mason

Dear Governor Ayotte:

Please do not re-nominate Mr. Edelblut for another term as Commissioner of Education.

Regardless of whether one agrees with the positions he takes, two terms as Commissioner are as long as anyone should serve in that position. All of us "run out of gas"--be the "gas" energy or ideas--after eight years and Mr. Edelblut is no exception.

Second, and maybe more importantly, Mr. Edelblut has made very clear that he doesn't really believe in public education. Pacifists should not serve as the Secretary of Defence and public education, which in the aggregate, touches more NH citizens on a daily basis than any other public or private institution, needs someone who wants to improve the public schools, not watch them whither.

Sincerely

David Cawley

Governor Ayotte,

Please consider replacing the current commissioner of education with someone who is pro public education rather than having our resources funneled off into charter schools and vouchers. Poor kids don't end up in those schools and they do not have to make accommodations for special needs students. Unless some people are more equal than others, it's not a solution for all of NH's students.

Thank you for your consideration,

Fern Downing

Governor Ayotte,

Frank Edelblut's term as Education Commissioner is ending soon and I strongly urge you to appoint a new Commissioner, rather than reappoint Mr. Edelblut.

Though he once shared a vision of making education accessible to all, under Mr. Edelblut's leadership equity gaps are growing, perhaps changing but definitely are not improving. Mr. Edelblut once pledged to stay nonpartisan, however, he's been using his platform to undermine NH's public schools and champion Educational Freedom Plans, which have no accountability to demonstrate the educational outcomes of children they serve.

We need a Commissioner who is knowledgeable about State & Federal Education law AND cognizant & respectful of both the strengths and the challenges of NH's public schools. **Most importantly, we need a Commissioner who is an experienced & devoted CHAMPION of public education.**

Thank you!

Sincerely,
Paula Roberts, Concord

Governor Ayotte and members of the Executive Council,

I am writing to advocate for new leadership at the Department of Education. As Commissioner Edelblut's term comes to an end, I strongly urge you not to reappoint him. His tenure has been divisive and polarizing, which has weakened the unity and strength of our public school system. New Hampshire deserves an education leader who is fully committed to **supporting and strengthening our public schools**.

Our next commissioner must:

- Recognize that a truly **adequate education** extends beyond just math, science, social studies, and language arts. Students deserve access to a well-rounded curriculum that includes the arts, physical education, and vocational training.
- Be **a champion for public schools**, not someone perceived as working to undermine them. Our schools are the backbone of our communities, and they need leadership that uplifts and supports them.

New Hampshire's public schools serve the vast majority of our students, and they deserve **a commissioner who has dedicated their career to public education**—not one whose actions call into question their commitment to our schools. I urge you to prioritize these values as you make decisions about the future of education in our state.

Thank you for your time and consideration.

Sincerely
Pam Wicks

As a New Hampshire resident I urge you NOT to re-appoint Edelblut as Education Commissioner. I assume that you care about the quality of education for ALL children, including those from poor areas. More of them will be helped by excellence in the public schools than by vouchers, which are stealing educational resources from them.

Far from going to poor children, here and elsewhere vouchers are going to parents who already have their children in private schools, many of them religious schools. This is unfair and very damaging to the quality of life for New Hampshire, now and in the future.

Dear Governor Ayotte. Given the growing vocal discontent regarding current Commissioner Edelblut's attempts to destroy public education, you might realize he has become a liability to any hopes you might have for gaining a second term as governor. With that in mind, now might be the time to appoint someone who believes in public education and abandon the proven ineffective and fiscally disastrous voucher system. That will both save our schools and lower the educational burden on towns thereby reducing our property taxes.

Create a win.

Governor Ayotte,

My hope for NH's school children is for you and the Executive Council to choose a Commissioner of Education who will fully support the NH public school children. Frank Edelblut does not have a track record or experience with the public schools.

I am a grandmother of three, all who attend public schools as did our children, all of whom are well educated adults raising well educated children. I do not want my tax dollars to be used for schools with no accountability.

Sincerely, Joy Kubit, New London, NH voter Sent from my iPad

Dear Governor Ayotte,

As Frank Edlblut's term is coming to an end, I urge you to consider charting a fresh course for your administration rather than reappointing him as your Commissioned of Education Commissioner. We need someone whose commitment to supporting and strengthening our community public schools is clearly evident, as well as someone who will be less polarizing and divisive at this time. Time for a change?

I am a life-long educator and also a grandmother whose two Granite State grandchildren (one is Pre-K and one in 1st grade) have an excellent public elementary school.

This is very important to me.

Sincerely,

Kate Coon (Peterborough)

Dear Governor Ayotte,

Please consider appointment of a new Commissioner of Education for the State of New Hampshire. I am a native of New Hampshire. I have been educated in New Hampshire schools. I was raised by a single mom who spent her entire working life as a secondary teacher in New Hampshire public schools. I believe that public education in New Hampshire, which has been successful and appreciated by me and by many, is under further threat if you re-appoint Commissioner Edelblut. My reasons are:

1. Commissioner Edelblut appears to have no familiarity with or background in public education. His seven children have all been home schooled, and his record does not illuminate any previous experience with *public* education. He clearly aspires to higher political office. He offers no visible credentials in administration of public education other than his feeble and reckless record as "commissioner".
2. He clearly is an advocate for an expanded voucher system. An unlimited voucher system will drain additional money from public education, raise all of our property taxes further, and will allow random educational standards at best.
3. Opportunities for waste, fraud, abuse and neglect of needed standards will be hard and difficult to administer and confirm. Private education already has many credible and long-standing opportunities in New Hampshire. In my lifetime it has been paid for by families, by grants, fund-raising and scholarships, not by increased taxes on everyone via vouchers! New Hampshire already has the dubious distinction of being the state that *contributes the least to public education*.
4. Property taxpayers are currently the principal contributors to public education. Now the intent appears to be to further burden them with the costs of private education options.

I appreciate your careful consideration of a new and qualified education commissioner who believes in *public* education. Thank you!

Respectfully,
Cleveland Kapala

Dear Governor Ayotte,

I grew up in another state and went to private school from kindergarten through 12th grade. It was all I knew, and I enjoyed it. However, in my adult life, I have been employed only in public schools here in New Hampshire. I taught third grade for 16 years and then became a school counselor. My experience and lens have shifted dramatically from those in my childhood. My eyes were opened as I learned what public schools are all about. They serve everyone, not just the families who think outside the box and put their children in a private or charter school. Now I see that so many families who send their kids to public school (often because that is where they went as kids) need a commissioner who gets it, understands the public school journey, and thinks that our schools should be the best they can be.

Please, please appoint a commissioner who has walked the journey of public school students and who chooses to send his or her own children to public school. I think our state and our public schools deserve that. Thank you for considering my plea.

Sincerely,

Carter Judkins
School Counselor

It is my understanding that this month Governor Ayotte will be making a recommendation to the Executive Council regarding the Education Commissioner this month. Since the Governor said when taking office that she was interested in overcoming excessive partisanship, ending Edelblut's tenure would be a good start.

Our public schools are important to NH citizens, even those of us who do not have children understand how critical a good education is for our economy and the well-being of our citizens. But our schools, children and parents are suffering from the underfunding of our schools and interference by the state and extreme out-of-state extremists in local school districts. Businesses are struggling to find qualified employees. We need someone in the position that can work to support our public schools and prepare our children for the future.

Edelblut seems to want to undermine our public schools. As a Commissioner he is divisive and intrusive instead of supportive. His ideas about what our state and economy need for public education are outdated.

If you truly care about our economy and our children you will find a better candidate with modern ideas about education who understands the importance of education and supports local school committees, educators and parents.

Thank you,

Debora Hatcher

Dear Governor Ayotte,

I am writing to strongly urge you not to reconfirm Frank Edelblut as New Hampshire's Education Commissioner. Throughout his tenure, he has promoted divisive policies that undermine public education, weaken protections for marginalized students, and prioritize ideology over the needs of all learners.

Public schools are the cornerstone of our communities, serving every child—regardless of background, ability, or belief. A critical part of this mission is upholding the Individuals with Disabilities Education Act (IDEA) and ensuring that students with disabilities receive the services and protections they are legally entitled to. Instead of advocating for these students, Edelblut has supported policies that divert public funds away from public schools, weaken oversight, and create barriers to access for students with disabilities and other vulnerable learners.

New Hampshire needs an education commissioner who will strengthen our public schools, support educators, and uphold the rights of all students, including those with disabilities. Our children deserve a leader who fosters inclusion, protects IDEA, and ensures every student has access to a quality education—not one who sows division and undermines public education.

I urge you to nominate a leader who will truly serve all students, families, and teachers in New Hampshire.

Thank you for your time and consideration.

Dear Governor Ayotte and Members of the Executive Council,

I'm writing to share **my strong support for reconfirming Frank Edelblut as New Hampshire's Commissioner of Education**. As a parent of three public school graduates, one of whom had an IEP, I've seen firsthand how Commissioner Edelblut's leadership has made a real difference for students and families across our state.

Under his leadership, New Hampshire has launched programs like Learn Everywhere and expanded Career and Technical Education (CTE), giving students more ways to succeed. The Leaning into Literacy with Lexia initiative provides free training and resources for educators, parents, and communities to help kids build strong reading and writing skills.

Commissioner Edelblut also secured \$1.23 million in federal support—the first supplemental grant ever requested by NH Vocational Rehabilitation. These funds have helped programs like IMPACCT and improved services for students with disabilities.

He's also taken steps to address the Special Education Dispute Resolution Process Performance Audit Report (March 2024), working to make the system fairer and more transparent for families. As a parent who's navigated New Hampshire's due process system, I know how important these changes are for families like mine.

During the COVID-19 pandemic, Commissioner Edelblut worked hard to keep students learning, support teachers, and keep families involved. His focus on school choice and flexibility has given parents more options to find the best fit for their kids.

New Hampshire needs a leader who puts educators, students, and families first. Commissioner Edelblut has shown he's that leader, and I urge you to reconfirm him so

he can continue building on the progress being made.

Thank you for your time and consideration.

Sincerely,
Tracy Walbridge
Parent in Rochester

Dear Governor, It has come to my attention that Mr Edelblut's term of office will end this month. I implore you not to reappoint him because, from all his statements and actions I do not believe he values or supports our public schools.

Ignoring the importance of the institution of the local schools in building community, establishing bonds among children, their community and other families leads to disconnection within societies.

Also, he denigrates the value of a locally supported music and art programs in a child's education. Very near sighted!

Sincerely, Ann Schultz

Dear Governor Ayotte:

One of the features of your recent campaign was to emphasize the need to reduce partisanship in government. Commissioner Edelblut is the embodiment of what you wish to avoid.

1. His policies show little interest in supporting NH public schools. Public school education is the foundation of our future citizens and decision makers. It is what made our country unique among nations. Edelblut is not an advocate for public education.

2. Art, music, and athletics compliment the study of languages, math, and science by providing perspectives on different ways to view life and the world, attributes that the students will carry on into adulthood. The whole person must receive a well-rounded education in order to be successful in work and in life.

3. Mr. Edelblut has no experience as a school administrator, teacher or parent of public school students. He has never even belonged to the PTA.

4. Should the federal Department of Education be eliminated, NH will be in need of a person with extensive experience in all phases of education e.g. not Mr. Edelblut.

Sincerely,

Richard and Susan Spence

Dear Governor Ayotte,

I applaud your stated commitment to overcoming excessive partisanship in our state government.

In light of that commitment, I hope that you will refrain from reappointing Commissioner Edelblut, who has had a deeply polarizing effect on education policy in New Hampshire. He has turned an office that should be focused on building consensus around effective public education, into a divisive force that takes energy away from addressing the real challenges we face. He has alienated folks across the state, at a time when we desperately need to come together.

Please replace him with someone who is committed to providing New Hampshire kids with the well-rounded public education that they deserve, and that they need to prepare them to participate fully in tomorrow's workforce and in our cherished democracy.

Yours truly,
Jessica Bolker

Dear Governor Ayotte,

I'm writing to you today to urge you to NOT reappoint the current Commissioner of Education, Frank Edelblut.

Mr. Edelblut's priorities do not meet the priorities of the majority of NH citizens. Public schools need funding and support, not defunding and undermining. It's a travesty to see money and support removed from the public school system. Please do the right thing for NH's public schools and our children.

Thank you for your consideration,

Mary Lou Paquette

Governor Ayotte,

I am urging you not to reappoint Frank Edelblut as the Commissioner of Education. Public funds should go to public schools, and it is clear based on the recent information released by the Concord Monitor that funds from the Education Freedom Account are being abused. As a tax paying resident of Rochester, I am appalled to know that public funds are going to luxuries such as religious education, pricey extra curricular activities such as ski trips and private music lessons, and thousands to school uniforms. Meanwhile, my child's Title I school is lacking basic supplies every year. Mr. Edelblut's continued pursuit of more public funding for private school vouchers is infuriating and demonstrates his lack of commitment to quality education for ALL students of New Hampshire.

It is time for a new Commissioner of Education - one that will work for all students.

Thank you for your consideration,
Breanna Katsonis

Governor Ayotte, Please find a person to replace Mr. Edleblut as Commissioner of Education.

As a retired Family and Consumer Science teacher, I believe that we need someone in such a critical position who values a public education program. School voucher will degrade a system that already suffers from a lack of funding. Poorer school districts like the one I taught in for thirty year, Hinsdale, are already at an economic disadvantage . Years ago an evaluation team spent three days with us. Although we had some deficits, they commended us on how much we managed to achieve with our students with so little resources and supplies. We need an equitable education for all of our New Hampshire students.

We need someone leading the Department of Education who understands the value of a diverse curriculum that suits a variety of students. The Arts , Business studies, Life Skills and Physical Education programs are vital to creating well rounded children. We know that kind of diversity ,not only inspires more interest in learning, it helps to develop more neural pathways in the brain.

We certainly need the requirement of every student to pass an American Civics course.

I hope you can support a candidate that will build up our public school system not degrade it.

Thank you, Karen Blanchette

Governor Ayotte,

As a 30 year resident of Hopkinton, New Hampshire, I am eager to see Frank Edelblut be replaced as Commission of Education when his term expires.

His efforts in every way have worked to undermine the New Hampshire public education system, decrease funds for public schools, and increase the burden on residential taxpayers.

Please consider a candidate with a commitment to supporting and strengthening public [schools.Education](#) is not the forum for a polarizing and divisive public figure.

We have a choice - invest in educating all of our children, including those in property poor towns - or, we will need to build and pay for more prisons.

Respectfully,

David Salzberg

Dear Governor Ayotte,

I hope this email finds you well. I'm reaching out to implore you to consider appointing a commissioner of education who is qualified and committed to upholding the state's constitutional obligation to fund public schools, maintaining high academic standards we have come to expect in NH and recognizing the vital role of public education in our society.

Thank you,

Dear Governor Ayotte:

I hope that you will consider appointing a new Commissioner of Education when Frank Edelblut's term as Commissioner expires at the end of this month.

I am committed to the idea of dynamic community public schools. I believe in public schools that excel and are constantly deepening their commitment to students.

I believe that public schools are a vital component of our democratic society. In our contemporary times, they are also centers of community and civic engagement.

I am a retired elementary school teacher and principal who spent close to thirty years of my career in New Hampshire. I have a deep regard for the teachers, administrators, parents, and students that I have worked with.

I would like to see all these people lauded and positively encouraged.

With hopes that your time as governor is productive and successful,

Martha A. Hunt

Dear Gov. Ayotte,

I urge you not to appoint Commissioner Edulblut to another term. He has done great harm to our public education system and has only been thwarted in his latest attempt to eviscerate educational standards by a massive outpouring of opposition to the Education Committee of the NH House. I am a former two-term state rep who served on that committee. Such a public response is a tremendous rebuke to the commissioner.

I also follow closely his work with adult educators as I am a former adult education director. He has been unprofessional, needlessly adversarial, and disruptive to the people who serve one of the most educationally needy segments of our population.

Finally, his unbridled efforts to bankrupt the Educational Trust Fund by expanding EFAs to the fullest extent possible, coupled with his refusal to provide audits that would enable the legislature and the public to hold the program accountable for costs, family eligibility, and

outcomes, make his continued tenure untenable.
Commissioner Edulblut came to the job not only with a total lack of experience in public education, but also a clear political agenda that is a disservice to our children. Please appoint a qualified candidate who has the best interests of public education as her or his moral compass.
Thank you,

Jim Verschueren (he/him)

Dear Governor Ayotte,

I am writing to demand that you not reappoint Frank Edelblut as Education Commissioner. The Live Free or Die state doesn't need a narrow-minded culture warrior in this position. We need an Education Commissioner who is committed to supporting our public schools and the children that they teach, and who will not engage in the politics of division.

Sincerely,

Joe Cerutti

Good Morning,

I am sure you get lots of emails, so I will keep it short and to the point.

I taught in the Sanborn Regional School District for over 30 years. It is time for a new commissioner of education . Frank Edelblut has lowered NH standards.

Also public funds should be spent on public schools!

Sincerely,

S. Holly Bowden Price

Dear Governor Ayotte,

My name is Danielle Alley and I'm an independent voter and constituent from Dover, New Hampshire. I am requesting that you do not recommend the reappoint Frank Edelblut as Education Commissioner. Your inaugural address left me feeling you would put an end to or at least minimize the partisanship that has taken over our state. You and I both grew up in Nashua and benefitted from the public school system there. We were afforded great opportunities for learning via a variety of teaching methods. We had more than just basic math, science, social studies and language arts. I, personally, participated in a program called NISAC, where we built a mockup space shuttle in our classroom, talked to astronauts while in space, my best friend and I bolstered each other's confidence in learning how to use a drill. We used science, math, the arts, communication skills, leadership, partnership and so much more though this STEAM experience before STEAM was a thing. It is opportunities such as this that are being squelched under Mr. Edelblut's leadership and we can't allow this to continue.

As a person without children, people often ask me why I'm such a supporter of a robust public school system, knowing that this will likely increase my taxes for services I "don't use". But the fact is, I do use the public education system and will do so in the future. I am advantaged by having educated people to take care of me when I'm old. I have people in my community who can count back my change at the register, people who help keep my city beautiful through the arts, people who contribute to our society to make it better through the ingenuity and innovations that come from a well-rounded and thorough education. Every child deserves a quality education, and our public school system is more than capable of providing that with someone providing sound leadership, someone committed to strengthening and supporting our public school system.

I firmly believe there is a better person than Frank Edelblut to lead the NH Education System into the future for the children of New Hampshire. Please recommend for Education Commissioner someone who will provide the opportunities we had and more to make our state a leader in having a well-educated public. This is not Frank Edelblut.

Kind regard,

Danielle Alley

Dear Governor Ayotte, I am a former public school teacher and my daughter teaches 5 th grade in public school. We and so many are very worried about the push for private schools and increasing vouchers in the country and in Nh. The public school teachers work very hard to care for each of their pupils, prepare and evaluate lessons while many also have family needs at home. I would suggest you visit some public school classrooms to see successful and enthusiastic students and hardworking teachers. It's heartbreaking for us to see public school disabused by a national trend. I would strongly recommend a new Commissioner to help you make some good decisions for the future of our state's schools.
Sincerely, Dorene Lengyel

Dear Governor Ayotte,

I am writing to oppose the renomination of Frank Edelblut as our education department head. Mr. Edelblut has not been an advocate for the students of our state. We have many pupils whose parents have a strong desire to educate their family at local schools with neighbors. Mr Edelblut's philosophy has been to take much needed funding from our local public schools and give that money away as vouchers with no accountability.

Many of us were educated in our public schools and value their continued strength in providing a solid foundation for our citizens.

Please replace Mr. Edelblut with someone who has a background in educating children, who will hold those using our taxpayer dollars accountable, and who will not siphon funds away from the needs of the majority of NH children. Our kids are our future. We owe each of them our advocacy.

Thank you.

Kweyler@aol.com

Dear Chairman Weyler,

I was advised in a letter on Friday from the Attorney General that it is my responsibility to ask the Joint Fiscal Committee for additional monies to cover anticipated shortfalls for the YDC Claims Fund for this fiscal year. He will not be doing that. That is why I am reaching out. As I mentioned in a recent letter to you, I do not believe we will exceed the \$75 million mentioned in the claims statute but I do believe it is very likely we will exceed the current \$60 million appropriation. Obviously, if there is no further funding this year we will stop at \$60 million. But if we don't secure that funding, we will need to cancel hearings and stop issuing award letters at some point before this fiscal year is through.

I and General Counsel Jen Foley would be pleased to appear before your committee to discuss our immediate need of \$15 million this fiscal year and to provide forecasts/projections for the Fund for FY 26 and 27. The Attorney General has advised that it is my obligation to do that. I am pleased to assume it. Please let me know how you would like us to proceed. If you would like to meet with me in advance of any presentation for informal discussion, please just let me know.

It is important that we have some reasonable assurance in the near future that FY 26 and 27 will be funded (or not) in order to ensure that claims continue to be filed with us—many migrating from the Superior Court—before the statutory deadline of June 30. If that is not possible, I believe the claims process might see very few claims migrate from the Superior Court before the deadline while other claims may leave the administrative process and return to the Superior Court. That would undercut our process and its value and would soon require us to close our doors. I believe strongly that would be very unfortunate if that happens.

To complicate matters, we need to decide soon if we can advise our landlord to renew our lease for two more years (it expires May 31). In addition, my staff may soon need to begin looking for other jobs if it seems highly likely we will be ceasing operations on June 30.

Good morning Governor and Councilmembers -

I am writing to implore you to NOT re-appoint Frank Edelblut as NH Education Commissioner. He claimed he would be non-partisan while in this position, but his actions have proven otherwise. He has forced his extremely conservative views on school boards across the state.

- He has held meetings on which books should be banned from school libraries, focusing these efforts on banning any material that merely references a homosexual relationship and he has repeatedly directed the state's teacher misconduct investigator to review complaints about similar school materials
- Education Freedom Accounts are nothing more than a money grab for the ultra-conservative homeschooling population, of which he is a strong supporter. Taxpayer funds need to be going to public schools.
- He acted to lower the minimum standards of public schools in New Hampshire with his approval of a five-year renewal of an online financial literacy course offered by conservative media organization PragerU for high school academic credit

We need someone who, at minimum, has worked in education before. A first-year elementary teacher would be a better candidate than Edelblut. He clearly called in a favor to Sununu to get appointed and New Hampshire has been suffering from it since.

And while I have your attention regarding education in New Hampshire, it would be in everyone's best interest that you pass a recreational marijuana bill and/or re-instate the interest & dividends tax that was recently repealed. Residents are getting taxed out of their homes because they want to do the right thing by supporting their towns' school systems but the State is making it increasingly difficult by removing funding that the towns typically receive. We need the state to step (back) up and help each town. Public education benefits everyone and a great public education system is what we should all

be striving for.

Thanks,
Katie McLaughlin

Governor Ayotte,

I've voted my conscience for 47 yrs most of that in North Hampton.

I oppose Commissioner Edelblut the words comfortable and partisan comes to mind. To think a child in this state is only worth an extremely basic education is offensive. When you accepted the job the citizens of NH hired you for, you said you wanted to see NH be less partisan basically to see us thrive. Let's start here, I want to respect the people in office. However when you take away the rights of our children to be well educated I can't support or respect that. Frankly as a parent I don't know how you could support the destruction of public education.

The commissioner has been in that office long enough. Please let's look for a truly non-partisan person who wants to make sure our children are educated to the same standards as other well developed countries. We are heading for the standards of a third world education system.

Thank you for your attention to this matter.

Patricia Demeule

Godspeed...

Governor Ayotte,

Congratulations on securing the Governor's seat. I was fortunate to meet with you during your service as Attorney General when you were addressing child cyber security issues. I was Assistant Superintendent of the Rochester Schools at that time, and was impressed with your commitment to our children.

You have a great opportunity to serve our children by selecting a new Commissioner of Education. As an educational leader in NH for 45 years, I have personally known every Commissioner since the 1980's. Mr. Edelblut has turned the Commissioner's role from an advocate to adversary regarding public education.

I have proudly served our state for these decades through administrations of both parties. Our emphasis on local control has kept us from becoming a bloated bureaucracy. But, this commissioner's insistence on diverting public

funds to private schools with no oversight or accountability is by far the worst thing that I have experienced in all my years.

Please select a new Commissioner of Education for our children.

Kent Hemingway

Since Edelblut has been commissioner, all he has done is raise concerns about his qualifications and his understanding of public schools. It is time for a new commissioner who will champion fair school funding, uphold high academic standards, and recognize the essential role public schools play in our democracy.

New Hampshire should be proud that our 160,000 students, despite receiving the lowest share of state funding in the country, rank among the nation's best. This success is not Edelblut though, this success is from the dedication of local communities. All Edelblut has done is failed to advocate for the states share of public school funding. He refuses to meet state obligations for special education costs leaving property taxpayers with the financial burden.

I am not sure how you can support someone who wanted to weaken education standards by eliminating world languages, social studies, arts education, computer literacy and personal finance. Your own children have gone to NH schools and have received this education, why support someone who will take it away from the people who you have promised to serve?

When it comes to education, you NEED to do what is right for the kids, and not by what your political party says what is right to do. There is so much uncertainty out there right now, make the right choice and appoint a new commissioner.

Kindly,
Shauna Judd
Parent of a kindergartener

Governor Ayotte,

As a long time public high school and UNH teacher and as a Past-President of the NH Association of World Language Teachers, I can verify that Frank Edelblut's divisiveness works against your goal for a quality NH education.

Teachers and NH teacher associations never know where he stands or what he'll do. NH public education needs a better commissioner than Edelblut and so do you.

Janis Hennessey

Dear Governor Ayotte,

I hope this message finds you well. I am writing to strongly recommend the appointment of a new education commission, as Frank Edelblut has demonstrated he is unqualified to effectively lead the Department of Education. Under his leadership, our education system has struggled to meet the needs of students, teachers, and communities.

Public funds should be spent on strengthening our public schools, ensuring that every child has access to a well-rounded education. This includes a renewed focus on academic standards, with the inclusion of critical subjects such as world languages, the arts, finance, engineering, and social studies.

I urge you to take swift action in appointing a new commission to help guide our education system toward a brighter future for all New Hampshire students.

Thank you for your attention to this matter.

Sincerely,

Nicole Gorski

Dear Governor Ayotte and Members of the Executive Council,

As a longtime public school teacher who understands the importance of public education as the bedrock of a healthy democratic civil society, I beg you NOT TO REINSTATE FRANK EDELBLUT as commissioner of education. Since 2017 he has been undermining the public education system in NH by overseeing the use and expansion of education vouchers. Court cases have been underway (and will continue) regarding education funding and adequacy, as well as downshifting education cost to towns. He is an education commissioner who does not believe in a quality public education. How can that be?

I volunteer at the local public elementary school. I see amazing, dedicated teaching everyday. I am so sick of this administration putting down NH public schools for their own purposes.

Please consider Virginia Berry as Commissioner of Education in NH.

Thank you,
Jane Walsh

Governor Ayotte,

The attached photo is Weston Michael Carney. Weston celebrated his first birthday in October and is now 15 months old.

He will never meet his grandfather Michael Carney as Michael was murdered in 2017 by his then wife, Nicole Beede Carney.

I am following up on the information I left at your office on February 27, 2025, depicting the points to this incident and the fact that your Department of Justice led by Gordon MacDonald at the time covered up Michael Carney's death with a false narrative and broke the law as well, in order to protect Keene Police Chief Brian Costa's involvement in this murder.

The violation of law was revealed when Senator Birdsell filed legislation in January 2024.

I voted for you, and I am appealing to you to find out if your current attorney general will prosecute the individuals involved in this, or explain to me and my nephews why the D.O.J. will not prosecute those responsible.

We were lied to about this for **4 1/2 years** and filed **3- 91A** right to know requests in order to get the information that I finally received in 2023 and relayed first to AG Formella, to former Governor Sununu, and now to you.

Enclosed in the information I submitted to you on February 27, 2025, you should have found a petition from my local state representatives supporting my request as to why your attorney general is derelict in his duties. I would greatly appreciate a response to my inquiry.

Dear Governor Ayotte

From the beginning of his eight years as NH's Commissioner of Education, concerns were raised about Frank Edelbut's lack of experience and commitment to public schools. During that time, his actions have demonstrated he is unqualified to lead the department, drawing widespread criticism from across the political spectrum and many members of the public. His term ends on March 23 just a few days from now.

In a state where there is no broad-based tax (and that's another entire conversation for another day), the major burden of paying for education for OUR students comes from the property tax, a burden that has been increased through various actions over time. As just one example of how his policies make the burden even more great, he refused to meet state obligations for special education costs, leaving property taxpayers with an unexpected financial burden.

His proposals would have eliminated requirements for public schools to offer courses in world languages, social studies, arts education, computer literacy, and personal finance. Fortunately, the legislature rejected these misguided efforts after the strong public outcry when 30,000 NH citizens expressed their opposition!

A strong democracy depends on an educated population as informed citizens are better equipped to evaluate policies, hold leaders accountable, and engage in meaningful civic discourse as they are better able to distinguish fact from fiction, understand history, and understand how governments work. Undermining public schools thus weakens the very foundation of our society and democracy.

The Commissioner has even suggested that the per-student cost of public education be considered taxable income for families. This completely disregards the role of public schools in our community and in supporting democracy.

Governor Ayotte, you have an opportunity to set a new course. Please appoint a commissioner who, not only has an understanding of and experience with public education, but one who will uphold the state's constitutional obligation to fund public schools, maintain high academic standards, and recognize the vital role of public education in our society.

Thank you.

Dear Governor Ayotte,

I am a new constituent in North Sutton, New Hampshire, and am increasingly disheartened by the state of education we find here. As I have worked to better understand the public education picture in New Hampshire, it is clear that Commissioner Edelblut's leadership - or lack thereof - is a big piece of that picture. As we face the very real challenges of democracy in our country today, there is nothing more important than the education of our young people. Public education is a right, not a privilege; you and the people you engage in the work of NH leadership must hold the interests of ALL New Hampshire students and their families as a priority. THAT IS CLEARLY NOT COMMISSIONER EDELBLUT'S PRIORITY.

I encourage you to NOT RE-APPOINT EDELBLUT, instead to APPOINT A MORE EXPERIENCED AND PRINCIPLED COMMISSIONER (an excellent option would be Virginia Berry!).

The future of New Hampshire's children is in your hands. Do the right thing!

Thank you for your consideration.

Dear Governor Ayotte,

Bill and I, your constituents in Meriden, New Hampshire, understand that Education Commissioner Edelblut's term expires soon. Please, for the good of New Hampshire children and public schools, DO NOT reappoint him. Just as you, in your inaugural address, expressed your intent to lead for ALL of New Hampshire residents, we need our Education Commissioner to do the same. During his tenure, Commissioner Edelblut's divisive and polarizing actions have been undermining public education. This is bad for New Hampshire! We need a Commissioner who clearly supports and strengthens our community public schools!

Respectfully,

Laura Knight

Please do NOT reappoint Frank Edelblut as Education Commissioner.

Commissioner Edelblut's tenure has been divisive/polarizing, which is bad for NH. We need someone whose commitment to supporting and strengthening our community public schools is clearly evident!

We need a commissioner who doesn't think that providing just math, science, social studies and language arts constitute an adequate education. We also need a commissioner who is not perceived as working to undermine our public schools.

Please appointment an Education Commissioner who will work hard to put NH public school students first!

Governor Kelly Ayotte

Office of the Governor
State House
107 North Main Street
Concord, NH 03301

Dear Governor Ayotte,

I am writing to urge you to appoint a new Commissioner of Education for New Hampshire who will champion fair school funding, uphold high academic standards, and recognize the essential role that public schools play in our democracy and society. After eight years under Commissioner Frank Edelblut, it is time for new leadership that will prioritize the needs of all students, educators, and families in our state.

New Hampshire's public education system faces critical challenges, from inequities in school funding to increasing demands for rigorous academic standards that prepare students for the future. We need an education commissioner who will support public schools as the foundation of our communities—ensuring that every child, regardless of zip code or background, has access to a high-quality education.

Under Edelblut's tenure, we have seen policies that have often undermined public education rather than strengthened it. As you begin your tenure as governor, you have the opportunity to bring in a leader who will advocate for a fair and effective school funding formula, promote evidence-based teaching practices, and work collaboratively with educators and parents to improve outcomes for all students.

New Hampshire deserves an Education Commissioner who will focus on strengthening our public schools, not weakening them. I urge you to select a leader who is committed

to ensuring that public education remains a cornerstone of opportunity and democracy in our state.

Thank you for your time and consideration. I look forward to your leadership on this critical issue.

Sincerely,

Rachael Soucie (concerned mother of 4)

Subject: Thank you and 2023 HB2 section Re: New brief on the child care shortage

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Thank you so much, Governor Ayotte, for meeting with us today. We really appreciate your taking the time to speak with us and hear our concern that the child care workforce grants, passed in HB2 in 2023 with general funds, were not included in your budget proposal. It was good to understand why and how that occurred. It is also wonderful to know that your clear understanding of the child care crisis in New Hampshire and the importance of the child care workforce is as strong as ever.

We are grateful that you and Alex will look into ways we can continue the \$15 million in child care workforce grants over the next biennium - including using the TANF reserve fund, exploring any applicable workforce funds from other state agencies, and using any savings you and your team may find. We will continue our advocacy with the House and the Senate to include the workforce grants in their budget proposals and will keep you updated.

I've copied below Section 534 in HB2 of 2023, which shows the many, flexible ways the child care workforce grants can be used and shows the directive of the bipartisan legislature that DHHS include them in its next biennial appropriation request, FY 2026-2027, which I've highlighted.

We look forward to staying in touch!

534 Department of Health and Human Services. Appropriation; Child Care Programs.
I. The sum of \$15,000,000 for the fiscal year ending June 30, 2023 is hereby appropriated to the department of health and human services for the purpose of financing recruitment and retention bonus and benefit grants for New Hampshire child care employers. Said funds shall not lapse until June 30, 2025. The governor is

authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

II. Eligible child care programs shall be programs operating in New Hampshire with an active child care license or that are license-exempt and enrolled in the department of health and human services child care scholarship program. These programs shall include those who serve children from birth through age 12 and are also referred to as center-based, family-based, early childhood education, early learning, outside of school time, before and after school, and summer camp programs, as well as non-profit and privately-owned center-based and family-based child care programs.

III. The department shall develop and implement a grant application process for eligible programs, and may consider additional grant amounts for child care programs enrolled in or in preparation to enroll in the granite steps for quality in recognition of their extra effort and commitment to continuous quality improvement. Grant amounts shall be determined by the department after all applications have been received and approved.

IV. Grants received by the programs may be used in the following ways:

- (a) Deposit into an eligible, tax-advantaged Health Savings Account or Flexible Spending Account;
- (b) Mentor credentialing and support networks for mentors;
- (c) Sign-on and/or retention incentives and/or wage increases;
- (d) Professional costs such as training hours, CPR, or memberships in professional organizations;
- (e) Child care tuition assistance;
- (f) Credit towards the employee's share of the cost of their health insurance plan;
- (g) Paid time off equivalent;
- (h) Child care tuition discount;
- (i) Student loan repayment;
- (j) Telemedicine coverage; or
- (k) Payment towards a physical, first-aid certification, CPR certification, background check, or other credential required for the child care position.

V. If grant application requests exceed available funding, preference shall be given to eligible child care programs which are:

- (a) Enrolled in New Hampshire's child care scholarship program; and
- (b) Connected to the work of their related early childhood regional network, as determined by the department.

VI. The department of health and human services shall incorporate in its biennial appropriation request pursuant to RSA 9:4 an amount necessary to fully fund the child care workforce programs contained in this section.

535 Effective Date. Section 534 of this act shall take effect June 30, 2023.

Subject: Fw: New brief on the child care shortage

Good afternoon, Governor Ayotte,

I, along with several of the child care providers you visited during the campaign - Lynn Ouellette of Nellie's Treehouse in Amherst, Nicole Allard Nutter of Alpha-Bits in Manchester, and Leanna Lorden of White Birch Center in Henniker - and some fellow child care advocates, copied here, are very much looking forward to meeting with you next week, on Monday, March 10.

I wanted to be sure to share with you an email I sent today to the members of the House Finance Committee, Division III. My email to Chairman Weyler is copied below.

As you know, the legislature passed, on a bipartisan basis, \$15 million in general funds to establish child care workforce grants for the purposes of retention and recruitment as part of HB2 in 2023. My email to the Division III members was to share a newly-published brief and to request that the \$15 million DHHS put in its agency submission for SFY 2026-2027 to continue these vital workforce grants be included in their House budget proposal. Though it was removed in your budget proposal, we look forward to partnering with you and your team to find allowable funding sources for this \$15 million that will still allow us to have a balanced budget. We understand there are several sources and look forward to discussing this with you.

I'm cc'ing Councilor Stephen here as we recently met with him to discuss this as well.

Please do not hesitate to contact me if you should have any questions prior to our meeting on the 10th.

Best,
Jackie

Subject: New brief on the child care shortage

Good afternoon, Chairman Weyler,

I hope you're enjoying a lovely Sunday. There's a newly-published brief that we thought you would be interested in knowing about, attached: *The Economic Impact of the Granite State's Child Care Shortage*, by the NH Fiscal Policy Institute. You can also [read the brief online here](#). I will bring hard copies with me tomorrow to Division III's work session with DHHS' Division of Economic Stability. The key findings are listed below.

- New Hampshire families may have collectively lost approximately \$114 million to \$178 million in earnings in 2023 due to inadequate child care availability.

- Businesses in New Hampshire may have collectively lost as much as \$55.5 million due to reduced employee productivity and impacts from benefits paid when employees were not working.
- Combined state and local tax revenue loss totals ranged between approximately \$9.0 million and \$14.1 million, or approximately \$1,300 to \$2,000 for every unavailable child care slot.

Of note also is the fact that, since the start of the pandemic in 2020, whenever child care businesses are surveyed or polled, the #1 challenge they mention is an inability to keep and hire staff. The staffing shortage has caused classrooms that were up and running for decades prior to the pandemic to close down or, worse, for the business itself to close, as noted in the brief. Of course, an empty classroom or a closed-down child care program does no good to a hard-working parent trying to provide for their families and get ahead.

We know that all industries are facing a staffing shortage. Child care is no different. What is different is that child care, called "The Workforce Behind the Workforce" by New Hampshire business leaders, enables employees in all other industries to go to work.

For this reason, as you may remember, \$15 million in child care workforce grants for the purposes of retention and recruitment were added on a bipartisan basis to HB2 in 2023 in the current budget. Those funds were distributed to eligible child care businesses in August 2024. Additionally, there was a bipartisan directive that DHHS include sufficient funding for these grants to continue in the next biennium budget, SFY 2026-2027. DHHS did include a continuation of the \$15 million over the biennium in their agency submission as a prioritized need, which has been removed in the Governor's proposed budget. Please see the Division of Economic Stability's Child Development budget, page 881, line item 05-95-45-451110-6386-102, Contracts for program services.

As noted in the brief's key findings, above, the child care shortage is costing us a great deal. For that reason, we respectfully request that you consider restoring the \$15 million - \$7.5 million per year - that DHHS put in its agency submission to continue the child care workforce grants. The current budget utilized general funds for these retention and recruitment grants, and we understand there are several allowable funding sources that can be considered to continue them in the next budget. We would be happy to partner with you to explore the best way to do this.

I've cc'ed Early Learning NH's leadership, including our Chair and Past Chair of our Board of Directors, Scott Spradling and Tom Raffio, as well as the leadership of the legislatively-mandated NH Child Care Advisory Council - Marianne Barter, Chair, Lynn

Ouellette, Vice Chair, and Shannon Tremblay, Director - should you be interested in speaking with them as well. We would love to arrange a time to meet with you either in your office or at a child care program in Kingston to discuss this further. I've also cc'd Jemima Chapman at the Kingston Children's Center in case you'd like to meet there. Would you kindly let us know when and where would be most convenient for you?

Finally, I'll end with a quote from one of our state's greatest child care champions, Fred Kocher, who said on his WMUR-TV show, *New Hampshire's Business*, "Child care supports the workforce of today, while preparing the workforce of tomorrow."

Many thanks for your service and for considering our request. We look forward to working with you!

Cheers,
Jackie

40 Influential Leaders - Jackie Cowell

Published Monday Feb 5, 2024
Author Sheryl Rich-Kenn

Jackie Cowell
Executive Director of Early Learning NH

For close to a quarter century, Jackie Cowell has advocated for strong early learning programs in NH. Cowell says crucial brain development occurs in a child's first five years, laying the trajectory for cognitive skills and the ability to form healthy relationships. A nurturing environment builds a foundation for success, she says. Conversely, early toxic stress can be correlated to heart disease and depression later in middle age.

Governor Ayotte,

I am writing to you today to request that you NOT reappoint Frank Edelblut as Education Commissioner. The past 7 years of his divisive leadership have been disastrous for NH public schools. It is time to retire him from this position and appoint someone who has knowledge of the public school system and interest in making it work for our children. Their futures depend on strong public education and are irreparably harmed by having someone at the helm whose interests lie in the privatization of education.

I sincerely hope that you will show your commitment to serving ALL Granite Staters by making this very important change in leadership.

Sincerely,

Jill Brooks
Dover, NH

Dear Gov. Ayotte,

I am asking that you not reappoint Frank Edelblut as Education Commissioner for NH. He has been a divisive figure who does not strongly support public education. Many have written editorials and letters regarding the specifics . Please find a person who truly believes in the value of public education in our state.

Dear Governor Ayotte,

Since Frank Edelblut became the Commissioner of Education, our confidence in our public schools has dropped. The Commissioner of Education should be a nonpartisan appointment. Instead, he has sowed division, putting his time and energy into alternatives that go against the principles of our country, including the separation of church and state. Please appoint someone who is committed to public education.

Sincerely,
Deborah and Michael Bruss

Governor Ayotte,

I am writing to ask you to please not reappoint Frank Edelblut as Commissioner of Education for the state of New Hampshire. He is a businessman, a certified public accountant and entrepreneur who may want to serve children but has no background in education, besides his religion. Whereas he may know what he wants for his children, it's not what I want for the children of the town of Exeter nor New Hampshire schools. Our state needs an educated and experienced commissioner who will bring new ideas and knows what he's talking about, instead of using his position to pressure Conservatives against experienced educators and educational systems.

I have taught all of my life, from the kindergarten to the high school level, and think our children deserve MUCH better.

PLEASE do not reappoint him.

Gaye Vorkink

Dear Governor Ayotte and Mr. Holderith,

I hope you both had an opportunity to enjoy this warm day. My name is Lisa Beaudoin, I'm one of NH's top disability policy professionals and I'm a parent, too.

In February I requested a meeting and am following up on that request, understandably your office is very busy. Attached please find a letter outlining concerns about how the proposed cuts to federal Medicaid will have terrible economic impacts on NH's economy in a variety of ways. This letter focuses on Medicaid Home & Community-based Services (HCBS) waivers and their funding and how cuts to federal Medicaid can impact Granite Staters on the 4 HCBS waivers.

Governor Ayotte, the letter contains very important questions, I look forward to an opportunity to discuss Medicaid with you.

Respectfully,
Lisa Beaudoin

Let's meet for a 1:1: <https://calendly.com/lisa-disability-strategies/meeting>

The Honorable Kelly Ayotte
Governor of New Hampshire
Office of the Governor
State House, 107 North Main Street
Concord, NH 03301

March 10, 2025

Dear Governor Ayotte,

Thank you for your stated commitment to fully funding Medicaid Home and Community-based Services (HCBS) waivers in New Hampshire. Given the critical role these services play in keeping people in their communities, ensuring workforce stability, and supporting families who provide care, I appreciate your recognition of the need to sustain and strengthen this system.

As both a policy expert in Medicaid and a parent with direct experience navigating the system, I want to engage with your administration on how New Hampshire plans to respond to the anticipated significant shortfalls resulting from federal Medicaid reductions due to the US House Energy & Commerce Committee's directive to find a floor of \$880 billion in "savings" – the committee where Medicaid funding lives. For the purposes of making this more concrete, \$880 billion is roughly an **11% reduction in total federal Medicaid funding over ten years translates to a potential 22% cut in dollars for recipients of HCBS services in New Hampshire**, a gap that will have immediate and widespread economic consequences for families, care providers, and the broader state economy.

What is worth highlighting is that Medicaid's HCBS funding and the waiver programs are **discretionary** unlike standard Medicaid and Medicaid Expansion which, as you know, is protected by federal law. This makes those programs appear to be in a more precarious position.

Economic and Workforce Considerations

The financial impact of these cuts is not just a challenge for those directly receiving services—it has major economic implications for New Hampshire's workforce, housing market, healthcare system, and business community. Families who rely on HCBS waiver services often provide substantial unpaid care, effectively subsidizing the state by preventing more costly care alternatives. If these services are scaled back, many working family members will be forced to leave the workforce or reduce hours, leading to lost wages, increased reliance on other state benefits, and reduced tax revenue for New Hampshire. Risking increased instances of homelessness for a population that already slips out of the middle class and into poverty at the highest rates of any protected class in America

Additionally, NH's direct care provider system —already facing a severe workforce shortage—cannot absorb further funding reductions without widespread consequences, including service reductions, agency closures, and increased emergency healthcare costs. This is not just a Medicaid issue; it is an economic stability issue for New Hampshire's workforce and businesses.

The Economic Impact of Unpaid Family Care

New Hampshire's Medicaid system is **heavily dependent on unpaid family caregivers**, a fact that is often overlooked in policy discussions. Based on 2022 data, unpaid family caregivers in NH provide an

estimated \$339.6 million worth of care annually, covering approximately 133 hours per week beyond what Medicaid-funded community-based services provide. These families effectively prevent the state from incurring additional costs, which would otherwise require public funding for direct support professionals (DSPs), employer taxes, unemployment contributions, and other expenses.

Any reduction in Medicaid HCBS funding will **increase this burden on families**, pushing more caregivers to leave the workforce or rely on additional public assistance. Does your administration have a plan to prevent this hidden economic crisis from deepening, and how will it ensure families do not bear the brunt of Medicaid funding shortfalls?

Impact on NH's Healthcare System & Cost-Effectiveness of HCBS

If Medicaid HCBS cuts reduce access to community-based care, more people will turn to more expensive emergency and acute care services (e.g. loss of assistance with medication management, mobility, personal care), leading to significantly higher costs for the state and hospitals

New Hampshire's Medicaid HCBS system is significantly more cost-effective than institutional models and remains one of the more fiscally efficient approaches to long-term care in the country. The average cost of institutional care is estimated at **\$225,000 per year per individual**, whereas New Hampshire's community-based model allows individuals to receive services at a fraction of that cost while remaining in their homes and communities. NH must not return to congregate settings.

Investing in Medicaid HCBS is a cost-effective way to ensure that resources are used efficiently while also mitigating the broader economic impact on New Hampshire's workforce. Given this reality, how does your administration plan to ensure continued investment in a system that ultimately saves the state money?

Demographic Realities & Workforce Impact

New Hampshire already faces a workforce shortage and has one of the oldest populations in the country. Many direct care workers and unpaid family caregivers are already stretched thin, and cutting Medicaid at a time when demand for HCBS is increasing will destabilize the care workforce, push more families out of the labor market, and put additional pressure on state-funded services.

Ensuring robust Medicaid funding is not just a matter of providing care—it is essential for keeping NH's workforce strong and ensuring businesses can retain employees. Additionally, the economic burden of reduced Medicaid services will ripple across industries, as caregiving responsibilities disproportionately fall on working-age adults who might otherwise contribute to NH's economy.

What long-term strategy does your administration have to ensure care access while protecting NH's workforce and economy?

The Role of People with Disabilities in NH's Workforce

Medicaid HCBS services do not only support caregivers—they also help people with disabilities actively participate in New Hampshire's workforce and economy. Many HCBS waiver recipients work, earn wages, pay taxes, and contribute to local businesses. However, the lack of adequate job coaching and employment supports prevents more individuals from working and reducing their reliance on government assistance.

Employment supports like job coaching leads to more people with disabilities entering the workforce, thereby, reducing reliance on long-term public benefits. Cutting Medicaid will do the opposite—it will

reduce access to employment supports, forcing more individuals into unnecessary dependence on state and federal aid.

How does your administration plan to ensure that people with disabilities in NH can continue contributing to the workforce rather than being pushed out due to lack of supports?

The Economic Case for Investment

Medicaid HCBS funding is not simply an expense; it is an economic driver that creates jobs, stabilizes families, and generates tax revenue. Every Medicaid dollar spent in NH contributes to job retention in healthcare, local business activity, and broader economic stability. States that have prioritized strong Medicaid reimbursement rates have seen positive returns in workforce retention, reduced reliance on emergency care, and stronger local economies.

How will your administration ensure that NH maximizes the economic benefits of Medicaid rather than allowing cuts to weaken NH's economic foundation?

Key Policy Questions

To better understand your administration's strategy, I respectfully request your office's consideration of and response to the questions found as an addendum to this letter.

Next Steps

I welcome the opportunity to meet with you or a member of your team in the near term to discuss these issues in more detail. Additionally, a #HandsOffMedicaid campaign is underway in New Hampshire, engaging families, service providers, and advocates to ensure that Medicaid remains strong and sustainable. I look forward to working with your administration on **proactive solutions** to protect these vital services and ensure economic stability for families and businesses across the state.

Thank you again for your leadership and your attention to this urgent matter. NH needs you to say to the Trump administration "no, thank you" to cuts to Medicaid. You have the power to make the economic case for how Medicaid strengthens NH's economy; and, if done, with other state governors, many of whom face worse financial impacts, can enlighten the misguided direction of federal cuts to Medicaid.

Sincerely,

Lisa D. Beaudoin

Strategies for Disability Equity, LLC

Key Policy Questions

Budget & Fiscal Planning

1. Given that Medicaid HCBS services are funded through a 50/50 federal-state cost share, how is your administration preparing for a potential federal cut of 11%, which roughly translates into a 22% total loss in available funding for recipients of Medicaid waivers unless NH fills the gap?
2. Have you directed the NH's State Office of Medicaid (or anywhere in NH DHHS) to conduct fiscal impact modeling to determine the specific budget shortfalls NH would face under various Medicaid cut scenarios? If so, can you share those findings?
3. If federal Medicaid funding is cut, will you commit to using NH's rainy-day fund or other revenue sources to prevent service reductions or waiting lists for HCBS waiver programs?

Legislative & Policy Planning

4. Have you discussed potential Medicaid cuts with the NH Legislature or any of its committees, i.e. the Joint Fiscal Committee? What is your plan for ensuring bipartisan support for additional state funding if needed?
5. What contingencies is your administration considering to ensure Medicaid HCBS waiver services remain fully funded if NH is forced to absorb a larger share of costs? Would you support state revenue increases or reallocations to maintain funding levels?
6. In previous budget cycles, states facing Medicaid cuts have turned to service limitations or eligibility restrictions. Will you commit to avoiding these measures, and if not, what criteria would guide your decisions?

Federal Advocacy & Response

7. Have you engaged with the Trump administration or House GOP leadership on NH's specific concerns? What direct advocacy are you undertaking with New Hampshire's congressional delegation to oppose Medicaid cuts?
8. If federal Medicaid cuts are approved, will you support or participate in a coalition of governors advocating for alternatives or exemptions for states reliant on HCBS funding?
9. Given that Medicaid HCBS cuts would have significant economic repercussions for New Hampshire—potentially costing the state millions in lost federal funding, reducing healthcare jobs, and increasing financial strain on families—have you conveyed these concerns to the Trump administration? If so, what response have you received?
10. As governor, you have a direct line to the White House and federal agencies. Have you advocated against Medicaid HCBS cuts by presenting data on how they would negatively impact New Hampshire's economy, workforce, and healthcare system? If not, why?
11. If the Trump administration proceeds with Medicaid cuts despite their negative impact on New Hampshire's economy, what is your plan for pushing back to protect the state's financial well-being and essential services?

Impact on Families, Providers & Workforce

12. Medicaid HCBS waivers support thousands of NH residents, including children with disabilities, older adults, and individuals with complex medical needs. How will you ensure these vulnerable populations do not experience service disruptions due to budget constraints?
13. Given that NH already struggles with workforce shortages in home- and community-based services, how would potential Medicaid cuts impact provider reimbursement rates and the ability to recruit and retain caregivers?
14. Families across NH are already stretched thin balancing work and caregiving responsibilities. If state funding does not fully replace lost federal dollars, how do you plan to prevent families from being forced to quit jobs to provide care at home?
15. Medicaid HCBS funding plays a crucial role in reducing reliance on costly institutional care. Have you conducted an analysis of the potential cost shift to nursing homes, hospitals, and emergency services if HCBS cuts lead to increased institutionalization?

Commitment to NH's Long-Term Medicaid Stability

16. Do you believe that funding Medicaid HCBS services should be a long-term budget priority for NH, regardless of federal cuts? If so, how do you propose to ensure stability in funding for these services?
17. Would you support establishing a dedicated state Medicaid reserve fund to cushion against unexpected federal cuts and economic downturns that could impact HCBS waiver funding?
Some states have created special funds to stabilize Medicaid funding during federal uncertainty.

Accountability & Transparency

18. How will your administration ensure transparency and public input in decisions related to potential Medicaid funding reductions? Will you commit to public hearings and stakeholder engagement before making any policy changes?

Governor Ayotte,

I'm writing to ask that you not reappoint Frank Edelblut as Education Commissioner. During his tenure, Commissioner Edelblut has proven himself to be divisive and overly partisan, which are attributes you have suggested you want to eliminate from NH governance.

Instead, we need someone who is committed to strengthening our public schools, rather than someone perceived to be undermining educational support. Someone who understands that an adequate education is inclusive of more than providing math and language arts curriculum and is willing to work with you, the legislature, and school districts to adequately support public schools.

Thank you,
Heidi Henninger

Governor Ayotte, you have indicated that you want to ease partisan tensions and renew a spirit of bipartisanship in New Hampshire. To that end, I urge you not to renew education commissioner Edelbut's appointment after his term ends later this month.

Commissioner Edelbut has been an extremely divisive figure who has exacerbated partisan polarization among Granite Staters who care about education. His repeated decisions to ignore the input and expertise of educators and exclude them from decision-making processes was unwise, but worse than that, it contributed to distrust and disrespect towards teachers - the dedicated public servants who care for our children and help them grow into smart, productive participants in our society.

Teachers are the foundation of the republic and deserve an education commissioner who views them as valued partners in the shared goal of providing the best possible education for New Hampshire students.

Sincerely,
Anne Whitney
Rindge

Dear Governor Ayotte,

I hope you're doing well. I'm reaching out as a concerned New Hampshire resident and supporter of our public schools. It's clear that our education system is at a crossroads, and now more than ever, we need strong leadership that puts students, teachers, and families first.

Frank Edelblut has been a divisive figure as Education Commissioner, and his approach has not strengthened public education in our state. With so many changes happening in government under Donald Trump, we need someone who will guide our schools forward, not hold them back.

New Hampshire's unique tax structure means our schools rely heavily on state funding, and we need an Education Commissioner who truly values public education and will fight for the resources our students deserve. It's time for a leader who unites rather than divides, someone who will work to improve and strengthen our schools for the long term.

I urge you to consider new leadership that prioritizes the success of New Hampshire's students and the future of our public education system. In times of such uncertainty, the last thing we should jeopardize is the stability of our schools, the very foundation of opportunity for every child. As a mother and an active member of my community, I know firsthand how essential strong public education is, and we need leadership that strengthens, not disrupts, that foundation.

Very Respectfully,

Sarat Rogers

Governor, please do not reappoint Frank Edelblut as Education Commissioner. He is not a worthy candidate, who really knows nothing and cares nothing about public education, and who is spending our tax dollars on vouchers for private schools, religious education and home schoolers. Please appoint someone who can support public education, teachers who are credentialed, and students who deserve the best public education NH can give them. Please support our State's Constitution and pay for public education students as mandated by it. Don't make property owners leave NH because our taxes are so high and are not being used correctly. Why should parents who have plenty of income get vouchers in the first place, and at the expense of FREE public education? Doesn't the State care about them???

Thank you,
Alix Olson

Dear Governor Ayotte

I am very concerned about what has happened to public education since Frank Edelblut has been commissioner. He has no experience with public education and is not a champion for public education. Please do not nominate him for another term. Nominate someone who cares about and wants to improve public education.

Mary Anne Broshek

Hello,

Please do not reappoint Frank Edelblut as Education Commissioner in NH. We need a Commissioner who will support NH families from all income brackets, not just wealthy families who have resources to support their children in any way they choose. End partisan bickering and choose a more fair and effective Commissioner for the next term.

Hello,

I will keep this brief as I am a stay at home mom to toddlers. I'm sure you understand how there are too little hours in the day.

Living in NH, it's always been clear to me to see how republicans and democrats can work together to find common ground. I feel that Commissioner Edelblut is too partisan for NH. We need someone whose commitment to supporting and strengthening our community public schools is clearly evident. I do not see this with Com. Edelblut. We also need a commissioner who doesn't think that providing just math, science, social studies and language arts constitute an adequate education. In order to make great citizens, we need well rounded students.

Please consider someone better for all of NH.

Best,
Marissa Deegan-Jones

Good morning,

I am emailing you all to encourage you to appoint a new person to be our next Education Commissioner. Commissioner Edelblut's tenure has been mired in extreme partisan politics. It would be refreshing for NH to get back to what's truly important and stop playing politics with our schools and our children. It would also show that our elected officials care more about the people of our state than they do one party or the other.

Commissioner Edelblut has had several years to head the Education Dept, and now it's time for some fresh ideas and leadership.

Thank you,

Robyn Sweeney-Blaise

Dear Governor Ayotte,

As a NH citizen and retired educator, I am vehemently opposed to reappointing Frank Edelblut as commissioner of Education!

He has been decisive, and we desperately need and deserve someone who supports Public Education.

I believe in the separation of church and state, and I think the voucher system is a scam.

ICYMI: Local Leaders from Both Parties Support Fixing Failed Bail Reform

FOR IMMEDIATE RELEASE

March 11, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Yesterday, Manchester Mayor Jay Ruais, the Manchester Board of Aldermen, and a bipartisan group of mayors from across New Hampshire sent letters to the Legislature calling on them to fix the broken bail law.

“We urge the Legislature to find compromise on this critical issue to specifically address violent and repeat offenders,” reads the letter from Mayor Ruais and seven mayors across New Hampshire. “Like you, we believe public safety in New Hampshire to be non-negotiable. Our citizens, businesses and tourists deserve our best efforts when it comes to keeping our streets safe.”

New Hampshire mayors supporting efforts to fix the broken bail law include:

- Mayor Jay Ruais, Manchester
- Mayor Paul Callaghan, Rochester
- Mayor Dale Girard, Claremont
- Mayor Robert Carrier, Dover
- Mayor Jay Kahn, Keene
- Mayor Robert Cone, Berlin
- Mayor Desiree McLaughlin, Franklin
- Mayor Byron Champlin, Concord

Me again. I still haven't heard from you regarding any of my concerns, but I have a new one:

The Federal government has done two things recently that I think violate the Constitution and I would like to know your plans in NH:

1. A legal immigrant with a green card who was not charged with a crime was arrested and sent to another state for detention.
2. Cameras that track Americans' cars were accessed by ICE. Not people who'd committed crimes, all of us. Apparently without warrants.

I believe NH did plan to incarcerate ICE detainees in Berlin, and I am not sure if a line is being drawn at doing so with criminals or if you are cooperating with ICE on anyone they detain even if their actions are illegal. I do not know if the State of NH is tracking Americans with EZ-PASS or other tracking mechanisms, or if you are sharing that information with the Federal government. I am worried about my Constitutional rights and the rights of others in my community, and would like to know your intentions. I do realize I should probably be worried about sending these e-mails to you. But for now, you are a public servant and I am a citizen. My concerns are valid and I am not the only citizen who feels this way. I know you are busy, but a response would be appreciated. If you have made a statement in the press that I have not seen feel free to simply direct me to it.

Thank you,
Debora Hatcher

Good morning,

I'm sorry for the short notice, but I'd like to invite you to an event here in Concord this Saturday.

Robert Brown is a Constitutional Scholar, and does a great lecture called "The Harsh Realities of a Convention of States". With HCR 3 & 5 coming up for a vote in the House, I'd be grateful if you'd keep an open mind and be willing to hear all sides.

This event is free, and lunch is provided.

If you cannot attend, I'd be more than happy to send you some information.

Thank you.

In Liberty,
-Megan Schmitt
Megz4nh@gmail.com

HARSH REALITIES OF A CONVENTION OF STATES

BY ROBERT BROWN

Constitutional scholar Robert Brown addresses the harsh realities about a so-called "Convention of States," debunking the various false and deceptive claims made by the organization Convention of States (COS) and its co-founder Mark Meckler. Brown examines what really happened at the Philadelphia Convention of 1787, the 12 state commissions, what the delegates actually said, and its bearing on a modern constitutional convention under Article V. Brown also discusses the origins of the term "convention of the states" and the definition of a constitutional convention.

Governor Ayotte,

In your inaugural address, you expressed a desire to overcome excessive partisanship. Not reappointing Frank Edelblut will go along way toward fulfilling that goal. He has been a divisive and polarizing commissioner. We need someone who will work with both sides. Someone who serves all parties, not just one. Someone who is a strong proponent of our public education system. ALL children deserve an excellent education, not just the ones who have been fortunate enough to be born into affluent homes.

Thank you.

Dear Governor Ayotte,

I write to you as a parent of four children who accessed an excellent NH education, as a retired high school English teacher, and as a long-time Stoddard School Board member to encourage you NOT to reappoint Commissioner Edelblut to his position.

Mr Edelblut's tenure as commissioner has been divisive which is bad for NH. He has not demonstrated any commitment to supporting and strengthening our community public schools. Instead he has undermined public education. My children benefitted from having a diverse education including music, art, history, math and science. They all were athletes as well. Cutting programs that enrich students' lives is what has made NH education exceptional. Mr. Edelblut does not share these values and he should not be reaffirmed.

Thank you for listening.

Dear Governor Ayotte,

Over the past few years I have attended a number of hearings of the Education Committee and have frankly been shocked by the lack of educational expertise (even basic understanding) of committee members, not to mention of the Commissioner, himself.

Frank Edelblut has a minimum of understanding of the challenges, rewards and privileges of being an educator. Nor does he have even the slightest appreciation of what an effective curriculum (K-12) is for New Hampshire students. It is time to replace him with someone who has, him or herself, had significant experience in the classroom as well as in administration of a K-12 school.

It is time that NH have an Education Commissioner who knows what he or she is talking about as opposed to someone who can only politicize and be a mouthpiece for unenlightened bogus theories. I am tired of the ridiculousness of these educational hearings and request in the strongest possible voice that you find a competent, intelligent and experienced Education Commissioner for the State of NH.; someone who will make us proud and who will know and understand our schools and how they should be educating our children, who are, after all, our most precious resource.

Respectfully,
Diana Phillips
Andover, NH

Dear Governor,

I am a long-time resident and property owner in Sunapee, NH. I willingly pay high taxes to support our fine public schools although I have never had children attending them. I have been aware of many decisions by the current Commissioner of Education Edelblut that I strongly disagree with, and that I believe weaken public schools in NH. I would hope you would look for someone better qualified to lead our Department of Education. The current commissioner seems to have a very biased focus on more choice at the expense of the vital mission of educating citizens in each new generation. Please do not reappoint this person to such an important position.

County Sheriffs Unanimously Support Fixing Failed Bail Reform

FOR IMMEDIATE RELEASE

March 11, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, all ten of New Hampshire's county sheriffs announced their support for fixing the broken bail system:

- Sheriff William Wright, Belknap County
- Sheriff Domenic Richardi, Carroll County
- Sheriff Eli Rivera, Cheshire County
- Sheriff Keith Roberge, Coös County
- Sheriff Jillian Myers, Grafton County
- Sheriff Brian Newcomb, Hillsborough County
- Sheriff David Croft, Merrimack County
- Sheriff Charles Massahos, Rockingham County
- Sheriff Kathryn Mone, Strafford County
- Sheriff Jayson Almstrom, Sullivan County

“New Hampshire’s ten county sheriffs are united in our support for fixing the broken bail system,” said **Belknap County Sheriff and President of the New Hampshire Sheriffs’ Association William Wright**. “The 2018 law has let too many violent offenders out into our communities, harming our officers and our citizens. Fixing this broken system is common sense and is critical to keeping our state the safest in the country. We are grateful to Governor Ayotte for her leadership and urge the Legislature to take quick action on this issue.”

Following the announcement, Governor Kelly Ayotte said, “I’m grateful to have all ten of our county sheriffs on board with this bipartisan effort to fix our broken bail system. Our law enforcement officers deserve our full support and backing as they do their jobs, and Granite Staters deserve to feel safe on our streets. Shutting this revolving door for criminals will help keep our state the safest in the nation, and I thank our sheriffs and local community leaders from both sides of the aisle for standing with us.”

New Hampshire’s ten county sheriffs join a [bipartisan group of mayors](#) in supporting this effort.

RE: Medicaid Home and Community-Based
Services

Dear Governor Ayotte,

Your support, to date, for maintaining Medicaid's waivers in your proposed budget is much appreciated. May it continue. Our family is almost paralyzed with fear at the prospect of federal cuts to Medicaid's Home and Community-Based Services (HCBS) waiver program in New Hampshire.

We have a lovely and very complicated 27-year-old daughter who we have been able to keep at home thanks to HCBS funding. Because we have in-home support, our family has been kept intact and enabled us to work in jobs that have contributed to the quality of life in our communities. Our daughter requires care for all aspects of her daily life and is non-verbal and non-ambulatory. She has a spontaneously occurring rare genetic disorder-CDKL5 Deficiency Disorder (that is, there is no family history—it could happen to anyone, regardless of party affiliation. ANYONE could find themselves in need of these essential services.) Institutionalizing our daughter would have been far more expensive to the state.

Up until now, we have felt lucky to live in New Hampshire with its history of support for individuals with disabilities, enabling them to live meaningful lives in their communities rather than in costly institutions. The proposed federal Medicaid cuts would not only undermine NH's ability to continue this important work, it would also hurt NH families who are committed to making this state a robust environment for all. If these cuts force family members to leave the workforce, the economic impact will be felt beyond our households, affecting employers, local businesses, and state revenues. Cutting Medicaid to fund tax breaks for the wealthy is

unacceptable, especially when it comes at the expense of the most vulnerable Granite Staters.

Please continue your support for HCBS funding for New Hampshire families and please use your voice to communicate to those at the federal level that cuts to Medicaid will have a devastating impact on individuals with disabilities, their families and whole communities. Thank you for considering this plea. I'm sure you join us in our belief that a society can be judged by how it treats its most vulnerable citizens.

We look forward to hearing about your response to this critical matter.

Sincerely,

Donna Dunlop and Andrew Spahr

- Anne Jennison invited Cherie Pernaw to speak about her tribe’s upcoming powwow a. Cherie Pernaw discussed that her tribe is having a powwow in Alstead June 10-11 and invited the NHCNAA to have a booth there. Will discuss at next meeting
- Anne Jennison invited Ken Gallager to present on the Geographic Name Change Process
- Discussion on the Geographic Name Change Proposals submitted by Kris Pastoriza (looking for NHCNAA’s support) a. From Baker River to Asquamchuake b. From Mt. Washington to Agiochook c. Carlos Cardona Lebron motioned for NHCNAA to write a letter of support for the Mt. Washington to Agiochook geographic name change proposal; Cherie Pernaw seconded 1. Vote: unanimous; approved. Sheila Charles motioned for NHCNAA to write a letter of support for the Baker River to Asquamchuake geographic name change proposal; Denise Pouliot seconded 1. Vote: unanimous; approved
- Denise Pouliot mentioned her tribe is working on a geographic name change proposal for Eastman’s Cove to Nokemesek Cove. Anne Jennison motioned for NHCNAA to write a letter of support for the Eastman’s Cove to Nokemesek Cove geographic name change proposal; Diane Polewarczyk seconded

1. Vote: unanimous; approved f. Anne Jennison will write the letters and bring them for review and approval at the next NHCNAA Meeting.

- **8/10/2023 Meeting** - Letters of Support for geographic name change i. Denise Pouliot read aloud Anne Jennison's letters: 1. Baker River to Asquamchuake 2. Mt. Washington to Agicochook ii. Carlos Cardona Lebron motioned to approve letters; Deborah Calabrese iii. Vote: 1. In favor: Anne Jennison, Carlos Cardona Lebron, Denise Pouliot, Cherie Pernaw, Christine Nih'shaw, James Edgell Jr., Deborah Calabrese, Shawn O'Leary, Bridget Herrera (virtual) 2. Abstain: Kayla Schweitzer, Estlin McLellan, Sheila Charles. Approved
- Update on HB 380 c. Update on inviting Governor Sununu to a meeting – status is unchanged
- Cherie Pernaw reported about her representation of NHCNAA at her tribe's powwow and how it went (distributed brochures and bookmarks)
- New Business - Jaffrey Interpretative signage project i. NHDOT project; looking for NHCNAA input ii. Anne Jennison, Denise Pouliot and Sheila Charles to represent on behalf of NHCNAA iii. Cherie Pernaw motioned that Anne Jennison, Denise Pouliot and Sheila Charles represent the NHCNAA on the Jaffrey interpretative signage project; Christine Nih'shaw seconded 1. Vote: unanimous; approved
- Draft a request for Governor Sununu to declare November 2023 as Native American Heritage Month i. Carlos Cardona Lebron, Denise Pouliot and Bridget Herrera volunteer to work on writing a proclamation on Native American Heritage Month (November) ii. Cherie Pernaw motioned that Carlos Cardona Lebron, Denise Pouliot and Bridget Herrera work on writing a proclamation on Native American Heritage Month for November; Christine Nih'shaw seconded 1. Vote: unanimous; approved
- Discussion on new Commission bill – proposed by Denise Pouliot and her Cowasuck tribe (distributed proposed Commission bill) i. Language in red print is being removed, language in blue print is added ii. Has been reviewed by NHDOJ and Ben Wilson, Director of Division of Historical Resources
- e. Discussion on creating a legislative action committee to work on behalf of NHCNAA to monitor and respond to bills i. NHCNAA is going to appoint a legislative action committee to act as a liaison in representing NHCNAA for the purposes of acting on legislation, resolutions, proclamations and other time sensitive matters as they arise. ii. Christine Nih'shaw motioned to create the legislative action committee as defined; James Edgell Jr. seconded 1. Vote: unanimous; approved iii. Carlos Cardona Lebron, Denise Pouliot and James Edgell Jr. volunteer to be on the legislative action committee iv. Deborah Calabrese motioned that Carlos Cardona Lebron serve as the chair and convener of the legislative action committee; Anne Jennison seconded 1. Vote: unanimous; approved
- Piscataqua powwow is this weekend – August 12-13 g. Social media discussion i. Cherie Pernaw will assist Anne Jennison with co-managing
- Anne Jennison received a letter from a new Mt. Washington Commission i. Anne Jennison will follow up and report back
- Denise Pouliot addressed a recent NHPR article written about her (distributed the Cowasuck Band-Abenaki People's receipt of petition for federal acknowledgement) i. Carlos Cardona Lebron motioned that NHCNAA stand in solidarity with Abenaki Cowasuck band headspeakers Denise and Paul Pouliot against the attacks against them and their heritage as that we know paper genocide is real and we stand against anyone questioning the legitimacy of the heritage of our brothers and sisters; Christine Nih'shaw seconded 1. Vote: unanimous; approved
- **9/14/2023 Meeting** Review and discussion of the draft August 10, 2023 meeting minutes i. Christine Nih'shaw motioned to approve the draft August 10, 2023 meeting minutes; Christine Pernaw seconded ii. Vote: unanimous; approved.

- Anne Jennison invited Vanessa Levin to speak to the Commission regarding their email inquiry; Vanessa Levin addressed the Commission; open informal discussion on grants and ideas for Vanessa.

NHCNAA Annual Report for 2024

Members as of November 16, 2024

- Anne Jennison (*European & Abenaki*), Chair – appointed through 10/02/2025
- Denise Pouliot, (*Cowasuck Band of the Pennacook Abenaki People*), Vice Chair – appointed through 02/21/2024)
- Kayla Schweitzer, Secretary – (*permanent seat, appointed by the director of the NH State Council on the Arts*)
- Sheila Charles – (*permanent seat, appointed by the director of the NH Division of Historical Resources*)
- Estlin McLellan (*permanent seat, appointed by the director of the NH Division of Travel and Tourism Development*)
- Adria Brown (*Chickasaw*) - Director of Native American Program at Dartmouth College. (*permanent seat appointed by Dartmouth College*)
- Bridget Herrera (*Taino*) - appointed through 01/10/2025
- Cherie Pernaw (*Co'wasuck Traditional Band of the Abenaki Nation*) - appointed through 01/10/2025
- Christine Nih'shaw (*Siksika Blackfeet & Onondaga*) - appointed through 01/10/2025
- James Edgell Jr. (*Mohawk, Mi'kmaq, & Squamscott*) - appointed through 03/04/2025
- Carlos Cardona Lebron (*Taino*) - appointed through 03/04/2025
- Diane Polewarczyk (*Cherokee*) - appointed through 03/04/2025 (*Moved out of state & resigned in 2024 due to inability to attend meetings.*)
- 4 member-at-large vacancies.

NOTE: Due to illness, work conflicts, and other scheduling conflicts that made achieving a meeting quorum exceedingly challenging in 2024, needing 9 members to be present to achieve a quorum, the New Hampshire Commission on Native American Affairs was able to meet only once – on 10/29/2024. However, the elected officers of the Commission continued to support the bill the Commission had put forward that would alleviate the quorum issue AND also supported HB 308, a bill that made it possible for many of the smaller commissions and committees with quorum problems to be able to meet with some members attending remotely but with the ability to have input and to have their votes counted towards decision making, thus being able to overcome quorum challenges. This bill was passed and became effective in October 2024. Additionally, the revised NH Commission on Native American Affairs bill was passed and signed by the

Governor in July 2024, thus also alleviating the challenges in trying to achieve a quorum so that the Commission's work could go forward. At this time, as of January 2025, the Commission is able to meet regularly once again.

Commission bill (HB1471) signed by Gov. Sununu to improve the possibility to achieve meeting quorums, July 2024.

LIST OF MEETINGS FOR 2024

DATE: October 29, 2024

TIME: 1 – 3 P.M.

LOCATION:

DNCR Conference Room

New Hampshire Dept. of Natural and Cultural Resources

172 Pembroke Road

Concord, NH 03301

2024 ACTION ITEMS

- **10/29/2024 Meeting:** November 16, 2023 minutes were reviewed and approved. Cherie Pernaw motioned to accept the November 16, 2023 draft meeting minutes; Sheila Charles seconded i. Vote: 1. Yes: Anne Jennison, Kayla Schweitzer, Cherie Pernaw, Sheila Charles, Carlos Cardona Lebron, Bridget Herrera 2. Abstain: Paul Pouliot ii. Approved.
- Chair Report from Anne Jennison a. Diane Polewarczyk resigned from the Commission due to her inability to attend meetings.
- Anne requested and received a proclamation from the Governor to announce November 2024 as Indigenous Peoples' Heritage Month in New Hampshire.
- The Commission Bill (HB1474) was amended by the Senate (and accepted by the House) to eliminate all of its revisions except the revision regarding the requirements for a quorum. The bill was signed by the Governor on July 17, 2024 and became active as of Sept. 17, 2024. The new quorum requirement is 50% of the membership plus 1. Current membership is 11, so a quorum is 6.

- Discussion and reading of HB308 - relative to a quorum for meetings open to the public to include remote presence. This would require that there be a minimum of 4 NHCNAA members present at physical meeting location and any NHCNAA members attending online must have made in-advance arrangements with the Chair for their inability to attend in person (compelling reason such as disability, illness, etc.) Anne Jennison motioned to adopt HB308 as read; Carlos Cardona Lebron seconded 1. Roll Call Vote: a. Yes: Paul Pouliot, Cherie Pernaw, Carlos Cardona Lebron, Sheila Charles, Kayla Schweitzer, Anne Jennison, Bridget Herrera 2. Unanimous; Approved.
- Discussion on holding a public event for Indigenous Peoples' Heritage Month proclamation in November 2024 i. Anne Jennison motioned to promote and hold a public event for the proclamation on Indigenous Peoples' Heritage Month on November 29, 2024; Carlos Cardona Lebron seconded 1. Roll Call Vote: a. Yes: Paul Pouliot, Cherie Pernaw, Carlos Cardona Lebron, Bridget Herrera, Sheila Charles, Anne Jennison, Kayla Schweitzer 2. Unanimous; Approved. (Note: Unfortunately, this outdoor event had to be cancelled due to lack of time for promoting the event as well as locating a suitable indoor alternate space in the event of inclement weather.)
- Discussion on next meeting dates for January 2025 – Anne Jennison will send out doodle poll Discussion on need for election of new officers at the next meeting i. Kayla Schweitzer is transitioning off of the Commission. Adele Sicilia will be taking over as the State Arts Council designee on the Commission. Sheila Charles will serve as the interim Secretary for the next meeting.
- Discussion on current membership 1. Members whose term is ending soon are invited to renew if they want to – and asked to email Ben Wilson to let him know if they want to serve a second term on the Commission.
- Plans are underway statewide for 2025 and 2026 celebrations of the Nation's 250th anniversary. The Commission is receiving queries about Indigenous representation at these events. More details will follow.
- Discussion on upcoming Legislative action pertinent to NH Indigenous issues
- Discussion on NH Constitution
- Discussion on current atmosphere and pursuing of state recognition process in NH
- Discussion on name change of Eastman Cove to Senskwa Cove on Squam Lake in January 2024.
- These topics will be fully explored during the 2025 meetings of the New Hampshire Commission on Native American Affairs.

Good Afternoon Gov. Ayotte (and Executive Council),
Please consider nominating a new person as Commissioner of Education. Through Chris Sununu's term, Mr Edelblut had a political agenda rather than an educational agenda. That is still the case.

These days limited resources are being spread very thin in New Hampshire Schools. I feel that someone in touch with the realities of schools would serve your administration far better than Mr. Edelblut. Many people I know simply cannot get past the fact that Mr. Edelblut home schooled his children. That's a fine choice, but it hardly gives the man any insight into what he's meant to oversee.

There are dozens of educators and administrators with experience in New Hampshire Public Schools with the experience and skills to take on the challenge of being Commissioner of Education. Patrick Boodey in Dover is one of those.

Regards,
T.E. Carter
Dover

Dear Governor Ayotte,

In your inaugural address, you suggested a desire to overcome excessive partisanship. Unfortunately, Edelblut's divisiveness works against that goal.

As an author and illustrator, I feel strongly that we need a commissioner who believes that the arts are every bit as important to a young person's education as math, science, social studies and language arts. The findings are clear: the integration of arts into education offers undeniable benefits -- from boosting academic achievement to fostering essential cognitive and socio-emotional skills. Recognizing and supporting the arts in educational settings leads to more well-rounded development and prepares students for diverse future challenges.

Please do NOT reappoint Frank Edelblut as Education Commissioner. We need someone whose commitment to supporting and strengthening our community public schools is clearly evident.

Thank you for listening.

Warmly,
Jeanne

Subject: Closure of Salmon Falls Family Healthcare and Release of Medical Records

EXTERNAL EMAIL WARNING! This email originated outside of the New Hampshire Executive Branch network. Do not open attachments or click on links unless you recognize the sender and are expecting the email. Do not enter your username and password on sites that you have reached through an email link. Forward suspicious and unexpected messages by clicking the Phish Alert button in your Outlook and if you did click or enter credentials by mistake, report it immediately to helpdesk@doit.nh.gov!

Good Afternoon!

I am writing to you to request your assistance to have my family medical records transferred from Salmon Falls Family Healthcare Facility, New Hampshire to Derry Medical Care (DMC) both located in Dover, New Hampshire. If you are unaware that Salmon Falls Family Healthcare Facility abruptly advised their patients through an automated message on February 14, 2025 that they were closing around March 15, 2025. My husband went into their facility on February 15, 2025 and was told to fill out the Medical Release forms, as they were closing the facility, to obtain or transfer our medical records to another facility. Salmon Falls Family Healthcare Facility closed their website and records website the very next day. All calls are going directly to voicemail and are going unanswered. There is no way to reach anyone.

On February 18, 2025, I hand carried our Medical Release forms to Salmon Falls, since they were closed on February 17, 2025. We requested to have our medical records transferred to DMC. Also, hand carried the medical release forms to DMC right after going to Salmon Falls Family Healthcare Facility. Both facilities indicated no issues obtaining our records. I was contacted by DMC Medical Records that our medical records were being transferred to Morgan Management Records in Nashua, New Hampshire and there will be a delay until all medical records are received by Salmon Falls Healthcare Facility and there will be a charge between \$35 and \$55, plus additional for each page thereafter to get the records. I called Morgan Management Records and left a voice mail last week and just received a call back yesterday. I advised her that I did not want our medical records personally and to have them transferred to DMC. Our PCP at Salmon Falls Family Healthcare Facility is transferring to DMC, so this will be a "continuation of care".

My husband and I are Legal Guardians for our son, Keaton and responsible for all of his medical and financial needs. On February 19, 2025, my son, who has a Traumatic Brain

Injury and other major medical issues from nine years ago was taken to Maine Health Facility Emergency Room in Sanford, Maine. The closest hospital to be seen. He was released and advised to get an emergent appointment with a medical professional. My son was seen on February 20, 2025 by Dr. Low at DMC. Without having any medical records it was hard for the doctor to make a determination on his conditions. He was seen again on March 6, 2025 and Dr. Low is requesting

extensive testing (e.g., MRI, E-Rays, Lab Work, etc.) to try to figure out what is going on with him without having any medical records to review. My son had an accident nine

years ago and we got to the Maine Healthcare in Sanford, Maine, and the medical doctor and two others were asking if we want him to be an organ donor and he was unsurvivable. My husband and I demanded that he go to Maine Medical Center, as we are residents of North Berwick, Maine. He was transported by LifeFlight in a body bag with a ventilator in his mouth. Dr. Robert Ecker noticed that Keaton moved his hand and immediately sent him to surgery. It has been a long road and my son has been recovering to the best he can. He was released from Maine Medical Center walking and communicating with us.

I received a call from DMC about Morgan Records Management will be handling medical records and to obtain them and have them sent to them. Salmon Falls did not comply

having our medical records transferred long before Morgan Records Management received them.

I have called and left messages on the patient portal at Salmon Falls Family Healthcare Facility with one message received to quit calling and leaving messages as they were

three days behind on all the telephone calls. I have yet to get any calls back from Salmon Falls since this happened. I have been calling so many telephone numbers to file a

complaint to certifications of medical personnel with no luck. Just going in circles.

I did receive a call yesterday, Morgan Records Management and the woman was doing to have her supervisor call me and to email me a form. I have left two telephone

messages yesterday and today with no response. I had explained all this to her and just kept repeating herself with no help. I advised her by State Law I am entitled to have a

copy of my medical record and requires the physician maintains the original, but I advised her I wanted our medical records transferred to DMC. It is coming up on when the physician is required to release my medical records from the receipt of the signed medical records release forms. Also, where my son had a medical emergency to have them provided as soon as possible. They received our signed forms on February 18th and still do not have them. She also advised me that it will be over 30 days before they can be sent if Salmon Falls has not sent them to their facility. I asked if she would give me the name of the person at Salmon Falls, so I can contact them for the urgent request and she declined, so I asked her if she would contact them and she also declined. LAW RSA 332. It also states that licensee retains a copy of all patient medical records for at least least seven years from the date of the patient's last contact.... My last contact was February 21, 2025 and my husband and son in 2024.

I am asking if you can help me get our medical records transferred from Salmon Falls to DMC immediately with no charge for "continuation of care". I, myself, have ongoing medical issues that require attention as well. The medical records are for my son, husband, and myself.

If you would like to discuss this further in detail, I am available at 207-651-1969. Thank you!

V/r, Karen Harris-Gagne
(Husband - Peter Gagne

Dear Governor Ayotte,

I write to you as a parent of four children who accessed an excellent NH education, as a retired high school English teacher, and as a long-time Stoddard School Board member to encourage you NOT to reappoint Commissioner Edelblut to his position.

Mr Edelblut's tenure as commissioner has been divisive which is bad for NH. He has not demonstrated any commitment to supporting and strengthening our community public schools. Instead he has undermined public education. My children benefitted from having a diverse education including music, art, history, math and science. They all were athletes as well. Cutting programs that enrich students' lives is what has made NH education exceptional. Mr. Edelblut does not share these values and he should not be reaffirmed.

Thank you for listening.

a) Despite having somehow escaped the attention of all relevant authorities and all media representatives throughout the entirety of western civilization -- while simultaneously being not so far beyond the perceptive capacity of an average drover's dog -- crypto-currency trading nevertheless and in reality exists as a gigantic/officially sanctioned global Ponzi scheme,* based perversely on a product with absolutely zero intrinsic value -- therefore providing absolutely zero nett intrinsic societal benefit (at best) -- including large nett negative employment outcomes. (Id est, compared with investment amounts instead being received by productive companies.)

* Whereby nett gains are exclusively personal and maintain only for as long as the supply of investors who believe they can profit from a future sale of their holding -- to an entity with the same intention -- is sustained.

b) The most pervasive adverse effect is best understood by acknowledging crypto-currencies for what they really are -- certainly in pragmatic terms at least -- i.e. officially sanctioned COUNTERFEIT currencies, that unavoidably generate significant inflationary outcomes as would any other counterfeiting operation of a compatible scale.* Specifically: As their intrinsic value of zero is readily convertible into genuine currencies -- based on the Ponzi scheme's prevailing market value per currency -- the total nett gain component of any such redemption -- that invariably will have resulted from the production of absolutely nothing -- necessarily creates a further increase in the oversupply of available funds, for the total goods and services made available by valid i.e. productive enterprises.

* Disturbingly, the extent of inflation caused by these artificial currencies is actively/widely and considerably (if not greatly) understated, primarily via the pretence of focusing entirely on the incidental issue of purchases made with an artificial currency itself -- i.e. -- rather than involving the much greater issue of purchases occurring via the 'universally' accepted method of having first converted to a genuine currency.

c) Beyond the tragic employment outcomes mentioned near the first paragraph's conclusion, items (i) - (iv) below reveal the other profound direct implications* of allowing the above clarified immoral trade, in such artificial i.e. pseudo-currencies.

* Note also the paragraph after item (iv), regarding the ascendant yet indirect implication.

(i) The immediate adverse effect is borne by the owners/managers and investors associated with genuine commercial enterprises, who are deprived of the new investment dollars they would have otherwise received. The next group of victims comprise everyday members of the public, who must deal with the additional i.e. governmentally sponsored inflation described by item b), that maintains overall (national) inflationary outcomes at levels beyond what they would otherwise be. (With a particularly disturbing effect on the cost of properties/dwellings.)

(ii) The previous item's final pair of sentences reveal a ludicrous/hypocritical governmental commitment throughout western civilization, that persistently militates against central banks fulfilling their moral (and often legislated) obligation to maintain inflationary outcomes within the preferred low range, for the maximum possible amount of time.

(iii) The civilization-wide failure by parliamentary members and departmental officials to legislatively and regulatively disallow the above clarified adverse societal and commercial effects of crypto i.e. pseudo-currencies, can only be rationally explained by the involvement of graft or extreme incompetence. (Thereby raising the issue of whether a successful career path for legislators and regulators, is significantly more dependent on serving the best interests of e.g. the global elite class, rather than the public.)

Note importantly that national governments have sent a very clear message to the public: All counterfeiting operations are socially unacceptable, except those that have gained approval from a sufficient number of corrupted or extremely incompetent legislators/officials.

(iv) The media's civilization-wide failure to inform the public about even one of the several disturbing foundational realities contained in the previous (main) paragraphs, exists as a confirmation of the broader and irresponsible 'modern era' journalistic approach, whereby presenters simply provide a free-of-charge promotional service for governmental policies, instead of communicating the results of impartial yet robust investigations. (Thereby raising the issue of whether media owners are running their governmental protection rackets willingly or unwillingly.)

Additional notes: As it happens the undoubtedly ascendant implication is indirect, whereby this issue alone demonstrates that national governments and national/international bureaucracies -- such as the United Nations and the European pseudo-Parliament -- can no longer be trusted to prioritize the public's best interests. Consequently, may I recommend that citizens from all democratic nations urgently reassess their opinions and expectations, on the basis of the following considerations:

(a) The freedom for expressing an opinion is not merely a cornerstone of democracy. Rather it is the keystone of democracy -- i.e. represents the most critically important civil right -- that only the corrupt/treacherous or incompetent would risk tampering with.

(b) Disturbingly: Authorities have already demonstrated their contempt for this keystone by gratuitously enacting speech limiting legislation -- that prioritizes potential race and gender sensitivities over the foundational principle i.e. aforementioned keystone/civil right -- confident in the knowledge that the public would likely be readily brainwashed into believing that the long-established legislation* is somehow inadequate and no overriding principle is involved.

* Relevant established legislation summarized: An entity's actions -- including speech -- must not intentionally threaten nor harm another's safety or wellbeing, irrespective of race or gender.

(c) Importantly: (i) Only the inherently naive or brainwashed would believe that this isn't simply the 'first step' in an intended gradual/ongoing legislative degradation of personal liberties -- e.g. 'free speech' -- by out-of-control/self-serving bureaucratic hierarchies.

(ii) It is a civilizational disgrace that (currently wayward) institutions such as the media and educational systems, have failed to alert the public about the dire consequences of allowing governments to commence the process of diminishing the quality or extent of the principles,* that preclude democracies from existing as oppressive autocracies.

* Established/long term civil rights.

(iii) Finally, if contemporary democratic societies were instead populated by the non-naive/non-brainwashed pioneering ancestors of western civilization's leading democracy, the above stated 'first step' violation of the U.S.A.'s first amendment would appropriately trigger a hostile uprising on behalf of future generations (most particularly), in accordance with the reality that it is far better to die on one's feet than live on one's knees.

Regards - richard.g.schwarz@gmail.com (Adelaide - Australia - 0418 815 632.)

Appendix: a) May it not be overlooked that the attempt at justifying pseudo-currencies on the basis of offering some alleged form of protection against potential central bank monetary policy mismanagement, can only exist as a red herring. Specifically: There are no possible circumstances -- economic or otherwise -- that could prevent (irresponsibly) legalized pseudo i.e. fake currencies from having anything other than a nett/overall PARASITIC effect on societies, including genuine i.e. productive companies. [Refer item (i) on the first page.]

b) In closing and most perversely, while the big losers from legalized trading in fake currencies are law abiding citizens, the big winners are career criminals for whom debased/unworthy authorities are allowing -- i.e. providing -- the most efficiently convenient low cost money laundering service possible.

Hello Governor Kelly Ayotte

I never thought I would be emailing a Governor for assistance.

Our daughter is a student at Plymouth State University. We are very distraught over the pending budget cuts for college education in New Hampshire.

When someone changes the rules in the middle of a game it is called cheating. When someone changes the curriculum and degree programs for enrolled students it is devastating and irresponsible.

We are not sure of the details, but hope you and your esteemed legislatures are able to continue the educational degree programs for matriculating students, and effect any potential changes for students not yet enrolled.

Please don't add unnecessary obstacles and impediments to the educational journey of our next educators and leaders.

Thank you,

Lynne & Spencer Turer

Subject: Parent of PSU student

Hello Mr. Nathaniel Bowditch

Our daughter is a student at Plymouth State University. She transferred from another college because she was impressed by the academic programs at PSU. She is halfway through her academic requirements for a Bachelor's degree in Art Education with a minor in Art History. She will be an amazing art teacher when her studies are completed.

Like most parents, we are getting snippets of information about budget issues and organizational changes at the University. We have great anxiety that our daughter will not be able to complete her education at PSU because of changes to the academic degrees.

We hope that students currently matriculating will be able to complete their degrees and that any changes will impact new, incoming students. But that message is not clear. We are very stressed - there are very few art programs with education degrees. Most are education programs with a little art included. So, transferring again to follow her dream will be very challenging.

Where can we get updated, accurate information.

Thank you,

Lynne andf Spencer Turer

The
Honorable Kelly Ayotte
Governor
of New Hampshire
Office
of the Governor
State
House, 107 North Main Street
Concord,
NH 03301

Date
March 12, 2025

RE:
Medicaid HCBS funding

Dear
Governor Ayotte,

Thank
you for including \$1 billion in funding for Medicaid's waivers in your proposed budget. Unfortunately, it is unlikely the NH House Finance Div III is going to follow your lead; yet we'll see. Additionally, I am writing to express my deep concern over the proposed federal cuts to Medicaid's Home and Community-Based Services (HCBS) waiver program in New Hampshire. My son relies on Medicaid HCBS funding to support his post secondary education at a disability college. Without these essential services, my family and thousands of others across the state will face impossible choices—between continuing to work or staying home to provide care, between financial stability or personal hardship, and between dignity for my loved one or unnecessary being stuck at home.

New
Hampshire has long prided itself on supporting individuals with disabilities to live meaningful lives in their communities rather than in costly institutions averaging (\$225,000/year). But the

proposed federal Medicaid cuts would not only undermine this commitment—they would threaten the economic security of families like mine and weaken our state’s workforce and economy. Family caregivers already provide millions of dollars in unpaid care, offsetting costs the state would otherwise bear. If these cuts force family members to leave the workforce, the economic impact will be felt beyond our households, affecting employers, local businesses, and state revenues. Cutting Medicaid to fund tax breaks for the wealthy is unacceptable, especially when it comes at the expense of the most vulnerable Granite Staters.

I urge you to ensure that HCBS funding remains strong so that New Hampshire families are not left without the care they need and the economic stability they deserve.

I would appreciate your response to one of the following questions:

-
- What
- is your plan to address the shortfall in federal Medicaid HCBS funding and ensure that individuals with disabilities can continue receiving the support they need to live in their home communities?
-
-
- Will
- you commit to relaying to the federal administration the devastating impact these cuts will have—not just on individuals with disabilities, but also on their families and New Hampshire’s economy? By what date will you contact the administration?
-
-
- Given
- that the proposed floor
- of \$880
- billion in cuts the House Energy & Commerce Committee needs to find means they will target Medicaid, this roughly translates to an 11% reduction in federal funding to NH, which means a 22% cut to HCBS provider budgets on the ground for people like my loved
- one, what specific actions will you take to prevent the collapse of community-based care in New Hampshire?
-

We cannot wait, we must let the administration know #HandsOffMedicaid. I hope you will stand with families like mine and proactively work to protect the services that allow our loved ones to live with dignity and contribute to their communities. I look forward to your response.

Sincerely,
Seana
Hallberg and Brian Finstad

Governor Ayotte,

Do not reappoint Frank Edelblut as Commissioner of the New Hampshire Department of Education.

Edelblut's drive to expand the distribution of education vouchers undermines the public education system, negatively affects public education funding and adequacy, and shifts the state's responsibility for public education costs to towns.

Please stop this destructive process and **appoint Virginia Berry as the new commissioner** to help rebuild and improve New Hampshire's public education system.

Sheryl Williams

Some time I think what is most important?

Food, values or desire to survive?

When a girl strips for money or a guy kills with gun,

What they think, which ism their heart sings?

They are left, mid or right,

Or to carry their life, fights?

Some time I think, when a girl sleeps with guys for money,

And in her dark room sick child cries,

Which ism or God tries to help?

Which poster gives them food?

Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

It's natural to marry, live with and propagate. But some doing random things through social media platforms, staging to earn easily, getting things out of turn and they not doing natural things.

Why they not doing? and they associated with each other, like formed a herd of them. Possible sender of this email is the first and only one exposed them one after another and asked to arrest.

Priyanka Chopra Jonas with Instagram handle @priyankachopra is a habitual offender and many crime branch officer of Mumbai police knows and they not arrested her yet. Those crime branch officer of Mumbai police tried to prove Priyanka Chopra Jonas can have some connections with underworld like with Dawood Ibrahim and his associates. That time I knew something wrong. Why Dawood Ibrahim and not someone else? Why not Arun Jaitley? Why not Raj Thackeray?

Those people to earn easily can prove any muslim living in slum areas in Mumbai is a potential criminal and relocate to Dubai or with connection with Pakistan and not mind to arrest.

Why they not think potential Arun Jaitley or Raj Thackeray and can disturb peace of the society and to prevent can arrest?

Now who are potential Arun Jaitley? One of them is Devendra Fadnavis, later one was in charge of election of Bihar.

Who are potential Mamata Banerjee? Eknath Shinde and Udhav Thackeray.

Who are potential Abhishek Banerjee? Amruta Fadnavis and Shrikant Shinde.

Request to initiate probe to find out why, who encouraging and who facilitating and why?

Request to refer below news article and find out what tried to mean?

<https://m.rediff.com/news/commentary/2025/feb/21/bjp-wants-probe-into-deep-state-angle-on-voter-turnout/d7e09041d08ab435c103c688c630bb34>

I am thankful to Donald John Trump, 47th President of USA, he using common sense and saying right things.

Sender of this email in November 2020 after his father died on 15th November 2020, whom people not bothered to admit in ICU of hospital, applied to change address of his voter id. That some politicized and made sure the application is rejected.

In January 2021, an intoxicated mob led by some local leaders of All India Trinamool Congress, like ex water committee chairman of local municipality, a criminal on bail, asking sender of this email having voter id or not and claiming with a mob, from North India, when was alone in the evening collecting signature of local people not getting municipality water last 6 years and lynched.

And same time Mamata Banerjee, Chief Minister of West Bengal, facilitated Prashant Kishor, advisor of All India Trinamool Congress, to get voter id with address in

Bhawanipur, Kolkata.

Can see above things people did meticulously, with proper plan.

This way throttling voice of democracy winning election to have access to fund through different schemes of government to siphon out, to win election using committed voters getting benefits through some of those schemes and misuse; most road in West Bengal are in bad shape like surface of moon, affecting local industries and economy negatively and increasing incidence of road accident.

Request to initiate probe against Narendra Damodardas Modi, Prime Minister of India and Smt Draupadi Murmu, President of India to find out why not caring above things, who encouraging them to not care and why?

This morning I travelled in IndigoAir flight 6E 5341. My seat number was 11E, found one guy seating on that seat, between 2 girl instead of on his seat 11b, as claimed. On 11a and 11c, 2 girl from North East part of India seating. So I requested the girl seating on 11d to seat on 11b and I sat on 11d seat.

One girl earlier behaving weird inside of airport, not stood in the queue for boarding flight, found started shouting just before flight took off, inside of plane, claiming hand of sender of this email touching back rest of her seat, seating on 10d seat, which not true, why should hand touch back rest of seat of another person seating on front seat and how that important, it can happen? Found that girl shaking her seat without any reason, covering upper part of body with dupatta like Neha Nagpal, PGP 11, IIM Kozhikode, who dragged Christia Sangma from Manipur (North East part of India) inside of campus of IIM Kozhikode; and wearing hoodie like Priyanka Chopra Jonas with Instagram handle @priyankachopra.

Then I requested one airhostess and I sat on 12c seat.

After reaching destination found that girl sipping tea, outside of airport.

On 5th August 2023, when I traveling from Kolkata to Digha in a bus, one guy seating on next to my seat, talking about Garia metro station, brigade meeting of SUCI, engaging with 4 leaders of SDPI and then before getting down from bus near Mandarmani, saying will have lemon tea.

Possible that girl and that guy, engaged by same person/s.

Request to initiate probe to find out who engaged and why?

Also requested to the Director of Enforcement directorate, Director General of National informatics centre, National Investigation agency, Chief Election Commissioner of India, Smt.Draupadi Murmu, Honorable President of India, Chair of SEC, Chairman of Securities and Exchange Board of India to look into above.

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,
He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.
Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.
Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

Ranen

On 02/19/2025 11:12 AM IST Ranen Das <info@ixoragrp.com> wrote:

Mukesh Ambani, promoter of Reliance Industries and Jio platform, is a plain vanilla trader and beyond that not much things understands, forget about technology, telecom, electronics, operations or service level, user experience or design thinking.

He only understands need good money for working capital, either high priced debt funding or high cost equity funding to replace debt and not understands weighted average cost of capital.

He not understands supply chain management or network planning or hidden costs or socio demographic or socio economic stratas, behavioral theories or meso level group dynamics, pricing or costing etc.

I used Jio phone and it's service. Worst possible handset and internet service ever used and last 3+ years not using, handset not works, operating system worst possible and service level very very poor, as in most part of India not works.

Rents store for retail business and worst possible products sells, with poor shelf life, quality and worst possible service of people working in those store.

So can see by paying money, using viral words of mouth campaigns trying to create an image that Jio platform not, possible for valuation also.

Who wants to continue making Mukesh Ambani that he not by providing more fund to misuse and waste?

I not pay even INR 1 then I lose.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

I am thankful to Donald John Trump, 47th President of USA.

War is hidden cost and why should waste time and money to facilitate people like Mukesh Ambani, promoter of Reliance industries to buy crude cheap to make more money by selling value added processed products at high price?

Request to create consensus to consider to create 6 groups of countries- Capitalists, Communists, Liberals, Democrats, Socialists and Neo Nazis and make sure first 5 groups are united and make sure growth of group of Neo Nazis stopped and becoming minority and "lobotomized" to become part of first 5 group, forgetting Neo Nazism, as not sustainable.

Then can have two group of Capitalists, Communists and other 3 group members can be part of either of first two groups based on strategies to support sustainable growth, inclusive growth, no hidden poverty, controlled retail inflation, achievement of different sustainable development goals of United Nations 2030 before deadline, encouragement for participative approach in decision making, more transparency and accountability, no corruption, controlled debt to GDP ratio, 100% work participation rate, to facilitate for world peace and geopolitical stability.

Where instead of real war and bloodshed of innocent people will be fight using advanced open source green technologies to control whole value chain, zero waste and optimum and responsible usage of resources.

Request to initiate probe to find out who since 2010, wants to make whole India part of a reality show, like staging of Ramayan of the television series Ramayan

[https://en.m.wikipedia.org/wiki/Ramayan_\(1987_TV_series\)](https://en.m.wikipedia.org/wiki/Ramayan_(1987_TV_series))

Request to initiate probe to find out why? They backing some who claims to be like Ram, Sita, Hanuman, Sri Krishna, Kali, Mahadev etc those actually like content creators. If Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform; K M Birla and his family members, promoters of Aditya Birla group, which owns Vodafone Idea, facilitating those content creators to earn selling data, spreading different propaganda, speculation and rumour; request to arrest them. Possible they facilitating different scam, corruption and crime.

Some actors, worked in that television series Ramayan later contested in the Indian general election and won, people considered their characters in that series and not the human being they are.

So some wants to use staging to win election the way those actors won, thinking people considers only characters portraying and not the actual human being they are.

Request to initiate probe to find out who thinks that way and why?

Narendra Damodardas Modi, Prime Minister of India, facilitated Dipika Chikhlia, to win election from Baroda Lok Sabha constituency, who portrayed Sita in that television series Ramayan; mentor of Narendra Damodardas Modi, Lal Krishna Advani, ex Deputy

Prime Minister of India, also facilitated her to win election, both from Shindhi community.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the

goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Request to refer below news articles, initiate probe to find out what tried to mean?

Over two months after angioplasty left two PMJAY beneficiaries dead, Gujarat hospital chairman arrested

<https://indianexpress.com/article/cities/ahmedabad/pmjay-angioplasty-death-hospital-chairman-apprehended-9785426/>

Gujarat: 2 Ayushman Bharat health scheme beneficiaries die after angioplasty, govt orders probe

<https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637>

Here scam related to Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - Mukhyamantri Amrutam (AB-PMJAY-MA) scheme.

The relatives of the two persons died, alleged the hospital kept everyone in the dark and conducted the procedure in a haste to raise medical bills under the government scheme; to siphon out money from that scheme.

In West Bengal most people not aware of Ayushman Bharat scheme or card, how to get and in Gujarat most people not knows what to do with that scheme or card and how to access benefits.

Reason sender of this email pitched to the members of the committee for nobel peace prize and in economic sciences to consider the developed economic model for providing door step delivery to intended beneficiaries of different schemes of government, most people from marginalized communities and bottom of the pyramid,

optimising existing resources to create awareness on different schemes of government, to facilitate to access benefits from those, to create awareness on best practices for healthcare, hygiene, agriculture, pre and post term care, and to facilitate for legal matters, to create awareness on legal matters, for financial inclusion etc.

The Honorable Kelly Ayotte
Governor of New Hampshire
Office of the Governor
State House, 107 North Main Street
Concord, NH 03301

Date 3.12.25

RE: Medicaid HCBS funding

Dear Governor Ayotte,

Thank you for including \$1 billion in funding for Medicaid's waivers in your proposed budget. Unfortunately, it is unlikely the NH House Finance Div III is going to follow your lead; yet we'll see. Additionally, I am writing to express my deep concern over the proposed federal cuts to Medicaid's Home and Community-Based Services (HCBS) waiver program in New Hampshire. **My daughter, Kate-lynn**, relies on Medicaid HCBS funding to obtain and maintain employment. Medicaid has also supported her to take driving lessons, and obtain her license so that she is independent in getting to and from work. She also participated in the training at St Anselm and Catholic Medical Center as training for employment. Without these supports she would have not achieved any of these things without great financial distress to our family. Without these essential services, my family and thousands of others across the state will face impossible choices—between continuing to work or staying home to provide (full-time) care, between financial stability or personal hardship, and between dignity for my loved one or unnecessary being stuck at home.

New Hampshire has long prided itself on supporting individuals with disabilities to live meaningful lives in their communities rather than in costly institutions averaging (\$225,000/year). But the proposed federal Medicaid cuts would not only undermine this commitment—they would threaten the economic security of families like mine and weaken our state's workforce and economy. Family caregivers already provide millions of dollars in unpaid care, offsetting costs the state would otherwise bear. If these cuts force family members to leave the workforce, the economic impact will be felt beyond our households, affecting employers, local businesses, and state revenues. Cutting Medicaid to fund tax breaks for the wealthy is

unacceptable, especially when it comes at the expense of the most vulnerable Granite Staters.

I urge you to ensure that HCBS funding remains strong so that New Hampshire families are not left without the care they need and the economic stability they deserve.

I would appreciate your response to one of the following questions:

-
-
- What is your plan to address the shortfall in federal Medicaid HCBS funding and
- ensure that individuals with disabilities can continue receiving the support they need to live in their home communities?
-
-
-
- Will you commit to relaying to the federal administration the devastating impact
- these cuts will have—not just on individuals with disabilities, but also on their families and New Hampshire’s economy? By what date will you contact the administration?
-
-
-
- Given that the proposed
- *floor*
- of \$880 billion in cuts the House Energy & Commerce Committee needs to
- find means they will target Medicaid, this roughly translates to an 11% reduction in federal funding to NH, which means a 22% cut to HCBS provider budgets on the ground for people like my loved one, what specific actions will you take to prevent the collapse
- of community-based care in New Hampshire?
-

We cannot wait, we must let the administration know #HandsOffMedicaid. I hope you will stand with families like mine and proactively work to protect the services that allow our loved ones to live with dignity and contribute to their communities. I look forward to your response.

Sincerely,

Melody Bjorkman

Governor Ayotte Calls on Legislature to Fix Broken Bail System

FOR IMMEDIATE RELEASE

March 12, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte once again called on the Legislature to fix the broken bail system by sending House Bill 592 to her desk:

“To keep our state the safest in the nation, we must fix this broken bail system that lets too many dangerous criminals out on our streets,” **said Governor Ayotte.** “Mayors, sheriffs, county attorneys, and local officials from both sides of the aisle have spoken out. It is now the Legislature’s job to act. I urge the House to pass this bill tomorrow so we can shut the revolving door for criminals in our state once and for all. We owe it to the people of New Hampshire to get this done.”

The Governor was joined by mayors, county and local law enforcement officials from both

sides of the aisle, police chiefs, and members of the House and Senate.

State Rep. Ross Berry (R-Weare), lead sponsor of HB-592, urged his House colleagues to vote in favor of the bill:

“We have seen too many innocent people harmed by criminals who should never have been out on the streets in the first place. It is long past time to shut this revolving door. The changes we have made will ensure we respect civil liberties and keep our communities safe. I am proud to stand with Governor Ayotte, and I urge my House colleagues to vote yes on HB-592 tomorrow.”

Manchester Mayor Jay Ruais also spoke out in favor of fixing our bail system:

“This is not a partisan issue, this is a public safety issue, and the safety of our municipalities is nonnegotiable. I recently joined a bipartisan group of eight mayors from across the state on a letter in support of strengthening our state’s bail laws, and our entire Board of Aldermen sent a similar letter. Crime tears at the fabric of our communities, and makes the job of our law enforcement officers that much more difficult. We have to do everything in our power to remove violent and repeat offenders from our streets. HB-592 does this, and I want to thank the Governor for her steadfast leadership on this issue, and I urge its passage tomorrow in the House.”

Strafford County Sheriff Kathryn Mone added the following statement:

“With over two decades of law enforcement experience, I have spent the majority of my career believing that when I made an arrest, I was doing my part to make the community a safer place. Since 2018, the bail process has been failing in its critical role in our Justice System. This bill is a common sense step to close the loopholes that have let dangerous criminals roam our streets, and I urge our representatives to vote yes to help keep New Hampshire safe.”

Dear Governor Ayotte,

I urge you to choose a new Commissioner of Education for New Hampshire, one who values our students of all ages, understands our ongoing funding crisis and will work to solve it, and who knows the importance of education in preparing our citizens to maintain a strong democracy.

Please appoint someone who has experience in the field of education, knows our current funding system is increasingly difficult for families to finance through property taxes. We need equality across the board for each learner no matter their zip code.

Thank you for your attention to this opinion.

Sincerely,

Jane Williamson

Dear Governor Ayotte,

New Hampshire and our country's future relies on an excellent standard of education for ALL children. Public schools and their dedicated teachers are the core of that hope for our communities' youngsters. I live in Portsmouth and have the highest regard for our education department.

Sadly, Frank Edelblut's time as commissioner has disparaged the efforts and successes of our public schools. I am greatly concerned with his record of divisiveness. Education needs a leader who can build strong working relationships for the greater good.

Please, Governor Ayotte, this is your opportunity to give your support to our public schools by replacing Education Commissioner Edelblut. I am counting on your commitment to do what is best for our Granite State and our children.

Thank you,
Kathleen Tutone
Portsmouth, NH

Dear Governor Ayotte,

I urge you not to reappoint Commissioner Edelblut. He is anti-public school when we need someone to support our schools. He is divisive and demeaning and does not deserve another term. His entire tenure has been about undermining our public schools. If you support the students of NH, the families who depend on strong public schools to educate their children then I urge you to appoint someone who will support and defend our public schools. I hope you will surprise me and actually do something positive for the children in NH.

Sincerely,

Anne Eiseman
Durham, NH

Today traveling to Mathura for Holi festival. When traveling from Vadala Road station to Bandra to board a train to Mathura, found in the first class compartment no passenger but dog of bomb squad and police personnel, many passengers in other compartments. Request to initiate probe to find out why?

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Aksharas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Some time I think what is most important?
Food, values or desire to survive?
When a girl strips for money or a guy kills with gun,
What they think, which ism their heart sings?
They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

Sender of this email recently visited different parts of many states in India- West Bengal, Gujarat, Kerala, Karnataka, Maharashtra, Tamil Nadu, Goa, Rajasthan, Uttar Pradesh, Uttaranchal/Uttarakhand, Jharkhand, Madhya Pradesh, and found people are indifferent, not laughing, not smiling, seems wanted to reach a destination and already reached then given up. And always police watching them seems house arrested.

So apart from cricket, aspiration, religion, indifference also uniting whole India, people can relate with.

In Economics we call TINA, there is no alternative, seems people ready to accept happy with hidden poverty and happy with given up and happy with indifference.

Request to initiate probe to find out why people happy with those?

Request to refer below news article and find out what tried to mean?

<https://m.rediff.com/news/commentary/2025/feb/21/bjp-wants-probe-into-deep-state-angle-on-voter-turnout/d7e09041d08ab435c103c688c630bb34>

I am thankful to Donald John Trump, 47th President of USA, he using common sense and saying right things.

Sender of this email in November 2020 after his father died on 15th November 2020, whom people not bothered to admit in ICU of hospital, applied to change address of his voter id. That some politicized and made sure the application is rejected.

In January 2021, an intoxicated mob led by some local leaders of All India Trinamool Congress, like ex water committee chairman of local municipality, a criminal on bail, asking sender of this email having voter id or not and claiming with a mob, from North India, when was alone in the evening collecting signature of local people not getting municipality water last 6 years and lynched.

And same time Mamata Banerjee, Chief Minister of West Bengal, facilitated Prashant Kishor, advisor of All India Trinamool Congress, to get voter id with address in Bhawanipur, Kolkata.

Can see above things people did meticulously, with proper plan.

This way throttling voice of democracy winning election to have access to fund through different schemes of government to siphon out, to win election using committed voters getting benefits through some of those schemes and misuse; most road in West Bengal are in bad shape like surface of moon, affecting local industries and economy negatively and increasing incidence of road accident.

Request to initiate probe against Narendra Damodardas Modi, Prime Minister of India and Smt Draupadi Murmu, President of India to find out why not caring above things, who encouraging them to not care and why?

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,

He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.
Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.
Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

Ranen

On 02/19/2025 11:12 AM IST Ranen Das <info@ixoragrp.com> wrote:

Mukesh Ambani, promoter of Reliance Industries and Jio platform, is a plain vanilla trader and beyond that not much things understands, forget about technology, telecom, electronics, operations or service level, user experience or design thinking.
He only understands need good money for working capital, either high priced debt funding or high cost equity funding to replace debt and not understands weighted average cost of capital.
He not understands supply chain management or network planning or hidden costs or socio demographic or socio economic stratas, behavioral theories or meso level group dynamics, pricing or costing etc.
I used Jio phone and it's service. Worst possible handset and internet service ever used and last 3+ years not using, handset not works, operating system worst possible and service level very very poor, as in most part of India not works.
Rents store for retail business and worst possible products sells, with poor shelf life, quality and worst possible service of people working in those store.
So can see by paying money, using viral words of mouth campaigns trying to create an image that Jio platform not, possible for valuation also.

Who wants to continue making Mukesh Ambani that he not by providing more fund to misuse and waste?

I not pay even INR 1 then I lose.

Lady Gaga aka Stefanie Germanotta with Instagram handle @ladygaga wore red colored dress and shared photo through above Instagram handle

In USA, Narendra Damodardas Modi, Prime Minister of India, wore same colored dress when met Donald John Trump, 47th President of USA, like sender of this email wore when visited New York City in February 2024 and went to head quarters of United Nations there, green colored.

Request to initiate probe to find out why they staging, who facilitating and why? And how associated with Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform and why?

Can see Mukesh Ambani not good, I am good, some with him reason getting benefitted, getting things out of turn from him and doing things to please him like his joker,

misguiding and misleading people, misusing government machineries, facilitating different scam, crime, corruption and spreading different propaganda, speculation and rumours.

Who wants to be with me to fight for good causes to end scam, corruption and different propaganda, to make our world a better place to live?

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

Request to initiate probe to find out who since 2010, wants to make whole India part of a reality show, like staging of Ramayan of the television series Ramayan

[https://en.m.wikipedia.org/wiki/Ramayan_\(1987_TV_series\)](https://en.m.wikipedia.org/wiki/Ramayan_(1987_TV_series))

Request to initiate probe to find out why? They backing some who claims to be like Ram, Sita, Hanuman, Sri Krishna, Kali, Mahadev etc those actually like content creators. If Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform; K M Birla and his family members, promoters of Aditya Birla group, which owns Vodafone Idea, facilitating those content creators to earn selling data, spreading different propaganda, speculation and rumour; request to arrest them. Possible they facilitating different scam, corruption and crime.

Some actors, worked in that television series Ramayan later contested in the Indian general election and won, people considered their characters in that series and not the human being they are.

So some wants to use staging to win election the way those actors won, thinking people considers only characters portraying and not the actual human being they are.

Request to initiate probe to find out who thinks that way and why?

Narendra Damodardas Modi, Prime Minister of India, facilitated Dipika Chikhlia, to win election from Baroda Lok Sabha constituency, who portrayed Sita in that television series Ramayan; mentor of Narendra Damodardas Modi, Lal Krishna Advani, ex Deputy Prime Minister of India, also facilitated her to win election, both from Shindhi community.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Governor Ayotte Statement on House Vote to Fix Broken Bail System

FOR IMMEDIATE RELEASE

March 13, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, N.H. – Today, Governor Kelly Ayotte released the following statement after the House voted to fix the broken bail system:

“Today, the House brought us one step closer to shutting the revolving door for violent criminals. Thank you to Speaker Packard, House leadership, and members for passing House Bill 592 to fix our broken bail system. I look forward to its swift passage in the Senate and signing it when it reaches my desk. Together, we will ensure New Hampshire remains the safest state in the nation.”

Dear Governor Ayotte,

Public schools are the bedrock of democracy where children can learn, not only subjects, but culture from one another. Forcing all taxpayers to pay for children who receive vouchers is unfair and even unconstitutional, especially when free vouchers are applied to religious schools. What happened to separation of church and state?

Please appoint a more moderate Commissioner of Education than Frank Edelblut. We want someone who supports education FOR ALL children regardless of family income, ethnic background or religion.

We expect fairness for all of our children in NH and we do not want to bankrupt taxpayers just so a few lucky children can go to private schools or can be homeschooled without oversight and without financial accountability for parents with higher than median incomes.

Please consider my points.

Thank you for your work.

Sincerely,

Carol Kraus

Ms. Ayotte,

Today I am thrilled to learn that 21 states, including FIVE New England states, have filed a lawsuit to stop the dismantling of the Department of Education. I am equally disgusted that NH stands alone in New England in its resistance to protecting public education. You need to stand up to DJT and do what is right for all the children of NH, not just the wealthy and the religious zealots. Join the fight against tyranny and be on the correct side of history.

Regards,

Jill Brooks

March 13, 2025

Re: Appointment of the Commissioner of Education

Dear Governor Ayotte and Executive Councilors Kenney, Liot Hill, Stevens, Stephen, and Wheeler,

You have the opportunity to restore the high reputation of and public trust in New Hampshire's public education system with the appointment of new commissioner of education when Frank Edulblut's term ends on March 23, 2025.

Please do not reappoint Frank Edulblut as Commissioner of Education. He, along with the State Board of Education, has undermined public education in the following ways.

- 1) He does not value the public education system which educates nearly 90% of New Hampshire students.
- 2) He supports tax dollars paying for homeschooling, private and religious schools through an ever expanding voucher system that has little accountability and transparency as to how the money is spent and how the students are progressing and can deny students rights for special education services and freedom from discrimination.
- 3) He has not upheld rigorous standards for curriculum, instead encouraging the state to adopt curriculum by Praeger U, known to be racially discriminating in their materials. An example is the financial education curriculum, now allowed to meet the legislature's requirement for high graduation, is practically a joke. The legislature wants students who are problem-solvers and independent thinkers, who have mastered concepts of personal finance. The Praeger U curriculum, which offers a minimal number of hours of

study with a test that can be passed by looking up the answers, is not meeting the legislature's intention, much less the needs of our students to be knowledgeable adults in handling their finances.

4) He has undermined qualifications for business managers who oversee the finances of school districts and the millions of tax dollars entrusted to them to spend wisely on behalf of school districts.

5) He doesn't support qualified teachers and is supporting adults with barely a high school education and not subject to background checks to be learning guides through Prenda. As commissioner, he should be assuring that students are taught by certified teachers who are knowledgeable about pedagogy, child development, their subject, and who will protect children's safety.

Undermining the quality of education our public schools offer will harm our youth. Without rigorous preparation, they will not be prepared to enter and succeed in post-secondary technical, vocational, arts, and academic education. If our public high schools are allowed to deteriorate so that they lose their accreditation, their graduates may not be granted admission to post-secondary programs.

Public education is the bedrock of our democracy and the great equalizer for children of all abilities, backgrounds, socio- and economic classes to be able to gain an equitable footing for their futures. All generations have counted on youth to carry values of a democratic and caring society into the future, and as a greying state, we will be particularly in need of educated and caring younger generations for our health care as well as for leading our communities as we age.

You have an opportunity to appoint a commissioner of education who will support and restore faith in public education, restore a rigorous and equitable public education that serves all students, and a public education that is one of the best in the country. Please be thoughtful in your appointment.

As a resident of New Hampshire for over forty years, a public high school teacher for over thirty years and now an adjunct in the Community College System of NH, a parent of two children educated in our community's public schools, I am a firm advocate for public education.

Thank you for your time reading this and your service to our state.

Sincerely,
Claudia Istel
Acworth, NH

Kelly Ayotte

Commissioner Edelblut to Serve through End of School Year

*Ayotte Applauds Edelblut's Service and Commitment to Educational
Excellence*

FOR IMMEDIATE RELEASE

March 13, 2025

CONTACT

Ayotte.Press@governor.nh.gov

CONCORD, NH – Governor Kelly Ayotte announced today that Education Commissioner Frank Edelblut will complete his term in office and will continue in holdover status to support schools through the end of the school year.

Commissioner Edelblut, the longest-serving education commissioner in the country, will help with important transitions including continuing to implement Department programming and working through the state budget process.

“Commissioner Frank Edelblut has led the way in making our state’s education system

more innovative and forward-thinking, and he has played a key role in expanding educational opportunities for families,” **said Governor Ayotte.** “I thank Commissioner Edelblut for his service to our state and wish him all the best in his future endeavors. My office will launch a search for our next Education Commissioner who will build on this momentum and further our goal of improving our standards and academic performance, supporting our incredible teachers, and delivering a best-in-class education for every child in New Hampshire.”

The Governor’s office and Department of Education look forward to a strong and seamless transition.

“This agency remains committed to championing school choice, equipping educators with the tools they need to enhance learning, and providing resources that empower students to thrive. Since 2017, we have worked to positively impact students across the state – supporting public schools, nonpublic schools, public charter schools, home education, microschools, and Education Freedom Account students,” **said Commissioner Edelblut.** “Recognizing that every student learns differently, we have led policy changes that ensure all children have access to educational opportunities tailored to meet their needs. This includes initiatives like the Learn Everywhere program, Open Enrollment Schools, Innovation Schools, Public Charter Schools and Education Freedom Accounts, which provide New Hampshire families with the flexibility and resources to support student success.”

Edelblut continued, “With a strong educational foundation already in place, our state is well-positioned for continued growth. I am deeply grateful to my colleagues across New Hampshire and the nation who have joined me in expanding pathways to education and advancing learner-centered opportunities. I have been honored to assist parents, students and educators whenever they have reached out to me, and I will continue to keep their needs at the forefront. While there is still work ahead, I look forward to partnering with Governor Ayotte to ensure the Department remains steadfast in its vision to ‘Live Free and Learn.’”

Dear Governor Ayotte,

I'm writing in the hopes that you will take a new direction for education in NH. Having taught over twenty years in the state, as both mathematics teacher and consultant, I have been repeatedly discouraged by the policies under Commissioner Edelblut. It's time to recommit to building up our Public Schools so that every New Hampshire child has access to a quality education. Please consider supporting Virginia Berry as our next Commissioner of Education.

Sincerely,

Kathleen R Hamon
Peterborough, NH

Good morning, Mr. Markwell

No one lied to you. DES told me it was their intention to have an answer on 2/18/25. When I didn't receive an update from DES, I followed up with them on 2/19/25. On 2/20/25 I was then told DES had reached out to you with the intention of informing you what needed to be completed before the Administrative Order would be lifted.

Mr. Markwell. Our office has advocated for you with DES. We have done all that we can do, and DES is very aware of your concerns about the Administrative Order. Any further questions or correspondence should be directed to DES leadership.

Kind regards,

Paul H. Dean
Director of Citizen Services
Office of Governor Kelly Ayotte

Virginia,

I wish to also point out Paul lied to me, he said he spoke to DES and they told him the AO would be removed by Feb 18, 2025.

George

On Thursday, March 13, 2025 at 07:45:30 PM EDT, George <spg89@yahoo.com> wrote:

Hello Virginia,

I believe there has been a misunderstanding regarding my request. I am not merely seeking assistance, but rather urging the Governor to investigate the crimes committed by the New Hampshire Department of Environmental Services (NH DES) against me and others. I am asking the Governor to direct NH DES to cease its tyrannical behavior and criminal actions against the citizens of New Hampshire. Additionally, I request that the Governor advocate for major reforms to the law to prevent such overreach in the future and to restore private property rights. Living near water should not subject taxpayers to excessive permit costs or restrictive rules on the use of their property. A mere mistake by a tenant, cutting a few trees on private property, has unleashed an agency with unchecked power that mocks property owners by saying, "We can go on your property anytime we wish," and breaks laws that I would have been arrested for had I done the same.

I would like to highlight several serious concerns regarding the abuse of power by NH DES, which has had a profound and negative impact on my property and well-being. The actions of this state agency have been unjust and disproportionate. I respectfully request your assistance in addressing these issues to protect the rights of New Hampshire residents from further overreach by NH DES.

For context, I have been involved in an ongoing legal and administrative matter with NH DES regarding property violations under the Shoreland Protection Act. While I fully support the importance of environmental regulations, the manner in which NH DES has enforced these rules has been both damaging and disproportionate. I have been subjected to unjust fines, unreasonable restrictions on my property, and continuous interference in my ability to use my land. This has been compounded by the following concerns:

1. **Failure to Acknowledge Evidence of Misconduct:** Despite presenting compelling evidence of misconduct—including perjury, trespassing, and threats against me—NH DES has not taken meaningful action to address these violations. Instead, I have been forced to comply with orders that ignore the broader context of these issues.
2. **Unwarranted and Unfair Administrative Orders:** The administrative orders issued by NH DES regarding my property have been excessive, causing significant financial and emotional harm. I have faced restrictions on the use of my land, been unable to complete projects, and suffered a substantial loss in property value—all without fair consideration of the unique circumstances surrounding my case.
3. **Overreach and Lack of Accountability:** NH DES appears to have a systemic problem with handling cases like mine. The department has exercised its authority without proper oversight or accountability, often acting in a punitive, rather than constructive, manner. I have been forced to navigate an increasingly complex and burdensome web of regulations with minimal support, and the department's failure to address my concerns has left me feeling powerless.
4. **Extreme Cost of Permits:** The fees associated with obtaining the necessary permits to achieve compliance are exorbitant and place an unreasonable financial burden on property owners. These costs not only exacerbate the financial strain but also make it prohibitively expensive for residents like myself to meet the demands imposed by NH DES.

5. **Preventing the Use of Property:** Despite my best efforts to comply with NH DES regulations, the department continues to add new demands, preventing me from using my property as I see fit. Each time I make progress in addressing prior violations, new requirements are imposed, further delaying my ability to develop or use my land. This ongoing interference has left my property in a state of uncertainty and has effectively halted my plans.
6. **Impact on Public Confidence:** The abusive actions of NH DES have not only caused personal harm but have also eroded public confidence in the department's ability to fairly and transparently enforce the law. Many individuals, like myself, who are trying to comply with regulations, feel alienated and unfairly targeted by the department's practices.

I respectfully urge you to request that the Governor investigate the practices of NH DES, particularly how they have handled enforcement in my case and others like it. I further ask that the Governor take the necessary steps to ensure that such abuses of power do not continue and that NH DES be held accountable for their actions.

Thank you for your time and consideration. I look forward to your response and to working together to address this critical issue.

Sincerely,
George Markwell

Hello George,

We have made the Governor aware of your frustrations with the Department, but I want to reiterate that the Office of the Governor does not get involved in active lawsuits.

We have been in constant contact with the Department of Environmental Services about your case, and this is the most recent correspondence:

He needs to replant the waterfront buffer, a portion of the natural woodland buffer, and submit monitoring reports to be in compliance with the AO and the Restoration Plan Approval. The AO should not be released until this work is completed.

We approved of a restoration plan from Mr. Markwell's original agent. He then retained a new agent which developed a new restoration plan. That's the plan that we are reviewing now. It's unlikely any actual restoration work will be done until spring.

Resolution for your case is between DES and yourself.

Sincerely,

Virginia Drye

Dear Mr. Markwell,

Thank you for your comprehensive email outlining your concerns with DES. Since you included the Governor in your recent emails to our office, there's no need for us to duplicate efforts with direct outreach to the Governor.

Additionally, if you would like to report crimes involving State Agencies, here is the email address for the Attorney General's Office InvestInfo@doj.nh.gov.

Mr. Markwell, the Citizen Services Office has done as much as we can to advocate for you with DES.

In the future, if you need assistance, please don't hesitate to reach out to our office.

Sincerely,

Virginia Drye

Greetings!

I hope this message finds you well! I wanted to personally invite you to a special event that is just around the corner – the **Kentucky Derby Party** happening in **May!** This is more than just a chance to watch the races; it's an incredible opportunity to **celebrate the wins** from this past year, reconnect with old friends, enjoy delicious food, sip on specialty drinks, and **support a great cause**.

What to expect:

- **A Fun, Relaxed Atmosphere:** A chance to unwind and enjoy the excitement of the Kentucky Derby.
- **Live Music & Dancing:** Celebrate with great tunes and an energy-filled dance floor!
- **Tasty Food & Specialty Drinks:** Savor some fantastic bites and signature drinks that will make the night memorable.
- **Meaningful Impact:** By attending, you'll be helping us raise funds for White Birch Center – a non-profit whose mission is to enrich life and strengthen community.

Whether you're a seasoned Derby fan or just looking for a fun night out, this event is a perfect chance to come together, have fun, and give back.

Save the Date! 📅 **Date:** Saturday, May 3rd from 3-7PM 🕒 **Location:** Pats Peak Ski Area / Mountain

[Tickets and event information can be found here!](#)

Let me know if you can join us, and feel free to reach out with any questions. I would love to see you there and celebrate with you!

Best regards,
Leanna Lorden

Dear Governor Ayotte

In a week where the Republican majority has used a cudgel to inflict pain upon our citizens from the voucher proposal to taking away the ability to get a drivers license from legally documented immigrants, I'd like to address one of the items: HB 675.

I do not know how the Senate will vote on its version of the bill and if such a proposal will actually arrive at your desk for signature (hope does spring eternal that it won't), but I am being pro-active and would implore you to not sign such a bill and to let it be known that you won't.

The bill imposes a cap that completely overrides local control over school budgets and perpetuates funding disparities driven by differences in property wealth between communities.

The idea that the state is not only ignoring court mandates to fund public education, but that it is denying towns the right to choose to do so -- in the Live Free or Die state - is unconscionable!

Thank you for your time.

-Paul

No one has contacted me. You are not recalling the conversation correctly. You said they would lift it Feb 18 and I said I doubt it and asked what happens if they do not, you said we will talk about that at that point. I later followed up saying they had not contacted me or lifted the lean. You didn't call me back.

With a stroke of the pen the governor could stop this. An executive order to DES could be done today. I would suggest even firing the criminal agents within as a secondary action.

Good morning, Mr. Markwell

No one lied to you. DES told me it was their intention to have an answer on 2/18/25. When I didn't receive an update from DES, I followed up with them on 2/19/25. On 2/20/25 I was then told DES had reached out to you with the intention of informing you what needed to be completed before the Administrative Order would be lifted.

Mr. Markwell. Our office has advocated for you with DES. We have done all that we can do, and DES is very aware of your concerns about the Administrative Order. Any further questions or correspondence should be directed to DES leadership.

Kind regards,

Paul H. Dean

Director of Citizen Services

Office of Governor Kelly Ayotte

Virginia,

I wish to also point out Paul lied to me, he said he spoke to DES and they told him the AO would be removed by Feb 18, 2025.

George

On Thursday, March 13, 2025 at 07:45:30 PM EDT, George <spg89@yahoo.com> wrote:

Hello Virginia,

I believe there has been a misunderstanding regarding my request. I am not merely seeking assistance, but rather urging the Governor to investigate the crimes committed by the New Hampshire Department of Environmental Services (NH DES) against me and others. I am asking the Governor to direct NH DES to cease its tyrannical behavior and criminal actions against the citizens of New Hampshire. Additionally, I request that the Governor advocate for major reforms to the law to prevent such overreach in the future and to restore private property rights. Living near water should not subject taxpayers to excessive permit costs or restrictive rules on the use of their property. A mere mistake by a tenant, cutting a few trees on private property, has unleashed an agency with unchecked power that mocks property owners by saying, "We can go on your property anytime we wish," and breaks laws that I would have been arrested for had I done the same.

I would like to highlight several serious concerns regarding the abuse of power by NH DES, which has had a profound and negative impact on my property and well-being. The actions of this state agency have been unjust and disproportionate. I respectfully request your assistance in addressing these issues to protect the rights of New Hampshire residents from further overreach by NH DES.

For context, I have been involved in an ongoing legal and administrative matter with NH DES regarding property violations under the Shoreland Protection Act. While I fully support the importance of environmental regulations, the manner in which NH DES has enforced these rules has been both damaging and disproportionate. I have been subjected to unjust fines, unreasonable restrictions on my property, and continuous interference in my ability to use my land. This has been compounded by the following concerns:

1. **Failure to Acknowledge Evidence of Misconduct:** Despite presenting compelling evidence of misconduct—including perjury, trespassing, and threats against me—NH DES has not taken meaningful action to address these violations. Instead, I have been forced to comply with orders that ignore the broader context of these issues.
2. **Unwarranted and Unfair Administrative Orders:** The administrative orders issued by NH DES regarding my property have been excessive, causing significant financial and emotional harm. I have faced restrictions on the use of my land, been unable to complete projects, and suffered a

substantial loss in property value—all without fair consideration of the unique circumstances surrounding my case.

3. **Overreach and Lack of Accountability:** NH DES appears to have a systemic problem with handling cases like mine. The department has exercised its authority without proper oversight or accountability, often acting in a punitive, rather than constructive, manner. I have been forced to navigate an increasingly complex and burdensome web of regulations with minimal support, and the department's failure to address my concerns has left me feeling powerless.
4. **Extreme Cost of Permits:** The fees associated with obtaining the necessary permits to achieve compliance are exorbitant and place an unreasonable financial burden on property owners. These costs not only exacerbate the financial strain but also make it prohibitively expensive for residents like myself to meet the demands imposed by NH DES.
5. **Preventing the Use of Property:** Despite my best efforts to comply with NH DES regulations, the department continues to add new demands, preventing me from using my property as I see fit. Each time I make progress in addressing prior violations, new requirements are imposed, further delaying my ability to develop or use my land. This ongoing interference has left my property in a state of uncertainty and has effectively halted my plans.
6. **Impact on Public Confidence:** The abusive actions of NH DES have not only caused personal harm but have also eroded public confidence in the department's ability to fairly and transparently enforce the law. Many individuals, like myself, who are trying to comply with regulations, feel alienated and unfairly targeted by the department's practices.

I respectfully urge you to request that the Governor investigate the practices of NH DES, particularly how they have handled enforcement in my case and others like it. I further ask that the Governor take the necessary steps to ensure that such abuses of power do not continue and that NH DES be held accountable for their actions.

Thank you for your time and consideration. I look forward to your response and to working together to address this critical issue.

Sincerely,
George Markwell

Hello George,

We have made the Governor aware of your frustrations with the Department, but I want to reiterate that the Office of the Governor does not get involved in active lawsuits.

We have been in constant contact with the Department of Environmental Services about your case, and this is the most recent correspondence:

He needs to replant the waterfront buffer, a portion of the natural woodland buffer, and submit monitoring reports to be in compliance with the AO and the Restoration Plan Approval. The AO should not be released until this work is completed.

We approved of a restoration plan from Mr. Markwell's original agent. He then retained a new agent which developed a new restoration plan. That's the plan that we are reviewing now. It's unlikely any actual restoration work will be done until spring.

Resolution for your case is between DES and yourself.

Sincerely,

Virginia Drye

-Paul

No one has contacted me. You are not recalling the conversation correctly. You said they would lift it Feb 18 and I said I doubt it and asked what happens if they do not, you said we will talk about that at that point. I later followed up saying they had not contacted me or lifted the lean. You didn't call me back.

With a stroke of the pen the governor could stop this. An executive order to DES could be done today. I would suggest even firing the criminal agents within as a secondary action.

Covid-19: An independent inquiry on behalf of the public. (Oct. 2024.)

Enclosed are a pair of one page summaries along with a page of pertinent statistical information compiled by an authoritative U.S.A. based federal agency, whose intrinsic vulnerability to infection comparisons -- per age group -- include the all-important and alarmingly revealing 'risk of fatality' category. (That is thoroughly indicative of the global reality.)

Collectively, the three relevant pages reveal a tragically misguided Covid-19 response, whereby authorities throughout western civilization failed to act in the public's best interest, after making a (no longer concealed) foundational strategic blunder:

Despite having early knowledge of hospital admissions being vastly over-represented by the elderly and vastly under-represented by the young and healthy, western authorities -- either via incompetence or ulterior motive* -- still somehow managed to defy reason/common sense and a basic ethical imperative, by failing to protect the vulnerable.

* Most disturbingly, the only discernible ulterior motive involves an enhanced and opportunistic test of the public's compliance level, when confronted by an irrational and unreasonable long term deprivation of civil liberties. (With the imposition overseen by administrative states throughout the western world, in conjunction with their long established yet deceptively gradual seizure of authority and control, at the expense of fundamental civil rights such as the freedom of expressing an opinion.)

Continuing on from the third paragraph and in pragmatic terms exclusively, relevant authorities somehow managed to fail in urgently prioritizing the quarantining of those who were mostly already semi-quarantined in the aged care system. [For how long have western civilization's administrative states existed in a parallel universe, whereby emergency responses are no longer required to pass the reason/common sense and public's best interest test?]

With the vulnerable safely quarantined and awaiting the availability of a vaccine -- rather than shutting down the lives and livelihoods of those with effective immune systems i.e. the vast majority -- a credible authority would have instead encouraged them to carry on as usual and thereby eliminate the virus naturally/efficiently and in the only possible way, i.e. exposing it to vigorous immune systems. (Conversely, the vast majority were forced to struggle through having their lives shutdown and their bodies dosed up, for a scandalous nett outcome of thereby maximizing the pandemic's duration.)

In conclusion and irrespective of what bizarre universe the administrative states of western democracies are currently inhabiting, the best that can be done with the disgraceful and disastrous train wreck of the Covid-19 response, is the same as what the U.S. Federal Reserve did with its train wreck of a response to the 1929 stock market crash.

Specifically: Without making any admissions, place the ludicrous tangled mess of a thing on a pretend pedestal in the boardroom, as an ongoing reminder of what not to do next time an outbreak threatens the wellbeing of the vulnerable.

Regards -- richard.g.schwarz@gmail.com -- 0418 815 632.

**THE STORY OF A DANGEROUSLY MISGUIDED RESPONSE
TO AN ESSENTIALLY NON-MALIGNANT VIRAL OUTBREAK (R.G. Schwarz : June 2020)**

The key points:

(a) The virus responsible for the COVID-19 disease is SARS-CoV-2 (CoV-2 for convenience).

(b) Without strict and immediate travel bans applied such that the source region becomes fully quarantined, the global spread of any such (infectious) virus will very likely be irreversible.

(c) CoV-2 is essentially innocuous for the vast majority of people, i.e. is only a serious concern for the small percentage of the population with notably compromised (including overburdened) immune systems. (Overwhelmingly comprising the elderly, i.e. those beyond approx. 70 years of age.)

(d) Inhibiting and therefore prolonging the global spread ('flattening' the total infections over time curve) for an essentially innocuous virus, is a second-rate / clumsy and enormously socio-economically costly measure that is only required when the **imperative of immediately quarantining the small minority at significant risk, has been neglected.**

(e) From the experience in China, it was known well before infections commenced elsewhere that the second most vulnerable age group – i.e. young people – already possessed the capacity for readily achieving natural immunity, therefore the decision by governments **not** to take immediate advantage of this blessing by focusing 100% on urgently identifying then shielding i.e. quarantining the relatively few with deficient immune systems, was **fundamentally flawed and completely untenable.** (Particularly as a large proportion of them are already semi-quarantined as a consequence of being reliant upon institutional or at-home aged care.)

(f) It is indeed regrettable that journalists have not yet presented the following profoundly relevant questions for (particularly national) governments. *Firstly:* Isn't it true that the correct foundational response for a malignant virus is the strict and immediate quarantining (in homes / aged care facilities / hospitals) of those with inadequate immune systems and limiting the spread – via distancing / minimal contact and similar measures – for those in the general population with normal immune systems; while in the case of an **essentially innocuous virus** such as CoV-2, isn't it correct that once the **priority** of quarantining the inherently vulnerable is achieved, members of the general population are best served by **not** limiting the viral spread, i.e. by **not** impeding them from carrying on as usual while rapidly eliminating the outbreak via the natural response of their immune systems?

Isn't it therefore true that authorities – as a consequence of having failed to **prioritize the shielding of the small percentage who are at significant risk from CoV-2** – have instead **burdened the public with entirely avoidable and devastatingly disruptive 'flattening the curve' i.e. viral spread limitation measures?**

Secondly: What do governments intend doing next time? It must not be overlooked that another sustained global economic shutdown in the short / medium term will result in a global economic depression of such magnitude, that the additional levels of suffering and mortality would likely rival anything a virus such as CoV-2 can deliver.

This alarming reality highlights: *(i)* The ethical / economic unaffordability of the current approach. *(ii)* The urgent requirement for governments to instead focus on developing the capacity for providing a **well targeted** response, i.e. the immediate quarantining of the small minority who identify as possessing notably compromised immune systems.

In closing:

(a) Note that some governments around the world may attempt claiming that it was impractical / unrealistic to quarantine the most vulnerable in the time available, however – even without the Chinese forewarning – this would simply exist as a veiled declaration of being **inexcusably unprepared for responding appropriately** to the known inevitability of a major viral outbreak occurring sooner or later. (It is noted however that third world nations would most likely not be capable of pursuing anything beyond the second-rate option favoured by first world nations on this occasion.)

(b) Disturbingly, it remains largely unknown that: *(i)* When adjusted for real terms – i.e. equalized population representation per age group – the elderly (70+ years) comprise between 94 & 95% of all COVID-19 related fatalities, amongst first world nations at least. *(ii)* The finalized fatality rate – presented as the average of all educated estimates – for the previous (1918-20) fully international / **inherently malignant** viral outbreak, was 260 per 10,000. Applying this rate to the current 7,800 million global population results in total fatalities beyond 200 million and although by no means finalized, the **essentially innocuous** CoV-2 virus – as at late June 2020 – is responsible for just over 500,000 fatalities.

(c) Finally, any attempt at disputing the realities described by this document is necessarily an expedient exercise in obfuscation and deception, unless it is based upon delivering a clear explanation regarding: **Why it was and would again be inappropriate to prioritize the common sense approach of doing all that is possible to protect the most vulnerable from infection, via immediate / direct measures.**

(i) The foundational requirement is the urgent reduction / minimization of fatalities.

(ii) Presented as the average of first world nations, people aged 70 and over are at least 50 times as likely to perish from contracting COVID-19 as those under 70. **This overwhelmingly preponderant yet disgracefully concealed statistical reality** has – in broad terms – been globally confirmable since at least March 2020.

Note: At the time of drafting this supplement, **Australia's factor was 108.68 times as likely!** [Late August 2021 data: 911 deaths (70+) @ 10.3% of the total 25.75 million population Vs. 73 deaths (under 70) @ 89.7%.]

(iii) Therefore, it is not only common decency but **common sense** insisting that the obvious priority over the last several months should have been the **vaccination of the most vulnerable** – based upon members of the 70+ age group – and it is incumbent on Australia's media to **insist that the relevant authorities explain why it was important not to prioritize the vaccination of the 70+ age group by a factor of 108.68 times.** (More accurately, the similar factor that existed at the time when vaccines became available.)

Note: Despite the level of prioritization being manifestly inadequate, it will likely be sufficient for achieving a belated yet limited decline in the above stated enormous factor.

(iv) Authorities / governments globally have instead achieved nothing more than demonstrating the various forms of unnecessary hardship and complication that will inevitably result when common sense is disregarded.

(v) It is essential to realize that – **rather than focusing on being prepared for a similar outbreak occurring during a global economic depression** – this same international collection of 'one trick ponies' would simply once again prioritize the shutting down of people's lives / livelihoods – allegedly for the protection of the vulnerable – instead of prioritizing the **actual protection of the vulnerable** (via quarantining followed by preferential inoculation), when the likely outcome of their misguided response would be **the infliction of suffering and mortality levels that would rival those caused by the pandemic itself.**

(vi) Conversely, a sensible / responsible focus on inoculation prioritization – based on the extent of vulnerability – maximizes both the rate of the death toll's decline and consequently – in the prevailing circumstances – the rate at which economies can fully re-open.

(vii) The importance of the previous consideration goes well beyond the obvious, i.e. **nothing is killing the virus other than functional / effective immune systems** and maximized exposure via minimized shutdowns, will also **minimize the time available for the mutation of more resistant / infectious strains.**

Finally: Contrary to popular misconception, when an outbreak is essentially innocuous – i.e. when only the small minority of people who have notably compromised immune systems are at any significant risk – **the following response exists as an urgent imperative:** Be prepared for immediately protecting the small minority i.e. the vulnerable via quarantining and – once achieved – expose the causal pathogen to as many normal / healthy immune systems as rapidly as possible, **by simply allowing the vast majority of people to carry on as usual.**

Note: (a) If authorities / governments had placed as much effort into protecting / quarantining the vulnerable as they have into 'dosing-up' those who don't need it – i.e. the vast majority whose immune system response is entirely adequate rather than notably compromised – **first world nations (at least) would have been able to avoid shutdowns altogether.**

(b) No doubt representatives of the global health industry are delighted that the public has been successfully brainwashed into having no concerns whatsoever, about committing to an evolutionary tendency for natural / effective immune system responses instead becoming dependent on artificial stimulus.

(c) Speaking of successful brainwashing outcomes, 'total COVID-19 related fatalities' statistics (e.g. per nation) are appropriately accompanied by an 'as a percentage of the total population' declaration, rather than being associated with total identified infections. (Such that the vast numbers of undetected infections involving people who experienced zero / negligible or only minor symptoms, are no longer deceptively disregarded.)

Incidentally: The original 'misguided response / essentially non-malignant virus' document was posted mostly in July 2020. (A few as late as October 2020.)

COVID-19

Risk for COVID-19 Infection, Hospitalization, and Death By Age Group

Updated Sept. 9, 2021

Rate compared to 18-29 years old ¹	0-4 years old	5-17 years old	18-29 years old	30-39 years old	40-49 years old	50-64 years old	65-74 years old	75-84 years old	85+ years old
Cases ²	<1x	1x	Reference group	1x	1x	1x	1x	1x	1x
Hospitalization ³	<1x	<1x	Reference group	2x	2x	4x	5x	9x	15x
Death ⁴	<1x	<1x	Reference group	4x	10x	30x	90x	220x	570x

All rates are relative to the 18- to 29-year-old age category. This group was selected as the reference group because it has accounted for the largest cumulative number of COVID-19 cases compared to other age groups. Sample interpretation: Compared with 18- to 29-year-olds, the rate of death is four times higher in 30- to 39-year-olds, and 570 times higher in those who are 85 years and older. (In the table, a rate of 1x indicates no difference compared to the 18- to 29-year-old age category.)

References

¹ Rates are expressed as whole numbers, with values less than 10 rounded to the nearest integer, two-digit numbers rounded to nearest multiple of five, and numbers greater than 100 rounded to two significant digits.

² Includes all cases reported by state and territorial jurisdictions (through August 17, 2021, accessed on August 18, 2021). The denominators used to calculate rates were based on the 2019 Vintage population [1].

³ Includes all hospitalizations reported through COVID-NET (from March 1, 2020 through August 7, 2021, accessed on August 18, 2021). Rates were standardized to the 2020 US standard COVID-NET catchment population.

⁴ Includes all deaths in National Center for Health Statistics (NCHS) provisional death counts (through August 7, 2021, accessed on August 18, 2021). The denominators used to calculate rates were based on the 2019 Vintage population estimates.

Last Updated Sept. 9, 2021

These factors represent the extent that the protection/quarantining & inoculation of these age groups should have been prioritized.

The vast majority of individuals in these (3) age groups were already semi-quarantined within the aged care system & it was a **BLATANT STRATEGIC BLUNDER** — regarding the foundational imperative of minimizing the death toll — NOT to have adequately prioritized the welfare & best interest of the most vulnerable (as outlined in the previous paragraph).

1 of 1

23/10/21, 4:15 pm

Importantly, these statistics closely represent the entire first world reality (at least).

Request to initiate probe to find out why?

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Aksharas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Some time I think what is most important?

Food, values or desire to survive?

When a girl strips for money or a guy kills with gun,

What they think, which ism their heart sings?
They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

<https://m.rediff.com/news/commentary/2025/feb/21/bjp-wants-probe-into-deep-state-angle-on-voter-turnout/d7e09041d08ab435c103c688c630bb34>

I am thankful to Donald John Trump, 47th President of USA, he using common sense and saying right things.

Sender of this email in November 2020 after his father died on 15th November 2020, whom people not bothered to admit in ICU of hospital, applied to change address of his voter id. That some politicized and made sure the application is rejected.

In January 2021, an intoxicated mob led by some local leaders of All India Trinamool Congress, like ex water committee chairman of local municipality, a criminal on bail, asking sender of this email having voter id or not and claiming with a mob, from North India, when was alone in the evening collecting signature of local people not getting municipality water last 6 years and lynched.

And same time Mamata Banerjee, Chief Minister of West Bengal, facilitated Prashant Kishor, advisor of All India Trinamool Congress, to get voter id with address in Bhawanipur, Kolkata.

Can see above things people did meticulously, with proper plan.

This way throttling voice of democracy winning election to have access to fund through different schemes of government to siphon out, to win election using committed voters getting benefits through some of those schemes and misuse; most road in West Bengal are in bad shape like surface of moon, affecting local industries and economy negatively and increasing incidence of road accident.

Request to initiate probe against Narendra Damodardas Modi, Prime Minister of India and Smt Draupadi Murmu, President of India to find out why not caring above things, who encouraging them to not care and why?

This morning I travelled in IndigoAir flight 6E 5341. My seat number was 11E, found one guy seating on that seat, between 2 girl instead of on his seat 11b, as claimed. On 11a and 11c, 2 girl from North East part of India seating. So I requested the girl seating on 11d to seat on 11b and I sat on 11d seat.

One girl earlier behaving weird inside of airport, not stood in the queue for boarding flight, found started shouting just before flight took off, inside of plane, claiming hand of sender of this email touching back rest of her seat, seating on 10d seat, which not true, why should hand touch back rest of seat of another person seating on front seat and how that important, it can happen? Found that girl shaking her seat without any reason, covering upper part of body with dupatta like Neha Nagpal, PGP 11, IIM Kozhikode, who dragged Christia Sangma from Manipur (North East part of India) inside of campus of IIM Kozhikode; and wearing hoodie like Priyanka Chopra Jonas with Instagram handle @priyankachopra.

Then I requested one airhostess and I sat on 12c seat.

After reaching destination found that girl sipping tea, outside of airport.

On 5th August 2023, when I traveling from Kolkata to Digha in a bus, one guy seating on next to my seat, talking about Garia metro station, brigade meeting of SUCI, engaging with 4 leaders of SDPI and then before getting down from bus near Mandarmani, saying will have lemon tea.

Possible that girl and that guy, engaged by same person/s.

Request to initiate probe to find out who engaged and why?

Also requested to the Director of Enforcement directorate, Director General of National informatics centre, National Investigation agency, Chief Election Commissioner of India, Smt.Draupadi Murmu, Honorable President of India, Chair of SEC, Chairman of Securities and Exchange Board of India to look into above.

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,
He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.

Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.

Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo

and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

Request to initiate probe to find out who since 2010, wants to make whole India part of a reality show, like staging of Ramayan of the television series Ramayan

[https://en.m.wikipedia.org/wiki/Ramayan_\(1987_TV_series\)](https://en.m.wikipedia.org/wiki/Ramayan_(1987_TV_series))

Request to initiate probe to find out why? They backing some who claims to be like Ram, Sita, Hanuman, Sri Krishna, Kali, Mahadev etc those actually like content creators. If Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform; K M Birla and his family members, promoters of Aditya Birla group, which owns Vodafone Idea, facilitating those content creators to earn selling data, spreading different propaganda, speculation and rumour; request to arrest them. Possible they facilitating different scam, corruption and crime.

Some actors, worked in that television series Ramayan later contested in the Indian general election and won, people considered their characters in that series and not the human being they are.

So some wants to use staging to win election the way those actors won, thinking people considers only characters portraying and not the actual human being they are.

Request to initiate probe to find out who thinks that way and why?

Narendra Damodardas Modi, Prime Minister of India, facilitated Dipika Chikhlia, to win election from Baroda Lok Sabha constituency, who portrayed Sita in that television series Ramayan; mentor of Narendra Damodardas Modi, Lal Krishna Advani, ex Deputy Prime Minister of India, also facilitated her to win election, both from Shindhi community.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square

one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Over two months after angioplasty left two PMJAY beneficiaries dead, Gujarat hospital chairman arrested

<https://indianexpress.com/article/cities/ahmedabad/pmjay-angioplasty-death-hospital-chairman-apprehended-9785426/>

Gujarat: 2 Ayushman Bharat health scheme beneficiaries die after angioplasty, govt orders probe

<https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637>

Here scam related to Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - Mukhyamantri Amrutam (AB-PMJAY-MA) scheme.

The relatives of the two persons died, alleged the hospital kept everyone in the dark and conducted the procedure in a haste to raise medical bills under the government scheme; to siphon out money from that scheme.

In West Bengal most people not aware of Ayushman Bharat scheme or card, how to get and in Gujarat most people not knows what to do with that scheme or card and how to access benefits.

Reason sender of this email pitched to the members of the committee for nobel peace prize and in economic sciences to consider the developed economic model for providing door step delivery to intended beneficiaries of different schemes of government, most people from marginalized communities and bottom of the pyramid, optimising existing resources to create awareness on different schemes of government, to facilitate to access benefits from those, to create awareness on best practices for healthcare, hygiene, agriculture, pre and post term care, and to facilitate for legal matters, to create awareness on legal matters, for financial inclusion etc.

Some persons together like a single unit through social media platforms creating campaigns, like any marketing campaign and possible backed by K M Birla, Ananya Birla, promoters of Aditya Birla group; Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

Reason earning through selling data, internet service, highlighting in small towns and villages people talking about reason better service level and reach to increase valuation through paying to police, some politicians and they making sure some beneficiaries of some financial support/assistance scheme like Lakshmi Bhandar in West Bengal, Ladli Bahena in Maharashtra etc, criminals on bail, police informers talking about to create viral words of campaigns; apart from to raise fund to earn through micro finance institution by increasing fund size for disbursement like Bandhan Bank or Grameen Bank, with high interest rate.

Latest is monetising marriage of brother of Priyanka Chopra Jonas with Instagram handle @priyankachopra

Possible, following persons part of those campaigns:

Narendra Damodardas Modi, Prime Minister of India and some persons associated with him like Ramdas Athawale, member of upper house of Parliament of India; Mangal Prabhat Lodha, promoter of Lodha Developers and member of legislative assembly of

Maharashtra etc.

Priyanka Chopra Jonas with Instagram handle @priyankachopra and people associated with her like Parineeti Chopra; Raghav Chadha, member of upper house of Parliament of India; Mannara Chopra; Meera Chopra with Instagram handle @meerachopra, Nicholas Jerry Jonas with Instagram handle @nickjonas and his family members etc

Ekta R Kapoor with Instagram handle @ektarkapoor

Karan Johar with Instagram handle @karanjohar

Raima Sen DevVerma with Instagram handle @raimasen

Sandeepa Dhar with Instagram handle @isandeepadhar

Dia Mirza with Instagram handle @diamirzaofficial

Farah Khan Ali with Instagram handle @farahkhanali

Sayani Ghosh with Instagram handle @sayanigh, member of lower house of Parliament of India

Mimi Chakraborty, ex member of lower house of Parliament of India

Shehnaz Treasury

Tanisha Mukherjee with Instagram handle @tanishamukerji

Designer Sabyasachi Mukherjee and people associated with him like Sohini Basu with Instagram handle @sohinibasu

Pratim Roy with Instagram handle @pratim_roy

Instagram handle @orry

Jackie Shroff

Rituparna Sengupta with Instagram handle @rituparnaspeaks

Meghna Patel with Instagram handle @meghnapatelactress

Ameesha Patel with Instagram handle @ameeshapatel9 etc

Request to initiate probe against above, if doing so getting things out of turn, spreading different propaganda, speculation and rumours- glorifying people from Brahmin community in general etc to stay outside of jail, facilitating different scam, corruption and crime, specially since 2010.

Request to refer below video clip, initiate probe to find out what tried to mean?

https://youtu.be/0AuIT92DFDE?si=8OIAFpJi2clwa_i4

That accused with Chaurasia surname, like the surname, one guy behaving like Govind Jadhav, DySP of Maharashtra CID, mentioned when traveling in the same compartment with sender of this email, from Bandra Terminus station, for Katra, as claimed, on 13th March 2025, staging with a group of people, talking about Flower valley, Hiranandani and having chickpeas only.

That accused of Vadodara wore same type black t-shirt like sender of this email.

So possible people like Arun Jaitley, ex finance minister of India, promoted if you are from Brahmin community, can commit any crime, no one touch if use identity of sender of this email like Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal, did.

Possible reason Phorol, posted in Aarey Road police station said Arun Jaitley after some intoxicated guys voluntarily vandalized office of sender of this email on the day of Holi in 2018 when working alone in office and Vinay Kumar Rathod, associated with Maharashtra police asking sender of this email staged that or not?

Request to initiate probe to find out that staged, encouraged by IPS Deven Bharti and those associated with the company SHREYAS HOME MANAGEMENT PRIVATE LIMITED and related parties or not?

https://www.zaubacorp.com/SHREYAS-HOME-MANAGEMENT-PRIVATE-LIMITED-U70101MH2006PTC162505#google_vignette

Accused of the Vadodara crime shouting, "one more round", like another boxing round of Top ranked boxing fight, win to live or die or fight of gladiators, possible that Priyanka Chopra Jonas with Instagram handle @priyankachopra, Alexandra Anna Daddario with Instagram handle @alexandradaddario promotes.

That Vadodara accused shouting "Uncle" like Keshub Mahindra, uncle of Anand Mahindra, promoter of Mahindra and Mahindra, who recruited S P Shukla, government business head of Mahindra and Mahindra, after he finished business school and associated with Devendra Fadnavis, chief minister of Maharashtra.

That Vadodara accused shouting "Nikita", like name of wife of Devraj Sanyal, associated with Universal Music Group.

Request to initiate probe against Arun Jaitley and Devendra Fadnavis, to find out who encouraged to promote those, if promoting.

It's like survival for the fittest, Nazi theories of racism, inferior races, fight with each other and die or win to live if winner like Farah Khan Ali with instagram handle @farahkhanali promotes-winner and loser.

Like people of Brahmin community can do anything and no one can touch them, though many police cases registered against both Arun Jaitley and Devendra Fadnavis.

Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED are wife of some senior police officer of Maharashtra police and associated with each other for long time, and those police officers having good relationship with many well known politicians, industrialists, people associated with Film industry, reason getting posting in Mumbai and Navi Mumbai.

Possible unitedly doing many things, can be good or not good/wrong like ex Maharashtra police encounter specialist Pradeep Rameshwar Sharma who used face of his wife:

http://www.myneta.info/maharashtra2019/candidate.php?candidate_id=10080

Pradeep Rameshwar Sharma was part of encounter team of IPS Param Bir Singh, whose wife also one of the Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED.

<https://timesofindia.indiatimes.com/city/mumbai/param-bir-singh-appointed-as-executive-director-of-lilavati-hospital/articleshow/112026770.cms>

Possible IPS Kamanashis Sen and IPS Amandeep J also associated with each other and some officers of their batch of 2014 and possible unitedly doing something good or wrong.

Request to initiate probe to list down those groups in India and find out who facilitating them and why?

Also requested to Chief Election Commissioner of India, to look into above.

Today traveling from Mathura to Bandra. When walking to platform No 3 of Mathura junction station to board train, found on railway station bridge, to platform no 3, one body lying on strecher, covered with yellow clothe, that followers of Premanand Govind Sharan wears, possible backed by Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

https://en.m.wikipedia.org/wiki/Premanand_Govind_Sharan

Some police personnel also present there. One guy wearing white kurta-pajama saying have to send the belongings- one red colored bag, some plastic packets, and a water pot.

Today went to Agra for Taj Mahal, Agra fort and Jama masjid.

Found some police following sender of this email and informing something to some over phone, so some CISF personnel with gun.

When reached Mathura, also found same.

On 13th March 2025, when traveling to Mathura, some people travelling to Katra, in the same compartment, staging something, one guy chewing tobacco, talking about Flower valley, Hiranandani, Siddhartha, Pallavi, Gorakhpur, Varanasi, Chourasia.

Having only chickpeas.

Request to initiate probe to find out what were above?

In Mathura, yesterday after dinner 2 girl also entered the hotel where stayed, saying 2 guys also with them, but two of them not have aadhar card as photo identity proof.

In Mathura, Vrindavan, Agra also found many people not aware of Ayushman Bharat scheme and card; many people chews gutkha and tobacco.

Sender of this email for long time pitching to ban selling and consumption of chewing tobacco, bidi, gutkha as causes mutation of some gene causes oral cancer,

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Aksharas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Some time I think what is most important?
Food, values or desire to survive?
When a girl strips for money or a guy kills with gun,
What they think, which ism their heart sings?
They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

It's natural to marry, live with and propagate. But some doing random things through social media platforms, staging to earn easily, getting things out of turn and they not doing natural things.

Why they not doing? and they associated with each other, like formed a herd of them. Possible sender of this email is the first and only one exposed them one after another and asked to arrest.

Priyanka Chopra Jonas with Instagram handle @priyankachopra is a habitual offender and many crime branch officer of Mumbai police knows and they not arrested her yet. Those crime branch officer of Mumbai police tried to prove Priyanka Chopra Jonas can have some connections with underworld like with Dawood Ibrahim and his associates. That time I knew something wrong. Why Dawood Ibrahim and not someone else? Why not Arun Jaitley? Why not Raj Thackeray?

Those people to earn easily can prove any muslim living in slum areas in Mumbai is a potential criminal and relocate to Dubai or with connection with Pakistan and not mind to arrest.

Why they not think potential Arun Jaitley or Raj Thackeray and can disturb peace of the society and to prevent can arrest?

Now who are potential Arun Jaitley? One of them is Devendra Fadnavis, later one was in charge of election of Bihar.

Who are potential Mamata Banerjee? Eknath Shinde and Udhav Thackeray.

Who are potential Abhishek Banerjee? Amruta Fadnavis and Shrikant Shinde.

Request to initiate probe to find out why, who encouraging and who facilitating and why?

Request to refer below news article and find out what tried to mean?

<https://m.rediff.com/news/commentary/2025/feb/21/bjp-wants-probe-into-deep-state-angle-on-voter-turnout/d7e09041d08ab435c103c688c630bb34>

I am thankful to Donald John Trump, 47th President of USA, he using common sense and saying right things.

Sender of this email in November 2020 after his father died on 15th November 2020, whom people not bothered to admit in ICU of hospital, applied to change address of his voter id. That some politicized and made sure the application is rejected.

In January 2021, an intoxicated mob led by some local leaders of All India Trinamool Congress, like ex water committee chairman of local municipality, a criminal on bail, asking sender of this email having voter id or not and claiming with a mob, from North India, when was alone in the evening collecting signature of local people not getting municipality water last 6 years and lynched.

And same time Mamata Banerjee, Chief Minister of West Bengal, facilitated Prashant Kishor, advisor of All India Trinamool Congress, to get voter id with address in Bhawanipur, Kolkata.

Can see above things people did meticulously, with proper plan.

This way throttling voice of democracy winning election to have access to fund through different schemes of government to siphon out, to win election using committed voters getting benefits through some of those schemes and misuse; most road in West Bengal are in bad shape like surface of moon, affecting local industries and economy negatively and increasing incidence of road accident.

Request to initiate probe against Narendra Damodardas Modi, Prime Minister of India and Smt Draupadi Murmu, President of India to find out why not caring above things, who encouraging them to not care and why?

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,
He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.

Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.

Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by

2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

I am thankful to Donald John Trump, 47th President of USA.

War is hidden cost and why should waste time and money to facilitate people like Mukesh Ambani, promoter of Reliance industries to buy crude cheap to make more money by selling value added processed products at high price?

Request to create consensus to consider to create 6 groups of countries- Capitalists, Communists, Liberals, Democrats, Socialists and Neo Nazis and make sure first 5 groups are united and make sure growth of group of Neo Nazis stopped and becoming minority and "lobotomized" to become part of first 5 group, forgetting Neo Nazism, as not sustainable.

Then can have two group of Capitalists, Communists and other 3 group members can be part of either of first two groups based on strategies to support sustainable growth, inclusive growth, no hidden poverty, controlled retail inflation, achievement of different sustainable development goals of United Nations 2030 before deadline, encouragement for participative approach in decision making, more transparency and accountability, no corruption, controlled debt to GDP ratio, 100% work participation rate, to facilitate for world peace and geopolitical stability.

Where instead of real war and bloodshed of innocent people will be fight using advanced open source green technologies to control whole value chain, zero waste and optimum and responsible usage of resources.

Request to initiate probe to find out who since 2010, wants to make whole India part of a reality show, like staging of Ramayan of the television series Ramayan

[https://en.m.wikipedia.org/wiki/Ramayan_\(1987_TV_series\)](https://en.m.wikipedia.org/wiki/Ramayan_(1987_TV_series))

Request to initiate probe to find out why? They backing some who claims to be like Ram, Sita, Hanuman, Sri Krishna, Kali, Mahadev etc those actually like content creators. If Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform; K M Birla and his family members, promoters of Aditya Birla group, which owns Vodafone Idea, facilitating those content creators to earn selling data, spreading different propaganda, speculation and rumour; request to arrest them.

Possible they facilitating different scam, corruption and crime.

Some actors, worked in that television series Ramayan later contested in the Indian general election and won, people considered their characters in that series and not the human being they are.

So some wants to use staging to win election the way those actors won, thinking people considers only characters portraying and not the actual human being they are.

Request to initiate probe to find out who thinks that way and why?

Narendra Damodardas Modi, Prime Minister of India, facilitated Dipika Chikhlia, to win election from Baroda Lok Sabha constituency, who portrayed Sita in that television series Ramayan; mentor of Narendra Damodardas Modi, Lal Krishna Advani, ex Deputy Prime Minister of India, also facilitated her to win election, both from Shindhi community.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind Kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind Kejriwal ran NGO with Manish Sisodia and possibly took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through a non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Can see Rishi Sunak, ex Prime Minister of United Kingdom, associated with Mukesh Ambani, promoter of Reliance industries and Jio platform apart from his father in law, N R Narayana Murthy, promoter of Infosys.

Request to initiate probe to arrest Rishi Sunak, to find out what favours he got from Mukesh Ambani, who facilitated to select him as Prime Minister of United Kingdom and why?

Request to keep Rishi Sunak in custody of investigators till the investigation is over as he is influential.

In 2018, I met IPS Rajesh Pradhan (after some intoxicated goons voluntarily vandalized my office in Goregaon in Mumbai on the day of Holi festival when working) from Jamshedpur like Priyanka Chopra Jonas with Instagram handle @priyankachopra and possible I met a guy lookalike of Rishi Sunak thinking IPS Rajesh Pradhan.

Request to refer below news articles, initiate probe to find out what tried to mean?

Over two months after angioplasty left two PMJAY beneficiaries dead, Gujarat hospital chairman arrested

<https://indianexpress.com/article/cities/ahmedabad/pmjay-angioplasty-death-hospital-chairman-apprehended-9785426/>

Gujarat: 2 Ayushman Bharat health scheme beneficiaries die after angioplasty, govt orders probe

<https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637>

Here scam related to Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - Mukhyamantri Amrutam (AB-PMJAY-MA) scheme.

The relatives of the two persons died, alleged the hospital kept everyone in the dark and conducted the procedure in a haste to raise medical bills under the government scheme; to siphon out money from that scheme.

In West Bengal most people not aware of Ayushman Bharat scheme or card, how to get and in Gujarat most people not knows what to do with that scheme or card and how to access benefits.

Reason sender of this email pitched to the members of the committee for nobel peace prize and in economic sciences to consider the developed economic model for providing door step delivery to intended beneficiaries of different schemes of government, most people from marginalized communities and bottom of the pyramid, optimising existing resources to create awareness on different schemes of government, to facilitate to access benefits from those, to create awareness on best practices for healthcare, hygiene, agriculture, pre and post term care, and to facilitate for legal matters, to create awareness on legal matters, for financial inclusion etc.

On 02/06/2025 2:30 PM IST Ranen Das <info@ixoragrp.com> wrote:

Some persons together like a single unit through social media platforms creating campaigns, like any marketing campaign and possible backed by K M Birla, Ananya Birla, promoters of Aditya Birla group; Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

Reason earning through selling data, internet service, highlighting in small towns and villages people talking about reason better service level and reach to increase valuation through paying to police, some politicians and they making sure some beneficiaries of some financial support/assistance scheme like Lakshmi Bhandar in West Bengal, Ladli Bahena in Maharashtra etc, criminals on bail, police informers talking about to create viral words of campaigns; apart from to raise fund to earn through micro finance

institution by increasing fund size for disbursement like Bandhan Bank or Grameen Bank, with high interest rate.

Latest is monetising marriage of brother of Priyanka Chopra Jonas with Instagram handle @priyankachopra

Possible, following persons part of those campaigns:

Narendra Damodardas Modi, Prime Minister of India and some persons associated with him like Ramdas Athawale, member of upper house of Parliament of India; Mangal Prabhat Lodha, promoter of Lodha Developers and member of legislative assembly of Maharashtra etc.

Priyanka Chopra Jonas with Instagram handle @priyankachopra and people associated with her like Parineeti Chopra; Raghav Chadha, member of upper house of Parliament of India; Mannara Chopra; Meera Chopra with Instagram handle @meerachopra, Nicholas Jerry Jonas with Instagram handle @nickjonas and his family members etc

Ekta R Kapoor with Instagram handle @ektarkapoor

Karan Johar with Instagram handle @karanjohar

Raima Sen DevVerma with Instagram handle @raimasen

Sandeepa Dhar with Instagram handle @isandeepadhar

Dia Mirza with Instagram handle @diamirzaofficial

Farah Khan Ali with Instagram handle @farahkhanali

Sayani Ghosh with Instagram handle @sayanigh, member of lower house of Parliament of India

Mimi Chakraborty, ex member of lower house of Parliament of India

Shehnaz Treasury

Tanisha Mukherjee with Instagram handle @tanishamukerji

Designer Sabyasachi Mukherjee and people associated with him like Sohini Basu with Instagram handle @sohinibasu

Pratim Roy with Instagram handle @pratim_roy

Instagram handle @orry

Jackie Shroff

Rituparna Sengupta with Instagram handle @rituparnaspeaks

Meghna Patel with Instagram handle @meghnapatelactress

Ameesha Patel with Instagram handle @ameeshapatel9 etc

Request to initiate probe against above, if doing so getting things out of turn, spreading different propaganda, speculation and rumours- glorifying people from Brahmin community in general etc to stay outside of jail, facilitating different scam, corruption and crime, specially since 2010.

Request to refer below video clip, initiate probe to find out what tried to mean?

https://youtu.be/0AulT92DFDE?si=8OlAFpJi2clwa_i4

That accused with Chaurasia surname, like the surname, one guy behaving like Govind Jadhav, DySP of Maharashtra CID, mentioned when traveling in the same compartment with sender of this email, from Bandra Terminus station, for Katra, as claimed, on 13th March 2025, staging with a group of people, talking about Flower valley, Hiranandani and having chickpeas only.

That accused of Vadodara wore same type black t-shirt like sender of this email.

So possible people like Arun Jaitley, ex finance minister of India, promoted if you are from Brahmin community, can commit any crime, no one touch if use identity of sender of this email like Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal, did.

Possible reason Phorol, posted in Aarey Road police station said Arun Jaitley after some intoxicated guys voluntarily vandalized office of sender of this email on the day of Holi

in 2018 when working alone in office and Vinay Kumar Rathod, associated with Maharashtra police asking sender of this email staged that or not?

Request to initiate probe to find out that staged, encouraged by IPS Deven Bharti and those associated with the company SHREYAS HOME MANAGEMENT PRIVATE LIMITED and related parties or not?

https://www.zaubacorp.com/SHREYAS-HOME-MANAGEMENT-PRIVATE-LIMITED-U70101MH2006PTC162505#google_vignette

Accused of the Vadodara crime shouting, "one more round", like another boxing round of Top ranked boxing fight, win to live or die or fight of gladiators, possible that Priyanka Chopra Jonas with Instagram handle @priyankachopra, Alexandra Anna Daddario with Instagram handle @alexandradaddario promotes.

That Vadodara accused shouting "Uncle" like Keshub Mahindra, uncle of Anand Mahindra, promoter of Mahindra and Mahindra, who recruited S P Shukla, government business head of Mahindra and Mahindra, after he finished business school and associated with Devendra Fadnavis, chief minister of Maharashtra.

That Vadodara accused shouting "Nikita", like name of wife of Devraj Sanyal, associated with Universal Music Group.

Request to initiate probe against Arun Jaitley and Devendra Fadnavis, to find out who encouraged to promote those, if promoting.

It's like survival for the fittest, Nazi theories of racism, inferior races, fight with each other and die or win to live if winner like Farah Khan Ali with instagram handle @farahkhanali promotes-winner and loser.

Like people of Brahmin community can do anything and no one can touch them, though many police cases registered against both Arun Jaitley and Devendra Fadnavis.

Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED are wife of some senior police officer of Maharashtra police and associated with each other for long, and those police officers having good relationship with many well known politicians, industrialists, people associated with Film industry, reason getting posting in Mumbai and Navi Mumbai.

Possible unitedly doing many things, can be good or not good/wrong like ex Maharashtra police encounter specialist Pradeep Rameshwar Sharma who used face of his wife:

http://www.myneta.info/maharashtra2019/candidate.php?candidate_id=10080

Pradeep Rameshwar Sharma was part of encounter team of IPS Param Bir Singh, whose wife also one of the Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED.

<https://timesofindia.indiatimes.com/city/mumbai/param-bir-singh-appointed-as-executive-director-of-lilavati-hospital/articleshow/112026770.cms>

Possible IPS Kamanashis Sen and IPS Amandeep J also associated with each other and some officers of their batch of 2014 and possibly unitedly doing something good or wrong.

Request to initiate probe to list down those groups in India and find out who facilitating them and why?

@Chief Election Commissioner of India- request to look into above.

Today traveling from Mathura to Bandra. When walking to platform No 3 of Mathura junction station to board train, found on railway station bridge, to platform no 3, one body lying on strecher, covered with yellow clothe, that followers of Premanand Govind Sharan wears, possible backed by Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

https://en.m.wikipedia.org/wiki/Premanand_Govind_Sharan

Some police personnel also present there. One guy wearing white kurta-pajama saying have to send the belongings- one red colored bag, some plastic packets, and a water pot.

Today went to Agra for Taj Mahal, Agra fort and Jama masjid.

Found some police following sender of this email and informing something to some over phone, so some CISF personnel with gun.

When reached Mathura, also found same.

On 13th March 2025, when traveling to Mathura, some people travelling to Katra, in the same compartment, staging something, one guy chewing tobacco, talking about Flower valley, Hiranandani, Siddhartha, Pallavi, Gorakhpur, Varanasi, Chourasia.

Having only chickpeas.

Request to initiate probe to find out what were above?

In Mathura, yesterday after dinner 2 girl also entered the hotel where stayed, saying 2 guys also with them, but 2 of them not have aadhar card as photo identity proof.

In Mathura, Vrindavan, Agra also found many people not aware of Ayushman Bharat scheme and card; many people chews gutkha and tobacco.

Sender of this email for long time pitching to ban selling and consumption of chewing tobacco, bidi, gutkha as causes mutation of some gene causes oral cancer,

Today sender of this email traveling to Mathura for Holi festival. When traveling from Vadala Road station to Bandra to board a train to Mathura, found in the first class compartment no passenger but dog of bomb squad and police personnel, many passengers in other compartments.

Request to initiate probe to find out why?

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Akhadas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Some time I think what is most important?
Food, values or desire to survive?
When a girl strips for money or a guy kills with gun,
What they think, which ism their heart sings?
They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

<https://www.timesnownews.com/business-economy/companies/reliance-retail-to-cut-jobs-as-the-mukesh-ambani-led-firm-faces-valuation-drop-to-50-billion-from-125-billion-article-118756048/amp>

I think sender of this email is the one first alerted about poor management of Reliance retail, misbehaviour of employees working in store, who not understands design thinking concept for better customer experience; not understands supply chain management, not understands network planning for warehouses and retail stores, not understands retail and warehouse storage management or carbon footprint, not understands weighted average cost of capital optimization, not understands skus and price points based on socio demographic and socio economic stratas of customers, pricing, not understands latent demands, not understands demand forecasting or buying behaviour of customers etc then why wasting money and time for Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform?

They only understand wasting money, mismanagement and misuse, not understand costing, not understand zero waste concept etc.

It's natural to marry, live with and propagate. But some doing random things through social media platforms, staging to earn easily, getting things out of turn and they not doing natural things.

Why they not doing? and they associated with each other, like formed a herd of them. Possible sender of this email is the first and only one exposed them one after another and asked to arrest.

Priyanka Chopra Jonas with Instagram handle @priyankachopra is a habitual offender and many crime branch officer of Mumbai police knows and they not arrested her yet. Those crime branch officer of Mumbai police tried to prove Priyanka Chopra Jonas can have some connections with underworld like with Dawood Ibrahim and his associates. That time I knew something wrong. Why Dawood Ibrahim and not someone else? Why not Arun Jaitley? Why not Raj Thackeray?

Those people to earn easily can prove any muslim living in slum areas in Mumbai is a potential criminal and relocate to Dubai or with connection with Pakistan and not mind to arrest.

Why they not think potential Arun Jaitley or Raj Thackeray and can disturb peace of the society and to prevent can arrest?

Now who are potential Arun Jaitley? One of them is Devendra Fadnavis, later one was in charge of election of Bihar.

Who are potential Mamata Banerjee? Eknath Shinde and Udhav Thackeray.

Who are potential Abhishek Banerjee? Amruta Fadnavis and Shrikant Shinde.

Request to initiate probe to find out why, who encouraging and who facilitating and why?

Request to refer below video clip, initiate probe to find out what tried to mean?

https://youtu.be/0AuIT92DFDE?si=8OIAFpJi2clwa_i4

That accused with Chaurasia surname, like the surname, one guy behaving like Govind Jadhav, DySP of Maharashtra CID, mentioned when traveling in the same compartment with sender of this email, from Bandra Terminus station, for Katra, as claimed, on 13th March 2025, staging with a group of people, talking about Flower valley, Hiranandani and having chickpeas only.

That accused of Vadodara wore same type black t-shirt like sender of this email.

So possible people like Arun Jaitley, ex finance minister of India, promoted if you are from Brahmin community, can commit any crime, no one touch if use identity of sender of this email like Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal, did.

Possible reason Phorol, posted in Aarey Road police station said Arun Jaitley after some intoxicated guys voluntarily vandalized office of sender of this email on the day of Holi in 2018 when working alone in office and Vinay Kumar Rathod, associated with Maharashtra police asking sender of this email staged that or not?

Request to initiate probe to find out that staged, encouraged by IPS Deven Bharti and those associated with the company SHREYAS HOME MANAGEMENT PRIVATE LIMITED and related parties or not?

https://www.zaubacorp.com/SHREYAS-HOME-MANAGEMENT-PRIVATE-LIMITED-U70101MH2006PTC162505#google_vignette

Accused of the Vadodara crime shouting, "one more round", like another boxing round of Top ranked boxing fight, win to live or die or fight of gladiators, possible that Priyanka Chopra Jonas with Instagram handle @priyankachopra, Alexandra Anna Daddario with Instagram handle @alexandradaddario promotes.

That Vadodara accused shouting "Uncle" like Keshub Mahindra, uncle of Anand Mahindra, promoter of Mahindra and Mahindra, who recruited S P Shukla, government business head of Mahindra and Mahindra, after he finished business school and associated with Devendra Fadnavis, chief minister of Maharashtra.

That Vadodara accused shouting "Nikita", like name of wife of Devraj Sanyal, associated with Universal Music Group.

Request to initiate probe against Arun Jaitley and Devendra Fadnavis, to find out who encouraged to promote those, if promoting.

It's like survival for the fittest, Nazi theories of racism, inferior races, fight with each other and die or win to live if winner like Farah Khan Ali with instagram handle @farahkhanali promotes-winner and loser.

Like people of Brahmin community can do anything and no one can touch them, though many police cases registered against both Arun Jaitley and Devendra Fadnavis.

Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED are wife of some senior police officer of Maharashtra police and associated with each other for long time, and those police officers having good relationship with many well known politicians, industrialists, people associated with Film industry, reason getting posting in Mumbai and Navi Mumbai.

Possible unitedly doing many things, can be good or not good/wrong like ex Maharashtra police encounter specialist Pradeep Rameshwar Sharma who used face of his wife:

http://www.myneta.info/maharashtra2019/candidate.php?candidate_id=10080

Pradeep Rameshwar Sharma was part of encounter team of IPS Param Bir Singh, whose wife also one of the Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED.

<https://timesofindia.indiatimes.com/city/mumbai/param-bir-singh-appointed-as-executive-director-of-lilavati-hospital/articleshow/112026770.cms>

Possible IPS Kamanashis Sen and IPS Amandeep J also associated with each other and some officers of their batch of 2014 and possible unitedly doing something good or wrong.

Request to initiate probe to list down those groups in India and find out who facilitating them and why?

Also requested to Chief Election Commissioner of India, to look into above.

When walking to platform No 3 of Mathura junction station to board train, found on railway station bridge, to platform no 3, one body lying on strecher, covered with yellow clothe, that followers of Premanand Govind Sharan wears, possible backed by Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

[https://en.m.wikipedia.org/wiki/Premanand Govind Sharan](https://en.m.wikipedia.org/wiki/Premanand_Govind_Sharan)

Some police personnel also present there. One guy wearing white kurta-pajama saying have to send the belongings- one red colored bag, some plastic packets, and a water pot.

Today went to Agra for Taj Mahal, Agra fort and Jama masjid.

Found some police following sender of this email and informing something to some over phone, so some CISF personnel with gun.

When reached Mathura, also found same.

On 13th March 2025, when traveling to Mathura, some people travelling to Katra, in the same compartment, staging something, one guy chewing tobacco, talking about Flower valley, Hiranandani, Siddhartha, Pallavi, Gorakhpur, Varanasi, Chourasia.

Having only chickpeas.

Request to initiate probe to find out what were above?

In Mathura, yesterday after dinner 2 girl also entered the hotel where stayed, saying 2 guys also with them, but two of them not have aadhar card as photo identity proof.

In Mathura, Vrindavan, Agra also found many people not aware of Ayushman Bharat scheme and card; many people chews gutkha and tobacco.

Sender of this email for long time pitching to ban selling and consumption of chewing tobacco, bidi, gutkha as causes mutation of some gene causes oral cancer,

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Aksharas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Sender of this email shared one poem from one of his published work, with some, hope find relevant:

Some time I think what is most important?

Food, values or desire to survive?

When a girl strips for money or a guy kills with gun,

What they think, which ism their heart sings?

They are left, mid or right,

Or to carry their life, fights?

Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,
He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.

Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.

Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

Ranen

On 02/19/2025 11:12 AM IST Ranen Das <info@ixoragrp.com> wrote:

Mukesh Ambani, promoter of Reliance Industries and Jio platform, is a plain vanilla trader and beyond that not much things understands, forget about technology, telecom, electronics, operations or service level, user experience or design thinking.

He only understands need good money for working capital, either high priced debt funding or high cost equity funding to replace debt and not understands weighted average cost of capital.

He not understands supply chain management or network planning or hidden costs or socio demographic or socio economic stratas, behavioral theories or meso level group dynamics, pricing or costing etc.

I used Jio phone and it's service. Worst possible handset and internet service ever used and last 3+ years not using, handset not works, operating system worst possible and service level very very poor, as in most part of India not works.

Rents store for retail business and worst possible products sells, with poor shelf life, quality and worst possible service of people working in those store.

So can see by paying money, using viral words of mouth campaigns trying to create an image that Jio platform not, possible for valuation also.

Who wants to continue making Mukesh Ambani that he not by providing more fund to misuse and waste?

I not pay even INR 1 then I lose.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo

and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

Already said those financial assistance/support schemes to get committed voters, only those are committed gets benefits through those schemes, pleasing some politicians who facilitates to select those beneficiaries, like their side kick and so selection process not transparent and some politicians using some of those beneficiaries to stalk sender of this email 24*7, some of those are criminal on bail or police informer- some of those bursts bomb or fire crackers, comes out from house certainly to touch or propagates what doing or saying to others, like unofficial house arrest and stalked by those etc.

Some of those things, sender of this email doing or saying, some persons associated with film industry, some industrialists, politicians stages through social media platforms like Priyanka Chopra Jonas with Instagram handle @priyankachopra, Nicholas Jerry Jonas with Instagram handle @nickjonas, Lady Gaga aka Stefanie Germanotta with Instagram handle @ladygaga, Selena Marie Gomez with Instagram handle @selenagomez; Dwayne Johnson with Instagram handle @therock; John Cena, Shahrukh Khan with Instagram handle @iamsrk; Instagram handle @orry; Jahnvi Kapoor with Instagram handle @jahnvikapoor, Katrina Kaif with Instagram handle @katrinakaif, Dia Mirza with Instagram handle @diamirzaofficial; Narendra Damodardas Modi, Prime Minister of India; Joseph Robinette Biden Jr, 46th President of USA; Ameesha Patel with Instagram handle @ameeshapatel9, Raima Sen DevVerma with Instagram handle @raimasen, Anant Ambani, promoter of Reliance industries and Jio platform; Eknath Shinde, ex Chief Minister of Maharashtra; Mamata Banerjee, Chief Minister of West Bengal; Bhagwant Mann, Chief Minister of Punjab; Arvind Kejriwal, ex Chief Minister of Delhi; Imran Ahmed Khan Niazi, ex Prime Minister of Pakistan; Sheikh Hasina, 10th Prime Minister of Bangladesh; Rishi Sunak, ex Prime Minister of United Kingdom; Barack Hussein Obama II, 44th President of USA etc.

Instead of making things sustainable through transparent, accountable, good governance to achieve different sustainable development goals of United Nations 2030 through participation and inclusion of mass, to address retail inflation by making things sustainable, by addressing climate change and hidden poverty, corruption, scam. Request to initiate probe to find out why?

Possible those persons wants to monetize clean image and good deeds of sender of this email to get things out of turn, win election or to win award as none associated with, met, talked or ever responded but some tried to frame.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square

one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Over two months after angioplasty left two PMJAY beneficiaries dead, Gujarat hospital chairman arrested

<https://indianexpress.com/article/cities/ahmedabad/pmjay-angioplasty-death-hospital-chairman-apprehended-9785426/>

Gujarat: 2 Ayushman Bharat health scheme beneficiaries die after angioplasty, govt orders probe

<https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637>

Here scam related to Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - Mukhyamantri Amrutam (AB-PMJAY-MA) scheme.

The relatives of the two persons died, alleged the hospital kept everyone in the dark and conducted the procedure in a haste to raise medical bills under the government scheme; to siphon out money from that scheme.

In West Bengal most people not aware of Ayushman Bharat scheme or card, how to get and in Gujarat most people not knows what to do with that scheme or card and how to access benefits.

Reason sender of this email pitched to the members of the committee for nobel peace prize and in economic sciences to consider the developed economic model for providing door step delivery to intended beneficiaries of different schemes of government, most people from marginalized communities and bottom of the pyramid, optimising existing resources to create awareness on different schemes of government, to facilitate to access benefits from those, to create awareness on best practices for healthcare, hygiene, agriculture, pre and post term care, and to facilitate for legal matters, to create awareness on legal matters, for financial inclusion etc.

Good morning,

Once more you will meet and consider HB446. Why on earth would anyone propose to limit the availability of data on mental health, or health generally, in schools?

Do you believe in science and modern medicine? This bill is in opposition to the common practices of surveying populations in order to serve them better.

Please OPPOSE HB446.

Regards,
T.E. Carter

Your committee will review HB768 tomorrow.

If you allow NH public schools to contract with religious schools, you will have to allow contracts with ALL religious schools: Islamic schools (Madrasas), Hebrew schools and Aum schools.

Is that your intention?

Please oppose HB768.

Please oppose HB741. You will review this again tomorrow, and won't find it has any redeeming qualities now - just as it didn't when you initially reviewed it.

If you hate public schools, just don't send your kids there. Many of us are happy with the schools - there's room for both points of view.

Again, please vote against sending HB741 to the floor.

Vote against putting HB749 out for a vote. The history of communism - not under Pol Pot - as a system of governance is actually quite positive. Stalin defeated Hitler, after all.

If you approve HB749, schools will have the leeway to teach students a skewed view that could make them lean toward bad communism now.

Communism under Putin is ok, according to President Trump, but these other examples of communism, like Cuba, are dangerous.

2025-2026-Certified Public Manager Program

Orientation: August 22, 2025

Classes: September 5, 2025 – June 2026

The NH Certified Public Manager© program is a nationally accredited management development program intended specifically for leaders in federal, state, and local government. This 12-month program provides participants with knowledge and skills across seven key professional competencies for success in public administration and management. ([For More Information](#)) Students will be introduced to foundational theories and practices of leadership and management, conduct self-assessments and exercises to understand and strengthen their own skills and abilities, and discuss the application of information from class to practical problems facing participants, their agency or department, and citizens. Students will apply their learning through a year-long project of their choosing.

Those who complete the program are awarded the professional Certified Public Manager© (CPM) designation, which is a registered service mark of the National Certified Public Manager Consortium. The national CPM program's primary goal is to improve the performance of public sector managers and the organizational performance of local, state, and federal government. Students completing the NH CPM program may also be eligible for graduate or undergraduate credits at several NH colleges and universities. ([Click for more information](#)).

Prerequisite: Participants must have completed BET's NH Supervisory Academy, CPM – Level 1, or Certified Public Supervisory (CPS) program, prior to the start of the July 2024 program.

Cost Per Person: \$2,500.00 for applications received by August 14, 2025. [Click here to apply.](#)

Upcoming Programs and Courses

Enrich your skills in public administration through an expanded curriculum of executive, advanced and fundamental programs and courses offered by the Bureau of Education and Training. Students will need a computer, microphone (or telephone) and internet access to participate in online classes; we highly encourage the use of cameras for a better class experience. If you prefer, you can participate at the Bureau of Education and Training Computer Lab. (Please request use of a BET computer at time of enrollment).

Lean White Belt:

NH State Employees can access a free online, introductory training to Lean thinking and process improvement techniques via the [State Employee online learning portal](#). Log in with your NH FIRST credentials and scroll down to Lean White Belt Training to begin.

Non-State Employees, please email BET@DAS.NH.Gov for instructions to complete Lean White Belt Training.

Organizational Development Services

Wondering how to improve communication on your work team? Need help with strategic planning or navigating a major change in operations? BET can help! BET offers custom sessions and consultation and facilitation services for public-focused work teams in areas such as:

- *Team Building*
- *Improving Communication*
- *Change Management*
- *Communication Audits and Interventions*
- *Lean Process Improvement Training/Projects*
- *Meeting Facilitation*
- *Strategic Planning*
- *Individualized Team Training Programs*

Training Development and Hosting Services

Do you have specialized training you need to provide to your employees or constituents and want to provide that training online? BET can help you develop an engaging, self-paced, online training or simply host your recorded video training at *very competitive rates*. BET's externally facing Moodle platform can host trainings and reach audiences outside the state network with a simple self-registration process.

For Organizational Development Services, Training Development, or Hosting Services, contact Steve Mason, BET@DAS.NH.Gov or call 603-271-1429.

New Courses Available: Please contact BET@DAS.NH.Gov for rates and availability.

<u>Mastering Storyline 360: Creating Engaging eLearning Experiences</u>
<i>This 4-hour online workshop is ideal for instructional designers, educators, trainers, and anyone interested in creating interactive eLearning content. No previous experience with Storyline 360 is required, but familiarity with basic eLearning concepts is beneficial. This workshop is designed to be engaging and interactive, ensuring that participants not only learn about Storyline 360 but also practice applying their skills in real-time.</i> Stephen J. Mason, Jr., M.Ed., CPM, Lean BB, MBTI
<u>MBTI Step One Complete with Half -day De-brief Session</u>
<i>Unlock Your Teams Potential with the MBTI Step 1 Team Workshop!</i> <i>Are you ready to discover your personality preferences and enhance your personal and professional relationships? Join us for an insightful MBTI Step 1 Workshop, featuring a comprehensive online MBTI assessment followed by an engaging half-day debrief session.</i>

You will begin by completing the approximately 40-minute online Myers-Briggs Type Indicator (MBTI) assessment to gain a deeper understanding of your personality type based on four key dimensions. During the half-day debrief, our experienced facilitator will guide you through your results, offering personalized insights and strategies for leveraging your strengths, improving communication, and fostering team collaboration.

Stephen J. Mason, Jr., M.Ed., CPM, Lean BB, MBTI

Introduction to Instructional Design

Join us for a comprehensive one-day course designed to introduce the fundamentals of instructional design. This course provides a solid foundation for anyone interested in creating effective educational experiences, whether in corporate training, educational environments, or self-directed learning.

Participants will explore key concepts such as adult learning theories, the ADDIE model (Analysis, Design, Development, Implementation, Evaluation), and the importance of needs assessments. Through engaging discussions and hands-on activities, you will learn to write effective learning objectives, select appropriate instructional methods, and design assessments that accurately measure learning outcomes.

By the end of the day, you will have the knowledge and tools necessary to begin developing your own instructional materials, paving the way for impactful teaching and learning experiences. Whether you're a novice or looking to refresh your skills, this course is the perfect starting point for your instructional design journey.

Stephen J. Mason, Jr., M.Ed., CPM, Lean BB, MBTI

Communication for Frontline Engagement

Join us for a 3-part workshop that will be broken-up into three, 3 hour in-person sessions. You will learn about the importance of empathy and integrity in communication. You will practice building rapport, using verbal and non-verbal communication. The 3-part workshop concludes with hands-on practice delivering important feedback.

Stephen J. Mason, Jr., M.Ed., CPM, Lean BB, MBTI

Sender of this email for long time sending many good advice to Narendra Damodardas Modi, Prime Minister of India to achieve different sustainable development goals of United Nations 2030, to address hidden poverty, to address retail inflation and real GDP, to address different latent demands of people of India etc; sending many email but why never mentioned name of sender of this email or praised? Why trying to please Donald John Trump, 47th President of USA?

People are rational and without any catch or reward why should do something?

Also requested to Chief election commissioner of India, to look into above.

Request to initiate probe to arrest Mahie aka Rimpay Kaur Gill with Instagram handle @mahieg to find out, out of Rose Valley scam, Sahara India pariwar scam, Nirav Modi scam, Ispat Industries-JSW, NIIT technologies-Baring PE, Genpact-Headstrong transactions what was catch or reward of Arun Jaitley, ex finance minister of India? Why some people in India and in USA stages (Minka Dumont Kelly with Instagram handle @minkakelly, Demi Lovato with Instagram handle @ddlovato etc) a minor girl with mother like Mahie aka Rimpay Kaur Gill with Instagram handle @mahieg and her daughter with Ravinder Kumar Kesar?

<https://www.zaubacorp.com/RAVINDER-KUMAR-KESAR-06840117#:~:text=About%20RAVINDER%20KUMAR%20KESAR,been%20associated%20with%2013%20companies.>

Why to get award people like Taylor Swift with Instagram handle @taylorswift, Lady Gaga aka Stefanie Germanotta with Instagram handle @ladygaga stages Mahie aka Rimpay Kaur Gill wearing black colored high heel shoe?

Request to initiate probe to arrest Rajiv Roychowdhury, husband of Mohor Chakraborty, associated with South Calcutta Girls' College; Anupm Roy with instagram handle @aroyfloyd; Nimisha Tripathi, employee of Vineet Jain, promoter of Times Internet backing Femina Miss India beauty pageant; Neha Nagpal, IIM Kozhikode, PGP 11; Sumant Palepu, IIM Kozhikode, PGP 11; Pratibha, IIM Kozhikode, PGP 11; Kumar Nair, husband of Leena Nair, CEO of Chanel; to find out how associated with Mahie aka Rimpay Kaur Gill with Instagram handle @mahieg, Dia Mirza with Instagram handle

@diamirzaofficial, Sahil Sangha with Instagram handle @sahil_insta_sangha and how benefitted through Sahara India pariwar scam, Rose Valley scam, Ispat Industries-JSW, Genpact-Headstrong transactions?

Possible name of son of Rajiv Roychowdhury and Mohor Chakraborty is Taj, like Taj Mahal in Agra, and using that name duping and using many people, possible claiming that son like their symbol of love, so many people associated with people like Shahrukh Khan with Instagram handle @iamsrk like Deepika Padukone, Katrina Kaif, Shreya Ghoshal, Anushka Sharma, Kajol, Karan Johar etc and Anand Mahindra, promoter of Mahindra and Mahindra, like Shabana Azmi, Farah Khan Ali with Instagram handle @farahkhanali etc, some people associated with the movie Salaam-E-Ishq and Honeymoon Travels Pvt Ltd, like Raima Sen Devverma, Arjun Kapoor, Salman Khan etc promoting them and helping to get things out of turn.

Two person replaced Arun Jaitley, ex finance minister of India and Sushma Swaraj, ex external affairs minister of India, from same community, Nirmala Sitharaman as Finance minister and S Jaishankar as External affairs minister from Tamil Brahmin community possible to penetrate Southern part of India and promote ism among people of Indian origin living in USA like Sundarajan Pichai, CEO of Alphabet Inc to use google search engine and google map etc and in other countries, as like Punjabi community, Tamil community is also United and strong and progressive.

Request to initiate probe to find out how they associated with Priyanka Chopra Jonas with Instagram handle @priyankachopra who also staged with a minor girl to penetrate USA, so Meera Chopra with Instagram handle @meerachopra to earn easily like Mahie aka Rimpay Kaur Gill with Instagram handle @mahieg and her daughter with Ravinder Kumar Kesar like the propaganda movie Moscow Doesn't Believe in Tears and the character, single mother Katerina Aleksandrovna Tikhomirova?

Also requested to Director of Enforcement directorate, Chief Election Commissioner of India, to look into above.

<https://m.economictimes.com/news/new-updates/bones-hair-rs-1500-crore-fraud-mumbais-famous-lilavati-hospital-trustees-make-shocking-black-magic-claim-before->

<holi/articleshow/118964257.cms>

Lilavati Hospital is present employer of IPS Param Bir Singh, possible.

IPS Param Bir Singh arrested some related to Elgaar Parishad case and possible known to Dhivare, SP of Maharashtra CID in Pune.

<https://indianexpress.com/article/explained/explained-a-quick-recap-of-elgaar-parishad-case-that-nia-has-now-taken-over-6233866/>

Possible IPS Param Bir Singh and Arun Jaitley, ex finance minister of India and Mahie aka Rimpay Kaur Gill with Instagram handle @mahieg are from Chandigarh and known to each other for long time and possible shared many information with each other that people associated with film industry promotes.

Request to initiate probe to find out how Arun Jaitley and Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal and Rajendra S Pawar, Promoter of NIIT Ltd; Arjun Malhotra, promoter of Headstrong; Pramod Bhasin, ex CEO of Genpact; Rana Kapoor, promoter of Yes Bank; Anand Mahindra, promoter of Mahindra and Mahindra; Ajay Banga, President of World Bank; associated with each other?

Request to initiate probe to find out how IPS Amandeep J, IPS Kamanashis Sen and IPS Param Bir Singh associated with each other?

Also requested to Director of Enforcement directorate, Chief Election Commissioner of India, to look into above.

Request to refer below video clip, initiate probe to find out what tried to mean?

https://youtu.be/0AulT92DFDE?si=8OlAFpJi2clwa_i4

That accused with Chaurasia surname, like the surname, one guy behaving like Govind Jadhav, DySP of Maharashtra CID, mentioned when traveling in the same compartment with sender of this email, from Bandra Terminus station, for Katra, as claimed, on 13th March 2025, staging with a group of people, talking about Flower valley, Hiranandani

and having chickpeas only.

That accused of Vadodara wore same type black t-shirt like sender of this email.

So possible people like Arun Jaitley, ex finance minister of India, promoted if you are from Brahmin community, can commit any crime, no one touch if use identity of sender of this email like Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal, did.

Possible reason Phorol, posted in Aarey Road police station said Arun Jaitley after some intoxicated guys voluntarily vandalized office of sender of this email on the day of Holi in 2018 when working alone in office and Vinay Kumar Rathod, associated with Maharashtra police asking sender of this email staged that or not?

Request to initiate probe to find out that staged, encouraged by IPS Deven Bharti and those associated with the company SHREYAS HOME MANAGEMENT PRIVATE LIMITED and related parties or not?

https://www.zaubacorp.com/SHREYAS-HOME-MANAGEMENT-PRIVATE-LIMITED-U70101MH2006PTC162505#google_vignette

Accused of the Vadodara crime shouting, "one more round", like another boxing round of Top ranked boxing fight, win to live or die or fight of gladiators, possible that Priyanka Chopra Jonas with Instagram handle @priyankachopra, Alexandra Anna Daddario with Instagram handle @alexandradaddario promotes.

That Vadodara accused shouting "Uncle" like Keshub Mahindra, uncle of Anand Mahindra, promoter of Mahindra and Mahindra, who recruited S P Shukla, government business head of Mahindra and Mahindra, after he finished business school and associated with Devendra Fadnavis, chief minister of Maharashtra.

That Vadodara accused shouting "Nikita", like name of wife of Devraj Sanyal, associated with Universal Music Group.

Request to initiate probe against Arun Jaitley and Devendra Fadnavis, to find out who encouraged to promote those, if promoting.

It's like survival for the fittest, Nazi theories of racism, inferior races, fight with each other and die or win to live if winner like Farah Khan Ali with instagram handle @farahkhanali promotes-winner and loser.

Like people of Brahmin community can do anything and no one can touch them, though many police cases registered against both Arun Jaitley and Devendra Fadnavis.

Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED are wife of some senior police officer of Maharashtra police and associated with each other for long time, and those police officers having good relationship with many well known politicians, industrialists, people associated with Film industry, reason getting posting in Mumbai and Navi Mumbai.

Possible unitedly doing many things, can be good or not good/wrong like ex Maharashtra police encounter specialist Pradeep Rameshwar Sharma who used face of his wife:

http://www.myneta.info/maharashtra2019/candidate.php?candidate_id=10080

Pradeep Rameshwar Sharma was part of encounter team of IPS Param Bir Singh, whose wife also one of the Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED.

<https://timesofindia.indiatimes.com/city/mumbai/param-bir-singh-appointed-as-executive-director-of-lilavati-hospital/articleshow/112026770.cms>

Possible IPS Kamanashis Sen and IPS Amandeep J also associated with each other and some officers of their batch of 2014 and possible unitedly doing something good or wrong.

Request to initiate probe to list down those groups in India and find out who facilitating them and why?

Also requested to Chief Election Commissioner of India, to look into above.

On 03/15/2025 8:49 PM IST Ranen Das <info@ixoragrp.com> wrote:

Today traveling from Mathura to Bandra. When walking to platform No 3 of Mathura junction station to board train, found on railway station bridge, to platform no 3, one body lying on strecher, covered with yellow clothe, that followers of Premanand Govind Sharan wears, possible backed by Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

[https://en.m.wikipedia.org/wiki/Premanand Govind Sharan](https://en.m.wikipedia.org/wiki/Premanand_Govind_Sharan)

Some police personnel also present there. One guy wearing white kurta-pajama saying have to send the belongings- one red colored bag, some plastic packets, and a water pot.

Today went to Agra for Taj Mahal, Agra fort and Jama masjid.

Found some police following sender of this email and informing something to some over phone, so some CISF personnel with gun.

When reached Mathura, also found same.

On 13th March 2025, when traveling to Mathura, some people travelling to Katra, in the same compartment, staging something, one guy chewing tobacco, talking about Flower valley, Hiranandani, Siddhartha, Pallavi, Gorakhpur, Varanasi, Chourasia.

Having only chickpeas.

Request to initiate probe to find out what were above?

In Mathura, yesterday after dinner 2 girl also entered the hotel where stayed, saying 2 guys also with them, but two of them not have aadhar card as photo identity proof.

In Mathura, Vrindavan, Agra also found many people not aware of Ayushman Bharat scheme and card; many people chews gutkha and tobacco.

Sender of this email for long time pitching to ban selling and consumption of chewing tobacco, bidi, gutkha as causes mutation of some gene causes oral cancer,

Today traveling to Mathura for Holi festival. When traveling from Vadala Road station to Bandra to board a train to Mathura, found in the first class compartment no passenger but dog of bomb squad and police personnel, many passengers in other compartments. Request to initiate probe to find out why?

What organizers supposed to do to make sure no rush for Mahakumbh? We are qualified and our job to provide solution for any problem.

Easiest way to solve that problem by providing access to Mahakumbh through registration.

Except people associated with Aksharas and having tent, no other person able to enter inside of venue or take dip twice and all through registration.

For each sahi snan and for each day, quota for dip based on registration.

Each registration mapped with Aadhar card and phone verification.

Request to initiate probe to find out why not that simple solution implemented?

Sender of this email earlier talked about design thinking concept, experience map, touch points, happiness and why people not caring all touch points.

Some time I think what is most important?

Food, values or desire to survive?

When a girl strips for money or a guy kills with gun,

What they think, which ism their heart sings?

They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

I am thankful to Enforcement directorate.

Some people promotes the movie Titanic, it's characters Rose Dewitt Buckater and Jack Dawson, Lady Gaga aka Stefanie Germanotta with Instagram handle @ladygaga, staged first one during Academy awards ceremony, to collect Oscars for the movie A star is born.

Some association there with Rose Valley scam and Neha Nagpal, PGP 11, IIM Kozhikode; and Mohor Chakraborty, associated with South Calcutta Girls' College and her husband Rajiv Roychowdhury.

Sender of this email stayed in a hostel room facing ladies hostel instead of valley.

Priyanka Chopra Jonas with Instagram handle @priyankachopra staged with rose highlighting genital and thigh like Rose Valley on 14th February in 2017.

Request to initiate probe to find out what's catch or reward of above persons promoting the movie Titanic, those facilitating?

One of the person is Anand Mahindra, promoter of Mahindra and Mahindra.

Also asked, Anand Mahindra, promoter of Mahindra and Mahindra, in 2013, he twitted about one Rahul, about which Rahul you twitted- Rahul Bajaj, Rahul Gandhi, Rahul Dravid, Rahul Modi etc?

Request to contact Anand Mahindra, promoter of Mahindra and Mahindra, to find out about Rahul, he twitted about in 2013, through x/twitter handle @AnandMahindra in 2013.

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,
He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.

Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.

Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

Ranen

On 02/19/2025 11:12 AM IST Ranen Das <info@ixoragrp.com> wrote:

Mukesh Ambani, promoter of Reliance Industries and Jio platform, is a plain vanilla trader and beyond that not much things understands, forget about technology, telecom, electronics, operations or service level, user experience or design thinking.

He only understands need good money for working capital, either high priced debt funding or high cost equity funding to replace debt and not understands weighted average cost of capital.

He not understands supply chain management or network planning or hidden costs or socio demographic or socio economic stratas, behavioral theories or meso level group dynamics, pricing or costing etc.

I used Jio phone and it's service. Worst possible handset and internet service ever used and last 3+ years not using, handset not works, operating system worst possible and service level very very poor, as in most part of India not works.

Rents store for retail business and worst possible products sells, with poor shelf life, quality and worst possible service of people working in those store.

So can see by paying money, using viral words of mouth campaigns trying to create an image that Jio platform not, possible for valuation also.

Who wants to continue making Mukesh Ambani that he not by providing more fund to misuse and waste?

I not pay even INR 1 then I lose.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo

and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square

one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

Good Afternoon

I am writing to ask that you join the Attorneys General of other states in standing against DJT's use of deportation laws. What he did this past weekend in invoking a law from the 1700s is beyond reprehensible. And the response that a judge's orders do not hold because the plane was over international waters is the same. I do not need to go into all the details as I am sure you are well aware of them.

We are a nation of laws and DJT should not be above them.

Please stand up for the Constitution.

I am copying the governor on this in hopes that she will stand with other states as well.

Thank you
Diana Schuman

Dear Commissioner Quinn –

Please find attached a letter from the House Committee on Environment and Agriculture regarding [HB 153](#) (New Title) establishing a committee to study adding statewide resources to assist with the investigation, training, prosecution, and prompt response of animal cruelty. The committee has recommended that this bill be amended to establish a committee to study adding additional training and providing statewide resources to assist with the prompt response, investigation, and prosecution for a report of animal cruelty. The purpose of this letter is to bring to your attention problems with how law enforcement officers in NH have handled animal cruelty reports, especially in light of the Lee, NH case in April 2024.

Please contact Chair Aron with questions.

COMMITTEE ON ENVIRONMENT AND AGRICULTURE

March 4, 2025

Commissioner Robert Quinn
Department of Safety
33 Hazen Drive
Concord, NH 03305

Dear Commissioner Quinn,

The New Hampshire House of Representatives Environment and Agriculture Committee recently considered HB 153-FN, an act requiring that two or more law enforcement officers in each county receive training regarding animal cruelty. The committee has recommended that this bill be amended to establish a committee to study adding additional training and providing statewide resources to assist with the prompt response, investigation, and prosecution for a report of animal cruelty. The purpose of this letter is to bring to your attention problems with how law enforcement officers in NH have handled animal cruelty reports, especially in light of the Lee, NH case in April 2024.

In hearing this bill, which called for more intensive training for law enforcement officers in the animal cruelty statutes (RSA 644:8), it was apparent to the committee that knowledge of existing laws by law enforcement officers is lacking. We also learned that current training only includes about two hours of training in this area of the law (through the academy), which the committee found to be woefully inadequate.

We are particularly concerned that due process is not being followed. Also, we are seeing that the wrong people are being brought in by law enforcement officers to assess a report of animal cruelty. One thing that we were alerted to was that assessment of a situation involving claims of animal cruelty should be made by veterinarians who routinely work with the type of animal being reported (i.e. a cat or dog veterinarian does not have the same training in order to properly assess livestock like cows or goats), or by the owner's veterinarian, or by someone from the State Veterinarian's Office/Department of Agriculture.

Our committee will be working on ways to improve the type of training received by law enforcement officers regarding animal cruelty reports and will be inviting your agency to join in the conversation. We will be pursuing adding additional training components for law enforcement. We also plan to seek more thorough ways to train law enforcement about our current animal cruelty statutes, to better understand due process in the way animals (property) are handled, and to recognize that a prompt response is crucial to animals in distress but that due process is also important. We will also look to determine if it makes sense to establish something like an "animal cruelty task force", or some other resources that may need to be created. The important issues around animal cruelty reporting to law enforcement and insuring that due process regarding seizure of property, in the form of animals/livestock, needs to be addressed and have input from all stakeholders.

Sincerely,

A handwritten signature in black ink, appearing to read "Judy Aron".

In Mathura Junction railway station towards platform no 10, 2 railway station bridges there, on two different sides of the station ticket counter.

On 15th March 2015, after 5:20 PM, sender of this email found, one bridge was full of people and in another bridge found only two person, coming down, towards entrance of the station ticket counter, wearing red colored dress that Tanisha Mukherjee with

Instagram handle @tanishamukerji, Narendra Damodardas Modi, Prime Minister of India and Kokilaben Ambani, Mother of Mukesh Ambani, promoter of Reliance industries and Jio platform wore when visited Prayagraj during Mahakumbh this year.

Sender of this email asked, through this bridge can go to platform no 3 to board train and one of the red dress wearing guys replied, yes.

Found one person lying on stretcher covered with yellow cloth, can be any one, dead, alive, sick, of any gender, even dummy and police uniform wearing guys near that stretcher can be any one, fake, corrupt, actor, real honest police etc standing near the way to platform no 3 of Mathura junction railway station.

Request to initiate probe to find out why no other person was there on that bridge except some guys wearing police uniform, one guy wearing white kurta and pajama and one lying on a stretcher?

Near that stretcher one red colored nylon bag there, like the sender of this email carried when went to Nabadweep to take dip in river Ganges in October 2021, bought plastic pot to bring water from river Ganges from there; also found a plastic pot near that stretcher.

White kurta-pajama wearing guy saying, have to send those, earlier in 2017, Priyanka Chopra Jonas with Instagram handle @priyankachopra staged wearing white kurta pajama, with pose like Lord Vishnu or Mahie aka Rimpay Kaur Gill with instagram handle @mahieg with tag kurta-pajama swag and shared through Instagram.

Request to initiate probe to find out who they were, what they were doing there, who facilitated them and why?

In October 2021, after reaching Nabadwip bus stand when going to bank of river Ganges to take dip, one guy showing tongue, the way on 13th March 2025, outside of Bandra railway station, East side, one guy showing when asked which auto rickshaw go to Bandra terminus railway station.

In 2016, the day Pune police raided the pub of brother of Priyanka Chopra Jonas with Instagram handle @priyankachopra, the Mugshot lounge in Pune, possibly to increase its visibility, she posted in Instagram, showing tongue with brother, in the set of Quantico of ABC network, that claimed.

People are rational and without any catch or reward why should do something?

Request to initiate probe to find out what was catch or reward for above stagings?

If any dead body lying on a stretcher then has to be tied with stretcher or inside of plastic or inside of a coffin, why only covered with yellow cloth?

When sender of this email got down in Kota railway station to buy yoghurt for dinner, one guy said "babam bam" like the viral song, bam lahiri of Kailash Kher, associated with Shreya Ghoshal with instagram handle @shreyaghoshal, possible later one is associated with money laundering operator Jagdish Purohit, beneficiary of Mukesh Ambani and his family members, promoters of reliance industries and jio platform; friend of Parag

Agrawal, ex CEO of twitter and some way facilitated Sahara India Pariwar scam and Rose valley scam.

Also requested to the Director of Enforcement Directorate, Chief Election Commissioner of India, to look into above.

Request to refer below video clip, initiate probe to find out what tried to mean?

https://youtu.be/0AulT92DFDE?si=8OlAFpJi2clwa_i4

That accused with Chaurasia surname, like the surname, one guy behaving like Govind Jadhav, DySP of Maharashtra CID, mentioned when traveling in the same compartment with sender of this email, from Bandra Terminus station, for Katra, as claimed, on 13th March 2025, staging with a group of people, talking about Flower valley, Hiranandani and having chickpeas only.

That accused of Vadodara wore same type black t-shirt like sender of this email.

So possible people like Arun Jaitley, ex finance minister of India, promoted if you are from Brahmin community, can commit any crime, no one touch if use identity of sender of this email like Vinod Kumar Mittal, brother of Lakshmi Niwas Mittal, promoter of Arcelor Mittal, did.

Possible reason Phorol, posted in Aarey Road police station said Arun Jaitley after some intoxicated guys voluntarily vandalized office of sender of this email on the day of Holi in 2018 when working alone in office and Vinay Kumar Rathod, associated with Maharashtra police asking sender of this email staged that or not?

Request to initiate probe to find out that staged, encouraged by IPS Deven Bharti and those associated with the company SHREYAS HOME MANAGEMENT PRIVATE LIMITED and related parties or not?

https://www.zaubacorp.com/SHREYAS-HOME-MANAGEMENT-PRIVATE-LIMITED-U70101MH2006PTC162505#google_vignette

Accused of the Vadodara crime shouting, "one more round", like another boxing round of Top ranked boxing fight, win to live or die or fight of gladiators, possible that Priyanka Chopra Jonas with Instagram handle @priyankachopra, Alexandra Anna Daddario with Instagram handle @alexandradaddario promotes.

That Vadodara accused shouting "Uncle" like Keshub Mahindra, uncle of Anand Mahindra, promoter of Mahindra and Mahindra, who recruited S P Shukla, government business head of Mahindra and Mahindra, after he finished business school and associated with Devendra Fadnavis, chief minister of Maharashtra.

That Vadodara accused shouting "Nikita", like name of wife of Devraj Sanyal, associated with Universal Music Group.

Request to initiate probe against Arun Jaitley and Devendra Fadnavis, to find out who encouraged to promote those, if promoting.

It's like survival for the fittest, Nazi theories of racism, inferior races, fight with each other and die or win to live if winner like Farah Khan Ali with instagram handle @farahkhanali promotes-winner and loser.

Like people of Brahmin community can do anything and no one can touch them, though many police cases registered against both Arun Jaitley and Devendra Fadnavis.

Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED are wife of some senior police officer of Maharashtra police and associated with each other for long time, and those police officers having good relationship with many well known politicians, industrialists, people associated with Film industry, reason getting posting in Mumbai and Navi Mumbai.

Possible unitedly doing many things, can be good or not good/wrong like ex Maharashtra police encounter specialist Pradeep Rameshwar Sharma who used face of his wife:

http://www.myneta.info/maharashtra2019/candidate.php?candidate_id=10080

Pradeep Rameshwar Sharma was part of encounter team of IPS Param Bir Singh, whose wife also one of the Directors of SHREYAS HOME MANAGEMENT PRIVATE LIMITED.

<https://timesofindia.indiatimes.com/city/mumbai/param-bir-singh-appointed-as-executive-director-of-lilavati-hospital/articleshow/112026770.cms>

Possible IPS Kamanashis Sen and IPS Amandeep J also associated with each other and some officers of their batch of 2014 and possible unitedly doing something good or wrong.

Request to initiate probe to list down those groups in India and find out who facilitating them and why?

Also requested to Chief Election Commissioner of India, to look into above.

Today traveling from Mathura to Bandra. When walking to platform No 3 of Mathura junction station to board train, found on railway station bridge, to platform no 3, one body lying on strecher, covered with yellow clothe, that followers of Premanand Govind Sharan wears, possible backed by Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

https://en.m.wikipedia.org/wiki/Premanand_Govind_Sharan

Some police personnel also present there. One guy wearing white kurta-pajama saying have to send the belongings- one red colored bag, some plastic packets, and a water pot.

Today went to Agra for Taj Mahal, Agra fort and Jama masjid.

Found some police following sender of this email and informing something to some over phone, so some CISF personnel with gun.

When reached Mathura, also found same.

On 13th March 2025, when traveling to Mathura, some people travelling to Katra, in the same compartment, staging something, one guy chewing tobacco, talking about Flower valley, Hiranandani, Siddhartha, Pallavi, Gorakhpur, Varanasi, Chourasia.

Having only chickpeas.

Request to initiate probe to find out what were above?

In Mathura, yesterday after dinner 2 girl also entered the hotel where stayed, saying 2 guys also with them, but two of them not have aadhar card as photo identity proof.

In Mathura, Vrindavan, Agra also found many people not aware of Ayushman Bharat scheme and card; many people chews gutkha and tobacco.

Sender of this email for long time pitching to ban selling and consumption of chewing tobacco, bidi, gutkha as causes mutation of some gene causes oral cancer,

Some time I think what is most important?
Food, values or desire to survive?
When a girl strips for money or a guy kills with gun,
What they think, which ism their heart sings?
They are left, mid or right,
Or to carry their life, fights?
Some time I think, when a girl sleeps with guys for money,
And in her dark room sick child cries,
Which ism or God tries to help?
Which poster gives them food?
Which scheme gives them route?
Which part of big apple they eat?
How much sorrow of New York they lick?

I am thankful to Donald John Trump, 47th President of USA, he using common sense and saying right things.

Sender of this email in November 2020 after his father died on 15th November 2020, whom people not bothered to admit in ICU of hospital, applied to change address of his voter id. That some politicized and made sure the application is rejected.

In January 2021, an intoxicated mob led by some local leaders of All India Trinamool Congress, like ex water committee chairman of local municipality, a criminal on bail, asking sender of this email having voter id or not and claiming with a mob, from North India, when was alone in the evening collecting signature of local people not getting municipality water last 6 years and lynched.

And same time Mamata Banerjee, Chief Minister of West Bengal, facilitated Prashant Kishor, advisor of All India Trinamool Congress, to get voter id with address in Bhawanipur, Kolkata.

Can see above things people did meticulously, with proper plan.

This way throttling voice of democracy winning election to have access to fund through different schemes of government to siphon out, to win election using committed voters getting benefits through some of those schemes and misuse; most road in West Bengal are in bad shape like surface of moon, affecting local industries and economy negatively and increasing incidence of road accident.

Request to initiate probe against Narendra Damodardas Modi, Prime Minister of India and Smt Draupadi Murmu, President of India to find out why not caring above things, who encouraging them to not care and why?

This morning I travelled in IndigoAir flight 6E 5341. My seat number was 11E, found one guy seating on that seat, between 2 girl instead of on his seat 11b, as claimed. On 11a and 11c, 2 girl from North East part of India seating. So I requested the girl seating on 11d to seat on 11b and I sat on 11d seat.

One girl earlier behaving weird inside of airport, not stood in the queue for boarding flight, found started shouting just before flight took off, inside of plane, claiming hand of sender of this email touching back rest of her seat, seating on 10d seat, which not true, why should hand touch back rest of seat of another person seating on front seat and how that important, it can happen? Found that girl shaking her seat without any reason, covering upper part of body with dupatta like Neha Nagpal, PGP 11, IIM Kozhikode, who dragged Christia Sangma from Manipur (North East part of India) inside of campus of IIM Kozhikode; and wearing hoodie like Priyanka Chopra Jonas with Instagram handle @priyankachopra.

Then I requested one airhostess and I sat on 12c seat.

After reaching destination found that girl sipping tea, outside of airport.
On 5th August 2023, when I traveling from Kolkata to Digha in a bus, one guy seating on next to my seat, talking about Garia metro station, brigade meeting of SUCI, engaging with 4 leaders of SDPI and then before getting down from bus near Mandarmani, saying will have lemon tea.
Possible that girl and that guy, engaged by same person/s.
Request to initiate probe to find out who engaged and why?

Also requested to the Director of Enforcement directorate, Director General of National informatics centre, National Investigation agency, Chief Election Commissioner of India, Smt.Draupadi Murmu, Honorable President of India, Chair of SEC, Chairman of Securities and Exchange Board of India to look into above.

I shared one poem from one of my published work, hope find relevant:

He finds water too cold when takes shower,
He fears most, more than boss,
During winter less money gloss,
Tries to make body warm sipping Darjeeling tea,
Watching him shiver mirror on wall glees.
He thinks about networth of Trump, Clinton and Harris,
In his dream visits Paris.
He tried to fall in love in past,
But no relations last,

He met some in Central park,
He met some in Broadway,
He met some in Brooklyn Bridge,
Even in winter when his body almost freezed.
He thinks why not many care,
Many whites like him poor,
In past also those questions his soul tore.

When retail inflation high, so hidden poverty, not have luxury to see scams like Sahara India pariwar that small investors fall for glitters and invest to lose hard earned life savings, without considering fundamentals or using common sense.
Common sense is, value is how much earn and how sustainable; that's discounted cash flow based valuation and adjusting inflation.
Which is good or bad, considering opportunity costs, that's valuation of real option, that's common sense.

I am thankful to Donald John Trump, 47th President of USA.

Time we should work on to fill up existing gaps to help to achieve different sustainable development goals of United Nations 2030, before the deadline and to make India a developed country in terms of per capita income, per capita expenditure and per capita contribution to the economy/GDP, on a par with any high income developed country by 2047 or before that.

So we have to address corruption and associated scam.

I was talking about filling up knowledge gaps and technology gaps- how Mohammad Yunus filled up existing gaps through micro finance institution, hedging the risk through distribution through self help group like portfolio management; then how Esther Duflo and Abhijit Banerjee thought about renting a cart and borrowing money say from micro finance institution to take things forward of Mohammad Yunus and how my original research work can fill existing gaps to take things forward of gaps of their works including of Daron or of Claudia Goldin, to help countries to achieve different sustainable development goals of United Nations 2030, addressing poverty, corruption, transparency, accountability, inclusion, participation and empowerment by optimising usage of existing resources; so high priced loan of Micro finance institution though risk hedged can be replaced by low priced soft loan etc, through awareness and participation.

I am thankful to Donald John Trump, 47th President of USA.

War is hidden cost and why should waste time and money to facilitate people like Mukesh Ambani, promoter of Reliance industries to buy crude cheap to make more money by selling value added processed products at high price?

Request to create consensus to consider to create 6 groups of countries- Capitalists, Communists, Liberals, Democrats, Socialists and Neo Nazis and make sure first 5 groups are united and make sure growth of group of Neo Nazis stopped and becoming minority and "lobotomized" to become part of first 5 group, forgetting Neo Nazism, as not sustainable.

Then can have two group of Capitalists, Communists and other 3 group members can be part of either of first two groups based on strategies to support sustainable growth, inclusive growth, no hidden poverty, controlled retail inflation, achievement of different sustainable development goals of United Nations 2030 before deadline, encouragement for participative approach in decision making, more transparency and accountability, no corruption, controlled debt to GDP ratio, 100% work participation rate, to facilitate for world peace and geopolitical stability.

Where instead of real war and bloodshed of innocent people will be fight using advanced open source green technologies to control whole value chain, zero waste and optimum and responsible usage of resources.

Request to initiate probe to find out who since 2010, wants to make whole India part of a reality show, like staging of Ramayan of the television series Ramayan

[https://en.m.wikipedia.org/wiki/Ramayan_\(1987_TV_series\)](https://en.m.wikipedia.org/wiki/Ramayan_(1987_TV_series))

Request to initiate probe to find out why? They backing some who claims to be like Ram, Sita, Hanuman, Sri Krishna, Kali, Mahadev etc those actually like content creators. If Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform; K M Birla and his family members, promoters of Aditya Birla group, which owns Vodafone Idea, facilitating those content creators to earn selling data, spreading different propaganda, speculation and rumour; request to arrest them. Possible they facilitating different scam, corruption and crime.

Some actors, worked in that television series Ramayan later contested in the Indian general election and won, people considered their characters in that series and not the human being they are.

So some wants to use staging to win election the way those actors won, thinking people considers only characters portraying and not the actual human being they are.

Request to initiate probe to find out who thinks that way and why?

Narendra Damodardas Modi, Prime Minister of India, facilitated Dipika Chikhlia, to win election from Baroda Lok Sabha constituency, who portrayed Sita in that television series Ramayan; mentor of Narendra Damodardas Modi, Lal Krishna Advani, ex Deputy Prime Minister of India, also facilitated her to win election, both from Shindhi community.

On 02/09/2025 2:29 AM IST Ranen Das <info@ixoragrp.com> wrote:

Many people using Radha, Krishna to spread different propaganda, speculation and rumours for own vested interests.

Who is Radha? A human being like any of us, with family, with husband, who reached God.

What is God? What is Rasleela? What Radha got from Krishna?

Devote, commit, dedicate to reach God.

Like Radha seating somewhere, thinking about Krishna, her eye balls not moving, that dedication, that commitment, that devotion.

Like a scientist thinking about work, dedicated, committed, for any disruptive invention, any breakthrough invention to save many lives or to help our civilization to reach next stage making things sustainable.

Like any farmer wants to feed many to save life, to live to see another morning with red sun and night with yellow moon.

Like any factory worker knows work can help to reach next stage. That dedication, commitment for work. One small mistake means some can lose life and can be in square one, move backward.

Then what is God?

Krishna helped Radha to be self actualized. She felt, I committed, I devoted, I dedicated and I am happy as got what I wanted to get and I am happy to leave my mortal human body.

So what is Rasleela? A journey with purpose.

A journey with different shades, different colour, love, pain, sorrow, fall, rise, heart breaks and dedication, commitment, devotion to never lose track, focus and reach the goal, to leave something behind, to change life of many, deeds people remember, make a mortal human, an immortal.

Krishna is dark like life and beautiful. Life is beautiful, more struggle, more fall, more pain, more sorrow, more losses to remain on track and focused.

God is the goal of life, a purpose to be immortal through deeds and be self actualized.

On 02/08/2025 11:37 AM IST Ranen Das <info@ixoragrp.com> wrote:

In Delhi find selling unhygienic food, guys eve teasing, crime and molestation rate high, people coughing reason dust and pollution, with occupational diseases as workplaces not comfortable.

In Delhi find in the evening inebriated guys shouting and fighting with people, wife. Any driver stopping car to beat some one.

In Delhi randomly people constructed house and not cares for green or color of house, water usage or rain water harvesting or renewable energy.

Who doing those?

Arvind kejriwal spent good money for samosa, threw alcohol party after winning election.

Arvind kejriwal made Raghav Chadha member of upper house of Parliament that can get diplomatic passport and roam around as house husband of stalker Parineeti Chopra. People are rational and not fool and they asked is Arvind Kejriwal good?

Political party supposed to be a voluntary organisation for volunteers. How come that became start up of Arvind Kejriwal?

Arvind kejriwal ran NGO with Manish Sisodia and possible took some salary. But a political party though an NGO but completely different.

So people thought why not Arvind Kejriwal and Manish Sisodia do things earlier did as they are not volunteer, they want salary and career to lead good life through an non profit.

As people are rational and not fool, so both back to square one to feel more comfortable doing things they did before.

There is a positive correlation exists between consumption of alcohol, narcotics, substance and crime.

Those things affects quality of life negatively and those things makes mental health poor.

When the mental health and quality of life of Arvind Kejriwal is poor, assuming he is alcoholic then how can do good for people, logically be a criminal mind.

As people are rational and not fool, so they prefer some one not a criminal mind, with sound mental health and good quality of life then only understand hygiene, then only care pollution, then only do things to reduce crime rates. That's rational.

Most people from bottom of the pyramid in Delhi die reason everyday eating palm oil paneer, palm oil mayonnaise, palm oil cooked momo and chowmin and poor quality bread and kulcha bread.

It's sad but true, in Delhi people eating palm oil paneer in Paneer pakoda, bread pakoda and not milk paneer.

People are rational and not fool and knows Arvind Kejriwal not eating palm oil paneer but making sure they eating. So how come he can be aam admi, when can't empathize? Are you rational or fool?

Arvind Kejriwal was the chief minister of Delhi and Manish Sisodia, deputy chief minister and like Raghav Chaddha backed by some people from film industry and corrupt industrialists.

I think I am the first one, pitched to lawmakers in different parts of the world, origin and destination countries of undocumented immigrants, to unite to end the more than USD 1 bn a year undocumented immigration business colluding with some immigration officials, police, border guards, non government organisations, politicians and officials of United Nations, running.

That affecting economy of both origin and destination countries negatively.

We should all unite to adress the root causes/etiologies- climate change, corruption, scam, unscientific/not sustainable/not responsible usage of resources, wastes in the value chain, not caring different sustainable development goals of United Nations 2030, not inclusion and participation of mass in policy/scheme/programme formulation and implementation, assessment and decision making.

We should encourage all to ask questions, continue asking questions till find the answer looking for and never accept anything unless know why.

Request to refer below video clip, initiate probe to find out what tried to mean?

<https://youtube.com/shorts/w5xNM-LioLE?si=2cWTBWDT-v3DeMkC>

Can see Rishi Sunak, ex Prime Minister of United Kingdom, associated with Mukesh Ambani, promoter of Reliance industries and Jio platform apart from his father in law, N R Narayana Murthy, promoter of Infosys.

Request to initiate probe to arrest Rishi Sunak, to find out what favours he got from Mukesh Ambani, who facilitated to select him as Prime Minister of United Kingdom and why?

Request to keep Rishi Sunak in custody of investigators till the investigation is over as he is influential.

In 2018, I met IPS Rajesh Pradhan (after some intoxicated goons voluntarily vandalized my office in Goregaon in Mumbai on the day of Holi festival when working) from Jamshedpur like Priyanka Chopra Jonas with Instagram handle @priyankachopra and possible I met a guy lookalike of Rishi Sunak thinking IPS Rajesh Pradhan.

Over two months after angioplasty left two PMJAY beneficiaries dead, Gujarat hospital chairman arrested

<https://indianexpress.com/article/cities/ahmedabad/pmjay-angioplasty-death-hospital->

[chairman-apprehended-9785426/](https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637)

Gujarat: 2 Ayushman Bharat health scheme beneficiaries die after angioplasty, govt orders probe

<https://www.deccanherald.com/india/gujarat/gujarat-2-ayushman-bharat-health-scheme-beneficiaries-die-after-angioplasty-govt-orders-probe-3272637>

Here scam related to Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - Mukhyamantri Amrutam (AB-PMJAY-MA) scheme.

The relatives of the two persons died, alleged the hospital kept everyone in the dark and conducted the procedure in a haste to raise medical bills under the government scheme; to siphon out money from that scheme.

In West Bengal most people not aware of Ayushman Bharat scheme or card, how to get and in Gujarat most people not knows what to do with that scheme or card and how to access benefits.

Reason sender of this email pitched to the members of the committee for nobel peace prize and in economic sciences to consider the developed economic model for providing door step delivery to intended beneficiaries of different schemes of government, most people from marginalized communities and bottom of the pyramid, optimising existing resources to create awareness on different schemes of government, to facilitate to access benefits from those, to create awareness on best practices for healthcare, hygiene, agriculture, pre and post term care, and to facilitate for legal matters, to create awareness on legal matters, for financial inclusion etc.

Some persons together like a single unit through social media platforms creating campaigns, like any marketing campaign and possible backed by K M Birla, Ananya Birla, promoters of Aditya Birla group; Mukesh Ambani and his family members, promoters of Reliance industries and Jio platform.

Reason earning through selling data, internet service, highlighting in small towns and villages people talking about reason better service level and reach to increase valuation through paying to police, some politicians and they making sure some beneficiaries of

some financial support/assistance scheme like Lakshmi Bhandar in West Bengal, Ladli Bahena in Maharashtra etc, criminals on bail, police informers talking about to create viral words of campaigns; apart from to raise fund to earn through micro finance institution by increasing fund size for disbursement like Bandhan Bank or Grameen Bank, with high interest rate.

Latest is monetising marriage of brother of Priyanka Chopra Jonas with Instagram handle @priyankachopra

Possible, following persons part of those campaigns:

Narendra Damodardas Modi, Prime Minister of India and some persons associated with him like Ramdas Athawale, member of upper house of Parliament of India; Mangal Prabhat Lodha, promoter of Lodha Developers and member of legislative assembly of Maharashtra etc.

Priyanka Chopra Jonas with Instagram handle @priyankachopra and people associated with her like Parineeti Chopra; Raghav Chadha, member of upper house of Parliament of India; Mannara Chopra; Meera Chopra with Instagram handle @meerachopra, Nicholas Jerry Jonas with Instagram handle @nickjonas and his family members etc

Ekta R Kapoor with Instagram handle @ektarkapoor

Karan Johar with Instagram handle @karanjohar

Raima Sen DevVerma with Instagram handle @raimasen

Sandeepa Dhar with Instagram handle @isandeepadhar

Dia Mirza with Instagram handle @diamirzaofficial

Farah Khan Ali with Instagram handle @farahkhanali

Sayani Ghosh with Instagram handle @sayanigh, member of lower house of Parliament of India

Mimi Chakraborty, ex member of lower house of Parliament of India

Shehnaz Treasury

Tanisha Mukherjee with Instagram handle @tanishamukerji

Designer Sabyasachi Mukherjee and people associated with him like Sohini Basu with Instagram handle @sohinibas

Pratim Roy with Instagram handle @pratim_roy

Instagram handle @orry

Jackie Shroff

Rituparna Sengupta with Instagram handle @rituparnaspeaks
Meghna Patel with Instagram handle @meghnapatelactress
Ameesha Patel with Instagram handle @ameeshapatel9 etc

Request to initiate probe against above, if doing so getting things out of turn, spreading different propaganda, speculation and rumours- glorifying people from Brahmin community in general etc to stay outside of jail, facilitating different scam, corruption and crime, specially since 2010.

Dear Governor,

I'm forwarding you this email that I was approved to get a rebate put out by a New Hampshire Electric Co-op. I still haven't received the rebate. Is this a scam by New Hampshire Electric Co-op? Would somebody please look into it for me? I've emailed New Hampshire Electric Co-op and have yet to hear back from them nor received the rebate check. Thank you in advance for your hard work.

Sincerely
P. ALICE WINDSOR

As a licensed foster parent I find it extremely worrying that house Republicans want to abolish the Office of the Child Advocate! The office is a miniscule percentage of the state budget, but does crucial work. DCYF is understaffed and overworked but still do their best, parents and foster parents generally do the best they can, and most adults work hard to protect and support the children in their lives. However, that is not always the case, and this office works to hold people accountable and protect children. NH's children deserve everything we can do for them...do your best to give them the best!
